FOREWORD

This 2004 Edition of Kentucky School Laws Annotated has been published and distributed in accordance with KRS 156.240. It contains those provisions of the Kentucky Constitution and the Kentucky Revised Statutes pertaining to schools and education. In addition, it contains the new laws enacted by the 2004 Regular Session of the Kentucky General Assembly.

Interpretations of the laws which have resulted from court decisions and opinions of the Attorney General are included in notes at the end of sections in the education title. For easy reference, education-related annotations have been selected for sections outside of the education title. In addition, to facilitate research, cross references and citations to other sources are provided.

I trust this volume will serve as a valuable resource for all those with an interest in the education of Kentucky’s children.

The Establishment Clause: A Survey of Recent Religion Cases Decided Within the Sixth Circuit, 29 N. Ky. L. Rev. 73 (2002).

Opinions of Attorney General. Under subsection (2) of KRS 160.290, a school board may make regulations designed to protect the general welfare and safety of students and in doing so may take into account specific standards of moral conduct so that school dances could be eliminated as an approved school function by the board unless such ban were imposed for religious reasons, in which case it would violate this section and the first amendment to the federal Constitution. OAG 70-167.

Voluntary and spontaneous prayer meetings by students on school property not held during regular school hours constitute no violation of this section. OAG 72-386.

A local board of education may constitutionally conduct within its school speech therapy courses for parochial school pupils residing within the school district. OAG 75-639.

There is no statute that regulates the entrance age for a child to attend a nonpublic school and one could not constitutionally be enacted due to the Kentucky Supreme Court's view of this section and the proscription against state regulation of nonpublic schools. OAG 82-408.

3. Schools.

4. —Religious Beliefs of School Administration.

Where school administrator's use of her religious beliefs in exercising her administrative duties and in exercising authority over teachers was offensive to some of the staff, it did not invariably pose some substantial threat to public safety, peace or order, and thus, her behavior in this regard was protected conduct. Hooks v. Smith, 781 S.W.2d 522 (Ky. Ct. App. 1989).

5. —Compulsory Attendance.

While the state has an interest in the education of its citizens which could be furthered through compulsory education, the rights of conscience of those who desire education of their children in private and parochial schools should be protected. Kentucky State Bd. for Elementary & Secondary Educ. v. Rudasill, 589 S.W.2d 877 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792 (1980).

If the legislature wishes to monitor the work of private and parochial schools in accomplishing the constitutional purpose of compulsory education, it may do so by an appropriate standardized achievement testing program, and if the results show that one or more private or parochial schools have failed to reasonably accomplish the constitutional purpose, the Commonwealth may then withdraw approval and seek to close them for they no longer fulfill the purpose of "schools." Kentucky State Bd. for Elementary & Secondary Educ. v. Rudasill, 589 S.W.2d 877 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792 (1980).

6. —Achievement Testing.

Requiring students to take the Kentucky Instructional Results Information System (KIRIS) examination did not violate students' constitutional rights of freedom of religion. Triplett v. Livingston County Bd. of Educ., 967 S.W.2d 25 (Ky. Ct. App. 1997), cert. denied, 525 U.S. 1104, 119 S. Ct. 870, 142 L. Ed. 2d 771 (1999).

7. —Maintenance.

Contract by school district trustees to maintain sectarian school free of charge from public funds in return for sectarian school teaching common school pupils free of charge was in violation of this section. Williams v. Board of Trustees, 173 Ky. 708, 191 S.W. 507, 1917D l.R.A. 453 (1917).
LEGISLATIVE DEPARTMENT

SECTION.

55. When laws to take effect — Emergency legislation.

§ 55. When laws to take effect — Emergency legislation.

No act, except general appropriation bills, shall become a law until ninety days after the adjournment of the session at which it was passed, except in cases of emergency, when, by the concurrence of a majority of the members elected to each House of the General Assembly, by a yea and nay vote entered upon their journals, an act may become a law when approved by the Governor; but the reasons for the emergency that justifies this action must be set out at length in the journal of each House.

Cross-References. Date of approval or passage to be stated at end of act, KRS 6.240.

§ 59. Local and special legislation.

The General Assembly shall not pass local or special acts concerning any of the following subjects, or for any of the following purposes, namely:

Second: To regulate the summoning, impanneling or compensation of grand or petit jurors.

Third: To provide for changes of venue in civil or criminal causes.

Fourth: To regulate the punishment of crimes and misdemeanors, or to remit fines, penalties or forfeitures.

Fifth: To regulate the limitation of civil or criminal causes.

Sixth: To affect the estate of cestuis que trust, debtors, infants or other persons under disabilities, or to authorize any such persons to sell, lease, encumber or dispose of their property.

Seventh: To declare any person of age, or to relieve an infant or feme covert of disability, or to enable him to do acts allowed only to adults not under disabilities.

Eighth: To change the law of descent, distribution or succession.

Ninth: To authorize the adoption or legitimation of children.

Tenth: To grant divorces.

Eleventh: To change the names of persons.

Twelfth: To give effect to invalid deeds, wills or other instruments.

Thirteenth: To legalize, except as against the Commonwealth, the unauthorized or invalid act of any officer or public agent of the Commonwealth, or of any city, county or municipality thereof.

Fourteenth: To refund money legally paid into the State Treasury.

Fifteenth: To authorize or to regulate the levy, the assessment or the collection of taxes, or to give any indulgence or discharge to any assessor or collector of taxes, or to his sureties.

Sixteenth: To authorize the opening, altering, maintaining or vacating of roads, highways, streets, alleys, town plats, cemeteries, graveyards, or public grounds not owned by the Commonwealth.

Seventeenth: To grant a charter to any corporation, or to amend the charter of any existing corporation; to license companies or persons to own or operate ferries, bridges, roads or turnpikes; to declare streams navigable, or to authorize the construction of booms or dams therein, or to remove obstructions therefrom; to affect toll gates or to regulate tolls; to regulate fencing or the running at large of stock.

Eighteenth: To create, increase or decrease fees, percentages or allowances to public officers, or to extend the time for the collection thereof, or to authorize officers to appoint deputies.

Nineteenth: To give any person or corporation the right to lay a railroad track or tramway, or to amend existing charters for such purposes.

Twentieth: To provide for conducting elections, or for designating the places of voting, or changing the boundaries of wards, precincts or districts, except when new counties may be created.

Twenty-first: To regulate the rate of interest.

Twenty-second: To authorize the creation, extension, enforcement, impairment or release of liens.

Twenty-third: To provide for the protection of game and fish.
Twenty-fourth: To regulate labor, trade, mining or manufacturing.

Twenty-fifth: To provide for the management of common schools.

Twenty-sixth: To locate or change a county seat.

Twenty-seventh: To provide a means of taking the sense of the people of any city, town, district, precinct or county, whether they wish to authorize, regulate or prohibit therein the sale of vinous, spirituous or malt liquors, or alter the liquor laws.

Twenty-eighth: Restoring to citizenship persons convicted of infamous crimes.

Twenty-ninth: In all other cases where a general law can be made applicable, no special law shall be enacted.

Opinions of Attorney General. There is a reasonable distinction which justifies the separate treatment given to the salaries of beginning teachers in the state-supported vocational schools, the state school for the deaf, and the state school for the blind, and therefore KRS 163.032 is not "special" legislation in violation of either this section or § 60 of the Kentucky Constitution. OAG 85-86.

The General Assembly may permit referenda on local school curriculum; however, in doing so, the General Assembly must not violate equal protection provisions and special and local legislation provisions of the Kentucky Constitution. OAG 00-3.

NOTES TO DECISIONS

ANALYSIS

5. Classification.
7. —Cities.
8. —Reasonable.
11. —Unreasonable.
25. Taxation.
42. Schools.
46. General laws.

5. Classification.

Legislation establishing a classification, the wisdom of which is a legislative function, is not in violation of the Constitution prohibition against special legislation where the classification is based on natural and reasonable distinction. Board of Educ. v. Mescher, 310 Ky. 453, 220 S.W.2d 1016 (1949).

Law authorizing board of education in any county containing a city of the first class to impose occupational license fees is not special legislation prohibited by this section, although at present the statute applies in fact only to one (1) county: Sims v. Board of Educ., 290 S.W.2d 491 (Ky. 1956).

Classification of cities and counties on the basis of size and population alone for any purpose other than their organization or government is permissible only if size and population has an appreciable relevancy to the subject matter of the legislation. Board of Educ. v. Board of Educ., 522 S.W.2d 854 (Ky. 1975).

7. —Cities.

Law providing that use of escheats in cities of first class shall be for public schools in such cities and authorizing school board to sue for same is not special legislation within the meaning of this section notwithstanding that same privilege is not allowed to school boards of other cities. Commonwealth ex rel. Louisville Sch. Bd. v. Chicago, St. L. & N.O.R.R., 124 Ky. 497, 30 Ky. L. Rptr. 673, 99 S.W. 596 (1907).

8. —Reasonable.

Statutory provisions (KRS 160.040-160.210) that allowed special structuring of a new school board upon the merger of the school district of a city of the first class with the county school district did not constitute forbidden local or special legislation where the reasons for treatment different from other mergers were justified by the factors of urbanization which differentiated school problems in cities of the first class. Board of Educ. v. Board of Educ., 522 S.W.2d 854 (Ky. 1975).

11. —Unreasonable.

An act violates this section if it contains no justification for the requirement that a county containing a city of the first class that also contains a city of some other class with an independent school district that would be required under such an act to use an entirely different procedure to annex adjacent areas to its independent school district from the procedure used by independent school districts in cities of the same class in all the remaining counties in the state. Board of Educ. v. Board of Educ., 472 S.W.2d 496 (Ky. 1971).

25. Taxation.

Law providing a minimum school tax rate of 36 mills for cities of second class was not unconstitutional as local or special legislation. City of Louisville v. Commonwealth, 134 Ky. 488, 121 S.W. 411 (1909).

Provisions of KRS 160.475 and 160.476, leaving it optional with county boards of education as to amount of tax necessary to operate district schools and to request county fiscal court to make levy accordingly, did not violate subsection Fifteenth of this section, since such act was general statute applicable to all fiscal courts and county public school districts equally throughout state. Harlan-Wallins Coal Corp. v. Cawood, 303 Ky. 544, 198 S.W.2d 218 (1946).

Law permitting cities of the second class to condemn land for proper public purposes does not constitute special or local legislation prohibited by this section. Shipp v. City of Lexington, 212 Ky. 702, 279 S.W. 1094 (1926).

42. Schools.

Special acts concerning school districts in towns and cities were repealed by the general law relating to common schools to extent that they were inconsistent with the general law. Hickman College v. Trustees Colored Common School Dist. No. A, 111 Ky. 944, 23 Ky. L. Rptr. 1271, 65 S.W. 20 (1901).

Act providing that any graded school district created by special act and having school fund other than that provided by general law shall have power to issue bonds with coupons attached not to exceed certain amount was not unconstitutional, since terms of act were applicable to all of separate class of schools to which it related. Smith v. Board of Trustees of Shelby Graded School Dist., 171 Ky. 39, 186 S.W. 927 (1916).

Since act providing for a visitor for Negro but not white schools did not give the Negro race the benefit of a Negro visitor in addition to a trustee but only in place of a trustee, it is not unconstitutional under this section. Daviess County Board of Educ. v. Johnson, 179 Ky. 34, 200 S.W. 313 (1918).

Law requiring a county to pay the tuition of pupils authorized to attend the most convenient high school in their county of residence is not unconstitutional as special or local legislation. Madison County Board of Educ. v. Smith, 250 Ky. 495, 63 S.W.2d 620 (1933).
Law which exempts fifth and sixth-class city school districts from the obligation imposed on other districts to provide educational facilities for Negroes is unconstitutional as special legislation. Board of Educ. v. Board of Educ. of Midway Indep. Graded Common School Dist., 264 Ky. 245, 94 S.W.2d 687 (1936).

Exemption of incumbent members of board of education from meeting new educational qualifications does not make law local or special legislation. Commonwealth v. Griffen, 268 Ky. 830, 105 S.W.2d 1063 (1937).

The fundamental mandate of the Constitution and statutes is that there shall be equality and that all public schools shall be nonpartisan and nonsectarian. Wooley v. Spalding, 293 S.W.2d 563 (Ky. 1956).

The phrase "standards promulgated by the state board of education" in subsection (3) of KRS 157.305 (now repealed) was a mandate to formulate and establish such reasonable and uniform regulations as were necessary to a just and proper administration of the act and thus this section was not violated. Butler v. United Cerebral Palsy of N. Ky., Inc., 352 S.W.2d 203 (Ky. 1961).

Under KRS 157.305 (now repealed), exceptional children, for whose education the common schools were not adequate, were proper subjects of classification. Butler v. United Cerebral Palsy of N. Ky., Inc., 352 S.W.2d 203 (Ky. 1961).

The ordinary duties of a school principal differ greatly from those of a school teacher; as administrative personnel have either fiscal management duties and educational supervisory duties, or both, with responsibilities which are quite different from those of classroom teachers; the role of an administrator in carrying out policy and in formulating overall policy is also quite different from that of a teacher, and it is certainly not beyond reason that the Legislature would deem it advisable not to make all whose supervisory and policy role is so different, the same kind of job protection given to a classroom teacher. Hooks v. Smith, 781 S.W.2d 522 (Ky. Ct. App. 1989).

The proper test to be applied under the equal protection clause and this section of the Kentucky Constitution is whether there is a rational basis for the different treatment of school administrators from that of school teachers. Hooks v. Smith, 781 S.W.2d 522 (Ky. Ct. App. 1989).

Statutory grant of authority under KRS 156.160 and KRS 189.540 to Department of Transportation to adopt regulations to govern the design and operation of school buses was not unconstitutional special legislation because it applied only to public and not to private or parochial school bus drivers; the statutes apply equally to a class and further a legitimate state interest in safe transportation of public school children. Cornette v. Commonwealth, 899 S.W.2d 502 (Ky. Ct. App. 1995).

46. General Laws.

Law vesting escheated property within cities of first class in board of education for use of schools was not unconstitutional as local or special legislation. Commonwealth v. Thomas’ Adm’r, 140 Ky. 789, 131 S.W. 797 (1910).

Law providing for escheat of property to a board of education does not violate this section as special legislation. Shanks v. Board of Educ., 221 Ky. 470, 298 S.W. 1111 (1927).

KRS 160.045, granting owners of realty in territory which may become incorporated in any municipality and is located in county school district the right to demand that property be placed in school district in which greater part of municipality is located, does not violate the Constitution prohibiting special legislation where a general law can be made applicable. Board of Educ. v. Mescher, 310 Ky. 453, 220 S.W.2d 1016 (1949).

KRS 160.045 was not special legislation and did not violate subsection Twenty-ninth of this section. Board of Educ. v. Mescher, 310 Ky. 453, 220 S.W.2d 1016 (1949).

The mere fact that a legislative enactment works to the benefit of some and is sponsored by persons interested by no means makes that act special legislation. Board of Educ. v. Mescher, 310 Ky. 453, 220 S.W.2d 1016 (1949).
such as may be prescribed by law, and the Secretary of State shall keep a fair register of and attest all the official acts of the Governor, and shall, when required, lay the same and all papers, minutes and vouchers relative thereto before either House of the General Assembly. The officers named in this section shall enter upon the discharge of their duties the first Monday in January after their election, and shall hold their offices until their successors are elected and qualified."

Section 19 of Acts 1992, ch. 168 provided: "It is further proposed as a part of this amendment and as a schedule of transitional provisions, for the purposes of this amendment, and any other provision of the Constitution of Kentucky notwithstanding:

"(1) The Governor; Lieutenant Governor; Treasurer; Auditor of Public Accounts; Attorney General; Secretary of State; Commissioner of Agriculture, Labor and Statistics; Superintendent of Public Instruction; and Railroad Commissioners elected in 1991 shall be ineligible for election to the same office for the succeeding term. Those officers elected in 1995 shall be eligible for election to the next succeeding term.

"(2) The term of office of Commonwealth's Attorneys and Circuit Clerks elected in 1993 shall be for a single term of seven years. The regular election for those offices shall then be held in 2000 and every six years thereafter.

"(3) The term of office of District Judges, Mayors, County Judges/Executive, and local officers who regularly serve a two-year term and who are scheduled to be elected in 1993 shall be for a single term of five years. The regular election for those offices shall then be held in 1998 and every four years thereafter.

"(4) The term of office for local officers who regularly serve a two-year term and who are scheduled to be elected in 1993 shall be for a single term of three years. The regular election for those offices shall then be held in 1996 and every two years thereafter.

"(5) The term of office for Circuit Judges and Judges of the Court of Appeals elected in 1999 shall be for a single term of seven years. The regular election for those offices shall then be held in 2000 and every six years thereafter.

"(6) The term of office for mayor, magistrate, or other officer not specifically provided for in subsection (4) of this section elected in 1995 shall be extended for one year and subsequent elections for offices subject to the provisions of this subsection shall be held in even-numbered years.

"(7) No person holding elective office upon the effective date of this amendment shall have the duration of his current term extended. However, if the next election of any officer not specifically provided for in this section is scheduled to appear on the ballot in an odd-numbered year, the duration of that term of the officer elected shall be extended for one year. The election for any office subject to the provisions of this subsection shall subsequently be held in even-numbered years."

§ 93. Succession of elected Constitutional State Officers — Duties — Inferior officers and members of boards and commissions.
The Treasurer, Auditor of Public Accounts, Secretary of State, Commissioner of Agriculture, Labor and Stat-istics, and Attorney General shall be ineligible to reelection for the succeeding four years after the expiration of any second consecutive term for which they shall have been elected. The duties and responsibilities of these officers shall be prescribed by law, and all fees collected by any of said officers shall be covered into the treasury. Inferior State officers and members of boards and commissions, not specifically provided for in this Constitution, may be appointed or elected, in such manner as may be prescribed by law, which may include a requirement of consent by the Senate, for a term not exceeding four years, and until their successors are appointed or elected and qualified.

(Amendment proposed by Acts 1992, ch. 168, § 12, and ratified November 3, 1992.)

Compiler's Notes. The General Assembly in 1992 (Acts 1992, ch. 168, § 12) proposed an amendment to the Constitution which amendment was ratified by the voters at the regular election November 3, 1992. Prior to the amendment this section read:

"§ 93. Constitutional state officers not to succeed themselves — Duties — Fees — Inferior state officers — Term. — The Treasurer, Auditor of Public Accounts, Secretary of State, Commissioner of Agriculture, Labor and Statistics, Attorney General, Superintendent of Public Instruction and Register of the Land Office shall be ineligible to re-election for the succeeding four years after the expiration of the term for which they shall have been elected. The duties and responsibilities of these officers shall be prescribed by law, and all fees collected by any of said officers shall be covered into the treasury. Inferior state officers, not specifically provided for in this Constitution, may be appointed or elected, in such manner as may be prescribed by law, for a term not exceeding four years, and until their successors are appointed or elected and qualified."

The General Assembly in 1992 (Acts 1992, ch. 168, § 12) proposed an amendment to the Constitution which amendment was ratified by the voters at the regular election November 3, 1992. Prior to the amendment this section read:

SUFFRAGE AND ELECTIONS

SECTION. 152. Vacancies — When filled by appointment, when by election — Who to fill.

155. School elections not governed by Constitution.
election until the regular time for the election of officers to fill said offices. Vacancies in all offices for the State at large, or for districts larger than a county, shall be filled by appointment of the Governor; all other appointments shall be made as may be prescribed by law. No person shall ever be appointed a member of the General Assembly, but vacancies therein may be filled at a special election, in such manner as may be provided by law.

Cross-References. How and by whom vacancies filled, Const., § 76; KRS 63.150 to 63.220. Special election to fill vacancy in general assembly, KRS 118.730.

Opinions of Attorney General. School board elections are not county wide and consequently do not qualify as regular elections embracing the entire county as required by this section. OAG 70-266 and 70-347.

The only possible regular election to fill a vacancy in a city office in November 1970 would be a school board election and that would qualify only if it embraced the entire city. OAG 70-606.

A school district election would not qualify as a state election so that a person appointed to fill a vacancy in the office of police judge could run for the unexpired term where the school district boundaries did not embrace the entire city. OAG 70-631.

The only possible regular election in November 1970 at which a vacancy in the office of police judge could be filled would be a school board election embracing the entire city. OAG 70-635.

Where a vacancy occurs in the office of county attorney and the vacancy is not filled with reasonable haste, if there is one lawyer in the county who meets the constitutional requirements for the office, the county judge is subject to a mandamus action by a taxpayer in which the plaintiff could procure an order of the Circuit Court requiring the county court to fill the vacancy. OAG 70-650.

Where there was a vacancy on the city council filled by appointment prior to a regular school board race, the vacancy on the council would have to be placed on the ballot even though the candidate filed for the unexpired term. OAG 70-732.

If there were parts of the city that were not included in either or both of two (2) school elections there would be no regular election embracing the entire city within the meaning of this section of the Constitution and no election could be held for the unexpired term of a city council member and, accordingly, an appointee could serve out the remainder of the unexpired term ending in January, 1980, since the next regular election for city council would be at the November, 1979, election. OAG 78-229.

If there were school elections in both the county and independent school districts in 1978 and their territory is adjacent to each other and at the same time (by the combined elections) takes in the entire City of Murray though neither alone embraces the City of Murray, the terms of § 152 would be complied with in that there would be regular elections at which all of the voters of the city would participate though they would not be entitled to vote for the same officers and, consequently, a vacancy on the city council would have to be filled in those November elections rather than allowing an appointee to finish the term. OAG 78-229.

Where an appointment has been made to fill a vacancy, and an election must be made to fill the unexpired term, it must occur at the same time as the next regular election embracing the entire area where the vacancy occurred, and this may include a school board election, provided the school district covers the entire jurisdiction, but does not include a federal election. OAG 78-439; OAG 78-451.

This section requires that all vacancies in elective offices must be filled at the next regular election embracing the area in which the vacancies have occurred, and although federal elections do not qualify, special elections can qualify if all of the qualified voters of the city will be entitled to vote in the school election. OAG 78-552, 78-566.

A person elected to office may resign from office at any time and for any reason, and such resignation of itself does not in any way affect his qualifications to hold office or his right to change his mind and decide to run for the unexpired term to which he was elected. OAG 79-65.

Where upcoming school board race would not embrace entire magisterial district, as would be required in order to qualify as a regular election embracing the magisterial district under the terms of this section, and there were no other regular state or local elections embracing the county (federal elections for members of Congress not qualifying as state elections under the terms of this section), vacancy in the office of justice of the peace in the magisterial district could not be filled at the coming November 1982 election, and the Governor’s appointee to fill this vacancy would have to serve until the 1983 general election, at which time an election for state-wide officers would have to be held. OAG 82-257.

City council vacancy existing in April, 1982, could not be filled for the unexpired term unless there was no regular election in the fall of 1982 embracing the city. If there was such an election as, for example, a school board election or an election for the Supreme Court, then this section would require the vacancy to be filled at that time for the unexpired term; if there was no qualifying election under the terms of the Constitution, then the mayor’s appointee would serve for the remainder of the term. OAG 82-351.

Where a person is elected to fill a vacancy for an unexpired term, such person is entitled to take office immediately after his election or as soon thereafter as he receives his certificate of election and qualifies; he would then hold office for the remainder of the unexpired term. OAG 84-244.

NOTES TO DECISIONS

5. Appointment.

14. —School board.

5. Appointment.

The provision that “all other appointments shall be made as may be prescribed by law” controls the appointment of school board members to fill vacancies in a school district that is not larger than the county. Glass v. City of Hopkinsville, 225 Ky. 428, 9 S.W.2d 117 (1928).

14. —School Board.

Election for school board members, in scattered districts and parts of districts within a county, was not an election for city, town, county, district, or state officers at which an election to fill a vacancy in an office elected by the entire county could be held. Brumley v. Ruth, 302 Ky. 813, 195 S.W.2d 777 (1946). See White v. Hubbard, 302 Ky. 820, 195 S.W.2d 781 (1946).

A person appointed under KRS 160.190 to fill a vacancy on the school board would be entitled to serve for the balance of the unexpired term. Shields v. Wilkins, 449 S.W.2d 220 (Ky. 1969).

§ 155. School elections not governed by Constitution.

The provisions of Sections 145 to 154, inclusive, shall not apply to the election of school trustees and other common school district elections. Said elections shall be...
regulated by the General Assembly, except as otherwise provided in this Constitution.

**Cross-References.** School elections, KRS 160.200 to 160.260.

2. Bond issuance.
3. School officers.
4. Right to vote.
5. School districts.
6. Time of elections.

1. **In General.**

   Under this section, common school district elections were not required to be held on regular election day. Sisk v. Gardiner, 25 Ky. L. Rptr. 18, 74 S.W. 686 (1900).

   This section confers on the Legislature full power to regulate everything relating to the management and control of the common schools of this state. Shields v. Wilkins, 449 S.W.2d 220 (1969).

   This section would indicate that Const., §§ 145 to 154 should not apply to school elections. Shields v. Wilkins, 449 S.W.2d 220 (1969).

2. **Bond Issuance.**

   In the absence of statutory limitation, school trustees may submit for election more than once in the same year the question of issuing bonds, even though such issue was previously defeated. McKinney v. Board of Trustees, 144 Ky. 85, 137 S.W. 839 (1911).

   A school district bond issue election held on day other than the regular election day provided by law, and at which the vote was viva voce instead of by ballot, was not for those reasons invalid. Smith v. Board of Trustees, 171 Ky. 39, 186 S.W. 927 (1916).

   Legislation can confide to school board the power to order and conduct an election on the question of issuance of school bonds without any restriction requiring it to be held on a day of general election. Rogan v. Board of Educ., 192 Ky. 770, 234 S.W. 443 (1921).

3. **School Officers.**

   The Legislature has the liberty to determine everything relating to the management and control of the schools of the state, including the right to determine who may vote for school superintendent and other school officers. Crook v. Bartlett, 155 Ky. 305, 159 S.W. 826 (1913).

4. **Right to Vote.**

   This section confers on the Legislature full power to regulate everything relating to the management and control of the common schools of the state, and the Legislature has the power to give women the right to vote in them. Stuessy v. City of Louisville, 156 Ky. 525, 161 S.W. 564 (1913).

   Illiterate women, no less than illiterate men, may exercise their right to vote at school elections. Prewitt v. Wilson, 242 Ky. 231, 46 S.W.2d 90 (1932).

5. **School Districts.**

   The city of Louisville being a school district, an election therein on a tax measure is a school district election, and under the regulation of the General Assembly. Stuessy v. City of Louisville, 156 Ky. 523, 161 S.W. 564 (1913).

6. **Time of Elections.**

   School elections of every character are not required to be held on a regular election day. Clark v. Board of Trustees, 164 Ky. 210, 175 S.W. 359 (1915). See Sisk v. Gardiner, 25 Ky. L. Rptr. 18, 74 S.W. 686 (1903); Weil, Roth & Co. v. Paris, 176 Ky. 841, 197 S.W. 461 (1917).

   The Legislature is at liberty to fix the time for regular or general election of school trustees on a day other than the first Tuesday after the first Monday in November. Norton v. Letton, 271 Ky. 353, 111 S.W.2d 1053 (1937).

7. **Corrupt Practice Act.**

   Members of school board, like all other elected county and district officers, are subject to the provisions of the corrupt practice act, KRS 123.030 (repealed). Ridings v. Jones, 213 Ky. 810, 281 S.W. 999 (1926). See Hart v. Rose, 255 Ky. 576, 75 S.W.2d 43 (1934).

   Although this section relieved Legislature of necessity of applying corrupt practice measures to schools, it did not forbid Legislature from such application; thus, corrupt practice act could apply to school elections. Hart v. Rose, 255 Ky. 576, 75 S.W.2d 43 (1934).

8. **Filling of Vacancies.**

   The selection of a person to fill a vacancy in a common school district office is synonymous with an election within the meaning of this section. Shields v. Wilkins, 449 S.W.2d 220 (1969).

**MUNICIPALITIES**

**SECTION.**

157. **Maximum tax rate for cities, counties, and taxing districts.**

157b. Adoption of budget required for cities, counties, and taxing districts — Expenditures not to exceed revenues for fiscal year.

158. **Maximum indebtedness of cities, counties, and taxing districts — General Assembly authorized to set additional limits and conditions.**

165. **Incompatible offices and employments.**

**$ 157. Maximum tax rate for cities, counties, and taxing districts.**

The tax rate of cities, counties, and taxing districts, for other than school purposes, shall not, at any time, exceed the following rates upon the value of the taxable property therein: For all cities having a population of fifteen thousand or more, one dollar and fifty cents on the hundred dollars; for all cities having less than fifteen thousand and not less than ten thousand, one dollar on the hundred dollars; for all cities having less than ten thousand, seventy-five cents on the hundred dollars; and for counties and taxing districts, fifty cents on the hundred dollars. (Amendment, proposed by Acts 1994, ch. 168, § 2, and ratified November 8, 1994.)

**Compiler’s Notes.** The General Assembly in 1994 (Acts 1994, ch. 168, § 2) proposed an amendment to this section, which amendment was ratified by the voters at the regular election November 8, 1994 and became effective November 8, 1994. Prior to this amendment this section read:
"§ 157. Maximum tax rate for cities, counties and taxing districts — Indebtedness exceeding income provided for year not to be incurred without popular vote.
   The tax rate of cities, towns, counties, taxing districts and other municipalities, for other than school purposes, shall not, at any time, exceed the following rates upon the value of the taxable property therein, viz: For all towns or cities having a population of fifteen thousand or more, one dollar and fifty cents on the hundred dollars; for all towns or cities having less than fifteen thousand and not less than ten thousand, one dollar on the hundred dollars; for all towns or cities having less than ten thousand, seventy-five cents on the hundred dollars; and for counties and taxing districts, fifty cents on the hundred dollars; unless it should be necessary to enable such city, town, county, or taxing district to pay the interest on, and provide a sinking fund for the extinction of, indebtedness contracted before the adoption of this Constitution. No county, city, town, taxing district, or other municipality, shall be authorized or permitted to become indebted, in any manner or for any purpose, to an amount exceeding, in any year, the income and revenue provided for such year, without the assent of two-thirds of the voters thereof, voting at an election to be held for that purpose; and any indebtedness contracted in violation of this section shall be void. Nor shall such contract be enforceable by the person with whom made; nor shall such municipality ever be authorized to assume the same."

Section 5 of Acts 1994, ch. 168 provides: "It is further proposed as a part of this amendment and as a transitional provision for the purposes of this amendment, that any contract or legally binding obligation of a local government shall remain unaffected until the contract or obligation is renegotiated or expires."

School taxes, levy of, KRS 160.460 to 160.477. Taxation by cities and counties, Const., § 181.

Opinions of Attorney General. By exempting school districts from the scope of application of the act, and by permitting termination by a taxing district on a year-to-year basis of a contractual arrangement with an agency, Acts 1986, ch. 13, which repealed the Tax Increment Act, KRS 99.750, and enacted KRS 99.751, 99.756, 99.761, 99.766 and 99.771 (now see KRS 65.490 et seq.), has remedied the constitutional problems under this section and Const., § 184 that the Supreme Court in Miller v. Covington Development Authority, 274 Ky. 481, 118 S.W.2d 704 (1938), found with the Tax Increment Act. OAG 86-48.

NOTES TO DECISIONS

Many of the decisions under this section regarding indebtedness were decided prior to the 1994 amendment of this section which deleted that portion of the section prohibiting an entity from becoming indebted in amount exceeding yearly income and revenue. Now see Const., § 157b.

ANALYSIS

8. School purposes.
10. Indebtedness.
13. — Not debts.
15. — Created before Constitution.
18. — Estimation of amount.
19. —— Debts of school boards.
23. — Annexed or merged entities.
24. — Approval of voters.

The tax rate provided for cities and towns of less than 10,000 population applies to an indebtedness for school purposes as well as for strictly municipal purposes. City Council v. Powell, 101 Ky. 7, 16 Ky. L. Rptr. 174, 27 S.W. 1 (1894).

The limitation on indebtedness in this section also applies to debts incurred for school purposes. Commonwealth v. Louisville & N. R.R., 105 Ky. 206, 20 Ky. L. Rptr. 127, 48 S.W. 1092 (1899).

The tax rates of this section do not place a limit on rates that may be levied for school purposes but the debt limit does include indebtedness for school purposes. Walsh v. City of Pineville, 152 Ky. 556, 153 S.W. 1002 (1913).

The limitations imposed by this section have no application to the property tax voted for school purposes under authority of a valid election. Christopher v. Robinson, 164 Ky. 292, 175 S.W. 387 (1915).

The provisions of this section fixing tax rates for other than school purposes were not intended as an exception to the debt limits of Const., § 158, which limits no city, town, county, taxing district and municipality can exceed even for school purposes. Booth v. Board of Educ., 229 Ky. 719, 17 S.W.2d 1013 (1929).

There is no constitutional limitation on tax rates for school purposes. Bell v. Board of Educ., 343 S.W.2d 804 (Ky. 1961).

10. Indebtedness.

13. — Not Debts.

Issuance of bonds by a county board of education was not the creation of a debt in violation of this section where anticipated tax revenues on which the anticipated tax revenues on which the school budget was based were reduced as a result of judicial decisions with respect to computing assessed valuations of certain property. Bell v. Board of Educ., 343 S.W.2d 804 (Ky. 1961).

15. — Created Before Constitution.

This section does not forbid an indebtedness to be incurred where all the necessary steps had been taken pursuant to a statute and prior to the adoption of the Constitution. Ludlow v. Board of Educ., 16 Ky. L. Rptr. 805, 29 S.W. 854 (1895).

18. — Estimation of Amount.

The validity of a note of a board of education given in exchange for warrants previously issued must be determined by the financial status of the school district when the original indebtedness was created. Citizens Bank v. Rowan County Bd. of Educ., 274 Ky. 481, 118 S.W.2d 704 (1938).

Where a board of education was authorized by statute to issue bonds and hold an election for approval, the indebtedness is that of the board alone and the debt of the city is not considered in determining whether a graded school district has reached the constitutional limitation on indebtedness. Fall v. Read, 194 Ky. 135, 238 S.W. 177 (1922). See Dayton v. Board of Educ., 201 Ky. 566, 257 S.W. 1021 (1924).

An indebtedness of a municipality is not to be taken into account in estimating the indebtedness of a school board of the
district which covers the same territory. Dayton v. Board of Educ., 201 Ky. 566, 257 S.W. 1021 (1924).

23. — Annexed or Merged Entities.
A county school board would not be permitted to assume the debts of another school district which it had absorbed, assuming such debt would create a total indebtedness in excess of the income for that year. Owlsley County Bd. of Educ. v. Owlsley County Fiscal Court, 251 Ky. 165, 64 S.W.2d 179 (1933).

This section does not relieve a county school board from liability for a judgment against an independent school district which had been merged with the county district by order of the state board of education. Board of Educ. v. Nelson, 268 Ky. 83, 103 S.W.2d 691 (1937).

A county board of education could be liable for the debts of an independent school district when the district was merged and issue bonds to satisfy the indebtedness, since it was a debt which the board did not voluntarily incur. Bales v. Holt, 270 Ky. 272, 109 S.W.2d 632 (1937).

If the question of incurring an indebtedness and issuing general obligation bonds had been submitted to the voters in accordance with this section and had received the required two-thirds (%2) vote in favor, then property in the district at the time the vote was taken would remain liable for the tax required to pay the indebtedness, regardless of the transfer of the property to another school district. Board of Educ. v. Board of Education of Lexington Independent School Dist., 250 S.W.2d 1017 (Ky. 1952).

24. — Approval of Voters.
Under this section county school district has no right to anticipate more than one (1) year's taxes at a time without a two-thirds (%2) vote of the people. Board of Educ. of Board of Education of Lexington Independent School Dist., 250 S.W.2d 1017 (Ky. 1952).

25. — Two-thirds Vote.
A prospective indebtedness may be approved by two-thirds (%2) of the voters voting on the question and it is not necessary to have the assent of two thirds (%2) of the electorates or two-thirds (%2) who vote for the candidates in the election. Montgomery County Fiscal Court v. Trimble, 104 Ky. 629, 20 Ky. L. Rptr. 827, 47 S.W. 773, 42 L.R.A. 738 (1898), overruling in part Belknap v. Louisville, 99 Ky. 474, 18 Ky. L. Rptr. 515, 36 S.W. 1118, 59 Am. St. 478, 34 K.L.R. 256 (1896); Owensboro v. Baker, 18 Ky. L. Rptr. 324, 37 S.W. 1129 (1896); McGoodwin v. Franklin, 18 Ky. L. Rptr. 752, 38 S.W. 481 (1896). See Worthington v. Board of Educ., 24 Ky. L. Rptr. 1510, 71 S.W. 879 (1903); Board of Educ. v. City of Winchester, 120 Ky. 591, 27 Ky. L. Rptr. 994, 87 S.W. 768 (1905); Kentucky Light & Power Co. v. James H. Williams & Co., 124 S.W. 840 (1910); Inghart v. Dawson Springs, 143 Ky. 140, 136 S.W. 210 (1911); Logan v. Gilbert, 151 Ky. 659, 152 S.W. 778 (1913); Fowler v. Oakdale, 158 Ky. 603, 166 S.W. 195 (1914).

32. — Valid Expenditures.
Where a school district employed a contractor to build a schoolhouse and the total price was beyond the amount of funds available, there was no proof that the debt was invalid where there was no contract executed and the builder agreed not to do any more than could be paid from yearly revenue. Cockrell v. Board of Trustees, 237 Ky. 280, 35 S.W.2d 310 (1931).

Payment of increased teachers' salaries from a capital outlay item of the education budget was not improper where it was within the limits and constituted a part of the anticipated revenues. Dunn v. Allen, 308 Ky. 774, 215 S.W.2d 957 (1949).

35. — Contracts.
A contract by which the board of education sold a school building for a fixed consideration to a corporation organized to purchase the building, with option by the board to lease and rebuy the building but with no obligation to do so, did not require the board to incur an indebtedness in excess of that authorized by this section and Const., §157 CONSTITUTION OF KENTUCKY 10
A plan to convey property to the fiscal court which would lease the school building to be constructed to the school board for a year-to-year lease with rent sufficient to amortize the mortgage and then reconvey the building to the board was invalid. Fiscal Court v. Board of Educ., 268 Ky. 356, 104 S.W.2d 1103 (1937).

A plan by which a school board was to convey school properties to a nonprofit corporation which would erect a new school building to be leased to the board for a period of years after which the board was to become owner of the property conveyed to the corporation was invalid. Weak v. Board of Educ., 259 Ky. 241, 137 S.W.2d 1094 (1940).

If a board of education incurs an indebtedness by contracting for construction of a school, and its cost exceeds its income and revenue for the current year, the contract is unenforceable unless it has been approved by two thirds (2/3) of the voters of the area affected. Hacker Bros. Constr. Co. v. Board of Educ., 590 S.W.2d 897 (Ky. Ct. App. 1979).

Where a construction company was attempting to maintain an action on the basis that it had a valid contract with the school board, the contract was unenforceable because the approval of the voters of the county was not obtained, as required by this section; on the other hand, if the construction company was attempting to maintain the action on the basis that the revenue bond methods provided for in KRS 162.120 to KRS 162.290 were followed, the contract was unenforceable because the only government agency possessing the power and authority to execute such a contract failed to do so. Hacker Bros. Constr. Co. v. Board of Educ., 590 S.W.2d 897 (Ky. Ct. App. 1979).

45. — Unconstitutional Statutes.

The provisions of KRS 162.090, making school bonds the obligation of the city in cases where the school district embraces the city, cannot constitutionally be applied where the city boundaries extend beyond those of the school district, therefore the bonds constitute obligations of the school district, for which only property within the district may be taxed, and for which only voters in the district may vote on the question of issuance of bonds. Board of Educ. v. City of Louisville, 256 S.W.2d 707 (Ky. 1953).

46. — Municipality or Taxing District.

A county is for school purposes a taxing district and a municipality, within the meaning of this section and Const., § 158 limiting indebtedness but permitting issuance of bonds to fund floating indebtedness, but county board of education is not, but is merely an arm through which the taxing district operates. Farson v. County Board of Educ., 100 F.2d 974 (6th Cir. 1939). See First Trust Co. v. County Bd. of Educ., 78 F.2d 114 (6th Cir. 1935).

A board of education is a municipality within the meaning of this section and may not create an indebtedness in excess of revenues without approval of the voters. Brown v. Board of Educ., 108 Ky. 783, 22 Ky. L. Rptr. 483, 57 S.W. 612 (1900).

A county board of education may not assume an illegally created debt incurred by trustees of a school district, as a school district is a “taxing district or other municipality” within the meaning of this section. Scobee v. Board of Educ., 157 Ky. 510, 163 S.W. 472 (1914).

A county board of education is an entity subject to the provisions of this section. Lee v. Board of Educ., 261 Ky. 379, 87 S.W.2d 961 (1935).

§ 157b. Adoption of budget required for cities, counties, and taxing districts — Expenditures not to exceed revenues for fiscal year.

Prior to each fiscal year, the legislative body of each city, county, and taxing district shall adopt a budget showing total expected revenues and expenditures for the fiscal year. No city, county, or taxing district shall expend any funds in any fiscal year in excess of the revenues for that fiscal year. A city, county, or taxing district may amend its budget for a fiscal year, but the revised expenditures may not exceed the revised revenues. As used in this section, “revenues” shall mean all income from every source, including unencumbered reserves carried over from the previous fiscal year, and “expenditures” shall mean all funds to be paid out for expenses of the city, county, or taxing district during the fiscal year, including amounts necessary to pay the principal and interest due during the fiscal year on any debt.

(Adoption proposed by Acts 1994, ch. 168, § 3, and ratified November 8, 1994.)

Compiler’s Notes. The General Assembly in 1994 (Acts 1994, ch. 168, § 2) proposed that a new section be added to the Constitution to be numbered as section 157b. Such proposed section was ratified by the voters at the regular election November 8, 1994 and became effective November 8, 1994.

Section 5 of Acts 1994, ch. 168 provides: “It is further proposed as a part of this amendment and as a transitional provision for the purposes of this amendment, that any contract or legally binding obligation of a local government shall remain unaffected until the contract or obligation is renegotiated or expires.”

§ 158. Maximum indebtedness of cities, counties, and taxing districts — General Assembly authorized to set additional limits and conditions.

Cities, towns, counties, and taxing districts shall not incur indebtedness to an amount exceeding the following maximum percentages on the value of the taxable property therein, to be estimated by the last assessment previous to the incurring of the indebtedness: Cities having a population of fifteen thousand or more, ten percent (10%); cities having a population of less than fifteen thousand but not less than three thousand, five percent (5%); cities having a population of less than three thousand, three percent (3%); and counties and taxing districts, two percent (2%), unless in case of emergency, the public health or safety should so require. Nothing shall prevent the issue of renewal bonds, or bonds to fund the floating indebtedness of any city, county, or taxing district. Subject to the limits and conditions set forth in this section and elsewhere in this Constitution, the General Assembly shall have the power to establish additional limits on indebtedness and conditions under which debt may be incurred by cities, counties, and taxing districts.

(Amendment proposed by Acts 1994, ch. 168, § 4, and ratified November 8, 1994.)

Compiler's Notes. The General Assembly in 1994 (Acts 1994, ch. 168, § 4) proposed an amendment to this section of the Constitution which was ratified by the voters at the regular election November 8, 1994 and became effective November 8, 1994. Prior to this amendment this section read: “§ 158. Maximum indebtedness of cities, counties, and taxing districts — Indebtedness authorized or incurred prior to Constitution — The respective cities, towns, counties, taxing districts, and municipalities shall not be authorized or permitted to incur indebtedness to an amount, including existing indebtedness, in the aggregate...”
not to be treated as a part of the city's indebtedness, in determining whether the city has reached its maximum constitutional debt limit, so as to preclude the issuance of further bonds. Ex parte City of Newport, 141 Ky. 329, 132 S.W. 580, 1912 C. Ann. Cas. 447, 37 L.R.A. (n.s.) 1034 (1910), overruled on other grounds, Ex parte City of Ashland, 256 Ky. 384, 76 S. W. 2d 43 (1934).

In estimating the indebtedness of a city in order to determine whether a proposed bond issue would exceed the limits of this section, the bonded indebtedness of the school board is not considered as part of the city's indebtedness. Rash v. City of Madisonville, 148 Ky. 154, 146 S. W. 386 (1912).

An indebtedness of cities of the second class for school purposes is distinct from that of any other municipal corporation or political body, including the school district, and in reckoning the indebtedness thereof to determine whether contemplated school bonds would exceed the city's debt limit, the indebtedness of a school corporation wholly or partially within the city is not to be considered. Coppin v. Board of Educ., 155 Ky. 387, 159 S. W. 937 (1913).

School improvement bonds which were approved by the voters of the city were debts of the city and not of the board of education with respect to the determination of debt limitations of this section. Hager v. Board of Educ., 254 Ky. 791, 72 S. W. 2d 475 (1934).

Outstanding bonds of two (2) school districts which were authorized by the voters and which are being taken care of by special taxes are not to be considered in determining whether the contemplated increase in the bonded indebtedness is within the limits of this section. Rowan County Bd. of Educ. v. Citizens Bank, 279 Ky. 413, 130 S. W. 2d 832 (1939).

16. — Assessment.

Under this section, the amount of indebtedness which might be incurred by board of education was not controlled by assessment next before election at which bonds were authorized but by assessment next before indebtedness was incurred by issuance and sale of the bonds. Sutherland v. Board of Educ., 209 Ky. 351, 272 S. W. 887 (1925).

The assessed valuation of the property taxable for the support of the county board of education when the bonds are sold determines the constitutional limitation of the debt, but that value is presumed to be the same as the last complete and final assessment. Rowan County Bd. of Educ. v. Citizens Bank, 279 Ky. 413, 130 S. W. 2d 832 (1939).

17. — Floating.

18. — Funding.

19. —— Judgments.

An issue of bonds to fund a judgment debt was valid where evidence showed that the indebtedness incurred for each year plus the total indebtedness for the preceding years was not in excess of the limits of this section. Hundley v. Board of Educ., 265 Ky. 33, 95 S. W. 2d 1091 (1936).

20. —— Deficits in Revenue.

A floating debt accumulated over several years from unexpected deficits in revenue and based on obligations assumed pursuant to a fair estimate of revenue was a valid obligation for which bonds could be issued. Lee v. Board of Educ., 261 Ky. 379, 87 S. W. 2d 961 (1935).

Issue of bonds of school district to refund validly created debts was authorized even though the debt did accumulate over a period of years, and the board of education should have paid the preceding year's indebtedness from revenues of the succeeding year. Meade v. Board of Educ., 268 Ky. 71, 103 S. W. 2d 701 (1937).
In order to approve a bond issue to fund an indebtedness of a school board, it must be shown that the anticipated revenue of the board is its budgeted revenue. Arrowood v. Board of Educ., 289 Ky. 464, 107 S.W.2d 324 (1937).

A board of education which has kept its expenditures within its budget may fund a floating indebtedness caused by an unexpected failure in its revenue. Ebert v. Board of Educ., 277 Ky. 633, 126 S.W.2d 1111 (1939).

A floating indebtedness of a board of education incurred for valid obligations and within constitutional limits which resulted from deficits in revenue caused by judicial invalidation of certain assessments could be funded by a bond issue. Bell v. Board of Educ., 343 S.W.2d 804 (Ky. 1961).

22. —Refunding Bonds. A board of education could issue refunding bonds for previous valid bonds as this would create no additional liability. Wilson v. Board of Educ., 226 Ky. 476, 11 S.W.2d 143 (1928).

The issuance of bonds for the purpose of paying or funding other outstanding bonds or other valid indebtedness is not an increase in the taxing district’s indebtedness. Abbott v. Oldham County Bd. of Educ., 272 Ky. 654, 114 S.W.2d 1128 (1938).

Matured interest on bonds validly issued is itself a valid floating indebtedness, and can be refunded. Whitworth v. Breckinridge County Bd. of Educ., 276 Ky. 346, 124 S.W.2d 495 (1939).

24. ——Not Emergencies. The need to replace a school building destroyed by fire does not constitute an emergency within the meaning of this section. Nelson v. Board of Educ., 213 Ky. 714, 281 S.W. 808 (1926).

25. ——Question of Fact. Whether a school bond issue was necessitated by an emergency is a question of fact on which the finding of the board of education is not conclusive. Buckner v. Board of Educ., 236 Ky. 768, 34 S.W.2d 236 (1930).

26. —Municipalities and Taxing Districts. A board of education may not incur an indebtedness in excess of the limitations of this section which are applicable to counties, taxing districts and other municipalities, as the debts are those of the board itself and not part of the city’s debt. Sutherland v. Board of Educ., 200 Ky. 23, 252 S.W. 123 (1923).

A board of education which can mandatorily require the fiscal court to make a school levy is a taxing district, and may issue bonds to fund its floating indebtedness. Ebert v. Board of Educ., 277 Ky. 633, 126 S.W.2d 1111 (1939).

28. —Partial Invalidity. An order for an election to authorize an issue of school district bonds, exceeding the limitation fixed by this section, is not invalid as to the issuance of the legal amount. McKinney v. Board of Trustees, 144 Ky. 85, 137 S.W. 839 (1911).

Where the voters had approved a $50,000 bond issue and $25,000 worth of bonds were issued, the additional amount of bonds cannot later be issued where at the time of the election the assessed property of the district would have supported an issue of only $22,000. Nelson v. Williamsburg Indep. Graded School Dist., 265 Ky. 792, 97 S.W.2d 814 (1936).

34. —Invalid Statutes. A statute raising the limit of indebtedness which may be incurred by a school district from two percent (2%) to four percent (4%) is unconstitutional. Boll v. Ludlow, 227 Ky. 208, 12 S.W.2d 301 (1928). See Booth v. Board of Educ., 229 Ky. 719, 17 S.W.2d 1013 (1929).

36. —Pleading and Proof. A petition which merely avers that a floating indebtedness was illegally incurred is insufficient where it states conclusions rather than facts. King v. Christian County Bd. of Educ., 229 Ky. 234, 16 S.W.2d 1053 (1929).

Where a school board’s proof in a proceeding to approve a bond issue was inconsistent, the validity of the indebtedness cannot be established. Arrowood v. Board of Educ., 271 Ky. 812, 113 S.W.2d 466 (1938).

§ 165. Incompatible offices and employments.

No person shall, at the same time, be a State officer or a deputy officer or member of the General Assembly, and an officer of any county, city, town, or other municipality, or an employee thereof; and no person shall, at the same time, fill two municipal offices, either in the same or different municipalities, except as may be otherwise provided in this Constitution; but a Notary Public, or an officer of the militia, shall not be ineligible to hold any other office mentioned in this section.

OAG 77-146.

Members of county boards of education are state officers and at the same time the position of state ABC officer is one authorized pursuant to KRS 241.090 and such representatives have full police powers which may or may not place their position in the category of a state officer; and although subsection (1)(d) of KRS 160.180 prohibits a school board member from holding and discharging the duties of any local office or agency under the city or county of his residence, it would not prohibit a school board member from holding employment or an appointive office with the State. If one is not an employee of a county school board but serves, for example, as an employee of the State Department of Education, there would be no constitutional or statutory conflict under this section and KRS 61.080 since a person can hold two (2) State positions at the same time, whether they be in the form of an office or employment. OAG 78-646.

There is nothing under this section or KRS 61.080 that would prohibit an employee of the University of Kentucky Extension Specialist Department, Poultry Division, from holding a State office at the same time (such as the school board position), and this would be true even if the employee was under the State merit system in view of KRS 18.310(4) (now see KRS 18A.140). OAG 78-706.

There is no conflict between the positions of superintendent of county schools and a supervisor of a county conservation district. OAG 79-149.

The position of county court clerk is a county office under the Constitution, particularly § 99, and a school teacher, part-time or otherwise, is a state employee. OAG 79-459.

OAG 80-131.

The position of county court clerk is a county office under the Constitution, particularly § 99, and a school teacher, part-time or otherwise, is a state employee. OAG 79-459.

There is no constitutional nor statutory prohibition which would inhibit a local board from hiring a county clerk as a substitute teacher. OAG 79-459.

This section and KRS 61.080 prohibit a state officer from holding a county office at the same time; however, there is no provision prohibiting a state employee, such as a school principal, who is not under the state merit system from becoming a candidate for a county office, such as a county magistrate, and serving as such at the same time he holds his state position. OAG 80-131.

The position of county court clerk is a county office under the Constitution, particularly § 99, and a school teacher, part-time or otherwise, is a state employee. OAG 79-459.
school teacher and at the same time hold a county office such as magistrate. OAG 81-13.

The employment of a county attorney as attorney for the county board of education does not violate KRS 61.080 and the section since the employment as the school board attorney would be that of an independent contractor rather than an employee, and since such employment would, at most, be a form of state employment rather than constituting a state office. OAG 81-308.

The executive director of the Kentucky Higher Education Authority must be considered a state employee within the meaning of KRS 61.080; the same would be true with respect to his serving as Executive Director to the Kentucky Higher Education Student Loan Corporation pursuant to KRS 164A.050(7). OAG 82-282.

An unpaid city council member who is also employed by the Kentucky Higher Education Assistance Authority as Executive Director, and by virtue of his position as Executive Director of the Kentucky Higher Education Assistance Authority, is also the Executive Director of the Kentucky Higher Education Student Loan Corporation, is holding a municipal office and state employment, concerning which there is no constitutional or statutory objection. OAG 82-282.

No conflict of interest or incompatibility existed where an auxiliary police officer of a city was at the same time a full-time Instructor-Coordinator of the Department of Training at Eastern Kentucky University; an auxiliary police officer of a city has the same powers as a regular police officer and is, therefore, considered a municipal officer while the position of Instructor-Coordinator for a department at Eastern Kentucky University would at most be considered a form of state employment. Neither this section nor KRS 61.080 prohibits a state employee from holding a municipal office. OAG 83-29.

Membership on a school board constitutes a state office. OAG 83-318.

A member of the board of education can at the same time serve as a member of a county fair board. OAG 83-318.

This section and KRS 61.080 do not prohibit a person from holding a state office and state employment at the same time unless the duties involved are incompatible; thus, the position of member of the local board of education would not be incompatible with a position as an instructor at the Hazard Area Vocational School since the local board would have no control over the appointment of the instructor. OAG 85-23.

From the standpoint of the incompatible offices provisions of this section of the Kentucky Constitution and KRS 61.080, state officers are not prohibited from holding positions on the boards of directors of the Kentucky Housing Corporation and the Kentucky Higher Education Student Loan Corporation when those officers are holding positions specifically authorized by KRS 198A.030(3) and KRS 164A.050(3), because where a statute provides for the appointment of specifically designated public officers to hold another public office, these public officers hold their second public office in an "ex officio" capacity, which eliminates the possibility of a constitutional or statutory incompatibility. OAG 91-208.

6. Incompatible offices.

9. Compatible offices.

ments, and the income of such property as is used exclusively for their maintenance; household
goods of a person used in his home; crops grown in the year in which the assessment is made, and in the hands of the
producer; and real property maintained as the perma-
nent residence of the owner, who is sixty-five years of age or older, or is classified as totally disabled under a program authorized or administered by an agency of the United States government or by the railroad retirement system, provided the property
owner received disability payments pursuant to such disabil-
ity classification, has maintained such disability classification for the entirety of the particular taxation
period, on forms provided therefor, a signed state-
ment indicating continuing disability as provided herein made under penalty of perjury, up to the assessed valuation of sixty-five hundred dollars on said residence and contiguous
real property, except for assessment for special benefits. The
real property may be held by legal or equitable title, by the
entireties, jointly, in common, as a condominium, or indirectly
by the stock ownership or membership representing the
owner's or member's proprietary interest in a corpora-
tion owning a fee or a leasehold initially in excess of
ninety-eight years. The exemptions shall apply only to the
value of the real property assessable to the owner
or, in case of ownership through stock or membership
in a corporation, the value of the proportion which his
interest in the corporation bears to the assessed value
of the property. The General Assembly may authorize
any incorporated city or town to exempt manufacturing
establishments from municipal taxation, for a period
not exceeding five years, as an inducement to their
location. Notwithstanding the provisions of Sections 3,
172, and 174 of this Constitution to the contrary, the
General Assembly may provide by law an exemption for
all or any portion of the property tax for any class of
personal property.

Compiler's Notes. The General Assembly in 1998 (Acts
1998, ch. 227, § 1) proposed an amendment to this section of
the Constitution, which amendment was ratified by the voters
at the regular election in November, 1998. Prior to the
amendment, the section read: "There shall be exempt from
taxation public property used for public purposes; places of
burial not held for private or corporate profit; real property
owned and occupied by, and personal property both tangible
and intangible owned by, institutions of religion; institutions
of purely public charity, and institutions of education not used
or employed for gain by any person or corporation, and the
income of which is devoted solely to the cause of education,
public libraries, their endowments, and the income of such
property as is used exclusively for their maintenance; house-
hold goods of a person used in his home; crops grown in the
year in which the assessment is made, and in the hands of the
producer; and real property maintained as the permanent
residence of the owner, who is sixty-five years of age or older,
or is classified as totally disabled under a program authorized
or administered by an agency of the United States government
or by the railroad retirement system, provided the property
owner received disability payments pursuant to such disabil-
ity classification, has maintained such disability classification
for the entirety of the particular taxation period, on forms
provided therefor, a signed statement indicating continuing
disability as provided herein made under penalty of perjury,
up to the assessed valuation of sixty-five hundred dollars on
said residence and contiguous real property, except for assessment for
special benefits. The real property may be held by legal or equitable title, by the entities, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight years. The exemptions shall apply only to the value of the real property assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which his interest in the corporation bears to the assessed value of the property. All laws exempting or omitting property from taxation other than the property above mentioned shall be void. The General Assembly may authorize any incorporated city or town to exempt manufacturing establishments from municipal taxation, for a period not exceeding five years, as an inducement to their location."

An amendment to this section was also proposed by the 1990 General Assembly (Acts 1990, ch. 150, § 3), was submitted to the voters for ratification or rejection at the regular election in November, 1990, and was defeated.

The General Assembly in 1980 (Acts 1980, ch. 113, § 1) proposed an amendment to this section of the Constitution, which amendment was ratified by the voters at the regular election in November, 1981. Prior to the amendment, the section read: § 170. Property exempt from taxation — Cities may exempt factories for five years. — There shall be exempt from taxation public property used for public purposes; places actually used for religious worship, with the grounds attached thereto and used and appurtenant to the house of worship, not exceeding one half acre in cities or towns, and not exceeding two acres in the country; places of burial not held for private or corporate profit, institutions of public charity, and institutions of education not used or employed for gain by any person or corporation, and the income of which is devoted solely to the cause of education, public libraries, their endowments, and the income of such property as is used exclusively for their maintenance; all parsonages or residences owned by any religious society, and occupied as a home, or residences owned by any religious society, and occupied as a home, and for no other purpose, by the minister of any religion, with not exceeding one half acre of ground in towns and cities and two acres of ground in the country appurtenant thereto; household goods of a person used in his home; crops grown in the year in which the assessment is made, and in the hands of the producer; and real property maintained as the permanent residence of the owner, who is sixty-five years of age or older, up to the assessed valuation of sixty-five hundred dollars on said residence and contiguous real property, except for assessment for special benefits. The real property may be held by legal or equitable title, by the entities, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight years. The exemption shall apply only to the value of the real property assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which his interest in the corporation bears to the assessed value of the property. All laws exempting or omitting property from taxation other than the property above mentioned shall be void. The General Assembly may authorize any incorporated city or town to exempt manufacturing establishments from municipal taxation, for a period not exceeding five years, as an inducement to their location."

### Property subject to taxation, KRS 132.190 to 132.210

**Opinions of Attorney General.** By virtue of the exemption from taxation granted to institutions of education by this section, county public schools would not be subject to the license tax permitted by KRS 137.115 on the sale of soft drinks or ice cream from the school cafeteria if the income derived from such sales is devoted exclusively to educational purposes. OAG 62-743.

A board of education is not exempt under this section from paying sewer service fees or tolls. OAG 62-1086.

A city has authority to exempt a manufacturing establishment for at least five (5) years from city taxes only as an inducement to its location within the city, but no exemption is permitted from city school taxes. OAG 65-171.

As long as income from property owned by a city and county board of education is used solely for the furtherance of the education process in such city and county, the property is exempt from ad valorem property taxes by the city. OAG 72-44.

A special school building tax is of general benefit to the whole community and is not the type of special benefit contemplated in the homestead amendment and, therefore, cannot be levied on property in the school district entitled to the homestead exemption except on the value in excess of $6,500. OAG 73-733.

