(4) Notwithstanding the limitations contained in subsection (3) of this section no tax rate shall be set lower than that necessary to provide such funds as are required to meet principal and interest payments on outstanding bonded indebtedness.

Cross-References. Additional tax for road purposes, Const., § 157a.

Opinions of Attorney General. If the county taxes and special district taxes, excluding school taxes and excluding a special road tax, charged to the sheriff for the year are less than $150,000, the sheriff will be allowed, by the county treasurer for collecting such taxes, 10% on the first $10,000 and 4% on the remainder but if the amount is $150,000 or more, the sheriff will be allowed 10% upon the first $5,000 and 4% on the residue and the sheriff’s fee for collecting the special road tax is 1% of the amount collected. OAG 74-64.

178.290. Construction of sidewalks along public roads — School bus turn-around areas.

(1) Any person may build a sidewalk, composed of gravel, concrete or other suitable material, along the side of any public road in this state. The sidewalk shall not exceed sixty (60) inches in width and the construction and repair and the use of the sidewalk shall be without expense of any kind to any other person who may want to use it. All persons who desire shall be permitted to use the sidewalk, and it shall be so constructed as not to interfere with the traveling public on any public road. The fiscal court of any county may build and repair sidewalks along public roads where the need exists for the safety of school children. Before the beginning of construction of the sidewalk, written approval must be obtained from the governmental agency having jurisdiction over the public road.

(2) The fiscal court may, where needed, build and maintain suitable areas for the safe turning around of school buses.

(4318: amend. Acts 1964, ch. 51, § 1; 1970, ch. 250, § 1.)

Opinions of Attorney General. The fiscal court can, in its sound discretion, and where such construction is needed, build and maintain suitable areas for the safe turning around of school buses, but the county would have to acquire at least an easement right from affected landowners for such areas sufficient to justify the cost to the county. OAG 72-134.

Where a school bus must travel two-tenths or three-tenths of a mile from a county road over a private drive to reach an area maintained as a turn around pursuant to subsection (2) of this section, the county must acquire the private drive interval by agreement or condemnation, since this section strongly suggests that a turn around is part of the county road system and does not contemplate a private ownership or interval between the county’s road holdings. OAG 81-428.

The fiscal court could, with written permission of the city having jurisdiction over a road or street as a city street, construct sidewalks alongside the road or street where needed for school children. Where the public road is not under the jurisdiction of a city or other governmental agency, the fiscal court would have to procure the appropriate easement rights. OAG 82-136.

The only exceptions to the basic rule that formal acceptance of a road into the county road system is a prerequisite to a fiscal court’s authority to spend county money on a road or to improve or maintain it, relate to sidewalks and bus turn-arounds for school children, as treated under this section. OAG 82-136.

Under this section, a fiscal court may, where needed, build and maintain suitable areas for the safe turning around of school buses. However, the fiscal court would have to acquire at least an easement right from affected landowners for such areas sufficient to justify the cost to the county; neither the school board nor the private owner is responsible for such construction. OAG 82-136.

There does not appear to be any statute permitting the fiscal court to place county gravel on school parking lots, even though the gravel would be on public property and the school system would pay the cost of the materials. OAG 83-398.

A school board cannot lawfully agree to provide materials paid for with school funds, or provide school funds themselves, whether under an intergovernmental agreement or otherwise, for the construction or maintenance of school bus turnarounds.
within the meaning of subsection (2) of this section. OAG 93-63.
Fiscal court was not authorized to expend funds for the construction or maintenance of a private driveway needed to accommodate the parking of a school bus on property owned by a school bus driver. OAG 94-21.

**Penalties**

178.990. Penalties.
(1) Any county road engineer who fails to comply with the provisions of KRS 178.050 shall be fined not less than ten ($10) nor more than one hundred dollars ($100) for each offense.
(2) Any county road engineer who makes a change in the location of a road without complying with the provisions of this chapter shall be fined not less than twenty-five dollars ($25).
(3) Any person who injures a sidewalk constructed under the provisions of KRS 178.290 and fails to repair or replace the sidewalk shall be fined not less than four ($4) nor more than fifty dollars ($50).
(4) Any owner or occupier of a dam who fails to comply with the provisions of KRS 178.300 shall be fined two dollars ($2) for every twenty-four (24) hours of noncompliance. Where a milldam is carried away or destroyed, the owner or occupier shall not be subject to the fine until one (1) month after the mill has been put in operation.
(5) If a fiscal court or county judge/executive willfully fails to perform any duty required of it by the provisions of this chapter, except KRS 178.170 and 178.210 to 178.240, every member of such court concurring in the failure shall be fined not less than ten ($10) nor more than one hundred dollars ($100) by the Circuit Court of the county.
(6) All fines imposed by this chapter shall be paid into the county road fund, except that in case of a privately owned road or bridge, the fines shall accrue to the owner.
(7) No fines imposed by this chapter shall bar action for damages for breach of contract.

**MOTOR VEHICLES**

### CHAPTER 186

**LICENSING OF MOTOR VEHICLES, OPERATORS AND TRAILERS**

**Section.**

186.060. Motor vehicles leased or owned by governmental units or emergency and ambulance vehicles operated by nonprofit corporations organized by units of government.

**Operator’s License**

186.440. Persons ineligible for operator’s license — Reinstatement fee and exemption.

**Penalties**

186.990. Penalties.

**Motor Vehicle Licenses**

186.060. Motor vehicles leased or owned by governmental units or emergency and ambulance vehicles operated by nonprofit corporations organized by units of government.

(1) Applications for registration of motor vehicles leased or owned by a county, city, urban-county, or board of education, or emergency and ambulance vehicles operated by nonprofit corporations organized by units of government in the state or by the state or federal government shall be accompanied by a statement from the head of the department of the governmental unit that leases or owns the motor vehicle, certifying that the motor vehicle is leased or owned and operated by the governmental unit. The application and statement shall be forwarded by the county clerk to the cabinet, which shall give special authority to the clerk to register it. Upon receiving that authority, the clerk shall issue a registration receipt and the official number plate described in KRS 186.240(1)(c), and report the registration to the head of the department authorizing the registration. For his services in issuing such certificate of registration and number plate and reporting the same, the county clerk shall be entitled to a fee of three dollars ($3) in each instance, to be paid by the department upon whose authorization such license was issued.

(2) After such registration of any vehicle leased or owned by a county, city, urban-county, or board of education, or emergency and ambulance vehicles operated by nonprofit corporations organized by units of government in the state or by the state or federal government and after issuance of such number plate for such vehicle so leased or owned, no subsequent registration or renewal of same, and no subsequent renewal of a number plate of the vehicle shall be necessary so long as the vehicle is leased or owned by the governmental unit except in the case of loss or destruction of the license plate. In the event of loss or destruction, the number plate shall be replaced in the same manner as if no plate had ever been issued.

(3) When a motor vehicle leased or owned by a county, city, urban-county, or board of education, or emergency and ambulance vehicles operated by nonprofit corporations organized by units of government in the state, or by the state or federal government is transferred or sold to another governmental unit, a new license plate shall be issued.
for the vehicle in the same manner as provided for in subsection (1) of this section and shall have the same effect as given to such license plates in subsection (2) of this section.

(4) No person shall use on a motor vehicle, not leased or owned by a county, city, urban-county, board of education, or emergency and ambulance vehicles operated by nonprofit corporations organized by units of government in the state, or the state or federal government, any license plate that has been issued for use on a motor vehicle leased or owned by the governmental unit.

Cross-References. “Cabinet” defined, KRS 186.010(1). Opinions of Attorney General. A school board was without authority to authorize the use of its buses by a civic organization in the absence of a showing of some specific connection between the proposed trip and regular school functions. OAG 60-690.

So long as motor vehicles are owned exclusively by a board of education they need not be re-registered after the initial registration and the license tags will be permanent. OAG 65-421.

A residential manpower center is not entitled to receive official license plates for automobiles acquired under a General Motors lending agreement and used in its driver’s education program as it is not a governmental unit and the automobiles are not owned and used exclusively by it. OAG 74-363.

The driver education vehicles owned by an independent school district and operated exclusively for the conduct of a school program by a residential manpower center as an agency of the school district qualify for official license plates under this section. OAG 74-395.

186.184. Special PTA license plate — PTA program fund.

(1) As used in this section:

(a) “PTA” means an organized parent-teacher association or a parent-teacher organization that has been formally recognized by a school council in a public school where the PTA is located, or recognized by the principal of the public school if the school does not have a school council; and

(b) “Public education foundation” means a corporation that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and that is incorporated to support public education and PTAs in the county where the foundation is located.

(2) The owner or lessee of a motor vehicle registered under the provisions of KRS 186.050(1) or (3)(a) may apply for a special PTA license plate in the office of the county clerk in the county where the person lives. At the time the owner or lessee applies for a special PTA license plate, the person shall include with the application the initial state fee of fifty dollars ($50). The county clerk shall inform the owner or lessee that the person’s application and state fee shall be sent to Frankfort to the Transportation Cabinet where it may be held for a period not to exceed one (1) year while the cabinet is waiting to receive sufficient applications subject to the provisions of subsection (3) of this section. The person shall designate on the application form the specific school and PTA where the proceeds from the person’s purchase shall be credited for distribution under subsection (10) of this section.

(3) The Transportation Cabinet shall be required to begin designing and printing special PTA license plates after the cabinet has received nine hundred (900) applications accompanied by a fifty dollar ($50) state fee within a one (1) year period. The purpose of the fifty dollar ($50) state fee is to offset computer programming costs incurred by the cabinet. Unless the cabinet is requested in writing to the contrary, if the cabinet has not received nine hundred (900) applications within one (1) year from the date the cabinet receives the first application for a special PTA license plate, the cabinet shall refund the fifty dollar ($50) state fee to the appropriate applicants.

(4) Subject to the provisions of subsection (3) of this section, the total initial application fee for the first nine hundred (900) special PTA license plates printed by the Transportation Cabinet shall be sixty-eight dollars ($68). The sixty-eight dollar ($68) fee shall be divided as follows:

(a) The Transportation Cabinet shall receive a fee of fifty dollars ($50) that includes the state fee to reflectorize the license plate under KRS 186.240;

(b) The county clerk shall receive a fee of three dollars ($3); and

(c) The remaining fifteen dollar ($15) fee collected from the applicant shall be remitted to the Transportation Cabinet to be used as provided in subsection (10) of this section.

(5) The initial application fee for each special PTA license plate printed by the Transportation Cabinet in excess of nine hundred (900) shall be thirty dollars ($30). The thirty dollar ($30) fee shall be divided as follows:

(a) The Transportation Cabinet shall receive a fee of twelve dollars ($12) that includes the state fee to reflectorize the license plate under KRS 186.240;

(b) The county clerk shall receive a fee of three dollars ($3); and

(c) The remaining fifteen dollar ($15) fee collected from the applicant shall be remitted to the Transportation Cabinet to be used as provided in subsection (10) of this section.

(6) A special PTA license plate shall annually be issued a renewal registration decal during the owner’s or lessee’s birth month. The annual renewal fee shall be twenty dollars ($20) and shall be divided as follows:

(a) The Transportation Cabinet shall receive a fee of twelve dollars ($12) that includes the state fee to reflectorize the license plate under KRS 186.240;
(b) The county clerk shall receive a fee of three dollars ($3); and

c) The remaining five dollar ($5) fee collected from an applicant renewing an annual registration shall be remitted to the Transportation Cabinet to be used as provided in subsection (10) of this section.

(7) Except as provided in this subsection, the special PTA license plate shall be replaced on the same schedule that regular license plates are replaced by the Transportation Cabinet under KRS 186.240. A special PTA license plate shall be replaced free of charge if the metal plate is destroyed in an accident, the plate deteriorates to a point that the lettering, numbering, or images on the face of the plate are not legible, or the plate is stolen, if the owner or lessee has not transferred the vehicle issued the plate during the current licensing period.

(8) A person seeking a special PTA license plate for a vehicle provided as part of the person's occupation shall conform to the requirements of KRS 186.050.

(9) Upon the sale, transfer, or termination of a lease of a vehicle licensed under this section, the owner or lessee shall remove the special PTA license plate and return it and the certificate of registration to the county clerk. The county clerk shall reissue the owner or lessee a regular license plate and certificate of registration upon payment of a twelve dollar ($12) state fee that includes the state fee to reflectorize the license plate under KRS 186.240 and a three dollar ($3) county clerk fee. If the owner or lessee requests, the county clerk shall reissue the special PTA license plate free of charge for use on any other vehicle of the same classification and category owned by the person during the current licensing period. If the owner or lessee has the special PTA license plate reissued to another vehicle, the regular license plate that is being replaced shall be returned to the county clerk who shall forward the plate to Frankfort.

(10) All funds received by the Transportation Cabinet under subsections (4)(c), (5)(c), and (6)(c) of this section shall be deposited into a PTA program fund that is established in the state road fund. Money in the PTA program fund shall be used as provided in this subsection. If at the end of a fiscal year money remains in the PTA program fund, it shall be retained in the fund and used as provided in this subsection and shall not revert to the road fund. All interest and income earned on money in the PTA program fund shall be retained by the Transportation Cabinet to help offset the costs associated with administering this subsection.

(a) At the end of each fiscal year the cabinet shall, after deducting interest and income earned during the year, disburse all funds remaining in the PTA program fund to the public education foundation in a county containing a city of the first class. The public education foundation shall be responsible for distributing funds under this subsection among all schools and PTAs throughout the Commonwealth.

(b) The amount of money each PTA shall receive under this subsection shall be proportionate to the amount of money contributed to the PTA program fund from sales of the special PTA license plates in the county where the PTA is located.

c) A person wishing to purchase a special PTA license plate who lives in a county that does not have a public education foundation shall be permitted on the application form to designate the specific school and PTA where the proceeds from the person's purchase shall be credited for purposes of distribution under this subsection. The plate issued under this paragraph shall designate the county where the person's motor vehicle is registered, not the county where the school and PTA designated on the application form is located.

(11) Subject to limitations imposed by the cabinet, special PTA license plates shall be the color and design selected by the public education foundation located in a county containing a city of the first class. The public education foundation may select up to three (3) designs of three (3) colors each. The name "Kentucky" shall appear on the PTA license plate. The cabinet may use any combination of letters or numerals as needed in the design.

OPERATOR’S LICENSE

186.440. Persons ineligible for operator’s license — Reinstatement fee and exemption.

An operator’s license shall not be granted to:

(1) Any person who is not a resident of Kentucky;

(2) Any person under the age of sixteen (16);

(3) Any person under the age of eighteen (18) who holds a valid Kentucky instruction permit issued pursuant to KRS 186.450, but who has not graduated from high school or who is not enrolled and successfully participating in school or who is not being schooled at home, except those persons who satisfy the District Court of appropriate venue pursuant to KRS 159.051(3) that revocation of their license would create an undue hardship. Persons under the age of eighteen (18) shall present proof of complying with the requirements of KRS 159.051;

(4) Any person whose operator’s license has been suspended, during the period of suspension, subject to the limitations of KRS 186.442;

(5) Any person whose operator’s license has been revoked, nor to any nonresident whose privilege of exemption under KRS 186.430 has been refused or discontinued, until the expiration of the period for which the license was revoked, or for which the privilege was refused or discontinued;

(6) Any applicant adjudged incompetent by judicial decree;

(7) Any person in the opinion of the State Police, after examination, is unable to exercise reasonable and ordinary control over a motor vehicle upon the highways;

(8) Any person who is unable to understand highway warnings or direction signs in the English language;
(9) Any person required by KRS 186.480 to take an examination who has not successfully passed the examination;

(10) Any person required by KRS Chapter 187 to deposit proof of financial responsibility, who has not deposited that proof;

(11) Any person who has not filed a correct and complete application attested to in the presence of a person authorized to administer oaths;

(12) Any person who cannot meet the requirements set forth in KRS 186.411(1) or (3); or

(13) Any person whose operator's license has been suspended or revoked under the provisions of KRS Chapter 186, 187, or 189A until the person has forwarded to the cabinet a reinstatement fee of fifteen dollars ($15). The fee shall be paid by certified check or money order payable to the State Treasurer who shall deposit five dollars ($5) of the fee in a trust and agency fund to be used in defraying the costs and expenses of administering a driver improvement program for problem drivers. Ten dollars ($10) of the fee shall be deposited by the State Treasurer in a trust and agency account to the credit of the Administrative Office of the Courts and shall be used to assist circuit clerks in hiring additional employees, providing salary adjustments for employees, providing training for employees, and purchasing additional equipment used in administering the issuance of driver's licenses. The provisions of this subsection shall not apply to any person whose license was suspended for failure to meet the conditions set out in KRS 186.411 when, within one (1) year of suspension, the driving privileges of the individuals are reinstated or to any student who has had his license revoked pursuant to KRS 159.051.

Legislative Research Commission Note. (7/15/94). This section was amended by 1994 Ky. Acts chs. 267, 416, and 455. Where these Acts are not in conflict, they have been codified together. Where a conflict exists, Acts ch. 416, which was last enacted by the General Assembly, prevails under KRS 416.350.

(4) Any clerk or judge failing to comply with KRS 186.550(1) shall be guilty of a violation.

(5) If it appears to the satisfaction of the trial court that any offender under KRS 186.400 to 186.640 has a driver's license but in good faith failed to have it on his or her person or misplaced or lost it, the court may, in its discretion, dismiss the charges against the defendant without fine, imprisonment, or cost.

(6) Any person who steals a motor vehicle registration plate or renewal decal shall be guilty of a Class D felony. Displaying a canceled registration plate on a motor vehicle shall be prima facie evidence of guilt under this section.

CHAPTER 189

TRAFFIC REGULATIONS—VEHICLE EQUIPMENT AND STORAGE

SECTION.

189.336. Installation of flasher lights near schools — Speed limits.

189.370. Passing stopped school or church bus prohibited — Application to properly marked vehicles — Rebuttable presumption as to identity of violator.

189.375. School or church bus signaling device — Use — Stopping regulated.

189.380. Signals.

189.394. Fines for speeding — Doubling of fines in highway work zones — Highway work zone safety fund — Doubling of fines in school areas with flashing lights.

189.450. Stopping, standing, or repairing vehicle on roadway or shoulders of highway.

189.540. Regulations for school buses — Operator required to have commercial driver’s license.

189.550. Vehicles used for transporting children to stop at railroad crossings.

Penalties

189.990. Penalties.

189.993. Penalties.

189.336. Installation of flasher lights near schools — Speed limits.

(1) Fiscal courts, with respect to school zones situated in unincorporated areas, may authorize by resolution installation at county expense of school flasher lights and other traffic control devices on highways in school zones as they deem reasonable and necessary.

(2) Cities, with respect to school zones within their incorporated areas, may authorize by ordinance installation at city expense of school flasher lights and other traffic control devices on highways in school zones as they deem reasonable and necessary.

(3) The speed limit on all highways where school flasher lights are in operation shall be determined by the governmental unit having control of the highway where a school flasher light is in operation. Flasher lights shall be placed one-eighth (1⁄8) of a mile on each side of the principal school building where practical. The governmental unit having control of the highway where the lights are in operation shall erect signs notifying motorists of the speed limit.

(4) “Highways” as used in this section shall mean any public road or street maintained by a city, county or the state.

(5) Any traffic control devices erected by any governmental unit shall conform to standards and specifications authorized by KRS 189.337.

Opinions of Attorney General. Fiscal courts, and cities by ordinance, may authorize the installation of traffic devices that conform to the standards and specifications of KRS 189.337 on highways in school zones as they deem reasonable and necessary with or without authorization from the bureau (now department) of highways, except where federal aid highways are involved, since any traffic control devices placed thereon must be approved by the bureau (now department) of highways as required by 23 U.S.C., § 109(d). OAG 74-774.

A board of education in making reasonable rules for the control and management of the schools may establish student safety patrols for street traffic instructional purposes inside the limits of school property but may not make or enforce traffic regulations on roads or driveways within or outside the limits of school property. OAG 75-614.

A city ordinance making school crossing guards, who are sworn peace officers with authority to issue citations and place and remove traffic control devices, employees of the school board rather than the city is invalid under KRS 94.360 (now repealed), giving a city exclusive authority to place traffic control devices, and Const., § 184 requiring school board funds be used only for the purpose of education. OAG 79-107.

A city has authority to employ school crossing guards to regulate traffic, while the local school board does not, due to the city’s exclusive control over its streets, no other governmental entity has similar control. OAG 92-6.

The city school board does not have the authority to regulate traffic, as the city has exclusive control over traffic and traffic control devices. OAG 92-6.

There is no statutory authority allowing the city to abdicate its responsibility and jurisdiction over existing city streets and in fact, subsection (2) of this section expressly authorizes a city, by ordinance, to install, at city expense, school flasher lights in school zones, as necessary. OAG 92-6.

189.370. Passing stopped school or church bus prohibited — Application to properly marked vehicles — Rebuttable presumption as to identity of violator.

(1) If any school or church bus used in the transportation of children is stopped upon a highway for the purpose of receiving or discharging passengers, with the stop arm and signal lights activated, the operator of a vehicle approaching from any direction shall bring his vehicle to a stop and shall not proceed until the bus has completed receiving or discharging passengers and has been put into motion. The stop requirement provided for in this section shall not apply to vehicles approaching a stopped bus from the opposite direction upon a highway of four (4) or more lanes.

(2) Subsection (1) of this section shall be applicable only when the bus displays the markings and equipment required by Kentucky minimum specifications for school buses.
(3) If any vehicle is witnessed to be in violation of subsection (1) of this section and the identity of the operator is not otherwise apparent, it shall be a rebuttable presumption that the person in whose name the vehicle is registered or leased was the operator of the vehicle at the time of the alleged violation and is subject to the penalties as provided for in KRS 189.990(5).

(2739g-46a, 2739g-69; amend. Acts 1950, ch. 96, § 1; 1960, ch. 123, § 2; 1964, ch. 65, § 3; 1986, ch. 443, § 1, effective July 15, 1986; 1988, ch. 262, § 1, effective July 15, 1988.)

NOTES TO DECISIONS

1. Purpose.
2. Bus driver.
3. —Duty.
4. —Negligence.
5. Negligence of motorist.
6. Involuntary manslaughter.
7. “In use.”

1. Purpose.
The Constitution, statute and case law of this state reflect a policy of special protection of minors from injury. Pike v. George, 434 S.W.2d 626 (Ky. 1968).

2. Bus Driver.
3. —Duty.
School bus driver owes other motorists duty of operating his bus in a careful manner with respect to their safety under KRS 189.290. Greyhound Corp. v. White, 323 S.W.2d 578 (Ky. 1958).

4. —Negligence.
Where a school bus driver stopped in his left lane a few feet behind a commercial bus which was stopped partially in the right lane and the school bus driver could easily have pulled completely off of the road, the question of whether the school bus driver was negligent should have been submitted to the jury and were it not for the requirement that all motorists stop before passing a school bus and the possibility that the school bus driver, therefore, reasonably thought that any motorist behind him would be prepared to stop when he did, there should have been a directed verdict against the school bus driver in favor of a passenger in a car which hit both buses from behind on slick road. Greyhound Corp. v. White, 323 S.W.2d 578 (Ky. 1958).

5. Negligence of Motorist.
Where a motorist was following a school bus on a slick road, the school bus pulled into the left lane revealing a commercial bus stopped partially in the right lane, the school bus then stopped in the left lane a few feet behind the commercial bus to pick up children, and the motorist slid into both buses, the issue of the motorist’s negligence should have been submitted to the jury in an action by passengers in his automobile. Greyhound Corp. v. White, 323 S.W.2d 578 (Ky. 1958).

6. Involuntary Manslaughter.
Driver who failed to bring his automobile to a complete stop as he approached school bus which had stopped on highway for the purpose of discharging passengers and who passed bus while it was discharging passengers was guilty of involuntary manslaughter when he struck and killed child who had alighted from the bus. Commonwealth v. Mullins, 296 Ky. 190, 176 S.W.2d 403 (1943).

7. “In use.”
Where truck passed school bus on the left and struck the child, child’s death arose out of the “use” of the school bus, and insurer of the school bus had a duty to defend; until the child had reached the other side of the street safely the school bus had not stopped operating as a school bus in relation to the child. Hartford Ins. Cos. of Am. v. Kentucky Sch. Bds. Ins. Trust, 17 S.W.3d 525 (Ky. Ct. App. 1999).

189.375. School or church bus signaling device — Use — Stopping regulated.
No school or church bus shall be licensed or operated for the transportation of school children unless it is equipped with bus alternating flashing signal lamps and a stop arm folding sign. The bus body shall be equipped with a system of four (4) red signal lamps, two (2) on the front and two (2) on the rear of the bus, and four (4) amber signal lamps. Each amber signal lamp shall be located near each red signal lamp, at the same level, but closer to the vertical centerline of the bus. The bus body shall be equipped with a stop arm folding sign on the driver’s side with letters at least six (6) inches in height displaying the word “stop” on both sides. Prior to stopping the school bus for the purpose of receiving or discharging school children, the driver shall activate the amber flashing signal lamps. Once the bus comes to a complete stop, the driver shall extend the stop arm and activate the red flashing signal lights prior to opening the door so it shall be plainly visible to traffic approaching from both directions that the bus is in the process of receiving or discharging passengers. No driver shall stop a school or church bus for receiving or discharging passengers in a no passing zone which does not afford reasonable
visibility to approaching motor vehicles from both directions. No driver shall stop a school or church bus for the purpose of receiving passengers from or discharging passengers to the opposite side of the road on a highway of four (4) or more lanes; provided, that this provision does not prohibit the discharging of passengers at a marked pedestrian crossing.

Opinions of Attorney General. A school bus may not stop to receive or discharge passengers in a no passing area as defined in KRS 189.340(4). OAG 64-23.

NOTES TO DECISIONS

1. Bus Driver’s Standard of Care.
A school bus driver is required to exercise the highest degree of care for a child’s safety until the child is on the side of the street where his home is located and is out of danger of injury from passing traffic. Croghan v. Hart County Bd. of Educ., 549 S.W.2d 306 (Ky. Ct. App. 1977).

Where child was allowed to disembark from school bus on side of highway opposite his home and bus driver failed to use flashing signals or operate stop sign, bus driver and county school board were negligent as a matter of law. Croghan v. Hart County Bd. of Educ., 549 S.W.2d 306 (Ky. Ct. App. 1977).

60A C.J.S., Motor Vehicles, § 330.

189.380. Signals.
(1) A person shall not turn a vehicle or move right or left upon a roadway until the movement can be made with reasonable safety nor without giving an appropriate signal in the manner hereinafter provided.

(2) A signal indicating the intention to turn right or left shall be given continuously for not less than the last one hundred (100) feet traveled by the motor vehicle before the turn.

(3) A bus driver shall not stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal to traffic following the bus.

(4) All signals required for a motor vehicle shall be given by signal lamps or mechanical signal devices.

(5) A signal required for a vehicle that is not a motor vehicle may be given by either hand signals, signal lamps, or mechanical signal devices. The signal shall be given intermittently for the last fifty (50) feet traveled by the vehicle before the turn.

(6) Hand signals shall be executed in the following manner when operating a vehicle that is not a motor vehicle:
   (a) The hand and arm shall be extended horizontally from the left side of the vehicle to indicate a left turn;
   (b) The left arm shall be extended horizontally with the hand and arm extended upward from the elbow or the right arm and hand shall be extended horizontally to indicate a right turn;
   (c) Either arm shall be extended horizontally with the hand and arm extended downward from the elbow to indicate a stop or decrease in speed.

189.394. Fines for speeding — Doubling of fines in highway work zones — Highway work zone safety fund — Doubling of fines in school areas with flashing lights.

(2) For speeding in excess of the speeds shown on the specific fine schedule the fine shall be not less than sixty dollars ($60) nor more than one hundred dollars ($100).

(3) For any violation shown on the chart for which a specific fine is prescribed, the defendant may elect to pay the fine and court costs to the circuit clerk before the date of his trial or to be tried in the normal manner. Payment of the fine and court costs to the clerk shall be considered as a plea of guilty for all purposes.

(4) If the offense charged shows a speed in excess of the speeds shown on the specific fine schedule the defendant shall appear for trial and may not pay the fine to the clerk before the trial date.

(5) If the offense occurred in a highway work zone, the fine established by subsection (1) or (2) of this section shall be doubled.

(6) All fines collected for speeding in a highway work zone in violation of KRS 189.390 shall be deposited into a separate trust and agency account within the Transportation Cabinet known as the “Highway Work Zone Safety Fund.” The highway work zone safety fund shall be used exclusively by the Transportation Cabinet to hire or pay for enhanced law enforcement of traffic laws within highway work zones.

(7) If the offense occurred in an area near a school where flasher lights have been installed and are flashing, and a speed limit has been set pursuant to KRS 189.336, the fine established by subsection (1) or (2) of this section shall be doubled.

189.450. Stopping, standing, or repairing vehicle on roadway or shoulders of highway.

(1) No person shall stop a vehicle, leave it standing or cause it to stop or to be left standing upon any portion of the roadway; provided, however, that this section shall not be construed to prevent parking in front of a private residence off the roadway or street in a city or suburban area where such parking is otherwise permitted, as long as the vehicle so parked does not impede the flow of traffic. This subsection shall not apply to:

(a) A vehicle that has been disabled on the right-of-way of such a highway in such a manner and to such extent that it is impossible to avoid the occupation of the shoulder of a state-maintained highway or impracticable to remove it from the shoulder of the highway until repairs have been made or sufficient help obtained for its removal. In no event shall a disabled vehicle remain on the shoulder of a state-maintained highway for twenty-four (24) hours or more;

(b) Motor vehicles when required to stop in obedience to the provisions of any section of the Kentucky Revised Statutes or any traffic ordinance, regulation or sign or the command of any peace officer;

(c) Vehicles operating as common carriers of passengers for hire and school buses taking passengers on such vehicle or discharging passengers therefrom, provided that no such vehicle shall stop for such purposes at a place on the highway which does not afford reasonable visibility to approaching motor vehicles from both directions; or

(d) Any vehicle required to stop by reason of an obstruction to its progress.

(2) When any police officer finds a vehicle standing upon such a highway in violation of this section, he may move or cause to be moved the vehicle, or require the operator or other person in charge of the vehicle to move it. The police officer may cause the vehicle to be removed by ordering any person engaged in the business of storing or towing motor vehicles to remove the vehicle to a site chosen by such person. Ownership of the vehicle shall be determined by the police officer’s enforcement agency through the vehicle’s license plates, serial number or other means of determining ownership.