The charges for sewer services to a board of education are not an ad valorem tax from which boards of education are exempt but are like tolls or rentals so that a board of education is neither exempt from paying the sewer charges nor entitled to a refund for charges previously paid. OAG 75-598.

- Educational institutions.
- Not exempt.

- Not Exempt.
- A board of education is not exempt under this section from the payment of a state gasoline tax. Board of Educ. v. Tulbott, 286 Ky. 543, 151 S.W.2d 42 (1941).

#### 32. School Tax.

- A school tax is not municipal taxation within the meaning of this section and an exemption of a manufacturing plant from municipal taxation does not entitle it to exemption from a school tax although such tax had not been collected for a long period. City of Louisville v. Board of Education, 154 Ky. 316, 157 S.W. 379 (1913).

- The Louisville Water Co., owned and operated for public use by the city, was exempt from taxation for school tax purposes. Board of Educ. v. Louisville Water Co., 555 S.W.2d 587 (Ky. Ct. App. 1977).

#### 33. Gross Receipts Tax.

- Sales to educational and charitable and to state institutions are exempt from gross receipts taxes. City of Covington v. State Tax Comm'n, 257 Ky. 84, 77 S.W.2d 386 (1934).
- Sales to municipalities are subject to gross receipts taxes except where the purchases are exclusively for use by purely educational or charitable institutions of the municipality. City of Covington v. State Tax Comm'n, 257 Ky. 84, 77 S.W.2d 386 (1934).
43. Sewer User Charges.
Sewer user charges of a county government for the construction and maintenance of public sanitary sewers were not taxes and the County Board of Education had no constitutional exemption from the payment of such charges by virtue of this section. Board of Educ. v. Lexington-Fayette Urban County Gov't, 691 S.W.2d 218 (Ky. Ct. App. 1985).

172A. Assessment of farm land according to value for farm purposes.
Notwithstanding contrary provisions of Sections 171, 172, or 174 of this Constitution —

The General Assembly shall provide by general law for the assessment for ad valorem tax purposes of agricultural and horticultural land according to the land’s value for agricultural or horticultural use. The General Assembly may provide that any change in land use from agricultural or horticultural to another use shall require the levy of an additional tax not to exceed the additional amount that would have been owing had the land been assessed under Section 172 of this Constitution for the current year and the two next preceding years.

The General Assembly may provide for reasonable differences in the rate of ad valorem taxation within different areas of the same taxing districts on that class of property which includes the surface of the land. Those differences shall relate directly to differences between non-revenue-producing governmental services and benefits giving land urban character which are furnished in one or several areas in contrast to other areas of the taxing district.

(Proposed by Acts 1968, ch. 103, ratified November, 1969.)

§ 179. Political subdivision not to become stockholder in corporation, or appropriate money or lend credit to any person, except for roads or State Capitol.

The General Assembly shall not authorize any county or subdivision thereof, city, town or incorporated district, to become a stockholder in any company, association or corporation, or to obtain or appropriate money for, or to loan its credit to, any corporation, association or individual, except for the purpose of constructing or maintaining bridges, turnpike roads, or gravel roads: Provided, If any municipal corporation shall offer to the Commonwealth any property or money for locating or building a Capitol, and the Commonwealth accepts such offer, the corporation may comply with the offer.

Opinions of Attorney General. If implemented in a school district, the young historians program can be regarded as educational in purpose within the meaning of the constitution. OAG 63-214.

When all of the residents of three cities included in an independent school district lived inside the school district and one city had its own tax assessor while two (2) other cities where assessed by the county assessor, the proper tax levy authority for the district was the county fiscal court and the election expense should be borne by the fiscal court. OAG 69-2.

In view of this section, a city cannot legally appropriate funds to assist a women’s civic club to construct an amphitheater on land owned by the board of education, a separate public entity. The city could, however, build the amphitheater as a public project, or jointly establish a recreational system with the school district pursuant to KRS 97.010 which could include the amphitheater or, pursuant to the same statute, the city could lease land from the school board to establish a recreational center. OAG 70-514.

An agreement by a board of education to lease unused portions of a television facility owned by it to a private corporation was lawful with the exception of a provision that part of the consideration for the lease would be an option to purchase up to 10% of the stock of the private corporation, which provision was illegal and void under §§ 177, 179, 184 and 186 of the Kentucky Constitution. OAG 73-418.

For a school district to hold a vendor’s lien on the sale of surplus school property would be a prohibited extension of its credit to the purchaser. OAG 77-771.

NOTES TO DECISIONS

10. Recreational facilities.
14. Teacher salaries and pensions.
15. Assumption of school debts.

10. Recreational Facilities.
An agreement by a city to lease recreational facilities from a county board of education is not in contravention of this section as long as there is a good faith transaction as opposed to a gift disguised as an arm’s-length contract. Sawyer v. Jefferson County Fiscal Court, 392 S.W.2d 83 (Ky. 1965).

This section does not prohibit the operation of a municipal teachers’ pension system under an enabling act. Board of Educ. v. City of Louisville, 288 Ky. 656, 157 S.W.2d 337 (1941).

An appropriation of funds by a city, to supplement salaries of teachers in independent school district, the boundaries of which coincide with those of the city, violates this section. Board of Educ. v. Corbin, 301 Ky. 686, 192 S.W.2d 951 (1946).

An assumption by the city of Louisville of a bonded indebtedness of the Louisville independent school district would be the equivalent of lending credit in violation of this section as to the city taxpayers who live outside the boundaries of the school district. Board of Educ. v. City of Louisville, 258 S.W.2d 707 (1953).

§ 180. Act or ordinance levying any tax must specify purpose, for which alone money may be used.
Every act enacted by the General Assembly, and every ordinance and resolution passed by any county, city, town or municipal board or local legislative body, levying a tax, shall specify distinctly the purpose for which said tax is levied, and no tax levied and collected for one purpose shall ever be devoted to another purpose.

Compiler’s Notes. The General Assembly in 1996 proposed (Acts 1996, ch. 98, § 1) the amendment of this section. The amendment was ratified by the voters at the regular election in November 1996. Prior to the amendment the section read:

“§ 180. Act or ordinance levying any tax must specify purpose, for which alone money may be used. — The General Assembly may authorize the counties, cities or towns to levy a poll tax not exceeding one dollar and fifty cents per head. Every act enacted by the General Assembly, and every ordinance and resolution passed by any county, city, town or
municipal board or local legislative body, levying a tax, shall specify distinctly the purpose for which said tax is levied, and no tax levied and collected for one purpose shall ever be devoted to another purpose."

The 1990 General Assembly, by Acts 1990, ch. 150, § 5, proposed that the Constitution be amended by repealing this section. This amendment was submitted to the voters for ratification or rejection at the regular election in November, 1990, and was defeated.

Opinions of Attorney General. The lending of school property, such as chairs, tables and projectors to various organizations for banquets and similarly related meetings constitutes an indirect, if not direct, use of school property and school funds for other than school purposes and is expressly prohibited by the Constitution. OAG 60-1032.

A board of education may enter into a contract with the county library whereby the library will provide and circulate books to designated schools within the county school district without violating the provisions of this section and Const., § 184. OAG 61-506.

A county board of education may not donate school funds to a town public library which is open to the public as well as school students, because such an appropriation or donation would constitute an expenditure of school funds for other than educational purposes; however, a board of education could enter into a contract with a town public library whereby the latter would agree to furnish books and services to the county school children in return for a certain sum. This would not violate this section and Const., § 184 because the school money expended would be for the direct benefit of only the school children in their district and, therefore, would not include the public generally. OAG 61-879.

A municipality may not erect a water tank on school premises without the consent of the board of education and the payment of fair compensation for the use of school property. OAG 63-1060.

A board of education may not provide and maintain an automobile for the personal use of a school superintendent. OAG 64-150.

A board of education may provide and maintain an automobile for the benefit of the school superintendent while discharging the duties attendant to his office. OAG 64-130.

An independent school district and a city may not cooperate to jointly construct, pay for and own an auditorium-gymnasium on school property, which would be used by the schools for educational purposes and by the city for various public functions. OAG 64-475.

An independent school district may construct an auditorium-gymnasium and, after its completion, use the money which the city wishes to contribute as rent for the times when the building could be leased to the city. OAG 64-475.

An organization may use school buses of an independent school district to transport children to a function if the buses are not being used for school purposes, if reasonable and adequate compensation is paid for their use, if adequate collision insurance is purchased by the organization, and if it will carry liability insurance sufficient to cover the liability of any and all persons who may be concerned, including the members of the local boards of education. OAG 64-630.

A school board has legal authority to purchase liability insurance to cover the liability for sick-leave payments imposed by KRS 161.155. OAG 64-841.

It is legal for a board of education to execute a contract with a local health department to provide preventive medical services. OAG 65-289.

Commingling of state and federal funds by a school would result in their becoming subject to the provisions of both state and federal laws governing their expenditure. OAG 65-625.

A school board may lawfully purchase fire and extended coverage insurance in the form of a package policy even though the premium is not specifically allocable to individual coverages if it does not exceed the rate regularly charged for fire and extended coverage insurance, as approved by the Kentucky department of insurance for such risks. OAG 66-36.

A restriction contained in a declaration of restrictions affecting a 10.44-acre tract proposed as a school site that would require the owner of the tract to pay an assessment that could be used for maintenance of other property in the subdivision would preclude the purchase of the tract as a school site since the payment of the assessment would violate this section and Const., § 184. OAG 67-413.

Public schoolteachers may not, as a part of the duties for which they are compensated by boards of education, be assigned to teach in a private or sectarian school since the effect of such assignment would be to the primary benefit of the private or sectarian school as opposed to a primary benefit to its students or to the common schools and would offend this section and Const., § 184 which restrict school funds to public school purposes and would also offend Const., § 189 which prohibits the use by sectarian schools of funds levied for educational purposes. OAG 68-423.

Expenditures of school funds to provide turnabouts for school buses on private property adjacent to bridges that have been condemned would offend this section and Const., § 184 and would not be a proper school board expenditure. OAG 68-473.

An arrangement whereby a high school constructs a swimming pool on school property to be used by the students during school hours but which would be in the exclusive control of the school booster organization after school hours, which organization would sell pool memberships to the general public with the net proceeds to be paid to the board of education, would be proscribed by this section and Const., § 184. OAG 69-121.

A school board could not grant an easement across school property to the metropolitan sewer district since the easement would not constitute an educational purpose. OAG 69-127.

A lease of school property permitting the construction of a swimming pool on the leased premises would not violate this section or Const., § 184 if the consideration received by the school district would be sufficient to compensate for the lease. OAG 69-290.

Under this section and Const., § 184, the funds of the school board may not properly be expended to pay a portion of the salary of policewomen to patrol intersections on the city streets during school rush hours since this activity involves a service for the general public welfare rather than one which is designed to accomplish an educational purpose. OAG 69-488.

While general tax dollars provided by the state may be used to pay a portion of the costs incurred in operating special education classes for exceptional children, a local board of education is precluded from spending school funds for such purpose even though such an operation is a most laudable and commendable one. OAG 72-86.

A school board may not make a contribution to a park commission which is seeking to accumulate a fund in order to secure matching federal funds for development of a community recreation park. Section 186 of the Constitution prohibits the use of school funds for other than school purposes. This section provides that no tax levied and collected for one purpose shall be used for another. It is therefore unconstitutional for a school board to contribute money for other purposes. OAG 72-95.

Any fee collected by a sheriff in excess of the cost of collecting school funds would constitute a diversion of school funds for other than school purposes in violation of this section and section 184 of the Constitution. OAG 72-277.
Under this section and § 184 of the Constitution it would be invalid for a school board to convey title to its property to a city except for fair market value or to lease the property for less than fair rental value. OAG 72-376.

Under this section and § 184 of the Constitution a school board may lease unused property provided that the consideration paid by the lessee is the fair rental value of the property. OAG 72-397.

It is proper for a school district to require students to pay the cost of their meals, but if a school district sees fit to do so, it may use school funds to subsidize the school lunch program with the result that the pupils will be paying a price which is less than the cost of supplying their meals. OAG 73-754.

The announcement over a school speaker system or the distribution of notices to children on school property of meetings of an organization of parents to promote a constitutional amendment which would forbid busing of school pupils for the purpose of achieving racial balance in the public schools constitutes an illegal use of school property and improperly interjects political questions into the operation of the public school. OAG 74-118.

Public school teachers may not, as part of the duties for which compensated by boards of education, be assigned, to teach in a private or sectarian school. OAG 74-331. (Modifying OAG 68-150, OAG 68-585.)

Proposed public relations plan to have administrators of the school system join various service organizations of the community would not be a proper expenditure of school funds and would be unconstitutional under this section and Const., § 184. OAG 74-873.

A school district may not spend funds for street construction and improvement on nonschool property. OAG 75-108.

Public school funds may not be expended to employ persons to control vehicular and pedestrian traffic on public streets or roads in or around school premises. OAG 75-614.

An off-duty constable employed as a school security guard is an employee of the school board which may compensate him for his services. OAG 75-631.

Although the services of school crossing guards are a benefit to school children, the guards do not serve an "educational purpose," and thus school board funds may not be expended to pay the salaries of individuals who patrol intersections on city streets. OAG 76-239.

A county sheriff's fee for collecting school taxes must represent the reasonable cost of collection, as long as the rate does not exceed 4 percent, and the sheriff must document his reasonable costs of collection. OAG 76-261.

The expenses of opening schools to serve as voting places on a presidential election day, as provided by subsection (2) of KRS 117.065, when the schools are mandated to be closed by KRS 2.190 would be so small and incidental as not to be proscribed by Kentucky Constitution, §§ 180, 184, 186. OAG 76-592. Withdrawing OAG 42-363.

The circumstances surrounding the use of schools as voting places, as provided for in subsection (2) of KRS 117.065, may be structured so that there does not exist any unwarranted and impermissible expenditures of public common school money for election purposes. OAG 76-614.

Transfer by a county board of health to a county hospital of a blanket appropriation of a sum of the tax district fund would involve an illegal and unconstitutional transfer of such tax funds, since such blanket appropriation to a hospital, county, city or private, is not permissible under KRS Chapter 212 and this section. OAG 76-753.

OAG 1981 states that the total fee for collecting school taxes is properly computed the constitutional test of diversion is met since the constitutional diversion occurs no sooner than the reasonable cost of collection is exceeded, regardless of how much the excess is. OAG 78-146.

The payment to the urban county government of 25% for the school tax collection fee paid to the sheriff does not constitute an unlawful diversion of school money. OAG 78-146.

The total cost of collecting school taxes (prior to the 75% and 25% distribution at State level) is strictly constitutional as being an expenditure for school purposes. OAG 78-146.

If school district money in any respect and in any amount is used to transport nonpublic school children the Constitution would be violated. OAG 82-392.

It is not appropriate for the Board of Education to provide transportation for parochial pupils from their homes to the nearest public school, where they do not live within a reasonable walking distance to such school, and for the Board of Education to be reimbursed by either the fiscal court and/or the local parochial school system for the additional cost (if any) to the school system since reimbursement is required to be on a "per capita" basis. OAG 82-392.

It is not constitutionally permissible for the Board of Education to provide transportation for parochial school pupils from their homes to the nearest public schools so long as they do not live within a reasonable walking distance to such school, where transportation from public schools to parochial schools would then be provided either by the fiscal court or the local parochial school system. OAG 82-392.

Where nonpublic school children are transported on public school buses, irrespective of their point of departure, the local school district must be reimbursed on a per capita basis to avoid constitutional violation. The Court of Appeals has sanctioned only the per capita methodology for use in determining the additional transportation costs in transporting such children. OAG 82-392.

KRS 158.115 was the authorizing statute for a contract requiring a fiscal court to reimburse a school district on a straight per capita basis for nonpublic school students who rode public school buses and, absent full reimbursement by the fiscal court to the school board, the expenditure of public moneys for transporting nonpublic school children would create a constitutional violation under this section as well as other provisions. Therefore, failure by the school board to enforce the contract with the fiscal court would be tantamount to willful neglect of duty and could lead to removal from office. OAG 82-405.

Within reason, school boards are permitted to bear the direct and indirect expenses incurred by teachers and administrators who attend, after prior approval by the board, professional activities and functions; however, school boards are not wholly unfettered in exercising their discretion in approving attendance at sundry professional activities since Const., § 184 and this section require that school funds may be used only for school purposes, the test being whether the expenditure is for an educational purpose rather than whether an activity might be beneficial to education. OAG 83-228.

An expenditure of common school funds or a donation of school property for a public purpose other than for the benefit of public education is not permissible under this section and Const., §§ 184 and 186; therefore, under this section and Const., §§ 184 and 186, any transfer of surplus school buildings to community service organizations must be based on the fair market value of the property. OAG 91-85.

It is still the opinion of the Attorney General's office that OAG 79-107 represents the law of Kentucky and the interpretation of this section and Ky. Const., § 184, and that the expenditure of school funds for school guard crossings is prohibited constitutionally. OAG 92-6.

A reward, offered by the local school board, for the purpose of apprehending the vandals who damaged school property constitutes a proper educational purpose within the meaning of this section and Ky. Const., §§ 184 and 186; the act also falls within the parameters of KRS 160.160 as being necessary in order that the board may accomplish the purposes for which it was created as the resources of each school system are limited, and must be protected. OAG 92-69.
A school board cannot lawfully agree to provide materials paid for with school funds, or provide school funds themselves, whether under an intergovernmental agreement or otherwise, for the construction or maintenance of school bus turnarounds within the meaning of subsection (2) of KRS 178.290. OAG 93-63.

10. Surplus Funds. Where a city collected a greater sum for school purposes than requested by the board of education but within the limitation of the rate of assessment fixed in the statute, amount collected belonged to the school district. Board of Educ. v. City of Newport, 174 Ky. 28, 849, 191 S.W. 871 (1917).

11. —Educational. A tax levied and collected by a city for school purposes cannot be appropriated by act of the legislature to maintain a public library which is open to the pupils of the common schools only as a part of the general public, and which is not under the control of the board of education or the schools. Board of Educ. v. Board of Trustees, 113 Ky. 234, 24 Ky. L. Rptr. 98, 68 S.W. 10 (1902).

The use of funds collected for educational purposes, common school purposes, and the common school for the maintenance of a recreation plan did not violate this section, as recreational training is a part of the educational function. Dodge v. Jefferson County Board of Educ., 298 Ky. 1, 181 S.W.2d 406 (1944).

A board of education cannot be required to pay an assessment to help build a floodwall because payment would be in violation of this section and Const., § 184. Board of Educ. v. Spencer County Levee, Flood Control & Drainage Dist. No. 1, 313 Ky. 8, 230 S.W.2d 81 (1950).

This section and Const., § 184 must be read together in determining how school funds shall be spent, and the test to be applied in each instance is what constitutes an educational purpose within the meaning of Const., § 184, rather than whether an activity might be beneficial to education. Board of Educ. v. Spencer County Levee, Flood Control & Drainage Dist. No. 1, 313 Ky. 8, 230 S.W.2d 81 (1950).

Revenues from bonds issued and from a special fund created for school buildings may not be used to repair a school stadium. Board of Educ. v. Williams, 256 S.W.2d 29 (Ky. 1953).

12. Levy. A city ordinance providing that all money received from licenses shall be paid to the treasurer, placed to the credit of the general revenue fund of the city, and used in defraying current and incidental expenses, except a certain proportion to be paid to the treasurer of the board of education for the use of the public schools of the city, sufficiently complies with this section. Burch v. City of Owensboro, 18 Ky. L. Rptr. 284, 36 S.W. 12 (1896).

14. —Invalid. A resolution of the trustees of a school district declaring that a property tax of 50 cents on each $100 worth of taxable property should be levied was void as it omitted to state the purpose of the tax. Morrell Refrigerator Car Co. v. Commonwealth, 128 Ky. 447, 32 Ky. L. Rptr. 1383, 108 S.W. 926 (1908).

15. Expenditures.

16. —Valid. Identical resolutions of the fiscal court and county school board issued prior to an election ordered under KRS 160.477 to permit the electorate to vote on a proposed special school building tax levy, which resolutions informed the voters the levy was to be used for a school building adequate for the pupils in the locality in grades one through 12, did not amount to a contract to conduct a high school in the new building and a subsequent decision, resulting from a school consolidation plan, to use the new building for a grade school was within the board's powers and did not constitute a diversion of tax revenues from the purpose for which they were collected. Ewing v. Peak, 266 S.W.2d 300 (Ky. 1954).

The applicability of this section and Ky. Const., Sections 184 and 186 to the issue of whether a sewer user charge can be paid from school funds must be determined by a reasonable interpretation of whether the service or commodity provided is necessary for the maintenance of the public schools and is
exclusively for the benefit of the public schools. Sewer user charges imposed upon a county board of education bear a reasonable and rational relationship to the value of the services provided and therefore are exclusively for the benefit of and necessary for the maintenance of the public schools. Board of Educ. v. Lexington-Fayette Urban County Gov’t, 691 S.W.2d 218 (Ky. Ct. App. 1985).

18. — Statutes.

19. — Valid.

An act involving a school tax levy was valid under this section where the budget section showed every item of school expense for the year as well as the total amount needed to be raised for school purposes by the tax levy. Fiscal Court v. Jefferson County Board of Educ., 196 Ky. 712, 244 S.W. 764 (1922).

An act requiring that the proceeds of a school tax levy should bear the costs of the collection of this levy does not violate this section or Const., § 184. Ross v. Board of Educ., 196 Ky. 366, 244 S.W. 793 (1922).

KRS 160.500 authorizing a county clerk to collect school taxes over and above sheriff’s commission for collecting school taxes was not a violation of this section and Const., § 184 prohibiting the use of school funds for any purpose other than school purposes is the payment by the school board of the reasonable and actual costs of collecting the taxes. Benson v. Board of Educ., 748 S.W.2d 156 (Ky. Ct. App. 1988).

20. — Invalid.

The additional three percent (3%) fee allowed a sheriff for the collection of school taxes by KRS 160.500 violates this section and Const., § 184 as a diversion of tax revenues from the purpose for which levied. Dickson v. Jefferson County Bd. of Educ., 311 Ky. 781, 225 S.W.2d 672 (1949).

A former provision of KRS 134.310 permitting excess of sheriff’s commission for collecting school taxes over and above costs of such collection to be applied to the general expenses of the sheriff’s office authorizes a diversion of school tax revenues to nonschool purposes and is unconstitutional. Board of Educ. v. Greenhill, 291 S.W.2d 36 (Ky. 1956).

Under this section a tax collector’s commission may not be paid out of taxes collected for school purposes. City of Winchester v. Board of Educ., 182 Ky. 313, 206 S.W. 492 (1918).

This section is not violated when a reasonable charge is made against a local school tax for its collection. Dickson v. Jefferson County Board of Educ., 311 Ky. 781, 225 S.W.2d 672 (1949).

Retention by sheriff of four percent (4%) of school tax collected was unconstitutional diversion of school funds where evidence indicated one percent (1%) was sufficient to cover cost of collecting school tax and the extra three percent (3%) was to be used by sheriff for general expenses of his office. Board of Educ. v. Wagers, 239 S.W.2d 48 (Ky. 1951).

A sheriff’s fee for collecting school taxes must not exceed the cost of such collection. Barren County Board of Educ. v. Edmunds, 252 S.W.2d 882 (Ky. 1952).

Although it may have been that the General Assembly’s intent was to create a flat four percent (4%) commission for the county clerks for collecting the taxes, such interpretation would bring subsection (3) of KRS 134.805 into conflict with this section and Const., § 184; therefore, a county clerk may not receive a fee for collecting the school tax which is in excess of his or her actual cost of collection, not exceeding four percent (4%). Benson v. Board of Educ., 748 S.W.2d 156 (Ky. Ct. App. 1988).

The only exception to the constitutional limitations of this section and Const., § 184 prohibiting the use of school funds for anything other than school purposes is the payment by the school board of the reasonable and actual costs of collecting the taxes. Benson v. Board of Educ., 748 S.W.2d 156 (Ky. Ct. App. 1988).

22. Liability for Improper Expenditures.

The fact that a board of education had been enjoined, in suit by taxpayers, from further collection of original tax for bonds was no defense where board had misapplied from sinking fund more than enough to pay the bonds. Board of Educ. v. Highland Cem., 292 Ky. 374, 166 S.W.2d 854 (1942).

24. — Repayment of Funds.

Where a city collected taxes paid in compromise, part of which money was for the public school tax, the city could not withhold the tax from the school system as under this section the city had no power to use such tax money for any other purpose. Cynthia v. Board of Educ., 21 Ky. L. Rptr. 731, 52 S.W. 889 (1899).

Money paid by a city to a library pursuant to a statute which was found to be in violation of this section may be recovered by the board of education to which the money should properly have been paid. Board of Trustees v. Board of Educ., 25 Ky. L. Rptr. 341, 75 S.W. 225 (1903).

Where school subdistrict used, for general school purposes, the proceeds of a tax levied to pay bonds, which proceeds would have been sufficient to pay bonds in full, bondholders were entitled to judgment requiring school board to pay bonds out of board’s general fund, and to levy a tax to pay the balance of the bonds if the amount in the general fund was not sufficient to pay the bonds in full. Board of Educ. v. Highland Cem., 292 Ky. 374, 166 S.W.2d 854 (1942).

§ 183. General Assembly to provide for school system.

The General Assembly shall, by appropriate legislation, provide for an efficient system of common schools throughout the State.

Compiler’s Notes. The following amendment was proposed by the 1986 General Assembly (Acts 1986, ch. 36, § 4), was submitted to the voters for ratification or rejection at the regular election in November, 1986 and was defeated.
supreme court districts and six (6) members at large to begin their respective terms on July 1, 1987. Individual appointments shall be subject to confirmation by majority vote of the senate during the first regular, special or organizational session of the general assembly subsequent to the appointment. Appointments not confirmed shall be void and the governor shall make an additional appointment to serve the remainder of the particular term, subject to confirmation by the senate. Of the original thirteen (13) appointments, three (3) shall be for six (6) year terms, two (2) for five (5) year terms, two (2) for four (4) year terms, two (2) for three (3) year terms, two (2) for two (2) year terms, and two (2) for one (1) year terms, at the designation of the governor. Thereafter, at the expiration of each term, a member of the state board of education shall be appointed for a six (6) year term. Board members shall be eligible to serve no more than two (2) consecutive terms. The state board of education shall appoint a superintendent of public instruction, who shall act as executive officer for the board and perform such duties and possess such qualifications as may be provided by the board or by statute. The superintendent shall serve pursuant to an employment contract which may be executed in a maximum term of five (5) years. An individual may, at the pleasure of the board, serve consecutive contractual periods of employment as superintendent. The superintendent of public instruction shall serve at such salary and allowances as may be fixed by the board and may be removed for cause to be prescribed by law.

Sections 5 and 6 of Acts 1986, ch. 36 read:

“Section 5. It is further proposed as a part of this amendment that the superintendent of public instruction serving in office at the time of the ratification of this amendment, shall continue in office until his elective term shall expire with the first term of the superintendent elected to office at the expiration of the elected superintendent’s term.”

“Section 6. It is further provided as a part of this amendment and as a schedule of transitional provisions for the purposes of this amendment, any other provision of the Constitution of Kentucky to the contrary notwithstanding, that:

1. The first appointments of the members of the State Board of Education shall be confirmed by the Senate in the 1987 organizational session of the General Assembly.

3. The terms of board members serving in office on June 30, 1987 shall expire on that date.

4. All statutes relating to the State Board of Education or the Superintendent of Public Instruction in force on the first Monday in January, 1988, as then constituted, not inconsistent therewith, shall remain in full force until altered or repealed by the General Assembly. The provisions of all statutes which are inconsistent with this amendment shall cease on the first Monday in January, 1988.”

An amendment was proposed by the 1972 General Assembly (Acts 1972, ch. 129, § 1), was submitted to the voters for adoption. Of the original thirteen (13) appointments, three (3) shall be for six (6) year terms, two (2) for five (5) year terms, two (2) for four (4) year terms, two (2) for three (3) year terms, two (2) for two (2) year terms, and two (2) for one (1) year terms, at the designation of the governor. Thereafter, at the expiration of each term, a member of the state board of education shall be appointed for a six (6) year term. Board members shall be eligible to serve no more than two (2) consecutive terms.

Opinions of Attorney General. The summer school sessions operated by the Louisville and Jefferson County school systems on a tuition basis are not extensions of the regular school term and, consequently, are not in violation of the constitutional or statutory provisions which require a uniform system of common schools to be maintained in the state. OAG 60-1053.

Following the tax rollback, the executive department of state government had the authority and duty to provide supplemental payments to certain schools under the minimum foundation program as would insure the orderly continuation of the common school program and as would prevent the regression of the program. OAG 70-474.

Although there is a wide disparity of per pupil financial support for education, in view of the recent United States Supreme Court case, San Antonio Independent School District v. Rodriguez, the only way our present system of common schools could be declared unconstitutional as violating this section would be to hold that it is not an "efficient system" and, if there is a better way of school financing, it is not up to the courts but the educators and Legislature to find it. OAG 73-273.

There is no constitutional or legislative requirement that the cost of education to public school pupils must be free and a board of education may require that pupils be charged a reasonable fee for school supplies. OAG 75-619.

A local school board regulation requiring its certified employees to reside in the board district would seem to work against efficiency in operating schools and procurement of teacher personnel so as to violate this section. OAG 82-59.

The purchase of satellite receiving equipment for nonpublic schools through an appropriation by the General Assembly would appear to be educational in purpose and, therefore, would appear to be a constitutionally prohibited expenditure. OAG 89-41.

It is not unconstitutional for the Legislature to require reorganization of the Department of Education, in the course of developing an efficient system of common schools in compliance with this section. OAG 91-66.

On the language of this section of the Kentucky Constitution, and in case law interpreting this section, the General Assembly has authorization to create the Office of Education Accountability. OAG 91-222.

The discovery powers set forth in KRS 7.410(2)(d) are broad; however, they relate to the ability of the arm of the Legislature to study the implementation of the Reform Act, and to insure that the General Assembly is successful in creating an "efficient system of common schools," as mandated by this section of the Kentucky Constitution. OAG 91-222.

A school board may not require principals to be residents of the school district. OAG 91-7.

1. Construction.

This section makes it mandatory upon the general assembly to provide an efficient common school system. Board of Educ. v. McChesney, 235 Ky. 692, 32 S.W.2d 26 (1930). See Commonwealth ex rel. Baxter v. Burnett, 237 Ky. 473, 35 S.W.2d 857 (1931).

This section is as broad as it is possible to frame an authority to the Legislature to deal with the common schools in any way it should desire. City of Louisville v. Board of Educ., 302 Ky. 647, 195 S.W.2d 291 (1946).

Although this section permits the General Assembly to provide, by appropriate legislation, for an efficient system of common schools, such legislation is not appropriate if it contravenes another constitutional provision of equal dignity. Board of Educ. of Jefferson County v. Board of Educ. of Louisville, 472 S.W.2d 496 (Ky. 1971).

The Kentucky Constitution contemplates that public funds shall be expended for public education and the Commonwealth is obliged to furnish every child in this state an education in the public schools, but it is constitutionally proscribed from providing aid to furnish a private education. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

A fair reading of Const., §§ 183-189 compels the conclusion that money spent on education is to be spent exclusively in the public school system, except where the question of taxation for an educational purpose has been submitted to the voters and the majority of the votes cast at the election on the question shall be in favor of such taxation. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

Several conclusions readily appear from a reading of this section. First, it is the obligation, the sole obligation, of the General Assembly to provide for a system of common schools in Kentucky. The obligation to so provide is clear and unequivocal and is, in effect, a constitutional mandate. Next, the school system must be provided throughout the entire state, with no area (or its children) being omitted. The creation, implementation and maintenance of the school system must be achieved by appropriate legislation. Finally, the system must be an efficient one. Rose v. Council for Better Educ., Inc., 790 S.W.2d 186 (Ky. 1989).

2. Power of Legislature.

What the system of education referred to in this section is, or is to be, is left wholly to the discretion of the General Assembly. Prowse v. Board of Educ., 134 Ky. 365, 120 S.W. 307 (1909). See Elliott v. Garner, 140 Ky. 157, 130 S.W. 997 (1910); Board of Educ. v. Smith, 250 Ky. 495, 63 S.W.2d 620 (1933); Commonwealth v. Griffin, 268 Ky. 830, 105 S.W.2d 1063 (1937).

Cities of the fifth and sixth classes, in the absence of legislative authority, do not have the power under this section to organize by ordinance city school districts independent of the county districts. Allen v. Elkhorn Coal Corp., 208 Ky. 108, 270 S.W. 743 (1925).

The determination of whether legislation providing for the common school system is "appropriate" is a legislative function. Board of Educ. of Louisville v. Board of Educ., 458 S.W.2d 6 (Ky. 1970).

The sole responsibility for providing the system of common schools is that of our General Assembly. The General Assembly must not only establish the system, but it must monitor it on a continuing basis so that it will always be maintained in a constitutional manner. The General Assembly must carefully supervise it, so that there is no waste, no duplication, no mismanagement, at any level. Rose v. Council for Better Educ., Inc., 790 S.W.2d 186 (Ky. 1989).

This section requires the General Assembly to establish a system of common schools that provides an equal opportunity for children to have an adequate education. In no way does this constitutional requirement act as a limitation on the General Assembly's power to create local school entities and to grant to those entities the authority to supplement the state system. Rose v. Council for Better Educ., Inc., 790 S.W.2d 186 (Ky. 1989).

3. State Control.

Public education has always been regarded as a matter of state concern, and the state does not relinquish its control and management of the school system by allowing or requiring the different localities to supplement the state's appropriation of funds by local taxation. City of Louisville v. Commonwealth, 134 Ky. 488, 121 S.W. 411 (1909). See Commonwealth ex rel. Baxter v. Burnett, 237 Ky. 473, 35 S.W.2d 857 (1931).

Every common school in the state, whether located in a city or a rural district, is a state institution, protected, controlled, and regulated by the state, and the fact that the state has appointed agencies such as fiscal courts, school trustees, and municipal bodies to aid it in the collection of taxes for the maintenance of these schools does not deprive them of their state character. Louisville v. Board of Educ., 154 Ky. 316, 157 S.W. 379 (1913). See Moss v. Mayfield (1919), 186 Ky. 330, 216 S. W. 842; Whitt v. Wilson (1925), 212 Ky. 281, 278 S. W. 609; Commonwealth ex rel. Baxter v. Burnett, 237 Ky. 473, 35 S.W.2d 857 (1931).

A provision in a deed of property to a city school board that such property be held for the exclusive use of white male students is void as an unconstitutional attempt to cede away governmental powers by the school board. Board of Education v. Society of Alumni of Louisville Male High Sch., Inc., 239 S. W. 2d 931 (Ky. 1951).

City schools, including high schools, are part of the state's common school system. City of Louisville v. Commonwealth, 134 Ky. 488, 121 S. W. 411 (1909). See Whitt v. Wilson, 212 Ky. 281, 278 S. W. 609 (1925).

Graded schools are common schools. Jeffries v. Board of Trustees, 135 Ky. 488, 122 S. W. 813 (1909).
Although county schools and graded common schools are part of common school system, application to graded common school system of laws clearly intended to be applicable only to county schools is not warranted. Sugg v. Board of Trustees, 255 Ky. 356, 74 S.W.2d 198 (1934).

Common schools are public or free schools maintained by the state at public expense, as distinguished from private, parochial or sectarian schools. Sherrard v. Jefferson County Board of Educ., 294 Ky. 469, 171 S.W.2d 963 (1942).

This section places a duty on the General Assembly to establish an efficient common school system free from political influence. KRS 161.164 and 161.990 were enacted by the General Assembly in an effort to comply with this directive. State Bd. for Elementary & Secondary Educ. v. Howard, 834 S.W.2d 657 (Ky. 1992).

5. —Constitutionality of School System.
   The Kentucky Supreme Court ruled that Kentucky’s entire system of common schools was unconstitutional. That decision applied to the entire sweep of the system—all its parts and parcels; it applied to the statutes creating, implementing and financing the system and to all regulations, etc., pertaining thereto; and to the creation of local school districts, school boards, and the Kentucky Department of Education to the Minimum Foundation Program and Power Equalization Program; and it covered school construction and maintenance, teacher certification—the whole gamut of the common school system in Kentucky. Rose v. Council for Better Educ., Inc., 790 S.W.2d 186 (Ky. 1989).

   The state normal schools constitute a part of the common school system of the state, and the object of the Legislature in establishing them was to more fully effect the provisions of this section. James v. State Univ., 131 Ky. 156, 114 S.W. 767 (1908).
   In the absence of statutory authority the board of regents of a state normal school could not sell property of the school which held it as an agency of the state. Board of Regents v. Engle, 224 Ky. 184, 5 S.W.2d 1062 (1928).

7. Institutional Schools.
   State aid to institutional schools such as Louisville and Jefferson County children’s home is not within the scope of this section to Const., § 186. Hodgkin v. Board for Louisville & Jefferson County Children’s Home, 242 S.W.2d 1008 (Ky. 1951).

8. Uniform Education.
   This section does not require a school district to provide a level of public education exceeding that prescribed by the state board of education as authorized by statute. Major v. Cayce, 98 Ky. 357, 17 Ky. L. Rptr. 967, 33 S.W. 93, 30 L.R.A. 697 (1895).
   City revenue from tax on corporations must be apportioned between white and colored schools, for to do otherwise would violate this section. Trustees of Graded Free Colored Schools v. Trustees of Graded Free White Schools, 180 Ky. 574, 203 S.W. 520 (1918).
   Operation of two high schools in western part of county and none in eastern part without providing equal and uniform educational opportunities for those in the eastern half is clearly arbitrary, discriminatory, and in violation of this section and KRS 158.010. Wooley v. Spalding, 293 S.W.2d 563 (Ky. 1956).
   Uniformity does not require equal classification but it does demand that there shall be substantially uniform system and equal school facilities without discrimination as between different sections of a district or county. Wooley v. Spalding, 293 S.W.2d 563 (Ky. 1956).

   School districts created in accordance with this section are creatures of the Legislature and Legislature has power to alter them or even do away with them entirely. Board of Education v. Mescher, 310 Ky. 453, 220 S.W.2d 1016 (1949). See Board of Educ. v. Board of Educ. Dist., 250 S.W.2d 1017 (Ky. 1952).
   Though a school district possesses some of the attributes of a municipal corporation for some legal purposes, and though a school district is regarded as a political subdivision for some legal considerations, a school district is, nevertheless, an agency of the state subject to the will of the Legislature and existing for one public purpose only — to locally administer the common schools within a particular area subject to the paramount interest of the state. Board of Educ. of Louisville v. Board of Educ., 458 S.W.2d 6 (1970).

10. Boards of Education.
   General Assembly may require that members of county board of education have an eighth grade education. Commonwealth ex rel. Meredith v. Norfleet, 272 Ky. 800, 115 S.W.2d 353 (1938).
   It is the local boards which hold the substantial decision-making authority in regard to the local concerns for which they are established; although the state does establish guiding rules and policies for the efficient administration of the public schools, being a steward of state education policy does not make the school district an alter ego of the state. Blackburn v. Floyd County Bd. of Educ., 749 F. Supp. 159 (E.D. Ky. 1990).

   All elections affecting schools are exclusively under the control of the General Assembly, and are not included in the franchise and election articles of the Constitution. Hoskins v. Ramsey, 137 Ky. 465, 127 S.W. 371 (1910).
   Under this section the Legislature has the power to regulate school district elections by virtue of which the corrupt practices act applies to such elections. Redings v. Jones, 213 Ky. 810, 281 S.W. 999 (1926).
   Statute providing for election by secret ballot of a board of education of each county, was in implementation of this section. Hunter v. Board of Educ., 265 Ky. 162, 96 S.W.2d 265 (1936).

   The Legislature is empowered to levy whatever taxes, either ad valorem or capitation, which are necessary to provide an efficient system of common schools throughout the state. McIntire v. Powell, 137 Ky. 477, 125 S.W. 1087 (1910).
   Since the imposition of a poll or capitation tax for school purposes is authorized by the Constitution, it is the absolute duty of the fiscal court to levy such a tax, within the statutory limit, at the request of the board of education. Fiscal Court v. Board of Educ., 138 Ky. 98, 127 S.W. 527 (1910).
   This section does not authorize Legislature to ignore limitation on indebtedness of two per cent of taxable property. Booth v. Board of Educ., 229 Ky. 719, 17 S.W.2d 1013 (1919).
   All taxes imposed for common school purposes are state taxes, although the fund raised by any particular common school tax may be designed to be devoted exclusively to schools located in the territory affected by the tax. Paducah-Illinois R. R. v. Graham, 46 F.2d 806 (W.D. Ky. 1931).
   Providing funds by taxation for common schools, and providing for their organization and administration, are inherently legislative in character, and by this section expressly allocated to the legislative department. Paducah-Illinois R. R. v. Graham, 46 F.2d 806 (W.D. Ky. 1931).

13. Assessments for Public Improvements.
   In view of this section public school property belonging to a city school board may not be subjected to the payment of an assessment for the original construction of a street. City of Louisville v. Leatherman, 99 Ky. 213, 18 Ky. L. Rptr. 124, 35 S.W. 625 (1896).
   The Legislature may not authorize a school district to issue bonds for or assume any obligation to pay for abutting munici-

14. Teacher Requirements.
The requirement of a county board of education, exercised under statutory authority, that teachers employed by it have higher educational requirements than are required for a teacher's license does not violate constitutional or statutory requirements of a uniform school system. Daviess County Board of Educ. v. Vanover, 219 Ky. 565, 293 S.W. 1063 (1927).

A board of education regulation compelling retirement of teachers at age 65 was not unconstitutional. Belcher v. Gish, 555 S.W.2d 264 (Ky. 1977).

Under this section, that part of the school law authorizing the conversion of a part of a common school district into a graded school district without the consent of a majority of all the patrons of the common school district is constitutional. Elliott v. Garner, 140 Ky. 157, 130 S.W. 997 (1910).
KRS 160.045 does not violate Const., §§ 2, 19, 52, or this section. Board of Educ. v. Board of Educ., 250 S.W.2d 1017 (Ky. 1952).
KRS 160.486 is valid and does not contravene the expressed will of the people contained in this Constitution. Board of Educ. of City of Louisville v. Board of Educ., 458 S.W.2d 6 (Ky. 1970).

Since the school based council is an authoritative body within the local school district, and the restriction in subdivision (2)(a) of KRS 160.346 prohibiting school district employees or their spouses from serving as parent members on the school based councils directly addresses the appearance of nepotism within that body and is clearly related to the goals of the Legislature to eradicate nepotism within the school districts of the Commonwealth, they are not unconstitutional as a violation of the equal protection clause of the Fourteenth Amendment. Kentucky Dept of Educ. v. Risner, 913 S.W.2d 327 (Ky. 1996).

17. Prior Statutes.
Special acts concerning school districts in towns and cities were repealed by the subsequent general law relating to common schools, to the extent that they were inconsistent therewith. Hickman College v. Trustees Colored Common School Dist., 111 Ky. 944, 23 Ky. L. Rptr. 1271, 65 S.W. 20 (1901).

18. Efficient System.
A school system does not cease to be efficient, and thus violate this section, because of court ordered busing for desegregation since at the very least “efficient” refers to a system which exists and operates and it must operate in a constitutional manner. Carroll v. Department of Health, Educ. & Welfare, 410 F. Supp. 234 (W.D. Ky. 1976), aff’d, Carroll v. Board of Educ., 561 F.2d 1 (6th Cir. 1977).
The essential, and minimal, characteristics of an “efficient” system of common schools, may be summarized as follows: 1) The establishment, maintenance and funding of common schools in Kentucky is the sole responsibility of the General Assembly. 2) Common schools shall be free to all. 3) Common schools shall be available to all Kentucky children. 4) Common schools shall be substantially uniform throughout the state. 5) Common schools shall provide equal educational opportunities to all Kentucky children, regardless of place of residence, or economic circumstances. 6) Common schools shall be monitored by the General Assembly to assure that they are operated with no waste, no duplication, no mismanagement, and with no political influence. 7) The premise for the existence of common schools is that all children in Kentucky have a constitutional right to an adequate education. 8) The General Assembly shall provide funding which is sufficient to provide each child in Kentucky an adequate education. 9) An adequate education is one which has as its goal the development of the seven (7) capacities recited previously. Rose v. Council for Better Educ. Inc., 790 S.W.2d 186 (Ky. 1989).

19. Funding.
The present school funding statutes permit local Boards of Education to raise funds through property taxes and permissive taxes such as the utilities tax; base funding and Tier One funding can be produced by property tax not subject to voter recall and this nonrecall option enables boards of education to fund schools without relying on permissive taxes; the General Assembly has supplied a mechanism to satisfy base funding, as well as Tier One funding, according to the mandate of the legislature. OAG 63-704.

— Use — Vote on tax for education other than in common schools.
The bond of the Commonwealth issued in favor of the Board of Education for the sum of one million three hundred and twenty-seven thousand dollars shall constitute one bond of the Commonwealth in favor of the Board of Education, and this bond and the seventy-three thousand five hundred dollars of the stock in the Bank of Kentucky, held by the Board of Education, and its proceeds, shall be held inviolate for the purpose of sustaining the system of common schools. The interest and dividends of said fund, together with any sum which may be produced by taxation or otherwise for purposes of common school education, shall be appropriated to the common schools, and to no other purpose. No sum shall be raised or collected for education other than in common schools until the question of taxation is submitted to the legal voters, and the majority of the votes cast at said election shall be in favor of such taxation: Provided, The tax now imposed for educational purposes, and for the endowment and maintenance of the Agricultural and Mechanical College, shall remain until changed by law.

Cross-References. City universities and colleges, KRS ch. 165.

Opinions of Attorney General. A board of education has no authority to appropriate money to a fire department, as the benefit to education in this regard would be remote and would not be an expenditure of school funds for educational purposes as required by this section. OAG 60-612.

The county board of education has authority to request the department of highways to allow a water line to be attached to the water main serving the school in order that service may be extended to a subdivision, since there would not be any additional expenditure of school funds for the extension of the water line to the new subdivision, there is no violation of this section. OAG 60-704.

If implemented in a school district the young historians program can be regarded as educational in purpose within the meaning of the Constitution. OAG 63-214.

A lease by a school board of school property at the nominal rental value of $1.00 per year merely on the basis that United Cerebral Palsy would conduct a school on the premises could not constitute an educational purpose. OAG 69-488.

A school board may lawfully purchase fire and extended coverage insurance in the form of a package policy even though the premium is not specifically allocable to individual coverage if it does not exceed the rate regularly charged for fire and extended coverage insurance, as approved by the Kentucky department of insurance for such risks. OAG 66-38.

A restriction contained in a declaration of restrictions affecting a 10.44 acre tract proposed as a school site that would require the owner of the tract to pay an assessment that could be used for maintenance of other property in the subdivision would preclude the purchase of the tract as a school site since the payment of the assessment would violate this section. OAG 67-413.

OAG 69-488.

The members of families of employees and/or the dependents of employees may, within the discretion of the board, participate in the various types of group coverage provided the extra cost of the family coverage or dependent coverage is paid by the employee. OAG 70-356.

A lease by a school board of school property at the nominal rental value of $1.00 per year merely on the basis that United Cerebral Palsy would conduct a school on the premises could not be justified per se under Const., §§ 180, 184, and 186. However, if a factual determination were made that a proposed United Cerebral Palsy school would furnish an approved program for the instruction of exceptional children and that such a program was needed by the local school board, the board could execute a lease of property for such a school for the nominal sum of $1.00 per year. OAG 70-805.

Both the value received criterion and the direct benefit criterion must be considered in applying tests to determine whether a particular expenditure is valid under the school purpose restriction. OAG 70-805.

The Kentucky statutes do not authorize the expending of bond proceeds to renovate school buildings presently existing and already acquired. OAG 71-107.

The statutory sections referring to acquisition of existing buildings in KRS chs. 58 and 162 are broad enough to include, by reasonable implication, whatever may be properly spent for the functional adaptation of purchased buildings to school purposes. OAG 71-107.

An agreement by a board of education to lease unused portions of a television facility owned by it to a private corporation was lawful with the exception of a provision that a part of the consideration for the lease would be an option to purchase up to 10% of the stock of the private corporation, which provision was illegal and void under §§ 177, 179, 184, and 186 of the Constitution. OAG 73-418.

It is proper for a school district to require students to pay the cost of their meals, but if a school district sees fit to do so, it may use school funds to subsidize the school lunch program with the result that the pupils will be paying a price which is less than the cost of supplying their meals. OAG 73-754.

It would be a violation of the Constitution to pay the salary of a parochial schoolteacher from the funds of a public school district. OAG 73-799.

The announcement over a school speaker system or the distribution of notices to children on school property of meetings of an organization of parents to promote a constitutional amendment which would forbid busing of school pupils for the purpose of achieving racial balance in the schools, interjects political questions into the operation of the public school. OAG 74-118.

Within reason, school boards are permitted to bear the direct and indirect expenses incurred by teachers and administrators who attend, after prior approval by the board, professional activities and functions; however, school boards are not wholly unfettered in exercising their discretion in approving attendance at sundry professional activities since Const., § 180 and this section require that school funds may be used only for school purposes, the test being whether the expenditure is for an educational purpose rather than whether an activity might be beneficial to education. OAG 83-228.

It is legal for a board of education to pay salaries and/or expenses — including travel, lodging, and meals for school administrators or teachers to attend business sessions of their respective professional organizations, training and professional improvement meetings conducted by their professional organization and accreditation associations to which their schools or districts belong, and/or lobbying activities conducted by their professional associations. OAG 83-228.

A proposal by the fiscal court to pay a sum equal to 150 percent of the purported "actual cost" of transporting "all" the school children in a school district may not be legally tolerated, since it appears that a purported "actual increase cost" figure for the cost of transporting the nonpublic school children may not be constitutionally determined. OAG 83-294.

Language in budget memorandum recommending and directing that 705 KAR 2:030 Section 8 be amended to change the local district transfer provision from 20% to the established value of the capital outlay component of a foundation unit with difference in the transfer to be used to fund the operational costs of the New Rowan County State Vocational-Technical School and the expanded facilities in Ashland and Elizabethtown is precatory in nature and in light of this section and Const., § 186 cannot be carried out for funds appropriated, are foundation program funds and not just general funds appropriated for education and using the difference in the transfer amount of funds to support the operational cost of the New Rowan County State Vocational-Technical School and expanded facilities in Ashland and Elizabethtown would be using foundation program funds for nonfoundation purposes. OAG 84-314.

Where one or more school districts initiate a suit to enforce the equalization of school funding within the Commonwealth, interested school districts may contribute reasonable amounts of money from school funds to meet the costs of the suit, including reasonable attorney's fees; such expenditures would, however, have to be made in accordance with appropriate budget considerations. Covington Development Authority, 559 S.W.2d 1 (Ky. 1976), found with the Tax Increment Act. OAG 88-48.

No existing law prohibits, outright, local districts from showing instructional TV programming with minimal commercials included so long as curricular materials are properly reviewed; if instructional TV programming, with minimal commercials included, is allowed in the public schools, then the two (2) minutes of advertising do not have to be excluded from the six (6) hour day. OAG 89-14.

The state board has the authority to ban any television instruction with commercial advertising if the board determines as a matter of public policy that such should not be utilized in the classroom. The board also has the authority to allow the local boards of education and school councils to decide this matter. OAG 89-42.

The common school fund consists of all sums produced by taxation or otherwise for common school purposes in addition to the interest and dividends of the fund. Those sums are to be spent exclusively on public education. KRS 156.665 (now repealed) provides that among the duties and responsibilities of the Council for Education Technology is the investment of all funds received by the council for the purpose of carrying out these duties and responsibilities, and accordingly, KRS 42.500 does not apply, as the authority granted to the State Investment Commission is limited by KRS 156.665 (now repealed). Under KRS 168.100, the use of state funds appropriated for educational purpose may be applied by Kentucky Educational Television only for the benefit of public or common schools in order to avoid violation of this section and Const., §§ 171, 186, and 189. OAG 91-71.

An expenditure of common school funds or a donation of school property for a public purpose other than for the benefit of public or common schools in order to avoid violation of this section and Const., §§ 180 and 186; therefore, under this section and Const., §§ 180 and 186, any transfer of surplus school buildings to community service organizations must be based on the fair market value of the property. OAG 91-85.

It is still the opinion of the Attorney General's office that OAG 79-107 represents the law of Kentucky and the interpretation of Ky. Const., § 180 and this section, and that the expenditure of school funds for school guard crossings is prohibited constitutionally; OAG 92-6.

A reward, offered by the local school board, for the purpose of apprehending the vandals who damaged school property constitutes a proper educational purpose within the meaning of this section and Ky. Const., §§ 180 and 186; the act also falls within the parameters of KRS 160.180 as being necessary in order that the board may accomplish the purposes for which it was created as the resources of each school system are limited, and must be protected. OAG 92-63.

A school board cannot lawfully agree to provide materials paid for with school funds, or provide school funds themselves, whether under an intergovernmental agreement or otherwise, for the construction or maintenance of school bus turnarounds within the meaning of subsection (2) of KRS 178.290. OAG 93-63.

1. Purpose.
It was the intent of this section to prohibit the collection of any taxes to any extent for educational purposes other than in common schools, without a majority vote of the people. Brown v. Board of Educ., 108 Ky. 783, 22 Ky. L. Rptr. 483, 57 S.W. 612 (1900).

2. Construction.
This section is a restriction upon legislative power, not upon municipal indebtedness. Brown v. Board of Educ., 108 Ky. 783, 22 Ky. L. Rptr. 483, 57 S.W. 612 (1900).

This section leaves to the law-making body the determination of what is an efficient educational system, and to that body wide discretion in choosing the method of supplying an efficient system. Dodge v. Jefferson County Bd. of Educ., 298 Ky. 1, 181 S.W.2d 406 (1944).

This section and sections 180 and 186 of the Kentucky Constitution, when read together, prohibit the diversion of common school funds for purposes other than the maintenance of the public schools of the Commonwealth. Board of Educ. v. Lexington-Fayette Urban County Gov't, 691 S.W.2d 218 (Ky. Ct. App. 1985).

3. Application.
The prohibitions of this section apply to local political units as well as to the General Assembly. Pollitt v. Lewis, 269 Ky. 680, 108 S.W.2d 671, 113 A.L.R. 691 (1937).

In order for there to be a common school there must be a common school district. Hodgkin v. Board for Louisville & Jefferson County Children's Home, 242 S.W.2d 1008 (Ky. 1951).

Neither the statements of the Court of Appeals nor the pronouncements of the legislature can make an institution a part of the common school system contrary to the mandate of
5. Common School Fund.
The income to which the common school fund was entitled was not confined to those sources of revenue provided in a certain statute, but might be supplemented from other sources such as inheritance taxes. Gilbert v. Greene, 185 Ky. 817, 216 S.W. 105 (1919).
Money appropriated for schools immediately becomes part of school fund, although appropriated after tax is levied or collected. Talbott v. Kentucky State Board of Educ., 244 Ky. 826, 52 S.W.2d 727 (1932).

Under this section, the fund was entitled to the surplus in the county livestock fund, despite the repeal of statute providing for payment of the surplus to the school fund. Board of Educ. v. Tierney, 260 S.W.2d 201 (Ky. 1955).

Under this section, a city could not avoid paying over to the school board the whole amount of taxes collected, on the ground that it went into the sinking fund. City of Louisville v. Louisville School Bd., 17 Ky. L. Rptr. 697, 32 S.W. 406 (1885).

In view of Const., § 180 and this section, where a city collected a greater sum for school purposes than requested by board of education but within limitation of rate of assessment fixed in statute, the total amount collected belonged to the board of education. Board of Educ. v. City of Newport, 174 Ky. 28, 849, 191 S.W. 871 (1917).

Where a city collects taxes for school purposes without insisting upon levy being reduced by amount of unreported resources of board of education, it cannot subsequently so insist and may not withhold from the school board any portion of the tax levied for school purposes. Board of Educ. v. City of Newport, 174 Ky. 28, 849, 191 S.W. 871 (1917).

A tax levied for the benefit of common schools is a state tax, although it may be levied and collected by municipal county or district agencies. Moss v. Mayfield, 186 Ky. 330, 216 S.W. 842 (1919). See Whitt v. Wilson, 212 Ky. 281, 278 S.W. 609 (1925).

Legislature may provide for efficient school system by directly levying tax which is sufficient when proceeds are distributed pro rata or by raising limit of local school tax rates. Talbott v. Kentucky State Bd. of Educ., 244 Ky. 826, 52 S.W.2d 727 (1932).

Continued collection of seven cents special tax voted in 1937 for a junior college program was not in violation of this section, although the junior college was to be operated by a state university under contract with the school board and the tax would be paid over to a nonprofit corporation created by the school board as its own agency, the school board having option to withdraw from the program of operation of the junior college. Montague v. Board of Educ., 402 S.W.2d 94 (Ky. 1966).

7. — Collection Fees.
Using a portion of a tax collected for purposes of common school education to bear the costs of its collection, does not violate Const., § 180 or this section. Ross v. Board of Educ., 196 Ky. 366, 244 S.W. 793 (1922).

No violation of constitutional provisions prohibiting diversion of taxes or school funds when a reasonable charge is made against a local school tax for its collection. Dickson v. Jefferson County Bd. of Educ., 311 Ky. 781, 225 S.W.2d 672 (1949).

The additional three percent (3%) fee allowed the sheriff of Jefferson County for the collection of school taxes by KRS 160.500 violates this section and Const., § 180. Dickson v. Jefferson County Bd. of Educ., 311 Ky. 781, 225 S.W.2d 672 (1949).

A sheriff may not retain for the general expenses of his office from school tax funds any fee in an amount greater than that incurred as an expense of collecting such school tax funds despite statutory authority for a larger fee and the court is required to limit his fee upon such showing. Board of Educ. v. Wagers, 239 S.W.2d 48 (Ky. 1951). See Board of Educ. v. Edmunds, 252 S.W.2d 882 (1952); Board of Educ. v. Greenhill, 291 S.W.2d 36 (Ky. 1956).

Although it may have been that the General Assembly’s intent was to create a flat four percent (4%) commission for the county clerks for collecting the taxes, such interpretation would bring subsection (3) of KRS 134.805 into conflict with Const., § 180 and this section; therefore, a county clerk may not receive a fee for collecting the school tax which is in excess of his or her actual cost of collection, not exceeding four percent (4%). Benson v. Board of Educ., 748 S.W.2d 156 (Ky. Ct. App. 1988).

The only exception to the constitutional limitations of Const., § 180 and this section prohibiting the use of school funds for anything other than school purposes is the payment by the school board of the reasonable and actual costs of collecting the taxes. Benson v. Board of Educ., 748 S.W.2d 156 (Ky. Ct. App. 1988).

The allocation of the costs of collection of school taxes based on a percentage of revenue collected does not violate this section; such collection costs in no way diminish the constitutional command that school taxes must be appropriated to the common schools and no other purpose. These basic principles were not changed by the adoption of the Kentucky Education Reform Act of 1990. Board of Educ. v. Williams, 830 S.W.2d 399 (Ky. 1996).

8. Expenditure of Funds.
City school board’s appropriation for purposes not expressly named in statute must reasonably relate to proper school activities or interests. Board of Educ. v. Simmons, 245 Ky. 493, 53 S.W.2d 940 (1932).

Discretion vested in boards of education to expend school moneys, is subject to constitutional restriction that such expenditures must be for purposes of common school education. Schuerman v. State Bd. of Educ., 284 Ky. 556, 145 S.W.2d 12 (1940).

The determination of proper purposes of common school education is subject to wide and varied opinion and, unless an expenditure is extreme or clearly not for a proper educational purpose, the determination of such purpose is within the discretion of the General Assembly. Board of Educ. v. Talbott, 286 Ky. 543, 151 S.W.2d 42 (1941).

If the taxes are paid, the sum so collected shall not be devoted to any other purpose than school purposes. Dickson v. Jefferson County Board of Educ., 311 Ky. 781, 225 S.W.2d 672 (1949).

This section must be read together with Const., § 180 in determining how school funds must be spent, and the test to be applied in each instances is, what constitutes an educational purpose rather than whether an activity might merely be beneficial to education. Board of Educ. v. Spencer County Levee, Flood Control and Drainage Dist. No. 1, 313 Ky. 8, 230 S.W.2d 81 (1950).

School funds may not be diverted from school purposes. Grayson County Board of Educ. v. Boone, 452 S.W.2d 371 (Ky. 1970).

A fair reading of Const., §§ 183-189 compels the conclusion that money spent on education is to be spent exclusively in the public school system, except where the question of taxation for an educational purpose has been submitted to the voters and the majority of the votes cast at the election on the question
shall be in favor of such taxation. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

The Kentucky Constitution contemplates that public funds shall be expended for public education and the Commonwealth is obliged to furnish every child in this state an education in the public schools, but it is constitutionally proscribed from providing aid to furnish a private education. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

9. — Valid.

City and county boards of education may expend reasonable amounts from public school fund to pay membership dues in Kentucky school board association, since maintenance of that association for purposes specified in its Constitution is beneficial to public education in Kentucky. Schuerman v. State Bd. of Educ., 284 Ky. 556, 145 S.W.2d 42 (1940).

Payment of gasoline tax by boards of education does not violate this section. Board of Educ. v. Talbott, 286 Ky. 543, 151 S.W.2d 42 (1941).

The carrying of liability insurance on school buses is an expense incident to a rational program of school transportation, and the requirement of KRS 160.310 that such insurance be required does not violate this section. Bronaugh v. Murray, 294 Ky. 715, 172 S.W.2d 591 (1945).

Where no accurate time accounting could be made for school tax collection by the sheriff and his employees but the four percent (4%) he retained was not excessive, there was no diversion of school funds in the retention of the four percent (4%). Grayson County Board of Educ. v. Boone, 452 S.W.2d 371 (Ky. 1970).

A county fiscal court’s resolution which provided approximately 65 percent of the total cost of transporting non-public elementary school students was not unconstitutional where (1) funds were not paid directly to any private or parochial school and were, instead, paid to the individual local board of education operated transportation system of contracted bus and vehicle companies, (2) the benefit provided by the resolution went directly toward the safety and welfare of elementary age school children and not into the accounts of non-public schools, and (3) the resolution did not establish a tuition ceiling as a requisite to eligibility for the transportation subsidy. Neal v. Fiscal Court, 986 S.W.2d 907 (Ky. 1999).

10. — Invalid.

The appropriation of any part of a school fund or of the taxes which have been devoted to the purposes of the common school system, to the payment either of general taxation for support of the state government, or of special assessments to pay the cost of street improvements, would be an appropriation thereof to another purpose than that of the school system, forbidden by this section. City of Louisville v. Leatherman, 99 Ky. 213, 35 S.W. 625 (1896). See Kentucky Institution for Educ. of Blind v. City of Louisville, 123 Ky. 767, 30 Ky. L. Rptr. 136, 97 S.W. 402 (1906).

A tax levied and collected by a city for school purposes cannot be appropriated by act of legislature to maintain public library open to pupils of common schools only as a part of general public, and not under control of board of education for common schools. Board of Educ. v. Board of Trustees, 113 Ky. 234, 24 Ky. L. Rptr. 98, 68 S.W. 10 (1902).

State board of education could not purchase free textbooks for schools, where none of state’s school fund had been appropriated for that purpose and general fund had been exhausted. State Bd. of Educ. v. Kenney, 230 Ky. 287, 18 S.W.2d 1114 (1929).

The Tax Increment Act, KRS 99.750 to 99.770 (repealed), which permits various taxing districts to release increments expected to be derived by such districts as a result of the undertaking of a renewal or redevelopment project by an urban renewal community agency or authority to be used as a special fund for bond payment is invalid as it violates this section, for money collected for the purposes of education in the common school system cannot be spent for any other purpose. Miller v. Covington Dev. Auth., 539 S.W.2d 1 (Ky. 1976).

If the exclusive purpose of KRS 171.215, which provides that the state must supply textbooks to students in nonpublic schools, is to pay the expenses of children in private schools, Const., § 3 has been directly violated; conversely, if the textbooks also aid in the functioning of the private schools themselves, Const., §§ 171, 186, 189 and this section have been violated. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

KRS 171.215, which provides that the department of library and department for libraries and archives must supply textbooks without cost to pupils attending nonpublic schools, is unconstitutional in that it directs the expenditure of public funds for educational purposes through nonpublic schools. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

Grants made by fiscal court from county tax revenue by direct payment to certain specified privately-owned schools designated as transportation subsidies violated this section which provides that money cannot be expended for education other than in common schools without a vote of the public, because public money is being expended for the benefit of the private institution rather than providing specifically for the health and safety of all the children. Fiscal Court v. Brady, 885 S.W.2d 681 (Ky. 1994).

11. Assessment for Public Improvements.

Board of education could not be required to pay assessment by county flood and drainage district to build a flood wall notwithstanding board and children in its district would benefit thereby since such expenditure would be for other than educational purposes. Board of Educ. Dist. v. Spencer County Levee, Flood Control & Drainage Dist. No. 1, 313 Ky. 8, 230 S.W.2d 81 (1950).

Even if the money paid by the state as the apportionment of a special improvement benefit assessment against school property is considered money appropriated in aid of education, it is within the legislative discretion to specify the purpose of its use. Robertson v. City of Danville, 291 S.W.2d 816 (Ky. 1956).

KRS 107.010 to 107.220 providing for the financing of public improvement projects by annual assessments on the basis of the assessed values of the benefited properties, does not, by providing that public school properties shall be assessed and that levies against it should be paid from the state treasury out of moneys not otherwise appropriated, violate this section. Robertson v. City of Danville, 291 S.W.2d 816 (Ky. 1956).

12. University of Kentucky.

This section does not prohibit a subsequent, new, statutory appropriation for the support of the Agricultural and Mechanical College. Agricultural & Mechanical College v. Hager, 121 Ky. 1, 27 Ky. L. Rptr. 1178, 87 S.W. 1155 (1905).

Neither the change of the name of the Agricultural & Mechanical College of Kentucky to State University, nor transfer of normal work proper to state normal schools, destroyed its identity as a public corporation and state institution as respects the matter of appropriation therefor. James v. State Univ., 131 Ky. 156, 114 S.W. 767 (1908). See Agricultural & Mechanical College v. Hager, 121 Ky. 1, 27 Ky. L. Rptr. 1178, 87 S.W. 1125 (1905); Marsee v. Hager, 125 Ky. 445, 13 Ky. L. Rptr. 79, 101 S.W. 882 (1907).

The State University and the state normal schools are among the educational institutions for which, under this provision, the legislature may make appropriations without submitting the matter to a vote of the people. James v. State Univ., 131 Ky. 156, 114 S.W. 767 (1908). See Agricultural & Mechanical College v. Hager, 121 Ky. 1, 27 Ky. L. Rptr. 1178, 87 S.W. 1125 (1908); Marsee v. Hager, 125 Ky. 445, 31 Ky. L. Rptr. 79, 101 S.W. 882 (1907).

This section has no application to a statute providing that counties may send a number of pupils free of tuition to the

Statute establishing a system of state normal schools and appropriating money therefor was not in violation of this section. Marsere v. Harper, 125 Ky. 445, 31 Ky. L. Rptr. 79, 101 S.W. 882 (1907).

This section and Const., § 185 do not empower the commissioners of the sinking fund of the Commonwealth to provide funds for reconstruction of building of Industrial College for Colored People destroyed by fire or to authorize the trustees to reconstruct the building at state expense. Rhoads v. Fields, 219 Ky. 303, 292 S.W. 809 (1897).

15. Valid Statutes.
Statute providing that the expenses of the Department of Education, of whatever character, be paid from the common school fund, is not repugnant to this section. Superintendent of Public Instruction v. Auditor of Pub. Accounts, 97 Ky. 180, 17 Ky. L. Rptr. 46, 30 S.W. 404 (1885).

Under this section statute authorizing discounts for prompt payment of taxes including school taxes is not invalid as allowing sums produced by taxation for common schools to be appropriated to other purposes. Board of Educ. v. Sea, 167 Ky. 772, 181 S.W. 670 (1916).

Law providing for an increase of the tax for operating expenses of common schools was valid. Larue v. Redmon, 18 S.W. 622 (1916).

An act providing for payment of interest on warrants to be issued by the auditor for teachers' salaries did not violate this section. Adams v. Greene, 182 Ky. 504, 206 S.W. 759 (1918).

KRS 212.260 authorizing county health officers to visit schools and inspect premises does not limit or substitute for school board's power to appropriate school funds under the Constitution. Board of Educ. v. Simmons, 245 Ky. 493, 53 S.W.2d 940 (1932).

Statute authorizing a board of education to impose occupational license fees after electoral approval does not violate this section by providing that the necessary expenses of the required election be paid from school funds. Sims v. Board of Educ., 290 S.W.2d 491 (Ky. 1956).

Former statute that authorized public aid to private institutions for the education of exceptional children did not violate this section since it was not the intention of the delegates in adopting this section and Const., § 186 to deny forever the possibility of special educational assistance to those who by no choice of their own are unsuited to the standard programs and facilities of the common school system, the act in question being primarily a welfare rather than an educational measure and the fact that it takes the form of education being immaterial. Butler v. United Cerebral Palsy of Northern Kentucky, Inc., 352 S.W.2d 203 (Ky. 1961).

16. Invalid Statutes.
Legislative act providing for furnishing free transportation to pupils attending private schools violated this section, there being no merit in argument that act provided benefit for children and not for school. Sherrard v. Jefferson County Board of Educ., 294 Ky. 469, 171 S.W.2d 963 (1942).

17. Sewer User Charges.
The applicability of this section and Ky. Const., §§ 180 and 186 to the issue of whether a sewer user charge can be paid from school funds must be determined by a reasonable interpretation of whether the service or commodity provided is necessary for the maintenance of the public schools and is exclusively for the benefit of the public schools. Sewer user charges imposed upon a county board of education bear a reasonable and rational relationship to the value of the services provided and therefore are exclusively for the benefit of and necessary for the maintenance of the public schools. Board of Educ. v. Lexington-Fayette Urban County Gov't, 691 S.W.2d 218 (Ky. Ct. App. 1985).

§ 185. Interest on school fund — Investment.
The General Assembly shall make provision, by law, for the payment of the interest of said school fund, and may provide for the sale of the stock in the Bank of Kentucky; and in case of a sale of all or any part of said stock, the proceeds of sale shall be invested by the Sinking Fund Commissioners in other good interest-bearing stocks or bonds, which shall be subject to sale and reinvestment, from time to time, in like manner, and with the same restrictions, as provided with reference to the sale of the said stock in the Bank of Kentucky.

NOTES TO DECISIONS
Analysis
1. Easched property.
2. Industrial college.

1. Easched Property.
This section does not prevent the legislature from allowing certain localities to make additional provision for the financing of their schools and, consequently, a statute providing that certain categories of property, in case of escheat, shall go to a school district is valid. Commonwealth v. Thomas' Adm'r., 140 Ky. 789, 131 S.W. 797 (1910).

2. Industrial College.
Commissioners of the sinking fund had no authority to provide funds for reconstruction of building of Industrial College destroyed by fire, nor could they authorize trustees of college to do so at expense of state. Rhoads v. Fields, 219 Ky. 303, 292 S.W. 809 (1897).

§ 186. Distribution and use of school fund.
All funds accruing to the school fund shall be used for the maintenance of the public schools of the Commonwealth, and for no other purpose, and the General Assembly shall by general law prescribe the manner of the distribution of the public school fund among the school districts and its use for public school purposes. (Amendment, Acts 1952, ch. 89, approved November, 1953.)

Compiler's Notes. The provision of this section providing for pro rata distribution of school funds was repealed in 1953. Cases which construed this provision are as follows: Louisville School Board v. Superintendent of Public Instruction (1897), 102 Ky. 394, 19 K.L.R. 1350, 43 S.W. 718; Louisville School Board v. McChesney (1900), 109 Ky. 9, 22 K.L.R. 506, 58 S.W. 427; Talbott v. Kentucky State Board of Education (1932), 244 Ky. 826, 52 S.W.2d 727; Board of Education v. Talbott (1935), 261 Ky. 86, 86 S.W.2d 1059; Commonwealth ex rel. Meredith v. Reeves (1941), 289 Ky. 73, 157 S.W.2d 751; Jefferson County Board of Education v. Goheen (1947), 306 Ky. 439, 207 S.W.2d 567; Hodgkin v. Kentucky Chamber of Commerce (1952), 246 S.W.2d 1014.

Opinions of Attorney General. A school board may not make a contribution to a park commission which is seeking to accumulate a fund in order to secure matching federal funds for development of a community recreation park. This section prohibits the use of school funds for other than school purposes. Section 180 provides that no tax levied and collected for one purpose shall be used for another. OAG 72-95.

This section would prohibit a school board from contributing funds to repair a city street which had been damaged by gasoline spilled on it by a heavy school bus. OAG 72-514.

An agreement by a board of education to lease unused portions of a television facility owned by it to a private corporation was lawful with the exception of a provision that a part of the consideration for the lease would be an option to purchase up to 10% of the stock of the private corporation, which provision was illegal and void under §§ 177, 179, 184, and 186 of the Constitution. OAG 73-418.

It is proper for a school district to require students to pay the cost of their meals, but if a school district sees fit to do so, it may use school funds to subsidize the school lunch program with the result that the pupils will be paying a price which is less than the cost of supplying their meals. OAG 73-754.

Since the control of air pollution is for the public benefit, the obtaining of a pollutant permit is a public school purpose and payment of the fee does not violate the constitution. OAG 74-57.

Qualified pupils in private schools which are nonsectarian and which do not teach religion are entitled to the benefits of the Title I program. OAG 74-683.

Under Const. § 184 and this section, school funds may not be used to construct entrances to school property within the right of way of a state highway and the expense of such entrances must be borne by the state department of transportation (now transportation cabinet). OAG 75-362.

In view of this section and § 184 of the Const., a board of education may not be compelled to replace or repair a sidewalk abutting one of its schools, nor may it voluntarily spend funds for such purpose, as such would constitute the expenditure of school funds for a nonschool purpose. OAG 75-613.

In view of this section, Const. § 184 and KRS 67A.060, a board of education may not be compelled to, nor may it voluntarily spend an assessment imposed under KRS 67A.780 for a sanitary sewer benefiting school property. OAG 75-613.

Public school funds may not be expended to employ persons to control vehicular and pedestrian traffic on public streets or roads in or around school premises. OAG 75-614.

An off-duty constable employed as a school security guard is an employee of the school board which may compensate him for his services. OAG 75-631.

Inasmuch as common school funds may only be paid to common school districts, a county school board may not expend public common school funds to transport students attending a nonpublic model school. OAG 76-261.

The expenses of opening schools to serve as a voting place on a presidential election day, as provided by subsection (2) of KRS 117.065, when the schools are mandated to be closed by KRS 2.190 would be so small and incidental as not to be proscribed by Kentucky Constitution, §§ 180, 184, and 186. OAG 76-592. Withdrawing OAG 42-363.

Since the requirement that schools not be opened without a court order is a policy created by the courts, the circumstances surrounding the use of schools as voting places as provided for in subsection (2) of KRS 117.065 may be structured so that there does not exist any unwarranted and impermissible expenditures of public common school money for election purposes. OAG 76-614.

Where four teacher-owned cars were damaged by paint blown by wind in the paint room of a senior high school's agriculture department during the painting of a tractor, the board of education would be immune from liability under the doctrine of sovereign immunity, and since using school board funds for such a purpose would be tantamount to concluding the activity, such an expenditure would be unconstitutional under this section. OAG 80-49.

A county fiscal court may provide snow removal service to the county schools in exchange for the transportation of nonpublic school students, provided that the value of such service is fairly and accurately determined, provisions are made for the payment to the county school system of any funds due, and appropriate procurement laws are followed where applicable; the best method for handling any legitimate exchange of services as outlined would be for the county school system to pay for the service and for the county fiscal court to pay that amount back to the county school system for the transportation of nonpublic school students. OAG 80-390.

The present school laws, in light of the Constitution, do not authorize or permit any state-funded extended employment days to be used for vacation or holidays. OAG 82-556.

Language in budget memorandum recommending and directing that 705 KAR 2:030 Section 8 be amended to change the local district transfer provision from 20% to the established value of the capital outlay component of a foundation unit with difference in the transfer to be used to fund the operational costs of the New Rowan County State Vocational-Technical School and the expanded facilities in Ashland and Elizabethtown is precarious in nature and in light of this section and Const., § 184 cannot be carried out for funds involved, are foundation program funds and not just general funds appropriated for education and using the difference in the transfer amount of funds to support the operational cost of the New Rowan County State Vocational-Technical School and expanded facilities in Ashland and Elizabethtown would be using foundation program funds for nonfoundation purposes. OAG 84-314.

Payment by a board of education for the sabbatical leave of a teacher or superintendent is constitutional so long as the teacher or superintendent agrees to extend at least two (2) years of future services to the school board. OAG 88-29.

No existing law prohibits, outright, local districts from showing instructional TV programming with minimal commercials included so long as curricular materials are properly reviewed; if instructional TV programming, with minimal commercials included, is allowed in the public schools, then the two (2) minutes of advertising do not have to be excluded from the six (6) hour day. OAG 90-42.

The state board has the authority to ban any television instruction with commercial advertising if the board determines as a matter of public policy that such should not be utilized in the classroom. The board also has the authority to allow the local boards of education and school councils to decide this matter. OAG 90-42.

Under KRS 168.100, the use of state funds appropriated for educational purpose may be applied by Kentucky Educational Television only for the benefit of public or common schools in order to avoid violation of this section and Const., §§ 171, 184 and 189. Accordingly, KET is required to charge nonstate schools, whether private and nonsectarian or parochial, for services delivered in the process of returning student responses to the KET master computer. OAG 91-71.

An expenditure of common school funds or a donation of school property for a public purpose other than for the benefit of school purposes under this section and Const., §§ 180 and 184; therefore, under this section and Const., §§ 180 and 184, any transfer of surplus school buildings to community service organizations must be based on the fair market value of the property. OAG 91-85.

A reward, offered by the local school board, for the purpose of apprehending the vandals who damaged school property for a nonschool purpose constitutes a proper educational purpose with the meaning...
of this section and Ky. Const., §§ 180 and 184; the act also falls within the parameters of KRS 160.160 as being necessary in order that the board may accomplish the purposes for which it was created as the resources of each school system are limited, and must be protected. OAG 92-63.

A school board cannot lawfully agree to provide materials paid for with school funds, or provide school funds themselves, whether under an intergovernmental agreement or otherwise, for the construction or maintenance of school bus tourwavards within the meaning of subsection (2) of KRS 178.290. OAG 93-63.

1. Construction.

This section and sections 180 and 184 of the Kentucky Constitution, when read together, prohibit the diversion of common school funds for purposes other than the maintenance of the public schools of the Commonwealth. Board of Educ. v. Lexington-Fayette Urban County Gov’t, 691 S.W.2d 218 (Ky. Ct. App. 1985).

2. Application.

This section applies exclusively to common school funds levied and collected by the Commonwealth in its sovereign capacity and from the state at large, it has no application to public school funds levied, collected, and raised by subdivisions of the state to supplement the state school fund for their exclusively local purposes, and the state has no right to take charge of such funds and distribute them throughout the state among the common schools. Talbott v. Kentucky State Board of Educ., 244 Ky. 826, 52 S.W.2d 727 (1932). See Cassady v. Oldham County, 246 Ky. 773, 56 S.W.2d 368 (1933).

A tax levied for the benefit of common schools is a state tax, although it may be levied and collected by municipal county or district agencies. Moss v. Mayfield, 186 Ky. 330, 216 S.W. 842 (1919). See Whit v. Wilson, 212 Ky. 281, 278 S.W. 609 (1925).

The definition of the purposes of common school education is necessarily broad and, unless a particular expenditure is clearly outside the reasonable purview of educational activities, the Legislature has a right to declare it to be for such a purpose. Board of Educ. v. Talbott, 286 Ky. 543, 151 S.W.2d 42 (1941).

The courts scrupulously protect school funds from diversion even for laudable purposes. Board of Educ. v. Wagers, 239 S.W.2d 48 (Ky. 1951).

School districts were created by the General Assembly and exist only as a means for the state to carry out the General Assembly’s constitutional duty to provide for an efficient system of common schools throughout the state. Calvert Invs., Inc. v. Louisville & Jefferson County Metro. Sewer Dist., 805 S.W.2d 133 (Ky. 1991).

4. —Teachers’ Salaries.

An act providing for payment of interest on warrants to be issued by the auditor for teachers’ salaries did not violate Const., § 184. Adams v. Greene, 182 Ky. 504, 206 S.W. 759 (1918).

Common school teachers are state employees and as such may receive salaries appropriated by the General Assembly provided by statutes authorized by the constitution and distributed to all teachers of common school within the Commonwealth on a per capita basis. Board of Educ. v. Talbott, 261 Ky. 66, 86 S.W.2d 1009 (1935).

5. —Expenditures.

A fair reading of Const., §§ 183-189 compels the conclusion that money spent on education is to be spent exclusively in the public school system, except where the question of taxation for an educational purpose has been submitted to the voters and the majority of the votes cast at the election on the question shall be in favor of such taxation. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

The Kentucky Constitution contemplates that public funds shall be expended for public education and the Commonwealth is obliged to furnish every child in this state an education in the public schools, but it is constitutionally proscribed from providing aid to furnish a private education. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

6. —Valid.

Since the terms education, common school purpose and common school system are sufficiently broad enough to encompass recreational training, a county board of education may, under this section and Const., §§ 180 and 184, expend tax funds collected for school purposes for the financing of recreational training. Dodge v. Jefferson County Board of Educ., 298 Ky. 1, 181 S.W.2d 406 (1944).

County board of education was authorized to expend school funds to pay attorney’s fees and court costs in defending two cases against them for protection of corporate action and decisions of board for these actions serve a public school purpose. Hogan v. Glasscock, 324 S.W.2d 815 (Ky. 1959).

The extra cost to some school districts for busing as a result of court ordered desegregation does not violate this section since all that is required is that a common formula be used to distribute, not that distribution to each district be proportionately equal. Carroll v. Department of Health, Educ. & Welfare, 410 F. Supp. 234 (W.D. Ky. 1976), aff’d, Carroll v. Board of Educ., 561 F.2d 1 (6th Cir. 1977).

7. —Invalid.

School taxes received from the state by a graded common school district cannot be used to purchase a lot or erect or furnish a school building. Crabbe v. Board of Trustees of Graded Common School Dist. No. 24, 132 Ky. 478, 116 S.W. 706 (1909).

Contract between county board of education and sheriff fixing sheriff’s fee for collecting school taxes substantially in excess of the cost of collection is invalid as an unconstitutional diversion of school funds. Hager v. McConathy, 269 S.W.2d 725 (Ky. 1954).

If the exclusive purpose of KRS 171.215, which provides that the state must supply textbooks to students in nonpublic schools, is to pay the expenses of children in private schools, Const., § 3 has been directly violated; conversely, if the textbooks also aid in the functioning of the private schools themselves, Const., §§ 171, 184, 189 and this section have been violated. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

KRS 171.215, which provides that the department of libraries (now department for libraries and archives) must supply
textbooks without cost to pupils attending nonpublic schools, is unconstitutional in that it directs the expenditure of public funds for educational purposes through nonpublic schools. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

8. Distribution of Funds.

Under this section the distribution of school funds is now left to Legislature discretion, although prior to the constitutional amendment of 1953, deleting the previous per capita clause of this section, the Legislature was thereby limited in the method by which it could distribute funds in aid of education. Robertson v. City of Danville, 291 S.W.2d 816 (Ky. 1956).

The applicability of this section and Ky. Const., sections 180 and 184 to the issue of whether a sewer user charge can be paid from school funds must be determined by a reasonable interpretation of whether the service or commodity provided is essential or necessary for the maintenance of the public schools and is exclusively for the benefit of the public schools. Sewer user charges imposed upon a county board of education bear a reasonable and rational relationship to the value of the services provided and therefore are exclusively for the benefit of and necessary for the maintenance of the public schools. Board of Educ. v. Lexington-Fayette Urban County Gov't, 391 S.W.2d 218 (Ky. Ct. App. 1965).

10. Escheated Property.

This section does not prevent the Legislature from allowing certain localities to make additional provision for the financing of their schools and, consequently, a statute providing that certain categories of property, in case of escheat, shall go to a school district is valid. Commonwealth v. Thomas' Adm'r, 140 Ky. 789, 131 S.W. 797 (1910).

11. Aid for Exceptional Children.

Former statute that authorized public aid to private institutions for the education of exceptional children did not violate this section since it was not the intention of the delegates in adopting this section and Const., § 184 to deny forever the possibility of special educational assistance to those who by no choice of their own are unsuited to the standard programs and facilities of the common school system, the act in question being primarily a welfare rather than an educational measure and the fact that it takes the form of education being immaterial. Butler v. United Cerebral Palsy of Northern Kentucky, Inc., 352 S.W.2d 203 (Ky. 1961).

12. Institutional Schools.

State aid to institutional schools such as Louisville and Jefferson County children's home is not within the scope of this section and Const., §§ 183-185. Hodgkin v. Board for Louisville & Jefferson County Children’s Home, 242 S.W.2d 1008 (Ky. 1951).

Uniformity does not require equal classification but it does demand that there shall be substantially uniform system and equal school facilities without discrimination as between different sections of a district or county. Wooley v. Spalding, 293 S.W.2d 563 (Ky. 1956).

§ 187. Race or color not to affect distribution of school fund.

In distributing the school fund no distinction shall be made on account of race or color.

Compiler's Notes. The General Assembly in 1996 proposed (Acts 1996, ch. 98, § 2) the amendment of this section. The amendment was ratified by the voters at the regular election in November 1996. Prior to the amendment the section read:

"§ 187. White and colored to share fund without distinction — Separate schools. — In distributing the school fund no distinction shall be made on account of race or color, and separate schools for white and colored children shall be maintained."

NOTES TO DECISIONS

1. Constitutionality.

It was conceded by the state superintendent of public schools that this section was unconstitutional in light of the decision of the United States Supreme Court in the case of Brown v. Board of Educ., 347 U.S. 483, 74 S. Ct. 686, 98 L. Ed. 873, 38 A.L.R.2d 1180 (1954). See Willis v. Walker, 136 F. Supp. 177, 181 (W.D. Ky. 1955).

§ 188. Refund of federal direct tax part of school fund — Irredeemable bond.

So much of any moneys as may be received by the Commonwealth from the United States under the recent act of Congress refunding the direct tax shall become a part of the school fund, and be held as provided in Section 184; but the General Assembly may authorize the use, by the Commonwealth, of moneys so received or any part thereof, in which event a bond shall be executed to the Board of Education for the amount so used, which bond shall be held on the same terms and conditions, and subject to the provisions of Section 184, concerning the bond therein referred to.

Cross-References. Irredeemable bond for University of Kentucky and Kentucky State College, KRS 164.520.

NOTES TO DECISIONS

1. District School Funds.

District school funds are separate and distinct from the common school fund of the state which prior to the 1953 amendment of Const., § 186 deleting the per capita clause therefrom, was distributed by the state to the various school districts on a per capita basis under Const., § 186 and this section. Commonwealth ex rel. Meredith v. Reeves, 289 Ky. 73, 157 S.W.2d 751 (1941).

§ 189. School money not to be used for church, sectarian, or denominational school.

No portion of any fund or tax now existing, or that may hereafter be raised or levied for educational purposes, shall be appropriated to, or used by, or in aid of, any church, sectarian or denominational school.

Opinions of Attorney General. A county board of education was authorized to pay the salaries of teachers at a school within the system even though the buildings of the school were owned by a religious denomination. OAG 60-1217.

Tuition to the Oneida School, a non-public institution, may not be paid by the Perry County board of education. OAG 67-348.
Public school teachers may not, as a part of the duties for which they are compensated by boards of education, be assigned to teach in a private or sectarian school since the effect of such an assignment would be to the primary benefit of the private or sectarian school as opposed to a primary benefit to its students or the common schools and would offend Const., §§ 180 and 184 which restrict school funds to public school purposes, and would offend this section which prohibits the use by sectarian schools of funds levied for educational purposes. OAG 68-487.

For the Commonwealth to grant to a private college the power to exercise eminent domain, from a public-purpose standpoint the private institution of higher learning would have to be one which accords entrance privileges to qualified applicants on an open and equal basis without discrimination as to race, national origin or religious belief. OAG 70-567.

The benefits of eminent domain could be given to certain qualifying private colleges either by providing for the exercise of the right in behalf of a particular qualifying private college through a designated state agency with related over-all responsibilities for higher education or by extending the right to certain specified classes of private colleges and private universities. OAG 76-487.

Funds appropriated by the General Assembly for the school lunch programs may be shared by parochial schools without violating this section. OAG 72-422.

As long as a public school corporation receives fair market value for the services it renders and as long as there is no entanglement of the business operation of the corporation with a parochial school, there is no legal objection to the corporation providing computer service to the parochial school. OAG 73-669.

It would be a violation of the constitution to pay the salary of a parochial schoolteacher from public school district funds. OAG 73-799.

Public school teachers may not, as a part of the duties for which compensated by boards of education, be assigned to teach in a private or sectarian school. OAG 74-331 (modifying OAG 68-150, and withdrawing OAG 68-585).

This section has no bearing on whether a public school may agree to allow students attending parochial schools to participate on the athletic teams of the public school. OAG 74-650.

A public school may not pay the tuition of a deaf student who attends a Catholic school at the parents’ election after rejection of the public school’s arrangement for the child to be admitted to the Kentucky school for the deaf. OAG 74-660.

Under KRS 168.100, the use of state funds appropriated for educational purposes may be applied by Kentucky Educational Television only for the benefit of public or common schools in order to avoid violation of this section and Const., §§ 171, 184 and 186. Accordingly, KET is required to charge nonstate schools, whether private and nonsectarian or parochial, for services delivered in the process of returning student responses to the KET master computer. OAG 91-71.

ANALYSIS

1. Construction.
2. Religious activities prohibited.

1. Construction.

The constitution and statutes require that there shall be equality and that all public schools shall be nonpartisan and nonsectarian. Wooley v. Spalding, 293 S.W.2d 563 (Ky. 1956).

A fair reading of Const., §§ 183-189 compels the conclusion that money spent on education is to be spent exclusively in the public school system, except where the question of taxation for an educational purpose has been submitted to the voters and the majority of the votes cast at the election on the question shall be in favor of such taxation. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

The Kentucky Constitution contemplates that public funds shall be expended for public education and the Commonwealth is obliged to furnish every child in this state an education in the public schools, but it is constitutionally proscribed from providing aid to furnish a private education. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

2. Religious Activities Prohibited.

A board of education may be enjoined from distributing sectarian literature in a public school from expending public school funds for religious or sectarian purposes, from keeping sectarian publications in public school libraries, and from stopping the operation of public school buses on religious holidays, not also legalized as state or national holidays, such activities being in violation of this section and applicable statutes. Wooley v. Spalding, 293 S.W.2d 563 (Ky. 1956).

3. Prayer in Schools.

A prayer offered at the opening of a public school, imploring the aid and presence of the Heavenly Father, looking forward to a heavenly reunion after death, and concluding in Christ’s name, is not sectarian, and does not make the school a sectarian school. Hackett v. Brooksville Graded School Dist., 120 Ky. 608, 27 Ky. L. Rptr. 1021, 87 S.W. 792, 69 L.R.A. 592, 117 Am. St. R. 599 (1905).

4. Rental of Church Property.

Rental of school buildings from church by a county school board was not of itself a violation of this section. Rawlings v. Butler, 290 S.W.2d 801, 60 A.L.R.2d 285 (1956).

5. Private Schools.

The term private schools in KRS 157.305 does not include schools outside the state or schools that give sectarian instruction or have any denominational requirements with respect to their teachers or pupils and this section is not violated thereby. Butler v. United Cerebral Palsy of N. Kentucky, Inc., 352 S.W.2d 203 (Ky. 1961).

Where members of religious order hired by the state and paid to teach in public schools had taken vow of poverty to religious order and contributed their salaries over living expenses to such order there was no violation of this section although there would be violation if the members were but conduits through which public school funds were channeled to a religious order. Rawlings v. Butler, 290 S.W.2d 801, 60 A.L.R.2d 285 (1956).

7. Transportation to Private Schools.

Statute providing free transportation to pupils attending private schools violated this section, there being no merit in argument that act provided benefit for children and not for
228. Oath of officers and attorneys.

Members of the General Assembly and all officers, before they enter upon the execution of the duties of their respective offices, and all members of the bar, before they enter upon the practice of their profession, shall take the following oath or affirmation: I do solemnly swear (or affirm, as the case may be) that I will support the Constitution of the United States and the Constitution of this Commonwealth, and be faithful and true to the Commonwealth of Kentucky so long as I continue a citizen thereof, and that I will faithfully execute, to the best of my ability, the office of __________ according to law; and I do further solemnly swear (or affirm) that since the adoption of the present Constitution, I, being a citizen of this State, have not fought a duel with deadly weapons within this State nor out of it, nor have I sent or accepted a challenge to fight a duel with deadly weapons, nor have I acted as second in carrying a challenge, nor aided or assisted any person thus offending, so help me God.

Cross-References. Incompatible offices, Const., § 44; KRS 61.080.

Opinions of Attorney General. A fourth-class postmaster is a federal officer and a school board member is a state officer, and for one person to hold both offices at the same time is prohibited by this section. OAG 60-819.

A school board member would be eligible to serve where he resigned his federal office of substitute mail carrier after his election but before he qualified for office and assumed his duties as school board member. OAG 65-157.

The position of rural mail carrier is a form of federal employment rather than a federal office and a person who holds such a position is not disqualified by the provisions of this section from serving on the county board of education. OAG 68-191.

An employee of the Blue Grass army activities could, at the same time, serve as a member of the school board without violating this section. OAG 69-438.
Since the offices of school board member and selective service board member are both offices of trust, they are incompatible under the Constitution and cannot be held by a person at the same time. OAG 70-812.

A member of the county board of education cannot also hold the position of postmaster. The offices are incompatible under this section. OAG 72-67.

There is no prohibition against a federal employee serving as a school board member. OAG 72-665.

It would be legal for a person regularly employed by the federal government as a coal mine inspector to be elected and serve at the same time as a member of the school board. OAG 79-491.

**Analysis**

3. Incompatibility.

6. Postmaster.

**3. Incompatibility.**

The incompatibilities set out in this section and Const., § 165 are not exclusive, and common-law incompatibility exists when the public functions to be performed are inconsistent with the one with the other and when the nature and duties of the two (2) offices are such as to render it improper from consideration of public policy for one incumbent to retain both. Knuckles v. Board of Educ., 272 Ky. 431, 114 S.W.2d 511 (1938).

6. Postmaster.

The trial court properly concluded that the postmaster of a fourth-class post office was not a holder of an office of trust or profit within the meaning of this section, and therefore was eligible to serve as a member of a school board. Commonwealth ex rel. Hancock v. Clark, 506 S.W.2d 503 (1974).

§ 246. Maximum limit on compensation of public officers.

No public officer or employee except the Governor, shall receive as compensation per annum for official services, exclusive of the compensation of legally authorized deputies and assistants which shall be fixed and provided for by law, but inclusive of allowance for living expenses, if any, as may be fixed and provided for by law, any amount in excess of the following sums: Officers whose jurisdiction or duties are coextensive with the Commonwealth, the mayor of any city of the first class, and Judges and Commissioners of the Court of Appeals, Twelve Thousand Dollars ($12,000); Circuit Judges, Eight Thousand Four Hundred Dollars ($8,400); all other public officers, Seven Thousand Two Hundred Dollars ($7,200). Compensation within the limits of this amendment may be authorized by the General Assembly to be paid, but not retroactively, to public officers in office at the time of its adoption, or who are elected at the election at which this amendment is adopted. Nothing in this amendment shall permit any officer to receive, for the year 1949, any compensation in excess of the limit in force prior to the adoption of this amendment. (Amendment, proposed Acts 1948, ch. 172, ratified November, 1949.)

**Cross-References.** Compensation not to be changed during term, Const., §§ 161, 235.

Compensation of governor, KRS 64.480.

Compensation of public officers, generally, KRS 64.480 to 64.740.

Deductions for neglect of duty, Const., § 235; KRS 61.120 to 61.150.

**Opinions of Attorney General.** Fees collected from independent school district, drainage board and other municipalities within counties are to be included with other official fees in fixing the limitation on salary of sheriff. OAG 62-56.

41. Schools.

43. Statutes.

50. —Schools.

51. Universities.

Where independent initiative is exercised by an officeholder in performing his official duties, he is a public officer subject to the salary limitation of this section, although his functions are subject to general control by some higher authority, such as a board of education. Reynolds v. Board of Educ., 311 Ky. 458, 224 S.W.2d 442 (1949).

41. Schools.

Principals and supervisors employed by a board of education are employees, not public officers, and are not subject to constitutional salary limitation. Schranz v. Board of Educ., 307 Ky. 590, 211 S.W.2d 861 (1948).

School superintendent and assistant school superintendent for business affairs are subject to the constitutional limitation on salaries of public officers. Reynolds v. Board of Educ., 311 Ky. 458, 224 S.W.2d 442 (1949). But see Board of Educ. v. De Weese, 343 S.W.2d 598 (Ky. 1960).

43. Statutes.

50. —Schools.

Presumption obtained that Legislature fixed Superintendent of Public Instruction’s salary at $4,000 with no intention to leave in effect a provision of law for payment of an additional $1,500 for performance of duties of special inspector and examiner of schools, in view of this section. Bell v. Talbott, 252 Ky. 721, 68 S.W.2d 36 (1934).

51. Universities.

The limitations of this section do not apply to a professor of the University of Kentucky. Purdue v. Miller, 306 Ky. 110, 206 S.W.2d 75 (1947).

5. Qualification of School Trustees.
Where statute required school trustees to meet and qualify on first Monday in January after their election, qualification by trustees on Tuesday, January 2, because Monday, January 1, was holiday, was sufficient compliance. Jewett v. Matteson, 148 Ky. 820, 147 S.W. 924 (1912).

(2089i-5.)
school districts, and vocational and higher education as affected by the Kentucky Education Reform Act of 1990, 1990 Ky. Acts ch. 476. The monitoring of the education system shall also include periodic reviews of local district and school-based decision making policies relating to the recruitment, interviewing, selection, evaluation, termination, or promotion of personnel. The office shall report any district or school when evidence demonstrates a pattern of exclusionary personnel practices relating to race or sex to the Kentucky Department of Education, which shall then independently investigate facts raised in or associated with the report. The results of the investigation conducted by the department shall be forwarded to the Kentucky Board of Education which shall conduct an investigative hearing on the matter.

2. Establish a Division of School Finance which shall conduct an ongoing review of the finance system. The review shall include an analysis of the level of equity achieved by the funding system and whether adequate funds are available to all school districts; a review of the weights of various education program components, which are to be developed by the Department of Education no later than October 1, 1991. The division shall develop recommendations for the base per pupil funding for the Support Education Excellence in Kentucky Program and a statewide salary schedule. It shall conduct studies of other finance issues identified as needing further study, including a review of the transportation formula required in KRS 157.360. Upon approval of the subcommittee, the annual report shall be forwarded to the Governor, the Legislative Research Commission, and the Kentucky Board of Education no later than October 1 each year.

3. Verify the accuracy of reports of school, district, and state performance by conducting, requesting, or upon approval of the Legislative Research Commission, contracting for periodic program and fiscal audits as necessary. Upon and under the direction of the Education Assessment and Accountability Review Subcommittee, the Office of Education Accountability shall monitor and verify the accuracy of reports of the Department of Education and the Kentucky Board of Education, including but not limited to the annual fiscal conditions of grants, categorical programs, and other educational initiatives set forth by the General Assembly.

4. Investigate allegations of wrongdoing of any person or agency, including but not limited to waste, duplication, mismanagement, political influence, and illegal activity at the state, regional, or school district level which have not been resolved or satisfactorily explained by the local superintendent, local board of education, the chief state school officer, or the Kentucky Board of Education, and make recommendations for legislative action to the Education Assessment and Accountability Review Subcommittee. Upon approval of the subcommittee, recommendations for legislative action shall be forwarded to the Legislative Research Commission. (e) In compliance with KRS 48.800, 48.950, and 48.955, the Finance and Administration Cabinet and the Governor’s Office for Policy and Management shall provide to the Office of Education Accountability access to all information and records, other than preliminary work papers, relating to allotment of funds, whether by usual allotment or by other means, to the Department of Education, local school districts, and to other recipients of funds for educational purposes.

(f) Any state agency receiving a complaint or information which, if accurate, may identify a violation of the Kentucky Education Reform Act of 1990, 1990 Ky. Acts ch. 476, shall notify the office of the complaint or information.

(g) The Office of Education Accountability may contract for services as approved by the Legislative Research Commission pursuant to KRS 7.090(7).

(3) The provisions of KRS 61.878 or any other statute, including Acts of the 1992 Regular Session of the General Assembly to the contrary notwithstanding, the testimony of investigators, work products, and records of the Office of Education Accountability relating to duties and responsibilities under subsection (2) of this section shall be privileged and confidential during the course of an ongoing investigation or until authorized, released, or otherwise made public by the Office of Education Accountability and shall not be subject to discovery, disclosure, or production upon the order or subpoena of a court or other agency with subpoena power.

Legislative Research Commission Note. (9/2/94). By letter of September 2, 1994, the Secretary of the Finance and Administration Cabinet, acting under KRS 48.500, advised the Revisor of Statutes of his determination “that no funds appropriated by the Executive Branch Appropriations Act for the 1995-96 biennium can be identified as having been appropriated for the purpose of implementing Sections 1 to 7 of House Bill No. 616, Chapter (296), Acts of the 1994 Regular Session of the General Assembly.” Accordingly, the amendment to this statute contained in 1994 Ky. Acts ch. 296 is void under sec. 3(8) of that Act and has not been codified into the statute.

Compiler’s Notes. Acts 1992, ch. 270, § 2 provides: “Section 1(3) of this Act shall be deemed retroactive to July 13, 1990, and shall apply to subpoenas or court orders issued since that date on any matter covered by KRS 7.410.”

Opinions of Attorney General. If there is school board opposition to school based decision making (SBDM) the SBM council could seek assistance from the Office of Education Accountability and if they cannot assist the council, then legal action should be considered to force the school board to comply with the statute; however, that should not be necessary once the statute contains protections within it. OAG 91-24.

Based on the language of Const., § 183 and on case law interpreting this section, the General Assembly has authorization to create the Office of Education Accountability. OAG 91-222.

Superintendents and boards are subject to investigation by legislative agencies, but those agencies, in this case the Office of Education Accountability, may not take enforcement action against them. OAG 91-222.

The activities of the Office of Education Accountability do not violate the separation of powers set forth in Const., §§ 27 and 28. OAG 91-222.

The authority under which superintendents and boards respond to questions raised in the course of investigation by the Office of Education Accountability is found in this section and KRS 6.905 et seq. OAG 91-222.

The discovery powers set forth in subsection (2)(d) of this section are broad; however, they relate to the ability of the arm of the legislature to study the implementation of the Reform Act, and to insure that the General Assembly is successful in creating an “efficient system of common schools,” as mandated by Const., § 183. OAG 91-222.

While the Office of Education Accountability does not have the right to perform the executive functions of regulating and supervising administration of the day to day operations of school districts, the office may study and monitor the implementation of the Kentucky Education Reform Act. OAG 91-222.

Subsection (3) vests virtually unfettered discretion in the Office of Education Accountability to withhold records relating to its duties and responsibilities while an investigation is pending, and after it has concluded; the urgency and importance of this provision is further underscored by the fact that in 1992, the General Assembly elected to make it retroactive to July 13, 1990, and to include an emergency clause making it effective upon passage by the Governor; thus, a teacher’s request to have full access to records pertaining to a complaint filed against her was properly denied. OAG 98-ORD-149.

The Office of Education Accountability properly denied a request for access to intra-office memorandum and the identity of an informant, which related to the requester’s attempt to hack into or invade the agency’s computer system. OAG 99-ORD-96.

The Office of Education Accountability cannot prosecute a case to have an executive branch employee disciplined or removed for violation of subsection (9)(a). OAG 02-4.

(Enact. Acts 1984, ch. 417, § 9, effective April 13, 1984.)

NOTES TO DECISIONS

1. Improper Subject for Judicial Notice.
Parole eligibility statistics are not a proper subject for judicial notice, are not admissible mitigating evidence, and do not negate the Commonwealth's evidence; therefore, the trial court did not err in finding that "the introduction of specific figures and numbers opens the door to evidence that the statute was not set up for." Abbott v. Commonwealth, 822 S.W.2d 417 (Ky. 1992).

13A.100. Matters which shall be prescribed by administrative regulation.
Subject to limitations in applicable statutes, any administrative body which is empowered to promulgate administrative regulations shall, by administrative regulation prescribe, consistent with applicable statutes:

(1) Each statement of general applicability, policy, procedure, memorandum, or other form of action that implements; interprets; prescribes law or policy; describes the organization, procedure, or practice requirements of any administrative body; or affects private rights or procedures available to the public;

(2) The process for application for license, benefits available or other matters for which an application would be appropriate unless such process is prescribed by a statute;

(3) Fees, except for those exempted in paragraphs (a) through (j), of this subsection, to be charged by the administrative body if such fees are authorized by law and are not set by statute:

(a) State park room rates;
(b) Prices for food in restaurants at state facilities;
(c) Prices for goods at gift shops at state facilities;
(d) Prices for groceries and other items sold at state facilities;
(e) Prices charged for state publications;
(f) Prices charged for rides and amusement activities at state facilities;
(g) Admission fees to athletic and entertainment events at state facilities;
(h) Charges for swimming, skiing, horseback riding, and similar recreational activities at state facilities;
(i) Charges for boat and equipment rentals for recreational purposes at state facilities; and
(j) Admission fees charged for seminars and educational courses by state administrative bodies;

(4) The procedures to be utilized by the administrative body in the conduct of hearings by or for the administrative body unless such procedures are prescribed by statute; and

(5) The disciplinary procedures within the jurisdiction of the administrative body unless such procedures are prescribed by statute.

Legislative Research Commission Note. Acts 1984, ch. 419, effective July 13, 1984, provides:

“Section 1. It is the intent of the General Assembly that the amendment of Section 10 by the Free Conference Committee report to 1984 HB 334 applies only to fees which are governmental in nature charged by state agencies and not to fees and charges which are proprietary in nature.

Section 2. This resolution may be used by a court as an aid in the construction of 1984 HB 334.”

The tiers, however, shall be based upon reasonable criteria and uniformly applied to an entire class. Legislative Research Commission Note. (7/15/98). This section was amended by 1998 Ky. Acts chs. 426 and 538. Where these Acts are not in conflict, they have been codified together. Where a conflict exists, Acts ch. 538, which was a nonrevisory Act, prevails under KRS 7.136(3).

Compiler’s Notes. Acts 1994, ch. 382, § 20 provided that this section “shall become effective on the normal effective date for legislation enacted by the 1996 Regular Session of the General Assembly.”

(1) An agency head may exercise all powers conferred on an agency relating to the conduct of administrative hearings, and he may delegate conferred powers to a hearing officer or a member of a collegial body that serves as an agency head, or he may delegate conferred powers to a hearing officer to conduct an administrative hearing before a hearing panel, reserving the authority to render a recommended order to that panel. An agency head may not, however, delegate the power to issue a final order unless specifically authorized by statute, or unless disqualified in accordance with KRS 13B.040(2).

(2) (a) In securing hearing officers as necessary to conduct administrative hearings under the jurisdiction of the agency, an agency may:

1. Employ hearing officers;

2. Contract with another agency for hearing officers; or

3. Contract with private attorneys through personal service contract.

(b) An agency may secure hearing officers pursuant to subsection (2)(a)(3). of this section only if the Attorney General has first determined that the Attorney General's Office cannot provide the needed hearing officers to the agency. If the Attorney General determines that the Attorney General's Office can provide the needed hearing officers to the agency, the agency shall use the hearing officers provided by the Attorney General's Office. The expenses incurred by the Attorney General's Office in providing the hearing officers to the agency shall be paid to the Attorney General's Office by the agency in the following manner:

1. The amount to be paid by the agency to the Attorney General's Office shall be established by vouchers submitted by the Attorney General's Office to the agency which shall be promptly paid by the agency, at the beginning of, at the end of, or at any time during the provision of the hearing officers by the Attorney General's Office.

2. The expenses to be paid to the Attorney General's Office shall be calculated according to the amount of time spent by the salaried hearing officers of the Attorney General's Office in providing the services. The charge for time spent shall not exceed twenty-five percent (25%) more than the amount allowed for a sole practitioner under personal service contract. The Attorney General may require payment in advance of the provision of the requested services based on his calculation of the amount of time that will be spent by the salaried hearing officers of the Attorney General's Office in providing the services. The agency shall be reimbursed for any overpayment at the conclusion of the provision of services by the Attorney General's Office.

(3) A hearing officer shall possess and meet qualifications as the Personnel Cabinet and the employing agency, with the advice of the division, may find necessary to assure competency in the conduct of an administrative hearing. The qualifications in this subsection shall not, however, apply to a member of a board, commission, or other collegial body who may serve as a hearing officer in his capacity as a member of the collegial body.

(4) All hearing officers, including members of collegial bodies who serve as hearing officers, shall receive training necessary to prepare them to conduct a competent administrative hearing. The training shall pertain to the conduct of administrative hearings generally and to the applications of the provi-
sions of this chapter, specifically. The division shall establish by administrative regulation minimum standards concerning the length of training, course content, and instructor qualifications. Required training shall not exceed eighteen (18) classroom hours for initial training and six (6) classroom hours per year for continuing training. Actual training may be conducted by an agency or any other organization, if the training program offered has been approved by the division as meeting minimum standards.

13B.040. Qualifications of hearing officer.

(1) A person who has served as an investigator or prosecutor in an administrative hearing or in its preadjudicative stage shall not serve as hearing officer or assist or advise a hearing officer in the same proceeding. This shall not be construed as preventing a person who has participated as a hearing officer in a determination of probable cause or other equivalent preliminary determination from serving as a hearing officer in the same proceeding.

(2) (a) A hearing officer, agency head, or member of an agency head who is serving as a hearing officer shall voluntarily disqualify himself and withdraw from any case in which he cannot afford a fair and impartial hearing or consideration. Any party may request the disqualification of a hearing officer, agency head, or member of the agency head by filing an affidavit, upon discovery of facts establishing grounds for a disqualification, stating the particular grounds upon which he claims that a fair and impartial hearing cannot be accorded. A request for the disqualification of a hearing officer shall be answered by the agency head within sixty (60) days of its filing. The request for disqualification and the disposition of the request shall be a part of the official record of the proceeding. Requests for disqualification of a hearing officer shall be determined by the agency head. Requests for disqualification of a hearing officer who is a member of the agency head shall be determined by the majority of the remaining members of the agency head.

(b) Grounds for disqualification of a hearing officer shall include, but shall not be limited to, the following:

1. Serving as an investigator or prosecutor in the proceeding or the preadjudicative stages of the proceeding;
2. Participating in an ex parte communication which would prejudice the proceedings;
3. Having a pecuniary interest in the outcome of the proceeding; or
4. Having a personal bias toward any party to a proceeding which would cause a prejudgment on the outcome of the proceeding.

(1) In any administrative hearing, the agency shall conduct the hearing as soon as practicable and shall give notice of the hearing to the parties not less than twenty (20) days in advance of the date set for the hearing, unless otherwise required by federal law. An agency shall make reasonable effort to schedule a hearing on a date that is convenient to the parties involved.

(2) The notice required by subsection (1) of this section shall be served on the parties by certified mail, return receipt requested, sent to the last known address of the parties, or by personal service, with the exception of notices of Personnel Board hearings and all board orders which may be served by first-class mail. (c) The names, official titles, mailing addresses, and, if available, telephone numbers of all parties to the hearing, including the counsel or representative of the agency;
(d) A statement of the factual basis for the agency action along with a statement of issues involved, in sufficient detail to give the parties reasonable opportunity to prepare evidence and argument;
(e) A reference to the specific statutes and administrative regulations which relate to the issues involved and the procedure to be followed in the hearing;
(f) A statement advising the person of his right to legal counsel;
(g) A statement of the parties’ right to examine, at least five (5) days prior to the hearing, a list of witnesses the parties expect to call at the hearing, any evidence to be used at the hear-
ing and any exculpatory information in the agency’s possession; and
(h) A statement advising that any party who fails to attend or participate as required at any stage of the administrative hearing process may be held in default under this chapter.

(4) If an agency decides not to conduct an administrative hearing in response to a petition, the agency shall notify the petitioner of its decision in writing, with a brief statement of the agency’s reasons and any administrative review available to the petitioner.

Compiler’s Notes. Acts 1994, ch. 382, § 20 provided that this section “shall become effective on the normal effective date for legislation enacted by the 1996 Regular Session of the General Assembly.”

13B.060. Petition for intervention.
(1) The hearing officer shall grant a petition for intervention if:
(a) The petitioner has a statutory right to initiate the proceeding in which he wishes to intervene; or
(b) The petitioner has an interest which is or may be adversely affected by the outcome of the proceeding.

(2) The hearing officer may grant intervention after consideration of the following factors and a determination that intervention is in the interests of justice:
(a) The nature of the issues;
(b) The adequacy of representation of the petitioner’s interest which is provided by the existing parties to the proceeding;
(c) The ability of the petitioner to present relevant evidence and argument; and
(d) The effect of intervention on the agency’s ability to implement its statutory mandate.

(3) Unless otherwise required by federal law, a petition for intervention shall be filed and copies mailed to all parties named in the notice of the hearing, at least fourteen (14) days before the hearing. The parties to the hearing shall have seven (7) days within which to file any response they may have to the petition to intervene. If a petitioner qualifies for intervention under subsection (2) of this section, the hearing officer may impose conditions upon the intervenor’s participation in the proceedings, either at the time that intervention is granted or at any subsequent time. Conditions may include:
(a) Limiting the intervenor’s participation to designated issues in which the intervenor has a particular interest demonstrated by the petition;
(b) Limiting the intervenor’s use of discovery, cross-examination, and other procedures so as to promote the orderly and prompt conduct of the proceedings; and
(c) Requiring two (2) or more intervenors to combine their presentations of evidence and argument, cross-examination, discovery, and other participation in the proceedings.

(4) The hearing officer, at least three (3) days before the hearing, shall issue an order granting or denying each pending petition for intervention, specifying any conditions, and briefly stating the reasons for the order. The hearing officer shall promptly give notice of an order granting, denying, or modifying intervention to the petitioner for intervention and to all parties.

Compiler’s Notes. Acts 1994, ch. 382, § 20 provided that this section “shall become effective on the normal effective date for legislation enacted by the 1996 Regular Session of the General Assembly.”

13B.070. Prehearing conference — Mediation and informal settlement procedures.
(1) A hearing officer may convene and conduct a prehearing conference upon reasonable notice to all parties to explore jurisdictional matters, mediation and settlement possibilities, preparation of stipulations, clarification of issues, rulings on witnesses, taking of evidence, issuance of subpoenas and orders, and other matters that will promote the orderly and prompt conduct of the hearing.

(2) Upon conclusion of a prehearing conference, the hearing officer shall issue a prehearing order incorporating all matters determined at the prehearing conference. If a prehearing conference is not held, the hearing officer may issue a prehearing order based on the pleadings, to regulate the conduct of the hearing.

(3) Except to the extent precluded by another provision of law, mediation or informal settlement of matters that may make unnecessary more elaborate proceedings under this chapter is encouraged. Agencies that employ informal settlement procedures shall establish by administrative regulation the specific procedures to be used. This subsection shall not be construed, however, as requiring any agency to settle a matter pursuant to informal procedures when the right to an administrative hearing is conferred.

Compiler’s Notes. Acts 1994, ch. 382, § 20 provided that this section “shall become effective on the normal effective date for legislation enacted by the 1996 Regular Session of the General Assembly.”

13B.080. Conduct of hearing.
(1) A hearing officer shall preside over the conduct of an administrative hearing and shall regulate the course of the proceedings in a manner which will
promote the orderly and prompt conduct of the hearing. When a prehearing order has been issued, the hearing officer shall regulate the hearing in conformity with the prehearing order.

(2) The hearing officer, at appropriate stages of the proceedings, shall give all parties full opportunity to file pleadings, motions, objections, and offers of settlement. The hearing officer, at appropriate stages of the proceedings, may give all parties full opportunity to file briefs, proposed findings of fact and conclusions of law, and proposed recommended or final orders. The original of all filings shall be mailed to the agency, and copies of any filed item shall be served on all parties and the hearing officer by mail or any other means permitted by law or prescribed by agency administrative regulation. The agency shall when it is received stamp the time and date upon a document.

(3) The hearing officer may issue subpoenas and discovery orders when requested by a party or on his own volition. When a subpoena is disobeyed, any party may apply to the Circuit Court of the judicial circuit in which the administrative hearing is held for an order requiring obedience. Failure to comply with an order of the court shall be cause for punishment as a contempt of the court.

(4) To the extent necessary for the full disclosure of all relevant facts and issues, the hearing officer shall afford all parties the opportunity to respond, present evidence and argument, conduct cross-examination, and submit rebuttal evidence, except as restricted by limited grant of intervention or a prehearing order.

(5) Any party to an administrative hearing may participate in person or be represented by counsel. In informal proceedings, a party may be represented by other professionals if appropriate and if permitted by the agency by administrative regulation.

(6) If a party properly served under KRS 13B.050 fails to attend or participate in a prehearing conference, hearing, or other stage of the administrative hearing process, or fails to comply with the orders of a hearing officer, the hearing officer may adjourn the proceedings and issue a default order granting or denying relief as appropriate, or may conduct the proceedings without the participation of the defaulting party, having due regard for the interests of justice and the orderly and prompt conduct of the proceedings. A default order shall be considered a recommended order and shall be processed as provided in KRS 13B.110.

(7) A hearing officer may conduct all or part of an administrative hearing, or a prehearing conference, by telephone, television, or other electronic means, if each party to the hearing has an opportunity to hear, and, if technically feasible, to see the entire proceeding as it occurs, and if each party agrees.

(8) An administrative hearing shall be open to the public unless specifically closed pursuant to a provision of law. If an administrative hearing is conducted by telephone, television, or other electronic means, and is not closed, public access shall be satisfied by giving the public an opportunity, at reasonable times, to hear or inspect the agency's record.

Compiler's Notes. Acts 1994, ch. 382, § 20 provided that this section "shall become effective on the normal effective date for legislation enacted by the 1996 Regular Session of the General Assembly.

(1) In an administrative hearing, findings of fact shall be based exclusively on the evidence on the record. The hearing officer shall exclude evidence that is irrelevant, immaterial, unduly repetitious, or excludable on constitutional or statutory grounds or on the basis of evidentiary privilege recognized in the courts of this Commonwealth. Hearsay evidence may be admissible, if it is the type of evidence that reasonable and prudent persons would rely on in their daily affairs, but it shall not be sufficient in itself to support an agency's findings of facts unless it would be admissible over objections in civil actions.

(2) All testimony shall be made under oath or affirmation. Any part of the evidence may be received in written form if doing so will expedite the hearing without substantial prejudice to the interests of any party. The hearing officer may make a recommended order in an administrative hearing submitted in written form if the hearing officer determines there are no genuine issues of material fact in dispute and judgment is appropriate as a matter of law.

(3) Any party shall have the right to inspect, at least five (5) days prior to the hearing, a list of all witnesses every other party expects to call at the hearing, and the available documentary or tangible evidence relating to an administrative hearing either in person or by counsel. Copies of documentary evidence may be obtained upon the payment of a fee, except documents protected from disclosure by state or federal law. Nothing in this section shall be construed as giving a party the right to examine or copy the personal notes, observations, or conclusions of the agency staff, unless exculpatory in nature, nor shall it be construed as allowing access to the work product of counsel for the agency. Conditions for examining and copying agency records, fees to be charged, and other matters pertaining to access to these records shall be governed by KRS 61.870 to 61.884. To the extent required by due process, the hearing officer may order the inspection of any records excluded from the application of KRS 61.870 to 61.884 under KRS 61.878 that relate to an act, transaction, or event that is a subject of the hearing, and may order their inclusion in the record under seal.

(4) Objections to evidentiary offers may be made by any party and shall be noted in the record.

(5) The hearing officer may take official notice of facts which are not in dispute, or of generally-recognized technical or scientific facts within the agency's
specialized knowledge. The hearing officer shall notify all parties, either before or during the hearing, or in preliminary reports or otherwise, of any facts so noticed and their source. All parties shall be given an opportunity to contest facts officially noticed.

(6) The agency shall cause all testimony, motions, and objections in a hearing to be accurately and completely recorded. Any person, upon request, may receive a copy of the recording or a copy of the transcript, if the hearing has been transcribed, at the discretion of the agency, unless the hearing is closed by law. The agency may prepare a transcript of a hearing or a portion of a hearing upon request but the party making the request shall be responsible for the transcription costs. The form of all requests and fees charged shall be consistent with KRS 61.870 to 61.884.