As soon as practicable, the police officer’s enforcement agency shall notify the owner by mail that the vehicle was illegally upon public property; the name and address of the storage facility where the vehicle is located; that removal of the vehicle from the storage facility will involve payment of towing and storage charges; and that the vehicle may be sold pursuant to the provisions of KRS 376.275 if not claimed within sixty (60) days. No notification
shall be required if ownership cannot be determined. In the event of a sale pursuant to KRS 376.275, the state shall receive any proceeds after the satisfaction of all liens placed on the vehicle.

(3) No vehicle shall be parked, stopped, or allowed to stand on the shoulders of any toll road, interstate highway, or other fully controlled access highway, including ramps thereto, nor shall any vehicle registered at a gross weight of over forty-four thousand (44,000) pounds be parked, stopped or allowed to stand on the shoulders of any state-maintained highway except that in the case of emergency, or in response to a peace officer's signal, vehicles shall be permitted to stop on the shoulders to the right of the traveled way with all wheels and projecting parts of the vehicles, including the load, completely clear of the traveled way.

Packing of any vehicle which is disabled on the shoulders of a toll road, interstate highway, other fully controlled access highway, including ramps thereto, or any state-maintained highway not mentioned in this section for twenty-four (24) hours continuously is prohibited and vehicles violating this provision may be towed away at the cost of the owner.

(4) When any police officer finds a vehicle unattended upon any bridge or causeway or in a tunnel where the vehicle constitutes an obstruction to traffic, the officer may provide for the removal of the vehicle to the nearest garage or other place of safety as provided in subsection (2) of this section.

(5) No person shall stop or park a vehicle except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic control device, in the following places:

(a) On a sidewalk;
(b) In front of sidewalk ramps provided for persons with disabilities;
(c) In front of a public or private driveway;
(d) Within an intersection;
(e) At any place where official signs prohibit stopping or parking; or
(f) Within thirty (30) feet upon the approach to any flashing beacon, stop sign or traffic control signal located at the side of a roadway.

(6) No person shall move a vehicle not lawfully under his control into any such prohibited area.

(7) The restrictions in subsection (5)(e) of this section shall not apply to sheriffs and their deputies or police officers when operating properly identified vehicles during performance of their official duties.

Opinions of Attorney General. A school bus may not stop to receive or discharge passengers in a no passing area as defined in KRS 189.340(4). OAG 64-23.

Legislative Research Commission Note. (7/13/90). The Act amending this section prevails over the repeal and reenactment in House Bill 940, Acts Ch. 476, pursuant to Section 653(1) of Acts Ch. 476. (6/18/78). This section was amended by 1978 Ky. Acts chs. 83 and 434, part of which are in conflict and cannot be compiled together. Effect has been given to all provisions except for the conflicting provision in subsection (3), in which the later amendment by 1978 Ky. Acts ch. 434, sec. 7, prevails.

NOTES TO DECISIONS

1. Authority to Regulate.

Where language of KRS 156.160 and this section was clear and unambiguous and authorized the Department of Transportation to regulate the operation of school buses, which necessarily included those persons operating the buses, there was no room for construction of the statutes and they must be accepted as they were written. Cornette v. Commonwealth, 899 S.W.2d 502 (Ky. Ct. App. 1995).

Statutory grant of authority under KRS 156.160 and this section to Department of Transportation to adopt regulations to govern the design and operation of school buses was not unconstitutional special legislation because it applied only to public and not to private or parochial school bus drivers; the statutes apply equally to a class and further a legitimate state interest in safe transportation of public school children. Cornette v. Commonwealth, 899 S.W.2d 502 (Ky. Ct. App. 1995).

It was not the case that KRS Chapter 281A set forth a comprehensive scheme of regulating the same matter which was being regulated by an administrative agency, in violation of KRS 13A.120, as the administrative regulation was more detailed, comprehensive and pertinent regarding school bus drivers’ licenses. Cornette v. Commonwealth, 899 S.W.2d 502 (Ky. Ct. App. 1995).

189.550. Vehicles used for transporting children to stop at railroad crossings.

Operators of all buses and motor vehicles used for transporting children shall stop their vehicles before crossing any railroad when tracks are at the same level of the roadway. The stop shall be made not less than fifteen (15) feet nor more than fifty (50) feet from the nearest track over which the highway crosses, except where the crossing is protected by gates or a flagman employed by the railroad. After making the stop, the operator shall open the service door and carefully look in each direction and listen for approaching trains or maintenance vehicles before proceeding. If visibility is impaired at the required distance for stopping under this section, the operator may allow the vehicle to slowly roll forward for the purpose of gaining the visibility necessary to safely cross the railroad tracks. (d) Nothing in this subsection or in KRS 189.221 to 189.228 shall be deemed to prejudice or affect the authority of the Department of Vehicle Regulation to suspend or revoke certificates of common carriers, permits of contract carriers, or drivers’ or chauffeurs’ licenses, for any violation of KRS 189.221 to 189.228 or any other act applicable to motor vehicles, as provided by law.

Opinions of Attorney General. A certificate stating that a child has been tested for tuberculosis is required for initial enrollment in any public or private elementary or secondary school system irrespective of age or grade of the child. OAG 76-255.

Although it is principally no longer required that a child be tested for tuberculosis as a condition to be met before enrolling in school, and the state board could so recognize this fact by appropriate regulation, the law clearly still requires under this section that all children are to be tested for tuberculosis. Even absent a required schedule for tuberculosis testing, children should be so tested before enrolling in school for the first time. OAG 82-131.

It is mandatory by law that children are to be tested for tuberculosis and, of course, treated if the child is found to be infected with tuberculosis. OAG 82-131.

NOTES TO DECISIONS

1. Constitutionality.

Since the primary effect of the state immunization program was to improve and protect the health and well-being of citizens, the exemption for members of a religious denomination, the teachings of which are opposed to medical immunization against disease, did not make this statute unconstitutional as being in violation of the establishment clause of the First Amendment. Kleid v. Board of Educ., 406 F. Supp. 902 (W.D. Ky. 1976).

214.036. Exceptions to testing or immunization requirement.

Nothing contained in KRS 158.035, 214.010, 214.020, 214.032 to 214.036, and 214.990 shall be construed to require the testing for tuberculosis or the immunization of any child at a time when, in the written opinion of his attending physician, such testing or immunization would be injurious to the child's health. Nor shall KRS 158.035, 214.010, 214.020, 214.032 to 214.036, and 214.990 be construed to require the immunization of any child whose parents are opposed to medical immunization against disease, and who object by a written sworn statement to the immunization of such child on religious grounds. Provided, however, that in the event of an epidemic in a given area, the Cabinet for Health Services may, by emergency regulation, require the immunization of all persons within the area of epidemic, against the disease responsible for such epidemic.

Cross-References. Certificate of immunization required to enroll student in school, KRS 158.035.

Opinions of Attorney General. Unless a child is excepted from immunization or testing for tuberculosis under this section, a child who does not comply with immunization and testing requirements cannot enroll in any public or private school system, and the child's failure to attend school will subject the parents or the custodians to the penalties set forth in KRS 159.990. OAG 76-256.

NOTES TO DECISIONS

1. Constitutionality.

Since the primary effect of the state immunization program was to improve and protect the health and well-being of citizens, this statute was not unconstitutional as being in violation of the establishment clause of the First Amendment. Kleid v. Board of Educ., 406 F. Supp. 902 (W.D. Ky. 1976).

214.185. Diagnosis and treatment of disease, addictions, or other conditions of minor.

(1) Any physician, upon consultation by a minor as a patient, with the consent of such minor may make a diagnostic examination for venereal disease, pregnancy, alcohol or other drug abuse or addiction and may advise, prescribe for, and treat such minor regarding venereal disease, alcohol and other drug abuse or addiction, contraception, pregnancy, or childbirth, all without the consent of or notification to the parent, parents, or guardian of such minor patient, or to any other person having custody of such minor patient. Treatment under this section does not include inducing of an abortion or performance of a sterilization operation. In any such case, the physician shall incur no civil or criminal liability by reason of having made such diagnostic examination or rendered such treatment, but such immunity shall not apply to any negligent acts or omissions.

(2) Any physician may provide outpatient mental health counseling to any child age sixteen (16) or older upon request of such child without the consent of a parent, parents, or guardian of such child.

(3) Notwithstanding any other provision of the law, and without limiting cases in which consent may be otherwise obtained or is not required, any emancipated minor or any minor who has contracted a lawful marriage or borne a child may give consent to the furnishing of hospital, medical, dental, or surgical care to his or her child or himself or herself and such consent shall not be subject to disaffirmance because of minority. The consent of the parent or parents of such married or emancipated minor shall not be necessary in order to authorize such care. For the purpose of this section only, a subsequent judgment of annulment of marriage or judgment of divorce shall not deprive the minor of his adult status once obtained. The provider of care may look only to the minor or spouse for payment for services under this section unless other persons specifically agree to assume the cost.

(4) Medical, dental, and other health services may be rendered to minors of any age without the consent of a parent or legal guardian when, in the professional's judgment, the risk to the minor's life or health is of such a nature that treatment should be given without delay and the requirement of consent would result in delay or denial of treatment.

(5) The consent of a minor who represents that he may give effective consent for the purpose of receiving medical, dental, or other health services but who may not in fact do so, shall be deemed effective without the consent of the minor's parent.
or legal guardian, if the person rendering the service relied in good faith upon the representations of the minor.

(6) The professional may inform the parent or legal guardian of the minor patient of any treatment given or needed where, in the judgment of the professional, informing the parent or guardian would benefit the health of the minor patient.

(7) Except as otherwise provided in this section, any other custodian or guardian of a minor shall not be financially responsible for services rendered under this section unless they are essential for the preservation of the health of the minor.

**BLOOD SUPPLY SCREENING**

### 214.468. Donation of blood to nonprofit voluntary program by person age seventeen or older.

Any person seventeen (17) years of age or older may donate blood in a voluntary blood program, which is not operated for profit, without consent of the person’s parent or legally-authorized representative. However, the parent or legally-authorized representative shall not be held financially responsible for any medical complications arising from the blood donation. Before soliciting blood donations from students in high schools, joint vocational schools, or technical schools, a blood program, in cooperation with school authorities, shall make reasonable efforts to notify the parents or legally-authorized representatives of the students that the students will be requested to donate blood.

An inspection certificate may not be issued on any new installation until these requirements are fulfilled.

(g) It shall be the responsibility of the installing contractor to request the above inspection by notifying the boiler inspection section of the state fire marshal’s office that the installation is ready for such inspection. This must be accomplished prior to covering of any welded or mechanical joints on pressure piping or valves by insulation, paint, or structural materials. The contractor shall provide ready access for the inspector to all parts of the piping system.

(h) Inspection of pressure piping applies only to new boiler or pressure vessel installations, or reinstallations, or installation of secondhand boilers (as defined under “Boiler Rules and Regulations”). No annual or biennial reinspection is required once the system has been approved.

(i) “Existing installations,” as applied to inspection of piping systems is defined as any boiler and piping system completed and approved for operation prior to July 1, 1970. Such existing installations will not be subject to the foregoing piping inspection unless adjudged patently unsafe for operation by a boiler inspector holding a commission issued by the National Board of Boiler and Pressure Vessel Inspectors. If an existing installation is so adjudged the owner will be granted full rights of appeal as set forth under KRS 236.150.

(j) At such time as an existing installation undergoes extensive overhaul or more than fifty (50) linear feet of pressure piping requires renewal or is added to the existing system, the entire system of piping carrying pressure emanating from the boilers shall be subject to inspection and will be brought up to standards required by KRS 236.040.

(k) The installing contractor of a piping system carrying pressure emanating from a boiler or pressure vessel subject to inspection under provisions of KRS 236.050 to 236.150, shall pay to the department, upon completion of inspection, fees in accordance with a schedule set up by the board and approved by the commissioner.

(l) Operation of a pressure piping system in conjunction with a boiler or pressure vessel, either of which has not been inspected and approved as set forth above, shall be subject to fines and penalties as set forth in KRS 236.990.

(2) The inspections required in this section shall be made by a boiler and pressure vessel inspector or by a special boiler inspector except that all new installations shall be inspected by a boiler inspector employed by the department.

(3) If at any time a hydrostatic, pneumatic, or any other nondestructive test shall be deemed necessary for ascertaining acceptability, the same shall be made by the contractor or owner-user, whoever is responsible for the condition, and be witnessed by a boiler inspector or special boiler inspector.

(4) All boilers to be installed in this state after July 1, 1970, and all pressure vessels installed in this state after July 15, 1980, shall be inspected during construction as required by the applicable rules and regulations of the department by a boiler and pressure vessel inspector authorized to inspect boilers and pressure vessels in this state, or, if constructed outside of the state, by an inspector holding a commission from the national board as an inspector of boilers and pressure vessels.

When the inspection is made by a special inspector, the inspector shall attach the certificate fee to his report. The chief boiler inspector, or his duly authorized representative, shall issue to the owner or user a certificate of inspection for the boiler or pressure vessel bearing the date of inspection and specifying the maximum pressure under which the boiler may be operated. An inspection certificate shall be valid for not more than fourteen (14) months from its date in the case of power boilers, and twenty-six (26) months in the case of low pressure steam or vapor heating boilers, hot water heating boilers, or hot water supply boilers. Certificates shall be posted under glass in the room containing the boiler inspected or, in the case of a portable boiler, shall be kept in a tool box accompanying the boiler.

(2) No certificate of inspection issued for an insured boiler, inspected by a special inspector, shall be valid after the insurance on the boiler for which it was issued terminates. Boilers shall be insured by a company duly authorized by this state to carry the insurance.
(3) The commissioner or his authorized representative may at any time suspend a certificate of inspection if, in his opinion, the boiler or pressure vessel for which it was issued cannot be operated without menace to the public safety, or if the boiler or pressure vessel is found not in compliance with this chapter or the administrative regulations of the department. A special boiler inspector shall have corresponding powers with respect to suspending certificates of inspection for boilers insured by the company employing him. The suspension of a certificate of inspection shall continue in effect until the boiler or pressure vessel conforms to this chapter and administrative regulations of the board, and until the inspection certificate is reinstated.

(4) A suspended certificate of inspection shall be reissued on the recommendation of the boiler inspector or special boiler inspector who first caused the suspension or at the discretion of the chief boiler inspector.

236.220. Procedure for suspension or revocation of license.

(1) A license issued under KRS 236.210 to 236.260 may be suspended or revoked for falsification of any information contained in the application. Written notice of a suspension shall be given to the licensee by the chief boiler inspector within ten (10) days of the first notification of the violation. A person whose license has been suspended may appeal to the board, and a hearing shall be conducted in accordance with KRS Chapter 13B.

(2) If the board has reason to believe that a licensee is no longer qualified to hold his license, the board shall hold a hearing to be conducted in accordance with KRS Chapter 13B. If, as a result of the hearing, the board finds that the licensee is no longer qualified to hold his license, the board shall state in a final order that the license is revoked or suspended.

(3) A person whose license has been suspended may apply for reinstatement of the license after ninety (90) days from the date of the suspension.

236.230. Reissue of lost or destroyed license.

If a license is lost or destroyed, a new license shall be issued in its place, without submitting another application, upon request and payment of a fee of five dollars ($5).

236.240. Permit required for installation or major repair — Fees.

(1) No person shall install, erect or make major repairs affecting the strength of a boiler or pressure vessel...
vessel without first securing a permit from the department. Permits shall be issued only to persons licensed under KRS 236.210 to 236.260.

(4) Special inspections and more than two (2) inspections requested by the licensee for each permit will be charged fees in accordance with KRS 236.130.

236.250. Exceptions to permit requirements and fee provisions.
(1) No person shall make major repairs affecting the strength or safety of boilers or pressure vessels without first securing a permit from the department unless repairs have been authorized by a boiler inspector or special boiler inspector pending issuance of the permit or unless such repairs are emergency repairs authorized by the department, a special boiler inspector or a boiler inspector pending issuance of the permit. No permit will be required for emergency items not affecting the strength of the boiler or pressure vessel, when performed by qualified persons regularly employed by firms utilizing properly qualified procedures. Permits shall only be issued to persons licensed under the provisions of this chapter. A permit fee shall be paid directly to the department, and shall accompany the repair application.
(2) Payment of permit to repair fees will not be required from firms utilizing properly qualified welding procedures and regularly employing qualified welders, certified by and registered with the department, to weld on boilers owned and operated by such firms.

The commissioner, the chief boiler inspector or any deputy inspector shall have free access, during reasonable hours, to any premises in the state where a boiler or pressure vessel is being constructed, installed or repaired for the purpose of ascertaining whether the work being performed is in accordance with the provisions of KRS Chapter 236 or any orders or regulations made thereunder.

(1) It shall be unlawful for any person, firm, partnership, or corporation to operate in this state a boiler or pressure vessel without a valid certificate of inspection. The operation of a boiler or pressure vessel without a valid certificate, or at a pressure exceeding that specified in an inspection certificate, shall constitute a Class B misdemeanor on the part of the owner, user, or operator. Each day of unlawful operation shall constitute a separate offense.
(2) Any person who violates the provisions of KRS 236.040(1); 236.080(4); 236.110(1), (4) and (5); 236.210(1); 236.220(1); 236.240(1) and (2); 236.250(1); or any proper order or administrative regulation made or promulgated thereunder; or who hinders or obstructs an authorized inspector in the performance of his duties under this chapter, shall be subject to the penalties in subsection (1) above.
(3) Any person who willfully violates any provision of this chapter, or any administrative regulation, emergency order or order of the state fire marshal, or an authorized deputy state fire marshal, or the chief boiler inspector, or of any authorized boiler or pressure vessel inspector, promulgated or made pursuant to this chapter, shall be subject to suspension or revocation of any appointment, commission, certification, registration, license, or permit made or issued by the department and held by that person, in accordance with the procedures specified in KRS 236.220, or in lieu of a suspension or revocation, shall be subject to an administrative fine of not less than ten dollars ($10) and not exceeding five hundred dollars ($500) after notice and hearing by the board in accordance with KRS 236.220. Each day these violations exist shall, in the discretion of the board, be considered as a separate violation.
(4) As an aid to enforcement of the provisions of this chapter, or of any administrative regulation or order relating thereto, the state fire marshal or his authorized deputy or employee may take any administrative action or bring any legal action in the manner authorized in KRS Chapter 227 that is designed to prevent or correct any condition constituting or threatening to constitute a violation of any provision of this chapter.

Classes presented pursuant to this paragraph shall include information on laws relating to firearms as described in KRS Chapters 237 and 527 and the law of the use of force as described in KRS Chapter 503. The Department of Criminal Justice Training shall promulgate uniform administrative regulations concerning the certification and decertification of all firearms instructors practicing in the Commonwealth of Kentucky. Notwithstanding any other provision of the Kentucky Revised Statutes, no person shall qualify as having demonstrated competence with a firearm pursuant to this subsection, unless certified by a governmental agency of the Commonwealth of Kentucky, or of the federal government. The Administrative Office of the Courts shall publish and make available, at no cost, information in a manner suitable for distribution to class participants. A legible photocopy of a certificate of completion of any of the courses or classes or a notarized affidavit from the instructor, school, club, organization, or group that conducts or teaches the course or class attesting to the completion of the course or class by the applicant shall constitute evidence of qualification under this paragraph. (4) The Department of State Police shall deny, suspend, or revoke a license to carry a concealed deadly weapon upon written notice by the Cabinet for Families and Children that the person has a child support arrearage which equals or exceeds the cumulative amount which would be owed after one (1) year of nonpayment, or for failure, after receiving appropriate notice, to comply with a subpoena or warrant relating to paternity or child support proceedings.

(5) The application for a permit, or renewal of a permit, to carry a concealed deadly weapon shall be obtained from the office of the sheriff in the county in which the person resides. The completed application and all accompanying material plus an application fee or renewal fee, as appropriate, of sixty dollars ($60) shall be presented to the office of the sheriff of the county in which the applicant resides. Ten dollars ($10) shall be transmitted by the sheriff to the Administrative Office of the Courts to fund background checks for youth leaders, and ten dollars ($10) shall be transmitted to the Administrative Office of the Courts to fund background checks for applicants for concealed weapons. The application shall be completed, under oath, on a form promulgated by the Department of State Police by administrative regulation which shall only include:

(a) The name, address, place and date of birth, gender, and Social Security number of the applicant;

(b) A statement that, to the best of his knowledge, the applicant is in compliance with criteria contained within subsections (2) and (3) of this section;

(c) A statement that the applicant has been furnished a copy of this section and is knowledgeable about its provisions;

(d) A statement that the applicant has been furnished a copy of, has read, and understands KRS Chapter 503 as it pertains to the use of deadly force for self-defense in Kentucky; and

(e) A conspicuous warning that the application is executed under oath and that a materially false answer to any question, or the submission of any materially false document by the applicant, subjects the applicant to criminal prosecution under KRS 523.030.

(6) The applicant, if a resident of the Commonwealth, shall submit to the sheriff of the applicant's county of residence:

(a) A completed application as described in subsection (5) of this section;

(b) A recent color photograph of the applicant, as prescribed by administrative regulation; and

(c) A photocopy of a certificate or an affidavit or document as described in subsection (2)(f) of this section.

(7) The Department of State Police shall, within ninety (90) days after the date of receipt of the items listed in subsection (6) of this section, either:

(a) Issue the license; or

(b) Deny the application based solely on the grounds that the applicant fails to qualify under the criteria listed in subsection (2) or (3) of this section. If the Department of State Police denies the application, it shall notify the applicant in writing, stating the grounds for denial and informing the applicant of a right to submit, within thirty (30) days, any additional documentation relating to the grounds of denial. Upon receiving any additional documentation, the Department of State Police shall reconsider its decision and inform the applicant within twenty (20) days of the result of the reconsideration. The applicant shall further be informed of the right to seek de novo review of the denial in the District Court of his place of residence within ninety (90) days from the date of the letter advising the applicant of the denial.

(8) The Department of State Police shall maintain an automated listing of licenseholders and pertinent information, and this information shall be available on-line, upon request, at all times to all Kentucky law enforcement agencies. Except as provided in this subsection, information on applications for licenses, names and addresses, or other identifying information relating to license holders shall be confidential and shall not be made available except to law enforcement agencies. Requests for information to be provided to any requester other than a bona fide law enforcement agency which has direct access to the Law Enforcement Information Network of Kentucky shall be made, in writing, directly to the commissioner of the Department of State Police, together with the fee required for the providing of the information. The Department of State Police shall, upon proper application and the payment of the required fee, provide to the requester in hard copy form only, a list of names of all holders in the Commonwealth of a license to carry a concealed deadly weapon. No identifying information other than the name shall be provided, and information for geographic areas or other subdivisions of any type from the list shall
(9) Within thirty (30) days after the changing of a permanent address, or within thirty (30) days after the loss or destruction of a license, the licensee shall notify the Department of State Police of the loss or destruction. Failure to notify the Department of State Police shall constitute a noncriminal violation with a penalty of twenty-five dollars ($25) payable to the clerk of the District Court. When a licensee makes application to change his or her residence address or other information on the license, neither the sheriff nor the Department of State Police shall require a surrender of the license until a new license is in the office of the applicable sheriff and available for issuance. Upon the issuance of a new license, the old license shall be destroyed by the sheriff.

(10) If a license is lost or destroyed, the license shall be automatically invalid, and the person to whom the same was issued may, upon payment of fifteen dollars ($15) to the Department of State Police, obtain a duplicate, upon furnishing a notarized statement to the Department of State Police that the license has been lost or destroyed.

(11) A license issued under this section shall be suspended or revoked if the licensee becomes ineligible to be issued a license under the criteria set forth in subsection (2)(a), (c), (d), (e), (f), or (h) of this section. When a domestic violence order or emergency protective order is issued pursuant to the provisions of KRS Chapter 403 against a person holding a license issued under this section, the holder of the permit shall surrender the license to the court or to the officer serving the order. The officer to whom the license is surrendered shall forthwith transmit the license to the court issuing the order. The license shall be suspended until the order is terminated, or until the judge who issued the order terminates the suspension prior to the termination of the underlying domestic violence order or emergency protective order, in writing and by return of the license, upon proper motion by the license holder. Subject to the same conditions as above, a peace officer against whom an emergency protective order or domestic violence order has been issued shall not be permitted to carry a concealed deadly weapon when not on duty, the provisions of KRS 527.020 to the contrary notwithstanding.

(12) Not less than ninety (90) days prior to the expiration date of the license, the Department of State Police shall mail to each licensee a written notice of the expiration and a renewal form prescribed by the Department of State Police. The licensee may renew his license on or before the expiration date by filing with the sheriff of his county of residence the renewal form, a notarized affidavit stating that the licensee remains qualified pursuant to the criteria specified in subsections (2) and (3) of this section, and the required renewal fee. The license shall be renewed to a qualified applicant upon receipt of the completed renewal application and appropriate payment of fees. When a licensee makes application for a renewal of his or her license, neither the sheriff nor the Department of State Police shall require a surrender of the license until the new license is in the office of the applicable sheriff and available for issuance. Upon the issuance of a new license, the old license shall be destroyed by the sheriff. A licensee who fails to file a renewal application on or before its expiration date may renew his license by paying, in addition to the license fees, a late fee of fifteen dollars ($15). No license shall be renewed six (6) months or more after its expiration date, and the license shall be deemed to be permanently expired six (6) months after its expiration date. A person whose license has permanently expired may reapply for licensure pursuant to subsections (5), (6), and (7) of this section.

(13) No license issued pursuant to this section shall authorize any person to carry a concealed firearm into:
   (a) Any police station or sheriff’s office;
   (b) Any detention facility, prison, or jail;
   (c) Any courthouse, solely occupied by the Court of Justice courtroom, or court proceeding;
   (d) Any meeting of the governing body of a county, municipality, or special district; or any meeting of the General Assembly or a committee of the General Assembly, except that nothing in this section shall preclude a member of the body, holding a concealed deadly weapon license, from carrying a concealed deadly weapon at a meeting of the body of which he is a member;
   (e) Any portion of an establishment licensed to dispense beer or alcoholic beverages for consumption on the premises, which portion of the establishment is primarily devoted to that purpose;
   (f) Any elementary or secondary school facility without the consent of school authorities as provided in KRS 527.070, any child-caring facility as defined in KRS 199.011, any daycare center as defined in KRS 199.894, or any certified family child-care home as defined in KRS 199.8982, except however, any owner of a certified child-care home may carry a concealed firearm into the owner’s residence used as a certified child-care home;
   (g) An area of an airport to which access is controlled by the inspection of persons and property; or
   (h) Any place where the carrying of firearms is prohibited by federal law.
(14) The owner, business or commercial lessee, or manager of a private business enterprise, day-care center as defined in KRS 199.894 or certified or licensed family child-care home as defined in KRS 199.8982, or a health-care facility licensed under KRS Chapter 216B, except facilities renting or leasing housing, may prohibit persons holding concealed deadly weapon licenses from carrying concealed deadly weapons on the premises and may prohibit employees, not authorized by the employer, holding concealed deadly weapons licenses from carrying concealed deadly weapons on the property of the employer. If the building or the premises are open to the public, the employer or business enterprise shall post signs on or about the premises if carrying concealed weapons is prohibited. Possession of weapons, or ammunition, or both in a vehicle on the premises shall not be a criminal offense so long as the weapons, or ammunition, or both are not removed from the vehicle or brandished while the vehicle is on the premises. A private but not a public employer may prohibit employees or other persons holding a concealed deadly weapons license from carrying concealed deadly weapons, or ammunition, or both in vehicles owned by the employer, but may not prohibit employees or other persons holding a concealed deadly weapons license from carrying concealed deadly weapons, or ammunition, or both issued or authorized to be used by the employee of the cabinet, in a vehicle while transporting persons under the employee’s supervision or jurisdiction. Carrying of a concealed weapon, or ammunition, or both in a location specified in this subsection by a license holder shall not be a criminal act but may subject the person to denial from the premises or removal from the premises, and, if an employee of an employer, disciplinary measures by the employer.

(15) All moneys collected by the Department of State Police pursuant to this section shall be used to administer the provisions of this section. By March 1 of each year, the Department of State Police and the Administrative Office of the Courts shall submit reports to the Governor, the President of the Senate, and the Speaker of the House of Representatives, indicating the amounts of money collected and the expenditures related to this section and KRS 237.115, 244.125, 527.020, and 527.070, and the administration of the provisions of this section and KRS 237.115, 244.125, 527.020, and 527.070.

(16) The General Assembly finds as a matter of public policy that it is necessary to provide statewide uniform standards for issuing licenses to carry concealed firearms and to occupy the field of regulation of the bearing of concealed firearms to ensure that no person who qualifies under the provisions of this section is denied his rights. The General Assembly does not delegate to the Department of State Police the authority to regulate or restrict the issuing of licenses provided for in this section beyond those provisions contained in this section. This section shall be liberally construed to carry out the constitutional right to bear arms for self-defense.

(17) (a) A person who has a valid license issued by another state of the United States to carry a concealed deadly weapon in that state may, subject to provisions of Kentucky law, carry a concealed deadly weapon in Kentucky, and his license shall be considered as valid in Kentucky.

(b) The Department of State Police shall, not later than thirty (30) days after July 15, 1998, and not less than once every six (6) months thereafter, make written inquiry of the concealed deadly weapon carrying licensing authorities in each other state as to whether a Kentucky resident may carry a concealed deadly weapon in their state based upon having a valid Kentucky concealed deadly weapon license, or whether a Kentucky resident may apply for a concealed deadly weapon carrying license in that state based upon having a valid Kentucky concealed deadly weapon license. The Department of State Police shall enter into a written reciprocity agreement with the appropriate agency in each state that agrees to permit Kentucky residents to carry concealed deadly weapons in the other state on the basis of the Kentucky license or on the basis that the Kentucky license is sufficient to permit the issuance of a similar license by the other state. The Department of State Police shall enter into a written reciprocity agreement with the appropriate agency in each state that agrees to permit Kentucky residents to carry concealed deadly weapons in the other state based upon having a valid Kentucky concealed deadly weapon license. If a reciprocity agreement is reached, the requirement to recontact the other state each six (6) months shall be eliminated as long as the reciprocity agreement is in force. The information shall be a public record and shall be available to individual requesters free of charge for the first copy and at the normal rate for open records requests for additional copies.

(18) By March 1 of each year, the Department of State Police shall submit a statistical report to the Governor, the President of the Senate, and the Speaker of the House of Representatives, indicating the number of licenses issued, revoked, suspended, and denied since the previous report and in total and also the number of licenses currently valid. The report shall also include the number of arrests, convictions, and types of crimes committed since the previous report by individuals licensed to carry concealed weapons.

(19) The following provisions shall apply to concealed deadly weapon training classes conducted by the
Department of Criminal Justice Training or any other agency pursuant to this section:

(a) No concealed deadly weapon instructor trainer shall have his or her certification as a concealed deadly weapon instructor trainer reduced to that of instructor or revoked except after a hearing conducted pursuant to KRS Chapter 13B in which the instructor is found to have committed an act in violation of the applicable statutes or administrative regulations;

(b) No concealed deadly weapon instructor shall have his or her certification as a concealed deadly weapon instructor license suspended or revoked except after a hearing conducted pursuant to KRS Chapter 13B in which the instructor is found to have committed an act in violation of the applicable statutes or administrative regulations;

(c) Each concealed deadly weapon instructor or instructor trainer shall notify the Department of Criminal Justice Training not less than fourteen (14) days prior to the beginning of concealed deadly weapon applicant or concealed deadly weapon instructor training of the time, date, and location at which the class will be conducted. The department, upon the request of a firearms instructor trainer or certified firearms instructor, may permit a class to begin on less than fourteen (14) days' notice. The notice need not contain the names of the students. The notice may be made by mail, facsimile, e-mail, or other method which will result in the receipt of or production of a hard copy of the application. The postmark, facsimile date, or e-mail date shall be considered as the date on which the notice was sent;

(d) Each concealed deadly weapon instructor or instructor trainer who teaches a concealed deadly weapon applicant or concealed deadly weapon instructor class shall supply the Department of Criminal Justice Training with a class roster indicating which students enrolled but did not successfully complete the class, and which students enrolled and successfully completed the class which contains the name and address of each student, within five (5) working days of the completion of the class. The information may be sent by mail, facsimile, e-mail, or other method which will result in the receipt of or production of a hard copy of the information. The postmark, facsimile date, or e-mail date shall be considered as the date on which the notice was sent;

(e) An instructor trainer who assists in the conduct of a concealed deadly weapon instructor class or concealed deadly weapon applicant class for more than two (2) hours shall be considered as to have taught a class for the purpose of maintaining his or her certification. All class record forms shall include spaces for assistant instructors to sign and certify that they have assisted in the conduct of a concealed deadly weapon instructor or concealed deadly weapon class;

(f) An instructor who assists in the conduct of a concealed deadly weapon applicant class for more than two (2) hours shall be considered as to have taught a class for the purpose of maintaining his or her license. All class record forms shall include spaces for assistant instructors to sign and certify that they have assisted in the conduct of a concealed deadly weapon class;

(g) If the Department of Criminal Justice Training believes that a firearms instructor trainer or certified firearms instructor has not in fact complied with the requirements for teaching a certified firearms instructor or applicant class by not teaching the class as specified in KRS 237.126, or who has taught an insufficient class as specified in KRS 237.128, the department shall send to each person who has been listed as successfully completing the concealed deadly weapon applicant class or concealed deadly weapon instructor class a verification form on which the time, date, date of range firing if different from the date on which the class was conducted, location, and instructor of the class is listed by the department and which requires the person to answer “yes” or “no” to specific questions regarding the conduct of the training class. The form shall be completed under oath and shall be returned to the Department of Criminal Justice Training not later than thirty (30) days after its receipt. Failure to complete the form, to sign the form, or to return the form to the Department of Criminal Justice Training within the time frame specified in this section or who, as a result of information on the returned form, is determined by the Department of Criminal Justice Training, following a hearing pursuant to KRS Chapter 13B, to not have received the training required by law shall be grounds for the Department of Justice Training, following a hearing pursuant to KRS Chapter 13B, at which hearing the person is found to have violated the provisions of this section or who has been found not to have received the training required by law;

(h) The department shall randomly inspect certified firearms instructor classes being conducted by firearms instructor trainers and shall randomly inspect applicant classes being conducted by firearms instructor trainers or certified firearms instructors to ascertain if the class is being conducted in conformity to the provisions of applicable statutes and administrative regulations and that the paperwork in the class matches the paperwork ultimately submitted by the firearms instructor trainer or certified firearms instructor for that same class. The department shall annually, not later than December 31 of each year, report to the Legislative Research Commission:

1. The number of random inspections;
2. The results of those inspections;
3. The number of deficiencies noted;
4. The nature of the deficiencies noted;
5. If a deficiency was noted, the categories of action taken by the department to either correct the deficiency or discipline the instructor, or a combination thereof;
6. The number of firearms instructor trainers and certified firearms instructors whose certifications were suspended, revoked, denied, or who were otherwise disciplined;
7. The reasons for the imposition of suspensions, revocations, denials, or other discipline; and
8. Suggestions for improvement of the concealed deadly weapon applicant training program and instructor process;

(i) If a concealed deadly weapon license holder is convicted of, pleads guilty to, or enters an Alford plea to a felony offense, then his or her concealed deadly weapon license shall be forthwith revoked by the Department of State Police as a matter of law; and
(j) If a concealed deadly weapon instructor or instructor trainer is convicted of, pleads guilty to, or enters an Alford plea to a felony offense, then his or her concealed deadly weapon instructor certification or concealed deadly weapon instructor trainer certification shall be revoked by the Department of Criminal Justice Training as a matter of law; and
(k) The provisions of this section shall be deemed to be retroactive to March 1, 2002, and the following shall be in effect:

1. Action to eliminate the firearms instructor trainer program as done by emergency administrative regulation is rescinded, the program shall remain in effect, and no firearms instructor trainer shall have his or her certification reduced to that of certified firearms instructor;
2. The Kentucky State Police may revoke the concealed deadly weapon license of any person who received no firearms training as required by KRS 237.126 and administrative regulations or who received insufficient training as required by KRS 237.128 and administrative regulations, if the person voluntarily admits nonreceipt of training or admits receipt of insufficient training, or if either nonreceipt of training or receipt of insufficient training is proven following a hearing conducted pursuant to KRS Chapter 13B. Any action taken by the Kentucky State Police, other than revoking a permit for voluntary admission of nonreceipt of training or receipt of insufficient training to revoke a concealed deadly weapon license of a person suspected of nonreceipt of training or receipt of insufficient training, between March 1, 2002, and July 15, 2002, is suspended until the conduct of a KRS Chapter 13B hearing after July 15, 2002; and
3. Any person who has received a training affidavit requiring the person to verify training conducted during a firearms instructor course or applicant course from the Department of Criminal Justice Training between March 1, 2002, and July 15, 2002, shall have the time to respond to the training affidavit extended to August 1, 2002. The department shall notify each person who has not, as of July 15, 2002, returned his or her training affidavit of the extension of time to file the affidavit.

Legislative Research Commission Note. (7/15/96). 1996 Ky. Acts ch. 119, sec. 6 provides, "With respect to the training requirements of [this statute], [this statute] shall be deemed to be retroactive, and training completed prior to [October 1, 1996] may be used and shall be deemed to satisfy the training requirements of [this statute]."

Compiler’s Notes. Section 2 of Acts 2000, ch. 455, effective July 14, 2000, read: "Any person licensed to carry a concealed firearm upon the effective date of this Act shall automatically have his or her license to carry a concealed firearm extended to a period of five (5) years."

(1) Nothing contained in KRS 237.110 shall be construed to limit, restrict, or prohibit in any manner the right of a college, university, or any post-secondary education facility, including technical schools and community colleges, to control the possession of deadly weapons on any property owned or controlled by them or the right of a unit of state, city, county, urban-county, or charter county government to prohibit the carrying of concealed deadly weapons by licensees in that portion of a building actually owned, leased, or occupied by that unit of government.

(2) The legislative body of a state, city, county, or urban-county government may, by statute, administrative regulation, or ordinance, prohibit or limit the carrying of concealed deadly weapons by licensees in that portion of a building actually owned, leased, or controlled by that unit of government. That portion of a building in which the carrying of concealed deadly weapons is prohibited or limited shall be clearly identified by signs posted at the entrance to the restricted area. The statute or ordinance shall exempt any building used for public housing by private persons, highway rest areas, firing ranges, and private dwellings owned, leased, or controlled by that unit of government from any restriction on the carrying or possession of deadly weapons. The statute, administrative regulation, or ordinance shall not specify any criminal penalty for its viola-
1996.)

(3) Unless otherwise specifically provided by the Kentucky Revised Statutes or applicable federal law, no criminal penalty shall attach to carrying a concealed firearm or other deadly weapon with a permit at any location at which an unconcealed firearm or other deadly weapon may be constitutionally carried.

Opinions of Attorney General. While subsection (1) of this section recognizes the right of colleges and universities to control possession of deadly weapons, generally, on their properties, subsection (1) of this section limits other units of state government, city governments, county governments, urban-county governments, and charter county governments to prohibiting only the carrying of concealed deadly weapons. The Kentucky General Assembly, therefore, has recognized that the governing board of a college or university of this Commonwealth has a right to control the possession of all deadly weapons on its properties, regardless of whether the weapons are concealed or carried openly. TITLE XXI
AGRICULTURE AND ANIMALS

CHAPTER 247
PROMOTION OF AGRICULTURE AND HORTICULTURE

SECTION.

EXPERIMENT STATION AND EXTENSION WORK

247.080. Boards of education may aid extension work.

EXPERIMENT STATION AND EXTENSION WORK

247.080. Boards of education may aid extension work.

County boards of education may appropriate such sums of money out of their annual funds as in their wisdom are necessary to aid in carrying on extension work in agriculture and home economics in their respective counties, in connection with the University of Kentucky.

Opinions of Attorney General. Appropriations for extension work under KRS 247.300 and this section shall not exceed the current revenues as provided in Ky. Const., §§ 157 and 158. OAG 63-494.

If adequate funds were available, there would be no liability on the part of the members of the fiscal court for appropriating funds for extension work under this section in excess of the maximum specified in KRS 247.300 (2). OAG 63-494.

The appropriation for extension work under KRS 247.300 is mandatory; any appropriation under this section is permissive. OAG 63-494.

The limitation of the appropriation by the fiscal court of a county under KRS 247.300 (1) and (2) is $5,000 per year, but under this section, the court may appropriate additional funds of the county out of their annual funds as may be necessary for extension work in agriculture and home economics. OAG 63-494.

A fiscal court has no statutory authority to appropriate money out of its annual funds toward the purchase of land to be used as a county fairground. OAG 63-643.

The county agent is not an employee or official of the county. OAG 70-110.

The purchase of land by a county through its fiscal court for the purpose of leasing the same to the 4-H Association of the county who in turn would sublet the property to the United States department of agriculture would not be within the powers of the fiscal court under KRS 67.080 (2), nor under this section which provides that the court may aid extension work in agriculture in connection with the University of Kentucky, nor under KRS 247.300 authorizing the fiscal court to appropriate money for the farm bureau but not for the purchase and lease of property under the subject arrangement and the subject purposes. OAG 72-53.

Where a fiscal court considered a motion to employ a full time 4-H agent and such motion was defeated, the fiscal court, in dealing with this legislative function of appropriation, could reconsider at another meeting the matter of making an appropriation for the 4-H agent employment. OAG 77-515.

NOTES TO DECISIONS
Analysis

1. County agent.
2. Extension work.

1. County Agent.

County agent, for whom salary is appropriated under this section, is not a necessary county officer, and county may not become indebted in making such appropriation in violation of Ky. Const., § 157. Carman v. Hickman County, 185 Ky. 630, 215 S.W. 408 (1919); Knott County v. Michael, 264 Ky. 36, 94 S.W.2d 44 (1936).

County farm agent is not such a necessary county officer as to authorize his employment where to do so would carry county indebtedness beyond limit fixed by Ky. Const., § 157. Adair County Farm Bureau v. Fiscal Court, 263 Ky. 23, 91 S.W.2d 537 (1936).

County agent, for whom a salary is appropriated under this section, is agent of university but not agent of county and appropriations for such purpose must be made from "annual" funds of county. Knott County v. Michael, 264 Ky. 36, 94 S.W.2d 44 (1936).

2. Extension Work.

Appropriations for extension work in agriculture and home economics are not authorized under this section unless the work is done jointly or in connection with University of Kentucky. Jefferson County ex rel. Grauman v. Jefferson County Fiscal Court, 269 Ky. 444, 107 S.W.2d 320 (1937).

NOTES TO DECISIONS

1. Legislative Intent.

The legislature specifically exempted school buses from the provisions of this section, except as to safety regulations. Cornette v. Commonwealth, 899 S.W.2d 502 (Ky. Ct. App. 1995).
287.280. Maximum debt of persons to bank or trust company.

(1) No bank or trust company shall permit any person to become indebted to it or to become obligated as guarantor or surety to it in an amount exceeding twenty percent (20%) of its capital stock actually paid in and its actual amount of surplus, unless the person pledges with it good collateral security or executes to it a mortgage upon real or personal property which at the time is of more than the cash value of the indebtedness or obligation above all other encumbrances; but the indebtedness or obligation of any person shall not exceed thirty percent (30%) of the paid-in capital and actual surplus of the bank or trust company.

(2) No bank or trust company shall permit any of its directors or executive officers to become indebted to it or become obligated as guarantor or surety to it in an amount which exceeds that which any other person is authorized by this section to become indebted or obligated.

(3) In computing the indebtedness of any person, the liability of any partnership in which the person acts as a general partner shall be included, and any obligation entered into for the benefit of a person, partnership or association shall be included in the total liabilities of the person, partnership or association.

(4) Except as otherwise provided in this section, the same security, both in kind and amount, shall be required from stockholders as from nonstockholders.

(5) The discount of bills of exchange drawn against actually existing value, and the purchase or discounting of commercial or business paper actually owned by the person negotiating the paper shall not be considered as borrowed money within the meaning of this section in fixing the limit of indebtedness or obligation of any person selling or negotiating the paper to a bank.

Legislative Research Commission Note. This section was amended by two 1986 Acts which do not appear to be in conflict and have been compiled together. However, in combining the amendments it was necessary to retain the words “in an amount” in subsection (2) of this section which had been deleted by Acts 1986, ch. 472, § 1.

287.290. Exceptions to maximum debt to banks.

In the case of obligations to banks and trust companies, the limitations and restrictions of KRS 287.280 shall not apply to:

(1) Obligations of the United States or of the State of Kentucky;

(2) Obligations guaranteed as to principal and interest by the United States or the State of Kentucky; or all obligations to the extent secured or covered by guarantees or by commitments or agreements to take over or to purchase the same made by any federal reserve bank or by the United States or by any department, bureau, board, commission or establishment of the United States, including any corporation wholly owned directly or indirectly by the United States; or consolidated bonds issued by or for federal land banks or consolidated debentures issued by or for federal intermediate credit banks under the Act of Congress known as the “Federal Farm Loan Act,” and amendments thereto; or consolidated debentures issued by or for banks for cooperatives under the Act of Congress known as the “Farm Credit Act of 1933,” and amendments thereto; or obligations issued by the federal home loan banks; or obligations which are insured by the federal housing administrator pursuant to Title 12, Section 12, Section 1713, United States Code, if the debentures to be issued in payment of such insured obligations are guaranteed as to the principal and interest by the United States; or obligations of national mortgage associations; except that the commissioner may make, alter and repeal regulations respecting the total liabilities of any person which:

(a) Are secured by direct obligations of the United States or the State of Kentucky, and

(b) Have a face value at least equal to the amount of such liabilities, and

(c) Will mature within five (5) years from the date such liabilities were incurred.

(3) Obligations of Kentucky counties and school districts incurred through borrowing in anticipation of the current year’s tax receipts as authorized by KRS 68.320 and 160.540.

Cross-References. Authorized investments for banks and trust companies, KRS 386.030, 386.050.
287.330. Assets may be pledged or surety bonds provided as collateral security — Security not required if deposit insured.

(1) Banks, subject to statutory or charter limitations, may pledge such portion of their assets or provide surety bonds as may be required by law as collateral security for government deposits made with them, or any of them, by or under the authority of the United States, or for any other deposit required by law to be secured.

(2) Notwithstanding any law requiring security for deposits in the form of collateral, surety bond, or in any other form, security for such deposits shall not be required to the extent said deposits are insured under the provisions of Section 12B of the Federal Reserve Act (38 Stat. 251) as amended.

(3) If a bank proposes to sell its assets and transfer its deposit liability to another bank and the purchasing bank is unwilling to accept a sufficient amount of the assets to cover the liability to depositors and other creditors, the selling bank may, with the consent of the commissioner, pledge all or a part of its remaining or unacceptable assets to secure a loan for an amount sufficient to cover the remaining liability to the depositors and other creditors.

Compiler’s Notes. The Federal Reserve Act referred to in subsection (2) of this section is compiled throughout Title 12 of the United States Code.

CHAPTER 304
INSURANCE CODE
SUBTITLE 12. TRADE PRACTICES AND FRAUDS

304.12-260. Prohibition against refusal of liability insurer to pay on policy for school’s posting of Ten Commandments.

Because the posting of the Ten Commandments in a public school building is a lawful posting of a historical document under KRS 158.195, no liability insurer shall refuse to pay under the terms of the policy an insured who is sued for posting the Ten Commandments in compliance with KRS 158.195 in a public school building on the grounds that this act by the insured constitutes an illegal act for which the insurer is not liable to pay under the terms of the policy.

The application of said principles in testing, evaluation, treatment, use of psychotherapeutic techniques, and other methods includes, but is not limited to: diagnosis, prevention, and amelioration of adjustment problems and emotional, mental, nervous, and addictive disorders and mental health conditions of individuals and groups; educational and vocational counseling; the evaluation and planning for effective work and learning situations; and the resolution of interpersonal and social conflicts;

Opinions of Attorney General. This section exempts from the definition of psychology and, therefore, from the licensing requirements of KRS Chapter 319, “the teaching of the principles of psychology for accredited educational institutions,” a fortiori, the teaching of the principles of psychology for accredited educational institutions is similarly exempted and no further licensing would be required. OAG 80-326.

A practitioner of “thanatology,” which is described as the counseling and helping of families to cope with the news that a loved one is terminally ill and to help said families after the death of the loved one, should either be a licensed physician or a licensed social worker. A licensed psychologist is also probably qualified to practice “thanatology.” OAG 83-402.

334A.030. License required for speech-language pathology or audiology.

(1) Licensure shall be granted as a speech-language pathologist, speech-language pathology assistant, or audiologist independently. A person may be licensed in more than one (1) area if he meets the respective qualifications.

(2) No person shall practice or represent himself as a speech-language pathologist, speech-language pathology assistant, or audiologist in this state unless he is licensed in accordance with the provisions of this law.

(3) A licensed speech-language pathology assistant employed by a public school shall receive the same salary and benefits available to certified teachers with Rank III and the corresponding years of experience.

Opinions of Attorney General. Speech pathologists and audiologists employed at comprehensive care centers operated by the various regional mental health-mental retardation boards must be licensed pursuant to this section as they are not state employees entitled to exemption under KRS 334A.040(3)(b). OAG 74-384.

NOTES TO DECISIONS

1. Deceptive Practices.

Private trade organization engaged in scheme of certifying people as “certified hearing aid audiologist” knew or should have known that customers would be deceived by use of this term in reference to people who had not met the statutory requirements for audiologist, and thus violated the Consumer Protection Act by the use of false, misleading and deceptive practices. National Hearing Aid Soc'y v. Commonwealth ex rel. Hancock, 551 S.W.2d 247 (Ky. Ct. App. 1977).

334A.033. License for speech-language pathology assistant — Requirements for licensure — Supervision requirements.

(1) The board may issue a license to practice as a speech-language pathology assistant under the following conditions:
(a) The practice shall be limited to the public schools and shall be under the supervision of an appropriately qualified supervisor;
(b) The requirements for supervision shall be set forth in administrative regulations promulgated by the board and shall include requirements that:
1. A person holding an interim license as a speech-language pathology assistant shall receive no less than three (3) hours per week of documented direct supervision and three (3) hours per week of indirect supervision from an appropriate supervisor as determined by the board;
2. A person holding a license as a speech-language pathology assistant with less than three (3) years of full-time experience shall receive no less than two (2) hours per week of documented direct supervision and two (2) hours per week of indirect supervision from an appropriate supervisor as determined by the board;
3. A person holding a license as a speech-language pathology assistant with three (3) or more years of full-time experience shall receive no less than one (1) hour per week of documented direct supervision and one (1) hour per week of indirect supervision, unless, in the professional judgment of the supervisor, the ability of the speech-language pathology assistant requires a higher level of supervision in order to avoid compromising the quality of services provided to students; and

4. Supervision shall be adjusted proportionally for less than full-time employment;

(c) An individual shall not supervise or be listed as the supervisor for more than two (2) speech-language pathology assistants; and

(d) The supervisor shall delegate to the assistant the appropriate tasks pursuant to KRS 334A.020 and the supervisor and assistant shall work together to provide the appropriate services to all assigned pupils taking into account the severity and complexity of the needs of individual students and the respective workloads of the supervisor and assistant. The maximum number of pupils served by each speech-language pathology assistant shall not exceed the direct service caseload of the speech-language pathology assistant as established in KRS 334A.190.

(2) To be eligible for licensure by the board as a speech-language pathology assistant, the applicant shall meet the following requirements:

(a) A baccalaureate degree in the area of speech-language pathology as defined by administrative regulation;

(b) Completion of postgraduate professional experience deemed appropriate by the board by administrative regulation;

(c) List on the application the name of the appropriately qualified supervisor who has agreed to provide supervision as set forth by the board by administrative regulation.

334A.035. Interim licenses.

(1) A person who has a master’s degree in the area of speech-language pathology or audiology or substantive equivalent course work as defined by the board’s administrative regulations and who has completed supervised direct clinical practicum with individuals presenting a variety of disorders of communication, the experience being obtained with a training institution or in one (1) of its cooperating programs, shall apply for an interim license during the time that person is completing postgraduate professional experience deemed necessary by the board. This postgraduate professional experience shall be completed under the supervision of a speech-language pathologist who holds a Kentucky license, if the applicant is seeking interim licensure in speech-language pathology, or under an audiologist who holds a Kentucky license, if the applicant is seeking interim licensure in audiology. A person with interim licensure shall make every effort to take and pass an examination approved by the board. Upon completion of postgraduate professional experience deemed necessary by the board, the speech-language pathologist or audiologist shall make immediate application to the board for permanent licensure, if all requirements have been completed satisfactorily, or for renewal of the interim license at the discretion of the board. Failure to do so shall result in forfeiture of the interim license.

(2) A person who has a baccalaureate degree in the area of speech-language pathology as defined by administrative regulation and who does not hold a valid and current master’s degree level credential as a speech-hearing specialist issued by the Education Professional Standards Board shall apply for an interim license as a speech-language pathology assistant during the time that person is completing their professional experience as established by the board by administrative regulation. This professional experience shall be completed under the supervision of an appropriately qualified supervisor. Upon completion of the professional experience, the speech-language pathology assistant shall make immediate application to the board for permanent licensure, if all requirements have been completed satisfactorily, or for renewal of the interim license at the discretion of the board. Failure to do so shall result in forfeiture of the interim license.

(3) In order to regulate the quality of professional service to children in the public schools of the Commonwealth, any speech-language pathologist employed by the public schools shall apply for and maintain appropriate licensure until the time the Kentucky Education Professional Standards Board promulgates an administrative regulation requiring speech-language pathologists to meet the requirements of KRS 334A.050(2)(a) and (b).

334A.050. Qualifications of applicant for license.

To be eligible for licensure by the board as a speech-language pathologist or audiologist, the applicant must:

(1) Be a citizen of the United States or have declared his intention to become a citizen. A statement by the applicant under oath that he is a citizen or that he intends to apply for citizenship when he becomes eligible to make application shall be sufficient proof of compliance with this subsection;

(2) Show evidence of meeting the following professionally accepted academic and practicum standards:
(a) Master's degree in the area of speech-language pathology or audiology or substantive equivalent. The specific course work for this requirement is to be determined by the board and delineated in the administrative regulations;
(b) Completion of supervised direct clinical practicum with individuals presenting a variety of disorders of communication, the experience being obtained with the training institution or in one (1) of its cooperating programs; and
(c) Completion of postgraduate professional experience as deemed necessary by the board; and
(3) Pass the national examinations in speech-language pathology or audiology which are approved by the American Speech and Hearing Association and in effect at the time of application for licensure. Written examinations may be supplemented by such oral examinations as the board shall determine. An applicant who fails his examination may be reexamined at a subsequent examination upon payment of another licensing fee.

334A.060. Licensure without examination.
(1) The board may waive the examination and grant a license to applicants who present proof of current licensure in a state which has standards that are at least equivalent to those of this state.
(2) The board may waive the examination and grant a license to those who hold the Certificate of Clinical Competence of the American Speech and Hearing Association in the area for which they are applying for licensure.

334A.160. Maximum fees prescribed for licenses.
The amount of fees prescribed in connection with a license as a speech-language pathologist, speech-language pathology assistant, or audiologist shall be as follows:
(1) The initial license fee for licensure as a speech-language pathologist or an audiologist shall not exceed one hundred dollars ($100);
(2) The delinquency fee for all credentials shall not exceed twenty dollars ($20);
(3) The application fee for all credentials shall not exceed fifty dollars ($50);
(4) The inactive license fee for all credentials shall not exceed ten dollars ($10);
(5) The speech-language pathology assistant license fee shall not exceed seventy-five dollars ($75); and
(6) The interim license fee shall not exceed seventy-five dollars ($75).

334A.170. Renewal of licenses — Fees.
(1) Each licensed speech-language pathologist, speech-language pathology assistant, or audiologist shall annually, on or before January 30, pay to the board a renewal fee not to exceed seventy-five dollars ($75) for a renewal of his license. A thirty (30) day grace period shall be allowed after January 30, during which time licenses may be renewed on payment of a renewal fee plus grace period fee which combined shall not exceed ninety dollars ($90). After expiration of the grace period, the board may renew each license upon payment of a renewal fee plus delinquency fee which combined shall not exceed one hundred twenty-five dollars ($125). No person who applies for renewal, whose license has expired, shall be required to submit to any examination as a condition to renewal, if the renewal application is made within five (5) years from the date of expiration.
(2) A suspended license is subject to expiration and shall be renewed as provided in this chapter, but the renewal shall not entitle the licensee, while the license remains suspended and until it is reinstated, to engage in the licensed activity, or in any other activity or conduct in violation of the order of judgment by which the license was suspended. A license revoked on disciplinary grounds shall be subject to expiration as provided in this chapter, but it shall not be renewed. If it is reinstated after its expiration, the licensee, as a condition of reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last preceding regular renewal date before the date on which it is reinstated, plus the delinquency fee, if any, accrued at the time of its revocation.
(3) A person who fails to renew his license within the five (5) years after its expiration may not renew it, and it shall not be restored, reissued, or reinstated thereafter. The person may apply for and obtain a new license if he meets the requirements of this chapter.
(4) A person applying for renewal of licensure shall show evidence of completion of continuing professional education in speech-language pathology or audiology as prescribed by the board by administrative regulation.

334A.190. Caseload limitations for speech-language pathologists in the public schools.
(1) The caseload limitations for speech-language pathologists in the public schools shall not exceed sixty-five (65) pupils.
The total caseload of speech-language pathologists who supervise assistants may be increased by no more than one-half (1/2) of the amount set forth in subsection (1) of this section for each speech-language pathology assistant working under their supervision.

334A.990. Penalty.

(1) Any person who violates any of the provisions of this chapter shall be guilty of a misdemeanor punishable by imprisonment in the county jail not exceeding six (6) months, or by a fine not exceeding one thousand dollars ($1,000) or by both.

(2) When any person other than a licensed speech-language pathologist, speech-language pathology assistant, or audiologist has engaged in any act or practice which constitutes an offense against this chapter, the Franklin Circuit Court, on application of the board, may issue an injunction or other appropriate order restraining the conduct.

Opinions of Attorney General.

Housemothers and housefathers in dormitories or homes operated by an alternative residential program and owned by the local school board would not be exempt from state minimum and overtime wages as domestic servants or babysitters in the private home of the employer. OAG 77-782.

The minimum wage law does not affect teachers and other certified school personnel since they are exempted as “professional” employees. OAG 79-337.

Any attempt to avoid the prevailing wage provisions in building a facility (not a learning building) by simply including it in a learning building project, would violate the prevailing wage law. OAG 82-480.

By the plain language of subdivision (3)(e) of this section defining “public works,” source of funds is not germane to the determination of whether buildings constructed as institutions of learning are exempt so long as the public works construction project is for a learning building. OAG 82-480.

Under the 1982 amendments to the definitions of “construction” and “public works,” prevailing wages need not be paid on a public works construction project that will cost less than $250,000; with a public works construction project in the form of buildings to be used as institutions of learning, irrespective of costs and irrespective of source of funds utilized, prevailing wages need not be paid. With a public works construction project, other than for buildings to be used as institutions of learning, in an amount exceeding $250,000, prevailing wages need be paid only if 50 percent or more of the project is being financed with state funds. OAG 82-480.

Under the 1982 amendments to this section, “buildings constructed as institutions of learning” are excluded from the definition of “public works” with the result being that prevailing wages need not be paid in constructing such buildings; such buildings could include adjunct facilities when such adjunct facilities are all a part of the “learning building” project and are all a part of one (1) contract. The General Assembly did not intend that support facilities such as sewers, sewage disposal plants, access roads and the like necessary for the complete utilization of the learning buildings are to be treated differently than the learning building structure itself. OAG 82-480.

EMPLOYMENT AND VOLUNTEER FIREFIGHTING

337.100. Volunteer firefighter, rescue squad member, emergency medical technician, peace officer, or emergency management agency member absent from employment due to emergency.

(1) No employer shall terminate an employee who is a volunteer firefighter, rescue squad member, emergency medical technician, peace officer, or a mem-

ber of an emergency management agency because that employee, when acting as a volunteer firefighter, rescue squad member, emergency medical technician, peace officer, or a member of an emergency management agency, is absent or late to the employee's employment in order to respond to an emergency prior to the time the employee is to report to his or her place of employment.