(7) In all administrative hearings, unless otherwise provided by statute or federal law, the party proposing the agency take action or grant a benefit has the burden to show the propriety of the agency action or entitlement to the benefit sought. The agency has the burden to show the propriety of a penalty imposed or the removal of a benefit previously granted. The party asserting an affirmative defense has the burden to establish that defense. The party with the burden of proof on any issue has the burden of going forward and the ultimate burden of persuasion as to that issue. The ultimate burden of persuasion in all administrative hearings is met by a preponderance of evidence in the record. Failure to meet the burden of proof is grounds for a recommended order from the hearing officer.

Compiler's Notes. Acts 1994, ch. 382, § 20 provided that this section “shall become effective on the normal effective date for legislation enacted by the 1996 Regular Session of the General Assembly.”

13B.110. Recommended order.

(1) Except when a shorter time period is provided by law, the hearing officer shall complete and submit to the agency head, no later than sixty (60) days after receiving a copy of the official record of the proceeding, a written recommended order which shall include his findings of fact, conclusion of law, and recommended disposition of the hearing, including recommended penalties, if any. The recommended order shall also include a statement advising parties fully of their exception and appeal rights.

(2) If an extension of time is needed by the hearing officer to complete and submit his recommended order to the agency head, the hearing officer shall show good cause to the agency head, in writing, and based upon substantial proof, that an extension of time is needed.

(3) If the agency head, after a showing of good cause, grants the hearing officer an extension of time:

(a) The extension shall not exceed thirty (30) days from the date the extension was granted;

(b) The statement granting the extension shall be included in the record of the hearing; and

(c) Notice of the extension shall be sent to all parties.

(4) A copy of the hearing officer’s recommended order shall also be sent to each party in the hearing and each party shall have fifteen (15) days from the date the recommended order is mailed within which to file exceptions to the recommendations with the agency head. Transmittal of a recommended order may be sent by regular mail to the last known address of the party.

(5) The provisions of this section shall not apply in an administrative hearing where the hearing officer conducts the hearing in the presence of the agency head who renders a decision without the recommendation of the hearing officer.

Compiler's Notes. Acts 1994, ch. 382, § 20 provided that this section “shall become effective on the normal effective date for legislation enacted by the 1996 Regular Session of the General Assembly.”

13B.120. Final order.

(1) In making the final order, the agency head shall consider the record including the recommended order and any exceptions duly filed to a recommended order.

(2) The agency head may accept the recommended order of the hearing officer and adopt it as the agency's final order, or it may reject or modify, in whole or in part, the recommended order, or it may remand the matter, in whole or in part, to the hearing officer for further proceedings as appropriate.
(3) The final order in an administrative hearing shall be in writing and stated in the record. If the final order differs from the recommended order, it shall include separate statements of findings of fact and conclusions of law. The final order shall also include the effective date of the order and a statement advising parties fully of available appeal rights.

(4) Except as otherwise required by federal law, the agency head shall render a final order in an administrative hearing within ten (10) working days of the request for hearing. The agency shall give all affected parties reasonable notice of the hearing and to the extent practicable shall conduct the hearing in conformity with this chapter. The hearing on the emergency order may be conducted by a hearing officer qualified in accordance with KRS 13B.040. Within five (5) working days of completion of the hearing, the agency or hearing officer shall render a written decision affirming, modifying, or revoking the emergency order. The emergency order shall be affirmed if there is substantial evidence of a violation of law which constitutes an immediate danger to the public health, safety, or welfare.

(4) The decision rendered under subsection (3) of this section shall be a final order of the agency on the matter, and any party aggrieved by the decision may appeal to Circuit Court in the same manner as provided in KRS 13B.140.

In each administrative hearing, an agency shall keep an official record of the proceedings which shall consist of:

(1) All notices, pleadings, motions, and intermediate rulings;

(2) Any prehearing orders;

(3) Evidence received and considered;

(4) A statement of matters officially noticed;

(5) Proffers of proof and objections and rulings thereon;

(6) Proposed findings, requested orders, and exemptions;

(7) A copy of the recommended order, exceptions filed to the recommended order, and a copy of the final order;

(8) All requests by the hearing officer for an extension of time, and the response of the agency head;

(9) Ex parte communications placed upon the record by the hearing officer; and

(10) A recording or transcript of the proceedings.

Compiler’s Notes. Acts 1994, ch. 382, § 20 provided that this section “shall become effective on the normal effective date for legislation enacted by the 1996 Regular Session of the General Assembly.”

(1) An agency may take emergency action affecting the legal rights, duties, privileges or immunities of named persons without a hearing only if duly authorized by statute to so act. If an agency takes emergency action, the agency shall conduct an emergency hearing in accordance with the provisions of this section.

(2) An agency head or an official of an agency duly authorized by law to summarily act in emergency situations may issue an emergency order to stop, prevent, or avoid an immediate danger to the public health, safety, or welfare. The emergency order shall contain findings of fact and conclusions of law upon which the agency bases the emergency order. The agency shall give notice of the emergency order to all affected parties as is practicable under the circumstances, and notice shall be served in the same manner as provided in KRS 13B.050(2). The emergency order is effective when received by the affected party or his representative.

(3) Any person required to comply with an emergency order issued under subsection (2) of this section may request an emergency hearing to determine the propriety of the order. The agency shall conduct an emergency hearing within ten (10) working days of the request for hearing. The agency shall give all affected parties reasonable notice of the hearing and to the extent practicable shall conduct the hearing in conformity with this chapter. The hearing on the emergency order may be conducted by a hearing officer qualified in accordance with KRS 13B.040. Within five (5) working days of completion of the hearing, the agency or hearing officer shall render a written decision affirming, modifying, or revoking the emergency order. The emergency order shall be affirmed if there is substantial evidence of a violation of law which constitutes an immediate danger to the public health, safety, or welfare.

(4) The decision rendered under subsection (3) of this section shall be a final order of the agency on the matter, and any party aggrieved by the decision may appeal to Circuit Court in the same manner as provided in KRS 13B.140.

If venue for appeal is not stated in the enabling statutes, a party may appeal to Franklin Circuit Court or the Circuit Court of the county in which the appealing party resides or operates a place of business. Copies of the petition shall be served by the petitioner upon the agency and all parties of record. The petition shall include the names and addresses of all parties to the proceeding and the agency involved, and a statement of the grounds on which the review is requested. The petition shall be accompanied by a copy of the final order.

(2) A party may file a petition for judicial review only after the party has exhausted all administrative remedies available within the agency whose action is being challenged, and within any other agency authorized to exercise administrative review.

(3) Within twenty (20) days after the service of the petition, or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the official record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. The court may require or permit subsequent correction or additions to the official record. If the court requests a transcript of proceedings that have not been transcribed, the cost of the transcription shall be paid by the party initiating the appeal, unless otherwise agreed to by all parties.

(4) A petition for judicial review shall not automatically stay a final order pending the outcome of the appeal, unless:
   (a) An automatic stay is provided by statute upon appeal or at any point in the administrative proceedings;
   (b) A stay is permitted by the agency and granted upon request; or
   (c) A stay is ordered by the Circuit Court of jurisdiction upon petition.

Upon the council's verification that the minimum qualifications have been met, the officer shall have full peace officer powers as authorized under the statute under which he was appointed or employed. If an officer fails to successfully complete a basic training course within one (1) year of employment, his or her enforcement powers shall automatically terminate.
(2) "Certification status" means that unless the certification is in revoked status or inactive status, the officer is currently employed or appointed by an agency and has met all training requirements. The officer shall have full peace officer powers as authorized under the statute under which he was appointed or employed.
(3) (a) "Inactive status" means that unless the certification is in revoked status:
1. The person has been separated on or after December 1, 1998, from the agency by which he was employed or appointed and has no peace officer powers; or
2. The person is on military active duty for a period exceeding three hundred sixty-five (365) days.
(b) The person may remain on inactive status. A person who is on inactive status and who returns to a peace officer position shall have certification status restored if he or she has successfully completed a basic training course...

1. No more than forty (40) hours if the person has been on inactive status for a period of less than three (3) years, and the person was not in training deficiency status at the time of separation; or

2. No more than eighty (80) hours if the person has been on inactive status for a period of three (3) years or more, or the person was in training deficiency status at the time of separation.

(4) “Training deficiency status” means that unless the certification is in revoked status or inactive status, the officer is currently employed or appointed by an agency and has failed to meet all in-service training requirements. The officer’s enforcement powers shall automatically terminate, and he or she shall not exercise peace officer powers in the Commonwealth until he or she has corrected the in-service training deficiency.

(5) “Revoked status” means that the officer has no enforcement powers and has been separated from an enforcement agency for any one (1) of the following reasons:

(a) Failure to meet or maintain training requirements;

(b) Willful falsification of information to obtain or maintain certified status;

(c) Certification was the result of an administrative error;

(d) Plea of guilty to, conviction of, or entering of an Alford plea to any felony;

(e) Prohibition by federal or state law from possessing a firearm.

(3) If the person is on inactive status, the council shall upgrade to certified status unless the certification is revoked or denied as provided by KRS 15.380 to 15.404.

(4) If the person is not certified and not on inactive status, but has successfully completed a basic training course approved and recognized by the council, the council shall designate the person as being in certified status unless the certification is revoked or denied as provided by KRS 15.380 to 15.404.

(5) If the person is not certified and not on inactive status, and has not successfully completed a basic training course approved and recognized by the council, the council shall designate the person as being in precertification status.

(6) A person who is in precertification status shall, upon successful completion of the required basic training, be certified unless he has committed an act that would result in revocation of his certificate in which case he shall be denied certification.

(7) A person who is denied certified status under this section shall have the same right of appeal as a person who has been revoked under KRS 15.380 to 15.404.

(8) If the certified officer has successfully completed the basic training required by KRS 15.404 and transfers from a peace officer position from a current employer to a peace officer position for another employer, and both employers have, at least ten (10) working days prior to the effective date of the transfer, notified the council in writing of the transfer, the council shall maintain the officer in certified status.

15.390. Appeal upon denial of precertification.

Any person who is aggrieved by a determination by the employing agency or by the council that he fails to meet the requirements for precertification status may:

(1) If the determination was made by the employing agency, appeal the decision in the same manner as other employment appeals within the agency, if an appeals procedure has been established by the employing agency; or

(2) If the determination was made by the council, appeal the decision to the local Circuit Court having jurisdiction over the employing agency.

(1) Within ten (10) working days from separation from service, the chief executive officer of the employing agency or his designee shall file with the council a summary report that provides the relevant information about the person’s separation from service.

(2) If the person has been separated for any reason justifying revoked or denied status pursuant to
KRS 15.386, the council shall revoke the person's certification.

(3) If the person has been separated for any other reason other than death, or one justifying revoked or denied status pursuant to KRS 15.386; and

(a) The person has successfully completed basic training at a school certified or recognized by the council, the council shall place the certification on inactive status; or

(b) The person has not successfully completed basic training at a school certified or recognized by the council, the certification shall lapse.

(4) If the person has been separated due to death, the certification shall be retired.

(5) The employing agency's findings of fact and evidentiary conclusions shall be deemed final. The council shall be limited only to revoking the certification.

(6) The council shall not accept or hear complaints.

15.394. Declaratory judgment action if agency job task analysis deemed invalid.

(1) If the council believes an agency's job task analysis to be insufficient or erroneous, the council shall file a declaratory action in Franklin Circuit Court to declare the job task analysis invalid.

(2) Until the job task analysis has been declared invalid and all appeals have been exhausted, the council shall accept the agency's job task analysis.

15.396. Effect if agency knowingly employs or appoints persons who fail to meet requirements of KRS 15.380 to 15.404.

(1) An agency may be required to pay for all training received by a person from the Department of Criminal Justice Training or any other facility approved by the Kentucky Law Enforcement Council if the agency knowingly employs or appoints a person to be an officer of any type as enumerated in KRS 15.380 and if that person fails to achieve certified status as required by KRS 15.380 to 15.404.

(2) The agency shall be denied participation in the Kentucky Law Enforcement Foundation Program Fund if the agency knowingly employs or appoints a person to be an officer of any type as enumerated in KRS 15.380 and if that person:

(a) Fails to meet those minimum qualifications set forth in KRS 15.402;

(b) Fails to achieve certified status as required by KRS 15.380 to 15.404; or

(c) Fails to maintain the minimum training requirements set forth in KRS 15.404.

(3) An agency that is in violation of subsection (1) or (2) of this section may be relieved of the associated penalty upon:

(a) Termination of the officer who is the source of the violation; or

(b) Correction of the officer’s deficiency.

15.398. Statutory provisions not superseded by KRS 15.380 to 15.404.

The following Kentucky Revised Statutes and any administrative regulations promulgated thereunder affecting those peace officers required to be certified pursuant to KRS 15.380 to 15.404 shall not be superseded by the provisions of KRS 15.380 to 15.404, and in all instances the provisions of all statutes specified below shall prevail:

(1) KRS Chapter 16, relating to Kentucky State Police Officers;

(2) KRS Chapter 70, relating to sheriffs, and deputy sheriffs;

(3) KRS Chapter 78, relating to county police;

With the exception of employers governed by the provisions of KRS Chapters 16, 18A, and 151B, all employers of any class of employees or former employees shall enter into a contract with the Personnel Cabinet prior to including that group in the state health insurance group. The contracts shall include but not be limited to designating the entity responsible for filing any federal forms, adoption of policies required for proper plan administration, acceptance of the contractual provisions with health insurance carriers or third-party administrators, and adoption of the payment and reimbursement methods necessary for efficient administration of the health insurance program. Health insurance coverage provided to state employees under this section shall, at a minimum, contain the same benefits as provided under Kentucky Kare Standard as of January 1, 1994, and shall include a mail-order drug option as provided in subsection (14) of this section. All employees and other persons for whom the health care coverage is provided or made available shall annually be given an option to elect health care coverage through a self-funded plan offered by the Commonwealth or, if a self-funded plan is not available, from a list of coverage options determined by the competitive bid process under the provisions of KRS 45A.080, 45A.085, and 45A.090 and made available during annual open enrollment.

(d) Any carrier bidding to offer health care coverage to employees shall agree to provide enrollment, claims, and utilization data to the Commonwealth in a format specified by the Personnel Cabinet with the understanding that the data shall be owned by the Commonwealth; to provide data in an electronic form and within a time frame specified by the Personnel Cabinet; and to be subject to penalties for noncompliance with data reporting requirements as specified by the Personnel Cabinet. The Personnel Cabinet shall take strict precautions to protect the confidentiality of each individual employee; however, confidentiality assertions shall not relieve a carrier from the requirement of providing stipulated data to the Commonwealth.

(e) The Personnel Cabinet shall develop the necessary techniques and capabilities for timely analysis of data received from carriers and, to the extent possible, provide in the request-for-proposal specifics relating to data requirements, electronic reporting, and penalties for noncompliance. The Commonwealth shall own the enrollment, claims, and utilization data provided by each carrier and shall develop methods to protect the confidentiality of the individual. The Personnel Cabinet shall include in the October annual report submitted pursuant to the provisions of KRS 18A.226 to the Governor, the General Assembly, and the Chief Justice of the Supreme Court, an analysis of the financial stability of the program, which shall include but not be limited to loss ratios, methods of risk adjustment, measurements of carrier quality of service, prescription coverage and cost management, and statutorily required mandates. the employer contribution amount shall be equal to but not greater than the state contribution rate.

(3) The secretary of the Finance and Administration Cabinet, upon the recommendation of the secretary of the Personnel Cabinet, may procure from one (1) or more dental insurance companies, one (1) or more nonprofit hospital, medical-surgical, dental, and health service corporations organized under Subtitle 32 of KRS Chapter 304, or one (1) or more prepaid dental plan organizations organized under Subtitle 43 of KRS Chapter 304, a policy or policies of group dental insurance or prepaid dental plan coverage encompassing all or any class or classes of employees. All employees for whom the dental insurance or prepaid dental plan coverage is provided shall annually be given an option to elect either standard dental insurance coverage or coverage by a prepaid dental plan. The policy or policies shall be approved by the commissioner of insurance and may contain the provisions he approves, whether or not otherwise permitted by the insurance laws. It is intended that either dental insurance or prepaid dental plan coverage may be made available for employees, except that the procuring of each is permissive.

(4) The premiums may be paid by the policyholder:
(a) Wholly from funds contributed by the employee, by payroll deduction or otherwise;
(b) Wholly from funds contributed by any department, board, agency, public postsecondary education institution, or branch of state, city, urban-county, charter county, county, or consolidated local government;
(c) Partly from each, except that any premium due for health care coverage or dental coverage, if any, in excess of the premium amount contributed by any department, board, agency, postsecondary education institution, or branch of state, city, urban-county, charter county, county, or consolidated local government for any other health care coverage shall be paid by the employee.

(5) If an employee moves his place of residence or employment out of the service area of a managed health care plan or of a prepaid dental plan, under which he has elected coverage, into either the service area of another managed health care plan or prepaid dental plan or into an area of the Commonwealth not within a managed health care plan service area or prepaid dental plan service area, the employee shall be given an option, at the time of the move or transfer, to change his or her coverage to another health care plan or dental plan.

(6) No payment of premium by any department, board, agency, public postsecondary educational institution, or branch of state, city, urban-county, charter county, county, or consolidated local government shall constitute compensation to an insured employee for the purposes of any statute fixing or limiting the compensation of such an employee. Any premium or other expense incurred by any department, board, agency, public postsecondary educational institution, or branch of state, city, urban-county, charter county, county, or consolidated local government shall be considered a proper cost of administration.

(7) The policy or policies may contain the provisions with respect to the class or classes of employees covered, amounts of insurance or coverage for designated classes or groups of employees, policy options, terms of eligibility, and continuation of insurance or coverage after retirement.

(8) Group rates under this section shall be made available to the disabled child of an employee regardless of the child’s age if the entire premium for the disabled child’s coverage is paid by the state employee. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(9) The health care contract or contracts for employees shall be entered into for a period of not less than one (1) year.

(10) The secretary shall appoint thirty-two (32) persons to an Advisory Committee of State Health Insurance Subscribers to advise the secretary or his designee regarding the state-sponsored health insurance program for employees. The secretary shall appoint, from a list of names submitted by appointing authorities, members representing school districts from each of the seven (7) Supreme Court districts, members representing state government from each of the seven (7) Supreme Court districts, two (2) members representing retirees under age sixty-five (65), one (1) member representing local health departments, two (2) members representing the Kentucky Teachers’ Retirement System, and three (3) members at large. The secretary shall also appoint two (2) members from a list of five (5) names submitted by the Kentucky Education Association, two (2) members from a list of five (5) names submitted by the largest state employee organization of nonschool state employees, two (2) members from a list of five (5) names submitted by the Kentucky Association of Counties, two (2) members from a list of five (5) names submitted by the Kentucky League of Cities, and two (2) members from a list of names consisting of five (5) names submitted by each state employee organization that has two thousand (2,000) or more members on state payroll deduction. The advisory committee shall be appointed in January of each year and shall meet quarterly.

(11) Notwithstanding any other provision of law to the contrary, the policy or policies provided to employees pursuant to this section shall not provide coverage for obtaining or performing an abortion, nor shall any state funds be used for the purpose of obtaining or performing an abortion on behalf of employees or their dependents.

(12) Interruption of an established treatment regime with maintenance drugs shall be grounds for an insured to appeal a formulary change approved by the Department of Insurance, if the physician supervising the treatment certifies that the change is not in the best interests of the patient.
The policy or policies provided to state employees as a retiree, or the spouse or beneficiary of a retiree, under any one of the state-sponsored retirement systems shall not be eligible to receive the state health insurance contribution toward health care coverage as a result of any other employment for which there is a public employer contribution. This does not preclude a retiree and an active employee spouse from using both contributions to the extent needed for purchase of one state-sponsored health insurance policy for that plan year.

(a) The policies of health insurance coverage procured under subsection (2) of this section shall include a mail-order drug option for maintenance drugs for state employees. Maintenance drugs may be dispensed by mail order in accordance with Kentucky law.

(b) A health insurer shall not discriminate against any retail pharmacy located within the geographic coverage area of the health benefit plan and that meets the terms and conditions for participation established by the insurer, including price, dispensing fee, and copay requirements of a mail-order option. The retail pharmacy shall not be required to dispense by mail.

(c) The mail-order option shall not permit the dispensing of a controlled substance classified in Schedule II.

The policies or policies provided to state employees or their dependents pursuant to this section shall provide coverage for obtaining a hearing aid and acquiring hearing aid-related services for insured individuals under eighteen years of age, subject to a cap of one thousand four hundred dollars ($1,400) every thirty-six (36) months.

If a state employee's residence and place of employment are in the same county, and if the hospital located within that county does not offer surgical services, intensive care services, obstetrical services, level II neonatal services, diagnostic cardiac catheterization services, and magnetic resonance imaging services, the employee may select a plan available in a contiguous county that does provide those services, and the state contribution for the plan shall be the amount available in the county where the plan selected is located.

If a state employee's residence and place of employment are each located in counties in which the hospitals do not offer surgical services, intensive care services, obstetrical services, level II neonatal services, diagnostic cardiac catheterization services, and magnetic resonance imaging services, the employee may select a plan available in a county contiguous to the county of residence that does provide those services, and the state contribution for the plan shall be the amount available in the county where the plan selected is located.

The Personnel Cabinet is encouraged to study whether it is fair and reasonable and in the best interests of the state group to allow any carrier bidding to offer health care coverage under this section to submit bids that may vary county by county or by larger geographic areas.

Notwithstanding any other provision of this section, the bid for proposals for health insurance coverage for calendar year 2004 shall include a bid scenario that reflects the statewide rating structure provided in calendar year 2003 and a bid scenario that allows for a regional rating structure that allows carriers to submit bids that may vary by region for a given product offering as described in this subsection:

(a) The regional rating bid scenario shall not include a request for bid on a statewide option;

(b) The Personnel Cabinet shall divide the state into geographical regions which shall be the same as the partnership regions designated by the Department for Medicaid Services for purposes of the Kentucky Health Care Partnership Program established pursuant to KAR 1:705;

(c) The request for proposal shall require a carrier's bid to include every county within the region or regions for which the bid is submitted and include but not be restricted to a preferred provider organization (PPO) option;

(d) If the Personnel Cabinet accepts a carrier's bid, the cabinet shall award the carrier all of the counties included in its bid within the region. If the Personnel Cabinet deems the bids submitted in accordance with this subsection to be in the best interests of state employees in a region, the cabinet may award the contract for that region to no more than two (2) carriers; and

(e) Nothing in this subsection shall prohibit the Personnel Cabinet from including other requirements or criteria in the request for proposal.

36.390. Legislative findings on military burial honors — Authority to promulgate administrative regulations.
(1) The Commonwealth of Kentucky recognizes the need to provide for honorable burials for Kentuckians who have served their state and nation in the Armed Forces. Historically these burial services have been conducted by the active military units in Kentucky, the Kentucky National Guard, the military reserves, and the veterans’ service organizations. (2) To correct this situation, and recognizing the immediate need, the Department of Military Affairs shall oversee a Military Burial Honor Guard Program, in coordination with the Department of Veterans’ Affairs, on behalf of the Commonwealth of Kentucky.
(3) The Department of Military Affairs, in consultation with and as a supplement to the Department of Defense, active United States military commands in Kentucky, the Department of Veterans’ Affairs, the military reserves, and veterans service organizations, shall implement and administer the provisions of KRS 36.390 to 36.396 through the promulgation of administrative regulations. Moneys deposited in the fund shall be disbursed by the State Treasurer upon the warrant of the Adjutant General or his representative. Any unallocated or unencumbered balances in the fund shall be invested as provided in KRS 42.500(9), and any income earned from the investments along with the unallotted or unencumbered balances in the fund shall not lapse and shall be deemed a trust and agency account and made available solely for the purposes and benefits of the Military Burial Honor Guard Program.
(2) The fund shall be used to support the costs, beyond federal reimbursements, that the Department of Military Affairs and the Department of Veterans’ Affairs incur and deem necessary in providing and supporting the personnel and activities of KRS 36.390 to 36.396.
(Enact. Acts 2000, ch. 378, § 2, effective July 1, 2000.)

(1) The Department of Military Affairs shall promulgate administrative regulations to implement the Military Burial Honor Guard Program.
(2) The Department of Military Affairs shall coordinate military burial honors for those who are determined to be eligible by federal and state regulations.
(3) The Department of Veterans’ Affairs shall coordinate the Military Burial Honor Guard Program with veterans’ service organizations, Kentucky veterans and their dependents, and the United States Department of Veterans Affairs in support of the Department of Military Affairs.
(Enact. Acts 2000, ch. 378, § 3, effective July 1, 2000.)

36.396. Excused absences for secondary school students who participate in Military Burial Honor Guard Program — Inclusion in instructional program.
(1) Recognizing the participation of secondary school students in the Military Burial Honor Guard Program, excused absences may be granted by local school boards to students of secondary school JROTC programs or other students who participate in the Military Burial Honor Guard Program. The president or cashier of each depository bank shall submit to the Treasurer and the State Investment Commission a statement subscribed and sworn to by him showing:

1. The face value or current quoted market value of the securities or other obligations pledged or provided as of the time the securities or other obligations are offered as collateral; and

The value of the state deposit will be determined at the end of the business day of deposit and as of the end of business on the last day of each quarter that funds are so deposited.

(b) Valuation of all pledged or provided collateral and the face amount of surety bonds provided shall be reported to the State Treasurer and the State Investment Commission upon receipt of the state deposit and within ten (10) days of the close of each quarter after the quarter beginning December 31.

(c) Depositories designated as qualified for reduced pledging shall be so recorded in the executive journal.

(d) The State Investment Commission shall determine eligibility for the reduced pledging option based on totally objective and quantifiable measures of financial intermediary performance. The information for such eligibility shall be obtained from publicly available documents. The State Investment Commission shall promulgate the particular criteria of eligibility by regulations issued pursuant to KRS Chapter 13A.

(3) Depositories which do not qualify or do not choose to qualify under subsection (1) or (2) of this section shall not receive state deposits in excess of amounts that are insured by an instrumentality of the United States.

(5) The State Treasurer shall accept letters of credit issued by federal home loan banks as collateral under this section.

SECTION.

BOARD OF CLAIMS

44.070. Board of Claims — Limitation on damage awards — Hearing officers — Asbestos related claims.

(1) A Board of Claims, composed of the members of the Crime Victims Compensation Board as hereinafter provided, is created and vested with full power and authority to investigate, hear proof, and to compensate persons for damages sustained to either person or property as a proximate result of negligence on the part of the Commonwealth, any of its cabinets, departments, bureaus, or agencies, or any of its officers, agents, or employees while acting within the scope of their employment by the Commonwealth or any of its cabinets, departments, bureaus, or agencies; provided, however, regardless of any provision of law to the contrary, the Commonwealth, its cabinets, departments, bureaus, and agencies, and its officers, agents, and employees, while acting within the scope of their employment by the Commonwealth or any of its cabinets, departments, bureaus, or agencies, shall not be liable for collateral or dependent claims which are dependent on loss to another and not the claimant, damages for mental distress or pain or suffering, and compensation shall not be allowed, awarded, or paid for said claims for damages. Furthermore, any damage claim awarded shall be reduced by the amount of payments received or right to receive payment from workers’ compensation insurance, social security programs, unemployment insurance programs, medical, disability or life insurance programs, or other federal or state or private program designed to supplement income or pay claimant’s expenses or damages incurred. Any claim against the Commonwealth, its departments, agencies, officers, agents, or employees, or a school district board of education, its members, officers, agents, or employees for damages sustained as the result of exposure to asbestos before, during or after its removal from a facility owned, leased, occupied, or operated by the Commonwealth or a school district board of education shall be brought before the Board of Claims. Except as herein provided, the board shall be independent of all agencies, cabinets, and departments of the Commonwealth except as provided in KRS 44.070 to 44.160.

(2) The board shall be composed of the members of the Crime Victims Compensation Board. The members shall not be entitled to additional compensation for their services on the Board of Claims.

(3) The Governor shall designate a member of the board to serve as chairman for a term of four (4) years. Any vacancy in the chairmanship shall be filled by the Governor. No member shall, at the same time, serve as chairman of the Crime Victims Compensation Board and as chairman of the Board of Claims.

(4) The employees of the Crime Victims Compensation Board, without additional compensation, shall be ex officio employees of the Board of Claims.
(5) Regardless of any provision of law to the contrary, the jurisdiction of the board is exclusive, and a single claim for the recovery of money or a single award of money shall not exceed two hundred thousand dollars ($200,000), exclusive of interest and costs. However, if a single act of negligence results in multiple claims, the total award may not exceed three hundred fifty thousand dollars ($350,000), to be equitably divided among the claimants, but in no case may any claimant individually receive more than two hundred thousand dollars ($200,000).

(6) The Governor shall appoint the necessary number of hearing officers, each of whom shall be an attorney admitted to practice law in Kentucky and shall have practiced law for at least three (3) years. These officers, upon the direction of the chairman or the board, shall conduct hearings, and otherwise supervise the presentation of evidence and perform any other duties assigned to them by the chairman or the board, except that such hearing officers shall not render final decisions, orders, or awards. However, such hearing officers may, in receiving evidence on behalf of the board, make such rulings affecting the competency, relevancy, and materiality of the evidence about to be presented and upon motions presented during the taking of evidence as will expedite the preparation of the case.

(7) The board may at any time recommend the removal of any hearing officer upon filing with the Governor a full written statement of its reasons for such removal.

(8) Upon recommendation to the board by the attorney for the Commonwealth, its cabinet, department, bureau, agency, or employee thereof, that a settlement has been reached between the parties to the claim, and upon approval by the board that the settlement is reasonable for all parties concerned, the agreed judgment or dismissal may be entered accordingly, even without a party's admission to liability.

NOTES TO DECISIONS

Analysis

4. Application.

6. Governmental immunity.

4. Application.

When a student was killed when he should have been in school when the driver of the vehicle in which he was riding was another student who had consumed alcohol at school, and it could have been found that: (1) his teachers should have known that students were drinking and driving while traveling to and from a school-sponsored and supervised extracurricular activity on school property during school hours: (2) their negligent supervision of students was a substantial factor in the student's death: and (3) at the time of the accident, the local board of education, and its employees, were agents of the state department of education, the student's parents could not recover for loss of consortium when they presented their claim to the Board of Claims because KRS 44.070(1) did not allow dependent claims in cases presented to the Board of Claims. Williams v. Ky. Dep't of Educ., 113 S.W.3d 145 (Ky. 2009).

6. Governmental Immunity.

The Board of Claims Act, KRS 44.070 to 44.160, is a partial waiver of the Commonwealth's sovereign immunity. Department of Educ. v. Blevins, 707 S.W.2d 782 (Ky. 1986).

The waiver of sovereign immunity granted by the Board of Claims Act, KRS 44.070 to 44.160, does not exclude a parent's claim for loss of affection and companionship of a minor child as created by KRS 411.135. Department of Educ. v. Blevins, 707 S.W.2d 782 (Ky. 1986).

**Kentucky Model Procurement Code**

45A.300. Cooperative purchasing.
(1) Any public purchasing unit may either participate in, sponsor, conduct, or administer a cooperative purchasing agreement for the acquisition of any supplies, services, or construction with any other public purchasing unit or foreign purchasing activity, in accordance with an agreement entered into between the participants. This cooperative purchasing may include, but is not limited to, joint contracts between public purchasing units and access by local public purchasing units to open-ended state public purchasing unit contracts.
(2) Nothing in this code shall limit any public purchasing unit from selling to, acquiring from, or using any property belonging to another public purchasing unit or foreign purchasing activity independent of the requirements of KRS 45A.070 to 45A.180.
(3) Nothing in this code shall limit or restrict any public purchasing unit from entering into an agreement, independent of the requirements of KRS 45A.045(5) and KRS 45A.070 to 45A.165, with any other public purchasing unit or foreign purchasing activity for the cooperative use of supplies or services.
(4) Any public purchasing unit may enter into an agreement for the joint or common use of warehousing facilities or the lease or common use of capital equipment or facilities with any other public purchasing unit or a foreign purchasing activity subject to the terms as may be agreed upon between the parties.
(5) Nothing in this code shall limit or restrict the ability of local school districts to acquire supplies outside of the public purchasing agreements when the supplies and equipment meeting the same specifications as the contract items are available at a lower price elsewhere and the purchase does not exceed two thousand five hundred dollars ($2,500).
(6) Nothing in this code shall limit any public purchasing unit from receiving notice of or accepting a price reduction on supplies or equipment when the supplies or equipment are being offered by the vendor with whom a price agreement has been made; the supplies or equipment are being offered in accordance with all terms and conditions that are specified in the price agreement, except those relating to price; and the price reduction is offered to all of the participants in the price agreement. Public purchasing units may accept special price reductions under this subsection even if the reduced price requires the purchase of a specified quantity of units different from the quantity stated in the original price agreement. Price reductions under this subsection shall not be considered to permanently alter the price of the supplies or equipment under the price agreement with the Commonwealth, except where the price reductions are to be made permanent under the express terms of the price agreement and where the purchasing agency which solicited the price agreement determines that the enforcement of those terms serves the best interest of the Commonwealth.

45A.335. Definitions for terms used in KRS 45A.330 to 45A.340.
As used in KRS 45A.330 to 45A.340 except as may be otherwise indicated by the context:
(1) “Agency” means any of the departments of the state government, and any division, board, bureau, commission or other instrumentality within such department and any independent state authority, commission, instrumentality or agency, but it does not include a school district or other political subdivision nor an authority, commission, instrumentality or agency created pursuant to compact or agreement between or among the state of Kentucky and another state or states;
(2) “Officer or employee” means a member of the boards of trustees, or regents of a state university, except faculty and student members, and a person holding an office, position or employment in an agency, but it does not include other persons who serve without salary and it does not include mem-
bers or employees of school boards or district boards of education or faculty or staff of state institutions of higher learning or, as used in KRS 45A.340(5), citizen members of boards, commissions or independent state authorities who may receive per diem allowances for attendance at meetings of the boards, commissions or authorities on which they serve;

(3) “Compensation” means any money, thing of value, or financial benefit conferred in return for services rendered or to be rendered, but it does not include the salary or other payment provided by law or appropriation for services rendered in a public office, position or employment.

Legislative Research Commission Note. Pursuant to 1982 Acts Ch. 282, Section 5, this section became effective on April 2, 1982. However, the reason stated therein for the emergency pertains only to Section 3 of the Act and therefore may not be in compliance with Ky. Const., § 55, which requires a reason for the emergency.

Compiler’s Notes. This section (Acts 1960, ch. 181, § 2; 1970, ch. 163, § 1) was formerly compiled as KRS 61.094 and was repealed and reenacted as this section by Acts 1978, ch. 110, § 67, effective January 1, 1979.

Opinions of Attorney General. Although KRS 45A.340 prohibits a member of the General Assembly from being a state employee, this section excludes employees of school boards or district boards of education as officers or employees of the state, so a schoolteacher may serve in the State Legislature. OAG 75-99.

Faculty or staff of the state universities are not to be included within the definition of “officer or employee” in subdivision (2) of this section and are likewise excluded from the prohibitions set out in KRS 45A.340 deemed to create conflicts of interest for public officers and employees. Accordingly, no conflict of interest was created where a University of Kentucky faculty member was also a shareholder and director of an architectural firm which occasionally contracted with the University. OAG 82-406.

KRS 446.120, concerning statutory construction, requires the reading of the word “to” in this section to mean in effect “through” so that this section actually defines terms used in KRS 45A.330 through 45A.340. OAG 82-406.

45A.340. Conflicts of interest of public officers and employees.

(1) No officer or employee of the General Assembly, or officer or employee of an agency as defined in KRS 45A.335, shall knowingly receive or agree to receive, directly or indirectly, compensation for any services to be rendered, either by himself or another, in negotiations with the state or an agency for the purchase by the state or an agency of an interest in real property. This section shall not apply to appearances before any court, except that negotiations shall be prohibited as aforesaid at any time.

(2) No officer or employee of an agency or member of a state board or commission, may be in any manner interested, either directly or indirectly, in his own name or in the name of any other person, association, trust, or corporation, in any contract for the performance of any work in the making or letting or administration of which such officer or employee may be called upon to act or vote. No such officer or employee may represent, either as agent or otherwise, any person, association, trust, or corporation, with respect to any application or bid for any contract or work in regard to which such officer or employee may be called upon to act or vote. Nor may any such officer or employee take, solicit, or receive, either directly or indirectly, any money or other thing of value as a gift or bribe or means of influencing his vote or action in his official character. Any contract made and procured in violation hereof is void. For the purposes of this section the holding of less than five percent (5%) of the stock of a corporation is not considered an interest.

(3) No officer or employee of the General Assembly or officer or employee of any agency shall, for compensation, appear before an agency as an expert witness.

(4) No officer or employee of the General Assembly, or officer or employee of any agency, shall act as officer or agent for the Commonwealth or any agency in the transaction of any business with himself, or with any corporation, company, association, or firm in which he or his spouse has any interest greater than five percent (5%) of the total value thereof.

(5) No officer or employee of an agency or appointee shall knowingly himself or by his partners or through any corporation which he controls or in which he owns or controls more than ten percent (10%) of the stock, or by any other person for his use or benefit or on his account, undertake, execute, hold, or enjoy, in whole or in part, any contract, agreement, sale, or purchase of the value of twenty-five dollars ($25) or more, made, entered into, awarded or granted by any agency, unless said contract, agreement, sale or purchase was made or let after public notice and competitive bidding.

(6) No officer, employee, or appointee of an agency, including persons who serve without salary or other payment for their services, shall knowingly receive or agree to receive, directly or indirectly, compensation for any services rendered or to be rendered, either by himself or another, in any cause, proceeding, application, or other matter which is before said agency or before the department of state government in which said agency functions.

(7) No member of a board of trustees or regents shall have an interest in any contract with a state university unless such contract shall have been subjected to competitive bidding in compliance with KRS Chapter 45A, unless such trustee or regent shall have been the lowest bidder and unless such trustee or regent shall have first notified in writing the remaining members of the board, and to the newspaper having the largest circulation in the county in which the state university is located, of his intention to bid on such contract.

Compiler's Notes. This section (Enact. Acts 1960, ch. 181, §§ 3 to 9; 1974, ch. 261, § 2; 1976, ch. 206, § 29; 1976, ch. 262, § 17) was formerly compiled as KRS 61.096 and was amended and reenacted as this section by Acts 1978, ch. 110, § 68, effective January 1, 1979.

Cross-References. Abuse of public office, Penal Code, KRS 522.010 to 522.040.

Receiving unlawful compensation, KRS 521.040.

Soliciting unlawful compensation, KRS 521.030.

Opinions of Attorney General. It is a violation of the terms of this statute for a person to serve as chairman of the Kentucky Public Service Commission while he is a partner in a certified public accounting partnership that performs an annual audit of a state university and/or the Kentucky state auditor's office. OAG 70-55.

A faculty member of the University of Louisville may not serve at the same time as a member of the state legislature. OAG 72-442.

A person who is a full or part-time teacher at the university could become a candidate for the office of state representative but could not serve as a member of the state legislature and continue his position with the university. OAG 72-827.

A member of the General Assembly may not at the same time hold a teaching job at a college which is part of the University of Kentucky community college system. OAG 73-8.

An Eastern Kentucky University professor who holds a consultant's license from the Kentucky Department of Insurance, is a member of the Kentucky Insurance Regulatory Board and is a chairholder for insurance studies at Eastern Kentucky University may enter into a personal service contract with the Department of Insurance to revise study manuals for use by applicants for insurance agents' licenses. OAG 80-5.

Former KRS 45A.335(4) (now subsection (7) of this section) is applicable only to contracts executed during the board member's tenure and no conflict of interest exists where the contracts were executed prior to the member becoming a member of the board of trustees. OAG 80-379.

Faculty or staff of the state universities are not to be included within the definition of "officer or employee" in KRS 45A.345 to 45A.460. Former KRS 45A.335(2) and are likewise excluded from the prohibitions set forth in KRS 160.180 between the positions of member of the State Board for Elementary and Secondary Education and executive director of the Lincoln Foundation; but it was not possible for the Attorney General to provide a general ruling as to whether a potential conflict of interest may exist at common law. OAG 91-226.

45A.343. Local public agency may adopt provisions of KRS 45A.345 to 45A.460 — Effect of adoption — Contracts required to mandate revealing of violations of and compliance with specified KRS chapters — Effect of nondisclosure or noncompliance.

(1) Any local public agency may adopt the provisions of KRS 45A.345 to 45A.460. No other statutes governing purchasing shall apply to a local public agency upon adoption of these provisions.

(2) After July 15, 1994, any contract entered into by a local public agency, whether under KRS 45A.345 to 45A.460 or any other authority, shall require the contractor and all subcontractors performing work under the contract to:

(a) Reveal any final determination of a violation by the contractor or subcontractor within the previous five (5) year period pursuant to KRS Chapters 136, 139, 141, 337, 338, 341, and 342 that apply to the contractor or subcontractor; and

(b) Be in continuous compliance with the provisions of KRS Chapters 136, 139, 141, 337, 338, 341, and 342 that apply to the contractor or subcontractor for the duration of the contract.

(3) A contractor's failure to reveal a final determination of a violation by the contractor of KRS Chapters 136, 139, 141, 337, 338, 341, and 342 or to comply with these statutes for the duration of the contract shall be grounds for the local public agency's:

(a) Cancellation of the contract; and

(b) Disqualification of the contractor from eligibility for future contracts awarded by the local public agency for a period of two (2) years.

(4) A subcontractor's failure to reveal a final determination of a violation by the subcontractor of KRS Chapters 136, 139, 141, 337, 338, 341, and 342 or to comply with these statutes for the duration of the contract shall be grounds for the local public agency's disqualification of the subcontractor from eligibility for future contracts for a period of two (2) years.

(e) Replacement or modification of lighting fixtures to increase the energy efficiency of the lighting system without increasing the overall illumination of a facility, unless an increase in illumination is necessary to conform to the applicable state or local building code for the lighting system after the proposed modifications are made;

(f) Energy recovery systems;

(g) Cogeneration systems that produce steam or forms of energy such as heat, as well as electricity, for use primarily within a building or complex of buildings;

(h) Energy conservation measures that provide long-term operating cost reductions; or

(i) Any life safety measures that provide long-term operating cost reductions.

(27) “Guaranteed energy savings contract” means a contract for the evaluation and recommendation of energy conservation measures and for implementation of one (1) or more of those measures. The contract shall provide that all payments, except obligations on termination of the contract before its expiration, are to be made over time and the savings are guaranteed to the extent necessary to make payments for the cost of the design, installation, and maintenance of energy conservation measures.

(28) “Qualified provider” means a person or business experienced in the design, implementation, and installation of energy conservation measures and is determined to be qualified by the local public agency. The qualified provider shall be responsible for and shall provide the local public agency with the following information regarding guaranteed energy savings contracts:

(a) Project design and specifications;

(b) Construction management;

(c) Construction;

(d) Commissioning;

(e) On-going services as required;

(f) Measurement and verification of savings for guaranteed energy savings contracts; and

(g) Annual reconciliation statements as provided in KRS 45A.352(8).

Opinions of Attorney General. The Model Procurement Code, KRS Chapter 45A, does not govern any transaction unless there will be an expenditure of a local public agency's funds for either services, supplies or construction; where no school funds, either general account or activity account, are expended in the purchasing of graduation rings, graduation invitations or caps and gowns, the provisions of the Model Procurement Code have no application. OAG 80-108.

If a school district has chosen to operate under the Model Procurement Code, competitive bidding for general liability insurance on buildings and vehicles, etc., is required absent a legitimate, written determination by the local public agency to the contrary; this conclusion is based on the fact that in subdivision (23) of this section, the term “supplies” is defined to include insurance, and that KRS 45A.380(10) authorizes an exemption from competitive bidding by written determination if the “contract is for group life insurance, group health and accident insurance, group professional liability insurance, workers’ compensation insurance, and unemployment insurance,” an exemption which does not include general liability insurance. OAG 82-170.

There is no conflict between KRS 424.260 and the Model Procurement Code, KRS Ch. 45A, concerning the necessity of school boards taking competitive bids for general liability insurance, since local school districts, as local public agencies, have a choice as to whether to operate with respect to their procurement needs under either the local Model Procurement Code or KRS 424.260. OAG 82-170.

45A.351. Declaration of public policy on preservation of Commonwealth's natural resources through energy efficiency.

Recognizing the need in the Commonwealth to preserve to the greatest extent possible natural resources within the Commonwealth which produce energy for the citizens, businesses, schools, and governments within the Commonwealth, it shall be the policy of the Commonwealth to preserve these natural resources by maximizing the use of energy efficiency measures in the construction, renovation, and maintenance of buildings owned by local public agencies and to encourage local public agencies to incorporate cost-effective energy efficiency measures into their buildings.

45A.352 Guaranteed energy savings contracts involving local public agencies.

(1) A local public agency may enter into a guaranteed energy savings contract for innovative solutions for energy conservation measures. The local public agency shall submit a request for proposals. The request for proposals for competitive procurement of guaranteed energy savings contracts shall include the following:

(a) The name and address of the governmental unit;
(b) The name, address, title, and phone number of a contact person;
(c) Notice indicating that the local public agency is requesting qualified providers to propose energy conservation measures through a guaranteed energy savings contract;
(d) The following evaluation criteria for assessing the proposals:
   1. Construction management capabilities;
   2. Technical approach to facilities included;
   3. Financial attributes, as defined by total cost of contract and guaranteed savings and provider’s financial strength demonstrating ability to fulfill the guarantee term; and
   4. Provider’s capability, personnel, track record, and demonstrated ability to accomplish the contract;
(e) The date, time, and place where proposals must be received;
(f) Any other stipulations and clarifications the local public agency may require; and
(g) An overview prepared by the local public agency stating goals or objectives specific to facility needs to be considered by the qualified providers who are responding to the request. Detailed scope of construction is not required.

(2) Respondents to the request for proposal shall provide the following:

(a) A detailed list of the proposed energy conservation measures and the guaranteed savings which shall be supported with calculations. Any guaranteed energy and operational savings shall be determined by using one of the measurement and verification methodologies listed in the United States Department of Energy’s “Measurement and Verification Guideline for Federal Energy Projects” or in the “North American Energy Measurement and Verification Protocol.” If due to existing data limitations or the nonconformance of specific project characteristics, none of the methods listed in either the United States Department of Energy’s “Measurement and Verification Guideline for Federal Energy Projects” or in the “North American Energy Measurement and Verification Protocol” is sufficient for measuring guaranteed savings, the qualified provider shall develop an alternate method that is compatible with one (1) of the two (2);
(b) The estimated cost of the proposed energy conservation measures including engineering, construction, commissioning, measurement and verification, annual reconciliation statements, and required on-going services; and
(c) Proposed method and costs of financing.

(3) The value for total cost of the contract minus the calculated savings from the energy conservation measures listed in the qualified provider’s proposal, shall be within fifteen percent (15%) of the value for the total cost of the contract minus the calculated savings after the final contract has been negotiated. If the difference between the proposed and the final contract is not within fifteen percent (15%) and the local public agency and the qualified provider are unable to renegotiate the final contract to reconcile the difference between the proposed and final contract values, then the local public agency may:

(a) Stop negotiations with the current qualified provider; and
(b) Select an alternate provider.

(4) The local public agency may, as a component of the request for proposal, solicit and negotiate additional maintenance services for the affected proposed energy conservation measures. Additional services shall be subject to budget appropriations on an annual basis and may be discontinued at any time over the guarantee period with no negative impact to the guaranteed savings contract.

(5) The local public agency shall utilize the request for proposal process to enter into a guaranteed energy savings contract. The local public agency may, at its discretion, utilize a request for qualifications, provided that the local public agency solicits qualification statements from multiple potentially qualified providers. The local public agency shall use the qualification statements to select no fewer than two (2) providers and each provider shall then be subject to the request-for-proposal requirement provided in subsections (1) to (4) of this section.

(6) The local public agency shall select the provider best qualified to meet its needs. The local public agency shall provide public notice of the meeting at which it proposes to award a guaranteed energy savings contract, the name of the parties to the proposed contract, and the purpose of the contract. The public notice shall be made at least ten (10) days prior to the meeting. After reviewing the proposals, a local public agency may enter into a guaranteed energy savings contract with a qualified provider if it finds that the amount it would spend on the energy conservation measures recommended in the proposal would not exceed the amount to be saved in either energy or operational costs plus capital cost avoidance within the term of the contract from the date of installation, if the recommendations in the proposal are followed.

(7) The guaranteed energy savings contract shall include a written guarantee of the qualified provider that either the energy or operational costs savings plus capital cost avoidance will meet or exceed the costs of the energy conservation measures within the term of the contract. The qualified provider shall, on an annual basis, reimburse the local public agency for any shortfall in guaranteed en-
The chief state school officer shall review, and approve or disapprove projects from local school districts relating to energy conservation measures under a guaranteed energy savings contract, on the basis of the following guidelines:

(a) The project design's compliance with technical, health, and safety standards as required by administrative regulation;

(b) The availability of general funds, capital outlay allotments under KRS 157.420 or local and state funds from the Facilities Support Program of Kentucky as provided by KRS 157.440, for projects that will use capital cost avoidance;

(c) The appropriate use of capital outlay allotments under KRS 157.420, local and state funds from the Facilities Support Program of Kentucky as provided by KRS 157.440, for projects using capital cost avoidance, based on the project's compliance with the district's approved facility plan;

(d) The financing mechanism and proper financing documentation.

(10) The request for proposal as provided in subsections (1) to (4) of this section shall be deemed to satisfy the requirements set out in KRS 162.070, and shall not be subject to an award determination based on the lowest competitive bid or a separate bidding process for each energy conservation measure listed in the proposal.

(1) Guaranteed energy savings contracts may extend beyond the fiscal year in which they become effective. The local public agency shall include in its annual budget and appropriations act, for each subsequent fiscal year, any accounts payable under guaranteed energy savings contracts during the fiscal year.

(2) The local public agency shall document the operational and energy cost savings and capital cost avoidance specified in the guaranteed energy savings contract and designate and appropriate that amount for an annual payment of the contract. If the annual energy and operational savings are less than projected under the guaranteed savings contract, the qualified provider shall pay the difference as provided for in KRS 45A.352.

(3) Notwithstanding any other provisions of law to the contrary, a local public agency may finance the installation of energy conservation measures for its buildings through a lease-purchase agreement, bonds, or whichever brings the most economic value to the local public agency, subject to the local public agency's compliance with all other laws regarding approval of plans for additions, alterations, or renovations of its buildings.

(4) The component which is guaranteed as energy savings and as operational savings shall be exempt from current or future debt limitations, except that capital cost avoidance, as defined in KRS 45A.345, shall be limited to current or future debt limitations.

(1) Every determination required by this code shall be in writing and based upon written findings of the public official making the determination. These determinations and written findings shall be retained in the official contract file.
(2) The determinations required by KRS 45A.345 to 45A.460 shall be final and conclusive unless they are clearly erroneous, arbitrary, capricious, or contrary to law.
(Enact. Acts 1978, ch. 110, § 72, effective January 1, 1980.)

45A.360. Administrative regulations.
(1) A local public agency may adopt regulations, not inconsistent with KRS 45A.345 to 45A.460, governing the following:
   (a) Conditions and procedures for delegations of purchasing authority;
   (b) Prequalification, suspension, debarment, and reinstatement of prospective bidders;
   (c) Modification and termination of contracts;
   (d) Conditions and procedures for the purchase of perishables and items for resale;
   (e) Conditions, including emergencies, and procedures under which purchases may be made by means other than competitive sealed bids;
   (f) Rejection of bids, consideration of alternate bids, and waiver of informalities in offers;
   (g) Confidentiality of technical data and trade secrets information submitted by actual and prospective bidders or offerors;
   (h) Partial, progressive, and multiple awards;
   (i) Supervision of store rooms and inventories, including determination of appropriate stock levels and the management, transfer, sale, or other disposal of government-owned property;
   (j) Definitions and classes of contractual services and procedures for acquiring them;
   (k) Procedures for the verification and auditing of local public agency procurement records;
   (l) Annual reports from those vested with purchasing authority as may be deemed advisable in order to insure that the requirements of this chapter are complied with; and
   (m) Such other regulations as may be deemed advisable to carry out the purposes of KRS 45A.345 to 45A.460 or otherwise fulfill the local public agency's procurement responsibilities.
(2) All local public agency ordinances and regulations pertaining to procurement, whether promulgated under KRS 45A.345 to 45A.460 or otherwise, shall be maintained by the local public agency and shall be available to the public upon request at a cost not to exceed the cost of reproduction.
(3) Local school districts may adopt policies, not inconsistent with KRS 45A.345 to 45A.460, governing the conditions and procedures under which purchases of supplies may be made elsewhere. These policies shall include a provision that supplies purchased under this section shall meet any applicable contract specifications and not exceed two thousand five hundred dollars ($2,500).

Opinions of Attorney General. If a local board of education adopts the provisions of the Model Procurement Code applicable to the state and also adopts a regulation similar to that which has been promulgated by the Department of Finance (now Finance and Administration Cabinet) relating to noncompetitive negotiations, then items for resale such as caps and gowns and graduation invitations may be handled through noncompetitive negotiation. OAG 80-108.

45A.365. Competitive sealed bidding.
(1) All contracts or purchases shall be awarded by competitive sealed bidding, except as otherwise provided by KRS 45A.370 to 45A.385 and for the purchase of wholesale electric power by municipal utilities as provided in KRS 96.901(1).
(2) The invitation for bids shall state that the award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids.
(3) Adequate public notice of the invitation for bids shall be given prior to the date set forth for the opening of bids. The notice may include posting on the Internet or publication in a newspaper of general circulation in the local jurisdiction not less than seven (7) days before the date set for the opening of the bids. The public notice shall include the time and place where the bids will be opened and the time and place where the specifications may be obtained.
(4) The bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and be open to public inspection. Electronic bid opening and posting of the required information for public viewing shall satisfy the requirements of this subsection.
(5) A contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or the lowest evaluated bid price.
(6) The local public agency may allow the withdrawal of a bid where there is a patent error on the face of the bid document, or where the bidder presents sufficient evidence, substantiated by bid worksheets, that the bid was based upon an error in the formulation of the bid price.

45A.370. Competitive negotiation.
(1) A local public agency may contract or purchase through competitive negotiation upon a written finding that:
   (a) Specifications cannot be made sufficiently specific to permit award on the basis of either the
lowest bid price or the lowest evaluated bid price, including, but not limited to, contracts for experimental or developmental research work, or highly complex equipment which requires technical discussions, and other non-standard supplies, services, or construction; or

(b) Sealed bidding is inappropriate because the available sources of supply are limited, the time and place of performance cannot be determined in advance, the price is regulated by law, or a fixed price contract is not applicable; or

(c) The bid prices received through sealed bidding are unresponsive or unreasonable as to all or part of the requirements, or are identical or appear to have been the result of collusion; provided each responsible bidder is notified of the intention to negotiate and is given a reasonable opportunity to negotiate, and the negotiated price is lower than the lowest rejected bid by any responsible bidder.

(2) Proposals shall be solicited through public notice pursuant to KRS 45A.365(3) or any other means which can be demonstrated to notify an adequate number of qualified sources to permit reasonable competition consistent with the nature and requirement of the procurement. The request for proposals shall indicate the factors to be considered in the evaluation and the relative importance of each factor.

(3) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where such prices are fixed by law or regulation except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with that particular supply, service, or construction item that acceptance of an initial offer without discussion would result in fair and reasonable prices and the request for proposal notifies all offerors of the possibility that award may be made on the basis of initial offers.

(4) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions. A request for proposals based on revised specifications or quantities shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror. No discussion shall be conducted with offerors after submission of revised proposals except for a compelling reason as determined in writing by the local public agency. The request for proposals shall state that an award is to be made without discussion except as herein provided.

(5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the local public agency based upon the evaluation factors set forth in the request for proposals.

45A.375. Negotiations after competitive sealed bidding when all bids exceed available funds — Action when no bids received.

(1) In the event that all bids submitted pursuant to competitive sealed bidding under KRS 45A.365 result in bid prices in excess of the funds available for the purchase, and the local public agency determines in writing:

(a) That there are no additional funds then available from any source so as to permit an award to the lowest responsive and responsible bidder; and

(b) The best interest of the local public agency will not permit the delay attendant to a resolicitation under revised specifications or revised quantities under competitive sealed bidding as provided in KRS 45A.365; then a negotiated award may be made as set forth in subsections (2) or (3) of this section.

(2) Where there is more than one (1) bidder, competitive negotiations pursuant to KRS 45A.370 shall be conducted with the three (3) (two (2) if there are only two (2)) bidders determined in writing by the local public agency to be the lowest responsive and responsible bidders to the competitive sealed bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

(a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and

(b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror. No discussion shall be conducted with offerors after submission of proposals except for a compelling reason as determined in writing by the local public agency. The request for proposals shall state that award is to be made without discussions except as herein provided.

(3) Where, after competitive sealed bidding, it is determined in writing that there is only one (1) responsive and responsible bidder, a noncompeti-
A local public agency may contract or purchase through noncompetitive negotiation only when a written determination is made that competition is not feasible and it is further determined in writing by a designee of the local public agency that:

1. An emergency exists which will cause public harm as a result of the delay in competitive procedures; or
2. There is a single source within a reasonable geographical area of the product or service to be procured; or
3. The contract is for the services of a licensed professional, such as attorney, physician, psychiatrist, psychologist, certified public accountant, registered nurse, or educational specialist; a technician such as a plumber, electrician, carpenter, or mechanic; or an artist such as a sculptor, aesthetic painter, or musician, provided, however, that this provision shall not apply to architects or engineers providing construction management services rather than professional architect or engineer services; or
4. The contract is for the purchase of perishable items purchased on a weekly or more frequent basis, such as fresh fruits, vegetables, fish or meat;
5. The contract is for replacement parts where the need cannot be reasonably anticipated and stockpiling is not feasible;
6. The contract is for proprietary items for resale;
7. In school districts the contract relates to an enterprise in which the buying or selling by students is a part of the educational experience;
8. The contract or purchase is for expenditures made on authorized trips outside of the boundaries of the local public agency;
9. The contract is for the purchase of supplies which are sold at public auction or by receiving sealed bids;
10. The contract is for group life insurance, group health and accident insurance, group professional liability insurance, worker’s compensation insurance, and unemployment insurance; or
11. The contract is for a sale of supplies at reduced prices that will afford a purchase at savings to the local public agency.

Opinions of Attorney General. Under KRS 424.260 a cafeteria plan of insurance coverage for school teachers need not be bid; under the Model Procurement Code the contract may be noncompetitively negotiated. OAG 83-151.

45A.385. Small purchases.
The local public agency may use small purchase procedures for any contract for which a determination is made that the aggregate amount of the contract does not exceed twenty thousand dollars ($20,000) if small purchase procedures are in writing and available to the public.

45A.390. Cancellation.
An invitation for bid, a request for proposal or other solicitation may be canceled, or all bids or proposals may be rejected, if it is determined in writing that such action is in the best interest of the local public agency.

1. A written determination of responsibility of a bidder or offeror shall be made, based on a reasonable inquiry conducted by the local public agency. The unreasonable failure of a bidder or offeror to promptly supply information upon request may be grounds for a determination of nonresponsibility of such bidder or offeror.
2. A written determination of responsibility of a bidder or offeror shall not be made until the bidder or offeror provides the local public agency with a sworn statement made under penalty of perjury that he has not knowingly violated any provision of the campaign finance laws of the Commonwealth and that the award of a contract to the bidder or offeror will not violate any provision of the campaign finance laws of the Commonwealth. “Knowingly” means, with respect to conduct or to a circumstance described by a statute defining an offense, that a person is aware or should have been aware that his conduct is of that nature or that the circumstance exists.
3. Except as otherwise provided by law, information furnished by a bidder or offeror pursuant to this section may not be disclosed outside of the local public agency without prior written consent of the bidder or offeror.

45A.400. Prequalification of bidders and offerors.
Suppliers may be prequalified as responsible prospective contractors for particular types of supplies, services, and construction. No supplier shall be prequalified as a responsible prospective contractor until the supplier provides the local public agency with a sworn statement made under penalty of perjury that he has not knowingly violated any provision of the
campaign finance laws of the Commonwealth and that the award of a contract to the supplier will not violate any provision of the campaign finance laws of the Commonwealth. “Knowingly” means, with respect to conduct or to a circumstance described by a statute defining an offense, that a person is aware or should have been aware that his conduct is of that nature or that the circumstance exists. Solicitation mailing lists of potential contractors of such supplies, services, and construction shall include, but shall not be limited to, such prequalified prospective contractors. Prequalification shall not foreclose a written determination:

(1) Between the time of bid opening or receipt of offers in the making of an award that a prequalified prospective contractor is not responsible; or

(2) That a prospective contractor who is not prequalified at the time of bid opening or receipt of offers is responsible.

45A.405. Cost or pricing data.

(1) A contractor shall submit cost or pricing data and shall certify that, to the best of his knowledge and belief, the cost or pricing data submitted was accurate, complete, and current as of a mutually determined specified date prior to the date of:

(a) Pricing of any negotiated contract where the total contract price is expected to exceed fifty thousand dollars ($50,000), or such lesser amount as may be prescribed by the local public agency; or

(b) Pricing of any change order or contract modification which is expected to exceed twenty-five thousand dollars ($25,000), or such lesser amount as may be prescribed by the local public agency.

(2) Any contract, change, or modification thereto under which a certificate is required shall contain a provision that the contractor-furnished cost or pricing data which, as of the date agreed upon between the parties, was inaccurate, incomplete, or not current.

(3) The requirement of this section need not be applied to contracts where the price negotiated is based on adequate price competition, established catalogue or market prices of commercial items sold in substantial quantities to the general public, prices set by law or regulation, or in exceptional cases where it is determined in writing that the requirements of this section may be waived, and the reasons for such waiver are enumerated in the determination.

(Enact. Acts 1978, ch. 110, § 82, effective January 1, 1980.)

45A.410. Inspection of contractor’s place of business — Audit of records.

(1) The local public agency may inspect the plant or place of business of a contractor or any subcontractor under any contract awarded or to be awarded by the local public agency.

(2) The local public agency may audit the books and records of any person who has submitted cost or pricing data under KRS 45A.405, at any time until the period of record retention as set forth in subsection (3) of this section shall have expired. The right to audit hereunder shall only extend to those books and records reasonably connected with cost or pricing data submitted under KRS 45A.420, and such books and records shall be maintained by the contractor or subcontractor for the period specified in subsection (3) of this section.

(3) The local public agency shall be entitled to audit the books and records of a contractor or any subcontractor under any negotiated contract or subcontract other than a firm fixed-price type contract, provided, however, that this subparagraph shall not limit the right to audit as set forth in subsection (2) of this section. Such books and records shall be maintained by the contractor for a period of five (5) years from the date of final payment under the prime contract and by the subcontractor for a period of five (5) years from the date of final payment under the subcontract.

45A.415. Specifications.

(1) The local public agency shall use specifications which assure the maximum practicable competition to meet the agency’s needs.

(2) A specification which describes a product which is proprietary to one (1) company may be used only when:

(a) No other kind of specification is reasonably available to describe requirements; and

(b) Such specification includes language which specifically permits an equivalent product to be supplied. Such specification shall include a description of the salient characteristics of the product.

(Enact. Acts 1978, ch. 110, § 84, effective January 1, 1980.)

45A.420. Cooperative purchasing — Price agreements with Commonwealth.

(1) Any local public agency may enter into an agreement for cooperative purchasing with any other local public agency. When the contracting local public agency contracts for supplies, services or construction pursuant to KRS 45A.365, 45A.370, 45A.375, or 45A.380, all other parties to the agreement shall be deemed to have complied with the provisions of those sections.

(2) Nothing in KRS 45A.345 to 45A.990 shall deprive a local public agency from negotiating with vendors for supplies where such supplies are the subject of a price agreement with the Commonwealth of Kentucky provided, however, that no contract executed under this section would authorize a price higher than is contained in the price agreement with the Commonwealth of Kentucky for such specific supplies.
(3) Nothing in KRS 45A.345 to 45A.990 shall deprive a local school district from acquiring supplies outside of price agreements with the Commonwealth of Kentucky if the supplies meet the same specifications as the contract items and the supplies are purchased at a lower price than is contained in the price agreement with the Commonwealth of Kentucky for such specific supplies and the purchase does not exceed two thousand five hundred dollars ($2,500).

45A.425. Surplus or excess property.

(1) A local public agency may sell or otherwise dispose of any personal property which is not needed or has become unsuitable for public use, or which would be suitable, consistent with the public interest, for some other use.

(2) A written determination as to need of suitability of any personal property of the local public agency shall be made; and such determination shall fully describe the personal property; its intended use at the time of acquisition; the reasons why it is in the public interest to dispose of the item; and the method of disposition to be used.

(3) Surplus or excess personal property as described in this section may be transferred, with or without compensation, to another governmental agency; or it may be sold at public auction or by sealed bids in accordance with KRS 45A.365.

(4) In the event that a local public agency receives no bids for surplus or excess personal property, either at public auction or by sealed bid, such property may be disposed of, consistent with the public interest, in any manner deemed appropriate by the local public agency. In such instances, a written description of the property, the method of disposal, and the amount of compensation, if any, shall be made. Any compensation resulting from the disposal of surplus or excess personal property shall be transferred to the general fund of the local public agency.

45A.430. Bid bonds.

(1) Bidder security shall be required for all competitive sealed bidding for construction contracts when the price is estimated by the local public agency to exceed twenty-five thousand dollars ($25,000). Bidder’s security shall be a bond provided by a surety company authorized to do business in this Commonwealth, or the equivalent in cash, in a form satisfactory to the local public agency. Nothing herein prevents the requirement of such bonds on construction contracts under twenty-five thousand dollars ($25,000) when the circumstances warrant.

(2) Bidder’s security shall be in an amount equal to at least five percent (5%) of the amount of the bid.

(3) When the invitation for bids requires that bidder security be provided, noncompliance requires that the bid be rejected, provided, however, that the local public agency may set forth by regulation exceptions to this requirement in the event of substantial compliance.

(4) After the bids are opened, they shall be irrevocable for the period specified in the invitation for bids, provided that, if a bidder is permitted to withdraw his bid before award because of a mistake in the bid as allowed by law or regulation, no action shall be had against the bidder or the bidder’s security.

(Enact. Acts 1978, ch. 110, § 87, effective January 1, 1980.)

(1) When a construction contract is awarded in an amount in excess of twenty-five thousand dollars ($25,000), the following bonds shall be furnished to the local public agency, and shall become binding on the parties upon the award of the contract:

(a) A performance bond satisfactory to the local public agency executed by a surety company authorized to do business in this Commonwealth, or otherwise supplied, satisfactory to the local public agency, in an amount equal to one hundred percent (100%) of the contract price as it may be increased; and

(b) A payment bond satisfactory to the local public agency, executed by a surety company authorized to do business in this Commonwealth, or otherwise supplied, satisfactory to the local public agency, for the protection of all persons supplying labor and material to the contractor or his subcontractors for the performance of the work provided for in the contract. The bond shall be in an amount equal to one hundred percent (100%) of the original contract price.

(2) Nothing in this section shall be construed to limit the authority of the local public agency to require a performance bond or other security in addition to those bonds, or in circumstances other than specified in subsection (1) of this section, including, but not limited to, bonds for the payment of taxes and unemployment insurance premiums.

45A.440. Bond forms, filings, and copies.

(1) The local public agency may promulgate by regulation the form of the bonds required by KRS 45A.430 and 45A.435, or it may adopt the form established by the state under KRS 45A.180 to 45A.200.

(2) The local public agency shall furnish a certified copy of a bond to any person who requests such and pays the reasonable fee for that copy. The copy shall be prima facie evidence of the contents, execution, and delivery of the original.

45A.445. Definitions for terms used in KRS 45A.445 to 45A.460.

As used in KRS 45A.445 to 45A.460, unless the context indicates otherwise:
115 KENTUCKY MODEL PROCUREMENT CODE 45A.455

(1) “Conspicuously” shall mean written in such special or distinctive format, print, or manner that a reasonable person against whom it is to operate ought to have noticed it.

Opinions of Attorney General. Subsection (1) of this section prohibits involvement in the procurement function by a school employee relative to any item sold to the school by a supplier firm with which an immediate family member is involved, presently or prospectively, but this prohibition only applies to the restraint of the particular employee, not the entire school district employing him; thus, if the employee is not so involved, the district is free to purchase from such a firm. OAG 80-32.

The Model Procurement Code would not prohibit an assistant school principal from submitting a competitive bid to the school board for services as a professional auctioneer. OAG 80-605.

In addition, said value may also be recovered from the subcontractor making such kickbacks. Recovery from one (1) offending party shall not preclude recovery against other offending parties.

The commission shall exercise the powers prescribed by KRS 162.520, 162.540, 162.550, 162.580, 162.590, 162.600, and 162.620 for the purpose of assisting boards of education of any county or independent school district in financing public school building projects and undertakings.

56.495. Kentucky university and college projects.
The boards of regents of the respective state universities and the Kentucky Community and Technical College System and the board of trustees of the University of Kentucky may issue, under the provisions of KRS 162.340 to 162.380, consolidated educational building revenue bonds or housing bonds, provided that prior to seeking the final approval required by KRS 56.491, the board of the state university or the Kentucky Community and Technical College System shall submit to the commission, through the cabinet, a request for approval of the project before any financial commitment of any sort may be made in connection therewith, including employment of architects, engineers, fiscal agents, or attorneys. The request shall include a general description of the project and its need, use, location, approximate size, and such other information as the cabinet may require. After approval by the commission, the cabinet shall appoint fiscal agents, bond counsel, and architects and engineers as may be required to make plans and specifications or financial arrangements for the project.

(1) When the State Property and Buildings Commission makes a determination, in accordance with the provisions of this chapter, that one (1) or more building projects or industrial development projects will be financed by the issuance of revenue bonds, then in anticipation of such financing the commission may borrow money to provide interim financing therefor and issue in evidence thereof its revenue bond anticipation notes, bearing interest at a rate or rates not exceeding the maximum rate permitted for the issuance of such bonds. Such interim financing may be entered into for the commission's own projects, for those of the University of Kentucky and the state colleges or universities or for any other agency of the Commonwealth where approval by the commission is required regarding the issuance of revenue bonds of such an agency. In instances where the revenue bonds involved are to be issued by other agencies, such agencies, with the prior approval of the commission, may borrow money in the same manner and for the same purpose and issue in evidence thereof their own revenue bond anticipation notes, according to rules and regulations promulgated by the commission.

(2) The commission shall solicit proposals for such interim financing from at least three (3) responsible lenders, and shall select in its discretion the best of such proposals consistent with sound financial practices. A selection may be made even though less than three (3) proposals are received. The term of any such revenue bond anticipation note shall not exceed five (5) years; and the same may be renewed, if necessary.

(3) Each revenue bond anticipation note may include prepayment provisions which will allow the commission or other borrowing agency to prepay the loan after giving reasonable notice to the lender; shall identify the revenue bond issue from the proceeds of which the note or notes and any interest thereon are to be paid; and shall include a statement that the note is being issued in anticipation of the identified revenue bond issue, and that neither the note, nor the interest thereon, shall constitute or evidence an indebtedness of the Commonwealth of Kentucky. Each such note and the interest thereon (to any extent not previously paid from other sources) shall be paid from the proceeds of the identified revenue bond issue, when such proceeds have been received and are available.

(4) Instead of borrowing money and issuing revenue bond anticipation notes in the full amount necessary for construction contract purposes, the commission (or such agencies with the prior approval of the commission and according to its rules and regulations), may enter into loan agreements with one (1) or more lenders (determined by the commission to be responsible) according to the terms of which it may be agreed:

(a) That the lender will continuously make available to the borrowing agency a stated maximum amount of money for a stated period of time;

(b) That the borrowing agency may demand and obtain cash advances against such commitment from time to time upon reasonable and agreed notice, and upon issuing in evidence of each advance a bond anticipation note which will bear an agreed rate of interest, not exceeding the maximum rate permitted for the issuance of the proposed bonds; and

(c) That in consideration of the making of such loan agreement the borrowing agency will pay to the lender or lenders a commitment fee determined by the commission to be reasonable according to financial conditions existing at the time the loan agreement is made.

Such loan agreements may be recorded as receivables upon the books of account of the commission, the secretary of the Finance and Administration Cabinet, or other borrowing agency, and construction contracts may be awarded against the same to
the amount of money which the lender contractually agrees to make available to the borrowing agency, the same as in the case of loan agreements made with departments or agencies of the United States government.

(5) Each revenue bond anticipation note issued according to this section, and the receipt of interest thereon, shall be exempt from all taxation by the Commonwealth and all of its subdivisions, municipalities, and taxing authorities; and this may be stated as a representation in the text of each such revenue bond anticipation note.

(6) The State Property and Building Commission and other state agencies authorized to issue revenue bond anticipation notes under the terms of this section may, as an alternative and if authorized to do so by the governing body of such commission or agency, adopt the procedures for interim financing established for counties, cities, and other municipal corporations, or their agencies, by KRS 58.150. (Repealed and reenact. Acts 1990, ch. 476, Pt. V, § 287, effective July 13, 1990.)

56.520. Revenue bonds — Investment of proceeds of authorized bonds.

(1) The commission may issue and sell revenue or other authorized bonds, in carrying out the provisions of this chapter, in denominations and amounts, as is deemed to be the best interest of the Commonwealth, for any of the following purposes:
   (a) To acquire real estate for state governmental use;
   (b) To pay all or any part of the expense or cost of or incidental to a building project for state governmental use;
   (c) To defray the cost of plans, specifications, blueprints, architectural fees, and other expenses authorized to be incurred for state governmental use.

(2) The payment of bonds issued, together with the interest thereon, may be secured by a pledge and a first lien on all of the receipts and revenue derived, or to be derived, from the rental or operation of the property involved. Neither the payment of any bond, nor the interest thereon issued under the authority of this chapter, shall constitute an in-debtedness of the Commonwealth of Kentucky, nor shall any bond or interest thereon be payable out of any fund except funds derived from rentals or other revenues derived from the operation of the properties or from revenues as are available for the purpose by law.

(3) All competitive bids for the sale of revenue bonds shall be opened and read publicly by the secretary of the Finance and Administration Cabinet or the secretary's representative at a designated place, day, and hour, all of which shall be indicated in the notice made relative thereto.

(4) If the commission issues and sells bonds for a building project as authorized by this chapter, insurance, including fire and windstorm, casualty, catastrophe, use and occupancy, and such other insurance as the commission may deem advisable, shall be carried in connection with the building project, and it may so obligate and bind itself in a trust indenture securing the payment of the bonds. Any insurance shall be paid for out of funds available for the project.

Legislative Research Commission Note. (7/15/98). The two Acts amending this section prevail over the repeal and reenactment in House Bill 940, Acts Ch. 476, pursuant to Section 653(1) of Acts Ch. 476. Because there is a conflict between these two amending Acts, the amending Act which was last enacted by the General Assembly prevails, pursuant to KRS 446.250. (7/15/98). This section was amended by 1998 Ky. Acts chs. 120, 207, and 554 which do not appear to be in conflict and have been codified together.

56.550. Applicability of KRS 56.440 to 56.540 to certain projects.

(1) Nothing in KRS 56.440 to 56.540 shall be construed to apply to the construction of roads or bridges or the acquisition of rights-of-way or real estate in connection therewith now under the jurisdiction of the Department of Highways or the Turnpike Authority of Kentucky, or for any other expenditure made from the state road fund or by said turnpike authority.

(2) Except as provided by KRS 56.467, 162.520 to 162.620, nothing in KRS 56.440 to 56.540 shall be construed to apply to school districts, or to affect the rights, powers, and duties of the governing authorities of such districts; provided, however, that the acquisition of sites, and the acquisition, purchase, construction, leasing, and operation of television or related facilities as an aid to education or as an aid to any other proper public function, shall be deemed to be matters of statewide jurisdiction and interest, and any or all of such activities on the part of the commission shall not be deemed to constitute encroachment upon the authority of any school district.

ENERGY CONSERVATION IMPROVEMENTS

servation measure — Procedure.
58.610. Issuance by school districts, county and city govern-
ment, or special district — Special procedure.

58.150. Revenue bond anticipation notes.
(1) When the governing body of any county, city, or
other municipal corporation, or agency thereof,
shall make a determination that, in accordance
with the provisions of any section of the statutes
authorizing it to issue revenue bonds, assessment
bonds, or mortgage bonds to finance any project, it
will finance a project by the issuance of bonds, then
in anticipation of financing, the governing body
may provide for the interim financing of a project
by the sale and issuance of revenue bond, assess-
ment bond, or mortgage bond anticipation notes, as
the case may be, bearing interest at a rate or rates
not exceeding the maximum rate permitted for the
issuance of the bonds so anticipated, and payable
within a specified period of time only from the
proceeds of the bonds, when issued, or from the
revenues or income of the project as may be avail-
able prior to or at maturity of the notes; provided
that the initial term of the notes shall not be in
excess of five (5) years from the date of issuance.
The term “revenue bond” means bonds, notes, or
other obligations for the payment of money issued
by the state, any county, municipality, or other
public district or authority except a school district,
or any corporation or other corporate body acting
as an instrumentality of the unit, and payable from
a special fund into which some or all of the reve-
 nues of a public project have been or will be paid.
“Assessment bond” means bonds, notes, or other
obligations for the payment of money issued by any
one (1) or more of the same issuing authorities
payable from a special fund into which assessments
levied on properties for benefits conferred have been or will be paid in accordance with law.
“Mortgage bond” means revenue bonds which are
secured by a mortgage deed of trust. A school
district shall not be excluded from these definitions
if it is authorized by the Kentucky Board of Edu-
cation, by general or special authorization, to pro-
cceed under the authority of this section or KRS
56.513 through the agency of the appropriate city
or county.

(2) The notes authorized herein shall be sold in the
same manner as the bonds in anticipation of which
they are issued, except that when the principal
amount of the notes does not exceed one million
dollars ($1,000,000) the provisions of KRS 424.360
for advertisement of the notes in a publication
having general circulation among bond buyers
shall be inapplicable, and the other publications
required by this section shall be deemed sufficient.

(3) Each bond anticipation note may include prepay-
ment provisions which will allow the issuing au-
thority to prepay the note after giving reasonable
notice to the holder; shall identify the bond issue
from the proceeds of which the note or notes and
any interest thereon are to be paid; and shall
include a statement that the note is being issued in
anticipation of the identified bond issue, and that
neither the note, nor the interest, shall constitute
or evidence an indebtedness of the issuing author-
ity. Each note and the interest, to the extent not
previously paid from other sources, shall be paid
from the proceeds of the identified bond issue,
when the proceeds have been received and are
available; provided, however, that payment from
the revenues of the project, for the financing of which the bonds will eventually be issued, shall be permitted, and provision shall be made for payment of that portion of the principal of any note issue which represents the principal of the proposed bonds scheduled to mature on or prior to the maturity of the notes.

(4) The notes authorized herein may be issued in a principal amount sufficient to include all interest due on the notes at or prior to maturity, if the notes shall be issued for a term of three (3) years or less, and the notes may be sold at a discount representing the interest due to the purchaser during the term.

(5) When, prior to the maturity of any notes issued under the authority of this section or KRS 56.513, the governing body of the issuing authority shall make a determination that by reason of construction delays, changes in plans, uncertainties in the bond market, or other causes justifying delay in the final offering of the bond issue, the bond issue should not immediately be offered, renewal notes may be issued subject to the same limitations contained in this section or KRS 56.513 relative to the original issue of notes, and the proceeds of the sale of the renewal notes shall be applied to the payment of the principal of the notes originally issued, or any prior issue of renewal notes, or to the payment of interest due or to become due on the notes or renewal notes; provided, however, that the interest, including discount, if any, payable from the proceeds of notes or renewal notes shall not exceed an amount equal to three (3) years' interest from the date of the original notes at the rate per annum established for the original notes.

(6) Counties, cities, and other municipal corporations, or agencies, in the discretion of the governing body in each case, may, as an alternative to this section and for interim financing purposes, solicit proposals, issue bond anticipation notes, and make commitment agreements in the same manner as provided for the State Property and Buildings Commission by KRS 56.513; provided, however, that in the case of notes issued on behalf of a school district, general or special approval of the Kentucky Board of Education shall be required in substitution for the approval of the State Property and Buildings Commission; and provided further, that the approval of the State Property and Buildings Commission will not be required for any issue of a county, city, or other municipal corporation, or any agency, and references to the commission shall be interpreted to be references to the governing body of the issuing authority.

(7) Nothing herein shall be deemed to invalidate any bond anticipation notes sold or issued under general statutes prior to the adoption of this section and KRS 56.513.

(8) Each bond anticipation note issued according to this section or KRS 56.513, and the receipt of interest on the note, shall be exempt from all taxation by the Commonwealth and all of its subdivisions, municipalities, and taxing authorities; and this may be stated as a representation in the text of each bond anticipation note.

58.155. Grant anticipation notes.

(1) In the case of any public work or public project, in connection with which the Commonwealth of Kentucky, or any department, agency or bureau thereof, or any political subdivision or governmental unit of the Commonwealth of Kentucky ("governmental agency") has applied for and received federal grants-in-aid or is entitled as a matter of law to receipt of federal grants-in-aid which may be applied for the purpose of providing a portion of or all of the funds required for construction and installation of any such public work or public project, such governmental agency may authorize and issue grant anticipation notes payable from grant proceeds when received, and any other assets which may be lawfully pledged by such governmental agency and which are so pledged.

(2) Any grant anticipation notes issued pursuant to authority of this section shall be scheduled to mature at such time or times, not to exceed three (3) years from the date of issuance thereof, and shall bear such rate or rates of interest as the governing body of the governmental agency shall determine. Grant anticipation notes may be sold at public sale or pursuant to private, negotiated sale at the election of the governing body of the governmental agency issuing any such grant anticipation notes. Interest on any such grant anticipation notes may be capitalized in grant anticipation note issues for periods not exceeding three (3) years.

(3) Grant anticipation notes issued pursuant to the authority of this section shall be payable as to principal and interest, if interest is capitalized, from the federal grants in anticipation of which the grant anticipation notes are authorized and issued, and any governmental agency is authorized and empowered to pledge such grant proceeds when received, either as sole security for the repayment of grant anticipation notes, or together with any other assets and revenues of such governmental agency which may be lawfully pledged for such repayment.

(4) Grant anticipation notes issued pursuant to the authority of this section are hereby declared to be issued for public, governmental purposes and the interest derived thereon shall be exempt from taxation by the Commonwealth and by all political subdivisions of the Commonwealth. Grant anticipation notes shall also be exempt from ad valorem taxation by the Commonwealth or any political subdivision thereof.

(Enact. Acts 1980, ch. 273, § 1, effective April 9, 1980.)
58.410. Definitions for KRS 58.410 to 58.440.
(1) As used in KRS 58.410 to 58.440, unless the context otherwise requires:
(a) “Public body” means the Commonwealth, its political subdivisions, its municipalities, its school and other taxing districts, its nontaxing public bodies and institutions, and any and all agencies and instrumentalities thereof, whether such agencies or instrumentalities be now existing or hereafter created and established under and pursuant to specific statutory authority, or whether such agencies or instrumentalities be now existing or hereafter organized, established, and caused to exist as nonprofit corporations under applicable general laws, having performance as such agencies or instrumentalities as their sole corporate purposes;
(b) “Public obligation” means bonds, notes, warrants, or other obligations of any public body;
(c) “Rate of interest” means both the coupon or stated interest rate applicable to any public obligation, and the effective interest rate or interest cost percentage, computed upon the basis of the coupon or stated interest rate or rates and the price actually to be received by the issuing public body; provided, however, KRS 58.410 to 58.440 is not intended, and shall not be construed, to amend, alter, or repeal any existing law requiring that certain public obligations be sold at not less than the face amount thereof.
(2) KRS 58.410 to 58.440 does not relate to or affect borrowing by any person or corporation except such as are within the definition of “public body” as set forth in this section.

58.420. Public policy as to bond interest rates.
It is hereby determined and declared to be the public policy of the Commonwealth that interest rates payable by public bodies upon public obligations be such as to be competitive with those rates which are permitted by other states, in order that necessary public projects may be financed and may be undertaken in the interest of the public health, safety, and general welfare.

58.430. Removal of interest rate limits.
From and after March 9, 1970, notwithstanding any other acts or laws of other import which may presently prevail, wherever the same may be found in the Kentucky Revised Statutes as of such date, it shall be lawful for public bodies to establish, agree, and bind themselves to pay interest upon their public obligations at any rate or rates which may be determined upon by the governing bodies of the respective public bodies which are the issuers thereof; but subject, notwithstanding, to such approvals as may now or hereafter be applicable thereto according to law.

Opinions of Attorney General. This section does not implicitly repeal or in any way modify the maximum interest rate a school district may pay on money borrowed in anticipation of taxes. OAG 80-571.

58.440. Refinancing at higher rate than that of original issue.
If any public body shall determine:
(1) That financing of a public project may be accomplished to the best advantage in the public interest only by combining the same with refinancing of previously issued and outstanding public obligations at a rate or rates of interest higher than the rate or rates otherwise applicable thereto;
(2) That refinancing of a public project at a higher interest rate or rates is necessary in order to prevent or anticipate default in payment of interest or principal of public obligations with regard thereto; or
(3) That any combination of the circumstances described in subsection (1) or (2) of this section exists; then such refinancing is recognized to be lawful; provided, however, that prior to any such refinancing at a higher rate or rates of interest, the issuing public body shall make and spread at large upon its public records its determination that such action is necessary or desirable in the public interest, and its reasons therefore.

ENERGY CONSERVATION IMPROVEMENTS

58.600. Definitions for KRS 58.600 to 58.610.

(c) Automated or computerized energy control systems;
(d) Heating, ventilating, or air conditioning system modifications or replacements;

(f) Energy recovery systems;
(g) Cogeneration systems that produce steam or forms of energy such as heat as well as electricity for use primarily within a building or complex of buildings;
(h) Energy conservation measures that provide long-term operating cost reductions; or

(2) A local public agency, or an agency acting on its behalf, may issue energy conservation revenue bonds to finance the energy conservation measures under guaranteed energy savings contracts, with the following limitations:

(b) The term of the bonds shall run coterminous with the term of guaranteed energy savings contract;
(c) A local public agency shall not enter into a guaranteed energy savings contract where the total cost of the energy conservation measures exceeds the cost of the energy savings plus the operational costs plus the capital cost avoidance that is estimated for the term of the guaranteed energy savings contract commencing from the date of the energy conservation measure’s installation; and
(d) The use of capital cost avoidance shall be subject to the following restrictions:
   1. The amount expended shall not exceed fifty percent (50%) of the project cost; and
   2. Capital cost avoidance shall be restricted to payment for permanent equipment replacement as follows:

58.610. Issuance by school districts, county and city government, or special district — Special procedure.
(1) Energy conservation revenue bonds authorized under KRS 58.600 to 58.610 issued by or on behalf of a school district shall be approved or disapproved by the chief state school officer based on consideration of the following criteria:
(a) Funding capability of the school;
(b) The availability of general fund, capital outlay allotment under KRS 157.420, or state and local funds from the Facility Support Program of Kentucky under KRS 157.440, that are to be contributed by the school district as capital cost avoidance; and

(3) No energy conservation revenue bonds authorized under KRS 58.600 to 58.610 shall be issued by or on behalf of a county, urban-county government, charter county government, city, or special district without the prior approval of the state local debt officer, except that this approval shall not be required if the principal amount of energy conservation revenue bonds is less than five hundred thousand dollars ($500,000).
(4) Any issuance of energy conservation revenue bonds shall be reported to the state local debt officer.

Const., § 165 and this section. OAG 78-846.

There is nothing under Ky. Const., § 165 or this section that would prohibit an employee of the University of Kentucky extension specialist department, poultry division, from holding a state office at the same time (such as the school board position), and this would be true even if the employee was under the state merit system in view of KRS 18.310(4) (now repealed). Since a member of the county board of elections is a county officer, and membership on the city council constitutes a municipal office, this section clearly prohibits a person from holding both at the same time. OAG 79-443.

Section 165 of the Constitution and this section prohibit a state officer from holding a county office at the same time; however, there is no prohibition against a state employee holding a county office except where such person is under the state merit system and cannot run for such office which would not be applicable with respect to school teachers since they do not come under the state system. OAG 79-459.

The position of county court clerk is a county office under the Constitution, particularly Ky. Const., § 99, and a school teacher, part-time or otherwise, is a state employee. OAG 79-459.

The employment of a county attorney as attorney for the county board of education does not violate this section and Ky. Const., § 165, since employment as the school board attorney would be that of an independent contractor rather than an employee, and since such employment would at most be a form
of state employment rather than constituting a state office. OAG 81-308.

An unpaid city council member who is also employed by the Kentucky Higher Education Assistance Authority as executive director, and by virtue of his position as executive director of the Kentucky Higher Education Assistance Authority, is also the executive director of the Kentucky Higher Education Student Loan Corporation, is holding a municipal office and state employment, concerning which there is no constitutional or statutory objection. OAG 82-282.

Being a jailer and a school bus driver at the same time involves no statutory incompatibility. OAG 82-452.

No conflict of interest or incompatibility existed where an auxiliary police officer of a city was at the same time a full-time instructor-coordinator of the Department of Training at Eastern Kentucky University; an auxiliary police officer of a city has the same powers as a regular police officer and is therefore, considered a municipal officer while the position of instructor-coordinator for a department at Eastern Kentucky University would at most be considered a form of state employment. Neither Ky. Const., § 165 nor this section prohibits a state employee from holding a municipal office. OAG 83-29.

Membership on a school board constitutes a state office. OAG 83-318.

From the standpoint of the incompatible offices provisions of Ky. Const., § 165 and this section, state officers are not prohibited from holding positions on the boards of directors of the Kentucky Housing Corporation and the Kentucky Higher Education Student Loan Corporation when those officers are holding positions specifically authorized by KRS 198A.030(3) and KRS 164A.050(3), because where a statute provides for the appointment of specifically designated public officers to hold another public office, these public officers hold their second public office in an “ex officio” capacity, which eliminates the possibility of a constitutional or statutory incompatibility. OAG 91-208.

All officers and employees of counties, municipalities, school districts or other political subdivisions of the state who are members of the National Guard or of any reserve component of the Armed Forces of the United States, including the United States Public Health Service, shall be granted annual military leave by their respective employers as provided in KRS 61.394.

Opinions of Attorney General. A local school board has the authority to either grant or deny military leave with pay to its employees. OAG 75-685.
School boards have the option of granting military leave with pay to teachers and such option permits the crediting against such pay the money earned by the teacher for military duty. OAG 76-358.

61.430. Federal-state agreement.
Consistent with the terms and conditions of KRS 61.410 to 61.500, the state agency, with the approval of the Governor, is hereby authorized to enter into an agreement with the commissioner for the purpose of extending insurance coverage to employees with respect to services specified in the agreement which constitute employment as defined in KRS 61.420. An agreement entered into under this section may contain provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration and other appropriate provisions as the state agency and commissioner shall agree upon. Any agreement, subject to the provisions of the Social Security Act, shall provide in effect that:

(1) Insurance coverage shall be provided for employees whose services are described in the agreement, and their dependents and survivors on the same basis as though the services constituted employment within the meaning of Title II of the Social Security Act;

(2) The state shall pay to the Secretary of the Treasury, at times prescribed under the Social Security Act, contributions with respect to wages equal to the sum of the taxes imposed by sections 3101 and 3111 of the Federal Insurance Contributions Act if the services covered by the agreement constitute employment within the meaning of that act;

(3) Insurance coverage will be afforded with respect to services performed after an effective date specified in the agreement or modification thereof; except that the effective date shall not be earlier than January 1, 1955, in the case of an agreement or modification made between January 1, 1955, and January 1, 1958; or earlier than January 1, 1956, in the case of an agreement or modification made at any time in the years 1958 or 1959; or earlier than the first day of the year in which the agreement or modification was made, in the case of an agreement or modification made at any time between January 1, 1960, and July 1, 1962; or earlier than the first day of the fifth year preceding the year in which the agreement or modification is made, in the case of an agreement or modification made at any time after July 1, 1962;

(4) Insurance coverage shall be afforded with respect to all services constituting employment; except that in order for insurance coverage to be afforded with respect to services performed in the employ of a political subdivision of the state there must be in existence in regard to those services a plan which meets the requirements of KRS 61.460;

Opinions of Attorney General. Under existing federal and state legislation, the members of the faculty of Murray State University may not be withdrawn as a separate group from social security coverage. In view of their status as state employees who are covered under the original 1951 agreement by virtue of a modification thereto, their coverage may be terminated only through termination of the 1951 agreement between the state and the secretary of health, education and welfare. OAG 68-450.

61.440. Interstate instrumentalities.
Any instrumentality jointly created by this state and any other state or states is hereby authorized, to the extent that this Commonwealth may confer authority, (1) to enter into an agreement with the commissioner whereby the benefits of the federal old-age, survivors, disability, and hospital insurance system shall be extended to employees of the instrumentality, (2) to require its employees to pay (and for that purpose to deduct from their wages) contributions equal to the amounts which they would be required to pay under subsection (1) of KRS 61.450 if they were covered by an agreement made pursuant to KRS 61.430, and (3) to make payments to the Secretary of the Treasury in accordance with the agreement, including payments from its own funds, and otherwise to comply with the agreement. The agreement shall, to the extent practicable, be consistent with the terms and provisions of KRS 61.430, and all other terms and provisions, of KRS 61.410 to 61.500.

61.450. Contributions by state employees.
(1) Every employee of the state whose services are covered by an agreement entered into under KRS 61.430 shall be required to pay for the period of coverage, into the contribution fund established by KRS 61.470, contributions, with respect to wages received for each calendar year at the rate established by the Federal Insurance Contributions Act, as amended, and the Social Security Act, as amended. Such liability shall arise in consideration of the employee’s retention in the service of the state, or his entry upon such service after March 14, 1951.

(2) The contribution imposed by this section shall be collected by deducting the amount of the contribution from wages as and when paid, but failure to make such deduction shall not relieve the employee from liability for such contribution.

(3) If more or less than the correct amount of the contribution imposed by this section is paid or
deducted with respect to any wages, proper adjustment, or refund if adjustment is impracticable, shall be made, without interest, in such manner and at such times as the state agency shall prescribe.

(Enact. Acts 1951 (Ex. Sess.), ch. 3, § 5; 1958, ch. 135, § 3; 1960, ch. 85, § 1; 1962, ch. 12, § 5.)

61.460. Plans for coverage of employees of political subdivisions.

(1) Each political subdivision of the state is hereby authorized to submit for approval by the state agency a plan for extending insurance coverage to employees of the political subdivision; except that no plan shall provide insurance coverage to an employee occupying a position to which KRS 161.220 to 161.710 are applicable except for employees of the state universities and public junior colleges. Each plan and any amendments thereof shall be approved by the state agency if it finds that the plan, or the plan as amended, is in conformity with the requirements of the state agency, except that no plan shall be approved unless:

(a) It is in conformity with the requirements of the Social Security Act and with the agreement entered into under KRS 61.430;

(b) It provides that all services which constitute employment and are performed in the employ of the political subdivision by employees thereof, shall be covered by the plan;

(c) It specifies the source or sources from which the funds necessary to make the payments required by paragraph (a) of subsection (3) and by subsection (4) of this section are expected to be derived and contains reasonable assurance that those sources will be adequate for that purpose;

(d) It provides for methods of administration of the plan by the political subdivision as are found by the state agency to be necessary for the proper and efficient administration thereof; and

(e) It provides that the political subdivision will make reports, in the form and containing the information, as the state agency may from time to time require, and will comply with any provisions the state agency or the commissioner may from time to time find necessary to assure the correctness and verification of the reports.

(2) The state agency shall not finally refuse to approve a plan submitted by a political subdivision under subsection (1) of this section without reasonable notice and opportunity for hearing to the political subdivision affected thereby.

(3) (a) Each political subdivision for which a plan has been approved under this section is authorized to and shall pay into the contribution fund, with respect to contributions due for wages paid prior to 1987, at the time or times as the state agency may by administrative regulation prescribe, contributions in the amounts and at the rates specified in the applicable agreement entered into by the state agency under KRS 61.430; and, furthermore, in anticipation of the due date of any payments of contributions required by this paragraph, is authorized to and shall make any advancements the state agency, by administrative regulation or contract, may require.

(b) Each political subdivision is authorized to and shall make the payments as are determined by the state agency to be necessary for the purpose of defraying the expenses incurred by the state agency in administering KRS 61.410 to 61.500 for the benefit of those employees covered under any plan approved under subsection (1) of this section, but in no event shall such amount be greater than five percent (5%) of the contributions required under paragraph (a) of this subsection. The payments shall be made into the State Treasury and shall be credited to a separate trust and agency fund to be used by the state agency solely for the purpose stated in this paragraph.

(c) Each political subdivision required to make payments under paragraph (a) of this subsection is authorized, in consideration of the employee’s retention in, or entry upon, employment after the effective date of KRS 61.410 to 61.500, to impose upon each of its employees, as to services which are covered by an approved plan, a contribution with respect to wages received for each calendar year, at the rate established by the Federal Insurance Contributions Act, as amended, and the Social Security Act, as amended. Contributions so collected for wages paid prior to 1987 shall be paid into the contribution fund in partial discharge of the liability of the political subdivision under paragraph (a) of this subsection. Failure to deduct the contribution shall not relieve the employer of liability therefor.

(4) Delinquent payments due under paragraph (a) of subsection (3) of this section, with interest at the rate prescribed by Section 218 (j) of the Social Security Act, may be recovered by action in the Franklin Circuit Court against the political subdivision liable therefor or may, at the request of the state agency, be deducted from any other moneys payable to the subdivision by any department or agency of the state.

61.470. Contribution fund and contingent liability fund.

(1) There is hereby established a special fund to be known as the contribution fund. Such fund shall consist of and there shall be deposited therein:
   (a) All contributions, interest, and penalties under KRS 61.450 and 61.460;
   (b) All moneys appropriated or otherwise contributed thereto;
   (c) Any property or securities and earnings thereof acquired through the use of moneys belonging to the fund;
   (d) Interest earned upon any moneys in the fund, and
   (e) All sums recovered from the bond of the custodian or otherwise for losses sustained by the fund, and all other moneys received for the fund from any other source. All moneys in the fund shall be mingled and undivided. Subject to the provisions of KRS 61.410 to 61.500, the state agency is vested with full power, authority and jurisdiction over the fund, including all moneys and property or securities belonging thereto, and may perform any and all acts whether or not specifically designated, which are necessary to the administration thereof and are consistent with the provisions of KRS 61.410 to 61.500.

(2) The contribution fund shall be a trust and agency fund which shall not lapse and shall be held separate and apart from any other funds or moneys of the state and shall be used and administered exclusively for the purposes of KRS 61.410 to 61.500. Withdrawals from such fund shall be made for, and solely for:
   (a) Payment of amounts required to be paid to the Secretary of the Treasury pursuant to an agreement entered into under KRS 61.430;
   (b) Payment of refunds provided for in subsection (3) of KRS 61.450;
   (c) Refunds of overpayments, not otherwise adjustable, made by a political subdivision; and
   (d) For payment of administrative costs for the administration of KRS 61.410 to 61.500 to the extent of the interest earned on investments of the contribution fund.

(3) From the contribution fund the custodian of the fund shall pay to the Secretary of the Treasury such amounts at such time or times as may be directed by the state agency in accordance with any agreement entered into under KRS 61.430.

(4) At the end of each fiscal year, the state agency shall make an estimate of the necessary operating costs of the state agency for the next fiscal year, including a contingent liability fund. After approval of this amount needed for necessary costs and contingent liability fund by the secretary of finance and administration, the realized investment earnings of the contribution fund available at the end of any fiscal year shall be reduced to this approved amount, and any excess is hereby authorized for transfer to the credit of the general fund.

(5) The Treasurer of the state shall be ex officio treasurer and custodian of the contribution fund and shall administer such fund in accordance with the provisions of KRS 61.410 to 61.500 and the directions of the state agency, and shall pay all warrants drawn upon the fund in accordance with the provisions of this section and with such regulations as the state agency may prescribe pursuant thereto.

61.480. State contributions authorized.

Authorization is hereby granted to all offices, departments, boards, commissions, institutions, and all other agencies of the state government of the Commonwealth of Kentucky to make payments to the contribution fund out of moneys, not required by law or contract to be expended for other purposes, in any revolving, trust or agency fund, or out of appropriations for recurring expenses heretofore or hereafter made by the General Assembly from the general expenditure fund or special funds. (Enact. Acts 1951 (Ex. Sess.), ch. 3, § 8.)

61.490. Rules and regulations.

The state agency shall make and publish such rules and regulations, not inconsistent with the provisions of KRS 61.410 to 61.500, as it finds necessary or appropriate to the efficient administration of the functions with which it is charged under KRS 61.410 to 61.500. (Enact. Acts 1951 (Ex. Sess.), ch. 3, § 10.)

61.500. Retroactive effect of KRS 61.410 to 61.500.

The provisions of KRS 61.410 to 61.500 shall be retrospective to January 1, 1951, and any agreement entered into pursuant to it may be made with retroactive effect to January 1, 1951, or any date thereafter. (Enact. Acts 1951 (Ex. Sess.), ch. 3, § 12.)

Legislative Research Commission Note. (11/15/90). Pursuant to KRS 7.136(1), the prior reference to KRS 195.100 contained in this section has been removed, that statute having been repealed by 1974 Acts Ch. 74, Art. VI, § 108.

The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member’s account.

(16) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 by making installment payments in lieu of a lump-sum payment.

(a) The cost of the service shall be computed in the same manner as for a lump-sum payment which shall be the principal; and interest, at the actuarial rate in effect at the time the member elects to make the purchase compounded annually, shall be added for the period that the installments are to be made. Multiple service purchases may be combined under a single installment purchase; however, no employee may make more than one (1) installment purchase at the same time. Once multiple service purchases have been combined in an installment purchase, the employee may not separate the purchases or pay a portion of one (1) of the purchases. The employee may elect to stop the installment payments by notifying the retirement system; may have the installment purchase recalcul-
lated to add one (1) or more additional service purchases; or may pay by lump sum the remaining principal.

(b) One (1) year of installment payments shall be made for each one thousand dollars ($1,000) or any part thereof of the total cost, except that the total period allowed for installments shall not be less than one (1) year and shall not exceed five (5) years.

(c) The employee shall pay the installments by payroll deduction. Upon notification by the retirement system, the employer shall report the installment payments either monthly or semimonthly continuously over each twelve (12) month period at the same time as, but separate from, regular employee contributions on the forms or by the computer format specified by the board. The payments made under this subsection shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 61.560(4) and no employer contributions shall be paid on the installments.

(d) The retirement system shall determine how much of the total cost represents payment for one (1) month of the service to be purchased and shall credit one (1) month of service to the member’s account each time this amount has been paid. The first service credited shall represent the first calendar month of the service to be purchased and each succeeding month of service credit shall represent the succeeding months of that service.

(e) If the employee elects to stop the installment payments, dies, retires, or does not continue employment in a position required to participate in the retirement system, the member, or in the case of death, the beneficiary, shall have sixty (60) days to pay the remaining principal. The first service credited shall represent the first calendar month of the service to be purchased and each succeeding month of service credit shall represent the succeeding months of that service.

(f) If the employer does not report installment payments on an employee for sixty (60) days, except in the case of employees on military leave or sick leave without pay, the installment purchase shall cease and the retirement system shall refund to the member the payment, payments, or portion of a payment that does not represent a full month of service purchased. Installment payments of employees on military leave or sick leave without pay shall be suspended during the period of leave and shall resume without recalculation upon the employee’s return from leave.

(g) If payments have ceased under paragraph (e) or (f) of this subsection and the member later becomes a participating employee in one (1) of the three (3) systems administered by Kentucky Retirement Systems, the employee may complete the adjusted original installment purchase by lump sum or installment payments. If the employee elects to renew the installment purchase, the cost of the remaining service shall be recalculated in accordance with paragraph (a) of this subsection. If the original installment purchase was for multiple service purchases, the employee may not separate those purchases under a new installment purchase.

(17) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 by transferring funds through a direct trustee-to-trustee transfer as permitted under the applicable sections of the Internal Revenue Code and any regulations or rulings issued thereunder, or through a direct rollover as contemplated by and permitted under 26 U.S.C. sec. 401(a)(31) and any regulations or rulings issued thereunder. Service credit may also be purchased by a rollover of funds pursuant to and permitted under the rules specified in 26 U.S.C. sec. 402(c) and 26 U.S.C. sec. 408(d)(3). The Kentucky Retirement Systems shall accept the transfer or rollover to the extent permitted under the rules specified in the applicable provisions of the Internal Revenue Code and any regulations and rulings issued thereunder. The amount shall be credited to the individual member’s contribution account in the appropriate retirement system and shall be considered accumulated contributions of the member.

(18) After August 1, 1998, any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems who is age sixty-five (65) or older and has forty-eight (48) months of service credit or, if younger, who has sixty (60) months of service credit in systems administered by Kentucky Retirement Systems may purchase credit in the system in which the employee has the service credit for up to ten (10) years service in a regular full-time position that was credited to a state or local government-administered public defined benefit plan in another state other than a defined benefit plan for teachers. The employee shall pay a delayed contribution payment. Payment may be by lump sum, or the employee may pay by increments. The employee may transfer funds directly from the other state’s plan if eligible to the extent permitted under subsection (17) of this section and to the extent permitted by the other state’s laws and shall provide proof that he is not eligible for a retirement benefit for the period of service from the other state’s plan.

(19) After August 1, 1998, any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems, who has sixty (60) or more months of service in the State Police Retirement System or in a hazardous position in the Kentucky Employees Retirement System or the County Employees Retirement System, may
purchase credit in the system in which the employee has the sixty (60) months of service credit for up to ten (10) years of service in a regular full-time position that was credited to a defined benefit retirement plan administered by a state or local government in another state, if the service could be certified as hazardous pursuant to KRS 61.592. The employee shall pay a delayed contribution payment. Payment may be by lump sum or by increments. The employee may transfer funds directly from the other unit of government's plan if eligible to the extent permitted under subsection (17) of this section and to the extent permitted by the other state's laws, and the employee shall provide proof that he is not eligible for a retirement benefit for the period of service from the other unit of government's plan.

(20) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) in the systems administered by Kentucky Retirement Systems and who has completed service as a volunteer in the Kentucky Peace Corps, created by KRS 154.01-720, may purchase service credit for the time served in the corps by making delayed contribution payments.

The cost of the service shall be a delayed contribution payment, which shall not be picked up by the employer as described in KRS 61.560(4).

(23) (a) Any person who is entitled to service credit for employment which was not reported in accordance with KRS 16.543, 61.543, or KRS 78.615 may obtain credit for the service by paying the employee contributions due within six (6) months of notification by the system. No interest shall be added to the contributions. The service credit shall not be credited to the member's account until the employer contributions are received. If a retired member makes the payment within six (6) months, the retired member's retirement allowance shall be adjusted to reflect the added service after the employer contributions are received by the retirement system.

(b) Any employee participating in one (1) of the state-administered retirement systems who is entitled to service credit under paragraph (a) of this subsection and who has not repaid the employee contributions due within six (6) months of notification by the system may regain the credit after the six (6) months by paying to the system the employee contributions plus interest at the actuarially assumed rate from the date of initial notification under paragraph (a) of this subsection. Service credit shall not be credited to the member's account until the employer contributions are received by the retirement system. The payments shall not be picked up, as described in KRS 61.560(4), by the employer.

The cost of the service shall be determined as a delayed contribution payment for the respective retirement system. Payment may be made by lump sum or in increments. The payment shall not be picked up, as described in KRS 61.560(4) or KRS 78.610(4), by the employer.

(1) Effective July 1, 2001, purchase of service under the provisions of KRS 16.505 to 16.652, and KRS 61.510 to 61.705, except as provided in subsection (2) of this section, shall be determined by multiplying the higher of the employee's current rate of pay, final rate of pay, or final compensation as of the end of the month in which the purchase is made times the actuarial factor times the number of years of service being purchased.

(2) This provision shall not apply to KRS 61.552(1) and (23), or KRS 61.592(3)(c).

(3) Service purchased on or after August 1, 2004, under the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, except for service purchased under subsections (1) and (23) of KRS 61.552, shall not be used to determine eligibility for or the amount of the monthly insurance contribution under KRS 61.702.

(4) For a member whose participation begins on or after August 1, 2004, service purchased under the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, except for service purchased under subsections (1) and (23) of KRS 61.552, shall not be used to determine eligibility for a retirement allowance under disability retirement, early retirement, normal retirement, or death under any of the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852. Purchased service shall only be used to determine the amount of the retirement allowance of a member who is eligible for a retirement allowance under disability, early retirement, normal retirement, or death under any of the provisions of KRS 16.505 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852, based on service earned as a participating employee.

61.595. Service retirement allowance — Limitations.

(1) Effective July 1, 1990, upon retirement at normal retirement date or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) for the County Employees Retirement System and one and ninety-seven hundredths percent (1.97%) for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit, except that:

(a) Effective February 1, 1999, a member of the Kentucky Employees Retirement System who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two percent (2%) of final compensation multiplied by the number of years of service credit. Any Kentucky Employees Retirement System member whose effective date of retirement is between February 1, 1999, and January 31, 2009, and who has at least twenty (20) years of service credit in one of the state-administered retirement systems and who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) of final compensation multiplied by the number of years of service credit. Notwithstanding the provisions of KRS 61.565, the funding for this paragraph shall be provided from existing funds of the retirement allowance account;

(b) For a member of the County Employees Retirement System whose participation begins on or after August 1, 2004, the annual retirement allowance upon retirement at normal retirement date or later shall be equal to two percent (2%) of final compensation multiplied by the number of years of service credit and shall be payable monthly during his lifetime;

(c) The annual normal retirement allowance for members of the General Assembly, who serve during the 1974 or 1976 General Assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundred forty dollars ($240) multiplied by the number of years of service as a member of the General Assembly;

(d) The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;
(e) Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 Regular Session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, if the member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the system, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer’s share of sixty-five percent (65%) of the computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(f) The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(g) The annual retirement allowance for a member of the Kentucky employees retirement system or County Employees Retirement System shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) (a) Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits.

(b) A member of the Kentucky Employees Retirement System or the County Employees Retirement System who has twenty-seven (27) or more years of service credit, at least fifteen (15) of which are current service, may retire without any reduction in the retirement allowance. A member who has earned vested service credit in a retirement system, other than the Teachers’ Retirement System, sponsored by a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority, may count the vested service toward attaining the necessary years of service credit as provided in KRS 61.559(2)(c) and (d) to qualify for a retirement allowance. The credit from a Kentucky institution of higher education, the Council on Postsecondary Education, or the Higher Education Assistance Authority shall not be used toward the minimum fifteen (15) years of current service required by KRS 61.559(2)(c) and (d) to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers’ Retirement System credit pursuant to KRS 61.680(2)(a).

(3) The retirement allowance shall be calculated by using the member’s known creditable compensation prior to his last month’s employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the State Treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member’s creditable compensation during his last month’s employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is two dollars ($2) greater or less than the amount of the initial retirement payment. If the member or beneficiary chose an actuarial equivalent refund payment option, the amount of estimated retirement allowance shall be the official retirement allowance unless the new calculation produces an amount which is one hundred dollars ($100) greater or less than the amount of the initial retirement payment.

Opinions of Attorney General. The term "employment covered by the Kentucky employees' retirement system" in KRS 161.607 embraces the term "service" as defined in KRS 61.510 and as referred to in this section so an employee of the Kentucky Department of Agriculture for the three years immediately preceding July 1, 1956, when there was no Kentucky Employees' Retirement System in existence, would still be entitled to purchase credit in the Teachers' Retirement System for the three (3) years in question pursuant to the option contained in KRS 161.607. OAG 73-749.

61.691. Increase of benefits.
(1) Effective August 1, 1996, and on July 1 of each year thereafter, a recipient of a retirement allowance under KRS 16.510 to 16.652 and KRS 61.515 to 61.705 and KRS 78.520 to 78.852 shall have his retirement allowance increased by the percentage increase in the annual average of the consumer price index for all urban consumers for the most recent calendar year as published by the federal Bureau of Labor Statistics, not to exceed five percent (5%). In determining the annual employer contribution rate, only the cost of increases granted as of the most recent valuation date shall be recognized. The benefits of this subsection as provided on August 1, 1996 and thereafter shall not be considered as benefits protected by the inviolable contract provisions of KRS 61.692, 16.652, and 78.852. The General Assembly reserves the right to suspend or reduce the benefits conferred in this subsection if in their judgment the welfare of the Commonwealth so demands.
(2) A reemployed retired member whose payments are suspended as provided under KRS 61.637 shall be eligible for an increase in his suspended retirement allowance as provided under this section, computed as if he were receiving the retirement allowance at the time the increase under this section is effective.

Compiler's Notes. Section 42 of Acts 1976, ch. 321 provided: "This Act shall not be construed as repealing any of the provisions of 1976 House Bill 142 [ch. 224 amending KRS 61.595 by adding provisions relating to members of general assembly] but shall be held and construed as ancillary and supplementary thereto."
Section 13 of Acts 1994, ch. 406 provided that: "The amendment of KRS 61.691 in Section 6 of this Act shall take effect on June 30, 1996."

61.703. Collection of benefit less than $1,000 by surviving relative.
(1) Upon the death of a member, retiree, or recipient who has an existing account or other benefit in a retirement system administered by the Kentucky Retirement Systems that totals no more than one thousand dollars ($1,000), the surviving spouse, or if none, a surviving child, or if none, a surviving parent, or if none, a surviving brother or sister, may without formal administration of the estate collect the account subject to the provisions of this section.
(2) The surviving spouse, child, parent, or brother or sister who makes demand for the deceased member, retiree, or recipient account shall file with the retirement office an affidavit stating that he or she is entitled to payment of the account. The affidavit shall conform to the requirements of the administrative regulation promulgated by the board.
(3) After having paid the account to the surviving spouse, child, parent, or brother or sister, the retirement system shall be discharged and held harmless to the same extent as if conducting business with a personal representative. The retirement system shall not be required to inquire into the truth or veracity of any statement made in the affidavit. In the event any person or entity establishes a superior right to the account, the surviving spouse, child, parent, or other brother or sister, and not the Kentucky Retirement Systems, shall be answerable and accountable to any appointed personal representative for the estate.
(Enact. Acts 2002, ch. 52, § 17, effective July 15, 2002.)

(1) Upon the death of a retired member of the Kentucky Employees Retirement System, County Employees Retirement System, or State Police Retirement System who was receiving a monthly retirement allowance based on a minimum of forty-eight (48) months of service or whose retirement allowance based on a minimum of forty-eight (48) months was suspended in accordance with KRS 61.637, a death benefit of five thousand dollars ($5,000) shall be paid. If the retired member had more than one (1) account in the Kentucky Employees Retirement System, County Employees Retirement System, or State Police Retirement System, the system shall pay only one (1) five thousand dollar ($5,000) death benefit. Application for the death benefit made to the Kentucky Retirement Systems that totals no more than five thousand dollars ($5,000) shall be paid. If the retired member had more than one (1) account in the Kentucky Employees Retirement System, County Employees Retirement System, or State Police Retirement System, the system shall pay only one (1) five thousand dollar ($5,000) death benefit. Application for the death benefit made to the Kentucky Retirement Systems shall include acceptable evidence of death and of the eligibility of the applicant to act on the deceased retired member's behalf.
(2) The death benefit shall be paid to a beneficiary named by the retired member. Upon retirement or any time thereafter, the retired member may designate on the form prescribed by the board, death benefit designation, an individual, his estate, a trust or trustee as the beneficiary of the death benefit. The beneficiary for the death benefit may or may not be the same beneficiary designated in accordance with KRS 61.590(1). If the beneficiary...
designated under this section dies prior to the member or if the beneficiary was the spouse and they were divorced on the date of the retired member’s death, the retired member’s estate shall become the beneficiary, unless the retired member has filed a subsequent death benefit designation.

OPEN MEETINGS OF PUBLIC AGENCIES

61.800. Legislative statement of policy.
The General Assembly finds and declares that the basic policy of KRS 61.805 to 61.850 is that the formation of public policy is public business and shall not be conducted in secret and the exceptions provided for by KRS 61.810 or otherwise provided for by law shall be strictly construed.

Opinions of Attorney General. When university board of regents was considering an appointment or several appointments to a presidential search committee the appointees were not employees of the university or the board but were persons filling positions on an entity created by the board and their temporary existence would end when their task was complete; the board was not appointing, at that time, a university employee, the university president and thus the board incorrectly relied on KRS 61.810(1)(f) to close an otherwise public meeting to discuss the appointment of persons to the search committee. OAG 97-OMD-80.

61.805. Definitions for KRS 61.805 to 61.850.
As used in KRS 61.805 to 61.850, unless the context otherwise requires:

Opinions of Attorney General. An in-office meeting of school staff and employees is not covered by KRS 61.805 to 61.991 and, while the school board is an administrative body created by statute and is covered by the Open Meetings Law, this does not mean that the board may not attend a school staff meeting in the role of guests or observers as long as the meeting does not in any way become a board meeting. OAG 75-125.

The practice of a school board in scheduling a meeting at a given time and then all the members showing up forty-five (45) minutes early and holding a little private session in the back room of which meeting the press is neither notified, nor admitted to is contrary to the spirit and the letter of the Open Meetings Law for which a person attending such meeting could be punished as provided in KRS 61.991. OAG 76-378.

As a policymaking board of an institution of education and as a subagency of a public agency created pursuant to statute, the regular and special meetings of the board of control of the Kentucky High School Athletic Association are subject to the requirements of the Open Meetings Law. OAG 78-191.

A committee created by formal action of a public agency is subject to the Open Meetings Law to the same extent that the agency itself is, and school boards are public agencies under the law, and therefore the committee formed by the school board is subject to the open meetings requirements. OAG 78-496.

One of the exceptions to the open meeting requirements is collective bargaining negotiations between public employers and their employees or their representatives, but the board of education has not committed itself to recognize and bargain with the teacher’s committee, the meetings cannot be called bargaining negotiations, and therefore they do not come under the exception to the Open Meetings Law. OAG 78-496.

A committee appointed by the superintendent of schools at the discretion of the board of education is a public agency within the meaning of the Open Meetings Law. OAG 78-571.
A committee appointed by the superintendent of schools on his own initiative, and without any formal direction of the board of education, would not constitute a public agency. OAG 78-571.

The screening committee for a president of Western Kentucky University is not a public agency subject to the Kentucky Open Meetings Law, KRS 61.805 to 61.850. OAG 78-776.

If a county school board’s affirmative action advisory committee was created by formal action of the county board of education, then the committee is a public agency which is required to conduct its meetings according to the Open Meetings Law, KRS 61.805 to 61.850. OAG 80-398.

Where newspaper reporter sought records of unrestricted expenditures of the University of Louisville Foundation, Inc. for certain years, it was improper for university custodian of records to deny inspection of records on the basis of a judicial determination that the foundation was not a public agency under this section and the Open Meetings Law since the request for the records and the response thereto was not made by or to the foundation but by the university which is a public agency under KRS 61.870 and the Open Records Law. OAG 81-2.

The Fayette County Board of Education is a public agency subject to the Open Meetings Law pursuant to subdivision (2) of this section. OAG 85-455.

Advisory committee appointed by the superintendent of a county board of education, on his own initiative and without any formal direction by the board, was subject to the Open Meetings Act since committee was created by executive order; to the extent it conflicts with this opinion, OAG 78-571 is hereby modified. OAG 89-25.

The University Senate, faculties of colleges, and faculties of departments are committees subject to the open meetings law. OAG 94-25.

The President’s Cabinet and the President’s Leadership Team, established, created, and controlled by the university president, do not fall within the meaning of “public agencies” as defined in KRS 61.805(2); consequently, these groups do not have to record minutes of their meetings or meet other requirements of the Open Meetings Act. OAG 95-OMD-71.

The Housing Appeals Committee of Eastern Kentucky University is a public agency subject to the terms and provisions of the Open Meetings Act and its meetings are open to the public unless it can invoke an exception to open and public meetings; pursuant to KRS 61.810(1)(k) and 20 U.S.C., § 1232g, it may properly go into closed session to discuss student housing appeals. 97-OMD-139.

While the Housing Appeals Committee of Eastern Kentucky University, a public agency, may properly go into closed session to discuss student housing appeals pursuant to KRS 61.810(1)(k) and is required to do so under 20 U.S.C., § 1232g, an eligible student, that is a student who is eighteen (18) or is attending an institution of postsecondary education, may waive his privacy rights under the Federal Educational Rights and Privacy Act by written consent, thus permitting public discussion of his housing appeal; however, if such appeal raises housing issues or evidence concerning other students, the Housing Committee would be bound by 20 U.S.C., § 1232g(b)(1) and thus required to conduct the hearing in closed session. 97-OMD-139.