(2) An employer may charge any time that an employee who is a volunteer firefighter, rescue squad member, emergency medical technician, peace officer, or a member of an emergency management agency loses from employment because of the employee's response to an emergency against the employee's regular pay.

(3) An employer may request an employee who loses time from the employee's employment to respond to an emergency to provide the employer with a written statement from the supervisor or acting supervisor of the volunteer fire department, rescue squad, emergency medical services agency, law enforcement agency, or the director of the emergency management agency stating that the employee responded to an emergency and listing the time and date of the emergency.

(4) Any employee that is terminated in violation of the provisions of this section may bring a civil action against his or her employer. The employee may seek reinstatement to the employee's former position, payment of back wages, reinstatement of fringe benefits, and where seniority rights are granted, the reinstatement of seniority rights. In order to recover, the employee shall file this action within one (1) year of the date of the violation of this section.

PUBLIC WORKS

337.505. Definition of "prevailing wage," fringe benefits included.

For the purpose of KRS 337.505 to 337.550, the term "prevailing wage" for each classification of laborers, workmen, and mechanics engaged in the construction of public works within the Commonwealth of Kentucky, means the sum of:

(1) The basic hourly rate paid or being paid subsequent to the labor commissioner's most recent wage determination to the majority of laborers, workmen, and mechanics employed in each classification of construction upon reasonably comparable construction in the locality where the work is to be performed; such rate shall be determined by the commissioner in accordance with paragraphs (a), (b), and (c) of subsection (3) of KRS 337.520; in the event that there is not a majority paid at the same rate, then the basic hourly rate of pay shall be the average basic hourly rate which shall be determined by adding the basic hourly rates paid to all workers in the classification and dividing by the total number of such workers, and

(2) An additional amount per hour equal to the hourly rate of contribution irrevocably made or to be made by an employer on behalf of employees within each classification of construction to a trustee or to a third person pursuant to an enforceable commitment to carry out a financially responsible plan or program, which was communicated in writing to the employees affected, for the following fringe benefits: medical or hospital care, pensions on retirement, death compensation for injuries or illness resulting from occupational activity or insurance to provide any of the foregoing, unemployment benefits, life insurance, disability and sickness insurance, accident insurance, vacation and holiday pay, defraying costs of apprenticeship or other similar programs, or other bona fide fringe benefits, but only where the employer is not required by other federal, state or local law to provide any of such benefits: provided, said additional amount may, at the discretion of the employer, be paid either in cash to the employee or by contributions for fringe benefits, or partly in cash and partly by such contributions, if being the intention of this subsection to recognize fringe benefits as a part of the prevailing wage rate where made in accordance with this subsection.

337.510. Public authority's duties as to inclusion of prevailing wage in proposals and contracts.

(1) Before advertising for bids or entering into any contract for construction of public works, every public authority shall notify the department in writing of the specific public work to be constructed, and shall ascertain from the department the prevailing rates of wages for each classification of laborers, workmen, and mechanics for the class of work called for in the construction of such public works in the locality where the work is to be performed. This schedule of the prevailing rate of wages shall include a statement that it has been determined in accordance with the provisions of KRS 337.505 to 337.550 and shall be attached to and made part of the specifications for the work and shall be printed on the bidding blanks and made a part of every contract for the construction of public works.

(2) The public authority advertising and awarding the contract shall cause to be inserted in the proposal and contract a stipulation to the effect that not less than the prevailing hourly rate of wages as determined by the commissioner shall be paid to all laborers, workmen, and mechanics performing work under the contract. It shall also require in all the contractor's bonds that the contractor include such provisions as will guarantee the faithful performance of the prevailing hourly wage clause as provided by contract. It shall be the duty of the public authority awarding the contract, and its agents and officers, to take cognizance of all complaints of all violations of the provisions of KRS 337.505 to 337.550 committed in the course of the execution of the contract, and when making-pay-
ments to the contractor becoming due under the contract, to withhold, and retain therefrom all sums and amounts due and owing as a result of any violation thereof. It shall be lawful for any contractor to withhold from any subcontractor under him sufficient sums to cover any penalties withheld from him by the awarding authority, on account of the subcontractor's failure to comply with the terms thereof and if payment has already been made to him, the contractor may recover from him the amount of the penalty in a suit at law.

337.512. Duties of individual officers with respect to prevailing wage law.

(1) No public official, authorized to contract for or construct public works shall fail, before advertising for bids or undertaking such construction, to ascertain from the commissioner the prevailing rates of wages as provided in KRS 337.505 to 337.550.

(2) No member of a public authority authorized to contract for or construct public works shall vote for the award of any contract for the construction of such public works, or vote for the disbursement of any funds on account of the construction of such public works, unless such public authority has first ascertained from the commissioner the prevailing rates of wages of laborers, workmen, and mechanics for the classes of work called for by such public works in the locality where the work is to be performed and the determination of prevailing wages has been made a part of the proposal specifications and contract for such public works.

337.520. Determination of prevailing wages — Administrative regulations — Filing wage contract.

(1) The commissioner shall make initial determinations and current revisions of schedules of rates of prevailing wages, of the amount of fringe benefits included as defined in KRS 337.505, and the number of hours applicable. The commissioner may promulgate administrative regulations to carry out the provisions and purposes of KRS 337.505 to 337.550 and to prevent their circumvention or evasion. The administrative regulations shall not include a provision that each contractor and subcontractor furnish a sworn affidavit with respect to the wages paid each employee. No administrative regulation shall be issued by the commissioner except upon reasonable notice to, and opportunity to be heard by, any interested person.

(2) The commissioner shall require the filing of all wage contracts of all laborers, workmen, and mechanics in this state which have been agreed to between bona fide organizations of labor and an employer or associations of employers. The contracts shall be filed within ten (10) days after they are signed.

(3) The commissioner shall have the authority to determine schedules and current revisions of the rates of prevailing wages as defined in KRS 337.505, but in no case shall the commissioner determine wages to be paid for a legal day's work to laborers, workmen, and mechanics engaged in the construction of public works at less than the prevailing wages paid in the localities. The commissioner, in determining what rates of wages prevail, shall consider the following criteria:

(a) Wage rates paid on previous public works constructed in the localities. In considering the rates, the commissioner shall ascertain, insofar as practicable, the names and addresses of the contractors, including subcontractors, the locations, approximate costs, dates of construction and types of projects, the number of workers employed on each project, and the respective wage rates paid each worker who was engaged in the construction of these projects.

(b) Wage rates previously paid on reasonably comparable private construction projects constructed in the localities. In considering the rates the commissioner shall ascertain, insofar as practicable, the names and addresses of the contractors, including subcontractors, the locations, approximate costs, dates of construction and types of projects, the number of workers employed on each project, and the respective wage rates paid each worker who was engaged in the construction of these projects.

(c) Collective bargaining agreements or understandings between bona fide organizations of labor and their employers located in the Commonwealth of Kentucky which agreements apply or pertain to the localities in which the public works are to be constructed.

(4) The wage rates to be used by the public authority in a contract for the construction of public works shall be the prevailing wage as of the date the public works project is advertised and offered for bid. If contracts are not awarded within ninety (90) days after the date of offering for bid, the public authority shall ascertain the prevailing rate of wages from the department before the contract is awarded. The schedule or scale of prevailing wages shall be incorporated in and made a part of each contract.

(5) The commissioner may promulgate administrative regulations authorizing the employment of apprentices and trainees in skilled trades at wages lower than the applicable prevailing wage.

337.522. Hearings — Publication of determination — Revisions — Prevailing wage review boards attached to Labor Cabinet for administrative purposes.

(1) The commissioner or his authorized representa-
tive shall conduct a public hearing for the purpose of making initial determinations or current revisions of a prevailing wage schedule for the construction of public works pertaining to a locality. The commissioner shall, within sixty (60) days of the hearing, publish his wage determination. The hearing shall be conducted in the locality after notice has been given as provided in subsection (3) of this section. The commissioner shall not be required to utilize this section in any locality where the United States Department of Labor has issued a prevailing wage under the Davis-Bacon or related acts, in which case, the commissioner may adopt the wage schedule and any modifications issued by the United States Department of Labor and published in the Federal Register.

(2) A public authority or any interested person may request and shall be granted an additional hearing solely for the purpose of having considered a review of the commissioner’s determination of the prevailing wage schedule for the construction of public works in the locality; after notice has been given as provided in subsection (3) of this section, the hearing shall be conducted in the locality by a prevailing wage review board consisting of one (1) member representing employers in the construction industry, one (1) member representing labor in the construction industry, and one (1) member appointed by the public authority requesting the hearing. The member appointed by the public authority shall reside in the locality in which the public works are to be constructed. The members of the board representing employers in the construction industry and labor in the construction industry shall be appointed for periods of not more than four (4) years by the Governor from a list of prospective members recommended by bona fide associations representing the construction industry and bona fide labor organizations representing workers employed in the construction industry, and the members shall serve on the board for all hearings during their tenure. Prevailing wage review boards shall have the authority to revise prevailing wage schedules for the construction of public works; however, the revisions shall be governed by the same criteria and regulations governing wage determinations of the commissioner. A revision of a prevailing wage schedule for the construction of public works shall require a vote of a majority of the members. The members of a prevailing wage review board shall receive their actual necessary expenses incurred in carrying out their duties and the expenses shall be paid out of the general fund of the Commonwealth of Kentucky.

(3) Notice of hearings as required in subsections (1) and (2) of this section shall be given by advertising one (1) time in the newspaper having the largest circulation in the locality, and the advertisement shall be run not less than ten (10) nor more than twenty (20) days prior to the date of the hearing. The advertisement shall set forth all pertinent information of the hearing regarding the time, place, and purpose of the hearing.

(4) The prevailing wage review boards shall be attached to the Labor Cabinet for administrative purposes.

Compiler’s Notes. This section was formerly compiled as KRS 337.520(5) to (7).

337.524. Which rates to apply while review is pending.

If a review of the commissioner’s determination is requested pursuant to subsection (2) of KRS 337.522, the wage rates to be used by the public authority in a contract for the construction of public works advertised during the pendency of the proceedings provided in subsection (2) of KRS 337.522, or on appeal pursuant to KRS 337.525, shall be the latest rate determined by the commissioner and which is being reviewed. The public authority shall place in its advertisement, bid documents and contracts, a statement to the effect that the prevailing wage rates contained therein are presently being reviewed and subject to change by appropriate reviewing authorities, and if said rates are modified or altered, the contractors shall be responsible for the payment of the wage rates finally determined. Should any rates be increased from that determined by the commissioner, the contractor may recover from the public authority any additional sums of money which he may be required to pay as a result of said wage modification or alteration. Should any rates be decreased from that determined by the commissioner, the public authority shall be barred from any recovery of the difference previously earned by or paid to employees.

337.525. Judicial review.

(1) Any person or party claiming to be aggrieved by any final determination of prevailing wages by the prevailing wage review board may appeal to the Franklin Circuit Court. The appeal shall state
fully the grounds upon which an appeal is sought and assign all errors relied upon. A copy of the appeal and summons shall be served upon the Department of Workplace Standards and the members of the prevailing wage review board and within thirty (30) days after such service, or within such further time as the court may allow, the department on behalf of the prevailing wage review board shall submit to the court a certified copy of all matters considered by the prevailing wage review board from which it made its final wage determination.

(2) No new or additional evidence may be introduced in the Franklin Circuit Court except as to the fraud or misconduct of some person engaged in the administration of this chapter and affecting the order, ruling or award. The court shall otherwise hear the appeal upon the record as certified by the Department of Workplace Standards and shall dispose of same in summary manner. The court shall not substitute its judgment for that of the prevailing wage review board, the court's review being limited to determining whether or not:

(a) The prevailing wage review board acted without or in excess of its powers;
(b) The prevailing wage review board's final wage determination was procured by fraud;
(c) The determination is not in conformity with the provisions of this chapter;
(d) The determination is clearly erroneous on the basis of the information contained in the record;
(e) The final wage determination is arbitrary or capricious.

(3) The Franklin Circuit Court thereafter shall enter an order affirming or setting aside the prevailing wage review board's wage determination. The court may also remand the case to the prevailing wage review board for further proceedings.

(4) An appeal may be taken to the Court of Appeals from any decision of the Franklin Circuit Court under this section.

337.530. Contractor to pay prevailing wages and post rates — Payroll records — On-site inspections.

(1) Where a prevailing rate of wages has been determined and prescribed, the contract executed between a public authority and the successful bidder or contractor shall contain a provision requiring the successful bidder and all of his subcontractors to pay not less than the rate of wages so established. The successful bidder or contractor and all subcontractors shall strictly comply with these provisions of the contract.

(2) All contractors and subcontractors required by KRS 337.505 to 337.550 and by contracts with any public authority to pay not less than the prevailing rate of wages, shall pay such wages in legal tender without any deductions. These provisions shall not apply where the employer and employee enter into an agreement in writing at the beginning of or during any term of employment covering deductions for food, sleeping accommodations or any similar item if this agreement is submitted by the employer to the department and is approved by the department as fair and reasonable. All contractors and subcontractors affected by the terms of KRS 337.505 to 337.550 shall keep full and accurate payroll records covering all disbursements of wages to their employees to whom they are required to pay not less than the prevailing rate of wages. Such records shall indicate the hours worked each day by each employee in each classification of work and the amount paid each employee for his work in each classification. They shall be open to the inspection and transcript of the commissioner or his authorized representative at any reasonable time, and shall be in compliance with all regulations issued by the commissioner. These payroll records shall not be destroyed or removed from this state for one (1) year following the completion of the improvement in connection with which they are made.

(3) Each contractor and subcontractor subject to the provisions of KRS 337.505 to 337.550 shall post and keep posted in a conspicuous place or places at the site of the construction work a copy or copies of prevailing rates of wages and working hours as prescribed in the contract with the public authority, showing the rates of wages prescribed and the working hours for each class of laborers, workmen, and mechanics employed by him in the work of constructing the public works provided for in the contract with the public authority.

(4) Every employer shall permit the commissioner or his authorized agents to question any of his employees at the site of the public work and during work hours in respect to the wages paid, hours worked and duties of such employee or other employees.

NOTES TO DECISIONS

1. Error in Judgment.

Where in the specifications for a school construction contract the wage scale for carpenters was to be $2.00 per hour as established by city ordinance but through typographical error was set forth in a judgment construing the contract as $3.00 per hour, the $2.00 rate was binding. Board of Educ. v. Faulkner, 433 S.W.2d 853 (Ky. 1968).

337.550. Department to aid in enforcement — Remedies of laborer.

(1) Any laborer, workman, or mechanic employed on public works may file a complaint of any violation of any provision of KRS 337.505 to 337.550 with the department. The department shall assist him in the collection of claims of wages due him and shall also assist to the fullest extent in the administration and enforcement of KRS 337.505 to 337.550. The commissioner shall investigate and enforce the provisions of KRS 337.505 to 337.550 to the fullest and shall bring all actions to collect
wages due any laborer, workman, or mechanic and shall take action against any contractor or subcontractor to restrain violations of KRS 337.505 to 337.550. If any contractor or subcontractor is found to be in violation of any provisions of KRS 337.505 to 337.550, then the commissioner shall inform the secretary for finance and administration of the Commonwealth of Kentucky, and the secretary for finance and administration shall hold such contractor or subcontractor ineligible to bid on public works until such time as that contractor or subcontractor is in substantial compliance as determined by the commissioner.

(2) A laborer, workman, or mechanic may by civil action recover any sum due him as the result of the failure of his employer to comply with the terms of KRS 337.505 to 337.550. The commissioner may also bring any legal action necessary to collect claims on behalf of any or all laborers, workmen, or mechanics. No employer shall take any punitive measure or action against an employee because such employee has made a charge, testified, assisted or participated in any manner in an investigation, proceeding or hearing under KRS 337.505 to 337.550. The commissioner shall not be required to pay the filing fee, or other costs, in connection with such action.

Opinions of Attorney General. In view of the fact that the notice of the violation of the Prevailing Wage Law by a subcontractor was communicated several days after bids were opened for the construction of a building at Kentucky State University, the ineligibility of the subcontractor did not apply to the bids that were opened for such construction, since to hold that it did apply would mean that subsection (1) of this section could be retroactively applied, when in fact, under the law, the statute cannot be applied retroactively. OAG 78-723.

The prime contractor shall be jointly and severally liable with a subcontractor for wages due an employee of the subcontractor. For a flagrant or repeated violation the offending contractor or subcontractor shall be barred from bidding on, or working on, any and all public works contracts, either in his name or in the name of any other company, firm, or other entity in which he might be interested for a period of two (2) years from the date of the last offense. Each day of violation shall constitute a separate offense, and the violation as affects each individual worker shall constitute a separate offense.

(13) Any public authority, public official, or member of a public authority who willfully fails to comply or to require compliance with KRS 337.505 to 337.550 shall be assessed a civil penalty of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) for each offense. Through an apparent clerical or typographical error, the reference to KRS 337.505 to 337.550 in the first sentence of what is now subsection (13) of this statute was transformed into "KRS 337.505 or 337.550." Compare 1970 Ky. Acts ch. 33, sec. 11, with 1974 Ky. Acts ch. 391, sec. 13. Pursuant to KRS 7.136(1), 446.270, and 446.280. the prior wording has been restored.

The commissioner of workplace standards in promulgating these regulations may make them more restrictive than those promulgated by the United States Secretary of Labor under provisions of the Fair Labor Standards Act and its amendments but in no event may he make them less restrictive, provided, however, these regulations shall have no effect on the definition of “gainful occupation” under KRS 339.210. To advise the commissioner with respect to the regulations, the Governor shall appoint a committee of four (4) persons which shall consist of a representative from the Cabinet for Health Services, the Department of Education, the Kentucky Commission on Human Rights and the Personnel Cabinet. (Enact. Acts 1948, ch. 107, § 7.)
Upon request, it shall be the duty of the local board of education through its superintendent or other authorized agent to issue to any minor under the age of eighteen (18) years desiring to enter employment a certificate of age upon presentation of proof of age. Every employer shall be required to obtain from any employee proof of age that the employee is at least eighteen (18) years of age.

The use of such machinery in any public or private school shall be subject to the approval of the board of education of the district where the school is situated, and shall be subject to the general industrial safety standards as to supplying safeguards for the protection of those using such machinery.
(Enact. Acts 1948, ch. 107, § 22.)

NOTES TO DECISIONS

Analysis

1. Employee.
8. Student trainees.

1. Employee.
A participant in an apprenticeship program conducted by a plumbers’ union was not an “employee,” notwithstanding that he was paid for the on-the-job part of his apprenticeship program, where he was injured while being instructed in the classroom, an activity for which he received no remuneration.
8. Student Trainees.

Workers' compensation benefits are not available to unremunerated student trainees. Salvation Army v. Mathews, 847 S.W.2d 751 (Ky. Ct. App. 1993).

**Penalties**

342.990. Penalties — Restitution.

(1) The commissioner shall initiate enforcement of civil and criminal penalties imposed in this section.

(2) When the commissioner receives information that he deems sufficient to determine that a violation of this chapter has occurred, he shall seek civil penalties pursuant to subsections (3) to (7) of this section, or criminal penalties pursuant to subsections (8) and (9) of this section, or both.

(3) The commissioner shall initiate enforcement of a civil penalty by simultaneously citing the appropriate party for the offense and stating the civil penalty to be paid.

(4) If, within fifteen (15) working days from the receipt of the citation, a cited party fails to notify the commissioner that he intends to contest the citation, then the citation shall be deemed final.

(5) If a cited party notifies the commissioner that he intends to challenge a citation issued under this section, the commissioner shall cause the matter to be heard as soon as practicable by an administrative law judge and in accordance with the provisions of KRS Chapter 13B. The burden of proof shall be upon the attorney representing the commissioner to prove the offense stated in the citation by a preponderance of the evidence. The parties shall stipulate to uncontested facts and issues prior to the hearing before the administrative law judge. The administrative law judge shall issue a ruling within sixty (60) days following the hearing.

(6) A party may appeal the ruling of the administrative law judge to the Franklin Circuit Court in conformity with KRS 13B.140.

(7) The following civil penalties shall be applicable for violations of particular provisions of this chapter:

(a) Any employer, insurer, or payment obligor subject to this chapter who fails to make a report required by KRS 342.038 within fifteen (15) days from the date it was due, shall be fined not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) for each offense.

(b) Any employer, insurer, or payment obligor acting on behalf of an employer who fails to make timely payment of a statement for services under KRS 342.020(1) without having reasonable grounds to delay payment may be fined not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) for each offense.

With respect to employers who fail to maintain workers' compensation insurance coverage on their employees, each employee of the employer and each day of violation shall constitute a separate offense. With respect to KRS 342.040, any employer's insurance carrier or other party responsible for the payment of workers' compensation benefits shall be fined for failure to notify the commissioner of a failure to make payments when due if a report indicating the reason payment of income benefits did not commence within twenty-one (21) days of the date the employer was notified of an alleged work-related injury or disease is not filed with the commissioner within twenty-one (21) days of the date the employer received notice, and if the employee has not returned to work within that period of time. The date of notice indicated in the report filed with the department pursuant to KRS 342.038(1), shall raise a rebuttable presumption of the date on which the employer received notice.

(d) Any person who violates any of the provisions of KRS 342.165(2), 342.335, 342.395, 342.460, 342.465, or 342.470 shall be fined not less than two hundred dollars ($200) nor more than two thousand dollars ($2,000) for each offense. With respect to KRS 342.395, each required notice of rejection form executed by an employee or potential employee of an employer shall constitute a separate offense.

(g) Any person who violates any of the provisions of KRS 342.335(1) or (2) where the claim, compensation, benefit, or money referred to in KRS 342.335(1) or (2) exceeds three hundred dollars ($300) shall be fined per occurrence not more than one thousand dollars ($1,000) per individual nor five thousand dollars ($5,000) per corporation, or twice the amount of gain received as a result of the violation, whichever is greater.

(h) Any person who violates the employee leasing provision of this chapter shall be fined not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000) for each violation.
(i) Any violation of the provisions of this chapter relating to self-insureds shall constitute grounds for decertification of such self-insured, a fine of not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000) per occurrence, or both.

(j) Actions to collect the civil penalties imposed under this subsection shall be instituted in the Franklin District Court and the Franklin Circuit Court.

(8) The commissioner shall initiate enforcement of a criminal penalty by causing a complaint to be filed with the appropriate local prosecutor. If the prosecutor fails to act on the violation within twenty (20) days following the filing of the complaint, the commissioner shall certify the inaction by the local prosecutor to the Attorney General who shall initiate proceedings to prosecute the violation. The provisions of KRS 15.715 shall not apply to this section.

(9) The following criminal penalties shall be applicable for violations of particular provisions of this chapter:

(a) Any person who violates KRS 342.020(9), 342.035(2), 342.040, 342.400, 342.420, or 342.630 shall, for each offense, be fined not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000), or imprisoned for not less than thirty (30) days nor more than one hundred eighty (180) days, or both.

(b) Any person who violates any of the provisions of KRS 342.155(2), 342.335, 342.460, 342.465, or 342.470 shall, for each offense, be fined not less than two hundred dollars ($200) nor more than two thousand dollars ($2,000), or imprisoned for not less than thirty (30) days nor more than one hundred and eighty (180) days, or both.

(c) Any corporation, partnership, sole proprietorship, or other form of business entity and any officer, general partner, agent, or representative of the foregoing who knowingly utilizes or participates in any employee leasing arrangement or mechanism as defined in KRS 342.615 for the purpose of depriving one (1) or more insurers of premium otherwise payable or for the purpose of depriving the Commonwealth of any tax or assessment due and owing and based upon said premium shall, upon conviction thereof, be subject to a fine of not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000), or imprisonment for not more than one hundred eighty (180) days, or both, for each offense.

(d) Notwithstanding any other provisions of this chapter to the contrary, when any employer, insurance carrier, or individual self-insured fails to comply with this chapter for which a penalty is provided in subparagraphs (7), (8), and (9) above, such person, if the person is an owner in the case of a sole proprietorship, a partner in the case of a partnership, or a principal in the case of a limited liability company, or a corporate officer in the case of a corporation, who knowingly authorized, ordered, or carried out the violation, failure, or refusal shall be personally and individually liable, both jointly and severally, for the penalties imposed in the above cited subparagraphs. Neither the dissolution nor withdrawal of the corporation, partnership, or other entity from the state, nor the cessation of holding status as a proprietor, partner, principal, or officer shall discharge the foregoing liability of any person.

(10) Fines paid pursuant to subsections (7) and (9) of this section shall be paid into the special fund.

(11) In addition to the penalties provided in this section, the commissioner and any administrative law judge, or court of jurisdiction may order restitution of a benefit secured through conduct proscribed by this chapter.

Legislative Research Commission Note. (12/12/96). The reference to “subparagraphs (7), (8), and (9) above” in subsection (9)(d) of this statute is how this text read in 1996 (1st Ex. Sess.) Ky. Acts ch. 1, sec. 48. The normal hierarchy of subdivision in a section of the Kentucky Revised Statutes is, in descending order, subsections (indicated by Hindu-Arabic numerals in parentheses), paragraphs (indicated by lowercase letters in parentheses), subparagraphs (indicated by Hindu-Arabic numerals followed by a period), and subdivisions of subparagraphs (indicated by lowercase letters followed by a period). This statute contains no subparagraphs 7., 8., and 9., but the type of numbering used suggests that “subsections” may have been meant in this phrase instead of “subparagraphs.” (7/15/96). This section was amended by 1996 Ky. Acts chs. 318 and 355. Where these Acts are not in conflict they have been codified together. Where a conflict exists, Acts ch. 355, which was last enacted by the General Assembly prevails under KRS 446.250.

369.103. Scope of KRS 369.101 to 369.120.

(1) Except as otherwise provided in subsection (2) of this section, KRS 369.101 to 369.120 applies to electronic records and electronic signatures relating to a transaction.

(a) A law governing the creation and execution of wills, codicils, or testamentary trusts;

(b) KRS Chapter 355 other than KRS 355.1-107 and 355.1-206, and Articles 2 and 2A of KRS Chapter 355;

(4) A transaction subject to KRS 369.101 to 369.120 is also subject to other applicable substantive law.

(Enact. Acts 2000, ch. 301, § 3, effective August 1, 2000.)

369.104. Prospective application of KRS 369.101 to 369.120.

KRS 369.101 to 369.120 applies to any electronic record or electronic signature created, generated, sent, communicated, received, or stored on or after August 1, 2000.

(Enact. Acts 2000, ch. 301, § 4, effective August 1, 2000.)

369.105. Use of electronic records and electronic signatures — Variation by agreement.

(1) KRS 369.101 to 369.120 does not require a record or signature to be created, generated, sent, communicated, received, stored, or otherwise processed or used by electronic means or in electronic form.

(2) KRS 369.101 to 369.120 applies only to transactions between parties each of which has agreed to conduct transactions by electronic means. Whether the parties agree to conduct a transaction by electronic means is determined from the context and surrounding circumstances, including the parties’ conduct.

(3) A party that agrees to conduct a transaction by electronic means may refuse to conduct other transactions by electronic means. The right granted by this subsection may not be waived by agreement.

(4) Except as otherwise provided in KRS 369.101 to 369.120, the effect of any of its provisions may be varied by agreement. The presence in certain provisions of KRS 369.101 to 369.120 of the words “unless otherwise agreed,” or words of similar import, does not imply that the effect of other provisions may not be varied by agreement.

(5) Whether an electronic record or electronic signature has legal consequences is determined by KRS 369.101 to 369.120 and other applicable law.

(Enact. Acts 2000, ch. 301, § 5, effective August 1, 2000.)

369.106. Construction and application of KRS 369.101 to 369.120.

KRS 369.101 to 369.120 must be construed and applied:

(1) To facilitate electronic transactions consistent with other applicable law;

(2) To be consistent with reasonable practices concerning electronic transactions and with the continued expansion of those practices; and

(3) To effectuate its general purpose to make uniform the law with respect to the subject of KRS 369.101 to 369.120 among states enacting it.

(Enact. Acts 2000, ch. 301, § 6, effective August 1, 2000.)

(1) A record or signature may not be denied legal effect or enforceability solely because it is in electronic form.

(2) A contract may not be denied legal effect or enforceability solely because an electronic record was used in its formation.

(3) If a law requires a record to be in writing, an electronic record satisfies the law.
(4) If a law requires a signature, an electronic signature satisfies the law.
(Enact. Acts 2000, ch. 301, § 7, effective August 1, 2000.)

369.108. Provision of information in writing — Presentation of records.
(1) If parties have agreed to conduct a transaction by electronic means and a law requires a person to provide, send, or deliver information in writing to another person, the requirement is satisfied if the information is provided, sent, or delivered, as the case may be, in an electronic record capable of retention by the recipient at the time of receipt. An electronic record is not capable of retention by the recipient if the sender or its information processing system inhibits the ability of the recipient to print or store the electronic record.
(2) If a law other than KRS 369.101 to 369.120 requires a record to be posted or displayed in a certain manner, to be sent, communicated, or transmitted by a specified method, or to contain information that is formatted in a certain manner, the following rules apply:
(a) The record must be posted or displayed in the manner specified in the other law.
(b) Except as otherwise provided in subsection (4)(b) of this section, the record must be sent, communicated, or transmitted by the method specified in the other law.
(c) The record must contain the information formatted in the manner specified in the other law.
(3) If a sender inhibits the ability of a recipient to store or print an electronic record, the electronic record is not enforceable against the recipient.
(4) The requirements of this section may not be varied by agreement, but:
(a) To the extent a law other than KRS 369.101 to 369.120 requires information to be provided, sent, or delivered in writing but permits that requirement to be varied by agreement, the requirement under subsection (1) of this section that the information be in the form of an electronic record capable of retention may also be varied by agreement; and
(b) A requirement under a law other than KRS 369.101 to 369.120 to send, communicate, or transmit a record by United States mail may be varied by agreement to the extent permitted by the other law.
(Enact. Acts 2000, ch. 301, § 8, effective August 1, 2000.)

(1) An electronic record or electronic signature is attributable to a person if it was the act of the person. The act of the person may be shown in any manner, including a showing of the efficacy of any security procedure applied to determine the person to which the electronic record or electronic signature was attributable.
(2) The effect of an electronic record or electronic signature attributed to a person under subsection (1) of this section is determined from the context and surrounding circumstances at the time of its creation, execution, or adoption, including the parties' agreement, if any, and otherwise as provided by law.
(Enact. Acts 2000, ch. 301, § 9, effective August 1, 2000.)

369.110. Effect of change or error.
If a change or error in an electronic record occurs in a transmission between parties to a transaction, the following rules apply:
(1) If the parties have agreed to use a security procedure to detect changes or errors and one (1) party has confirmed to the procedure, but the other party has not, and the nonconforming party would have detected the change or error had that party also confirmed, the conforming party may avoid the effect of the changed or erroneous electronic record.
(2) In an automated transaction involving an individual, the individual may avoid the effect of an electronic record that resulted from an error made by the individual in dealing with the electronic agent of another person if the electronic agent did not provide an opportunity for the prevention or correction of the error and, at the time the individual learns of the error, the individual:
(a) Promptly notifies the other person of the error and that the individual did not intend to be bound by the electronic record received by the other person;
(b) Takes reasonable steps, including steps that conform to the other person's reasonable instructions, to return to the other person or, if instructed by the other person, to destroy the consideration received, if any, as a result of the erroneous electronic record; and
(c) Has not used or received any benefit or value from the consideration, if any, received from the other person.
(3) If neither subsection (1) of this section nor subsection (2) of this section applies, the change or error has the effect provided by other law, including the law of mistake, and the parties' contract, if any.
(4) Subsections (2) and (3) of this section may not be varied by agreement.
(Enact. Acts 2000, ch. 301, § 10, effective August 1, 2000.)

369.111. Notarization and acknowledgment.
If a law requires a signature or record to be notarized, acknowledged, verified, or made under oath, the requirement is satisfied if the electronic signature of the person authorized to perform those acts, together with all other information required to be included by other applicable law, is attached to or logically associated with the signature or record.
(Enact. Acts 2000, ch. 301, § 11, effective August 1, 2000.)
369.112. Retention of electronic records — Originals.
(1) If a law requires that a record be retained, the requirement is satisfied by retaining an electronic record of the information in the record which:
   (a) Accurately reflects the information set forth in the record after it was first generated in its final form as an electronic record or otherwise; and
   (b) Remains accessible for later reference.
(2) A requirement to retain a record in accordance with subsection (1) of this section does not apply to any information the sole purpose of which is to enable the record to be sent, communicated, or received.
(3) A person may satisfy subsection (1) of this section by using the services of another person if the requirements of that subsection are satisfied.
(4) If a law requires a record to be presented or retained in its original form, or provides consequences if the record is not presented or retained in its original form, that law is satisfied by an electronic record retained in accordance with subsection (1) of this subsection.
(5) If a law requires retention of a check, that requirement is satisfied by retention of an electronic record of the information on the front and back of the check in accordance with subsection (1) of this subsection.
(6) A record retained as an electronic record in accordance with subsection (1) of this section satisfies a law requiring a person to retain a record for evidentiary, audit, or like purposes, unless a law enacted after August 1, 2000, specifically prohibits the use of an electronic record for the specified purpose.
(7) This section does not preclude a governmental agency of this state from specifying additional requirements for the retention of a record subject to the agency's jurisdiction.
(Enact. Acts 2000, ch. 301, § 12, effective August 1, 2000.)

369.113. Admissibility in evidence.
In a proceeding, evidence of a record or signature may not be excluded solely because it is in electronic form.
(Enact. Acts 2000, ch. 301, § 13, effective August 1, 2000.)

369.114. Automated transaction.
In an automated transaction, the following rules apply:
(1) A contract may be formed by the interaction of electronic agents of the parties, even if no individual was aware of or reviewed the electronic agents' actions or the resulting terms and agreements.
(2) A contract may be formed by the interaction of an electronic agency and an individual, acting on the individual's own behalf or for another person, including by an interaction in which the individual performs actions that the individual is free to refuse to perform and which the individual knows or has reason to know will cause the electronic agent to complete the transaction or performance.
(3) The terms of the contract are determined by the substantive law applicable to it.
(Enact. Acts 2000, ch. 301, § 14, effective August 1, 2000.)

369.115. Time and place of sending and receipt.
(1) Unless otherwise agreed between the sender and the recipient, an electronic record is sent when it:
   (a) Is addressed properly or otherwise directed properly to an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record;
   (b) Is in a form capable of being processed by that system; and
   (c) Enters an information processing system outside the control of the sender or of a person that sent the electronic record on behalf of the sender or enters a region of the information processing system designated or used by the recipient which is under the control of the recipient.
(2) Unless otherwise agreed between a sender and the recipient, an electronic record is received when:
   (a) It enters an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record;
   (b) It is in a form capable of being processed by that system.
(3) Subsection (2) of this section applies even if the place the information processing system is located is different from the place the electronic record is deemed to be received under subsection (4) of this section.
(4) Unless otherwise expressly provided in the electronic record or agreed between the sender and the recipient, an electronic record is deemed to be sent from the sender’s place of business and to be received at the recipient’s place of business. For purposes of this subsection, the following rules apply:
   (a) If the sender or recipient has more than one place of business, the place of business of that person is the place having the closest relationship to the underlying transaction.
   (b) If the sender or the recipient does not have a place of business, the place of business is the sender’s or recipient’s residence, as the case may be.
(5) An electronic record is received under subsection (2) of this section even if no individual is aware of its receipt.
(6) Receipt of an electronic acknowledgment from an information processing system described in subsection (2) of this section establishes that a record was received but, by itself, does not establish that the content sent corresponds to the content received.
(7) If a person is aware than an electronic record purportedly sent under subsection (1) of this sec-
tion, or purportedly received under subsection (2) of this section, was not actually sent or received, the legal effect of the sending or receipt is determined by other applicable law. Except to the extent permitted by the other law, the requirements of this subsection may not be varied by agreement.

(Enact. Acts 2000, ch. 301, § 15, effective August 1, 2000.)

(1) In this section, “transferable record” means an electronic record that:

(a) Would be a note under Article 3 of KRS Chapter 355 or a document under Article 7 of KRS Chapter 355 if the electronic record were in writing; and

(b) The issuer of the electronic record expressly has agreed is a transferable record.

(2) A person has control of a transferable record if a system employed for evidencing the transfer of interests in the transferable record reliably establishes that person as the person to which the transferable record was issued or transferred.

(3) A system satisfies subsection (2) of this section, and a person is deemed to have control of a transferable record, if the transferable record is created, stored, and assigned in such a manner that:

(a) A single authoritative copy of the transferable record exists which is unique, identifiable, and, except as otherwise provided in paragraphs (d), (e), and (f) of this subsection, unalterable;

(b) The authoritative copy identifies the person asserting control as:
   1. The person to which the transferable record was issued; or
   2. If the authoritative copy indicates that the transferable record has been transferred, the person to which the transferable record was most recently transferred;

(c) The authoritative copy is communicated to and maintained by the person asserting control or its designated custodian;

(d) Copies of revisions that add or change an identified assignee of the authoritative copy can be made only with the consent of the person asserting control;

(e) Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(f) Any revision of the authoritative copy is readily identifiable as authorized or unauthorized.

(4) Except as otherwise agreed, a person having control of a transferable record is the holder, as defined in KRS 355.1-201(20), of the transferable record and has the same rights and defenses as a holder of an equivalent record or writing under KRS Chapter 355, including, if the applicable statutory requirements under KRS 355.3-302(1), 355.7-501, or 355.9-330 are satisfied, the rights and defenses of a holder in due course, a holder to which a negotiable document of title has been duly negotiated, or a purchaser, respectively. Delivery, possession, and indorsement are not required to obtain or exercise any of the rights under this subsection.

(5) Except as otherwise agreed, an obligor under a transferable record has the same rights and defenses as an equivalent obligor under equivalent records or writing under KRS Chapter 355.

(6) If requested by a person against which enforcement is sought, the person seeking to enforce the transferable record shall provide reasonable proof that the person is in control of the transferable record. Proof may include access to the authoritative copy of the transferable record and related business records sufficient to review the terms of the transferable record and to establish the identity of the person having control of the transferable record.

(Enact. Acts 2000, ch. 301, § 16, effective August 1, 2000.)

369.117. Creation and retention of electronic records by governmental agencies — Conversion of written records by governmental agencies.

Each governmental agency of this Commonwealth shall determine whether, and the extent to which, it will create electronic records. The Kentucky Department for Libraries and Archives shall determine whether, and the extent to which, the Commonwealth will retain electronic records and convert written records to electronic records.

(Enact. Acts 2000, ch. 301, § 17, effective August 1, 2000.)

369.118. Acceptance and distribution of electronic records by governmental agencies.

(1) Except as otherwise provided in KRS 369.112(6), each governmental agency of this state, in compliance with standards established by the Governor’s Office for Technology, shall determine whether, and the extent to which, it will send and accept electronic records and electronic signatures to and from other persons and otherwise create, generate, communicate, store, process, use, and rely upon electronic records and electronic signatures.

(2) To the extent that a governmental agency uses electronic records and electronic signatures under subsection (1) of this section:

(a) The Governor’s Office for Technology, giving due consideration to security, may specify the manner and format in which the electronic records must be created, generated, sent, communicated, received, and stored and the systems established for those purposes;

(b) If electronic records must be signed by electronic means, each governmental agency, giving due consideration to security, may specify the type of electronic signature required, the manner and format in which the electronic signature must be affixed to the electronic record, and the identity of, or criteria that
must be met by, any third party used by a
person filing a document to facilitate the pro-
cess;
(c) The Governor’s Office for Technology and the
Department for Libraries and Archives, giving
due consideration to security, may specify con-
trol processes and procedures as appropriate
to ensure adequate preservation, disposition,
integrity, security, confidentiality, and
auditable of electronic records; and
(d) Each governmental agency, giving due consid-
eration to security, may specify any other
required attributes for electronic records
which are specified for corresponding nonelec-
tronic records or reasonably necessary under the
circumstances.
(3) Except as otherwise provided in KRS 369.112(6),
KRS 369.101 to 369.120 does not require a govern-
mental agency of this state to use or permit the use
of electronic records or electronic signatures.
(Enact. Acts 2000, ch. 301, § 18, effective August 1,
2000.)
369.119. Interoperability.
The Governor’s Office for Technology, which adopts
standards pursuant to KRS 369.118(2)(a), may encour-
ge and promote consistency and interoperability with
similar requirements adopted by other governmental
agencies of this and other states and the federal gov-
ernment and nongovernmental persons interacting
with governmental agencies of this state. If appropri-
ate, those standards may specify differing levels of
standards from which governmental agencies of this
state may choose in implementing the most appropri-
ate standard for a particular application.
(Enact. Acts 2000, ch. 301, § 19, effective August 1,
2000.)
369.120. Severability of provisions.
If any provision of KRS 369.101 to 369.120 or its
application to any person or circumstance is held in-
valid, the invalidity does not affect other provisions or
applications of KRS 369.101 to 369.120 which can be
given effect without the invalid provision or applica-
tion, and to this end the provisions of KRS 369.101 to
369.120 are severable.
(Enact. Acts 2000, ch. 301, § 20, effective August 1,
2000.)

ADMINISTRATION OF TRUSTS AND ESTATES OF PERSONS UNDER DISABILITY

CHAPTER 386
ADMINISTRATION OF TRUSTS — LEGAL INVESTMENTS — UNIFORM PRINCIPAL AND INCOME ACT

SECTION.
386.050. Housing authority obligations — Authorized invest-
The father of a child which is or may be born out of wedlock is liable to the same extent as the father of a child born in wedlock, whether or not the child is born alive, for the reasonable expense of the mother's pregnancy and confinement and for the education, necessary support and funeral expenses of the child. A child born during lawful wedlock, or within ten (10) months thereafter, is presumed to be the child of the husband and wife. However, a child born out of wedlock includes a child born to a married woman by a man other than her husband where evidence shows that the marital relationship between the husband and wife ceased ten (10) months prior to the birth of the child.
(Enact. Acts 1964, ch. 37, § 1; 1972, ch. 159, § 1.)

Cross-References. Children of illegal or void marriages, when legitimate, KRS 391.100.

406.021. Determination of paternity.
(1) Paternity may be determined upon the complaint of the mother, putative father, child, person, or agency substantially contributing to the support of the child. The action shall be brought by the county attorney or by the Cabinet for Families and Children or its designee upon the request of complainant authorized by this section.
(2) Paternity may be determined by the District Court when the mother and father of the child, either:
(a) Submit affidavits in which the mother states the name and Social Security number of the child's father and the father admits paternity of the child; or
(b) Give testimony before the District Court in which the mother states the name and Social Security number of the child's father and the father admits paternity of the child.
(3) If paternity has been determined or has been acknowledged according to the laws of this state, the liabilities of the father may be enforced in the same or other proceedings by the mother, child, person, or agency substantially contributing to the cost of pregnancy, confinement, education, necessary support, or funeral expenses. Bills for testing, pregnancy, and childbirth without requiring third party foundation testimony shall be regarded as prima facie evidence of the amount incurred. An action to enforce the liabilities shall be brought by the county attorney upon the request of such complainant authorized by this section. An action to enforce the liabilities of the cost of pregnancy, birthing costs, child support, and medical support

406.025. Rebuttable presumption of voluntary acknowledgment-of-paternity affidavit — Temporary support order if paternity is indicated — Continuation of child support until final determination of paternity.
(1) Upon completion of a signed, notarized, voluntary acknowledgment-of-paternity affidavit by the mother and alleged father, obtained through the hospital-based paternity program, and submitted to the state registrar of vital statistics, paternity shall be rebuttably presumed for the earlier of sixty (60) days or the date of an administrative or judicial proceeding relating to the child, including proceeding to establish a child support order.
(2) Upon completion of a signed, notarized, voluntary acknowledgment-of-paternity affidavit by the mother and alleged father obtained outside of the hospital and submitted to the state registrar of vital statistics, paternity shall be rebuttably presumed for the earlier of sixty (60) days or the date of an administrative or judicial proceeding relating to the child, including proceeding to establish a child support order.
(3) Pending an administrative or judicial determination of paternity, the liabilities of the father may be enforced in the same or other proceedings by the mother, child, person, or agency substantially contributing to the cost of pregnancy, confinement, education, necessary support, or funeral expenses. Bills for testing, pregnancy, and childbirth without requiring third party foundation testimony shall be regarded as prima facie evidence of the amount incurred. An action to enforce the liabilities shall be brought by the county attorney upon the request of such complainant authorized by this section. An action to enforce the liabilities of the cost of pregnancy, birthing costs, child support, and medical support
(4) The motion shall be accompanied by an affidavit setting forth the factual basis for the motion and the amounts requested.
(5) The court shall, within fourteen (14) days from the filing of the motion, order an amount of temporary
child support based upon the child support guidelines as provided by KRS 403.212. The ordered child support shall be retroactive to the date of the filing of the motion to move the court to enter an order for temporary child support without written or oral notice to the adverse party. The order shall provide that the order becomes effective seven (7) days following service of the order and movant's affidavit upon the adverse party unless the adverse party, within the seven (7) day period, files a motion for a hearing before the court. The motion for hearing shall be accompanied by the affidavit required by KRS 403.160(2)(a). Pending the hearing, the adverse party shall pay child support in an amount based upon the guidelines and the adverse party's affidavit. The child support order entered following the hearing shall be retroactive to the date of the filing of the motion for temporary support unless otherwise ordered by the court.

(6) Unless good cause is shown, court or administratively ordered child support shall continue until final judicial or administrative determination of paternity.

406.031. Limitation of action.

(1) The determination of paternity under the provisions of KRS 406.021(1) shall be commenced within eighteen (18) years after the birth, miscarriage or stillbirth of a child. However, in such cases, liability for child support shall not predate the initiation of action taken to determine paternity as set forth in KRS 406.021 if the action is taken four (4) years or more from the date of birth.

(2) Any person for whom paternity has not yet been established and who had not reached eighteen (18) years of age as of August 16, 1984, including those persons for whom a paternity action was brought but dismissed because a statute of limitations of less than eighteen (18) years was then in effect, may bring an action to establish paternity.

406.051. Remedies — District Court’s concurrent jurisdiction for child custody and visitation in paternity cases.

(1) The District Court has jurisdiction of an action brought under this chapter and all remedies for the enforcement of judgments for expenses of pregnancy and confinement for a wife or for education, necessary support, or funeral expenses for children born out of wedlock. An appeal may be had to the Circuit Court if prosecuted within sixty (60) days from the date of judgment. The court has continuing jurisdiction to modify or revoke a judgment for future education. All remedies under the uniform reciprocal enforcement of support acts are available for enforcement of duties of support under this chapter.

(2) The District Court may exercise jurisdiction, concurrent with that of the Circuit Court, to determine matters of child custody and visitation in cases where paternity is established as set forth in this chapter. The District Court, in making these determinations, shall utilize the provisions of KRS Chapter 403 relating to child custody and visitation. The District Court may decline jurisdiction if it finds the circumstances of any case require a level of proceedings more appropriate to the Circuit Court.

Compiler's Notes. The uniform reciprocal enforcement of support act referred to in this section is compiled as KRS Chapter 407.

**REPEAL OR VACATION OF CHARTERS — USURPATION**

**SECTION.**

415.060. Proceedings for usurpation against person holding office.

For usurpation of other than county offices or franchises, the action by the Commonwealth shall be instituted and prosecuted by the Attorney General.

(C.C. 485: trans. Acts 1952, ch. 84, § 1, effective July 1, 1953.)

Opinions of Attorney General. Under this section it is the duty of the Attorney General to institute ouster proceedings when a vacancy is created on a county board of education by the unexcused absence of a member from three consecutive meetings. OAG 60-1135.

Actions taken as a school board member after filing for nomination for the office of sheriff and thus disqualifying himself would be valid until the school board member resigned or was removed from office. OAG 65-211.

A school board member is a legal member of the board until he resigns or is removed in an ouster action. OAG 70-757.

Failing to meet the qualifications or doing that which is proscribed in KRS 160.180 constitutes cause for consideration for removal of a board of education member from office for usurpation of that office by the Attorney General. OAG 78-159.

The Office of Attorney General, which has the sole responsibility and authority for bringing an ouster or quo warranto action against a school board member pursuant to this section, is not required to accept as conclusive any affidavits as to
eighth grade completion which are provided pursuant to subdivision (1)(c) of KRS 160.180. OAG 82-53.

Ouster proceedings may be taken by the Attorney General pursuant to this section and KRS 415.060 against school board members who fail to obtain the required in-service training pursuant to KRS 160.180(5). OAG 85-145.

Persons who are ineligible to serve on school board should resign; however, unless a private citizen is claiming the office for himself, there is no proceeding short of an Attorney General ouster complaint which could prevent such individuals from taking the oath of office. OAG 92-160.

Where school board members were ineligible to serve on the board due to the employment of a relative by the school system and members refused to resign, the Office of the Attorney General could instigate ouster proceedings against them. OAG 92-160.

NOTES TO DECISIONS

Analysis

1. Construction.

In deciding whether the Attorney General has authority to bring ouster proceedings for usurpation of a public office, it is the governmental level of the office, rather than the nature of the usurpation for which ouster is sought which is controlling and since county school board members are state officers it is clear that usurpation of the office is to be attacked through actions brought by the Attorney General under this section. Commonwealth v. Mason, 284 S.W.2d 825 (Ky. 1955).

Courts should be slow to invoke estoppel against the state in its efforts to enforce a statute the purpose of which is to prevent “conflict of interest” situations and to prevent self-interest in the deliberation of public servants, and fact that county school board member was re-elected to a new term after the acts complained of did not “whitewash” him or furnish a defense. Stringer v. Commonwealth, 428 S.W.2d 203 (Ky. 1968).

Courts should not be deterred in giving “conflict of interest” statute its full measure of legislative intent by other public school authorities who may be instrumental in invoking the statute for purely selfish reasons. Stringer v. Commonwealth, 428 S.W.2d 203 (Ky. 1968).

The Attorney General had the power to give authority to an attorney to institute ouster proceedings, in the Attorney General’s name, against members of school board who were allegedly disqualified from holding the office. Commonwealth v. Begley, 273 Ky. 636, 117 S.W.2d 599 (1938). A public officer may not be ousted or enjoined from the performance of his duties, except as the result of an action brought by a person who claims the office, or in the case of a state officer, in an ouster action brought by the Attorney General. Griffey v. Board of Educ., 385 S.W.2d 319 (Ky. 1964).

3. State Office.

5. —School Board.

A member of the county board of education is not a county official but an official of the state; therefore, an action to oust a member of the county board of education, alleging he is a usurper of the office, should have been brought by the Attorney General and not by the Commonwealth’s attorney. Tipton v. Commonwealth, 238 Ky. 111, 36 S.W.2d 855 (1931).

The Attorney General has the authority through local counsel to institute an action to have a member of the board of education of a county declared a usurper, alleging that he has forfeited his office because of interest in contracts entered into with school board for purchase of coal. Commonwealth ex rel. Vincent v. Withers, 266 Ky. 29, 98 S.W.2d 24 (1936).

The Attorney General by an ordinary action may remove a member of a county board of education from office for wrongful acts. Richardson v. Commonwealth ex rel. Meridith, 275 Ky. 486, 122 S.W.2d 156 (1938).

Any member of the county board of education is a state officer and a suit to oust him as a usurper must be brought by the Attorney General. Chadwell v. Commonwealth, 288 Ky. 644, 157 S.W.2d 280 (1941).

A superintendent of schools, not claiming office of school board member, could not bring an action to oust school board member because of illegal transactions with the board in violation of KRS 160.180, but the Attorney General, under this section and KRS 415.060, had to bring the action since the board of education is a state and not a county office. Jones v. Browning, 298 Ky. 467, 183 S.W.2d 38 (1944).

A county board of education cannot declare office of one of its members vacant because of forfeiture due to the ineligibility of the member, and appoint another to serve in his stead under KRS 160.180; proper procedure is for an action to be brought by the Attorney General to have the office declared vacant for the office is a state office. Syalls v. Lyons, 304 Ky. 320, 200 S.W.2d 749 (1947).

An action to prevent usurpation of office by an elected member of county board of education, based on ineligibility because he did not possess an eighth grade education as required by KRS 160.180, which was filed after his election and oath of office but two days before the expiration of the term of his predecessor, was properly dismissed since a usurper is one who intrudes himself into an office that is vacant or without color of title or right, ousts the incumbent and assumes to act as an officer by exercising some of the functions of the office; thus, the term must have begun and the defendant have assumed, usurped or taken possession of the office prior to the filing of a petition for ouster, and the later assumption of the office and amendment of petition cannot give life to a premature petition. Broyles v. Commonwealth, 309 Ky. 837, 219 S.W.2d 52 (1949).

If alleged misconduct by local school board members is not considered by the superintendent of public instruction, in the exercise of a fair discretion, to be such as to warrant action by the state board of education, the local citizens may still obtain a remedy through proceedings by the Attorney General under KRS 415.030 and this section. Hogan v. Kentucky State Bd. of Educ., 329 S.W.2d 563 (Ky. 1959).

In ouster proceeding by Attorney General under authority of this section and KRS 415.060 against school board member based on his lack of qualifications, member’s failure to respond properly to request for admission that he lacked such qualifications constituted an admission of such lack, and judgment of ouster should have been granted. Commonwealth ex rel. Matthews v. Rice, 415 S.W.2d 618 (Ky. 1966).

The State Board for Elementary and Secondary Education, under the Kentucky Education Reform Act, has the authority to remove members from a county board of education for misconduct in office; there is no language in either KRS 156.132 or KRS 160.180 which suggests, let alone mandates, that the Attorney General has the exclusive power to remove district board members for violations of KRS 160.180. State Bd. for Elementary & Secondary Educ. v. Ball, 847 S.W.2d 743 (Ky. 1993).

6. —County School Superintendent.

A county school superintendent is not a county officer and thus an action against him for usurpation of office must be brought against him by the Attorney General, not by a Commonwealth’s attorney. Commonwealth ex rel. Baxter v.
A person adjudged to have usurped an office or franchise may be proceeded against for forfeiture thereof. A person who continues to exercise an office after having committed an act, or omitted to do an act, the commission or omission of which, by law, creates a forfeiture of the office, may be proceeded against for usurpation thereof.

(C.C. 486: trans. Acts 1952, ch. 84, § 1, effective July 1, 1953.)

NOTES TO DECISIONS

3. Acts creating forfeitures.
4. Person who must bring proceedings.

Evidence was insufficient to establish wrongful conduct by school board member which would constitute him a usurper in the office although his son was named truant officer and his daughter, a teacher, was transferred from the district high school to county high school at increased salary. Richardson v. Commonwealth ex rel. Meredith, 275 Ky. 486, 122 S.W.2d 156 (1938).

Under statute prescribing qualifications of members of county school board of education and specifying disqualification which will operate as a forfeiture of office, a member of county board of education who cannot prove his educational qualifications in the manner prescribed is a usurper of the office and a forfeiture will be declared in a direct proceeding. Chadwell v. Commonwealth, 288 Ky. 644, 157 S.W.2d 280 (1941).

A superintendent of schools, not claiming office of school board member, could not bring an action to oust school board member because of illegal transactions with the board in violation of KRS 160.180, but the Attorney General, under KRS 415.050 and this section, had to bring the action since the members holding said offices were usurpers, the offices being vacant because the members holding said offices were usurpers, the offices became immediately vacant and the judgment could not be suspended pending a final determination on appeal. McClendon v. Hamilton, 277 Ky. 734, 127 S.W.2d 605 (1939).

415.060. Proceedings for usurpation against person holding office.

A person who continues to exercise an office after having committed an act, or omitted to do an act, the commission or omission of which, by law, creates a forfeiture of his office, may be proceeded against for usurpation thereof.

2. Claimant Must Show Title.

A superintendent of common schools of a county, in possession of the office, though he be a usurper, cannot be deprived of it at the suit of another claimant of the office who cannot show himself entitled thereto. Wilson v. Tye, 126 Ky. 34, 31 Ky. L. Rptr. 491, 102 S.W. 856 (1907).

4. Appeal.

Where judgment was entered holding that offices of members of county board of education were vacant because the members holding said offices were usurpers, the offices became immediately vacant and the judgment could not be suspended pending a final determination on appeal. McClendon v. Hamilton, 277 Ky. 734, 127 S.W.2d 605 (1939).

A person adjudged to have usurped an office or franchise shall be deprived thereof by the judgment of the court, and the person adjudged entitled thereto shall be placed in possession thereof; but no one shall be adjudged entitled thereto, unless the action be instituted by him. And the court shall have power to enforce its judgment by causing the books and papers, and all other things pertaining to the office or franchise, to be surrendered by the usurper; and by preventing him from further exercising or using the same; and may enforce its orders by fine and imprisonment until obeyed.

(1) Notwithstanding any other provision of the law, a department, instrumentality or agency of a consolidated local government, city, county, or urban-county government, other than a waterworks corporation the capital stock of which is wholly owned by a city of the first class or a consolidated local government, having a right of eminent domain under other statutes shall exercise such right only by requesting the condemnation. If the governing body of the consolidated local government, city, county or urban-county government wherein the largest part of the individual tract of the property sought to be condemned lies, to institute condemnation proceedings on its behalf.
(2) If any department, instrumentality, or agency of a consolidated local government, city, county, or urban-county government, other than a waterworks corporation the capital stock of which is wholly owned by a city of the first class or a consolidated local government, operates in more than one (1) governmental unit, it shall request the governing body of the consolidated local government, city, county, or urban-county government wherein the largest part of the individual tract of the property sought to be condemned lies, to institute condemnation proceedings on its behalf.
(3) A department, instrumentality, or agency of the Commonwealth of Kentucky, other than the Transportation Cabinet and local boards of education, having a right of eminent domain under other statutes shall exercise such right only by requesting the Finance and Administration Cabinet to institute condemnation proceedings on its behalf. If the Finance and Administration Cabinet agrees, it shall institute such proceedings under KRS 416.570, and all costs involved in the condemnation shall be borne by the department, instrumentality, or agency requesting the condemnation.
(4) Prior to the filing of the petition to condemn, the condemnor or its employees or agents shall have the right to enter upon any land or improvement which it has the power to condemn, in order to make studies, surveys, tests, sounding, and appraisals, provided that the owner of the land or the party in whose name the property is assessed has been notified ten (10) days prior to entry on the property. Any actual damages sustained by the owner of a property interest in the property entered upon by the condemnor shall be paid by the condemnor and shall be assessed by the court or the court may refer the matter to commissioners to ascertain and assess the damages sustained by the condemnor, which award shall be subject to appeal.

416.570. Filing of petition.
Except as otherwise provided in KRS 416.560, a condemnor seeking to condemn property or the use and occupation thereof, shall file a verified petition in the circuit court of the county in which all or the greater portion of the property sought to be condemned is located, which petition shall state that it is filed under the provisions of KRS 416.550 to 416.670 and shall contain, in substance:
(1) Allegations sufficient to show that the petitioner is entitled, under the provisions of applicable law, to exercise the right of eminent domain and to condemn the property, or the use and occupation thereof, sought to be taken in such proceedings;
(2) A particular description of the property and the use and occupation thereof sought to be condemned; and

(3) An application to the court to appoint commissioners to award the amount of compensation the owner of the property sought to be condemned is entitled to receive therefor.

(Enact. Acts 1976, ch. 140, § 5.)

(1) The circuit court, or in the absence of the circuit judge from the county, the circuit court clerk, shall appoint as commissioners three (3) impartial housekeepers of the county who are owners of land. They shall be sworn to faithfully and impartially discharge their duties under this section. The commissioners shall view the land or material sought to be condemned and award to the owner or owners such a sum as will fairly represent the reduction in the market value of the entire property, all of or a portion of which is sought to be condemned, said sum being the difference between the market value of the entire property immediately before the taking and the market value of the remainder of the property immediately after the taking thereof, together with the fair rental value of any temporary easements sought to be condemned. Within fifteen (15) days from the date of their appointment, they shall return a written report to the office of the circuit court, stating the above values in their award and shall describe in their report the property sought to be condemned. They shall be allowed a reasonable fee which shall be taxed as costs.

(2) In the event any person appointed to serve as commissioner fails, refuses or becomes incapable of acting, the court, or judge thereof, shall forthwith appoint a qualified person to fill the vacancy. A majority of the commissioners appointed and qualified have the power to act and to make and sign the award and report. If a majority of the commissioners do not agree on a decision, three (3) new commissioners shall be appointed by the court on application by any of the parties to the action.