A county schools local facility planning committee was a public agency within the meaning of the statute. OAG 99-OMD-196.

A meeting of seven (7) Kentucky Department of Education employees, four (4) contractor representatives, and one (1) employee of the Office of Education Accountability did not constitute a meeting of a public agency within the statute. OAG 00-OMD-141.

NOTES TO DECISIONS

3. Injunctive relief.
6. University foundations.
7. Public agency.

3. Injunctive Relief.

Injunction was proper under KRS 61.848 — even without a showing that petitioners had no adequate remedy at law — when a school board violated the Open Meeting Law by discussing a personnel reorganization plan in closed “executive” meetings; the preparation-for-litigation exception would not apply to mere discussion of whether dismissed administrators might sue the board. Also, the board failed to adhere to KRS 61.815, which requires that, before going into a closed session, a public body must state the exact exception it relies on to go into a closed meeting. Floyd County Bd. of Educ. v. Ratliff, 955 S.W.2d 921 (Ky. 1997).

As long as the bylaws of the University of Louisville Foundation, Inc. provide for a membership of a quorum of the Board of Trustees of the University of Louisville, meetings of the University of Louisville Foundation, Inc. are subject to the Open Meetings Law. Courier-Journal & Louisville Times Co. v. University of Louisville Bd. of Trustees, 596 S.W.2d 374 (Ky. Ct. App. 1979).

The Board of Trustees of the University of Kentucky was created by statute, so that the Presidential Search Committee, which was created by formal action of the Board of Trustees, was a public agency and therefore subject to the provisions of this section. Lexington Herald-Leader Co. v. University of Ky. Presidential Search Comm., 732 S.W.2d 884 (Ky. 1987).

61.810. Exceptions to open meetings.

(1) All meetings of a quorum of the members of any public agency at which any public business is discussed or at which any action is taken by the agency, shall be public meetings, open to the public at all times, except for the following:

(a) Deliberations for decisions of the Kentucky Parole Board;
(b) Deliberations on the future acquisition or sale of real property by a public agency, but only when publicity would be likely to affect the value of a specific piece of property to be acquired for public use or sold by a public agency;
(c) Discussions of proposed or pending litigation against or on behalf of the public agency;
(d) Grand and petit jury sessions;
(e) Collective bargaining negotiations between public employers and their employees or their representatives;
(f) Discussions or hearings which might lead to the appointment, discipline, or dismissal of an individual employee, member, or student without restricting that employee’s, member’s, or student’s right to a public hearing if requested. This exception shall not be interpreted to permit discussion of general personnel matters in secret;
(g) Discussions between a public agency and a representative of a business entity and discussions concerning a specific proposal, if open
discussions would jeopardize the siting, retention, expansion, or upgrading of the business;
(h) State and local cabinet meetings and executive cabinet meetings;
(i) Committees of the General Assembly other than standing committees;
(j) Deliberations of judicial or quasi-judicial bodies regarding individual adjudications or appointments, at which neither the person involved, his representatives, nor any other individual not a member of the agency's governing body or staff is present, but not including any meetings of planning commissions, zoning commissions, or boards of adjustment;
(k) Meetings which federal or state law specifically require to be conducted in privacy; and
(l) Meetings which the Constitution provides shall be held in secret.

(2) Any series of less than quorum meetings, where the members attending one (1) or more of the meetings collectively constitute at least a quorum of the members of the public agency and where the meetings are held for the purpose of avoiding the requirements of subsection (1) of this section, shall be subject to the requirements of subsection (1) of this section. Nothing in this subsection shall be construed to prohibit discussions between individual members where the purpose of the discussions is to educate the members on specific issues.

Opinions of Attorney General. The open meeting requirement applies to “work sessions” held by a board of education preceding a regular or special meeting. OAG 74-370.

A meeting to discuss and decide whether to negotiate with teacher’s association on a collective bargaining agreement does not fit under the exception stated in subsection (5) (now (e)) of this section and thus should be a meeting open to the public. OAG 74-441.

Whether or not meetings of a student government association are open to the news media and the public may be decided by the organization which created the association or by the by-laws adopted by the association since it is a private association not covered by the Open Meetings Law. OAG 74-639.

School board members may attend an in-office meeting of school staff and employees as guests or observers and the requirements of this section for an open meeting do not apply as long as the meeting in no way becomes a school board meeting. OAG 75-125.

The entire school board or any part thereof may participate in a professional negotiation session since this subject matter is expressly exempted from the open meetings requirement. OAG 75-125.

At a county board of education’s special meeting, the discussion in closed session concerning the adoption of a regulation pertaining to payment of per diem allowances to board members was not within any exception to the requirement of open public meetings. OAG 75-299.

Where the procedure followed by members of a county board of education in discussing a regulation pertaining to a per diem allowance violated the requirement of open public meet-
Where a county board of education was considering applicants for the office of superintendent of schools and had been conducting interviews with applicants in closed session, there was no violation of the Open Meetings Law in the proposal of the board to have a select committee sit with it in closed session and take an active part in the interviews and discussions. OAG 80-247.

Where a disciplinary hearing about a particular student in a public school is held, the hearing is exempt from the formalities of going into a closed session under subdivision (6) (now (f)) of this section or the necessity of taking final action in an open meeting according to the procedure set forth in KRS 61.815. OAG 81-135.

A board of education cannot meet in closed session to discuss either the acquisition or transfer of real estate resulting from one school district ceasing to exist and transferring its assets and liabilities to another district, since no public property is being bought or sold, and the merger will not affect the value of the property being transferred to the surviving school district; thus the exemption under subdivision (2) (now (b)) of this section would not apply. OAG 81-136.

A board of education cannot meet in closed session to discuss items related to a merger with another board of education since the merger of school districts is not one (1) of the five (5) subject matter exemptions under this section. OAG 81-136.

A board of education cannot meet in closed session to discuss personnel issues created by a move for the consolidation of two (2) school districts when those issues relate to a group of employees affected by a disagreement surrounding the terms of a merger, since subdivision (6) (now (b)) of this section cannot be interpreted to permit discussion of personnel matters in secret. OAG 81-136.

Where a closed session of a school board held is as authorized by this section, minutes of the closed session should be made, but the board, in its discretion, may require the minutes to be sealed and withheld from public inspection and such minutes will not be part of the regular minutes of the meeting required by subsection (2) of KRS 160.270. OAG 81-235.

The Open Meetings Law permits the holding of a meeting by telephone conference call by the State Board of Education on the subject of the expulsion of a student of one of the schools of which the State Board has the direct oversight in disciplinary matters and the news media should be notified, at least twenty-four (24) hours in advance, that the meeting by conference telephone is to be held on disciplinary matters and will be closed to the public; however, this opinion is confined to the following circumstances: (1) the State Board of Education meets regularly only every two (2) months and the membership of the Board may reside anywhere within the boundaries of the commonwealth; (2) by regulation there has been established an appeal procedure utilizing hearing officers to review disciplinary cases where expulsion may be ordered; (3) the hearing officer shall hear proof, oral arguments and/or may request written briefs and shall make findings of fact, conclusions of law and recommendations to the State Board, and the State Board is required to make a final determination of the case within thirty (30) days; (4) before the appeal procedure is begun the student has been provided a due process hearing at the local level; (5) the role of the State Board of Education on expulsion appeals is to review the record made up under the presiding of the hearing officer and to approve or disapprove the hearing officer’s recommendation. OAG 82-179.

The State Board of Education may meet in closed session to act on the recommendation of a hearing officer on the expulsion of a student without any preliminary action in an open meeting and may take final action on the matter in a closed session. OAG 82-179.

Implementation of anticipated budget cuts in the Title I program was a general personnel matter which should not have been discussed in secret as long as the county board of education was discussing which positions to eliminate, if the issue was, for example, whether to eliminate social workers or music teachers or science teachers; on the other hand, if a decision had been reached to eliminate two (2) out of four (4) social worker positions and the question became which two (2) of the four (4) persons holding those positions would be dismissed, it then being necessary for the board to discuss qualifications and personalities, the board would have been justified in going into closed session for the purpose of that discussion. OAG 82-300.

Under this section, whenever a quorum of the members of any public agency meet and discuss any public business the meeting is a public meeting as defined in the Open Meetings Law; thus, where the entire county board of education called itself a “committee” and added several other people to the “committee” before conducting a private session with representatives of the county education association, the school board was required to comply with the Open Meetings Law. OAG 83-102.

Before going into closed session notice must be given by the board of education in a regular open meeting of the general nature of the business to be discussed in the closed session and a motion must be made and carried by majority vote to go into closed session. It is sufficient if the notice and motion to go into closed session simply states that the purpose of the session is to discuss personnel matters affecting certain individuals; the names of the individuals do not have to be stated in the notice or motion. OAG 82-379.

The board is only required to announce the general nature of the business to be discussed in the closed session; no particular candidate need be named in the announcement of a closed session to discuss appointment of a new superintendent, as that would subvert the intent of subdivision (6) (now (f)) of this section. OAG 83-455.

Discussion by county board of education about selection inquiries and qualification suggestions concerning appointment of new superintendent of schools was not exempted from open session by subdivision (6) (now (f)) of this section since no individual was involved to whom reputational damage might occur; accordingly, board acted improperly in discussing such matters in closed session and subsequently taking action, in open session, to direct inquiries and suggestions concerning the appointment to a certain person. OAG 83-455.

Where a school board heard evidence in an open meeting regarding the proposed expulsion of a student and then proceeded to go into closed session pursuant to subdivision (6) (now (f)) of this section in order to deliberate, the school superintendent’s presence at the closed session was improper where the superintendent had represented the school board in a quasi-attorney role throughout the open session. OAG 83-488.

Although subdivision (6) (now (f)) of this section allows closed sessions to discuss appointment, discipline, or dismissal of an individual employee it is designed to protect the reputation of individual persons and should not be interpreted to permit discussion of general personnel matters in secret; in other words, discussion in closed session is specifically limited to discussions pertaining to the appointment, discipline, or dismissal of a specific individual. Accordingly, the Morehead State University Board of Regents erred when they went into closed session and merely discussed the selection process for a new president rather than specific individual candidates. OAG 83-489.

Although subdivision (6) (now (f)) of this section allows closed sessions to discuss appointment, discipline, or dismissal of an individual employee it is designed to protect the reputation of individual persons and should not be interpreted to permit discussion of general personnel matters in secret; in other words, discussion in closed session is specifically limited to discussions pertaining to the appointment, discipline, or dismissal of a specific individual. Accordingly, the Morehead State University Board of Regents erred when they went into closed session and merely discussed the selection process for a new president rather than specific individual candidates. OAG 83-489.

A lay advisory committee appointed by the superintendent of a county board of education, on his own initiative and without any formal direction by the board, was subject to the Open Meetings Act since committee was created by executive order; to the extent it conflicts with the opinion, OAG 78-571 is hereby modified. OAG 88-25.

The Buckely Amendment cannot be invoked to close an otherwise public meeting of a public agency, as that amend-
ment is concerned with the release of the "educational records" of students and not with the holding of meetings of public agencies; in addition, the Buckley Amendment cannot be invoked to prohibit comment on or discussion of facts about a student's educational records. OAG 90-125.

Where meetings have not involved the appointment of specific persons by the University of Louisville or the discipline or dismissal of specific persons employed by or working or studying at the University, the assertion of subsection (6) (now (f)) of this section as the ground for closing a public meeting of a university committee is inapplicable and invalid. OAG 90-125.

In absence of a contract between the parties, discussions between the school board and a prospective school superintendent, involving his specific salary and the length of his contract, were subject to the exceptions to open meetings. OAG 91-144.

University's board of regents did not forfeit its right to invoke the legitimate exceptions to the Open Records Act just because it violated the Open Meetings Law. The records reviewed by the board relative to the proposed budget which occurred during an improperly closed meeting, and all other records of a preliminary character, still enjoyed the protection of KRS 61.876(4), independent of the Open Meetings issue, until final action was taken by the Board. OAG 92-ORD-1346.

A university's board of regents denial of a request for access to certain records which were generated in the course of a closed session conducted by the board of regents in its regular meeting was improper. The board of regents violated this section to the extent that its closed discussions focused on classes of, as opposed to specific, individuals. However, only those records which reflected discussions of classes of individuals were subject to inspection. OAG 92-ORD-1346.

County board of education violated the Open Meetings Act when it went into a closed session to discuss the possibility of creating a new position with the school system. OAG 94-OMD-103.

When university board of regents was considering an appointment or several appointments to a presidential search committee the appointees were not employees of the university or the board but were persons filling positions on an entity created by the board and their temporary existence would end when their task was complete; the board was not appointing, at that time, a university employee, the university president and thus the board incorrectly relied on subsection (1)(f) of this section to close an otherwise public meeting to discuss the appointment of persons to the search committee. OAG 97-OMD-80.

The Housing Appeals Committee of Eastern Kentucky University is a public agency subject to the terms and provisions of the Open Meetings Act and its meetings are open to the public unless it can invoke an exception to open and public meetings; pursuant to subsection (1)(k) of this section and 20 U.S.C., § 1232g, it may properly go into closed session to discuss student housing appeals. OAG 97-OMD-139.

While the Housing Appeals Committee of Eastern Kentucky University, a public agency, may properly go into closed session to discuss student housing appeals pursuant to subsection (1)(k) of this section and is required to do so under 20 U.S.C., § 1232g, an eligible student, that is a student who is 18 or is attending an institution of postsecondary education, may waive his privacy rights under the Federal Educational Rights and Privacy Act by written consent, thus permitting public discussion of his housing appeal; however, if such appeal raises housing issues or evidence concerning other students, the Housing Committee would be bound by 20 U.S.C., § 1232g(b)(1) and thus required to conduct the hearing in closed session. OAG 97-OMD-139.

In general, meetings of a quorum of the members of the Financial Aid Committee at which public business is discussed or at which action is taken must be open to the public at all times; however, the committee is authorized to go into closed session to discuss student financial aid appeals pursuant to subsection (1)(k) and 20 U.S.C. § 1232, which restricts discussion of personally identifiable information in education records in a public meeting without a parent or eligible student’s prior written consent. OAG 98-OMD-142.

A county school system violated the Open Meetings Act when it failed to give notice of a meeting of its local facility planning committee. OAG 99-OMD-117.

NOTES TO DECISIONS

1. Acquisition or sale of property.
2. Proposed or pending litigation.
3. Collective bargaining negotiations.
4. Discipline hearings.
5. Personnel matters.
6. University foundations.

1. Acquisition or Sale of Property.

Notice given in open meeting preparatory to closed session that the closed meeting would be held to discuss "property and negotiations" was not sufficient compliance with the requirement of notice of subsection (1) of KRS 61.815 for the term "property" fails to reveal whether it is real or personal, for purchase or for sale or whether publicity would affect its value. Jefferson County Bd. of Educ. v. Courier-Journal, 551 S.W.2d 25 (Ky. Ct. App. 1977).

In order to fully comply with subsection (2) of this section and KRS 61.815(1) notice of the county board of education of the business intended to be discussed in a closed session should contain information that the board of education intends to conduct an executive session for the purpose of discussing the sale or acquisition of real property and that the reason for privacy is due to the fact that publicity at the deliberation stage might be likely to affect the value instead of merely saying that the business to be discussed was "property and negotiations." Jefferson County Bd. of Educ. v. Courier-Journal, 551 S.W.2d 25 (Ky. Ct. App. 1977).

2. Proposed or Pending Litigation.

There is no requirement in the Open Meetings Law that the county board of education and its governing body give notice of an executive session in order to confer with their attorneys concerning proposed or pending litigation, for this matter is expressly excluded by the terms of this section and moreover involves the attorney-client relationship. Jefferson County Bd. of Educ. v. Courier-Journal, 551 S.W.2d 25 (Ky. Ct. App. 1977).

Whenever a public agency is formulating its demands or position preparatory to collective bargaining negotiations, either by way of deliberation or instructions to its advocates, such type of sessions are within the purview of subsection (5) (now (e)) of this section and thus such meetings of a public agency may be in closed session. Jefferson County Bd. of Educ. v. Courier-Journal, 551 S.W.2d 25 (Ky. Ct. App. 1977).

A report by an associate superintendent on the status of a proposed contract between the county board of education and two (2) teachers' associations and a recommendation to the board that negotiations should take place did not come under the exception of subsection (5) (now (e)) of this section so as to permit such discussion to take place in a closed meeting. Jefferson County Bd. of Educ. v. Courier-Journal, 551 S.W.2d 25 (Ky. Ct. App. 1977).

The collective bargaining negotiations referred to in subsection (5) (now (e)) of this section means the settling of disputes by negotiation between employer and the representatives of

4. Discipline Hearings.

The hearing and the board's decision based on the evidence are separate phases of the termination proceeding, and the school board's power to reach its decision in closed session is preserved by this section despite the requirement of KRS 61.810 that the hearing be public. Bell v. Board of Educ., 557 S.W.2d 433 (Ky. Ct. App. 1977); Carter v. Craig, 574 S.W.2d 352 (Ky. Ct. App. 1978).

A discussion by a county board of education concerning the termination of the expenditure of funds on an educational television station operated by the county board of education and the attendant potential dismissal of all the employees of such station dealt only with a general personnel matter and therefore did not come under the exemption of subsection (6) (now (f)) of this section as an exemption to the requirement of the Open Meetings Law that all meetings be public meetings. Jefferson County Bd. of Educ. v. Courier-Journal, 551 S.W.2d 25 (Ky. Ct. App. 1977).

The vote of the board of education to demote a school principal need not be held in public. Miller v. Board of Educ., 610 S.W.2d 935 (Ky. Ct. App. 1980).

5. Personnel Matters.

Where a university board of trustees, during its July 18, 1977, meeting, closed said meeting to consider the election of one (1) of two (2) individual members to the position of chairman of the board of trustees, the meeting was a properly closed session. Courier-Journal & Louisville Times Co. v. University of Louisville Bd. of Trustees, 596 S.W.2d 374 (Ky. Ct. App. 1979).

The Presidential Search Committee created by the Board of Trustees of the University of Kentucky was not excepted from declaring public meetings when discussing the appointment of a president. Lexington Herald-Leader v. University of Ky. Presidential Search Comm., 732 S.W.2d 884 (Ky. 1987).

Injunction was proper under KRS 61.848 — even without a showing that petitioners had no adequate remedy at law — when a school board violated the Open Meeting Law by discussing a personnel reorganization plan in closed "executive" meetings; the preparation-for-litigation exception would not apply to mere discussion of whether dismissed administrators might sue the board. Also, the board failed to adhere to KRS 61.815, which requires that, before going into a closed session, a public body must state the exact exception it relies on to go into a closed meeting. Floyd County Bd. of Educ. v. Ratliff, 955 S.W.2d 921 (Ky. 1997).

As long as the bylaws of the University of Louisville Foundation, Inc. provide for a membership of a quorum of the Board of Trustees of the University of Louisville, meetings of the University of Louisville Foundation, Inc. are subject to the Open Meetings Law. Courier-Journal & Louisville Times Co. v. University of Louisville Bd. of Trustees, 596 S.W.2d 374 (Ky. Ct. App. 1979).

61.815. Requirements for conducting closed sessions.

(1) Except as provided in subsection (2) of this section, the following requirements shall be met as a condition for conducting closed sessions authorized by KRS 61.810:

(a) Notice shall be given in regular open meeting of the general nature of the business to be discussed in closed session, the reason for the closed session, and the specific provision of KRS 61.810 authorizing the closed session;

(b) Closed sessions may be held only after a motion is made and carried by a majority vote in open, public session;

(c) No final action may be taken at a closed session; and

(d) No matters may be discussed at a closed session other than those publicly announced prior to convening the closed session.

(2) Public agencies and activities of public agencies identified in paragraphs (a), (c), (d), (e), (f), but only so far as (f) relates to students, (g), (h), (i), (j), (k), and (l) of subsection (1) of KRS 61.810 shall be excluded from the requirements of subsection (1) of this section.

Opinions of Attorney General. A county school board may go into closed session for the purpose of interviewing candidates it is considering to fill a vacancy on the school board. OAG 77-674.

Where the purpose of a school board meeting in a discussion or hearing which might lead to the disciplining of a student, the board is not required to give notice in a regular meeting, or to take a motion in open session to conduct a closed session, or to take final action in an open session. OAG 77-674.

The general rule to be followed is that in every case where an agency goes into closed session because of a subject matter exemption, except in the case involving the disciplining of a student, the procedures of this section must be observed. OAG 80-248.

Where a disciplinary hearing about a particular student in a public school is held, the hearing is exempt from the formalities of going into a closed session under subdivision (6) (now (f)) of KRS 61.810 or the necessity of taking final action in an open session according to the procedure set forth in this section. OAG 81-135.

The minutes of the State Board of Education must be recorded and open to public inspection pursuant to KRS 61.835, but they need show only the formal action taken and the votes cast by the members; the minutes of a closed session should show that the statutory formality of this section was observed before going into a closed session and should indicate the general subject of the closed session but they need not show information which would defeat the purpose of holding a closed session on the authorized subject matter. OAG 81-367.

The Open Meetings Law permits the holding of a meeting by telephone conference call by the State Board of Education on the subject of the expulsion of a student of one (1) of the schools of which the State Board has the direct oversight in disciplinary matters and the news media should be notified, at least 24 hours in advance, that the meeting by conference telephone is to be held on disciplinary matters and will be closed to the public; however, this opinion is confined to the following circumstances: (1) the State Board of Education meets regularly only every two months and the membership of the Board may reside anywhere within the boundaries of the commonwealth; (2) by regulation there has been established an appeal procedure utilizing hearing officers to review disciplinary cases where expulsion may be ordered; (3) the hearing or appeal shall hear proof, oral arguments and/or may request written briefs and shall make findings of fact, conclusions of law and recommendations to the State Board, and the State Board is required to make a final determination of the case within thirty (30) days; (4) before the appeal procedure is begun the student has been provided a due process hearing at the local level; (5) the role of the State Board of Education on expulsion appeals is to review the record made up under the
presiding of the hearing officer and to approve or disapprove the hearing officer’s recommendation. OAG 82-179.

The State Board of Education may meet in closed session to act on a recommendation of a hearing officer on the expulsion of a student without any preliminary action in an open meeting and may take final action on the matter in a closed session. OAG 82-179.

Under KRS 61.810, whenever a quorum of the members of any public agency meet and discuss any public business, the meeting is a public meeting is defined in the Open Meetings Law, KRS 61.805 to 61.850; thus, where the entire county board of education called itself a “committee” and added several other people to the “committee” before conducting a private session with representatives of the county education association, the school board was required to comply with the Open Meetings Law. OAG 83-102.

Before going into closed session notice must be given by the board of education in a regular open meeting of the general nature of the business to be discussed in the closed session and a motion must be made and carried by majority vote to go into closed session. It is sufficient if the notice and motion to go into closed session simply states that the purpose of the session is to discuss personnel matters affecting certain individuals; the names of the individuals do not have to be stated in the notice and motion. OAG 83-379.

If the agenda incorporated into the written notice of a special meeting, held by the board of regents of university, listed only one substantive item for discussion, then discussion of any other substantive matter, whether discussed in an open or closed session is a violation of the Open Meetings Act. OAG 95-OMD-149.

NOTES TO DECISIONS

1. Notice.

This section instructs that notice of a closed session must come prior to every such session in the regular open meeting and must supply the general nature of the business to be considered and the reason for the secrecy. Jefferson County Bd. of Educ. v. Courier-Journal, 551 S.W.2d 25 (Ky. Ct. App. 1977).

In order to fully comply with KRS 61.810(2) and subsection (1) of this section notice of the county board of education intends to conduct an executive session for the purpose of discussing the sale or acquisition of real property and that the reason for the closed session relates to the privacy is due to the fact that publicity at the deliberation stage might be likely to affect the value instead of merely saying that the business to be discussed was “property and negotiations.” Jefferson County Bd. of Educ. v. Courier-Journal, 551 S.W.2d 25 (Ky. Ct. App. 1977).

Notice given in open meeting preparatory to closed session that the closed meeting would be held to discuss “property and negotiations” was not sufficient compliance with the requirement of notice of subsection (1) of this section for the term “property” fails to reveal whether it is real or personal, for purchase or for sale or whether publicity would affect its value. Jefferson County Bd. of Educ. v. Courier-Journal, 551 S.W.2d 25 (Ky. Ct. App. 1977).

Injunction was proper under KRS 61.848 — even without a showing that petitioners had no adequate remedy at law — when a school board violated the Open Meeting Law by discussing a personnel reorganization plan in closed “executive” meetings; the preparation-for-litigation exception would not apply to mere discussion of whether dismissed administrators might sue the board. Also, the board failed to adhere to this section, which requires that, before going into a closed session, a public body must state the exact exception it relies on to go into a closed meeting. Floyd County Bd. of Educ. v. Ratliff, 955 S.W.2d 921 (Ky. 1997).

61.820. Schedule of regular meetings to be made available.

All meetings of all public agencies of this state, and any committees or subcommittees thereof, shall be held at specified times and places which are convenient to the public, and all public agencies shall provide for a schedule of regular meetings by ordinance, order, resolution, bylaws, or by whatever other means may be required for the conduct of business of that public agency. The schedule of regular meetings shall be made available to the public.

Opinions of Attorney General. The county board of education’s response to party complaining that at meeting some people could not hear, that the meeting site was inadequate and that people were forced to stand in the hallway and outside in the winter cold, violated the Open Meetings Act in that its written answer to the complaining party did not address the specific issues of accessibility to the meeting, noise in the meeting room, persons outside the meeting room in the hallway, and persons outside the building on a winter night; in addition, the response did not cite a section of the Open Meetings Act in support of the public agency’s position and it did not provide a brief explanation of how that particular statutory provision applied to the situation involving the public agency. OAG 97-OMD-28.

Board of education violated the Open Meetings Act because even if the board met in a facility that would accommodate the number of persons normally expected to attend such meetings, there was an overflow of attendees the board of education should have made a good faith effort to handle the overflow crowd so that persons in the hallway and outside the building could have observed the public proceedings. OAG 97-OMD-28.

When the school board moved the meeting site of the board meeting which began in the school board office from the office to the school library, the latter location became the designated site from which all remaining proceedings and actions relative to the meeting should have been conducted and in the absence of any compelling reason to do so, the school board was not justified in moving the meeting to yet another location as such action is inconvenient to the public. OAG 97-OMD-84.

61.823. Special meetings — Emergency meetings.

(1) Except as provided in subsection (5) of this section, special meetings shall be held in accordance with
the provisions of subsections (2), (3), and (4) of this section.

(2) The presiding officer or a majority of the members of the public agency may call a special meeting.

(3) The public agency shall provide written notice of the special meeting. The notice shall consist of the date, time, and place of the special meeting and the agenda. Discussions and action at the meeting shall be limited to items listed on the agenda in the notice.

(4) (a) As soon as possible, written notice shall be delivered personally, transmitted by facsimile machine, or mailed to every member of the public agency as well as each media organization which has filed a written request, including a mailing address, to receive notice of special meetings. The notice shall be calculated so that it shall be received at least twenty-four (24) hours before the special meeting. The public agency may periodically, but no more often than once in a calendar year, inform media organizations that they will have to submit a new written request or no longer receive written notice of special meetings until a new written request is filed.

(b) As soon as possible, written notice shall also be posted in a conspicuous place in the building where the special meeting will take place and in a conspicuous place in the building which houses the headquarters of the agency. The notice shall be calculated so that it shall be posted at least twenty-four (24) hours before the special meeting.

(5) In the case of an emergency which prevents compliance with subsections (3) and (4) of this section, this subsection shall govern a public agency’s conduct of a special meeting. The special meeting shall be called pursuant to subsection (2) of this section. The public agency shall make a reasonable effort, under emergency circumstances, to notify the members of the agency, media organizations which have filed a written request pursuant to subsection (4)(a) of this section, and the public of the emergency meeting. At the beginning of the emergency meeting, the person chairing the meeting shall briefly describe for the record the emergency circumstances preventing compliance with subsections (3) and (4) of this section. These comments shall appear in the minutes. Discussions and action at the emergency meeting shall be limited to the emergency for which the meeting is called.

Opinions of Attorney General. If the agenda incorporated into the written notice of a special meeting, held by the board of regents of university, listed only one substantive item for discussion, then discussion of any other substantive matter, whether discussed in an open or closed session is a violation of the Open Meetings Act. OAG 95-OMD-149.

While the school board violated the Open Meetings Act by its failure to file a written response to the complaint within the statutorily mandated time frame, its decision to not renew the superintendent’s contract was not a violation of the Open Meetings Act as that action was within the agenda of activities set forth in the notice for that special meeting which stated that “The purpose of the meeting will be to discuss renewal/or action of the superintendent’s contract.” OAG 97-OMD-43.

County Board of Education and Superintendent of County Schools violated the Open Meetings Act, specifically subsection (4)(a) of this section, by their failure to notify in writing all board members of the special meetings of the school board at least twenty-four (24) hours prior to the commencement of those meetings even though the Board and the Superintendent had complied with the requirements of KRS 160.270(1). OAG 97-OMD-90.

A community college board of directors erred in characterizing a meeting as an emergency meeting and in failing to identify the subject to be discussed in the notice of that meeting; however, because the board complied with the requirements for conducting a special meeting, with the exception of identifying the matter to be discussed, and because the record was devoid of evidence that the complainant newspaper submitted a request for written notification of special meetings of the board, the only violation of the Open Meetings Act consisted of the deficiency in the content of the notice otherwise delivered and posted in a timely manner. OAG 00-OMD-80.

The record contained insufficient evidence to support the contention that the county board of education rescheduled a regular 4:00 p.m. meeting when it issued an agenda which mistakenly stated that the meeting would begin at 6:00 p.m., thus triggering the posting and notice requirements of the statute. OAG 99-OMD-153.

NOTES TO DECISIONS

1. Change of Meeting Date.

Where school board changed monthly meeting date in open meeting, where press release had been issued, where newspaper article appeared, and where citizens appeared at the meeting, there was no positive showing that the board had decided any matters regarding closing the school in closed session. Coppage v. Ohio County Bd. of Educ., 860 S.W.2d 779 (Ky. Ct. App. 1992).

61.826. Video teleconferencing of meetings.

(1) A public agency may conduct any meeting, other than a closed session, through video teleconference.

(2) Notice of a video teleconference shall comply with the requirements of KRS 61.820 or 61.823 as appropriate. In addition, the notice of a video teleconference shall:

(a) Clearly state that the meeting will be a video teleconference; and

(b) Precisely identify the video teleconference locations as well as which, if any, location is primary.

(3) The same procedures with regard to participation, distribution of materials, and other matters shall apply in all video teleconference locations.

(4) Any interruption in the video or audio broadcast of a video teleconference at any location shall result in the suspension of the video teleconference until the broadcast is restored.

61.835. Minutes to be recorded — Open to public.

The minutes of action taken at every meeting of any such public agency, setting forth an accurate record of votes and actions at such meetings, shall be promptly recorded and such records shall be open to public
inspection at reasonable times no later than immediately following the next meeting of the body.  

Opinions of Attorney General. The minutes of the State Board of Education must be recorded and open to public inspection pursuant to this section, but they need show only the formal action taken and the votes cast by the members; the minutes of a closed session should show that the statutory formality of KRS 61.815 was observed before going into a closed session and should indicate the general subject of the closed session but they need not show information which would defeat the purpose of holding a closed session on the authorized subject matter. OAG 81-387.

The names, positions, and addresses of all the persons who were on the disciplinary board which found for student's suspension were open to student's inspection under this section; however, the selection and appointment documents were exempt as "preliminary recommendations" under KRS 61.878. OAG 83-332.

Tape recordings of board of education meetings were public records within the meaning of KRS 61.870(2), although inspection thereof could be denied on the ground that the recordings were preliminary drafts regarding preparation of the official minutes, as inspection of preliminary drafts may be denied pursuant to KRS 61.878(1)(g). OAG 89-93.

No condition other than those required for the maintenance of order shall apply to the attendance of any member of the public at any meeting of a public agency. No person may be required to identify himself in order to attend any such meeting. All agencies shall provide meeting room conditions which insofar as is feasible allow effective public observation of the public meetings. All agencies shall permit news media coverage, including but not limited to recording and broadcasting.  

Opinions of Attorney General. With limited exceptions as provided for open meetings of public agencies, a local school board may prohibit nonstudents from entering upon school property; irrespective of the nature of activities which at the time are being conducted upon the property. OAG 90-11.

The county board of education's response to party complaining that at meeting some people could not hear, that the meeting site was inadequate and that people were forced to stand in the hallway and stand outside in the winter cold, violated the Open Meetings Act in that its written answer to the complaining party did not address the specific issues of accessibility to the meeting, noise in the meeting room, persons outside the meeting room in the hallway, and persons outside the building on a winter night; in addition, the response did not cite a section of the Open Meetings Act in support of the public agency's position and it did not provide a brief explanation of how that particular statutory provision applied to the situation involving the public agency. OAG 97-OMD-28.

Board of education violated the Open Meetings Act because even if the board met in a facility that would accomodate the number of persons normally expected to attend such meetings, where there was an overflow of attendees, the board of education should have made a good faith effort to handle the overflow crowd so that persons in the hallway and outside the building could have observed the public proceedings. OAG 97-OMD-28.

When the school board moved the meeting site of the board meeting which began in the school board office from the office to the school library, the latter location became the designated site from which all remaining proceedings and actions relative to the meeting should have been conducted and in the absence of any compelling reason to do so, the school board was not justified in moving the meeting to yet another location as such action is inconvenient to the public. OAG 97-OMD-84.

61.846. Enforcement by administrative procedure — Appeal.

(1) If a person enforces KRS 61.830 to 61.850 pursuant to this section, he shall begin enforcement under this subsection before proceeding to enforcement under subsection (2) of this section. The person shall submit a written complaint to the presiding officer of the public agency suspected of the violation of KRS 61.830 to 61.850. The complaint shall state the circumstances which constitute an alleged violation of KRS 61.830 to 61.850 and shall state what the public agency should do to remedy the alleged violation. The public agency shall determine within three (3) days, excepting Saturdays, Sundays, and legal holidays, after the receipt of the complaint whether to remedy the alleged violation pursuant to the complaint and shall notify in writing the person making the complaint, within the three (3) day period, of its decision. If the public agency makes efforts to remedy the alleged violation pursuant to the complaint, efforts to remedy the alleged violation shall not be admissible as evidence of wrongdoing in an administrative or judicial proceeding. An agency's response denying, in whole or in part, the complaint's requirements for remedying the alleged violation shall include a statement of the specific statute or statutes supporting the public agency's denial and a brief explanation of how the statute or statutes apply. The response shall be issued by the presiding officer, or under his authority, and shall constitute final agency action.

(2) If a complaining party wishes the Attorney General to review a public agency's denial, the complaining party shall forward a copy of the written complaint and a copy of the written denial within sixty (60) days from the date the written complaint was submitted to the presiding officer of the public agency. The Attorney General shall review the complaint and denial and issue within ten (10) days, excepting Saturdays, Sundays, and legal holidays, a written decision which states whether the agency violated the provisions of KRS 61.830 to 61.850. In arriving at the decision, the Attorney General may request additional documentation from the agency. On the day that the Attorney General renders his decision, he shall mail a copy to the agency and a copy to the person who filed the complaint.

(3) (a) If a public agency agrees to remedy an alleged violation pursuant to subsection (1) of this section, and the person who submitted the written complaint pursuant to subsection (1) of this section believes that the agency's efforts
in this regard are inadequate, the person may complain to the Attorney General.

(b) The person shall provide to the Attorney General:
1. The complaint submitted to the public agency;
2. The public agency’s response; and
3. A written statement of how the public agency has failed to remedy the alleged violation.

(c) The adjudicatory process set forth in subsection (2) of this section shall govern as if the public agency had denied the original complaint.

(4) (a) A party shall have thirty (30) days from the day that the Attorney General renders his decision to appeal the decision. An appeal within the thirty (30) day time limit shall be treated as if it were an action brought under KRS 61.848.

(b) If an appeal is not filed within the thirty (30) day time limit, the Attorney General’s decision, as to whether the agency violated the provisions of KRS 61.805 to 61.850, shall have the force and effect of law and shall be enforceable in the Circuit Court of the county where the public agency has its principal place of business or where the alleged violation occurred.

(5) A public agency shall notify the Attorney General of any actions filed against that agency in Circuit Court regarding enforcement of KRS 61.805 to 61.850.

Opinions of Attorney General. Where the school board, at an open and public meeting, voted to employ a certain law firm as of the date of that meeting, the school board did not violate the Open Meetings Act even though prior to such meeting the chairman and one member of the board hired such firm and paid for their services with their personal funds; nothing in the Open Meetings Act prohibits public officials from securing legal representation and advice with their personal funds outside the scope of a public meeting. OAG 94-OMD-83.

The county board of education’s response to party complaining that some at meeting some people could not hear, that the meeting site was inadequate and people were forced to stand in the hallway and outside in the winter cold, violated the Open Meetings Act in that its written answer to the complaining party did not address the specific issues of accessibility to the meeting, noise in the meeting room, persons outside the meeting room in the hallway, and persons outside the building on a winter night; in addition, the response did not cite a section of the Open Meetings Act in support of the public agency’s position and it did not provide a brief explanation of how that particular statutory provision applied to the situation involving the public agency. OAG 94-OMD-28.

While the school board violated the Open Meetings Act by its failure to file a written response to the complaint within the statutorily mandated time frame, its decision to not renew the superintendent’s contract was not a violation of the Open Meetings Act as that action was within the agenda of activities set forth in the notice for that special meeting which stated that “The purpose of the meeting will be to discuss renewal/ or action of the superintendent’s contract.” OAG 97-OMD-43.

The function of the Attorney General’s Office relative to the handling of an appeal under the Open Meetings Act is to issue a written decision stating whether the public agency violated the Act. The Attorney General cannot void actions taken or impose penalties for violations of the Act; only the Circuit Court can do that. OAG 97-OMD-90.

A city commission violated subsection (1), requiring an agency response to an open meetings complaint in writing and within three (3) business days, by failing to respond to complaint; a letter directed to the Attorney General following initiation of an open meetings appeal does not satisfy the statutory requirement. OAG 99-OMD-49.

A city council’s failure to respond in writing and within three (3) business days to a complaint constituted a procedural violation of the statute. OAG 99-OMD-104.

A planning and zoning commission’s failure to respond in writing, and within three (3) days, to a complaint, constituted a violation of the statute. OAG 99-OMD-146.

The failure of a county fiscal court to respond to an open meeting complaint within three (3) business days constituted a violation of the statute. OAG 99-OMD-213.

A county fiscal court’s response to a combined meetings complaint and records request was procedurally deficient insofar as it was not issued within three (3) business days, it failed to cite a statutory basis for the fiscal court’s position, and it failed to contain a brief supporting explanation. OAG 99-OMD-221.

A streetscape committee violated the statute by failing to respond in writing, and within three (3) business days, to an open meetings complaint. OAG 00-OMD-65.

The Attorney General is not authorized by the statute to declare actions taken at an improperly held meeting to be null and void. OAG 00-OMD-109.

A city commission’s failure to respond in writing to a complaint pertaining to a special meeting constituted a violation of the statute. OAG 00-OMD-142.

A complaint pertaining to a meeting of a city council failed to substantially conform to the requirements of subsection (1) where the complaint was not addressed to the mayor and did not propose a remedy. OAG 00-OMD-156.

NOTES TO DECISIONS

1. Application.
Where court found that closed meeting of county board of education had violated the open meetings of public agencies law and declared all action taken at the meeting void and enjoined the board from holding future closed sessions on certain topics discussed at the meeting, the court remained within the authority supplied it by former law regarding enforcement of law concerning open meetings in granting such relief and as long as the board and its members made a good faith effort to obey they would not be cited for contempt. Jefferson County Bd. of Educ. v. Courier-Journal, 551 S.W.2d 25 (Ky. Ct. App. 1977) (decided under prior law).

61.848. Enforcement by judicial action — De novo determination in appeal of Attorney General’s decision — Voidability of action not substantially complying — Awards in willful violation actions.

(1) The Circuit Court of the county where the public agency has its principal place of business or where the alleged violation occurred shall have jurisdiction to enforce the provisions of KRS 61.805 to 61.850, as they pertain to that public agency, by injunction or other appropriate order on application of any person.
(2) A person alleging a violation of the provisions of KRS 61.805 to 61.850 shall not have to exhaust his remedies under KRS 61.846 before filing suit in a Circuit Court. However, he shall file suit within sixty (60) days from his receipt of the written denial referred to in subsections (1) and (2) of KRS 61.846 or, if the public agency refuses to provide a written denial, within sixty (60) days from the date the written complaint was submitted to the presiding officer of the public agency.

(3) In an appeal of an Attorney General’s decision, where the appeal is properly filed pursuant to subsection (4)(a) of KRS 61.846, the court shall determine the matter de novo.

(4) Except as otherwise provided by law or rule of court, proceedings arising under this section take precedence on the docket over all other causes and shall be assigned for hearing and trial at the earliest practicable date.

(5) Any rule, resolution, regulation, ordinance, or other formal action of a public agency without substantial compliance with the requirements of KRS 61.810, 61.815, 61.820, and KRS 61.823 shall be voidable by a court of competent jurisdiction.

(6) Any person who prevails against any agency in any action in the courts regarding a violation of KRS 61.805 to 61.850, where the violation is found to be willful, may be awarded costs, including reasonable attorneys’ fees, incurred in connection with the legal action. In addition, it shall be within the discretion of the court to award the person an amount not to exceed one hundred dollars ($100) for each instance in which the court finds a violation. Attorneys’ fees, costs, and awards under this subsection shall be paid by the agency responsible for the violation.

KRS 61.805 to 61.850 shall not be construed as repealing any of the laws of the Commonwealth relating to meetings but shall be held and construed as ancillary and supplemental thereto.

OPEN RECORDS

61.870. Definitions for KRS 61.872 to 61.884.

As used in KRS 61.872 to 61.884, unless the context requires otherwise:

(a) “Public agency” means:
(b) “Public record” means all books, papers, maps, photographs, cards, tapes, discs, diskettes, recordings, software, or other documentation regardless of physical form or characteristics, which are prepared, owned, used, in the possession of or retained by a public agency. “Public record” shall not include any records owned or maintained by or for a body referred to in subsection (1)(h) of this section that are not related to functions, activities, programs, or operations funded by state or local authority;
(c) “Software” means the program code which makes a computer system function, but does not include that portion of the program code which contains public records exempted from inspection as provided by KRS 61.878 or specific addresses of files, passwords, access
codes, user identifications, or any other mechanism for controlling the security or restricting access to public records in the public agency's computer system.

(b) "Software" consists of the operating system, application programs, procedures, routines, and subroutines such as translators and utility programs, but does not include that material which is prohibited from disclosure or copying by a license agreement between a public agency and an outside entity which supplied the material to the agency;

(4) (a) "Commercial purpose" means the direct or indirect use of any part of a public record or records, in any form, for sale, resale, solicitation, rent, or lease of a service, or any use by which the user expects a profit either through commission, salary, or fee.

(b) "Commercial purpose" shall not include:
1. Publication or related use of a public record by a newspaper or periodical;
2. Use of a public record by a radio or television station in its news or other informational programs; or
3. Use of a public record in the preparation for prosecution or defense of litigation, or claims settlement by the parties to such action, or the attorneys representing the parties;

(5) "Official custodian" means the chief administrative officer or any other officer or employee of a public agency who is responsible for the maintenance, care and keeping of public records, regardless of whether such record is in his actual personal custody and control;

(6) "Custodian" means the official custodian or any authorized person having personal custody and control of public records;

(7) "Media" means the physical material in or on which records may be stored or represented, and which may include, but is not limited to paper, microform, disks, diskettes, optical disks, magnetic tapes, and cards; and

(8) "Mechanical processing" means any operation or other procedure which is transacted on a machine, and which may include, but is not limited to a copier, computer, recorder or tape processor, or other automated device.

Opinions of Attorney General. If a citizen requests to see the appointing documents for five (5) employees of the school board or even for twenty-five (25) employees there is no reason he should not be allowed access to the records and requests by school board that when specific individuals are involved in the request they should be asked for on a one (1) individual at a time basis was not justified. OAG 76-756.

The records pertaining to the salary, expense allowances and employee benefits of the employees of the University of Kentucky are public records subject to public inspection. OAG 78-179.

The Somerset Community College, an agency under the control of the board of trustees of the University of Kentucky, is a public agency within the definition of the Kentucky Open Records Law. OAG 79-348.

Where newspaper reporter sought records of unrestricted expenditures of the University of Louisville Foundation, Inc. for certain years, it was improper for university custodian of records to deny inspection of records on the basis of a judicial determination that the foundation was not a public agency under KRS 61.805 and the Open Meetings Law since the request for the records and the response thereto was not made by or to the foundation but by the university which is a public agency under the Open Records Law. OAG 81-2.

OAG 81-281.

Other libraries may refuse to disclose for public inspection their circulation records. As far as the Open Records Law is concerned, they may also make the records open if they so choose; however, the privacy rights which are inherent in a democratic society should constrain all libraries to keep their circulation lists confidential. OAG 82-149.

Clinical income derived from the services of physicians on the University of Kentucky’s faculty in its College of Medicine, which is collected by the University and remitted monthly to the Kentucky Medical Services Foundation, Inc. (KMSF), under an agreement between the University and KMSF whereby KMSF reimburses the University for expenses and disburses clinical income to faculty physicians on the basis of their services, does not at any time become public money so as to constitute funding by state or local authority. OAG 82-216.

The public generally was entitled to inspect correspondence between two (2) public agencies, the Medical Center of the University of Kentucky and the Kentucky Board of Medical Licensure. OAG 83-60.

School activity funds are under the control, and are the responsibility, of the principal and the principal is the official custodian of the records; any person is entitled to inspect the business records concerning such funds, but any items in the records which are made confidential by the Family Educational Rights and Privacy Act of 1974 or any state law may be deleted from the records before they are made available for public inspection. OAG 83-248.

A request to inspect public records under the Open Records Law was properly denied to the extent that the request related to documents of the Kentucky Educational Foundation, Inc. as the Foundation is not a public agency and does not appear to derive at least 25% of its funds from state or local authority; however, the request to inspect public records was improperly denied to the extent that the request related to records of the State Department of Education concerning the actual contributions, expenditures and services rendered by the Department to the Kentucky Educational Foundation, Inc. OAG 84-382.

Since a school district is a public agency under the Open Records Law and the certificates required by KRS 161.020 are public records as defined in Subsection (2) of this section, denial of a request to inspect the certificates required by KRS 161.020 to be filed with the Board of Education was improper under the Open Records Law, except that information, if any, on the certificates of a personal nature, such as social security numbers, home addresses and telephone numbers, need not be released. OAG 85-109.

The school system improperly denied the applicant-teacher’s request for a copy of that portion of a tape containing the applicant-teacher’s answers to questions propounded by the school system, the questions having been asked as part of the school system’s teacher selection process. OAG 87-56.
The tapes of the hearing concerning a teacher contract termination proceeding conducted pursuant to KRS 161.790 were available for public inspection under the Open Records Law even though the tapes were in the possession of the reporter-transcriber rather than the Board of Education, as the teacher requested a public hearing and the matter had not reached the courts. OAG 87-62.

A university’s copy of a letter from the National Collegiate Athletic Association (NCAA) addressed to counsel representing the University’s assistant coach was a public record subject to public inspection unless one of the exceptions to public records could be properly invoked. OAG 88-47.

Where the private college did not receive any grants or loans from the Higher Education Assistance Authority, there was no evidence that the college was a “public agency” within the meaning of subdivision (1) of KRS 61.870, and the college properly denied the request to inspect its records and documents as it was not subject to the terms and provisions of the Open Records Act. OAG 88-61.

The Kentucky State University Foundation, Inc., is a recognized fund-raising instrumentality of Kentucky State University, and is thus an “agency thereof,” within the meaning of subdivision (1) of this section. OAG 89-92.

Tape recordings of board of education meetings were public records within the meaning of this section, although inspection thereof could be denied on the ground that the recordings were preliminary drafts regarding preparation of the official minutes, as inspection of preliminary drafts may be denied pursuant to KRS 61.878(1)(g). OAG 89-93.

The Interfraternity and Panhellenic Councils at Eastern Kentucky University may be deemed “public agencies” for purposes of the Open Records Act, only if they derive at least 25% of their funds from state or local authority; the term “funds” refers to a sum or sums of money and while it is true that the Interfraternity and Panhellenic Councils derive an appreciable benefit from the University this benefit cannot be quantified, or otherwise translated into a monetary figure; therefore the Interfraternity and Panhellenic Councils are not public agencies within the meaning of KRS 61.870, et seq. and are not public agencies within the meaning of, or subject to, the Open Meetings Law. OAG 92-62.

County board of education did not violate the provisions of the Open Records Act by failing to afford access to teacher evaluations of cheerleading tryouts where those records had “disappeared,” insofar as county board could not make available records which have disappeared or otherwise do not exist. OAG 94-ORD-142.

Where the University’s official custodian of records failed to cite any of the “exceptions” to the general rule, found at KRS 61.872(4), (5), and (6), the University was obligated to physically retrieve and make available for inspection and for copying those specifically identified requested public records that were housed in a separate location. OAG 95-ORD-52.

County public schools system properly relied upon KRS 61.878(1)(a) in denying newspaper reporter’s request for information as to each individual employee’s race and gender. Providing the requester with alternative information, through a computer printout, as to the specific number of employees at each location which included personnel totals by race and sex broken down by schools, salaried employees and hourly employees met the principal purpose of the Open Records Act. This alternative information allowed the citizen to monitor the functioning and operations of the public agency and to be informed as to what their government was doing. OAG 96-ORD-232.

An agreement reached between a school district and a former employee was a public record, notwithstanding the “limited” role that the school district played in negotiating the terms of the agreement, as there was no doubt that it was a party to the agreement and that the agreement was owned, used, in the possession of or retained by the school district. OAG 00-ORD-5.

An eighty-four (84) page document prepared by a consultant for a university board of regents, which evaluated the president of the university, was a public record within the meaning of the statute as it was owned, used, and in the possession of a public agency. OAG 00-ORD-46.

NOTES TO DECISIONS
ANALYSIS

1. Public records.
7. Attorney/client privilege.

State university’s response to inquiry by collegiate athletic association into rules violation was not exempt from disclosure under Open Records Act exemption for public records. It is clear that the university is a “public agency” and the entire response submitted by the university to the National Collegiate Athletic Association (NCAA) constitutes a public record. Where the university spent over $400,000.00 for the response and the public has a legitimate interest in its contents, the response is not exempt. Furthermore, the contents of the response are a matter of public interest and release would not constitute a clearly unwarranted invasion of personal privacy. University of Ky. v. Courier-Journal & Louisville Times Co., 830 S.W.2d 373 (Ky. 1992).

Any common law regarding access to records maintained by public agencies was codified and preempted by the General Assembly’s passage of the Open Records Act. University of Ky. v. Courier-Journal & Louisville Times Co., 830 S.W.2d 373 (Ky. 1992).

7. Attorney/client privilege.

Public records protected by the attorney-client privilege are ordinarily excludable from the disclosure requirements of the Open Records Act. Hahn v. University of Louisville, 80 S.W.3d 771 (Ky. Ct. App. 2001).

The General Assembly finds and declares that the basic policy of KRS 61.870 to 61.884 is that free and open examination of public records is in the public interest and the exceptions provided for by KRS 61.878 or otherwise provided by law shall be strictly construed, even though such examination may cause inconvenience or embarrassment to public officials or others. (Enact. Acts 1992, ch. 163, § 1, effective July 14, 1992.)

Opinions of Attorney General. The University of Kentucky subverted the intent of the Open Records Act, which is essentially related to the intent of the State Archives and Records Act, by failing to develop a coherent scheme for the organized maintenance of records at identified maintenance locations. OAG 94-ORD-121.

The University of Kentucky subverted the intent of the Open Records Act, which is essentially related to the intent of the State Archives and Records Act, by failing to develop an adequate program for ensuring records management through agency oversight of employee records handling practices. OAG 94-ORD-121.

61.8715. Legislative findings.

The General Assembly finds an essential relationship between the intent of this chapter and that of KRS 171.410 to 171.740, dealing with the management of
public records, and of KRS 11.501 to 11.517, 45.253, 171.420, 186A.040, 186A.285, and 194B.102, dealing with the coordination of strategic planning for computerized information systems in state government; and that to ensure the efficient administration of government and to provide accountability of government activities, public agencies are required to manage and maintain their records according to the requirements of these statutes. The General Assembly further recognizes that while all government agency records are public records for the purpose of their management, not all these records are required to be open to public access, as defined in this chapter, some being exempt under KRS 61.878.

Legislative Research Commission Note. (7/14/2000).
This section was amended by 2000 Ky. Acts chs. 506 and 536, which are identical and have been codified together.

61.872. Right to inspection — Limitation.

(1) All public records shall be open for inspection by any person, except as otherwise provided by KRS 61.870 to 61.884, and suitable facilities shall be made available by each public agency for the exercise of this right. No person shall remove original copies of public records from the offices of any public agency without the written permission of the official custodian of the record.

(2) Any person shall have the right to inspect public records. The official custodian may require written application, signed by the applicant and with his name printed legibly on the application, describing the records to be inspected. The application shall be hand delivered, mailed, or sent via facsimile to the public agency.

(3) A person may inspect the public records:
   (a) During the regular office hours of the public agency; or
   (b) By receiving copies of the public records from the public agency through the mail. The public agency shall mail copies of the public records to a person whose residence or principal place of business is outside the county in which the public records are located after he precisely describes the public records which are readily available within the public agency. If the person requesting the public records requests that copies of the records be mailed, the official custodian shall mail the copies upon receipt of all fees and the cost of mailing.

(4) If the person to whom the application is directed does not have custody or control of the public record requested, that person shall notify the applicant and shall furnish the name and location of the official custodian of the agency’s public records.

(5) If the public record is in active use, in storage or not otherwise available, the official custodian shall immediately notify the applicant and shall designate a place, time, and date for inspection of the public records, not to exceed three (3) days from receipt of the application, unless a detailed explana-

nation of the cause is given for further delay and the place, time, and earliest date on which the public record will be available for inspection.

(6) If the application places an unreasonable burden in producing public records or if the custodian has reason to believe that repeated requests are intended to disrupt other essential functions of the public agency, the official custodian may refuse to permit inspection of the public records or mail copies thereof. However, refusal under this section shall be sustained by clear and convincing evidence.

Opinions of Attorney General. Under this section a person does not have to be a resident of any particular place to qualify for inspection of public records; therefore a school office could not withhold records from the inspection of a requestor who is not a resident of the school district. OAG 77-151.

There is no statutory requirement that an agenda be prepared for regular meetings of the school board but if an agenda is prepared it is a public record; an agenda is required for a special meeting of the school board and it is also a “public record”; such agendas are “public records” pursuant to this section and open for inspection by any person during the regular office hours of the public agency. OAG 77-221.

A request to inspect any standard contract or printed contract form used by a county’s schools during the years 1978, 1979 or 1980, for the purchase of instructional materials was specific enough and should have been compiled with. OAG 80-289.

When the media attempts to carry out an evaluation regarding the quality of schools throughout the state, there is no unwarranted invasion of personal privacy in examining relevant prior work experience and educational qualifications of employees or former employees, and the same view applies to educational qualifications or levels attained by public employees. OAG 89-90.

A schoolteacher’s college transcript is not subject to inspection, where a school board has denied inspection pursuant to KRS 61.878(1)(a). OAG 89-90.

The Kentucky State University Foundation, Inc., is a recognized fund-raising instrumentality of Kentucky State University, and is thus an “agency thereof,” within the meaning of KRS 61.870(1). OAG 89-92.

A state university acted consistently with Open Records provisions in denying inspection of records where the majority of the several hundred records sought contained “education records,” as defined, and effectively made confidential by the federal Buckley Amendment, such that virtually all of the records requested would require redaction or masking to remove information personally identifiable to a student; an unreasonable burden in view of the scope of the request(s), if the records were to be made available for inspection without jeopardizing federal aid. OAG 90-24.

A state university failed to act consistently with Open Records provisions in denying a request to inspect five (5) particular public safety dispatcher log cards, where the request for those specified items was particular, and narrow in scope, thus making redaction or masking of confidential information feasible without placing an unreasonable burden upon the agency. OAG 90-24.

Where university treated four (4) separate requests for inspection of certain documents as one request, its response was improper for while it may well have wished to expedite this matter by issuing a single response, it nevertheless erred
It was incumbent on a board of education to adopt a uniform policy relative to release of board packets for upcoming meetings. OAG 99-ORD-155.

A board of education was not obligated to honor a standing request for access to board packets for upcoming meetings. OAG 99-ORD-155.

A settlement agreement between a party litigant and a school district, sealed or unsealed, is a public record and cannot be withheld from public disclosure, unless the document is properly excluded from disclosure by one or more of the applicable exceptions of KRS 61.878(1) of the Open Records Act or other applicable law; if the settlement agreement is sealed by order of a court, the question of whether the document is subject to public inspection must be raised in the judicial system, and the burden of showing that the record is exempt from disclosure falls upon the public agency or the affected party. OAG 01-6.

61.874. Abstracts, memoranda, copies — Agency may prescribe fee — Use of nonexempt public records for commercial purposes — Online access.

(1) Upon inspection, the applicant shall have the right to make abstracts of the public records and memoranda thereof, and to obtain copies of all public records not exempted by the terms of KRS 61.878. When copies are requested, the custodian may require a written request and advance payment of the prescribed fee, including postage where appropriate. If the applicant desires copies of public records other than written records, the custodian of the records shall duplicate the records or permit the applicant to duplicate the records; however, the custodian shall ensure that such duplication will not damage or alter the original records.

(2) (a) Nonexempt public records used for noncommercial purposes shall be available for copying in either standard electronic or standard hard copy format, as designated by the party requesting the records, where the agency currently maintains the records in electronic format. Nonexempt public records used for noncommercial purposes shall be copied in standard hard copy format where agencies currently maintain records in hard copy format. Agencies are not required to convert hard copy format records to electronic formats.

(b) The minimum standard format in paper form shall be defined as not less than 8 1/2 inches x 11 inches in at least one (1) color on white paper, or for electronic format, in a flat file electronic American Standard Code for Information Interchange (ASCII) format. If the public agency maintains electronic public records in a format other than ASCII, and this format conforms to the requestor’s requirements, the public record may be provided in this alternate electronic format for standard fees as specified by the public agency. Any request for a public record in a form other than the forms described in this section shall be considered a nonstandardized request.

(3) The public agency may prescribe a reasonable fee for making copies of nonexempt public records.
requested for use for noncommercial purposes which shall not exceed the actual cost of reproduction, including the costs of the media and any mechanical processing cost incurred by the public agency, but not including the cost of staff required. If a public agency is asked to produce a record in a nonstandardized format, or to tailor the format to meet the request of an individual or a group, the public agency may at its discretion provide the requested format and recover staff costs as well as any actual costs incurred.

(4) (a) Unless an enactment of the General Assembly prohibits the disclosure of public records to persons who intend to use them for commercial purposes, if copies of nonexempt public records are requested for commercial purposes, the public agency may establish a reasonable fee.

(b) The public agency from which copies of nonexempt public records are requested for a commercial purpose may require a certified statement from the requestor stating the commercial purpose for which they shall be used, and may require the requestor to enter into a contract with the agency. The contract shall permit use of the public records for the stated commercial purpose for a specified fee.

(c) The fee provided for in subsection (a) of this section may be based on one or both of the following:

1. Cost to the public agency of media, mechanical processing, and staff required to produce a copy of the public record or records;

2. Cost to the public agency of the creation, purchase, or other acquisition of the public records.

(5) It shall be unlawful for a person to obtain a copy of any part of a public record for:

(a) Commercial purpose, without stating the commercial purpose, if a certified statement from the requester was required by the public agency pursuant to subsection (4)(b) of this section; or

(b) Commercial purpose, if the person uses or knowingly allows the use of the public record for a different commercial purpose; or

(c) Noncommercial purpose, if the person uses or knowingly allows the use of the public record for a commercial purpose. A newspaper, periodical, radio or television station shall not be held to have used or knowingly allowed the use of the public record for a commercial purpose merely because of its publication or broadcast, unless it has also given its express permission for that commercial use.

(6) Online access to public records in electronic form, as provided under this section, may be provided and made available at the discretion of the public agency. If a party wishes to access public records by electronic means and the public agency agrees to provide online access, a public agency may require that the party enter into a contract, license, or other agreement with the agency, and may charge fees for these agreements. Fees shall not exceed:

(a) The cost of physical connection to the system and reasonable cost of computer time access charges; and

(b) If the records are requested for a commercial purpose, a reasonable fee based on the factors set forth in subsection (4) of this section.

Opinions of Attorney General. Where a requester seeks photocopies of all official minutes of any special or regular school board meetings held in a certain county in 1981 and photocopies of all regular or special meetings held in the future, it is discretionary, as to the past meetings, whether the agency should first require the request to inspect the records before ordering copies or to provide copies of the complete records for a reasonable fee without first inspecting them, and, for the future meetings, the requestor must pay at the rates established by the agency for request copies of future meetings, since the right to copies is ancillary to the right to inspect under subsection (1) of this section. OAG 81-212.

While the school system may refuse to disclose the home addresses of students, it may not withold the names of students attending the school. A list of names should be furnished, if currently available, or the school system should prepare such a list, or let the requesting party prepare his or her own list from school system records. OAG 88-50.

Upon inspection, copying of the minutes of special meetings of a County School Board must be permitted; a reasonable fee, not exceeding the cost thereof, can be imposed for the copies. OAG 89-27.

Since the University of Kentucky Medical Center is clearly a public agency, it is therefore subject to the Open Records Act and the demand of $153 reproduction fee by the Medical Center was inconsistent with subsection (2) of this section. OAG 91-98.

Nothing in the Open Records Act statutes permits an agency to restrict a person to whom records have been released from reproducing those records or sharing them with others; accordingly a county board of education cannot restrain a recipient from reproducing the records with which she has been furnished. OAG 95-ORD-77.

University could not and was not required to furnish employee lists to a news media. Opinions of Attorney General 95-ORD-77. The University of Kentucky Medical Center is clearly a public agency, it is therefore subject to the Open Records Act and the demand of $153 reproduction fee by the Medical Center was inconsistent with subsection (2) of this section. OAG 91-98.

A university's fifteen (15) cent per page copying fee for open records requests was excessive where the university charged its faculty and students five (5) to eight (8) cents per copy, while charging those not associated with the university ten (10) cents to use the coin operated machines on campus, and six (6) cents for copies made pursuant to an open records request; the university explained that the cost of each individual request is subsidizes the discount rate given to its faculty and students, but the Open Records Act does not authorize the university to charge more than its actual cost for reproducing copies of public records. OAG 97-ORD-87.

A university's fifteen (15) cent per page copying fee for open records requests was excessive where the university charged its faculty and students five (5) to eight (8) cents per copy, while charging those not associated with the university ten (10) cents to use the coin operated machines on campus, and fifteen (15) cents for copies made pursuant to an open records request; the university explained that the cost of each individual request is subsidizes the discount rate given to its faculty and students, but the Open Records Act does not authorize the university to charge more than its actual cost for reproducing copies of public records and, instead, the fee charge must be based upon the agency's actual cost for reproducing records per page, based on the cost of media and mechanical processing. OAG 99-ORD-186.

61.8745. Damages recoverable by public agency for person's misuse of public records.

A person who violates subsections (2) to (6) of KRS 61.874 shall be liable to the public agency from which the public records were obtained for damages in the amount of:
(1) Three (3) times the amount that would have been charged for the public record if the actual commercial purpose for which it was obtained or used had been stated;
(2) Costs and reasonable attorney’s fees; and
(3) Any other penalty established by law.

61.876. Agency to adopt rules and regulations.
(1) Each public agency shall adopt rules and regulations in conformity with the provisions of KRS 61.870 to 61.884 to provide full access to public records, to protect public records from damage and disorganization, to prevent excessive disruption of its essential functions, to provide assistance and information upon request and to insure efficient and timely action in response to application for inspection, and such rules and regulations shall include, but shall not be limited to:
(a) The principal office of the public agency and its regular office hours;
(b) The title and address of the official custodian of the public agency’s records;
(c) The fees, to the extent authorized by KRS 61.874 or other statute, charged for copies;
(d) The procedures to be followed in requesting public records.
(2) Each public agency shall display a copy of its rules and regulations pertaining to public records in a prominent location accessible to the public.
(3) The Finance and Administration Cabinet may promulgate uniform rules and regulations for all state administrative agencies.

Cross-References. Procedures for record request, 701 KAR 5:035.
Opinions of Attorney General. A county board of education did not violate the statute where the requester sought to inspect voluminous records, many of which were not immediately accessible, and the board arranged for the requester to inspect the documents over a two (2) day period beginning 20 days after the statutory deadline for inspection. OAG 99-ORD-26.

A board of education could not restrict the requester’s right of on-site access to three (3) hours on a single day, notwithstanding that the board elected to assign an employee and a law enforcement officer to monitor the requester’s inspection of the records, where the board acknowledged that no restraining order was issued against the requester to prevent him from entering the board’s offices. OAG 99-ORD-44.

Where a request for records was submitted to the director of a corrections education center at a correctional complex, a position created by a memorandum of agreement between the Department of Corrections and the Kentucky Community Technical College System (KCTCS), the director’s response that the requester that he should submit his request to KCTCS’s official records custodian did not constitute an intentional subversion of the Open Records Act. OAG 00-ORD-12.

61.878. Certain public records exempted from inspection except on order of court — Restriction of state employees to inspect personnel files prohibited.
(1) The following public records are excluded from the application of KRS 61.870 to 61.884 and shall be subject to inspection only upon order of a court of competent jurisdiction, except that no court shall authorize the inspection by any party of any materials pertaining to civil litigation beyond that which is provided by the Rules of Civil Procedure governing pretrial discovery:
(a) Public records containing information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy;
(b) Records confidentially disclosed to an agency and compiled and maintained for scientific research. This exemption shall not, however, apply to records the disclosure or publication of which is directed by another statute;
(c) Upon and after July 15, 1992, records confidentially disclosed to an agency or required by an agency to be disclosed to it, generally recognized as confidential or proprietary, which if openly disclosed would permit an unfair commercial advantage to competitors of the entity that disclosed the records;
(2) Upon and after July 15, 1992, records confidentially disclosed to an agency or required by an agency to be disclosed to it, generally recognized as confidential or proprietary, which are compiled and maintained:
(a) In conjunction with an application for or the administration of a loan or grant;
(b) In conjunction with an application for or the administration of assessments, incentives, inducements, and tax credits as described in KRS Chapter 154;
(c) In conjunction with the regulation of commercial enterprise, including mineral exploration records, unpatented, secret commercially valuable plans, appliances, formulae, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person; or
(d) For the grant or review of a license to do business.
3. The exemptions provided for in subparagraphs 1. and 2. of this paragraph shall not apply to records the disclosure or publication of which is directed by another statute;
(d) Public records pertaining to a prospective location of a business or industry where no previous public disclosure has been made of the business’ or industry’s interest in locating in, relocating within or expanding within the Commonwealth. This exemption shall not include those records pertaining to application to agencies for permits or licenses necessary to
do business or to expand business operations within the state, except as provided in paragraph (c) of this subsection;

(e) Public records which are developed by an agency in conjunction with the regulation or supervision of financial institutions, including but not limited to, banks, savings and loan associations, and credit unions, which disclose the agency’s internal examining or audit criteria and related analytical methods;

(f) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made by or for a public agency relative to acquisition of property, until such time as all of the property has been acquired. The law of eminent domain shall not be affected by this provision;

(g) Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination before the exam is given or if it is to be given again;

(h) Records of law enforcement agencies or agencies involved in administrative adjudication that were compiled in the process of detecting and investigating statutory or regulatory violations if the disclosure of the information would harm the agency by revealing the identity of informants not otherwise known or by premature release of information to be used in a prospective law enforcement action or administrative adjudication. Unless exempted by other provisions of KRS 61.870 to 61.884, public records exempted under this provision shall be open after enforcement action is completed or a decision is made to take no action; however, records or information compiled and maintained by county attorneys or Commonwealth’s attorneys pertaining to criminal investigations or criminal litigation shall be exempted from the provisions of KRS 61.870 to 61.884 and shall remain exempted after enforcement action, including litigation, is completed or a decision is made to take no action. The exemptions provided by this subsection shall not be used by the custodian of the records to delay or impede the exercise of rights granted by KRS 61.870 to 61.884;

(i) Preliminary drafts, notes, correspondence with private individuals, other than correspondence which is intended to give notice of action or a decision of a public agency;

(j) Preliminary recommendations, and preliminary memoranda in which opinions are expressed or policies formulated or recommended;

(k) All public records or information the disclosure of which is prohibited by federal law or regulation; and

(l) Public records or information the disclosure of which is prohibited or restricted or otherwise made confidential by enactment of the General Assembly.

(2) No exemption in this section shall be construed to prohibit disclosure of statistical information not descriptive of any readily identifiable person.

(3) No exemption in this section shall be construed to deny, abridge, or impede the right of a public agency employee, including university employees, an applicant for employment, or an eligible on a register to inspect and to copy any record including preliminary and other supporting documentation that relates to him. The records shall include, but not be limited to, work plans, job performance, demotions, evaluations, promotions, compensation, classification, reallocation, transfers, layoffs, disciplinary actions, examination scores, and preliminary and other supporting documentation. A public agency employee, including university employees, applicant, or eligible shall not have the right to inspect or to copy any examination or any documents relating to ongoing criminal or administrative investigations by an agency.

(4) If any public record contains material which is not excepted under this section, the public agency shall separate the excepted and make the nonexcepted material available for examination.

(5) The provisions of this section shall in no way prohibit or limit the exchange of public records or the sharing of information between public agencies when the exchange is serving a legitimate governmental need or is necessary in the performance of a legitimate government function.

Legislative Research Commission Note. (7/15/94). This section was amended by 1994 Ky. Acts chs. 262 and 450 which do not appear to be in conflict and have been codified together.

Compiler’s Notes. Section 38 of Acts 1994, ch. 450 provides that: “It is the intent of the General Assembly that the amendment to Section 34 of this Act shall be retroactive to July 15, 1992.”

Opinions of Attorney General. The detailed line item budget for the Jefferson County School System for the fiscal year 1976-1977, call the “budget book,” should be open to public inspection and the public should have access to the revisions made therein since the official nature of the budget book removes it from the classification of a preliminary draft or a preliminary recommendation and thus it does not come within the exemptions of subsections (1)(g) and (h) of this section. OAG 76-551.

Under the exemption to open inspection provided by this section, a state university could properly refuse the request of an instructor to inspect her annual evaluations. OAG 77-394.

A document titled “Requirements for Kindergarten” and a report of the equal opportunity office at the University of Kentucky is exempt under subsection (1)(h) of this section: “preliminary recommendations, and preliminary memoranda in which opinions are expressed or policies formulated or...
The records of a law firm hired to investigate charges brought against a state university official are not public records, but rather are the work product of the attorneys of that firm, and, since such work product is confidential under a rule promulgated pursuant to KRS 447.134, they are exempt from disclosure by subsection (1)(j) of this section as records made confidential by enactment of the general assembly. OAG 81-291.

No person can demand as a matter of right to inspect the circulation records of any type of library — school, public, academic or special — under the Open Records Law. OAG 82-169.

The contract or contracts between a county board of education, which was involved in litigation, and its attorneys should be made available for public inspection; although such a contract might not be discoverable under court rules, contracts of public agencies must be openly made and available for inspection by the public and knowledge of the terms of such contracts would not hinder the agency in the prosecution of its law suits. OAG 82-169.

University officials properly withheld inspection of the personnel file of the requester, which included letters of evaluation by faculty members, because the university is entitled to protect the privacy of the faculty members who wrote the letters of evaluation and because the letters contained preliminary recommendations and preliminary memoranda in which opinions were expressed; such faculty letters were exempt from inspection under subdivisions (1)(a) or (1)(h) of this section. OAG 82-204.

Where a state university committee filed a letter with a dean concerning the promotion and tenure of a certain professor and the letter contained the advice and recommendation of the committee, the letter was exempt from the mandatory requirement of public inspection and could be withheld from the professor’s inspection under either subdivision (1)(a) or (1)(h) of this section. OAG 82-211.

The records of graduate council decisions pertaining to individual students are confidential by law; there is no exception for statistical information in KRS 164.283, and this statute takes precedence over the Open Records Act. OAG 82-279.

A request for records compiled by security officers of the county board of education in connection with the investigation of criminal charges involving the requesting attorney's client, which records might be used in a prospective law enforcement action or administrative adjudication before the board of education, was properly denied under subdivision (1)(f) of this section. The inspection of the described records could only be mandatorily required by a requester by order of a court until
such time as the enforcement action was completed or a decision was made to take no action. OAG 82-280.

If a request is made to inspect personnel action laying off, hiring or rehiring faculty and staff of a university during a reasonable period, the request should be granted either by allowing inspection of records after private matters have been deleted or by preparing a list of nonexempt information; the name, position, salary and period of employment of each person subject to personnel action during a reasonable specified period is nonexempt information. OAG 82-506.

Where a newspaper reporter requested information as to the status of a complaint of present or former university employees, she was asking for information of a personal nature which was made exempt from mandatory public disclosure by subdivision (1)(a) of this section and the university was correct in relying on that statutory provision in denying the request. The university’s offer to provide statistical data and nonexempt information on named individual employees, which presumably would inform the requester of the name, position, work station and salary, satisfied the requirements of the law. OAG 82-506.

Where a request was made to inspect “lists or records that would designate laid-off faculty members as tenured or non-tenured” such contract status was a public matter and the university should comply with the request. OAG 82-506.

The exemptions in the Open Records Law provided in subdivision (1) of this section are permissive, not mandatory and, since Kentucky has no privacy law, a records’ custodian has the authority to release exempted records unless there is some statute which makes the records confidential; there is no such statute pertaining to personnel records and, therefore, a school superintendent would have the authority to make teacher personnel records available to the public unless the school district had a policy of keeping the records confidential. In such case, every person requesting to inspect the records should be treated alike. OAG 83-329.

Under the Kentucky Open Records Law and under Kentucky case law a school superintendent had the legal right to refuse to send the personnel files of other teachers to the EEOC on the grounds that to do so would violate their personal privacy OAG 83-329.

Documents pertaining to student’s suspension were open to inspection by him, except documents which contained preliminary drafts, notes, correspondence with private individuals or preliminary recommendations and memoranda in which opinions were expressed or policies formulated or recommended, which could be properly exempted from his inspection; any complaints against him were also open to his inspection as were any written decisions by the disciplinary board. OAG 83-332.

The names, positions, and addresses of all the persons who were on the disciplinary board which found for student’s suspension were open to student’s inspection under KRS 61.835; however, the selection and appointment documents were exempt as “preliminary recommendations.” OAG 83-332.

A letter written to the head of a university’s art department by the university’s president on behalf of the board of regents containing charges against the department head was exempt from inspection under subdivision (1)(a) of this section as a protection against an invasion of personal privacy of the department head, and under subdivision (1)(g) of this section as correspondence with a private individual which was not intended to give notice of a final agency action. OAG 83-358.

The class and grade statistical data of the Comprehensive Tests of Basic Skills, a standardized test administered to 3rd, 5th, 7th, and 10th grade students, as compiled by the Jefferson County Public Schools and released to each individual school, are open to public inspection under the Open Records Law, as long as the class and grade reports are not descriptive of any readily identifiable person. OAG 83-371.

Where one university student seeks the release of a tape or transcript of a student disciplinary hearing in which several other students were also involved, only those parts of the tape or transcript which relate to the student requesting access are available to him, since the other students have the right under subdivision (1)(a) of this section to nondisclosure of private information. OAG 83-427.

A student involved in student disciplinary proceedings at a university can be exempted from inspecting the records of the hearing (1) if public disclosure constitutes a clearly unwarranted invasion of another’s privacy (such as another student’s); (2) if the record contains correspondence with a private individual other than a notice of a final action; (3) if the records contain preliminary recommendations or memoranda which express opinions or policies; (4) if disclosure is prohibited by federal law or regulation or by the Kentucky General Assembly. OAG 83-427.

The denial of a request to inspect the letter of a disciplinary recommendation from a school principal to the Board of Education was proper, because even excising the names of those involved would not be sufficient to protect their privacy, and furthermore, because the letter was a preliminary recommendation expressing an opinion or recommending a policy. OAG 85-90.

Since a school district is a public agency under the Open Records Law, and the certificates required by KRS 161.020 are public records as defined in KRS 61.870(2), denial of a request to inspect the certificates required by KRS 161.020 to be filed with the Board of Education was improper under the Open Records Act, except that information, if any, on the certificates of a personal nature, such as social security numbers, home addresses and telephone numbers, need not be released. OAG 85-109.

Denial by the Department of Education of a request to inspect documents described as investigatory documents, memoranda, notes and preliminary recommendations regarding an investigation of a county school system and its superintendent was proper but only until such time as the Department completed its enforcement action or made a decision to take no such action, at which time the complaints minus the complainants’ names would have to be made available for public inspection. OAG 85-126.

Denial of the request to inspect records of a former student, now deceased, including that student’s application for admission and scholastic transcripts, where no parental consent had been obtained, was proper under the Open Records Act, subdivisions (1)(i) and (j) of this section and subsection (2) of KRS 64.283, pertaining to the confidentiality of such records. OAG 85-140.

The school system’s denial of the request to inspect the actual examination administered by the school to the requesting party’s child, which examination will be given again by the school system, was proper pursuant to subdivisions (1)(e) and (i) of this section. OAG 86-2.

The school system acted in conformity with the Open Records Law in not providing copies of teacher evaluations because if the former teacher’s personnel file contained no evaluations of her performance as a teacher, a request to inspect evaluations was moot, and if the personnel file did contain such evaluations, the denial of the request to inspect those evaluations was supported by the exception to public inspection set forth in subdivision (1)(a) of this section. OAG 86-15.

Orders of the Treasurer, which are not the actual bills received by the school system but documents prepared by the treasurer primarily for internal use relative to the school board’s bill approval process, retain a preliminary characterization which would permit the school system to refuse public inspection of them, until such time as the school board formally considers such orders and adopts and incorporates as
its course of action and final decision the terms, conditions and recommendations contained in those orders. OAG 86-42.

The school superintendent’s temporary withholding from public inspection of the “Administrative Memorandum” was proper pursuant to subdivision (1)(b) of this section, so long as he furnished upon request material relative to the monthly financial report, as such a memorandum was not an agenda but a preliminary intrasystem memorandum containing the superintendent’s proposals and recommendations relative to items to be considered at meetings of the Board of Education. OAG 86-54.

The school superintendent’s denial of the request to inspect teacher attendance records for a particular time period was improper under the Open Records Act as such documents are not protected by the privacy exemption under subdivision (1)(a) of this section because the teachers, as public employees, are only entitled to compensation for services rendered and the attendance sheets verify that they were present and on the job during any particular time period. OAG 86-55.

The University of Louisville’s refusal to release the names of the donors and potential donors on whose behalf the University expended money in connection with University fund raising efforts was within the privacy exception to public inspection set forth in subdivision (1)(a) of this section, particularly since the University had already released the actual amounts of money spent in such situations. OAG 86-76.

The denial of the request to inspect and copy documents pertaining to an investigation of a teacher, consisting of preliminary recommendations and preliminary memoranda in which opinions were expressed, was proper as such documents did not set forth the final decision of the Board of Education and the Superintendent relative to the teacher in question. OAG 87-13.

The county board of education acted within the provisions of the Open Records Act when it refused to furnish the requesting party a copy of that portion of a tape recording of its meeting involving an executive or closed session, as such a tape recording constitutes a preliminary draft and preliminary notes of such a proceeding. OAG 87-44.

The school system improperly denied the applicant-teacher’s request for a copy of that portion of a tape containing the applicant-teacher’s answers to questions propounded by the school system, the questions having been asked as part of the school system’s teacher selection process. OAG 87-56.

The tapes of the hearing concerning a teacher contract termination proceeding conducted pursuant to KRS 161.790 were available for public inspection under the Open Records Law, even though the tapes were in the possession of the reporter-transcriber rather than the Board of Education, as the teacher requested a public hearing and the matter had not reached the courts. OAG 87-62.

If the state university is a recipient of federal funds, it must conform to the provisions of the Family Educational Rights and Privacy Act of 1974 (the Buckley Amendment) to retain its eligibility for those funds and, therefore, the denial by the university of requests for all material involving and pertaining to students’ “education records” was proper and was supported by subdivision (1)(i) of this section and 20 U.S.C. § 1232. OAG 87-67.

The school system’s refusal to release for public inspection the resume of one of its employees was supported by the exception to public inspection set forth in subdivision (1)(a) of this section relating to protection against an unwarranted invasion of personal privacy. OAG 87-77.

The public agency’s response to a request for materials pertaining to payroll and financial data concerning the officers and employees of a school district was sufficient and proper as the public agency furnished the requesting party with a list containing the annual salaries and hourly wage figures of those officers and employees. OAG 88-13.

Denial of the request to inspect documents consisting of information, written statements, recordings, reports, and summaries of information pertaining to an investigation by school authorities of an incident involving students on school property was supported by exceptions to public inspection set forth in subdivisions (1)(g), (h) and (i) of this section and the federal Family Education and Privacy Rights Act. OAG 88-38.

Since the federal Family Educational and Privacy Rights Act sets forth provisions relative to the prohibition against the release of records pertaining to students in the absence of written consent of the parent or an appropriate court order, such records may be excluded from public inspection under subsection (1)(e) of this section. OAG 88-58.

A university’s copy of a letter from the National Collegiate Athletic Association (NCAA) addressed to counsel representing the university’s assistant coach was a public record subject to public inspection, and the exceptions to inspection were not applicable because the document in question was not correspondence between the university and a private party, and it was not a document prepared by anyone connected with the university. OAG 88-47.

While the school system may refuse to disclose the home addresses of students, it may not withhold the names of students attending the school. A list of names should be furnished, if currently available, or the school system should prepare such a list or let the requesting party prepare his or her own list from school system records. OAG 88-50.

A personnel folder of a public employee, by its very nature, contains a mixture of documents which are subject to inspection and which may be excluded from public inspection; rather than a “shotgun” approach or engaging in a sort of fishing expedition, a request to inspect personnel documents should be as specific as to the kinds of records and documents which are the subject of the request to inspect. OAG 88-53.

A letter from the vice chancellor of a university to a member of the athletic department staff, which contained its preliminary impressions, observations, and opinions about various aspects of the operation of the basketball camp, did not represent the university’s final decision or determination relative to the matter and could properly be withheld from public inspection. OAG 88-57.

Where the private college did not receive any grants or loans from the Higher Education Assistance Authority, there was no evidence that the college was a “public agency” within the meaning of subdivision (1) of KRS 61.870, and the college properly denied the request to inspect its records and documents as it was not subject to the terms and provisions of the Open Records Act. OAG 88-61.

When the media attempts to carry out an evaluation regarding the quality of schools throughout the state, there is no unwarranted invasion of personal privacy in examining relevant prior work experience and educational qualifications of employees or former employees, and the same view applies to educational qualifications or levels attained by public employees. OAG 89-90.

A schoolteacher’s college transcript is not subject to inspection, where a school board has denied inspection pursuant to subdivision (1)(a) of this section. OAG 89-90.

Tape recordings of board of education meetings were public records within the meaning of KRS 61.870(2), although inspection thereof could be denied on the ground that the recordings were preliminary drafts regarding preparation of the official minutes, as inspection of preliminary drafts may be denied pursuant to subdivision (1)(g) of this section. OAG 89-93.

A state university acted consistent with Open Records provisions in denying inspection of records where the majority of the several hundred records sought contained “education records,” as defined, and effectively made confidential by the federal Buckley Amendment, such that virtually all of the records requested would require reduction or masking to
remove information personally identifiable to a student; an unreasonable burden in view of the scope of the request(s), if the records were to be made available for inspection without jeopardizing federal aid. OAG 90-24.

A state university failed to act consistently with Open Records provisions in denying a request to inspect five (5) particular public safety dispatcher log cards, where the request for those specified items was particular, and narrow in scope, thus making redaction or masking of confidential information feasible without placing an unreasonable burden upon the agency. OAG 90-24.

Open Records cards are subject to public inspection where such dispatch logs are of a general jurisdiction police agency or sheriff’s office; this does not apply, however, to logs generated by a university law enforcement unit subject to Buckley Amendment provisions. OAG 90-24.

The Department of Education was not required to compile a listing to conform to a given request to inspect public records. OAG 90-26.

A county board of education failed to act consistently with Open Records provisions by failing to make a written response stating the specific basis for its denial of inspection of records reflecting exact beginning and ending salary payments to a teacher, and in refusing to allow inspection of such records. OAG 90-30.

The members of the University of Kentucky Alumni Association were not state employees nor state licensees; they much more closely resemble members of a voluntary organization receiving at least twenty-five percent (25%) of its funding from state or local funds, and although the home addresses of those members are not required to be divulged by subdivision (1)(a) of this section, their work addresses do not fall within the exemptive language of this section. OAG 90-60.

County Board of Education did not act consistent with the provisions of this act in denying attorney’s request to inspect a letter from police chief in which the chief expressed his concern to school superintendent as to misgivings regarding a promoter engaged to arrange a fund raising event to be staged at a school facility; even though there was a police investigation concerning the promoter, the letter was not a record of the police, and thus, the board’s reliance on subdivision (1)(f) of this section to withhold the letter was not justified, nor would the board be justified in withholding the letter based on subdivision (1)(g). OAG 90-140.

School district improperly denied the request of the Department of Public Advocacy for access to material pertaining to the internal investigation conducted by school authorities relative to a disciplinary proceeding involving a student, for the provisions of subsection (5) of this section require such a disclosure to a public agency in the performance of its legitimate governmental functions. OAG 91-22.

The Hardin County Schools may refuse to release its recommendations on salary increases under subdivision (1)(h) of this section. The requested documents fit squarely within this section. The requested documents fit squarely within this section.

Where university president adopted the recommendations of the Grievance Committee in concluding that no violations of personnel policy had occurred, and thereafter attempted to conciliate faculty member by requiring the Director to explain those policies to her but did not order that any remedial action be taken, nor did he offer any other explanation for her decision after the findings and recommendations of the Committee, although the president failed to employ any legal “terms of art” in incorporating these findings, it is clear that she adopted the Committee’s report, and that the report thereafter lost its preliminary status and was not exempt under subdivision (1)(h) of this section. OAG 91-90.

Where person requesting documents regarding detention of student at a school and the report and findings of an investigation conducted by the Department for Social Services did not demonstrate that he fell under any of the statutorily recognized classifications of KRS 620.050 or this section or that his particular situation warrants the release of the requested material his request was properly denied. OAG 91-93.

Where the letter of reprimand issued by public school to an individual who was the subject of investigation which enumerated the charges against him and advised him of the action taken against him and did not refer to, or incorporate any portion of, a report compiled in the course of the investigation, the documents which comprised the report were preliminary to the final decision and were properly withheld from public inspection pursuant to subdivisions (1)(g) and (h) of this section. OAG 91-102.

Tapes of investigative proceedings involving university and client of attorney requesting tapes were, for purposes of the Open Records Act, public records since the hearing at which the tapes were made was conducted by a public agency and involved an employee of a public agency, the tapes were not made solely to assist the university in preparing minutes of the hearing and thus subdivisions (1)(g) and (h) of this section were inapplicable; the tapes were used as the basis for report of university’s counsel to the president, upon which final disciplinary action was taken, thus to the extent that they were adopted into this final action, they lost whatever preliminary status they may have enjoyed as internal investigative materials; therefore the university improperly denied attorney’s request for access to the tapes of the investigatory proceeding of which his client was the subject as it was clear that the tapes were not exempt from disclosure pursuant to subdivision (1)(j) of this section, and the attorney-client work product doctrine. OAG 91-109.

Clearly, the Personnel Department of state government has no authority to regulate university personnel matters, and any changes wrought in the laws pertaining to state employees governed by KRS Chapter 18A have no bearing on university employees. Accordingly, KRS 18A.020 and, to the extent that it merely cross references the latter provision, subsection (3) of this section are inapplicable to university personnel policies and procedures. OAG 91-128.

The 1986 amendments, of KRS 18A.020 and subsection (3) of this section, do not preclude the university from properly withholding records under subdivisions (1)(a) to (l) of this section when a request is made by a university employee for records pertaining to him. OAG 91-128.

Salary recommendations are exempt from inspection under subdivision (1)(h) of this section until such time as they are acted upon and adopted by a governing board, OAG 79-469, OAG 91-78, and although the party requesting the documents is an employee of the University of Kentucky, and is therefore an employee of the state, he is not entitled to inspect and copy any record that relates to him pursuant to subsection (3) of this section. OAG 91-133.

As a member of the supervisory staff of the Department for Adult and Technical Education, employee was subject to the personnel policies of that Department, and not governed by KRS Chapter 18A; accordingly, subsection (3) of this section was not applicable to his open records request. OAG 91-154.

Inter- and intra-office memoranda, setting forth the opinions, observations and recommendations of agency personnel, which do not represent the agency’s final decision on the matter, may be excluded from public inspection pursuant to subsection (3) of this section. OAG 91-154.

A university may properly withhold performance evaluations under authority of subsection (1)(h) of this section, which authorizes nondisclosure of preliminary recommendations, and preliminary memoranda in which opinions are expressed or policies formulated or recommended. OAG 91-161.

Although a writing was generated in the course of the annual review of the university president, that writing did not
represent a “final report” as it was not prepared on official letterhead, nor did it bear the signature of the chairman or any member of the board. OAG 91-161.

If the disputed document, pertaining to university president’s evaluation, describing his overall performance, was considered “final,” it nevertheless would fall squarely within the parameters of subsection (1)(h) of this section. OAG 91-161.

The employment applications of school system employees, and other records of educational qualifications requested were subject to inspection; information of a personal nature contained in these documents, such as home address, phone number, social security number and marital status, should be separated and redacted in accordance with subsection (4) of this section. OAG 91-176.

School was required to release to a parent a copy of the internal investigative report prepared by employees of the public school following an incident involving her son at a middle school. OAG 91-177.

A memorandum to the County Board of Education concerning the preferment of charges against a teacher, and a letter to the Office of Legal Services of the Kentucky Department of Education advising that agency of the commencement of disciplinary action were properly withheld under subsection (1)(h) of this section. OAG 91-198.

A report written under KRS 161.120(2)(a) and (b) does not represent a “final report” as it was not prepared on official letterhead, nor did it bear the signature of the chairman or any member of the board. OAG 91-198.

Disciplinary action taken against teacher, and the charges from which that action stemmed, were related to the performance of his public duties, and therefore the records were not shielded from disclosure by subsection (1)(a) of this section. OAG 91-198.

Teacher’s letter of resignation and the board minutes adopting same were properly released. OAG 91-198.

A letter relating to the building level portion of an audit of the school district fiscal activity written to the superintendent by the public accountant is a public record subject to inspection. It is not exempt as “correspondence with private individuals.” A contractor to a governmental entity loses any character of “private individual” in connection with correspondence regarding administration or issues associated with administration of a governmental or public contract. OAG 92-44.

The Cabinet for Workforce Development was directed to release the employment application and resume of the named employees of a state vocational-technical school, after separating or otherwise masking any information of a personal nature which appeared on those documents, including the employees’ home addresses, social security numbers, and medical information; if the employees’ teaching certificates were contained in the file, they too should have been released. OAG 92-59.

Where credit cards that bear the state university logo are privately owned, are the financial responsibility of the individual whose name appears on them, and no university funds are expended to discharge the debts incurred by the card holders or in payment of the annual fee, they are exempt under subsection (1)(a) of this section, even though printouts of charges of such credit cards must be considered a public record within the meaning of subsection (2) of KRS 61.870, since such printouts contain information of a personal nature, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. OAG 92-110.

Inspected credit card charges must be permitted when the charges are incurred by a public agency and involve the expenditure of public funds. OAG 92-110.

Members of board of education may only inspect the nonexempt records contained in the personnel files of certified and classified employees. Since the board of education no longer plays any role in personnel actions, it does not enjoy any greater right of access to the files by virtue of subsection (5) of this section. The board’s right to inspect the personnel files of certified and classified employees of the school system is therefore the same as the right of inspection enjoyed by any citizen under this section. OAG 92-141.

The superintendent of a county’s public school improperly invoked this section to authorize nondisclosure of his performance evaluation. The public’s interest in reviewing those portions of the evaluation which have a direct bearing on his management of the school system, and the progress of the school system generally to superior to the reduced expectation of privacy in that document which the superintendent of schools might have. Only those portions which contain personal information, the release of which would serve no legitimate public interest, are exempt from public inspection. OAG 92-ORD-1145.

University’s board of regents did not forfeit its right to invoke the legitimate exceptions to the Open Records Act just because it violated the Open Meetings Law. The records reviewed by the board relative to the proposed budget which occurred during an improperly closed meeting, and all other records of a preliminary character, still enjoyed the protection of subsection (1) (i) of this section, independent of the Open Meetings issue, until final action was taken by the Board. OAG 92-ORD-1346.

University’s board of regents denial of a request for access to certain records which were generated in the course of a closed session conducted by the board of regents in its regular meeting was improper. The board of regents violated this section to the extent that its closed discussions focused on classes of, as opposed to specific, individuals. However, only those records which reflected discussions of classes of individuals were subject to inspection. OAG 92-ORD-1346.

School which received federal funds was prohibited by operation of subsection (1)(j) of this section from releasing education record to person who was interested in the record in order to ascertain if he was listed on the record as the father of the child since a federal law, the Buckley Amendment, bars the release of an education record, such as an enrollment application to a third person, without the prior written consent of a parent, for while such person believed he was the father of the named child, paternity had apparently never been established and such person must be treated as a third person, for purposes of the Buckley Amendment, until such time as paternity has been established, and the child’s education records should not be released to him without the child’s mother’s written consent. OAG 92-ORD-1640.

OAG 90-24 is overruled; records of a campus law enforcement unit maintained by the unit for the purpose of law enforcement are no longer subject to the federal law, but are instead governed by the Kentucky Open Records Act. OAG 92-141.

Western Kentucky University properly denied a request for portions of student evaluations of instructors in the Physics and Astronomy Department for the past five (5) years which “were used in determining whether a professor received any particular benefit or detriment,” or “which have a direct bearing on the management and functions of the department.” OAG 93-ORD-17.
Subdivisions (1)(j) and (1)(k) of this section authorize non-disclosure of records made confidential by federal or state law and are not overridden by subsection (3) of this section. OAG 95-ORD-19.

Subsection (3) of this section overrides any of the exemptions to public inspection set forth in subdivisions (1)(a)-(i) of this section, with the exception of examinations and documents relating to ongoing criminal or administrative investigations even when they are requested by the public agency employee and relate to him, when an open records request is submitted by a public agency employee or university employee. OAG 93-ORD-108.

Where disputed records were prepared in the course of an interview with a university employee, and related to his complaint filed with the Affirmative Action Office, those records fell squarely within the parameters of subsection (3) of this section and should have been released by the university. OAG 93-ORD-19.

University violated the Open Records Act in redacting portions of a police incident report pursuant to subdivision (1)(a) of this section on records requested by a newspaper where release of the redacted portions of the report did not constitute a clearly unwarranted invasion of an individual's privacy since the public's interest in disclosure was superior to his privacy interest. OAG 93-ORD-21.

School district properly denied request of attorney representing the board of education of one (1) county for records of second school district in second county under authority of the Family Educational Rights and Privacy Act of 1974 (FERPA) which is incorporated into the Open Records Act by operation of subdivision (1)(j) of this section although educational officials in the second county may release education records to state and local educational officials in connection with the audit and evaluation of a federally or state supported program pursuant to 20 U.S.C. § 1232g (b) (5), they are not required to do so. OAG 94-ORD-17.

Documents which were submitted to University Administrator by the Office of Legal Counsel relative to the University's meeting policy and which were the basis for Administrator's memorandum to requester of documents, were not shielded by the attorney-client privilege. OAG 94-ORD-108.

Handwritten notes taken by a public employee in the discharge of his public duties may properly be treated as public records. While in most instances, such notes would be excluded from public inspection by operation of subdivision (1)(h) of this section, subsection (3) of this section mandates the release of "any record including preliminary and other supporting documentation" to a public employee, including a university employee, upon request, as long as those records "relate to him." OAG 94-ORD-108.

Request for each document used as a reference for University's faculty handbook section on conducting meetings, and each document used as a reference for the section on access to and destruction of records was improperly denied as a "request for a list of reference sources"; in light of the preface appearing in the handbook, the University could not legitimately claim that the request was too nonspecific. OAG 94-ORD-108.

Request for formal merit evaluation forms containing the final merit evaluation ratings for two (2) faculty members for each year they were employed by the University was properly denied based on subdivisions (1)(a), (1)(h), and (1)(i) of this section. OAG 94-ORD-108.

University improperly denied release of unredacted copies of letters of resignation submitted by a number of University employees, but University was permitted to redact those portions of one resignation letter which pertain to employee's merit evaluation and student evaluations. OAG 94-ORD-108.

University improperly redacted portions of the Chancellor's letter to the Dean of the College of Agriculture notifying the Dean that the recommendation to promote a faculty member to the rank of full professor was not approved. OAG 94-ORD-108.

University must release the departmental recommendation that a faculty member be placed on a terminal contract but the University may redact those portions of the recommendation which contain personal opinions not adopted by the Dean. OAG 94-ORD-108.

Where faculty committee appointed by the dean to evaluate faculty member had no independent authority to determine what final action would be taken relative to faculty member's continuing service as chairman of department, and where the dean did not memorialize his decision to retain faculty member as department chair nor did he incorporate the committee's evaluation or adopt it as his final action, request for release of performance evaluation was properly denied by the university as a predeiscional document. OAG 94-ORD-132.

A member of a school board is entitled to documents of the school system which relate to a legitimate governmental purpose and the board member's public function. If the request is for records which fall outside this area, then the board member's right of inspection would be the same as that of any other citizen under the Open Records Act. OAG 96-ORD-110.

If a board member makes a request for copies of records under the Open Records Act, then he or she may be charged a reasonable fee for copies of the public records. OAG 96-ORD-11.

County public schools system properly relied upon subsection (1)(a) of this section in denying newspaper reporter's request for information as to each individual employee's race and gender. Providing the requester with alternative information, through a computer printout, as to the specific number of employees at each location which included personnel totals by race and sex broken down by schools, salaried employees and hourly employees met the principal purpose of the Open Records Act. This alternative information allowed the citizen to monitor the functioning and operations of the public agency and to be informed as to what their government was doing. OAG 96-ORD-232.

University properly relied on subsection (1)(a) of this section to authorize nondisclosure of the amounts of outside income of members of the athletic department, but subsection (1)(a) of this section does not authorize nondisclosure of the sources of that income. OAG 97-ORD-85.

Former employee of university was improperly denied access to all otherwise exempt records relating to university's decision not to renew his contract and all records relating to complaints about him, except those that implicated the federal Buckley Amendment, 20 U.S.C. § 1232g, and any records properly classified as education records within the meaning of the statute may be withheld pursuant to subsection (k) of this section. OAG 97-ORD-87.

Subsection (1)(i) prohibits the disclosure of information which has been made confidential by the General Assembly; thus a teacher's request for full access to records relating to a complaint filed against her was properly denied, as release of this information is prohibited by KRS 7.410(3). OAG 98-ORD-149.

A requestor was entitled to know the names of students enrolled in a future farmers program during a specified period if the county school system had designated this information as directory information; if the school system had not done so, such information, along with all other records generally characterized as education records, was properly withheld. OAG 99-ORD-26.

Where the requester sought information from a board of education which was contained in numerous records, the board properly afforded the requester an opportunity to examine the records and to compile the information herself. OAG 99-ORD-33.

Where the office of academic affairs of Western Kentucky University issued a reprimand to the director of its Glasgow
Extended Campus after an investigation and review of a complaint of sexual harassment by the Equal Opportunity Office, the university improperly withheld the letter of reprimand and the complaint of sexual harassment from which it stemmed, notwithstanding the fact that the university characterized the reprimand as an internal disciplinary procedure; the university could take reasonable steps to protect the identity of the complainant by masking her name and any personally identifiable information which appeared in the complaint, investigative report, and reprimand along with the names of other complainants and witnesses, but the privacy interests of the director were not entitled to the same consideration as he violated the public trust by engaging in improper conduct in the performance of his official duties. OAG 99-ORD-39.

The Western Kentucky University was required to disclose the letter of resignation submitted by the director of its Glasgow Extended Campus after an investigation and review of a complaint of sexual harassment by the Equal Opportunity Office. OAG 99-ORD-39.

The Western Kentucky University was required to disclose the minutes of the open portion of a meeting of a sexual harassment grievance appeal committee pertaining to a complaint against the director of its Glasgow Extended Campus. OAG 99-ORD-39.

The Western Kentucky University was required to disclose records documenting the disbursement of public funds to the director of its Glasgow Extended Campus in which the director was asked to resign or threatened with termination or a change in status or duties, because the director resigned before such threats could be carried out, such correspondence could be withheld pursuant to subsection (1)(j). OAG 99-ORD-39.

Response cards submitted by parents of children enrolled at a middle school to the county public schools, reflecting the decision to transfer their children from the school, qualified for protection as education records under both federal and state acts and, therefore, were exempt from disclosure under subsections (1)(k) and (1)(l). OAG 99-ORD-73.

Response cards submitted by parents of children enrolled at a middle school to the county public schools, reflecting the decision to transfer their children from the school, were exempt from disclosure under subsection (1)(a). OAG 99-ORD-73.

The Office of Education Accountability properly denied a request for access to an intra-office memorandum and the identity of an informant, which related to the requester's attempt to hack into or invade the agency's computer system. OAG 99-ORD-29.

A school district improperly refused to release a copy of a letter of suspension of a former principal of an elementary school and the principal's letter of resignation, notwithstanding that no final action was ever taken against the principal because of her resignation, since, otherwise, there would be no way for the public to evaluate the complaint made against a public employee in a matter related to her job performance and a matter about which the public has a right to know, and more importantly, no way for the public to effectively monitor public agency action, and insure that the agency is appropriately investigating and acting upon allegations of employee misconduct. OAG 99-ORD-116.

A county board of education properly denied a request for records of corporal punishment conducted in the school system as the release of the information would have constituted an invasion of personal privacy of the students involved. OAG 99-ORD-160.

A county school system did not violate the Open Records Act in denying a request to inspect a videotape recording of an incident involving the requester's son that occurred on a county school bus; the videotape qualified for exclusion from public inspection under KRS 61.878(1)(k) and (1)(l) which incorporate the Family Educational Rights and Privacy Act and its state counterpart into the Open Records Act as it contained information on more than one student and such information was inextricably intermingled and therefore irreparably interwoven, and, therefore, the requester may not disclose the videotape in such a way as to meaningfully honor the rights of the requester to inspect the tape without violating the corresponding rights of the other students and their parents in nondisclosure of the tape to third parties. OAG 99-ORD-217.

Subsection (1)(a) did not justify a school district's denial of access to a settlement agreement with a former employee since a review of the settlement agreement revealed little if anything which would cause the former employee such serious personal embarrassment or humiliation that it would overcome the presumption of openness; although brief references to the incident giving rise to her termination appeared in the agreement, these details no doubt came to light in the jury trial which resulted in her acquittal, appeared in the court record, and received media coverage, and the former employee's desire to keep secret the amount of money she received, or the terms of the settlement, could be accorded little weight. OAG 00-ORD-5.

A school district's denial of access to a settlement agreement with a former employee could not be justified by subsection (1)(f) operating in tandem with KRS 161.790(5); the latter statute does not shield from disclosure a settlement agreement entered into by a teacher and a school district. OAG 00-ORD-5.

The Kentucky High School Athletic Association properly relied upon subsection (1)(j) in denying a request for "Top 25" and "Scratch" lists since the lists were preliminary recommendations in which opinions were expressed; the very act of a coach in electing to rank or scratch a game official constituted the expression of an opinion by the coach, and the ultimate decision-making authority rested with the assigning secretary who relied on the lists as an aid in assigning game officials. OAG 00-ORD-29.

The Kentucky High School Athletic Association properly relied upon subsection (1)(a) in denying a request for "Top 25" and "Scratch" lists since disclosure of such records would constitute a clearly unwarranted invasion of personal privacy in the absence of a superior public interest in inspection of the records; in the evaluative records at issue, officias' performances were rated as high, moderate, or low, and in some instances the officials were entirely disallowed, or scratched, as unacceptable, and given the passions that competitive sports ignite, and the largely subjective nature of the duties the officials performed, the records warranted even greater protection than a typical evaluation. OAG 00-ORD-29.

A school system properly denied a request for documentation collected and/or generated by the school system that was forwarded to a Commonwealth's Attorney regarding a former transportation department supervisor since the Commonwealth's Attorney and/or the Kentucky State Police were still in the process of investigating the matter. OAG 00-ORD-78.

A state university improperly relied on subsection (1)(g) as a basis for a blanket denial of a request by an attorney for various records pertaining to a university employee who was involved in litigation with a client of the attorney. OAG 00-ORD-97.

Subsection (1)(a) did not permit a state university to withhold disclosure of various records pertaining to a university employee, including her telephone records, time sheets, job
descriptions, records reflecting disciplinary actions against
her, and any personal files in her office computer; however, the
subsection did permit withholding of portions of the employ-
ees personnel file that contained such purely personal infor-
mation as social security number, home address, and home
telephone number, as well as her performance evaluation.
OAG 00-ORD-97.

A county public school system violated the Open Records Act
in partially denying a request for records relating to tradi-
tional school enrollment policies and residency requirements;
the school system’s reliance on KRS 160.705 et seq. and 20
U.S.C. § 1232g, incorporated into the Open Records Act by
operation of subsections (1)(k) and (1)(l), was misplaced. OAG
00-ORD-119.

A county board of education properly partially denied a
request for information and records pertaining to a high school
principal when it furnished redacted copies of his job applica-
tion and teacher certification, but refused to furnish a copy of
his college transcript. OAG 00-ORD-126.

A county school system was not required to disclose bus run
reports, including the names of the students assigned to each
stop and the times at which the students are picked up and
dropped off, the list of students that purchased parking
permits at the high school, or attendance reports for each
homeroom as such records were exempt from disclosure under
subsection (1)(k) and (1)(l) and the federal Family Educational
Rights and Privacy Act and its state counterpart. OAG 00-
ORD-148.

A county school system was not required to disclose atten-
dance reports at a high school as such records were exempt
from disclosure under KRS 61.878 and the federal Family
Educational Rights and Privacy Act and its state counterpart.
OAG 00-ORD-155.

A school district properly denied a request for various
student records, as it had not taken steps to designate any
information contained in its student records as directory
information; however, disclosure of a “fourth day count” re-
flecting total enrollment in the district was required as such
count contained only raw data and was devoid of any person-
ally identifiable information. OAG 00-ORD-158.

The Education Professional Standards Board improperly
relied on subsection (1)(k) in denying a request for a copy of a
report prepared by a board investigator into allegations
against the requester of misconduct as he was entitled under
subsection (3) to inspect and to copy any record including
personal or other supporting documentation that related to
him. OAG 00-ORD-159.

A county school system properly denied a records request by
a reporter for copies of termination letters and all documents
related to disciplinary action on charges filed by the school
principal against two (2) teachers as such documents were
exempt from disclosure under subsection (1)(k) and (1),
incorporating the federal Family Educational Rights and
Privacy Act and the Kentucky Family Education Rights and
Privacy Act (KRS 160.705 et seq.). OAG 00-ORD-213.

19. Public Agency Employees.
KRS 61.878(1), specifically directing that no court shall authorize the inspection by any party of any materials pertaining to civil litigation beyond that which is provided by the Rules of Civil Procedure governing pretrial discovery, overrides the provisions of KRS 61.878(3), dealing with the rights of a public agency employee, including a university employee, to inspect and to copy any record that relates to him. Hahn v. University of Louisville, 80 S.W.3d 771 (Ky. Ct. App. 2001).

61.880. Denial of inspection — Role of Attorney General.
(1) If a person enforces KRS 61.870 to 61.884 pursuant to this section, he shall begin enforcement under this subsection before proceeding to enforcement under subsection (2) of this section. Each public agency, upon any request for records made under KRS 61.870 to 61.884, shall determine within three (3) days, excepting Saturdays, Sundays, and legal holidays, after the receipt of such request whether to comply with the request and shall notify in writing the person making the request, within the three (3) day period, of its decision. An agency response denying, in whole or in part, inspection of any record shall include a statement of the specific exception authorizing the withholding of the record and a brief explanation of how the exception applies to the record withheld. The response shall be issued by the official custodian or under his authority, and it shall constitute final agency action.

(2) (a) If a complaining party wishes the Attorney General to review a public agency's denial of a request to inspect a public record, the complaining party shall forward to the Attorney General a copy of the written request and a copy of the written response denying inspection. If the public agency refuses to provide a written response, a complaining party shall provide a copy of the written request. The Attorney General shall review the request and denial and issue within twenty (20) days, excepting Saturdays, Sundays and legal holidays, a written decision stating whether the agency violated provisions of KRS 61.870 to 61.884.

(b) In unusual circumstances, the Attorney General may extend the twenty (20) day time limit by sending written notice to the complaining party and a copy to the denying agency, setting forth the reasons for the extension, and the day on which a decision is expected to be issued, which shall not exceed an additional thirty (30) work days, excepting Saturdays, Sundays, and legal holidays. As used in this section, "unusual circumstances" means, but only to the extent reasonably necessary to the proper resolution of an appeal:
1. The need to obtain additional documentation from the agency or a copy of the records involved;
2. The need to conduct extensive research on issues of first impression;
3. An unmanageable increase in the number of appeals received by the Attorney General.

(c) On the day that the Attorney General renders his decision, he shall mail a copy to the agency and a copy to the person who requested the record in question. The burden of proof in sustaining the action shall rest with the agency, and the Attorney General may request additional documentation from the agency for substantiation. The Attorney General may also request a copy of the records involved but they shall not be disclosed.

(3) Each agency shall notify the Attorney General of any actions filed against that agency in Circuit Court regarding the enforcement of KRS 61.870 to 61.884. The Attorney General shall not, however, be named as a party in any Circuit Court actions regarding the enforcement of KRS 61.870 to 61.884, nor shall he have any duty to defend his decision in Circuit Court or any subsequent proceedings.

(4) If a person feels the intent of KRS 61.870 to 61.884 is being subverted by an agency short of denial of inspection, including but not limited to the imposition of excessive fees or the misdirection of the applicant, the person may complain in writing to the Attorney General, and the complaint shall be subject to the same adjudicatory process as if the record had been denied.

(5) (a) A party shall have thirty (30) days from the day that the Attorney General renders his decision to appeal the decision. An appeal within the thirty (30) day time limit shall be treated as if it were an action brought under KRS 61.882.

(b) If an appeal is not filed within the thirty (30) day time limit, the Attorney General's decision shall have the force and effect of law and shall be enforceable in the Circuit Court of the county where the public agency has its principal place of business or the Circuit Court of the county where the public record is maintained.

Opinions of Attorney General. Where a former school district employee sought examination of all records of all teachers and administrators on extended employment in the years 1973-1980, the number of days or weeks worked beyond the 185-day school year, the amounts paid each for extended employment and records of length of administrators contracts, a mere showing of the minute books was insufficient. OAG 79-380.

The school board of an independent school district is entitled to physically inspect the invoices, vouchers and other records which have been created by operation of the school district business and the written contract concerning the employment of the superintendent. OAG 79-390.

Where a county school superintendent verbally denied a written request to inspect certain educational records pertaining to teacher assignments, the superintendent did not act in accordance with the Open Records Law, in that he failed to make a written reply to the request and he failed to give a statement of reasons explaining his denial. OAG 83-144.

School principal did not act in accordance with the Open Records Law when he did not either make the requested records available for public inspection or give the requester a
reason why the records, or a part of them, would be kept confidential.

The denial of a request to inspect the letter of a disciplinary recommendation from a school principal to the Board of Education was proper, because even exciting the names of those involved would not be sufficient to protect their privacy, and furthermore, because the letter was a preliminary recommendation expressing an opinion or recommending a policy. OAG 85-90.

Failure of county school superintendent to state in writing reasons for refusing to permit requesting party to inspect documents and to send a copy of the letter of denial to the Attorney General’s office were violations of the Open Records Law. OAG 85-109.

The superintendent of the county schools did not comply with subsection (1) of this section since he did not respond in writing and he neither advised the requesting party that the records requested were available for inspection nor did he advise the requesting party the specific exception to public inspection he was relying upon in support of his decision to deny public inspection. OAG 86-86.

A county board of education failed to act consistently with Open Records provisions by failing to make a written response stating the specific basis for its denial of inspection of records reflecting exact beginning and ending salary payments to a teacher, and in refusing to allow inspection of such records. OAG 90-29.

Where university treated four separate requests for inspection of certain documents as one request, its response was improper for while it may well have wished to expedite this matter by issuing a single response, it nevertheless erred in failing to address the four requests in four separate responses. OAG 91-111.

In a request for inspection of certain documents where only some of the documents were readily available while others were in storage and would have to be located, those documents which were immediately accessible should have been made available for inspection, or a proper denial pursuant to subsection (1) of this section should have been issued; all documents could not be withheld until such time as those less accessible documents had been retrieved from storage. OAG 91-111.

Denial of the request to inspect a number of documents in the possession of the public schools was deficient in that it did not cite a specific statutory exemption authorizing nondisclosure, as required by subsection (1) of this section, nor was a copy of the letter of denial forwarded to Attorney General’s office, as required by subsection (2) of this section. OAG 91-176.

The Interfraternity and Panhellenic Councils at Eastern Kentucky University may be deemed “public agencies” for purposes of the Open Records Act, only if they derive at least 25% of their funds from state or local authority; the term “funds” refers to a sum or sums of money, and while it is true that the Interfraternity and Panhellenic Councils derive an appreciable benefit from the University this benefit cannot be quantified, or otherwise translated into a monetary figure; therefore the Interfraternity and Panhellenic Councils are not public agencies within the meaning of KRS 61.870, et seq. and are not public agencies within the meaning of, or subject to, the Open Meetings Law. OAG 92-62.

Response to request for records was procedurally deficient insofar as it was not issued within three (3) working days. Some 28 working days elapsed between the date of the request and the date of the response. Allowing for delays in the mail, the response was nevertheless untimely; however, since the college acknowledged its obligation under the Open Records Law to release all documents pertaining to the contractual relationship between college and company although the response was procedurally deficient, it was substantially correct. OAG 92-120.

Response of county board of education to request to inspect records containing the results of drug tests administered to school bus drivers that although records were available, counsel was reviewing the matter and a decision would be rendered in ten days was procedurally deficient as a public agency cannot postpone or delay the statutory deadline of subsection (1) of this section. Although the burden on the agency to respond in three (3) working days is an onerous one, the only exceptions to this general rule are found at 61.872(4) and did not apply here. OAG 97-ORD-2.

Although a county board of education issued a timely written response to a request, the board violated the procedural requirements of the statute as it failed to cite the specific open records exceptions authorizing its partial denial of the request. OAG 99-ORD-26.

A board of education unreasonably postponed the requester’s right of access to public records where the board extended the deadline for inspection of an abbreviated list of records for an additional 27 days, noting that eight (8) of these days were weekends and that its offices would be officially closed on three (3) other days during the 27 day period. OAG 99-ORD-44.

A school district properly discharged its duties under the Open Records Act by agreeing to permit the requester to inspect the nonexempt portions of records containing the information she sought during its regular business hours where the requested information was not inclusively contained in any one comprehensive document. OAG 99-ORD-48.

A state university violated the statute where it failed to respond to a request for records until after receiving notice that an appeal would be filed. OAG 99-ORD-190.

The Kentucky State University violated the statute by failing to comply with the procedural guidelines for agency response set forth at subsection (1) and by failing to advise the requester in writing, and in clear and direct terms, that no records existed that were responsive to his request. OAG 00-ORD-82.

A school council violated the statute by failing to respond in writing, and within three (3) business days, to a request. OAG 00-ORD-123.

61.882. Jurisdiction of Circuit Court in action seeking right of inspection — Burden of proof — Costs — Attorney fees.

(1) The Circuit Court of the county where the public agency has its principal place of business or the Circuit Court of the county where the public record is maintained shall have jurisdiction to enforce the provisions of KRS 61.870 to 61.884, by injunction or other appropriate order on application of any person.

(2) A person alleging a violation of the provisions of KRS 61.870 to 61.884 shall not have to exhaust his remedies under KRS 61.880 before filing suit in a Circuit Court.

(3) In an appeal of an Attorney General’s decision, where the appeal is properly filed pursuant to KRS 61.880(5)(a), the court shall determine the matter de novo. In an original action or an appeal of an Attorney General’s decision, where the appeal is properly filed pursuant to KRS 61.880(5)(a), the burden of proof shall be on the public agency. The court on its own motion, or on motion of either of the parties, may view the records in controversy in camera before reaching a decision. Any noncompliance with the order of the court may be punished as contempt of court.
(4) Except as otherwise provided by law or rule of court, proceedings arising under this section take precedence on the docket over all other causes and shall be assigned for hearing and trial at the earliest practicable date.

(5) Any person who prevails against any agency in any action in the courts regarding a violation of KRS 61.870 to 61.884 may, upon a finding that the records were willfully withheld in violation of KRS 61.870 to 61.884, be awarded costs, including reasonable attorney's fees, incurred in connection with the legal action. If such person prevails in part, the court may in its discretion award him costs or an appropriate portion thereof. In addition, it shall be within the discretion of the court to award the person an amount not to exceed twenty-five dollars ($25) for each day that he was denied the right to inspect or copy said public record. Attorney's fees, costs, and awards under this subsection shall be paid by the agency that the court determines is responsible for the violation.

Opinions of Attorney General. A “standing request” for all documents compiled by the Hardin County Schools for use by the board may properly be denied on the grounds that it fails to reasonably identify the records sought. While the purpose and intent of the Open Records Act is to permit the “free and open examination of public records,” the right of access is not absolute. As a pre-condition to inspection, a requesting party must identify with “reasonable particularity” those documents which he wishes to review. OAG 91-78.

NOTES TO DECISIONS

2. Standing to Contest Agency Decision.
A party affected by the decision of a public agency to release records pursuant to the Kentucky Open Records Act had standing to contest the agency decision in court where the disclosure of information in the public record would constitute a clearly unwarranted invasion of personal privacy. Beckham v. Board of Educ., 873 S.W.2d 575 (Ky. 1994).

61.884. Person's access to record relating to him.
Any person shall have access to any public record relating to him or in which he is mentioned by name, upon presentation of appropriate identification, subject to the provisions of KRS 61.878.

(Enact. Acts 1976, ch. 273, § 8.)

Opinions of Attorney General. University officials properly withheld inspection of the personnel file of the requester, which included letters of evaluation by faculty members, because the university was entitled to protect the privacy of the faculty members who wrote the letters of evaluation and because the letters contained preliminary recommendations and preliminary memoranda in which opinions were expressed; such faculty letters were exempt from inspection under KRS 61.878(1)(a) and (h). OAG 82-204.

Suspended student had the right, under this section and KRS 164.283, to inspect his transcript as it related to the classes he had taken while at the University and the grades received therefor. OAG 83-332.

Documents pertaining to student's suspension were open to inspection by him, except documents which contained preliminary drafts, notes, correspondence with private individuals or preliminary recommendations and memoranda in which opinions were expressed or policies formulated or recommended, which could be properly exempted from his inspection; any complaints against him were also open to his inspection as were any written decisions by the disciplinary board. OAG 83-332.

Cross-References. Special local peace officers, KRS 61.360.

61.902. Appointment by secretary.
The secretary of the Justice Cabinet may commission special law enforcement officers, for such time as he deems necessary, to protect and to enforce the law on public property. Upon application of a unit or agency of state, county, city or metropolitan government, the secretary may appoint those persons recommended by the unit or agency who satisfy the requirements of KRS 61.900 to 61.930.

Opinions of Attorney General. A county board of education, as a unit of the state government, would not be required to file an application to have any of its employees commissioned as special law enforcement officers, but any security guards who are not commissioned would possess no more powers than a citizen. OAG 76-676.

61.904. Administration — Rules and regulations — Employees.
KRS 61.900 to 61.930 shall be administered by the secretary, or by any agency within the Justice Cabinet designated by the secretary and acting under his authority. The secretary shall make, promulgate, and enforce such rules, orders, regulations, and instructions as may be reasonable and necessary to carry out the provisions of KRS 61.900 to 61.930. The secretary may appoint such employees, and delegate such duties to the same, as he, in his sound discretion, deems appropriate.