(Enact. Acts 1976, ch. 140, § 6.)

416.590. Issuing summons.

Upon the application of the petitioner, and the filing of any necessary affidavits, the clerk of the court shall issue process against the owner to show cause why the petitioner does not have the right to condemn the land, or the use and occupation thereof sought to be condemned. The summons shall contain a statement of the amount of the award and shall state that an answer or other pleading, if any, must be filed within twenty (20) days from date of service. The clerk shall make such orders as to nonresidents and persons under disability as are required by the statutes and Rules of Civil Procedure in actions against them in circuit courts.

(Enact. Acts 1976, ch. 140, § 7.)

416.600. Filing answer.

Any answer or other pleading filed by the owner in response to the summons shall be filed on or before the twenty (20) days after date of service and shall be confined solely to the question of the right of the petitioner to condemn the property sought to be condemned, but without prejudice to the owner’s right to except from the amount of the compensation awarded in the manner provided in KRS 416.550 to 416.670.

(Enact. Acts 1976, ch. 140, § 8.)

416.610. Trial by court on pleadings — Interlocutory judgment.

(1) After the owner has been summoned twenty (20) days, the court shall examine the report of the commissioners to determine whether it conforms to the provisions of KRS 416.580. If the report of the commissioners is not in the proper form the court shall require the commissioners to make such corrections as are necessary.

(2) If no answer or other pleading is filed by the owner or owners putting in issue the right of the petitioner to condemn the property or the use and occupation thereof sought to be condemned, the court shall enter an interlocutory judgment which shall contain, in substance:

(a) A finding that the petitioner has the right, under the provisions of KRS 416.550 to 416.670 and other applicable law to condemn the property or the use and occupation thereof;

(b) A finding that the report of the commissioners conforms to the provisions of KRS 416.580;

(c) An authorization to take possession of the property for the purposes and under the conditions and limitations, if any, set forth in the petition upon payment to the owner or to the clerk of the court the amount of the compensation awarded by the commissioners;

(d) Proper provision for the conveyance of the title to the land and material, to the extent condemned, as adjudged therein in the event no exception is taken as provided in KRS 416.620(1).

(3) Any exception from such interlocutory judgment by either party or both parties shall be confined solely to exceptions to the amount of compensation awarded by the commissioners.

(4) If the owner has filed answer or pleading putting in issue the right of the petitioner to condemn the property or use and occupation thereof sought to be condemned, the court shall, without intervention of jury, proceed forthwith to hear and determine whether or not the petitioner has such right. If the court determines that petitioner has such rights, an interlocutory judgment, as provided for in subsection (2) of this section, shall be entered. If the court determines that petitioner does not have
such right, it shall enter a final judgment which shall contain, in substance:

(a) A finding that the report of the commissioners conforms to the provisions of KRS 416.580;

(b) A finding that the petitioner is not authorized to condemn the property or the use and occupation thereof for the purposes and under the conditions and limitations set forth in the petition, stating the particular ground or grounds on which the petitioner is not so authorized;

(c) An order dismissing the petition and directing the petitioner to pay all costs.

(Enact. Acts 1976, ch. 140, § 9.)

416.620. Trial of exceptions to interlocutory judgment — Questions as to compensation to be tried by jury — Appeals.

(1) Within thirty (30) days from the date of entry of an interlocutory judgment authorizing the petitioner to take possession of the property, exceptions may be filed by either party or both parties by filing with the clerk of the circuit court and serving upon the other party or parties a statement of exceptions, which statement shall contain any exceptions the party has to the award made by the commissioners. The statement of exceptions shall be tried, but shall be limited to the questions which are raised in the original statements of the exceptions, or as amended, but the owner shall not be permitted to raise any question, nor shall the court reconsider any question so raised, concerning the right of the petitioner to condemn the property. All questions of fact pertaining to the amount of compensation to the owner, or owners, shall be determined by a jury, which jury on the motion of either party shall be sent by the court, in the charge of the sheriff, to view the land and material. After a jury trial, and if possession previously has not been taken by the condemnor of the land and material condemned, it may do so upon the payment to the owner or to the clerk of the circuit court the amount of the compensation adjudged by the circuit court to be due the owner.

(2) Appeals may be taken to the Court of Appeals from the final judgment of the circuit court as in other cases except that an appeal by the owner shall not operate as a supersedeas.

(3) The payment by the condemnor of the amount of compensation awarded and the taking possession of the lands and material condemned shall not prejudice its right to except from the award of the commissioners or the judgment of any court, nor shall the acceptance by the owner of the amount of the compensation awarded prejudice his right to except from the award of the commissioners or the judgment of any court.

(4) All costs in the circuit court shall be adjudged against the condemnor.

(5) If the condemnor takes possession of the property condemned and the amount of compensation is thereafter increased over that awarded by the commissioners, the condemnor shall pay interest to the owner at the rate of six percent (6%) per annum upon the amount of such increase from the date the condemnor took possession of the property. If the condemnor takes possession of the property condemned and the amount of compensation is thereafter decreased below that awarded by the commissioners, the condemnor shall be entitled to a personal judgment against the owner for the amount of the decrease plus interest at the rate of six percent (6%) per annum from the date the owner accepted the amount of compensation the condemnor paid into court or to the owner. If the owner at all times refuses to accept the payment tendered by the condemnor, no interest shall be allowed in the judgment against the owner for the amount of the decrease.

(6) Upon the final determination of exceptions, or upon expiration of thirty (30) days from entry of the interlocutory judgment if no exceptions are filed, the circuit court shall make such orders as may be proper for the conveyance of the title to the extent condemned, to the property, and shall enter such final judgment as may be appropriate.

(Enact. Acts 1976, ch. 140, § 10.)

416.630. Money paid into court.

All money paid into court or paid or transferred to the clerk of a court under the provisions of KRS 416.550 to 416.670 shall be received by the clerk of the court and held subject to the order of the court, for which the clerk and his sureties on his official bond shall be responsible to the persons entitled thereto.

416.640. Conflicting claimants to condemned land.

Where there are conflicting claimants to the land sought to be condemned and all such parties are before the court, each claimant, for the purposes of the condemnation proceeding only, shall be deemed to be an owner, and the procedure for the condemnation of the land shall be as provided in KRS 416.550 to 416.670 except that, before the condemnor shall be entitled to take possession of the land, it shall be required to pay the compensation awarded therein to the circuit court clerk to be held for the benefit of, and paid over to such persons as may thereafter be determined to be entitled to receive it. In such cases, the claimants may have their rights determined in a separate action, but the filing of such action or its pendency shall in no wise stay or delay said condemnation proceedings.

(Enact. Acts 1976, ch. 140, § 12.)

All proceedings under KRS 416.550 to 416.670 shall be governed by the provisions of the Rules of Civil Procedure except where the provisions of KRS 416.550 to 416.670 specifically or by necessary implication provide otherwise.

(1) In all actions for the condemnation of lands under the provisions of KRS 416.550 to 416.670, except temporary easements, there shall be awarded to the landowners as compensation such a sum as will fairly represent the difference between the fair market value of the entire tract, all or a portion of which is sought to be condemned, immediately before the taking and the fair market value of the remainder thereof immediately after the taking, including in the remainder all rights which the landowner may retain in the lands sought to be condemned where less than the fee simple interest therein is taken, together with the fair rental value of any temporary easements sought to be condemned.

(2) Any change in the fair market value prior to the date of condemnation which the condemnor or condemnee establishes was substantially due to the general knowledge of the imminence of condemnation or the construction of the project shall be disregarded in determining fair market value. The taking date for valuation purposes shall be either the date the condemnor takes the land, or the date of the trial of the issue of just compensation, whichever occurs first.

(Enact. Acts 1976, ch. 140, § 14.)

DECISIONS UNDER PRIOR LAW

ANALYSIS

1. Measure of compensation.

5. — Comparable sales.

1. Measure of Compensation.

The landowner was entitled to receive as just compensation the difference in the fair market value of the total tract of land immediately before and immediately after the taking of a portion of the land for school purposes. Usher & Gardner, Inc. v. Mayfield Independent Bd. of Educ., 461 S.W.2d 560 (Ky. 1970).

5. — Comparable Sales.

In condemnation suit where landowners were permitted to show for comparative valuation purposes a fairly recent transaction in which school board had purchased property the question of whether the school board transaction was free and voluntary from the standpoint of the purchaser was a matter for the consideration of the jury. Commonwealth, Dep't of Hwys. v. McGeorge, 369 S.W.2d 126 (Ky. 1963).

416.670. Limitations on condemnation powers — Rights of current landowner.

(1) Development shall be started on any property which has been acquired through condemnation within a period of eight (8) years from the date of the deed to the condemnor or the date on which the condemnor took possession, whichever is earlier, for the purpose for which it was condemned. The failure of the condemnor to so begin development shall entitle the current landowner to repurchase the property at the price the condemnor paid to the landowner for the property. The current owner of the land from which the condemned land was taken may reacquire the land as aforementioned.

(2) Any condemnor who fails to develop property acquired by condemnation or who fails to begin design on highway projects pursuant to KRS Chapter 177 within a period of eight (8) years after acquisition, shall notify the current landowner of the provisions of subsection (1) of this section. If the current landowner refuses to purchase property described in this section, public notice shall be given in a manner prescribed in KRS Chapter 424 within thirty (30) days of the refusal, and the property shall be sold at auction. Provided, however, that this section shall not apply to property acquired for purposes of industrial development pursuant to KRS Chapter 152.

(3) If there are two (2) or more current owners of the land from which the condemned land was taken because the remaining land was subdivided, and if they have a common boundary with the condemned land, the condemned land shall be reacquired by allowing all owners of a parcel of the remaining land with a common boundary and from which the condemned land was taken to offer sealed bids for the condemned land within thirty (30) days of notification by the condemnor. The condemnor shall accept the highest and best sealed bid equal to or greater than the price paid at the time of condemnation. If there are no sealed bids or if all sealed bids are below the original price paid by the condemnor for the property, the property shall be sold at auction.

416.680. Short title.

KRS 416.540 to 416.670 shall be known as the “Eminent Domain Act of Kentucky.”

(Enact. Acts 1976, ch. 140, § 1.)

Penalties

416.990. Penalties.

Any person who places any obstruction, including poles, wires, signboards, fences, gas, water, sewerage, oil or other pipelines, on any part of the right-of-way of any state highway, or under any such highway, before obtaining the permit required by subsection (3) of KRS 416.140, or who fails to remove any obstruction when given notice as provided in that subsection, shall be fined not less than ten dollars ($10.00) nor more than one hundred dollars ($100), and each day the obstruction is continued without permit or after such notice to remove shall constitute a separate offense.

GENERAL PROVISIONS

424.110. Definitions.

As used in KRS 424.110 to 424.370:
(1) “Publication area” means the city, county, district, or other local area for which an advertisement is required by law to be made. An advertisement shall be deemed to be for a particular city, county, district, or other local area if it concerns an official activity of the city, county, district, or other area or of any governing body, board, commission, officer, agency, or court thereof, or if the subject of the advertisement concerns particularly the people of the city, county, district, or other area;
(2) “Advertisement” means any matter required by law to be published; and
(3) “Zoned edition” means a newspaper edition published at least once a week, distributed in a specific geographic region of the newspaper’s circulation area, and containing reporting and advertising of interest to subscribers in that geographic region.
(Enact. Acts 1958, ch. 42, § 1; 1960, ch. 168, § 1; 1992, ch. 9, § 1, effective July 14, 1992.)

Cross-References. Fish and wildlife resources, department of, rules and regulations as to game and fish, nonapplication of chapter to, KRS 150.025.

424.120. Qualifications of newspapers.

(1) Except as provided in subsection (2) of this section, if an advertisement for a publication area is required by law to be published in a newspaper, the publication shall be made in a newspaper that meets the following requirements:
(a) It shall be published in the publication area. A newspaper shall be deemed to be published in the area if it maintains its principal office in the area for the purpose of gathering news and soliciting advertisements and other general business of newspaper publications, and has a second-class mailing permit issued for that office. A newspaper published outside of Kentucky shall not be eligible to carry advertisements for any county or publication area within the county, other than for the city in which its main office is located, if there is a newspaper published in the county that has a substantial general circulation throughout the county and that otherwise meets the requirements of this section; and
(b) It shall be of regular issue and have a bona fide circulation in the publication area. A newspaper shall be deemed to be of regular issue if it is published regularly, as frequently as once a week, for at least fifty (50) weeks during the calendar year as prescribed by its mailing permit, and has been so published in the area for the immediately preceding two-year period. A newspaper meeting all the criteria to be of regular issue, except publication in the area for the immediately preceding two-year period, shall be deemed to be of regular issue if it is the only paper in the publication area and has a paid circulation equal to at least ten percent (10%) of the population of the publication area. A newspaper shall be deemed to be of bona fide circulation in the publication area if it is circulated generally in the area, and maintains a definite price or consideration not less than fifty percent (50%) of its published price, and is paid for by not less than fifty percent (50%) of those to whom distribution is made; and
(c) It shall bear a title or name, consist of not less than four (4) pages without a cover, and be of a type to which the general public resorts for passing events of a political, religious, commercial, and social nature, and for current happenings, announcements, miscellaneous reading matter, advertisements, and other notices. The news content shall be at least twenty-five percent (25%) of the total column space in more than one-half (1⁄2) of its issues during any twelve-month period.
(d) If, in a publication area there is more than one (1) newspaper which meets the above requirements, the newspaper having the largest bona
lige paid circulation as shown by the average number of paid copies of each issue as shown in its published statement of ownership as filed on October 1 for the publication area shall be the newspaper where advertisements required by law to be published shall be carried.

(e) For the purposes of KRS Chapter 424, publishing shall be considered as the total recurring processes of producing the newspaper, embracing all of the included contents of reading matter, illustrations, and advertising enumerated in paragraphs (a) through (d) of this subsection. A newspaper shall not be excluded from qualifying for the purposes of legal publications as provided in this chapter if its printing or reproduction processes take place outside the publication area.

(2) (a) If, in the case of a publication area smaller than the county in which it is located, there is no newspaper published in the area, the publication shall be made in a newspaper published in the county that is qualified under this section to publish advertisements for the county. If the qualified newspaper publishes a zoned edition which is distributed to regular subscribers within the publication area, any advertisement required by law to be published in the publication area may be published in the zoned edition distributed in that area.

(b) If, in any county there is no newspaper meeting the requirements of this section for publishing advertisements for that county, any advertisements required to be published for the county or for any publication area within the county shall be published in a newspaper of the largest bona fide circulation in that county published in and qualified to publish advertisements for an adjoining county in Kentucky. This subsection is intended to supersede any statute that provides or contemplates that newspaper publication may be dispensed with if there is no newspaper printed or published or of general circulation in the particular publication area.

(3) If a publication area consists of a district, other than a city, which extends into more than one (1) county, the part of the district in each county shall be considered to be a separate publication area for the purposes of this section, and an advertisement for each separate publication area shall be published in a newspaper qualified under this section to publish advertisements for the area.

Opinions of Attorney General.
Where a member of a county board of education and her husband owned a weekly newspaper, the only newspaper in that county, school financial statements and legal notices could pursuant to this section and KRS 424.220 be published in such newspaper without violating KRS 160.180. OAG 73-438.

No conflict of interests would exist if the wife of a publisher of a paper qualified pursuant to this section to publish legal advertisements for the county board of education is elected to the board of education. OAG 74-516.

KRS 158.690 (repealed) requires the school district’s annual performance report to be published annually in the newspaper with the largest circulation in the county; a district is to determine which paper is the largest circulation by applying the criteria of subdivision (1)(d) of this section. OAG 86-72.

Since the annual performance report required by KRS 158.690 (repealed) to be published is a matter required by law to be published, it is an “advertisement” within the meaning of KRS Chapter 424, and this section is applicable to the school district’s duty to publish the annual performance report pursuant to KRS 158.690 (repealed). OAG 86-72.

A newspaper distributed for free may not be considered for publication of the school district’s annual performance report required by KRS 158.690 (repealed). OAG 86-72.

424.130. Times and periods of publication.

(1) Except as otherwise provided in KRS 424.110 to 424.370 and notwithstanding any provision of existing law providing for different times or periods of publication, the times and periods of publications of advertisements required by law to be made in a newspaper shall be as follows:

(a) When an advertisement is of a completed act, such as an ordinance, resolution, regulation, order, rule, report, statement, or certificate and the purpose of the publication is to inform the public or the members of any class of persons that they may or shall do an act or exercise a right within a designated period or upon or by a designated date, the advertisement shall be published once (1) time only and within thirty (30) days after completion of the act. However, a failure to comply with this paragraph shall not subject a person to any of the penalties provided by KRS 424.990 unless such failure continues for a period of ten (10) days after notice to comply has been given him by registered letter.

(b) When an advertisement is for the purpose of informing the public or the members of any class of persons that on or before a certain day they may or shall file a petition or exceptions or a remonstrance or protest or objection, or resist the granting of an application or petition, or present or file a claim, or submit a bid, the advertisement shall be published at least once, but may be published two (2) or more times, provided that one (1) publication occurs not less than seven (7) days nor more than twenty-one (21) days before the occurrence of the act or event.

(c) Excepting counties with a city of the first class or a consolidated local government, when an advertisement is for the purpose of informing the public and the advertisement is of a sale of property or is a notice of delinquent taxes, the advertisement shall be published once a week for three (3) successive weeks. For counties containing a city of the first class or a consolidated local government, when an advertise-
ment is for the purpose of informing the public and the advertisement is a notice of delinquent taxes, or notice of the sale of tax claims, the advertisement shall be published once, preceded by a one-half (½) page notice of advertisement the preceding week. The provisions of this paragraph shall not be construed to require the advertisement of notice of delinquent state taxes which are collected by the state.

(d) Any advertisement not coming within the scope of paragraph (a), (b), or (c) of this subsection, such as one for the purpose of informing the public or the members of any class of persons of the holding of an election, or of a public hearing, or of an examination, or of an opportunity for inspection, or of the due date of a tax or special assessment, shall be published at least once but may be published two (2) or more times, provided that one (1) publication occurs not less than seven (7) days nor more than twenty-one (21) days before the occurrence of the act or event, or in the case of an inspection period, the inspection period commences.

(e) If the particular statute requiring that an advertisement be published provides that the day upon or by which, or the period within which, an act may or shall be done or a right exercised, or an event may or shall take place, is to be determined by computing time for the day of publication of an advertisement, the advertisement shall be published at least once, promptly, in accordance with the statute, and the computation of time shall be from the day of initial publication.

(2) This section is not intended to supersede or affect any statute providing for notice of the fact that an adversary action in court has been commenced.

424.140. Contents or form of advertisements.

(1) Any advertisement of a hearing, meeting or examination shall state the time, place and purpose of the same.

(2) Any advertisement of an election shall state the time and purpose of the election, and if the election is upon a public question the advertisement shall state the substance of the question.

(3) Any advertisement for bids or of a sale shall describe what is to be bid for or sold, the time and place of the sale or for the receipt of bids, and any special terms of the sale.

(4) Where any statute provides that, within a specified period of time after action by any governmental agency, unit or body, members of the public or anyone interested in or affected by such action shall or may act, and it is provided by statute that notice of such governmental action be published, the advertisement shall state the time and place when and where action may be taken.

424.150. Person responsible for publishing. When any statute providing for newspaper publication of an advertisement does not designate the person responsible for causing the publication to be made, the responsible person shall be:

(1) Where the advertisement is of the filing of a petition or application, the person by whom the same is filed;

(2) Where the advertisement is of an activity or action of:

(a) An individual public officer, the officer himself;

(b) A city, the city clerk if there be one; if not, the mayor;

(c) A county, the county clerk;

(d) A district, or a board, commission or agency of a city, county or district, the chief administrative or executive officer or agent thereof;

(e) A court, the clerk thereof;

(f) A state department or agency, the head thereof.

424.160. Rates.

(1) For all newspaper advertising required by law, the publisher is entitled to receive payment for each insertion at a rate per column inch, computed as or published no larger than nine (9) point type on ten (10) point leading. The rate shall not exceed the lowest rate paid by advertisers for comparable matter in the same publication.

(2) If by law or by the nature of the matter to be published, a display form of advertisement is required, or if the person or officer responsible for causing an advertisement to be published determines in his discretion that a display form is practicable or feasible, and so directs the newspaper, the advertisement shall be published in display form and the newspaper shall be entitled to receive its established display rate.

(3) If it is provided by statute that an advertisement shall be published of the filing of a petition or application seeking official action, the filing, if required by other than a governmental official or agency, shall not be deemed complete unless there is deposited with the petition or application an amount sufficient to pay the cost of publication.

(4) The expense of advertisements in judicial proceedings shall be taxed as costs by the clerk of the court.

424.170. Proof of publication.

(1) The affidavit of the publisher or proprietor of a newspaper, stating that an advertisement has been published in his newspaper and the times it was published, attached to a copy of the advertisement, constitutes prima facie evidence that the publication was made as stated in the affidavit.
(2) The affidavit of the person responsible for publishing as described in KRS 424.150, stating that an advertisement has been delivered by first class mail to each residence within the publication area, attached to a copy of the advertisement, constitutes prima facie evidence that the publication was made as stated in the affidavit and that the expenditure for the cost of postage, all supplies, and reproduction of the advertisement did not exceed the cost of newspaper publication of the advertisement.

424.195. Supplementation of printed notice by broadcast in certain cases.

(1) Any official of the Commonwealth of Kentucky or any of its political subdivisions who is required by law to publish any legal notice or notice of event may supplement, not to exceed twelve (12) publications unless otherwise ordered by a court of competent jurisdiction thereof by use of radio or television spot announcements, or both, when, in his judgment, the public interest will be served thereby; except, that notices by political subdivisions may be made only by stations having a broadcast studio within the county of origin of the legal notice, and that broadcast notices shall call attention solely to published or posted notices required by statute.

(2) Each radio or television station broadcasting a legal notice or notice of event shall for a period of three (3) months subsequent to such broadcast retain at its office a copy of the transcript of the text of the notices actually broadcast and such shall be available for public inspection.

(3) The radio or television station which broadcasts the legal notice authorized by this section shall be entitled to receive payment of an amount equal to the customary charges of such station for such service.

(4) The publication of legal notices under this section shall be restricted to legal notices relating to those official acts of public officers requiring a final determination by order of any court of competent jurisdiction in the Commonwealth.

(Enact. Acts 1970, ch. 100, § 1.)

MATTERS REQUIRED TO BE PUBLISHED

424.220. Financial statements.

(1) Excepting officers of a city of the first class or a consolidated local government, a county containing such a city or consolidated local government, a public agency of such a city, consolidated local government, or county, or a joint agency of such a city, consolidated local government, and county, or of a school district of such a city, consolidated local government, or county, and excelling officers of a city of the second class or an urban-county government, every public officer of any school district, city, consolidated local government, county, or subdivision, or district less than a county, whose duty it is to collect, receive, have the custody, control, or disbursement of public funds, and every officer of any board or commission of a city, consolidated local government, county, or district whose duty it is to collect, receive, have the custody, control, or disbursement of funds collected from the public in the form of rates, charges, or assessments for services or benefits, shall at the expiration of each fiscal year prepare an itemized, sworn statement of the funds collected, received, held, or disbursed by him during the fiscal year just closed, unless he has complied with KRS 424.230. Pursuant to subsections (2) and (3) of KRS 91A.040, each city of the sixth class shall prepare an itemized, sworn statement of the funds collected, received, held, or disbursed by the city which complies with the provisions of this section.

(2) The statement shall show:

(a) The total amount of funds collected and received during the fiscal year from each individual source; and

(b) The total amount of funds disbursed during the fiscal year to each individual payee and the purpose for which the funds were expended.

(3) Only the totals of amounts paid to each individual as salary or commission and public utility bills shall be shown. The amount of salaries paid to all nonelected county employees shall be shown as lump-sum expenditures by category, including but not limited to road department, jails, solid waste, public safety, and administrative personnel.

(4) The amount of salaries paid to all teachers shall be shown as a lump-sum instructional expenditure for the school district and not by amount paid to individual teachers. The amount of salaries paid to all other employees of the board shall be shown as lump-sum expenditures by category, including but not limited to administrative, maintenance, transportation, and food service. The local board of education and the fiscal court shall have accessible a factual list of individual salaries for public scrutiny and the local board and the fiscal court shall furnish by mail a factual list of individual salaries of its employees to a newspaper qualified under KRS 424.120 to publish advertisements for the district, which newspaper may then publish as a news item the individual salaries of school or county employees.

(5) The officer shall procure and include in or attach to the financial statement, as a part thereof, a certificate from the cashier or other proper officer of the banks in which the funds are or have been deposited during the past year, showing the balance, if any, of funds to the credit of the officer making the statement.

(6) The officer shall, except in a city electing to publish its audit in lieu of the financial statement in accordance with KRS 91A.040(6), within sixty (60) days after the close of the fiscal year cause the financial statement to be published in full in a newspaper qualified under KRS 424.120 to publish advertisements for the city, county, or district, as the case may be. Promptly after the publication is made, the officer shall file a written or printed copy
of the advertisement with proof of publication, in the office of the county clerk of the county and with the Auditor of Public Accounts. Promptly after the publication is made, the officer shall also file one (1) copy of the financial statement with the Kentucky Department for Local Government.

(7) In lieu of the publication requirements of subsection (6) of this section, the appropriate officer of any municipally owned electric, gas, or water system may elect to satisfy the requirements of subsection (6) of this section by:
(a) Preparation of a certified audit by a certified public accountant, performed in accordance with generally accepted principles of accounting, for the fiscal year;
(b) Publishing in a newspaper qualified under KRS 424.120 to publish advertisements for the city, county, or district as the case may be, the statement of revenue and expenditures from such audit, together with the statement that the audit report is available for inspection at the offices of the utility; and
(c) Making such audit available for inspection on request of anyone during normal working hours of the utility.

(8) In lieu of the publication requirements of subsection (6) of this section, the appropriate officer of a county may elect to satisfy the requirements of subsection (6) of this section by publishing an audit, prepared in accordance with KRS 43.070 or 64.810, in the same manner that city audits are published in accordance with KRS 91A.040(7).

Opinions of Attorney General. A school district must publish the financial statement required by this section relative to the receipt and disbursement of funds received under the elementary and secondary education act, title I, even though the source of the funds is entirely federal money. OAG 67-422.

The name of the teacher must be reflected along with the gross or total salary paid. OAG 71-128.

Where a member of a county board of education and her husband own a weekly newspaper, the only newspaper in the county, school financial statements and legal notices could be published in such newspaper pursuant to this section and KRS 424.120 without violating KRS 160.180. OAG 73-438.

Under the expressed provisions of this section, as amended in 1976, only the lump sum of salaries paid to teachers and other employees of the school district must be shown in the published financial statement. OAG 76-393; 76-415.

Under this section a qualified newspaper may, at its expense, publish as a news item the individual salaries of school employees. OAG 77-418.

It is necessary, in order to comply with this section, that a school district include in its financial statement receipts and disbursements for a cafeteria account. OAG 82-622.

424.230. Optional monthly or quarterly statements. Any officer who is subject to the provisions of KRS 424.220 may elect to prepare and publish monthly or quarterly statements, in lieu of the annual statements required by KRS 424.220. All of the provisions of KRS 424.220 shall be applicable to such a monthly or quarterly statement except that (1) the statement shall cover only the preceding month or quarter, as the case may be, and (2) the publication shall be made within thirty (30) days after the end of the month or quarter, as the case may be. Any officer who has elected to proceed under this section shall not be exempted from the requirements of KRS 424.220 for any fiscal year unless he has caused to be prepared and published, in accordance with this section, a proper statement for each month or quarter of the fiscal year.

424.250. School district budget. At the same time that copies of the budget of a school district are filed with the clerk of the tax levying authority for the district, as provided in KRS 160.470, the board of education of the district shall cause the budget to be advertised for the district by publishing a copy of the budget in a newspaper.

(Enact. Acts 1958, ch. 42, § 15.)

Cross-References. School districts, KRS ch. 160. Opinions of Attorney General. While the amending of KRS 160.470 and the making of each school district their own tax levyng authority repeals that part of this section as to filing the budget with a clerk, the other part of the statute calling for the budget to be published in a newspaper is capable of being observed. OAG 82-603.

424.260. Bids for materials, supplies, equipment, or services.

(1) Except where a statute specifically fixes a larger sum as the minimum for a requirement of advertisement for bids, no city, county, or district, or board or commission of a city or county, or sheriff or county clerk, may make a contract, lease, or other agreement for materials, supplies except perishable meat, fish, and vegetables, equipment, or for contractual services other than professional, involving an expenditure of more than twenty thousand dollars ($20,000) without first making newspaper advertisement for bids.

(2) If the fiscal court requires that the sheriff or county clerk advertise for bids on expenditures of less than twenty thousand dollars ($20,000), the fiscal court requirement shall prevail.

(3) (a) Nothing in this statute shall limit or restrict the ability of a local school district to acquire supplies and equipment outside of the bidding procedure if those supplies and equipment meet the specifications of the contracts awarded by the Division of Material and Procurement Services or a federal, local, or cooperative agency and are available for purchase elsewhere at a lower price. A board of education may purchase those supplies and equip-
ment without advertising for bids if, prior to making the purchases, the board of education obtains certification from the district's finance or purchasing officer that the items to be purchased meet the standards and specifications fixed by state price contract, federal (GSA) price contract, or the bid of another school district whose bid specifications allow other districts to utilize their bids, and that the sales price is lower than that established by the various price contract agreements or available through the bid of another school district whose bid specifications would allow the district to utilize their bid.

(b) The procedures set forth in paragraph (a) of this subsection shall not be available to the district for any specific item once the bidding procedure has been initiated by an invitation to bid and a publication of specifications for that specific item has been published. In the event that all bids are rejected, the district may again avail itself of the provisions of paragraph (a) of this subsection.

(4) This requirement shall not apply in an emergency if the chief executive officer of the city, county, or district has duly certified that an emergency exists, and has filed a copy of the certificate with the chief financial officer of the city, county, or district, or if the sheriff or the county clerk has certified that an emergency exists, and has filed a copy of the certificate with the clerk of the court where his necessary office expenses are fixed pursuant to KRS 64.345 or 64.530, or if the superintendent of the board of education has duly certified that an emergency exists, and has filed a copy of the certificate with the chief state school officer.

(5) The provisions of subsection (1) of this section shall not apply for the purchase of wholesale electric power for resale to the ultimate customers of a municipal utility organized under KRS 96.550 to 96.900.

Legislative Research Commission Note. (7/14/2000). This section was amended by 2000 Ky. Acts chs. 5, 225, and 510, which do not appear to be in conflict and have been codified together.

Cross-References. Model Procurement Code, KRS 45A.005 to 45A.990.

Bidding procedures, 702 KAR 3:135.

Opinions of Attorney General. If a board of education buys oil and gasoline for school buses in bulk and the purchase price exceeds $1,000, the purchasing of these supplies should be done through bid advertising. OAG 60-1217.

A board of education is not required to advertise for bids in the selection of school bus drivers. OAG 61-634.

The employment of school bus drivers is not within the purview of either KRS 162.070 or this section. OAG 61-634.

Change orders as provided for in a contract for the construction of public school buildings are proper when they do not substantially alter the nature of the contract or may be regarded as matters incidental to or which relate to an integral part of the original contract and specifications, but if they are so great as to constitute a new construction contract or to deal with an unrelated matter, this proposition would not apply. OAG 62-845.

The question of whether competitive bids are required for a change order depends more on the nature of the change order than the amount of money involved. OAG 62-845.

If records of the school board indicate that in prior years the annual cost of paint totals $1,000 or more, the board should advertise for bids on all paint purchased, unless the board is certain that the amount will not exceed $1,000. OAG 62-901.

Where the school board ordered several pieces of related school equipment and furniture from a single vendor and the total amount exceeded $1,000, bids should have been taken. OAG 62-901.

Where the school board is going to make two purchases of the same type of supplies within a span of three or four months and the total amount would exceed $1,000, the amount of supplies needed should be estimated and bids taken. OAG 62-901.

The employment of a fiscal agent by a board of education would constitute a contractual relationship for professional services and advertisement for professional services and advertisement for bids for this service is not required. OAG 63-938.

If the individual students exercise their own initiative in the purchase of class rings, senior portraits and senior invitations and the school has no control and does not use its accounting procedures in the purchase, bids do not have to be taken and the individual choices must be respected. OAG 66-228.

A school board member is prohibited from contracting with the board of which he is a member, despite the fact that the contract is let pursuant to sealed bids. OAG 67-212.

Purchases of athletic equipment of over $1,000 by a district school board would have to be made by the bidding procedure even though the purchase money was derived from admissions to athletic exhibitions. OAG 69-327.

Where a school board had no gasoline storage facilities, it should have conducted competitive bidding for retail gasoline rates. OAG 70-74.

Where coal purchases exceeding $1,000 were made at various times by a school board without competitive bidding, the contracts were void, the public funds paid out pursuant to such a transaction were recoverable, and the acceptance of benefits would not permit recovery on a quantum meruit basis. OAG 70-74.

Where a district board of education desires to pay all or any part of the premium on group policies for district employees, the advertising and competitive bid procedure of this section should be followed where the amount to be paid by the board is in excess of $1,000. OAG 70-687.

Where without observing this section the local school board was presented with claims for $281,207 for work on the construction of a new school building which was performed on the basis of an oral agreement between the contractor and the then school superintendent, none of the county's revenue-sharing money can be legally spent in replacing the capital outlay fund money and school building fund money, which funds were illegally spent on a void contract, as this would be a violation of this section. OAG 73-684.

The state board of education has enacted regulations for bidding on the purchase of school equipment and any bidding not conforming to these regulations can be reported to the superintendent of public instruction who is empowered by KRS 156.132 to make written charges against any superintendent or board member who is guilty of misconduct or unlawful acts. OAG 73-740.
Where a school district advertised for bids and opened them at the specified time but delayed awarding a contract until some time not more than 90 days later, during which period of time a new wage rate was issued, since no changes were made in the contract price or work specifications and no justification was shown for an “emergency” authorizing waiver of the bidding statutes under this section, the wage rate to be paid by the contractor should be that in effect on the date of advertisement for bids and not the new rate that was in effect at the time bids were awarded. OAG 73-744; 74-8.

This section’s requirement that local boards of education solicit bids for the purchase of gasoline need not be given with particularity the product for which a contract may be noncompetitively negotiated. OAG 83-151.

ment insurance, the contract may be noncompetitively negotiated. OAG 83-151.

health and accident insurance, group professional liability insurance, the contract may be noncompetitively negotiated. OAG 83-151.

Where a school district retained its current gasoline supplier. OAG 74-285; 76-600.

There was no need for the board of education to advertise for bids on office space as the words “lease or other agreement for materials, supplies or equipment” do not cover such space. OAG 74-404.

When a school district purchases textbooks and materials under the provisions of KRS 156.400 to 156.476, the statutory bidding procedures required by this section are not applicable. OAG 75-27.

If the cost of services in connection with the production of a school yearbook are as much as $2,500, then, in accordance with this section and Regulations 702 KAR 3:130 and 3:140, schools should advertise for bids and the expenditures must be supervised by the board of education which has the ultimate responsibility. OAG 75-618 (affirming OAG 66-51, 66-228 and 66-417).

A local public school district must advertise for bids on each categorically separate food commodity it desires to purchase where the cost of procurement will exceed twenty-five hundred dollars over the period of a school year. OAG 76-556.

A procedure followed by a board of education in awarding contracts for construction, repair and maintenance services that may develop in the future would not comply with this section which contemplates contracts where job specifications are advertised for a specific project and bids are received containing a firm total cost figure. OAG 76-661.

Where a contract relating to the purchase of class rings by students at a county public school would in no way involve school funds, bidding would be unnecessary. OAG 79-501.

Although site work can be, and is usually interpreted to be, a part of a project involving school building construction or remodeling, site work unrelated to school building construction does not come within the scope of KRS 162.070. Thus, where a school district wished to correct a drainage problem at one of its schools, this section and the $7,500 “small purchases” ceiling was applicable to the contract for drainage site work. OAG 82-407.

To the extent that KRS 162.070 and this section are in conflict, the provisions and therefore the $7,500 amount found in this section, as amended in 1982, must be deemed to prevail over the lower $5,000 amount remaining in KRS 162.070. OAG 82-407.

Under this section, a cafeteria plan of insurance coverage for school teachers need not be bid; under the Model Procurement Code if a contract is for group life insurance, group health and accident insurance, group professional liability insurance, workers’ compensation insurance, and unemployment insurance, the contract may be noncompetitively negotiated. OAG 83-151.

If reasonably detailed specifications describing the scope of a project are first prepared, such that competing potential bidders can know with particularity the product for which a bid might be tendered, and bids are solicited in relation to those specifications in conformity with KRS 424.130, and 424.140, the design/build approach to construction procurement might be utilized by a county. OAG 92-143.

Where the construction inspector hired by the board of education is merely inspecting the building constructed by the general contractor and reporting back to the board, and the contract specifically releases the construction inspector from any responsibility for the actual construction of the school, those activities did not constitute professional services. The construction inspector lacked the necessary decision-making responsibility. Since the construction inspector was not considered to be supplying professional services, he was not exempt from the bidding requirements of this section. OAG 92-144.

Where self-insured groups of Kentucky Association of Counties contracted with third party administrators to provide professional services involving the use of training, discretion, and judgment in the field of insurance, such professional services contracts may be entered into without any type of open bid. OAG 94-1.

Where bid invitation contained no indication of either the quantity of materials to be purchased nor the projects for which the materials would be used, the bid invitation did not grant reasonable notice of county’s intentions and did not comply with the statute. OAG 94-20.

NOTES TO DECISIONS

1. Construction.

Since the provisions of former law regarding the maximum amounts that could be expended by school boards for buildings, improvements and materials before being required to advertise for competitive bids were less than the amount provided for in this section as enacted in 1958, such former law was to that extent repealed and superseded by this section. Floyd County Bd. of Educ. v. Hall, 353 S.W.2d 194 (Ky. 1962).

424.290. Election ballot.

(1) Not less than three (3) days before any primary or regular election the county clerk shall cause to be published in a newspaper a copy of the face of the voting machines, or where an electronic or electromechanical voting system is used, a copy of the ballot cards or supplementary material on which appear the names of candidates or issues to be voted upon. Where the lists of candidates or issues to be voted upon differ for various precincts within the county, the county clerk shall cause to be published only one (1) set of data with appropriate notations showing the differences in the various precincts. If supplemental paper ballots have been approved as provided in KRS 118.215, the paper ballot shall be published at the same time as other material required to be published by this subsection. The cost of publication shall be paid by the county, except that the cost of publishing any voting data required to be published by this subsection that is limited to a city election or a district election other than a school district election shall be paid by the city or the district as the case may be.

(2) “Copy,” as used in subsection (1) of this section, means a summary of candidates and issues to be voted upon showing all the pertinent information that will appear, upon which the voters will cast their votes at a particular polling place. (Enact. Acts 1958, ch. 42, § 19; 1960, ch. 168, § 1; 1962, ch. 213; 1972, ch. 188, § 67; 1976 (Ex. Sess.), ch. 1,
424.330. Publication of lists of delinquent taxes by counties and cities — Fee allowance.

(1) When the sheriff of any county files with the fiscal court a list of uncollectible delinquent taxes, in accordance with KRS 134.360, the fiscal court shall promptly cause a list, showing the name of and amount due from each delinquent taxpayer, to be advertised by newspaper publication. A fee of three dollars ($3) per name per publication shall be added to the amount of each tax claim published as publication costs.

(2) Cities may publish a list of uncollected delinquent taxes levied under Section 181 of the Kentucky Constitution, showing the name of and the amount due from each delinquent taxpayer, to be advertised by newspaper publication. A fee of three dollars ($3) per name per publication may be added to the amount of each tax claim published as publication costs.

424.360. Invitation to bid on municipal bonds.

No sale of general obligation bonds or revenue bonds, except bonds issued for the purpose of facilitating the construction, renovation, or purchase of new or existing housing as set forth in KRS 58.125, of any governmental unit or political subdivision, or agency thereof, shall be made except upon newspaper advertisements for bids, published for the publication area constituted by the political subdivision or government unit and published to afford statewide notice. If the bonds are in principal amount of ten million dollars ($10,000,000) or more, an advertisement for bids shall also be published in a publication having general circulation among bond buyers.

(Enact. Acts 1958, ch. 42, § 26; 1960, ch. 168, § 1; 1984, ch. 188, § 1, effective July 15, 1988; 1992, ch. 73, § 1, effective July 14, 1992; 1994, ch. 73, § 2, effective July 15, 1994.)

424.380. Failure to comply with publication requirements.

Any resolution, regulation, ordinance or other formal action of any public agency which is required to be published, that is adopted without compliance with the publication requirements of this chapter, shall be voidable by a court of competent jurisdiction. The circuit courts of this state shall have the jurisdiction to enforce the purposes of this chapter, by injunction or other appropriate order, upon application by any citizen of this state. The cost of all proceedings, including a reasonable fee for the attorney of the citizen bringing the action, shall be assessed against the unsuccessful party.

424.990. Penalties.

Any person who violates any provision of KRS 424.110 to 424.370 shall be fined not less than fifty dollars ($50) nor more than five hundred dollars ($500). In addition, any officer who fails to comply with any of the provisions of KRS 424.220, 424.230, 424.240, 424.250, 424.290 or 424.330 shall, for each such failure, be subject to a forfeiture of not less than fifty dollars ($50) nor more than five hundred dollars ($500), in the discretion of the court, which may be recovered only once, in a civil action brought by any citizen of the city, county or district for which the officer serves. The costs of all proceedings, including a reasonable fee for the attorney of the citizen bringing the action, shall be assessed against the unsuccessful party.

TITLE L
KENTUCKY PENAL CODE

CHAPTER 503
GENERAL PRINCIPLES OF JUSTIFICATION

503.110. Use of force by person with responsibility for care, discipline, or safety of others.

(1) The use of physical force by a defendant upon another person is justifiable when the defendant is a parent, guardian, or other person entrusted with the care and supervision of a minor or an incompetent person or when the defendant is a teacher or other person entrusted with the care and supervision of a minor, for a special purpose, and:

(a) The defendant believes that the force used is necessary to promote the welfare of a minor or mentally disabled person or, if the defendant’s responsibility for the minor or mentally disabled person is for a special purpose, to further that special purpose or maintain reasonable discipline in a school, class, or other group; and

(b) The force that is used is not designed to cause or known to create a substantial risk of causing death, serious physical injury, disfigurement, extreme pain, or extreme mental distress.

(2) The use of physical force by a defendant upon another person is justifiable when the defendant is a warden or other authorized official of a correctional institution, and:

(a) The defendant believes that the force used is necessary for the purpose of enforcing the lawful rules of the institution;

(b) The degree of force used is not forbidden by any statute governing the administration of the institution; and

(c) If deadly force is used, its use is otherwise justifiable under this code.

(3) The use of physical force by a defendant upon another person is justifiable when the defendant is a person responsible for the operation of or the maintenance of order in a vehicle or other carrier of passengers and the defendant believes that such force is necessary to prevent interference with its operation or to maintain order in the vehicle or other carrier, except that deadly physical force may be used only when the defendant believes it necessary to prevent death or serious physical injury.
(4) The use of physical force by a defendant upon another person is justifiable when the defendant is a doctor or other therapist or a person assisting him at his direction, and:

Compiler’s Notes. This section was amended by § 147 of Acts 1980, ch. 396, which would have taken effect July 1, 1982; however, Acts 1982, ch. 141, § 146, effective July 1, 1982, repealed Acts 1980, ch. 396.

NOTES TO DECISIONS

1. Wanton or Reckless Injury.
A teacher is justified in the use of physical force within certain bounds. The privilege to use force is unavailable as a defense if the teacher is wanton or reckless in believing the use of any force, or the the degree of force used, to be necessary. Helbrook v. Commonwealth, 925 S.W.2d 191 (Ky. Ct. App. 1995).

The provisions of this section shall not apply to institutions of postsecondary or higher education.

(2) Each chief administrator of a public or private school shall display about the school in prominent locations, including, but not limited to, sports arenas, gymnasiums, stadiums, and cafeterias, a sign at least six (6) inches high and fourteen (14) inches wide stating:

(a) An adult who possesses a firearm, if the firearm is contained within a vehicle operated by the adult and is not removed from the vehicle, except for a purpose permitted herein, or brandished by the adult, or by any other person acting with expressed or implied consent of the adult, while the vehicle is on school property;

Opinions of Attorney General. The fact that the legislature in enacting subsection (1) of this section has elected not to criminalize the carrying of those weapons on the property of institutions of postsecondary or higher education, does not preclude the governing boards of public institutions of higher education from otherwise controlling the possession of deadly weapons on their properties. OAG 96-40.

There is no duty imposed by this section to report to school officials alleged violations of KRS 527.070. James v. Wilson, 95 S.W.3d 875 (Ky. Ct. App. 2002).

(Enact. Acts 1994, ch. 30, § 1, effective July 15, 1994.)

Compiler's Notes. Section 501(c)(3) of the Internal Revenue Code referred to in subsection (1)(c) of this section is compiled as 26 U.S.C. § 501(c)(3).

Opinions of Attorney General. House Bill 359 (Acts 1994, ch. 30, § 1; codified as KRS 527.100) which restricts possession of handguns by minors is constitutional under both the Second Amendment to the Constitution of the United States and Ky. Const., § 7. OAG 94-14.

Legislative Research Commission Note. (7/15/98). This section was amended by 1998 Ky. Acts chs. 57, 303, 426, and 538. Where these Acts are not in conflict, they have been codified together. A conflict exists between ch. 538, which is nonrevisory and substantive in nature, and ch. 426, which is a revisory amendment to reflect an agency name change. In codification of this conflict, ch. 538 has been allowed to prevail. Cf. KRS 7.136(3).

Opinions of Attorney General. A married child under the age of 16 has a legal responsibility to attend school, but once a child marries, the parent or guardian no longer has a legal obligation to ensure that the child attends school; however, if the spouse of a minor who is under the age of 16 and who is an habitual truant, is found to be a person exercising custodial control or supervision as defined by subdivision (26) of this section, the spouse may be subject to penalties under the Juvenile Code. OAG 87-40.

It is clear from the language of subsection (24) of this section and KRS 610.010(1)(c) that a student under the age of 18 years who is failing to attend school in violation of KRS 159.010 is subject to a delinquency prosecution in accordance with the Juvenile Code. OAG 90-106.

While the two definitions of “habitual truant” in KRS 159.150 and in subdivision (24) of this section cannot be reconciled in terms of their language, it may be possible to reconcile them in their application. KRS 159.140 gives Directors of Pupil Personnel authority to enforce compulsory attendance laws, including KRS 159.150. Penalties are set forth under KRS 159.990 and are enforced by the District Court. Through exclusive jurisdiction over habitual truants the District Court has discretion in enforcement. The court may either rely on a Director of Pupil Personnel to initiate proceedings for violations of KRS 159.150, or the court may order a Director of Pupil Personnel to enforce subdivision (24) of this section, in which case the director would have authority to apply the definition found therein. OAG 91-79.

Subsection (26) of this section controls over KRS 159.150 in ascertaining the number of days a child must have unexcused absences prior to being found habitually truant under the Unified Juvenile Code. OAG 93-37.

600.060. No diminishment of court’s inherent contempt power.
Notwithstanding any other provision of KRS Chapter 600 to 645, the inherent contempt power of the court shall not be diminished.

5. The funding for school services for state agency children authorized by KRS 158.135; and
6. Other grants and entitlements, including federal funds, identified in the implementation plan developed pursuant to paragraph (f) of this subsection for the education of Kentucky's children.

(d) The commissioner of Juvenile Justice and the secretary of the Cabinet for Families and Children shall promulgate administrative regulations, pursuant to KRS Chapter 13A, with the assistance of the Kentucky Board of Education and upon recommendation of the Cabinet for Families and Children, the Department of Juvenile Justice, the Cabinet for Families and Children, Department for Community Based Services, shall develop a biennial plan regarding the educational needs and provisions of educational programs, with emphasis on the coordination of all treatment services and funds available to provide for the education of state agency children. The biennial plan shall include strategies to assure that teacher preparation programs include content related to working with state agency children and that adequate professional development opportunities for better meeting the needs of these students are available for teachers and schools.

1. Provide for the development and implementation of interagency agreements that:
   a. Define the financial responsibility of each state and local agency for providing services to state agency children;
   b. Establish procedures for resolving interagency disputes among agencies that are parties to the agreements; and
2. Provide procedures for the implementation of the Kentucky statutes regarding school-based decision making, student outcomes, accountability, assessment, rewards and sanctions, technology, staff development, salaries, and the development of coordinated individual treatment, education, and transition plans to ensure compliance with present education and treatment laws and regulations specific to the needs of children in the programs of the Cabinet for Families and Children.

(a) When the placement of a state agency child is changed so that the state agency child must transfer from one school or educational facility to a different school or educational facility, the school or educational facility that the state agency child is leaving shall, within two (2) days of the state agency child leaving, prepare an educational passport for the child, which shall be delivered to the cabinet or the Department of Juvenile Justice. The cabinet or the Department of Juvenile Justice shall, within two (2) days of enrolling a state agency child in a new school or educational facility, present the educational passport to the receiving school or educational facility.

(f) The commissioner of Juvenile Justice and the secretary of the Cabinet for Families and Children and the commissioner of the state Department of Education shall initiate development of a plan for implementation of the Kentucky Educational Collaborative for State Agency Children.

605.115. Access to Medicaid funding for local school districts providing funding matches for services for eligible children with disabilities.

The commissioner of the Department of Juvenile Justice and the secretary of the Cabinet for Families and Children, with the cooperation of the Kentucky Board of Education and the commissioner of education, shall implement policies to assure that local school districts providing a funding match shall have direct access to Medicaid funding as Medicaid providers for the provision of health-related services to eligible children with disabilities under the age of twenty-one (21) years of age. They shall develop policies and procedures so the Department of Education can transfer the local school districts’ matching funds to the Department for Medicaid Services. They shall also review state and federal statutes and regulations to determine the eligibility of local school districts to receive Medicaid reimbursement for health-related services identified on a child’s individual education plan.

610.010. District Court jurisdiction of juvenile matters.

(1) Unless otherwise exempted by KRS Chapters 600 to 645, the juvenile session of the District Court of each county shall have exclusive jurisdiction in proceedings concerning any child living or found within the county who has not reached his or her eighteenth birthday or of any person who at the time of committing a public offense was under the age of eighteen (18) years, who allegedly:

(a) Has committed a public offense prior to his or her eighteenth birthday, except a motor vehicle offense involving a child sixteen (16) years of age or older. A child sixteen (16) years of age or older taken into custody upon the allegation that the child has committed a motor vehicle offense shall be treated as an adult and shall have the same conditions of release applied to him or her as an adult. A child taken into custody upon the allegation that he or she has committed a motor vehicle offense who is not
releases under conditions of release applicable to adults shall be held, pending his or her appearance before the District Court, in a facility as defined in KR 15A.067. Children sixteen (16) years of age or older who are convicted of, or plead guilty to, a motor vehicle offense shall, if sentenced to a term of confinement, be placed in a facility for that period of confinement preceding their eighteenth birthday and an adult detention facility for that period of confinement subsequent to their eighteenth birthday. The term “motor vehicle offense” shall not be deemed to include the offense of stealing or converting a motor vehicle or operating the same without the owner’s consent nor any offense which constitutes a felony:

(b) Is beyond the control of the school or beyond the control of parents as defined in KRS 600.020;
(c) Is an habitual truant from school;
(d) Is an habitual runaway from his or her parent or other person exercising custodial control or supervision of the child;
(e) Is dependent, neglected, or abused; or
(f) Is mentally ill.

(2) Actions brought under subsection (1)(a) of this section shall be considered to be public offense actions.

(3) Actions brought under subsection (1)(b), (c), and (d) of this section shall be considered to be status offense actions.

(4) Actions brought under subsection (1)(e) of this section shall be considered to be dependency actions.

(5) Actions brought under subsection (1)(f) of this section shall be considered to be mental health actions.

(6) Nothing in this chapter shall deprive other courts of the jurisdiction to determine the custody or guardianship of children upon writs of habeas corpus or to determine the custody or guardianship of children when such custody or guardianship is incidental to the determination of other causes pending in such other courts; nor shall anything in this chapter affect the jurisdiction of Circuit Courts over adoptions and proceedings for termination of parental rights.

(7) The court shall have no jurisdiction to make permanent awards of custody of a child except as provided by KRS 620.027.

(8) If the court finds an emergency to exist affecting the welfare of a child, or if the child is eligible for kinship care as established in KRS 605.120, it may make temporary orders for the child’s custody; however, if the case involves allegations of dependency, neglect, or abuse, no emergency removal or temporary custody orders shall be effective unless the provisions of KRS Chapter 620 are followed. Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child and shall remain in effect until modified or set aside by the court. Upon the entry of a temporary or final judgment in the Circuit Court awarding custody of such child, all prior orders of the juvenile session of the District Court in conflict therewith shall be deemed canceled. This section shall not work to deprive the Circuit Court of jurisdiction over cases filed in Circuit Court.

(9) The court of each county wherein a public offense, as defined in paragraph (a) of subsection (1) of this section, is committed by a child who is a resident of another county of this state shall have concurrent jurisdiction over such child with the court of the county wherein the child resides or the court of the county where the child is found. Whichever court first acquires jurisdiction of such child may proceed to final disposition of the case, or in its discretion may make an order transferring the case to the court of the county of the child’s residence or the county wherein the offense was committed, as the case may be.

(10) Nothing in this chapter shall prevent the District Court from holding a child in contempt of court to enforce valid court orders previously issued by the court.

(11) Except as provided in KRS 635.060(3), nothing in this chapter shall confer upon the District Court jurisdiction over the actions of the Department of Juvenile Justice or the cabinet in the placement, care, or treatment of a child committed to the Department of Juvenile Justice or the cabinet; or to require the department or the cabinet to perform, or to refrain from performing, any specific act in the placement, care, or treatment of any child committed to the department or the cabinet.

(12) Unless precluded by KRS Chapter 635 or 640, in addition to informal adjustment, the court shall have the discretion to amend the petition to reflect jurisdiction pursuant to the proper chapter of the Kentucky Unified Juvenile Code.

(13) The court shall have continuing jurisdiction over a child pursuant to subsection (1) of this section, to review dispositional orders, and to conduct permanency hearings under 42 U.S.C. sec. 675(5)(c) until the child is placed for adoption, returned home to his or her parents with all the court imposed conditions terminated, or reaches the age of eighteen (18) years.

Opinions of Attorney General. It is clear from the language of KRS 600.020(24) and subdivision (1)(e) of this section that a student under the age of 18 years who is failing to attend school in violation of KRS 159.010 is subject to a delinquency prosecution in accordance with the Juvenile Code. OAG 90-106.
610.265. Detention of children in specified facilities — Time frame for holding detention hearing — Release of child required if hearing not held as specified.

(1) Any child who is alleged to be a status offender or who is accused of committing a public offense or who is accused of being in contempt of court on an underlying finding that the child is a status offender may be detained in a secure facility, a secure juvenile detention facility, a nonsecure facility, or a juvenile holding facility for a period of time not to exceed twenty-four (24) hours, exclusive of weekends and holidays, pending a detention hearing. Any child who is accused of committing a public offense or of being in contempt of court on an underlying finding that the child is a status offender may be detained in a secure facility, a secure juvenile detention facility, or a nonsecure facility, or a juvenile holding facility for a period of time not to exceed forty-eight (48) hours, exclusive of weekends and holidays, pending a detention hearing.

(2) Within the period of detention described in subsection (1) of this section, exclusive of weekends and holidays, a detention hearing...
shall be held by the judge or trial commis-
sioner of the court for the purpose of determin-
ing whether the child shall be further de-
tained. At the hearing held pursuant to this
subsection, the court shall consider the nature
of the offense, the child's background and history, and other information relevant to the
child's conduct or condition.

(b) If the court orders a child detained further
after the detention hearing, that detention
shall be served as follows:

1. If the child is charged with a capital of-
    fense, Class A felony, or Class B felony,
detention shall occur in either a secure
juvenile detention facility or a juvenile
holding facility pending the child's next
court appearance subject to the court's
review of the detention order prior to that
court appearance.

2. If it is alleged that the child is a status
    offender, detention shall occur in a
nonsecure setting approved by the De-
partment of Juvenile Justice pending the
child's next court appearance subject to
the court's review of the detention order
prior to the next court appearance.

3. If a status offender is charged with violat-
ing a valid court order, and the court
orders the child to serve detention, that
detention shall be served in a nonsecure
setting approved by the Department of
Juvenile Justice unless the court issues
an order in accordance with the require-
ments of subparagraph 4. of this para-
graph.

4. Prior to ordering a status offender who is
subject to a valid court order securely
detained because the child violated the
valid court order, the court shall:
   a. Affirm that the requirements for a
      valid court order were met at the time
      the original order finding the child to
      be a status offender was issued;
   b. Make a determination during the deten-
      tion hearing that there is probable
      cause to believe that the child vio-
      lated the valid court order; and
   c. Within seventy-two (72) hours of the
      initial detention of the child, exclu-
      sive of weekends and holidays, re-
      ceive an oral report in court and on
      the record delivered by an appropri-
      ate public agency other than the court
      or a law enforcement agency, or re-
      ceive and review a written report pre-
      pared by an appropriate public
agency other than the court or a law
enforcement agency that reviews the
behavior of the child and the circum-
stances under which the child was
brought before the court, determines
the reasons for the child's behavior,
and determines whether all disposi-
tions other than secure detention
have been exhausted or are inapprop-
riate. If a sufficient prior written
report is included in the child's file,
that report may be used to satisfy this
requirement. The child may be
securely detained for a period not to
exceed seventy-two (72) hours pend-
ing receipt and review of the report by
the court. The court shall conduct a
violation hearing within twenty-four
(24) hours of the receipt of the report.
If the report is available at the time of
the detention hearing, the violation
hearing may be conducted at the
same time as the detention hearing.
The hearing shall be conducted in
accordance with the provisions of
KRS 610.060. The findings required
by this subsection shall be included in
any order issued by the court which
results in the secure detention of a
status offender.

5. If the child is charged with a public of-
fense, or contempt of court on an underly-
ing public offense, and the county in which
the case is before the court is served by
a state operated secure detention facility
under the statewide detention plan, de-
tention may occur in a secure juvenile
detention facility, juvenile holding facility,
or a nonsecure setting approved by the
Department of Juvenile Justice pending
the child's next court appearance, subject
to the court's review of the detention order
prior to that court appearance.

6. If the child is charged with a public off-
fense, or contempt on a public offense, and
the county in which the case is before the
court is served by a state operated secure
detention facility under the statewide de-
tention plan, the child shall be referred to
the Department of Juvenile Justice for a
security assessment and placement in an
approved detention facility or program
pending the child's next court appearance.

(Enact. Acts 1988, ch. 350, § 32, effective April 10,
ch. 193, § 5, effective July 14, 2000; 2004, ch. 160, § 3,
effective April 21, 2004.)

610.280. Considerations for and findings from
detention hearing.

(1) At the detention hearing held pursuant to KRS
610.265, the court shall make separate findings as
follows:
   (a) If there is probable cause to believe that an
offense has been committed and that the ac-
cused child committed that offense. Probable cause may be established in the same manner as in a preliminary hearing in cases involving adults accused of felonies. The child shall be afforded the right to confront and cross-examine witnesses. The Commonwealth shall bear the burden of proof, and if it should fail to establish probable cause, the child shall be released and the complaint or petition dismissed unless the court determines further detention is necessary to assure the appearance of the child in court on another pending case;

(b) In determining whether a child should be further detained, the court shall consider the seriousness of the alleged offense, the possibility that the child would commit an offense dangerous to himself or the community pending disposition of the alleged offense, the child’s prior record, if any, and whether there are other charges pending against the child.

(2) If, after completion of the detention hearing, the court is of the opinion that detention is necessary, the order shall state on the record the specific reasons for detention.

610.290. Rights of juvenile.

(1) Unless a hearing is held within the time frame established by KRS 610.265, and the necessity for detention properly established, the child shall be released to the custody of his parents, person exercising custodial control or supervision or other responsible adult pending further disposition of the case.

(2) The child shall have a right to counsel at his detention hearing determining his right to freedom pending the disposition of his case, and his parents, person exercising custodial control or supervision or other responsible adult shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the Circuit Court.

(3) Whether the child is released before or after a hearing, or is detained as a result of such hearing, the child and his parents, person exercising custodial control or supervision or other responsible adult shall be given written notice of the time and place of the adjudicatory hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least seventy-two (72) hours prior to the initial hearing on the case.

610.295. Detention costs — Assessment against parent after hearing — Payments when adjudication based on status offense or public offense — Payment schedule and discharge.

(1) Any statute to the contrary notwithstanding, detention costs shall not be assessed by a court against a parent unless the court has conducted a hearing and has determined:

(a) That the child has previously been adjudicated as a habitual truant under KRS Chapter 630, a public offender under KRS Chapter 635, or a youthful offender under KRS Chapter 640, and now stands adjudicated guilty of a subsequent habitual truancy or public offense, or is now being considered for transfer to the Circuit Court for trial as a youthful offender; and

(b) That the failure or neglect of the parent to properly supervise or control the child is a substantial contributing factor of the act or acts of the child upon which the proceeding is based; and

(c) That the parent has the financial ability to pay any fees ordered.

(2) Any orders for payment shall direct that payments be made to the fiscal court or legislative body of a consolidated local government, urban-county government, or charter government if detention is based upon adjudication related to a status offense and to the Department of Juvenile Justice if the adjudication is based upon a public offense or transfer as a youthful offender.

(3) The fiscal court or legislative body of a consolidated local government, urban-county government, or charter government or the Department of Juvenile Justice, as appropriate, shall establish a payment schedule for parents against whom detention costs have been assessed, and may discharge any remaining portion of the debt upon proof of substantial change in circumstances of the parent.

(4) The authority granted under subsection (3) of this section may be applied to all pre-existing court orders assessing detention costs in effect on July 15, 2002.

CHAPTER 620

DEPENDENCY, NEGLECT, AND ABUSE

620.030. Duty to report dependency, neglect or abuse.

620.040. Duties of prosecutor, police, and cabinet — Prohibition as to school personnel — Multidisciplinary teams.

620.050. Immunity for good faith actions or reports — Investigations — Confidentiality of reports — Exceptions — Parent’s access to records — Sharing of information by children’s advocacy centers — Confidentiality of interview with child — Exceptions — Confidentiality of identifying information regarding reporting individual — Internal review and report.
620.030. Duty to report dependency, neglect or abuse.

(1) Any person who knows or has reasonable cause to believe that a child is dependent, neglected or abused shall immediately cause an oral or written report to be made to a local law enforcement agency or the Kentucky state police; the cabinet or its designated representative; the commonwealth's attorney or the county attorney; by telephone or otherwise. Any supervisor who receives from an employee a report of suspected dependency, neglect or abuse shall promptly make a report to the proper authorities for investigation. If the cabinet receives a report of abuse or neglect allegedly committed by a person other than a parent, guardian or person exercising custodial control or supervision, the cabinet shall refer the matter to the commonwealth's attorney or the county attorney and the local law enforcement agency or the Kentucky state police. Nothing in this section shall relieve individuals of their obligations to report.

(2) Any person, including but not limited to a physician, osteopathic physician, nurse, teacher, school personnel, social worker, coroner, medical examiner, child-caring personnel, resident, intern, chiropractor, dentist, optometrist, emergency medical technician, paramedic, health professional, mental health professional, peace officer or any organization or agency for any of the above, who knows or has reasonable cause to believe that a child is dependent, neglected or abused, regardless of whether the person believed to have caused the dependency, neglect or abuse is a parent, guardian, person exercising custodial control or supervision or another person, or who has attended such child as a part of his professional duties shall, if requested, in addition to the report required in subsection (1) of this section, file with the local law enforcement agency or the Kentucky state police or the commonwealth's or county attorney, the cabinet or its designated representative within forty-eight (48) hours of the original report a written report containing:

(a) The names and addresses of the child and his parents or other persons exercising custodial control or supervision;

(b) The child's age;

(c) The nature and extent of the child's alleged dependency, neglect or abuse (including any previous charges of dependency, neglect or abuse) to this child or his siblings;

(d) The name and address of the person allegedly responsible for the abuse or neglect; and

(e) Any other information that the person making the report believes may be helpful in the furtherance of the purpose of this section.

(3) The cabinet upon request shall receive from any agency of the state or any other agency, institution or facility providing services to the child or his family, such cooperation, assistance and information as will enable the cabinet to fulfill its responsibilities under KRS 620.030, 620.040, and 620.050.

Legislative Research Commission Note. This section was amended by two 1988 Acts which do not appear to be in conflict and have been compiled together.

The 1988 amendments to this section are effective April 10, 1988, except for the last sentence of (1), which is effective July 15, 1988.

Opinions of Attorney General. Although subsection (3) of this section provides that agencies providing services to children, such as schools, must cooperate with the Cabinet for Human Resources (CHR) and provide assistance and information, such interviews should be conducted in a manner that causes the least disruption to the students' school schedule and the procedures vary if the allegations of student abuse are against school personnel. OAG 92-138.

If the police desire to talk with a student who is a victim of a crime, then the school authorities should use their best judgment in determining whether the parents should be contacted. In the event that the officer is investigating allegations of dependency, neglect or abuse, the school should allow the interview to occur at school. The school should consult with the officer before the school officials inform the parents that an interview has taken place. OAG 92-138.

School officials should use their discretion and confer with the police officer in deciding whether to be present when the court designated worker or the police questions a student. If the child is a victim of abuse, then the child should have input on choosing a trusted adult to sit in during the interview. OAG 92-138.

Since the school is not required to notify the parents before the Cabinet for Human Resources talks with the students, the fact that the parents cannot be reached is immaterial. OAG 92-138.

The school system is required pursuant to this section to permit social workers from the Cabinet for Human Resources (CHR) to come into the school and talk with students regarding investigations of dependency, neglect or abuse. OAG 92-138.

Whether school personnel should be present when the social workers question the students is a decision that is best left to the discretion of the Cabinet for Human Resources' social worker conducting the interview. OAG 92-138.

NOTES TO DECISIONS

Analysis

4. Affirmative duty.

5. Sufficiency of report.

Under former KRS 199.335, diocese had duty to take action when it discovered that a teacher in its employ was sexually abusing students; failure to do so was a violation of the aforementioned section, and constituted concealment and obstruction under KRS 413.090, so as to toll the applicable statute of limitations for an action based on negligence on the part of the Diocese. Roman Catholic Diocese v. Secter, 966 S.W.2d 286 (Ky. Ct. App. 1998).

5. Sufficiency of Report.

A report by a teacher or counselor to his or her supervisor does not satisfy the statutory duty to report. Commonwealth v. Allen, 980 S.W.2d 278 (Ky. 1998).
620.040. Duties of prosecutor, police, and cabinet — Prohibition as to school personnel — Multidisciplinary teams.

(1) (a) Upon receipt of a report alleging abuse or neglect by a parent, guardian, or person exercising custodial control or supervision, pursuant to KRS 620.030(1) or (2), the recipient of the report shall immediately notify the cabinet or its designated representative, the local law enforcement agency or Kentucky State Police, and the Commonwealth's or county attorney of the receipt of the report unless they are the reporting source.

(b) Based upon the allegation in the report, the cabinet shall immediately make an initial determination as to the risk of harm and immediate safety of the child. Based upon the level of risk determined, the cabinet shall investigate the allegations or accept the report for an assessment of risk to the child and to provide family support.

A report of sexual abuse shall be considered high risk and shall not be referred to any other community agency.

(c) The cabinet shall, within seventy-two (72) hours, exclusive of weekends and holidays, make a written report to the Commonwealth’s or county attorney and the local enforcement agency or Kentucky State Police concerning the action that has been taken on the investigation.

(d) If the report alleges abuse or neglect by someone other than a parent, guardian, or person exercising custodial control or supervision, the cabinet shall immediately notify the cabinet or its designated representative.

(2) (a) Upon receipt of a report alleging dependency pursuant to KRS 620.030(1) and (2), the recipient shall immediately notify the cabinet or its designated representative.

(b) Based upon the allegation in the report, the cabinet shall immediately make an initial determination as to the risk of harm and immediate safety of the child. Based upon the level of risk, the cabinet shall investigate the allegation or accept the report for an assessment of family needs and, if appropriate, may provide or make referral to any community-based services necessary to reduce risk to the child and to provide family support.

A report of sexual abuse shall be considered high risk and shall not be referred to any other community agency.

(c) The cabinet shall not notify the local law enforcement agency or Kentucky State Police or county attorney or Commonwealth’s attorney of reports made under this subsection.

(3) If the cabinet or its designated representative receives a report of abuse by a person other than a parent, guardian, or other person exercising custodial control or supervision of a child, it shall immediately notify the local law enforcement agency or Kentucky State Police and the Commonwealth’s or county attorney of the receipt of the report and its contents and they shall investigate the matter. The cabinet or its designated representative shall participate in an investigation of noncustodial physical abuse or neglect at the request of the local law enforcement agency or the Kentucky State Police. The cabinet shall participate in all investigations of reported or suspected sexual abuse of a child.

(4) School personnel or other persons listed in KRS 620.030(2) do not have the authority to conduct internal investigations in lieu of the official investigations outlined in this section.

(5) (a) If, after receiving the report, the law enforcement officer, the cabinet, or its designated representative cannot gain admission to the location of the child, a search warrant shall be requested from, and may be issued by, the judge to the appropriate law enforcement official upon probable cause that the child is dependent, neglected, or abused. If, pursuant to a search under a warrant a child is discovered and appears to be in imminent danger, the child may be removed by the law enforcement officer.

(b) If a child who is in a hospital or under the immediate care of a physician appears to be in imminent danger if he is returned to the persons having custody of him, the physician or hospital administrator may hold the child without court order, provided that a request is made to the court for an emergency custody order at the earliest practicable time, not to exceed seventy-two (72) hours.

(c) Any appropriate law enforcement officer may take a child into protective custody and may hold that child in protective custody without the consent of the parent or other person exercising custodial control or supervision if there exist reasonable grounds for the officer to believe that the child is in danger of imminent death or serious physical injury or is being sexually abused and that the parents or other person exercising custodial control or supervision are unable or unwilling to protect the child. The officer or the person to whom the officer entrusts the child shall, within twelve (12) hours of taking the child into protective custody, request the court to issue an emergency custody order.

(d) When a law enforcement officer, hospital administrator, or physician takes a child into custody without the consent of the parent or other person exercising custodial control or supervision, he or she shall provide written notice to the parent or other person stating the reasons for removal of the child. Failure of the parent or other person to receive notice shall not, by itself, be cause for civil or criminal liability.

(6) To the extent practicable and when in the best interest of a child alleged to have been abused,
interviews with the child shall be conducted at a
children's advocacy center.
(7) (a) One (1) or more multidisciplinary teams may
be established in every county or group of
t contiguous counties.
(b) Membership of the multidisciplinary team
shall include, but shall not be limited to, social
service workers employed by the Cabinet for
Families and Children and law enforcement
officers. Additional team members may in-
clude Commonwealth's and county attorneys,
children's advocacy center staff, mental health
professionals, medical professionals, victim
advocates, educators, and other related profes-
sionals, as deemed appropriate.
(c) The multidisciplinary team may review child
sexual abuse cases referred by participating
professionals, including those in which the
alleged perpetrator does not have custodial
control or supervision of the child, or is not
responsible for the child's welfare. The pur-
pose of the multidisciplinary team shall be to
review investigations, assess service delivery,
and to facilitate efficient and appropriate dis-
position of cases through the criminal justice
system.
(d) The team shall hold regularly scheduled
meetings if new reports of sexual abuse are
received or if active cases exist. At each meet-
ing, each active case shall be presented and
the agencies' responses assessed.
(e) The multidisciplinary team shall provide an
annual report to the public of nonidentifying
case information to allow assessment of the
processing and disposition of child sexual
abuse cases.
(f) Multidisciplinary team members and anyone
invited by the multidisciplinary team to par-
ticipate in a meeting shall not divulge case
information, including information regarding
the identity of the victim or source of the
report. Team members and others attending
meetings shall sign a confidentiality state-
ment that is consistent with statutory prohi-
bitions on disclosure of this information.
(g) The multidisciplinary team shall, pursuant to
KRS 431.600 and 431.660, develop a local
protocol consistent with the model protocol
issued by the Kentucky Multidisciplinary
Commission on Child Sexual Abuse. The local
team shall submit the protocol to the commis-
sion for review and approval.
(h) The multidisciplinary team review of a case
may include information from reports gener-
ated by agencies, organizations, or individuals
that are responsible for investigation, prosecu-
tion, or treatment in the case, KRS 610.320 to
KRS 610.340 notwithstanding.
(i) To the extent practicable, multidisciplinary
teams shall be staffed by the local children's
advocacy center.

Legislative Research Commission Note. (7/14/2000).
This section was amended by 2000 Ky. Acts chs. 14, 144, and
164, which do not appear to be in conflict and have been
codified together.

620.050. Immunity for good faith actions or re-
ports — Investigations — Confidentiality of reports — Exceptions
— Parent's access to records — Sharing of information by chil-
ren's advocacy centers — Confidentiality of interview with child
— Exceptions — Confidentiality of identifying information regard-
ing reporting individual — Internal review and report.

(1) Anyone acting upon reasonable cause in the mak-
ing of a report or acting under KRS 620.030 to
620.050 in good faith shall have immunity from
any liability, civil or criminal, that might otherwise
be incurred or imposed. Any such participant shall
have the same immunity with respect to participa-
tion in any judicial proceeding resulting from such
report or action. However, any person who know-
ingly makes a false report and does so with malice
shall be guilty of a Class A misdemeanor.
(2) Any employee or designated agent of a children's
advocacy center shall be immune from any civil
liability arising from performance within the scope
of the person's duties as provided in KRS 620.030
to 620.050. Any such person shall have the same
immunity with respect to participation in any
judicial proceeding. Nothing in this subsection
shall limit liability for negligence. Upon the re-
quest of an employee or designated agent of a
children's advocacy center, the Attorney General
shall provide for the defense of any civil action
brought against the employee or designated agent
as provided under KRS 12.211 to 12.215.
(3) Neither the husband-wife nor any professional-
client/patient privilege, except the attorney-client
and clergy-penitent privilege, shall be a ground for
refusing to report under this section or for exclud-
ing evidence regarding a dependent, neglected, or
abused child or the cause thereof, in any judicial
proceedings resulting from a report pursuant to
this section. This subsection shall also apply in any
criminal proceeding in District or Circuit Court
regarding a dependent, neglected, or abused child.
(4) Upon receipt of a report of an abused, neglected, or
dependent child pursuant to this chapter, the cab-
inet as the designated agency or its delegated
representative shall initiate a prompt investiga-
tion or assessment of family needs, take necessary
action, and shall offer protective services toward
safeguarding the welfare of the child. The cabinet
shall work toward preventing further dependency,
neglect, or abuse of the child or any other child under the same care, and preserve and strengthen family life, where possible, by enhancing parental capacity for adequate child care.

(5) The report of suspected child abuse, neglect, or dependency and all information obtained by the cabinet or its delegated representative, as a result of an investigation or assessment made pursuant to this chapter, except for those records provided for in subsection (6) of this section, shall not be divulged to anyone except:

(a) Persons suspected of causing dependency, neglect, or abuse;

(b) The custodial parent or legal guardian of the child alleged to be dependent, neglected, or abused;

(c) Persons within the cabinet with a legitimate interest or responsibility related to the case;

(d) Other medical, psychological, educational, or social service agencies, child care administrators, corrections personnel, or law enforcement agencies, including the county attorney's office, the coroner, and the local child fatality response team, that have a legitimate interest in the case;

(e) A noncustodial parent when the dependency, neglect, or abuse is substantiated;

(f) Members of multidisciplinary teams as defined by KRS 620.020 and which operate pursuant to KRS 431.600;

(g) Employees or designated agents of a children's advocacy center;

(h) Those persons so authorized by court order.

(6) A noncustodial parent when the dependency, neglect, or abuse is substantiated;

(a) Files, reports, notes, photographs, records, electronic and other communications, and working papers used or developed by a children's advocacy center in providing services under this chapter are confidential and shall not be disclosed except to the following persons:

1. Staff employed by the cabinet, law enforcement officers, and Commonwealth's and county attorneys who are directly involved in the investigation or prosecution of the case;

2. Medical and mental health professionals listed by name in a release of information signed by the guardian of the child, provided that the information shared is limited to that necessary to promote the physical or psychological health of the child or to treat the child for abuse-related symptoms; and

3. The court and those persons so authorized by a court order.

(b) The provisions of this subsection shall not be construed as to contravene the Rules of Criminal Procedure relating to discovery.

(7) Nothing in this section shall prohibit employees or designated agents of a children's advocacy center from disclosing information during a multidisciplinary team review of a child sexual abuse case as set forth under KRS 620.040. Persons receiving this information shall sign a confidentiality statement consistent with statutory prohibitions on disclosure of this information.

(8) Nothing in this section shall prohibit employees or designated agents of a children's advocacy center from disclosing information during a multidisciplinary team review of a child sexual abuse case as set forth under KRS 620.040. Persons receiving this information shall sign a confidentiality statement consistent with statutory prohibitions on disclosure of this information.

(9) Employees or designated agents of a children's advocacy center may confirm to another children's advocacy center that a child has been seen for services. If an information release has been signed by the guardian of the child, a children's advocacy center may disclose relevant information to another children's advocacy center.

(10) An interview of a child recorded at a children's advocacy center shall not be duplicated, except that the Commonwealth's or county attorney prosecuting the case may:

1. Make and retain one (1) copy of the interview; and

2. Make one (1) copy for the defendant's counsel that the defendant's counsel shall not duplicate.

(b) The defendant's counsel shall file the copy with the court clerk at the close of the case.

(c) Unless objected to by the victim or victims, the court, on its own motion, or on motion of the attorney for the Commonwealth shall order all recorded interviews that are introduced into evidence or are in the possession of the children's advocacy center, law enforcement, the prosecution, or the court to be sealed.

(d) The provisions of this subsection shall not be construed as to contravene the Rules of Criminal Procedure relating to discovery.

(11) Identifying information concerning the individual initiating the report under KRS 620.030 shall not be disclosed except:

(a) To law enforcement officials that have a legitimate interest in the case;

(b) To the agency designated by the cabinet to investigate or assess the report;

(c) To members of multidisciplinary teams as defined by KRS 620.020 that operated under KRS 431.600; or

(d) Under a court order, after the court has conducted an in camera review of the record of the state related to the report and has found reasonable cause to believe that the reporter knowingly made a false report.

(12) Information may be publicly disclosed by the cabinet in a case where child abuse or neglect has resulted in a child fatality or near fatality.

(b) The cabinet shall conduct an internal review of any case where child abuse or neglect has resulted in a child fatality or near fatality and the cabinet had prior involvement with the child or family. The cabinet shall prepare a summary that includes an account of:

1. The cabinet's actions and any policy or personnel changes taken or to be taken, including the results of appeals, as a result of the findings from the internal review; and
2. Any cooperation, assistance, or information from any agency of the state or any other agency, institution, or facility providing services to the child or family that were requested and received by the cabinet during the investigation of a child fatality or near fatality.

(c) The cabinet shall submit a report by September 1 of each year containing an analysis of all summaries of internal reviews occurring during the previous year and an analysis of historical trends to the Governor, the General Assembly, and the state child fatality review team created under KRS 211.684.

(13) When an adult who is the subject of information made confidential by subsection (5) of this section publicly reveals or causes to be revealed any significant part of the confidential matter or information, the confidentiality afforded by subsection (5) of this section is presumed voluntarily waived, and confidential information and records about the person making or causing the public disclosure, not already disclosed but related to the information made public, may be disclosed if disclosure is in the best interest of the child or is necessary for the administration of the cabinet's duties under this chapter.

(14) As a result of any report of suspected child abuse or neglect, photographs and X-rays or other appropriate medical diagnostic procedures may be taken or caused to be taken, without the consent of the parent or other person exercising custodial control or supervision of the child, as a part of the medical evaluation or investigation of these reports. These photographs and X-rays or results of other medical diagnostic procedures may be introduced into evidence in any subsequent judicial proceedings. The person performing the diagnostic procedures or taking photographs or X-rays shall be immune from criminal or civil liability for having performed the act. Nothing herein shall limit liability for negligence.

Opinions of Attorney General. This section requires schools to continue to allow the Cabinet for Human Resources (CHR) to interview children on school premises without consent of parents in the course of an abuse investigation if that is the course of action determined appropriate by the CHR. OAG 87-33.

Where person requesting documents regarding detention of student at a school and the report and findings of an investigation conducted by the Department for Social Services did not demonstrate that he fell under any of the statutorily recognized classifications of this section or KRS 61.878 or that his particular situation warranted the release of the requested material, his request was properly denied. OAG 91-93.

NOTES TO DECISIONS

1. In General.
A report by a teacher or counselor to his or her supervisor does not entitle him or her to immunity from prosecution since such a report is not a report within the meaning of KRS 620.030. Commonwealth v. Allen, 980 S.W.2d 278 (Ky. 1998).

Penalty

620.990. Penalty.
(1) Any person intentionally violating the provisions of this chapter shall be guilty of a Class B misdemeanor.

(2) The use of information by public officers and by defense counsel for purposes of investigation and trial of cases or other proceedings under the provisions of KRS Chapters 600 to 645 or in any criminal prosecution or appeal shall not constitute a violation of this chapter.

CHAPTER 630

STATUS OFFENDERS

SECTION

630.010. Purposes of chapter regarding status offenders.
630.020. Jurisdiction of court.
630.040. Duties of person taking child into custody.
630.050. Violated court order — Placement in secure facility.
630.060. Detention in secure juvenile detention facility or juvenile holding facility — Limitation on detention of child.
630.100. Detention of adjudicated status offender.
630.120. Conduct of dispositional hearings.
630.160. Escape charge not to be filed in certain circumstances.

630.010. Purposes of chapter regarding status offenders.
In addition to those purposes set forth in KRS 600.010, this chapter shall be interpreted and construed to effectuate the following purposes regarding status offenders:

(1) The Commonwealth's courts shall utilize a separate and distinct set of guidelines for status offenders which reflect their individual needs;

(2) It shall be declared to be the policy of this Commonwealth that all its efforts and resources be directed at involving the child and the family in remedying the problem for which they have been referred;
(3) Status offenders shall not be detained in secure juvenile detention facilities or juvenile holding facilities after the initial detention hearing unless the child is accused of, or has an adjudication that the child has violated a valid court order, in which case the child may be securely detained for up to seventy-two (72) hours, exclusive of weekends and holidays, pending receipt of the report required under KRS 630.080(3). Any period of secure detention prior to the detention hearing shall not exceed twenty-four (24) hours, exclusive of weekends and holidays;

(4) Status offenders accused of violating a valid court order shall not be securely detained in intermittent holding facilities; and

(5) Status offenders accused of or found guilty of violating a valid court order shall not be converted into public offenders by virtue of this conduct.

630.020. Jurisdiction of court.
The court shall have exclusive jurisdiction in proceedings concerning any child living, or found within the district, who allegedly:

(1) Has been an habitual runaway from his parent or person exercising custodial control or supervision of the child;

(2) Is beyond the control of the school or beyond the control of parents as defined in KRS 600.020; or

(3) Has been an habitual truant from school.

Opinions of Attorney General. KRS 600.020(24) controls over KRS 159.150 in ascertaining the number of days a child must have unexcused absences prior to being found habitually truant under theUnified Juvenile Code. OAG 93-37.

Collateral References. Truancy as indicative of delinquency or incorrigibility, justifying commitment of infant or juvenile. 5 A.L.R. 4th 1211.

Conditions at school as excusing or justifying nonattendance. 9 A.L.R. 4th 122.

630.040. Duties of person taking child into custody.
Any person taking a child into custody, with all reasonable speed, shall in this sequence:

(1) Deliver the child suffering from a physical condition or illness which requires prompt medical treatment to a medical facility or physician. Children suspected of having a mental or emotional illness shall be evaluated in accordance with the provisions of KRS Chapter 645;

(2) Contact a court designated worker who shall have the responsibility for determining appropriate placement pursuant to KRS 610.200(5);

(3) If the court designated worker determines that the placements designated in KRS 610.200(5) and subsection (1) of this section have been exhausted or are not appropriate, a child may be delivered to a secure juvenile detention facility, a juvenile holding facility, or a nonsecure setting approved by the Department of Juvenile Justice pending the detention hearing;

(4) When the child has not been released to his parents or person exercising custodial control or supervision, the person taking the child into custody shall make a reasonable effort promptly to give oral notice to the parent or person exercising custodial control or supervision of the child;

(5) In all instances the peace officer taking a child into custody shall provide a written statement to the court designated worker of the reasons for taking the child into custody;

(6) If the child is placed in an emergency shelter or medical facility, during the adjudication and disposition of his case, the court may order his parents to be responsible for the expense of his care; and

(7) The peace officer taking the child into custody shall within three (3) hours of taking a child into custody file a complaint with the court, stating the basis for taking the child into custody and the reason why the child was not released to the parent or other adult exercising custodial control or supervision of the child, relative or other responsible adult, a court designated agency, an emergency shelter or medical facility. Pending further disposition of the case, the court or the court designated worker may release the child to the custody of any responsible adult who can provide adequate care and supervision.

630.070. Violated court order — Placement in secure facility.
No status offender shall be placed in a secure juvenile detention facility or juvenile holding facility as a means or form of punishment except following a finding that the child has violated a valid court order.

630.080. Detention in secure juvenile detention facility or juvenile holding facility — Limitation on detention of child.

(1) In order for the court to detain a child after the detention hearing, the Commonwealth shall establish probable cause at the detention hearing that the child is a status offender and that further detention of the child is necessary for the protection of the child or the community. If the Commonwealth fails to establish probable cause that the child is a status offender, the complaint shall be dismissed and the child shall be released. If the Commonwealth establishes probable cause that the child is a status offender, but that further
detention of the child is not necessary for the protection of the child or the community, the child shall be released to the parent or person exercising custodial control or supervision of the child. If grounds are established that the child is a status offender, and that further detention is necessary, the child may be placed in a nonsecure setting approved by the Department of Juvenile Justice;

(2) A status offender may be securely detained if the cabinet has initiated or intends to initiate transfer of the youth by competent document under the provisions of the interstate compact pursuant to KRS Chapter 615;

(3) A status offender who is subject to a valid court order may be securely detained upon a finding that the child violated the valid court order if the court does the following prior to ordering that detention:

(a) Affirms that the requirements for a valid court order were met at the time the original order finding the child to be a status offender was issued;

(b) Makes a determination during the detention hearing that there is probable cause that the child violated the valid court order; and

(c) Within seventy-two (72) hours of the initial detention of the child, exclusive of weekends and holidays, receives an oral report in court and on the record delivered by an appropriate public agency other than the court or a law enforcement agency, or receives and reviews a written report prepared by an appropriate public agency other than the court or a law enforcement agency that reviews the behavior of the child and the circumstances under which the child was brought before the court, determines the reasons for the child's behavior, and determines whether all dispositions other than secure detention have been exhausted or are inappropriate. If a sufficient prior written report is included in the child's file, that report may be used to satisfy this requirement. The child may be securely detain for a period not to exceed seventy-two (72) hours pending receipt and review of the report by the court. The court shall conduct a violation hearing within twenty-four (24) hours of the receipt of the report, exclusive of weekends and holidays. If the report is available at the time of the detention hearing, the violation hearing may be conducted at the same time as the detention hearing. The hearing shall be conducted in accordance with the provisions of KRS 610.060. The findings required by this subsection shall be included in any order issued by the court which results in the secure detention of a status offender.

630.100. Detention of adjudicated status offender.

Except as otherwise provided in this chapter, no adjudicated status offender shall be securely detained.

630.120. Conduct of dispositional hearings.

(1) All dispositional hearings conducted under this chapter shall be conducted in accordance with the provisions of KRS 610.060 and 610.070. In addition, the court shall, at the time the dispositional order is issued:

(a) Give the child adequate and fair warning of the consequences of the violation of the order; and

(b) Provide the child and the child's attorney, parent, or legal guardian a written statement setting forth the conditions of the order and the consequences for violating the order.

An order issued pursuant to this section is a valid court order and any child violating that order may be subject to the provisions of KRS 630.080(3).

(2) The court shall consider all appropriate local remedies to aid the child and the child's family subject to the following conditions:

(a) Residential and nonresidential treatment programs for status offenders shall be community-based and nonsecure; and

(b) With the approval of the education agency, the court may place the child in a nonsecure public or private education agency accredited by the Department of Education.

(3) At the disposition of a child adjudicated on a petition brought pursuant to this chapter, all information helpful in making a proper disposition, including oral and written reports, may be received by the court provided that the child, the child's parents, their counsel, the prosecuting attorney, the child's counsel, or other interested parties as determined by the judge shall be afforded an opportunity to examine and controvert the reports. For good cause, the court may allow the admission of hearsay evidence.

(4) The court shall affirmatively determine that all appropriate remedies have been considered and exhausted to assure that the least restrictive alternative method of treatment is utilized.

(5) The court may order the child and the child's family to participate in any programs which are necessary to effectuate a change in the child and the family.

(6) When all appropriate resources have been reviewed and considered insufficient to adequately address the needs of the child and the child's family, the court may commit the child to the cabinet for such services as may be necessary. The
cabinet shall consider all appropriate local remedies to aid the child and the child's family subject to the following conditions:

(a) Treatment programs for status offenders shall be, unless excepted by federal law, community-based and nonsecure;

(b) The cabinet may place the child in a nonsecure public or private education agency accredited by the department of education;

(c) The cabinet may initiate proceedings pursuant to KRS 610.160 when the parents fail to participate in the cabinet’s treatment programs; and

(d) The cabinet may discharge the child from commitment after providing ten (10) days’ prior written notice to the committing court which may object to such discharge by holding court review of the commitment under KRS 610.120.

630.160. Escape charge not to be filed in certain circumstances.

Notwithstanding any provision of KRS Chapter 520 to the contrary, no child accused of being or who has been adjudicated as a status offender or who has been accused of or held in contempt of court based upon an underlying finding that the child is a status offender who is absent without leave from a nonsecure detention option or home detention, or who fails to comply with the conditions of supervised placement, shall be charged with escape for being absent without leave or failing to comply with the conditions of supervised placement.