61.906. Requirements for appointment.
In order to qualify for a commission as a special law enforcement officer under KRS 61.900 to 61.930, an individual must present satisfactory evidence of compliance with the following conditions and requirements:

(1) No person shall be eligible for a commission who:
(a) Has been dishonorably discharged from the Armed Forces of the United States;
(b) Has been convicted in any jurisdiction of any felony or of any crime involving moral turpitude for which he has not received a full pardon;
(c) Has been convicted of any other offense or offenses more than five (5) times within the previous three (3) years;
(d) Has by any court of competent jurisdiction been declared mentally disabled by reason of mental retardation or disease and has not been restored; or
(e) Suffers from habitual drunkenness or from narcotics addiction or dependence, or from any physical defect or deficiency which the secretary determines to materially impair the applicant’s ability to perform the duties of a special law enforcement officer.

(2) Every person to be eligible for a commission shall:
(a) Have reached his twenty-first birthday;
(b) Provide, on forms supplied by the secretary, such information pertaining to himself as may reasonably be requested thereon, including, but not limited to his: name; age; date of birth; current address and employment; prior addresses and employment for the past ten (10) years; aliases, if any; arrest and conviction record, if any; Social Security number; fingerprints; photographs; and general physical description. The accuracy of such information shall be attested by the applicant and his attestation shall be notarized by one authorized to administer oaths;
(c) Be of good moral character;
(d) Provide references from two (2) reputable residents of the Commonwealth who are not related to him and who have known him well
for a period of not less than three (3) years, attesting to his good character;
(e) Pay the fees provided in KRS 61.908; and
(f) Provide evidence satisfactory to the secretary that he meets the following requirements:
1. 61.910. Revocation or suspension of commission.
The secretary shall revoke or suspend the commission of any special law enforcement officer whenever he shall determine:
1. That the commission-holder does not meet, or no longer meets, the requirements and conditions for the commission; or
2. That the commission-holder has knowingly falsified an application or portion thereof, or has made any knowingly false or misleading statement of a material fact to the secretary or any of his delegates, agents or officers; or
3. That the commission-holder has violated: any provision of KRS 61.900 to 61.930; or any rule, regulations or order of the secretary; or any law of the Commonwealth or of the United States, the violation of which the secretary determines to bear a reasonable relationship to eligibility for the commission.

Any duly commissioned special law enforcement officer shall, while performing law enforcement duties upon the public property he is hired to protect, be empowered to arrest:
1. Persons committing, in his presence and upon the public property he is hired to protect, any misdemeanor, any traffic violation, or any other violation as defined by KRS 500.080(17);
2. Provided there exists probable cause to believe a felony has been committed upon the premises he is hired to protect, any person whom the officer reasonably and actually believes to have committed such felony upon the public property.

61.914. Other powers.
Duly commissioned special law enforcement officers shall have the power to issue tickets for parking violations committed upon the public property in their presence and the power of peace officers under KRS
61.916. Use of deadly force to make an arrest.
A special law enforcement officer may, in the course of accomplishing any lawful arrest for a felony committed upon the public property as herein provided, use and apply that force which he believes is necessary to make the arrest, except that he may only use deadly force to make such an arrest if:

1. The officer, in making the arrest, is authorized to act as a special law enforcement officer; and
2. The arrest is for a felony involving the use or threatened use of physical force likely to cause death or serious physical injury; and
3. The officer believes that the person to be arrested is likely to endanger human life unless arrested without delay.

61.918. Use of force less than deadly force.
A special law enforcement officer may, in the course of accomplishing any lawful arrest for a criminal offense other than a felony committed upon the public property as herein provided, use and apply that force, less than deadly force, which he believes is necessary to make the arrest.

61.920. Area of jurisdiction of special officer.
The powers and duties of special law enforcement officers shall be confined to the premises of the public property to be protected, except while in pursuit of a person fleeing from the property after committing any felony or misdemeanor, other than traffic violations, on the property. In such case the officer may pursue the person and make arrest anywhere within this state. In the course of making a lawful arrest for a felony after such pursuit, he may use and apply that force which he believes is necessary to make the arrest, except that he may only use deadly force in making such an arrest if the conditions specified in KRS 61.916 are satisfied. In the course of making a lawful arrest for a criminal offense other than a felony after such pursuit, he may use and apply that force, less than deadly force, which he believes is necessary to make the arrest.

61.922. Construction.
Nothing in KRS 61.900 to 61.930 shall be construed as being in derogation of the common law, or of any statute of the Commonwealth, pertaining to:

1. Arrest by a private citizen; or
2. In any civil or criminal case, the defenses of protection of self, protection of another, protection of property, prevention of a suicide or crime and any other applicable justification defense set forth in KRS Chapter 503.

61.924. Use of public emergency vehicles.
Duly commissioned special law enforcement officers shall have the right to use and operate public emergency vehicles in accordance with KRS 189.910 through 189.993.

61.926. Special officers designated peace officers — Authorization to carry a concealed deadly weapon.
Special law enforcement officers duly commissioned under KRS 61.900 to 61.930 shall be deemed “peace officers” within the meaning of KRS 527.020 and shall be authorized to carry a concealed deadly weapon on or about their persons when necessary for their protection in the discharge of their official duties.

Opinions of Attorney General. Jefferson County special law enforcement officers employed as security for the County's Hall of Justice do not have arrest powers to execute all types of warrants in the Hall of Justice; moreover, even though this section designates special law enforcement officers as peace officers, this does not invest them with the broad authority of what might be termed "general law enforcement officers" for that designation expressly relates only to KRS 527.020, regarding authority to carry concealed a deadly weapon on or about one's person and such designation for purposes of KRS 527.020, does not overcome or broaden the specific terms of authority set out in KRS 61.912, 61.914, and 61.920 giving such officers power to execute all types of warrants in the Hall of Justice. OAG 91-65.

61.930. Citation of act.
KRS 61.900 to 61.926 may be cited as “The Special Law Enforcement Officer Act.”

8. Board of Education.
Vacancies in offices of board of education are to be filled by
the board so long as a quorum remains, but when no quorum
remains then by the Governor. Glass v. City of Hopkinsville,
225 Ky. 428, 9 S.W.2d 117 (1928); Board of Trustees v.
Kercheval, 242 Ky. 1, 45 S.W.2d 846 (1931).

When a board of education is without any members, the
Governor may appoint the entire body. Board of Trustees v.
Kercheval, 242 Ky. 1, 45 S.W.2d 846 (1931).

When a vacancy is to be filled by the remaining members of
a board, such members as remain in office may act but if the
remaining members are deadlocked, the Governor may ap-
point. Board of Trustees v. Kercheval, 242 Ky. 1, 45 S.W.2d 846
(1931); Middleton v. Lewis, 248 Ky. 86, 58 S.W.2d 251 (1933);

(3) Where there are more plaintiffs or defendants
than one (1) in an action and they sever in their
pleadings or otherwise, so that part of them cause
an officer to render separate services for him or
them, for which the others ought not to be liable,
the fees for such services shall be charged sepa-
rately to those for whom the service is rendered.

(4) No officer in making out his fee-bill shall omit the
name of any person properly chargeable therewith,
or insert the name of a person not properly charge-
able.

(5) Fees against a person acting in a trust capacity
shall be made out against him in such capacity and
he shall only be liable therefor to the extent of the
trust funds in his hands liable to the payment

Treasury, shall be the sum per annum designated
for the respective offices, as follows: Governor,
fourty-five thousand dollars ($45,000) until Decem-
bere 11, 1981, then fifty thousand dollars ($50,000)

an officer to render separate services for him or
them, for which the others ought not to be liable,
the fees for such services shall be charged sepa-

(1749.)
the second Friday in February of every year, beginning in 1977, the maximum permissible compensation of the officials mentioned in this subsection based precisely upon the consumer price index formula approved in Matthews v. Allen, Kentucky, 360 S.W.2d 139 (1962). Thus the maximum permissible compensation effective for the entire year of 1977 and subsequent years will be the actual compensation to be paid to said officials. The year of adjustment will be the particular full calendar year involved.

(3) It is the intention of the Legislature that the constitutionally permissible adjustment of salaries of these officials be framed around equating current salaries with the purchasing power of the dollar in 1949 when Section 246 of the Constitution of Kentucky was amended. Section 246 of the Constitution of Kentucky, as amended, established a monetary level of twelve thousand dollars ($12,000) per annum for said officials. The formula merely effects an adjustment of the constitutional monetary level in terms of the current consumer price index.

(4) In order to adjust the compensation of the Governor to reflect changes in the purchasing power of the dollar, the Department for Local Government shall compute by the second Friday in February of every year, beginning in 1985, an adjusted salary of the Governor by multiplying sixty thousand dollars ($60,000) by the increase in the consumer price index during the period from January 1, 1984, to the beginning of the then-current calendar year. The actual compensation paid to the Governor for the entire calendar year of 1985 and subsequent years shall be the adjusted salary.

Opinions of Attorney General. The maximum annual compensation for the Lieutenant Governor, Attorney General, Superintendent of Public Instruction, Commissioner of Agriculture, Secretary of State, State Treasurer, Auditor of Public Accounts, and clerk of the Supreme Court of this Commonwealth was $58,101. OAG 88-10.
The maximum annual compensation possible for the Lieutenant Governor, Attorney General, Superintendent of Public Instruction, Commissioner of Agriculture, Secretary of State, State Treasurer, Auditor of Public Accounts and Clerk of the Supreme Court of Kentucky for 1990 would be $63,462. OAG 90-17.
The Department of Local Government accurately computed the maximum annual compensation for the Lieutenant Governor, Attorney General, Superintendent of Public Instruction, Commissioner of Agriculture, Secretary of State, Treasurer, Auditor of Public Accounts, and Clerk of the Supreme Court, as $67,378 for 1991. 64.590. Compensation of officers and employees of political subdivisions or local governmental units or districts other than counties or cities, including school districts.

In the case of any political subdivision or local governmental unit or district other than a county or city, having a governing body or authority composed of more than one (1) member, such governing body or authority shall fix the compensation of every officer and employee of the political subdivision, local governmental unit, or district whose compensation is payable from the funds of the political subdivision, governmental unit, or district, except that in the case of officers elected by popular vote the same limitations and restrictions shall apply as are applicable under KRS 83A.070 to the fixing of compensation of city officers elected by popular vote. Nothing in this section is intended to confer any power on any governing board or authority, with respect to the compensation of its own members, that it does not specifically possess under other statutes. This section applies to school districts, but is not intended to supersede any present provision of law relating to the fixing or payment of the compensation of teachers. (Repealed and reenact. Acts 1990, ch. 476, Pt. V, § 295, effective July 13, 1990.)

64.640. Compensation of state officers and employees generally.

(1) Except as otherwise provided in subsection (2) of this section, and excepting officers elected by popular vote, employees of the General Assembly, including employees of the Legislative Research Commission, members of boards and commissions, those officers and employees of Kentucky Educational Television exempt from classified service as provided in KRS 18A.115, presidents and employees of the state universities and the state colleges, and persons employed by the commissioner of parks on a temporary basis under KRS 148.026, the Personnel Cabinet shall prepare schedules of compensation, payable out of the State Treasury, with a minimum salary rate, and other salary rates as are deemed necessary or advisable, for the office or position of employment of every state officer and employee, including specifically the offices and positions of employment in every constitutional administrative department, statutory administrative department, independent agency, board, commission, or other unit of state government. The language of any statute empowering a board, commission, authority, or other administrative body for which the Personnel Cabinet provides personnel and payroll services, except for any board governing any of the Kentucky Retirement Systems, the Kentucky Higher Education Assistance Authority, the Kentucky Authority for Educational Television, or the Council on Postsecondary Education, to establish, set, or approve the salaries of its administrative head and other employees to the contrary notwithstanding, the establishment or setting of salaries for administrative heads or other employees shall be subject to the approval of the secretary of the Personnel Cabinet. The schedules and rates shall be based upon studies of the duties and responsibilities of the offices and positions and upon a comparison with rates being paid for similar or comparable services elsewhere, and in the preparation of such schedules, the Personnel Cabinet shall ascertain and record the duties, responsibilities, and authority pertaining to the various offices and positions in the state service, and classify such positions in the manner provided in KRS 18A.030, 18A.035, 18A.110, 18A.130, 18A.135, and 18A.150 to 18A.160. No such schedule shall become effective until it has been approved by the Governor by executive order.

(2) The Governor shall set the compensation payable out of the State Treasury to each officer or position in the state service, which officer or position heads a statutory administrative department, independent agency, or other unit of state government, except for those excluded under subsection (1) of this section. Such compensation shall be based upon studies of the duties and responsibilities and classification of the positions by the Governor and upon a comparison with compensation being paid for similar or comparable services elsewhere, provided, however, such compensation shall not exceed the total taxable compensation of the Governor derived from state sources, the provisions of KRS 64.660 to the contrary notwithstanding. For the purposes of this section, the total taxable compensation of the Governor from state sources shall include the amount provided for compensation to the Governor under KRS 64.480 and any benefits or discretionary spending accounts that are imputed as taxable income for federal tax purposes.

(3) The compensation payable out of the State Treasury to officers and employees subordinate to any office or position covered by subsection (2) of this section shall not exceed the maximum rate established pursuant to subsection (2) of this section for such office or position, except with respect to physicians as provided in KRS 64.655 and employees of the Public Service Commission of Kentucky whose compensation shall be fixed, within constitutional limits, by the Personnel Cabinet with the approval of the Governor as provided in subsection (1) of this section.

(4) Nothing in this section shall preclude the allowance of maintenance to officers and employees of the state.

Legislative Research Commission Note. (7/14/2000). This section was amended by 2000 Ky. Acts chs. 495 and 501, which do not appear to be in conflict and have been codified together.

Opinions of Attorney General. Just as this section provides an upper limit for all employees with regard to their potential salary, including any 5 percent increases, KRS 161.340 must be read into KRS 18A.350 to 18A.360 (KRS 18A.360, now repealed) to provide an absolute upper salary limit for the executive secretary of the Teachers’ Retirement System to be the maximum set for commissioners by subsection (2) of this section. 64.690. Applicability of other statutes dealing with compensation — Applicability of KRS 64.368 if population decreases below 70,000.

(1) Except as provided in KRS 64.610 and in this section, KRS 64.480 to 64.740 are intended to supersede any existing statute, fixing the compensation, or authorizing any public officer or body to fix the compensation, of any public officer or employee covered by KRS 64.480 to 64.740.

(2) Any public officer or body which has authority to fix the compensation of any state officer or employee covered by KRS 64.640 shall exercise such authority, subject to the schedule and limits of compensation for the particular office or position prescribed in KRS 64.640. The secretary of the Personnel Cabinet shall have the authority to monitor and require compliance with the provisions of this section and KRS 64.640 and 64.475.

(3) KRS 64.480 to 64.740 are not intended to supersede any existing statute, with respect to the compensation of circuit clerks, county clerks, sheriffs, master commissioners, and receivers, and their deputies and assistants, in counties containing a population of seventy thousand (70,000) or more, or property valuation administrators, their deputies, and assistants, in any county.

(4) If a county’s population that equaled or exceeded seventy thousand (70,000) is less than seventy thousand (70,000) after the most recent federal decennial census, then the provisions of KRS 64.368 shall apply.

Compiler’s Notes. KRS 64.490 to 64.499, 64.500 to 64.525, 64.560, 64.570, 64.580, 64.600, 64.620, 64.645, 64.650, 64.670, 64.680 and 64.700, contained in the reference to KRS 64.480 to 64.740 above, have been repealed.

64.710. Expense accounts and contingent funds prohibited — Exceptions.

No public officer or employee shall receive or be allowed or paid any lump sum expense allowance, or contingent fund for personal or official expenses, except where such allowance or fund either is expressly provided for by statute or is specifically appropriated by the General Assembly.

SPECIAL DISTRICTS

65.160. Special districts may be formed by two or more counties.
(1) Any special district may be expanded to include additional counties.
(2) The membership of the governing body of such multi-county special districts shall be apportioned among the counties in ratio to their population, with each county having at least one (1) member.
(3) Members of the governing body of multi-county special districts may be removed from office as provided by KRS 65.007.

65.162. Special districts may be expanded to include additional counties.
(1) Any special district may be expanded to include additional counties within its jurisdiction for performing the function for which it was organized.
(2) Before a county may participate in a multi-county special district, the fiscal court shall determine that participation is feasible and necessary. The determination shall be made only after a duly advertised public hearing has been held by the fiscal court.
(3) When a county is added to a multi-county special district, it shall be given representation on the governing body of the district in the same manner as the other counties within the district.
(4) Members of the governing body of multi-county special districts may be removed from office as provided by KRS 65.007.

65.210. Short title of KRS 65.210 to 65.300. KRS 65.210 to 65.300 may be cited as the Interlocal Cooperation Act.

65.220. Purpose of KRS 65.210 to 65.300. It is the purpose of KRS 65.210 to 65.300 to permit local governmental units and the sheriff upon approval of the fiscal court to make the most efficient use of their powers by enabling them to cooperate with other localities on a basis of mutual advantage and thereby to provide services and facilities in a manner and pursuant to forms of governmental organization that will accord best with geographic, economic, population, and other factors influencing the needs and development of local communities.

65.230. Definition of “public agency” for KRS 65.210 to 65.300. As used in KRS 65.210 to 65.300, unless the context otherwise requires, “public agency” means any political subdivision of this state, any agency of the state government or of the United States, a sheriff, any county or independent school district, and any political subdivision of another state. It also means a state-supported or independent public school district, and any political subdivision of this state, any agency of the state government, or any subdivision of the United States, a sheriff, any county or independent public school district for the purposes of entering into a joint agreement to establish and operate a program or facility, including a center for child learning and study, designed to help one or more schools meet any of the goals set forth in KRS 158.6451, or for the investment of funds. If a private institution of higher education proposes to participate in an agreement pursuant to the Interlocal Cooperation Act, the Attorney General shall determine if the proposal is compatible with the United States Constitution, as part of the review of the agreement provided in KRS 65.260(2).

65.240. Joint exercise of power by state agencies with other public agencies. (1) Any power or powers, privileges or authority exercised or capable of exercise by a public agency of this state may be exercised and enjoyed jointly
with any other public agency of this state, and jointly with any public agency of any other state or of the United States to the extent that the laws of the United States permit such joint exercise or enjoyment. Any agency of the state government when acting jointly with any public agency may exercise and enjoy all of the powers, privileges and authority conferred by KRS 65.210 to 65.300 upon a public agency.

(2) Any two (2) or more public agencies may enter into agreements with one another for joint or cooperative action pursuant to the provisions of KRS 65.210 to 65.300. Appropriate action by ordinance, resolution or otherwise pursuant to law, of the governing bodies of the participating public agencies shall be necessary before any such agreement may enter into force.

(3) A state-supported institution of higher education and one (1) or more county or independent public school districts may enter into agreements under KRS 65.210 to 65.300 for the purposes specified in KRS 65.230, notwithstanding any other provision of the statutes restricting, qualifying or limiting their authority to do so.

**Opinions of Attorney General.** Local school districts are public agencies which may take advantage of the benefits to be derived from entering into an interlocal agreement with each other. OAG 79-500.

What a public agency can do by itself can usually be done jointly with other public agencies under an interlocal cooperation agreement, assuming no statutory bar exists to the contrary. OAG 79-500.

Concerning school and educational matters generally, a Kentucky city could not execute an interlocal agreement because cities do not have statutory authority to participate in school matters. OAG 79-574.

### 65.245. Cooperative interlocal agreements for the sharing of revenues.

(1) It is the purpose of this section to clarify the ability of cities, counties, urban-counties, charter counties, consolidated local governments, and sheriffs upon approval of the fiscal court or consolidated local government to share their revenues by entering into interlocal agreements.

(2) Any city, county, urban-county, consolidated local government, or charter county may by ordinance enter into cooperative interlocal agreements for the sharing of revenues. A sheriff, upon approval of the fiscal court or the consolidated local government, may enter into a memorandum of agreement with local governments for the purposes of sharing of revenues. The distribution of the revenues shall be as agreed upon by the local governments or the sheriff and contained in the interlocal agreement.

(1) Any such agreement shall specify the following:

(a) The duration of the agreement;

(b) The precise organization, composition and nature of any separate legal or administrative entity created thereby together with a statement of the powers delegated thereto; provided such legal entity may be legally created;

(c) The purpose or purposes of such legal or administrative entity;

(d) The manner of financing the joint or cooperative undertaking and of establishing and maintaining a budget therefor; said agreement for financing the joint or cooperative undertaking shall include agreements relative to the respective responsibilities of the units of government involved for the payment of the employer’s share involved in any pertinent pension plan or plans, if any, provided for by KRS 65.280;

(f) Any other necessary and proper matters.

(2) In the event that the agreement does not establish a separate legal or administrative entity to conduct the joint or cooperative undertaking, the agreement shall, in addition to paragraphs (a), (c), (d), (e) and (f) enumerated in subsection (1) of this section, contain the following:

(a) Provision for an administrator or joint board responsible for administering the joint or cooperative undertaking. In the event that a joint board is established, the public agencies party to the agreement shall be represented thereon;

(b) The manner of acquiring, holding and disposing of real and personal property used in the joint or cooperative undertaking.

### 65.260. Limitations upon agreements — Approval by Attorney General or Department for Local Government — Exemptions.

(1) No agreement made pursuant to KRS 65.210 to 65.300 shall relive any public agency of any obligation or responsibility imposed upon it by law except that to the extent of actual and timely performance thereof by a joint board or other legal or administrative entity created by an agreement made pursuant to KRS 65.210 to 65.300, that performance may be offered in satisfaction of the obligation or responsibility.
(2) Except as provided in subsections (3) and (4) of this section, every agreement made pursuant to KRS 65.210 to 65.300 shall, prior to and as a condition precedent to its entry into force, be submitted to the Attorney General who shall determine whether the agreement is in proper form and compatible with the laws of this state, except for interlocal agreements between cities, counties, charter counties, urban-county governments, and sheriffs upon approval of the fiscal court, which shall be submitted to the Department for Local Government. The Attorney General or the Department for Local Government shall approve any agreement submitted to them under this subsection unless they find that it does not meet the conditions set forth in KRS 65.210 to 65.300. If the agreement does not meet these conditions, the Attorney General or the Department for Local Government shall detail in writing, addressed to the governing bodies of the public agencies concerned, the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within sixty (60) days of its submission shall constitute approval thereof.

(3) The submission of an interlocal cooperative agreement to the Attorney General or the Department for Local Government as provided in subsection (2) of this section shall not be required for any cooperative agreement which involves only the construction, reconstruction, or maintenance of a municipal road or bridge, provided a written agreement is approved by each of the affected governing bodies.

(4) Interlocal cooperative agreements between school boards and counties shall be exempt from the provisions of subsection (2) of this section.

65.270. Revenue bonds.

(1) Whenever any two (2) or more public agencies, as defined in KRS 65.230, enter into an agreement for joint or cooperative action pursuant to the provisions of KRS 65.210 to 65.300, any public agency acting separately or jointly with one (1) or more of any other agencies, may acquire, construct, maintain, add to, and improve the necessary property, real and personal, which is required in order to perform the functions under the agreement, and for the purpose of defraying the costs incident to the performance of the agreement, may borrow money and issue negotiable revenue bonds.

(2) Any public agency or agencies may borrow money and issue bonds under this section pursuant to an order, resolution, or ordinance of its or their legislative or administrative body or bodies, which order, resolution, or ordinance shall set forth the terms of the agreement in full, the amount of the revenue bonds to be issued, and the maximum rate of interest. In every instance the order, resolution, or ordinance shall provide that the joint or cooperative action is being undertaken pursuant to the provisions of KRS 65.210 to 65.300.

(3) The bonds may be issued to bear interest at a rate or rates or method of determining rates as the public agency or agencies determines, payable at least annually, and shall be executed in a manner and be payable at times not exceeding thirty (30) years from the date of issuance and at a place or places as the public agency or agencies determines.

(4) The bonds may provide that they or any of them may be called for redemption prior to maturity, on interest payment dates not earlier than one (1) year from the date of issuance of the bonds.

(5) Any public agency is empowered to accept donations or gifts to the joint or cooperative action from any source and to accept appropriations and grants to the joint or cooperative action from the federal government or its agencies and appropriations from the state or any county, city, or other political subdivision and, at the option of the public agency or agencies, to pledge any donations, gifts, or appropriations to the payment of revenue bonds issued to finance the cost of a joint or cooperative action.

(6) Bonds issued pursuant to this section shall be negotiable and shall not be subject to taxation. The bonds shall be payable solely from the revenue derived from the joint or cooperative action and shall not constitute an indebtedness of the state, county, city, or political subdivision. It shall be plainly stated on the face of each bond that it has been issued under the provisions of KRS 65.210 to 65.300.

(7) All money received from the bonds shall be applied solely for the acquisition, construction, maintenance, improvement, or operation of the joint or cooperative action, and the necessary expense of preparing, printing, and selling the bonds, or to advance the payment of interest on the bonds during the first three (3) years following the date of the issuance of the bonds.

(8) Before the issuance of the bonds the public agencies party to the agreement shall, by orders, resolutions, or ordinances of their respective legislative bodies, set aside and pledge the income and revenue of the joint or cooperative action including rents, royalties, fees, and proceeds of sales of property and from rates and charges for services derived or rendered by the joint or cooperative action into a separate and special fund to be used and applied in payment of the cost of the maintenance, operation, and depreciation incident to the joint or cooperative action. The orders, resolutions, or ordinances shall determine and fix the amount of revenue necessary to be set apart and applied to the payment of principal and interest of the bonds, and the proportion of the balance of the income and
65.280. Effect of civil service laws and regulations upon transferred employees.

(1) In the event that a public agency or agencies determine to transfer any of its employees to the joint or cooperative action, which employees are subject to any civil service laws or regulations, such employees shall not lose any rights or benefits which have accrued prior to such transfer. Such employees, when transferred, to the joint or cooperative action from a public agency or agencies that are subject to any civil service laws or regulations, and who have completed probationary appointments with the public agency or agencies prior to the date of transfer, shall be considered as having satisfied all of the qualifications of the joint or cooperative action and shall be given full and regular appointments as defined in such laws or regulations as of the date they are transferred to the joint or cooperative action.

(2) In the event that the joint or cooperative action is such that its employees would be afforded civil service rights or benefits if they were employees of a county or city, such employees shall be afforded the protection of civil service laws or regulations; provided, however, that such protection is available under the laws of this state.

(3) In the event the joint or cooperative action employs a person employed immediately prior thereto by a component city or county, or by a special district, such employee shall be deemed to remain an employee of such city, county or special district for the purposes of any pension plan of such city, county, or special district, and shall continue to be entitled to all rights and benefits thereunder as if he had remained as an employee of the city, county, or special district, until the joint or cooperative action has provided a pension plan to which such employee is eligible and such employee has elected, in writing, to participate therein. Until such election, the joint or cooperative action shall deduct from the remuneration of such employee the amount which such employee is or may be required to pay in accordance with the provisions of the plan of such city, county, or special district and the joint or cooperative action shall pay to the city, county, or special district any amounts required to be paid under the provisions of such plan by employer and employee, unless an agreement, not adversely affecting the employee's interest, or expectancy, has been made pursuant to KRS 65.250 (1)(d) for the payment of the employer's pension obligation.

65.290. Copies of agreement must be filed — Status of agencies in controversy involving interstate agreement.

Before any agreement made pursuant to KRS 65.210 to 65.300 shall become operative or have force and effect, a certified copy thereof shall be filed with the county clerk of the county which is party to the agreement, the county clerk of the county wherein any other political subdivision of the state is located which is party to such agreement, and with the Secretary of State. In the event that an agreement entered into pursuant to KRS 65.210 to 65.300 is between or among one or more public agencies of this state and one or more public agencies of another state or of the United States, said agreement shall have the status of an interstate compact, but in any case or controversy involving performance or interpretation thereof or liability thereunder, the public agencies party thereto shall be real parties in interest and the state may maintain an action to recoup or otherwise make itself whole for any damages or liability which it may incur by reason of being joined as a party therein. Such action shall be maintainable against any public agency or agencies whose default, failure of performance, or other conduct caused or contributed to the incurring of damage or liability by the state.

(Enact. Acts 1962, ch. 216, § 8; 1964, ch. 114, § 6.)

65.300. Approval of agreement by officer or agency required.

In the event that an agreement made pursuant to KRS 65.210 to 65.300 shall deal in whole or in part with the provisions of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by such officer or agency as to all matters within the jurisdiction of such officer or agency in the same manner and subject to the requirements governing the action of the Attorney General pursuant to subsection (2) of KRS 65.260. The requirement of this section shall be in addition to and not in substitution for the requirement of submission to and approval by the Attorney General under subsection (2) of KRS 65.260.

(a) For business entities with both payroll and sales revenue in more than one (1) tax district, by multiplying the net profit or gross receipts by a fraction, the numerator of which is the payroll factor, described in subsection (2) of this section, plus the sales factor, described in subsection (3) of this section, and the denominator of which is two (2); and

(b) For business entities with sales revenue in more than one (1) tax district, by multiplying the net profits or gross receipts by the sales factor as set forth in subsection (3) of this section.

Compensation is paid or payable in the tax district based on the time the individual’s service is performed within the tax district.

(3) The sales factor is a fraction, the numerator of which is the total sales revenue of the business entity in the tax district during the tax period, and the denominator of which is the total sales revenue of the business entity everywhere during the tax period.

(a) The sale, lease, or rental of tangible personal property is in the tax district if:

1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within the tax district regardless of the f.o.b. point or other conditions of the sale; or

(b) Sales revenues, other than revenue from the sale, lease, or rental of tangible personal property or the lease or rental of real property, are apportioned to the tax district based upon a fraction, the numerator of which is the time spent in performing such income-producing activity within the tax district and the denominator of which is the total time spent performing that income-producing activity.

(c) Sales revenue from the lease or rental of real property is allocated to the tax district where the property is located.

(4) If the apportionment provisions of this section do not fairly represent the extent of the business entity’s activity in the tax district, the business entity may petition the tax district or the tax district may require, in respect to all or any part of the business entity’s business activity, if reasonable:

(a) Separate accounting;

(b) The exclusion of any one (1) or more of the factors;

(c) The inclusion of one (1) or more additional factors which will fairly represent the business entity’s business activity in the tax district; or

67.755. Quarterly estimated tax payments.

(1) Every business entity, other than a sole proprietorship, subject to a net profits, gross receipts, or occupational license tax levied by a tax district
shall make quarterly estimated tax payments on or before the fifteenth day of the fourth, sixth, ninth, and twelfth month of each taxable year if the tax liability for the taxable year exceeds five thousand dollars ($5,000).

(2) The quarterly estimated tax payments required under subsection (1) of this section shall be based on the lesser of:
(a) Twenty-two and one-half percent (22.5%) of the current taxable year tax liability;
(b) Twenty-five percent (25%) of the preceding full year taxable year tax liability; or
(c) Twenty-five percent (25%) of the average tax liability for the three (3) preceding full taxable years' tax liabilities if the tax liability for any of the three (3) preceding full taxable years exceeded twenty thousand dollars ($20,000).

(3) Any business entity that fails to submit the minimum quarterly payment required under subsection (2) of this section by the due date for the quarterly payment shall pay an amount equal to twelve percent (12%) per annum simple interest on the amount of the quarterly payment required under subsection (2) of this section from the earlier of:
(a) The due date for the quarterly payment until the time when the aggregate quarterly payments submitted for the taxable year equal the minimum aggregate payments due under subsection (2) of this section; or
(b) The due date of the annual return.

A fraction of a month is counted as an entire month.

(4) The provisions of this section shall not apply to any business entity's first full or partial taxable year of doing business in the tax district or any first taxable year in which a business entity's tax liability exceeds five thousand dollars ($5,000).

(5) The provisions of this section shall not apply unless adopted by the tax district.

— Business entity to keep records.

(2) Every business entity subject to an occupational license tax governed by the provisions of KRS 67.750 to 67.790 shall keep records, render under oath statements, make returns, and comply with rules as the tax district from time to time may prescribe. Whenever the tax district deems it necessary, the tax district may require a business entity, by notice served to the business entity, to make a return, render statements under oath, or keep records, as the tax district deems sufficient to determine the tax liability of the business entity.

(3) The tax district may require, for the purpose of ascertaining the correctness of any return or for the purposes of making an estimate of the taxable income of any business entity, the attendance of a representative of the business entity or of any other person having knowledge in the premises.

67.763. Tax liability of business entity that ceases doing business in tax district.

If any business entity dissolves or withdraws from a tax district during any taxable year, or if any business entity in any manner surrenders or loses its charter during any taxable year, the dissolution, withdrawal, or loss or surrender of charter shall not defeat the filing of returns and the assessment and collection of net profit or gross receipts taxes or tax withheld for the period of that taxable year during which the business entity had net profit or gross receipts or tax withheld in the tax district.

(Enact. Acts 2003, ch. 117, § 6, effective June 24, 2003.)

67.765. Use of tax year and accounting methods required for federal income tax purposes.

If a business entity makes, or is required to make, a federal income tax return, the net profit or gross receipts shall be computed for the purposes of KRS 67.750 to 67.790 on the basis of the same calendar or fiscal year required by the federal government, and shall employ the same methods of accounting required for federal income tax purposes.

67.768. When returns to be made — Copy of federal income tax return to be submitted with return.

(1) All business entities’ returns for the preceding taxable year shall be made by April 15 in each year, except returns made on the basis of a fiscal year, which shall be made by the fifteenth day of the fourth month following the close of the fiscal year. Blank forms for returns shall be supplied by the tax district.

(2) Every business entity shall submit a copy of its federal income tax return at the time of filing its return with the tax district. Whenever, in the opinion of the tax district, it is necessary to examine the federal income tax return of any business entity in order to audit the return, the tax district may compel the business entity to produce for inspection a copy of all statements and schedules in support thereof. The tax district may also require copies of reports of adjustments made by the federal government.

(Enact. Acts 2003, ch. 117, § 8, effective June 24, 2003.)

67.770. Extensions.

(1) A tax district may grant any business entity an extension of not more than six (6) months, unless a longer extension has been granted by the Internal Revenue Service or is agreed to by the tax district and the business entity, for filing its return, if the business entity, on or before the date prescribed for payment of the tax, requests the extension and pays the amount properly estimated as its tax.

(2) If the time for filing a return is extended, the business entity shall pay, as part of the tax, an amount equal to twelve percent (12%) per annum simple interest on the tax shown due on the return, but not previously paid, from the time the tax was due until the return is actually filed and the tax paid to the tax district. A fraction of a month is counted as an entire month.

67.773. Tax due when return filed — Minimum and maximum liability.

(1) The full amount of the unpaid tax payable by any business entity, as appears from the face of the return, shall be paid to the tax district at the time prescribed for filing the tax return, determined without regard to any extension of time for filing the return.

(2) A tax district may impose minimum and maximum tax liabilities for the tax on net profits or gross receipts.

67.775. Auditing of returns — Payment of additional tax — Federal audit.

(1) As used in this section and KRS 67.778, unless the context requires otherwise:

(a) “Conclusion of the federal audit” means the date that the adjustments made by the Internal Revenue Service to net income or gross receipts as reported on the business entity’s federal income tax return become final and unappealable; and

(b) “Final determination of the federal audit” means the revenue agent’s report or other documents reflecting the final and unappealable adjustments made by the Internal Revenue Service.

(2) As soon as practicable after each return is received, the tax district may examine and audit it. If the amount of tax computed by the tax district is greater than the amount returned by the business entity, the additional tax shall be assessed and a notice of assessment mailed to the business entity by the tax district within five (5) years from the date the return was filed, except as otherwise provided in this subsection.

(a) In the case of a failure to file a return or of a fraudulent return the additional tax may be assessed at any time.

(b) In the case of a return where a business entity understates net profit or gross receipts, or omits an amount properly includable in net profit or gross receipts, or both, which under-statement or omission or both is in excess of twenty-five percent (25%) of the amount of net profit or gross receipts stated in the return, the additional tax may be assessed at any time within six (6) years after the return was filed.

(c) In the case of an assessment of additional tax relating directly to adjustments resulting from a final determination of a federal audit, the additional tax may be assessed before the expiration of the times provided in this subsection, or six (6) months from the date the tax district receives the final determination of the federal audit from the business entity, whichever is later.

The times provided in this subsection may be extended by agreement between the business entity and the tax district. For the purposes of this subsection, a return filed before the last day prescribed by law for filing the return shall be considered as filed on the last day. Any extension granted for filing the return shall also be considered as extending the last day prescribed by law for filing the return.

(3) Every business entity shall submit a copy of the final determination of the federal audit within thirty (30) days of the conclusion of the federal audit.

(4) A tax district may initiate a civil action for the collection of any additional tax within the times prescribed in subsection (2) of this section.

67.778. Payment of tax not delayed — Claims for refund or credit.

(1) No suit shall be maintained in any court to restrain or delay the collection or payment of any tax subject to the provisions of KRS 67.750 to 67.790.

(2) Any tax collected pursuant to the provisions of KRS 67.750 to 67.790 may be refunded or credited...
within two (2) years of the date prescribed by law for the filing of a return or the date the money was paid to the tax district, whichever is the later, except that:

(a) In any case where the assessment period contained in KRS 67.775 has been extended by an agreement between the business entity and the tax district, the limitation contained in this subsection shall be extended accordingly.

(b) If the claim for refund or credit relates directly to adjustments resulting from a federal audit, the business entity shall file a claim for refund or credit within the time provided for in this subsection or six (6) months from the conclusion of the federal audit, whichever is later.

For the purposes of this subsection and subsection (3) of this section, a return filed before the last day prescribed by law for filing the return shall be considered as filed on the last day.

(3) Exclusive authority to refund or credit overpayments of taxes collected by a tax district is vested in that tax district.

67.800. Employer to withhold taxes.

Every employer making payment of compensation to an employee shall deduct and withhold upon the payment of the compensation any tax imposed against the compensation by a tax district. (2) Every employer who fails to withhold or pay to the tax district any sums required by KRS 67.750 to 67.790 to be withheld and paid shall be personally and individually liable to the tax district for any sum or sums withheld or required to be withheld in accordance with the provisions of KRS 67.780.

(3) The tax district shall have a lien upon all the property of any employer who fails to withhold or pay over to the tax district sums required to be withheld under KRS 67.780. If the employer withholds but fails to pay the amounts withheld to the tax district, the lien shall commence as of the date the amounts withheld were required to be paid to the tax district. No person shall be personally and individually liable under this subsection who had no authority to collect, truthfully account for, or pay over any tax imposed by KRS 67.750 to 67.790 at the time that the taxes imposed by KRS 67.750 to 67.790 become or became due.

67.790. Penalties — Confidentiality of information filed with tax district.

(1) A business entity subject to tax on gross receipts or net profits may be subject to a penalty equal to five percent (5%) of the tax due for each calendar month or fraction thereof if the business entity:

(a) Fails to file any return or report on or before the due date prescribed for filing or as extended by the tax district; or

(b) Fails to pay the tax computed on the return or report on or before the due date prescribed for payment.

The total penalty levied pursuant to this subsection shall not exceed twenty-five percent (25%) of the total tax due; however, the penalty shall not be less than twenty-five dollars ($25).

(2) Every employer who fails to file a return or pay the tax on or before the date prescribed under KRS 67.783 may be subject to a penalty in an amount equal to five percent (5%) of the tax due for each calendar month or fraction thereof. (3) In addition to the penalties prescribed in this section, any business entity or employer shall pay, as part of the tax, an amount equal to twelve percent (12%) per annum simple interest on the tax shown due, but not previously paid, from the time the tax was due until the tax is paid to the tax district. A fraction of a month is counted as an entire month.

(4) Every tax subject to the provisions of KRS 67.750 to 67.790, and all increases, interest, and penalties thereon, shall become, from the time the tax is due and payable, a personal debt of the taxpayer to the tax district.

(6) Any person who willfully aids or assists in, or procures, counsels, or advises the preparation or presentation under, or in connection with, any matter arising under KRS 67.750 to 67.790 of a return, affidavit, claim, or other document, which is fraudulent or is false as to any material matter, whether or not the falsity or fraud is with the knowledge or consent of the person authorized or required to present the return, affidavit, claim, or document, shall be guilty of a Class A misdemeanor.

(7) A return for the purpose of this section shall mean and include any return, declaration, or form prescribed by the tax district and required to be filed with the tax district by the provisions of KRS 67.750 to 67.790, or by the rules of the tax district or by written request for information to the business entity by the tax district.

This prohibition does not extend to information required in prosecutions for making false reports or returns for taxation, or any other infraction of the tax laws, or in any way made a matter of public record, nor does it preclude furnishing any taxpayer or the taxpayer's properly authorized agent with information respecting his or her own return. Further, this prohibition does not preclude any employee of the tax district from testifying in any court, or from introducing as evidence returns or reports filed with the tax district, in an action for violation of a tax district tax laws or in any action challenging a tax district tax laws.

(b) Any person who violates the provisions of paragraph (a) of this subsection by intentionally inspecting confidential taxpayer information without authorization shall be fined not more than five hundred dollars ($500) or imprisoned for not longer than six (6) months, or both.

COUNTY EMPLOYEES’ CIVIL SERVICE AND RETIREMENT

SECTION.

COUNTY EMPLOYEES RETIREMENT SYSTEM

78.606. Service credit earned upon retirement of noncertified employee — Recalculation of benefits.
78.615. Deduction of employee contributions — Service credit — Employer’s report — Picked-up employee contributions.

COUNTY EMPLOYEES RETIREMENT SYSTEM

78.606. Service credit earned upon retirement of noncertified employee — Recalculation of benefits.

(1) Upon retirement, a noncertified employee shall have his service credit earned after July 1, 1998, recalculated in accordance with KRS 78.615 except that the employee shall receive service credit determined by dividing the actual number of contracted days worked by twenty (20) and rounding any remainder to the next whole month, provided that the number of hours worked during the period averages eighty (80) or more hours.

(2) The Kentucky Retirement Systems shall adjust the service credit for all affected members who earned service credit for the school years 1996-97 and 1997-98 by recomputing the members’ service based on the rounding method provided in subsection (1) of this section.

78.615. Deduction of employee contributions — Service credit — Employer’s report — Picked-up employee contributions.

(1) Employee contributions shall be deducted each payroll period from the creditable compensation of each employee of an agency participating in the system while he is classified as regular full-time as defined in KRS 78.510 unless the person did not elect to become a member as provided by KRS 61.545(3) or by KRS 78.540(2). After August 1, 1982, employee contributions shall be picked up by the employer pursuant to KRS 78.610(4).

(a) For employees who are not employed by a school board, service credit shall be allowed for each month contributions are deducted or picked up under the employee’s employment contract during a school year determined by dividing the actual number of contracted calendar days worked by twenty (20) and rounded to the nearest whole month if the employee receives creditable compensation for an average of eighty (80) or more hours of work per month based on the employee’s employment contract. The school board shall certify the number of calendar days worked, the rate of pay, and the hours in a work day for each employee monthly or annually. The employer shall file at the retirement office the final monthly report or the annual report for a fiscal year no later than twenty (20) days following the completion of the fiscal year. The retirement system shall impose a penalty on the employer of one thousand dollars ($1,000) if the information is not submitted by the date required with an additional two hundred and fifty dollars ($250) for each additional thirty (30) day period the information is reported late.

1. If the employee works fewer than the number of contracted calendar days, the employee shall receive service credit determined by dividing the actual number of contracted calendar days worked by twenty (20) and rounded to the nearest whole month, provided that the number of hours worked during the period averages eighty (80) or more hours.

2. If the employee works fewer than the number of contracted calendar days and the average number of hours worked is less than eighty (80) per month, then the employee shall receive service credit for each calendar month in which he worked eighty (80) or more hours.

3. The retirement system shall refund contributions and service credit for any period for which the employee is not given credit under this subsection.

(c) For noncertified employees of school boards, for service on and after July 1, 2000, at the close of each fiscal year, the retirement system shall add service credit to the account of each employee who made contributions to his or her account during the year. Employees shall be entitled to a full year of service credit if their total paid calendar days were not less than one hundred eighty (180) calendar days for a regular school or fiscal year. In the event an employee is paid for less than one hundred eighty (180) calendar days, the employee may purchase credit according to administrative regulations promulgated by the system. In no case shall more than one (1) year of service be credited for all service performed in one (1) fiscal year. Employees who complete their employment contract prior to the close of a fiscal
year and elect to retire prior to the close of a fiscal year shall have their service credit reduced by eight percent (8%) for each calendar month that the retirement becomes effective prior to July 1. Employees who are employed and paid for less than the number of calendar days required in their normal employment year shall be entitled to pro rata service credit for the fractional service. This credit shall be based upon the number of calendar days employed and the number of calendar days in the employee's annual employment agreement or normal employment year. Service credit may not exceed the ratio between the school or fiscal year and the number of months or fraction of a month the employee is employed during that year.

(d) Notwithstanding paragraph (c) of this subsection, a noncertified employee of a school board who retires between July 1, 2000, and August 1, 2001, may choose to have service earned between July 1, 2000, and August 1, 2001, credited as described in paragraph (b) of this subsection, if the employee or retired member notifies the retirement system within one (1) year of his initial retirement. The decision once made shall be irrevocable.

(2) Employee contributions shall not be deducted from the creditable compensation of any employee or picked up by the employer while he is seasonal, emergency, temporary, or part-time. No service credit shall be earned.

(3) Contributions shall not be made or picked up by the employer and no service credit shall be earned by a member while on leave except:

(a) A member on military leave shall be entitled to service credit in accordance with KRS 61.555; and

(b) A member on educational leave who meets the criteria established by the state Personnel Cabinet for approved educational leave, who is receiving seventy-five percent (75%) or more of full salary, shall receive service credit and shall pay member contributions in accordance with KRS 78.610, and his employer shall pay employer contributions or the contributions shall be picked up in accordance with KRS 61.565. If a tuition agreement is broken by the member, the member and employer contributions paid or picked up during the period of educational leave shall be refunded.

**Compiler's Notes.** Section 10 of Acts 1990, ch. 222 provides that: "Any employee or former employee not retired who participated in more than one (1) retirement system administered by the Kentucky Retirement Systems prior to July 15, 1995, may retroactively choose to receive and shall be granted full service credit for time served in one (1) of those systems, and thereby shall relinquish service credit in the other systems for the same time period, and his contributions related to the relinquished credit shall be refunded."

---

**79.080. Retirement, disability, health maintenance organization coverage, or hospitalization benefits for employees and elected officers — Participation in state health insurance coverage program for state employees — Coverage provided in County Employees Retirement System after August 1, 1988.**

(1) The term “health maintenance organization” for the purposes of this section, means a health maintenance organization as defined in KRS 304.38-030, which has been licensed by the Kentucky Health Facilities and Health Services Certificate of Need and Licensure Board and issued a certificate of authority by the Department of Insurance as a health maintenance organization and which is qualified under the requirements of the United States Department of Health, Education and Welfare, except as provided in subsection (4) of this section.

(2) Cities of all classes, counties, and urban-county governments and the agencies of cities, counties, charter county, and urban-county governments are authorized to establish and operate plans for the payment of retirement, disability, health maintenance organization coverage, or hospitalization benefits to their employees and elected officers, and health maintenance organization coverage or hospitalization benefits to the immediate families of
their employees and elected officers. The plan may require employees to pay a percentage of their salaries into a fund from which coverage or benefits are paid, or the city, county, charter county, urban-county government, or agency may pay out of its own funds the entire cost of the coverage or benefits. A plan may include a combination of contributions by employees and elected officers and by the city, county, charter county, urban-county government, or agency into a fund from which coverage or benefits are paid, or it may take any form desired by the city, county, charter county, urban-county government, or agency. Each city, county, charter county, urban-county government, or agency may make rules and regulations and do all other things necessary in the establishment and operation of the plan.

(3) Cities of all classes, counties, charter counties, urban-county governments, the agencies of cities, counties, charter counties, and urban-county governments, and all other political subdivisions of the state may provide disability, hospitalization, or other health or medical care coverage to their officers and employees, including their elected officers, through independent or cooperative self-insurance programs and may cooperatively purchase the coverages.

(4) Any city, county, charter county, or urban-county government which is a contributing member to any one (1) of the retirement systems administered by the state may participate in the state health insurance coverage program for state employees as defined in KRS 18A.225 to 18A.229. Should any city, county, charter county, or urban-county government opt at any time to participate in the state health insurance coverage program, it shall do so for a minimum of three (3) consecutive years. If after the three (3) year participation period, the city, county, charter county, or urban-county government chooses to terminate participation in the state health insurance coverage program, it will be excluded from further participation for a period of three (3) consecutive years. If a city, county, charter county, or urban-county government, or one (1) of its agencies, terminates participation of its active employees in the state health insurance coverage program and there is a state appropriation for the employer’s contribution for active employees’ health insurance coverage, neither the unit of government, or its agency, nor the employees shall receive the state-funded contribution after termination from the state employee health insurance program. The three (3) year participation and exclusion cycles shall take effect each time a city, county, charter county, or urban-county government changes its participation status.

(5) Any city, county, charter county, urban-county government, or other political subdivision of the state which employs more than twenty-five (25) persons and which provides hospitalization benefits or health maintenance organization coverage to its employees and elected officers, shall annually give its employees an option to elect either standard hospitalization benefits or membership in a qualified health maintenance organization which is engaged in providing basic health services in a health maintenance service area in which at least twenty-five (25) of the employees reside; except that if any city, county, charter county, urban-county government, or agencies of any city, county, charter county, urban-county government, or any other political subdivision of the state which does not have a qualified health maintenance organization engaged in providing basic health services in a health maintenance service area in which at least twenty-five (25) of the employees reside, the city, county, charter county, urban-county government, or agencies of the city, county, charter county, urban-county government, or any other political subdivision of the state may annually give its employees an option to elect either standard hospitalization benefits or membership in a health maintenance organization which is engaged in providing basic health services in a health maintenance service area in which at least twenty-five (25) of the employees reside. Any premium due for health maintenance organization coverage over the amount contributed by the city, county, charter county, urban-county government, or other political subdivision of the state which employs more than twenty-five (25) persons for any other hospitalization benefit shall be paid by the employee.

(6) If an employee moves his place of residence or employment out of the service area of a health maintenance organization, under which he has elected coverage, into either the service area of another health maintenance organization or into an area of the state not within a health maintenance organization service area, the employee shall be given an option, at the time of the move or transfer, to elect coverage either by the health maintenance organization into which service area he moves or is transferred or to elect standard hospitalization coverage offered by the employer.

(7) Any plan adopted shall provide that any officers or employees of a paid fire or police department who have completed five (5) years or more as a member of the department, but who is unable to perform his duties by reason of heart disease or any disease of the lungs or respiratory tract, is presumed to have contracted his disease while on active duty as a result of strain or the inhalation of noxious fumes, poison or gases, and shall be retired by the pension board under terms of the pension system of which he is a member, if the member passed an entrance physical examination and was found to be in good health as required.

(8) The term “agency” as used herein shall include boards appointed to operate waterworks, electric plants, hospitals, airports, housing projects, golf courses, parks, health departments, or any other public project.

(9) After August 1, 1988, except as permitted by KRS 65.156, no new retirement plan shall be created
pursuant to this section, and cities which were covered by this section on or prior to August 1, 1988, shall participate in the County Employees Retirement System effective August 1, 1988. Any city, county, charter county, urban-county, or agency thereof which provided a retirement plan for its employees, pursuant to this section, on or prior to August 1, 1988, shall place employees hired after August 1, 1988, in the County Employees Retirement System. The city, county, charter county, urban-county, or agency thereof shall offer employees hired on or prior to August 1, 1988, membership in the County Employees Retirement System under the alternate participation plan as described in KRS 78.530(3), but such employees may elect to retain coverage under this section.

Furnishing Water or Light to Another City or Outside Limits

96.150. Extending water supply or sanitary sewer system outside city limits — Limitation — Consideration of installation of fire hydrants on extended lines.

(1) Any city that owns or operates a water supply or sanitary sewer system may extend the system into, and furnish and sell water and provide sanitary sewers to any person within, any territory contiguous to the city, and may install within that territory necessary apparatus; provided, however, that the extension of a water supply or sanitary sewer system shall not enter into any territory served by an existing water supply or sanitary sewer district unless such district requests the extension of water or sewer services from a city. For these purposes the city or sanitation authority established by an interlocal agreement may condemn or otherwise acquire franchises, rights, and rights-of-way, as private corporations may do.

(2) When extending the system to any person, water district, or water association, the city may consider the installation of fire hydrants on the extended lines. The city may extend water lines which are incapable of servicing fire hydrants only if the city determines that servicing hydrants is not feasible.
The determination shall include consideration of the incremental costs of adequately sized pipe and associated pumps and towers, and the benefits of real estate development, water sales, the availability of fire protection insurance, and the reduction in fire insurance premiums which may result from the installation of hydrants at specified intervals. When extending lines to a water district or water association, the determination may be made in consultation with the district or association, taking into consideration their fiscal capacity.

The book value so determined shall be in accordance with standard accounting practices. No payment may be made under this section except pursuant to a resolution of the governing board of the plant, adopted by a unanimous vote of the members of the board.

(2) Amounts for any year, as provided in subsection (1) of this section, shall be paid to the board of education on or before January 1 of each year.

(3) This section shall not apply to any publicly owned electric plant that is subject to the provisions of KRS 96.820.

(a) “Taxing jurisdiction” shall mean each county, each school district, each municipality, and each other special taxing district located within the state.

(b) “State” shall mean the Commonwealth of Kentucky.

(c) “Tax equivalent” shall mean the amount in lieu of taxes computed according to this section which is required to be paid by each board to the state and to each taxing jurisdiction in which the board operates and required by subsection (11) of KRS 96.570 to be included in resale rates.

1. The original cost (less reasonable depreciation or retirement reserve) of a board’s electric plant in service on December 31 of the immediately preceding calendar year located within the state, used and held for use in the transmission, distribution, and generation of electric energy, and

2. The cost of the material and supplies owned by a board on December 31 of the immediately preceding calendar year. For the purpose of this definition, “electric plant in service” shall mean those items included in the “electric plant in service” account prescribed by the Federal Energy Regulatory Commission uniform system of accounts for electric utilities, and “material and supplies” shall mean those items included in the accounts grouped under the heading “material and supplies” in the said system of accounts.

(h) The “adjustment factor” shall be one hundred twenty-five percent (125%) for the tax year 1970. For each tax year thereafter, it shall be the duty of the Revenue Cabinet to compute the adjustment factor for that tax year as follows: For each five (5) percentage points or major fraction thereof by which the adjustment ratio for electric utility property for the immediately preceding tax year exceeded or was less than one hundred sixteen percent (116%), five (5) percentage points shall be added to or subtracted from one hundred twenty-five percent (125%). For the purposes of this computation, “adjustment ratio for elec-
It shall be the duty of each board, on or before April 30, to certify to the Revenue Cabinet the book value of property owned by the board and located within the state and within each taxing jurisdiction in which the board operates. A copy of the certification shall also be sent by the board to each such taxing jurisdiction. The book value of property and adjusted book value of property shall be determined, and the books and records of the board shall be kept in accordance with standard accounting practices, and the books and records of each board shall be subject to inspection by the Revenue Cabinet and by representatives of the affected taxing jurisdictions and to adjustment by the Revenue Cabinet if found not to comply with the provisions of this section. At the same time, the Revenue Cabinet shall certify to the board and to the county clerk the adjustment factor for the tax year. The county clerk shall promptly certify the book value of property, the adjusted book value of property, and the adjustment factor certified by the Revenue Cabinet, to the respective taxing jurisdiction in which the board operates.

(3) (a) Each board shall pay for each tax year, beginning with the tax year 1970, to the state and to each taxing jurisdiction in which the board operates, a tax equivalent from the revenues derived from the board's electric operations for that tax year, computed according to this subsection.

(b) The tax equivalent for each tax year payable to the state shall be the total of:
1. The book value of the property owned by the board within the state, multiplied by the current tax rate of the state, less thirty cents ($0.30), plus
2. The state's portion of the amount payable under paragraph (d) of this subsection.

(c) The tax equivalent for each tax year payable to each taxing jurisdiction in which the board operates shall be the total of:
1. The adjusted book value of property owned by the board within the taxing jurisdiction, multiplied by the adjustment factor, multiplied by the current tax rate of the taxing jurisdiction; provided, however, for the purpose of this calculation the tax rate for school districts shall be increased by thirty cents ($0.30), plus
2. The taxing jurisdiction's portion of the amount payable under paragraph (d) of this subsection.

(d) For purposes of this subsection, “amount payable” shall mean four-tenths of one percent (0.4%) of the book value of property owned by the board located within the state. The state shall be paid the same proportion of the amount payable as the payment to the state under subparagraph 1. of paragraph (b) of this subsection represents of the total payments to the state and all taxing jurisdictions in which the board operates required by subparagraph 1. of paragraph (c) of this subsection. Each taxing jurisdiction in which the board operates shall be paid the same proportion of the amount payable as the payment to the taxing jurisdiction under subparagraph 1. of paragraph (c) of this subsection represents of the total payments to the state and all taxing jurisdictions in which the board operates required by subparagraph 1. of paragraph (b) and subparagraph 1. of paragraph (c) of this subsection. Under the regulations the Revenue Cabinet may prescribe, upon the board's receipt from the state and taxing jurisdictions of notice of the amount due under subparagraph 1. of paragraph (b) and subparagraph 1. of paragraph (c) of this subsection, the board shall compute the portion of the amount payable which is due the state and each taxing jurisdiction in which the board operates.

The state and each taxing jurisdiction in which a board operates shall have a superior lien upon the proceeds of the sale of electric energy by that board for the amounts required by this section to be paid to it.

(4) Except as hereinafter provided, the tax equivalents computed under this section shall be in lieu of all state, municipal, county, school district, special taxing district, other taxing district, and other state and local taxes or charges on the tangible and intangible property, the income, franchises, rights, and resources of every kind and description of any municipal electric system operating under KRS 96.550 to 96.900 and on the electric operations of any board established pursuant thereto, and the tax equivalent for any tax year computed and payable under this section to the state or to any taxing jurisdiction in which any board operates shall be reduced by the aggregate amount of any tax or charge within the meaning of this sentence which is imposed by the state, or by any taxing jurisdiction in which a board operates, on the board, the electric system, or the board's electric operations. Provided, however, that if any school district in which property of a board is located has elected, or does hereafter elect, to apply the utility gross receipts license tax for schools to all utility services as provided by KRS 160.613 through KRS 160.617, or as may hereafter be provided by other statutes, the amount of such utility gross receipts license tax shall not reduce, or in any manner affect, the amount payable to any such board or boards under the provisions of this section. It is the intent and purpose of this provision to eliminate all sums received by any such board or boards by reason of the utility gross receipts license tax from any computation of the amount payable under this section to any such board or boards, irrespective of the manner in which that payment is computed, so that, in no event, shall any sum received by any school district by reason of the utility gross receipts license tax reduce, directly or indirectly, the amount payable to such district under this chapter. Provided, further, that if the state shall levy a statewide retail sales or use tax on electric power or energy, collected by retailers of the energy from the vendees or users thereof, and imposed at the same rate or rates as are generally applicable to the sale or use of personal property or services, including natural or artificial gas, fuel oil, and coal as well as electric power or energy, the retail sales or use tax shall not be deemed to be a tax or charge within the meaning of the first sentence of this subsection, and the tax equivalent payable for the tax year to the state under this section shall not be reduced on account of such retail sales or use tax.

(5) (a) Notwithstanding subsection (3) of this section, until the first tax year in which the total of:
1. The tax equivalent payable to the state, or to any taxing jurisdiction in which the board operates, computed under subsection (3) of this section, plus
2. The additional amounts permitted to be paid to the state or taxing jurisdiction without deduction under the second and third sentences of subsection (4) of this section, exceeds the minimum payment to the state or taxing jurisdiction specified in paragraph (b) of this subsection, the tax equivalent for each tax year payable to the state or taxing jurisdiction shall be an amount equal to the minimum payment computed under paragraph (b) of this subsection.

(b) For purposes of this subsection, the minimum payment to the state or to any taxing jurisdiction in which the board operates shall mean an amount equal to the total of:
1. The largest actual payment made by the board pursuant to this section to the state or to the taxing jurisdiction for any of the tax years 1964, 1965, or 1966, plus
2. The state’s or taxing jurisdiction’s pro rata share of an amount equal to four-tenths of one percent (0.4%) of the increase since July 1, 1964, in the book value of property owned by the board within the state. For the purposes of this paragraph “pro rata share” shall mean the same proportion of the amount computed under this subparagraph as the largest actual payment in lieu of taxes made by the board to the state or taxing jurisdiction for the applicable tax year under subparagraph 1. of this paragraph represents of the total amount of the largest actual payments in lieu of taxes made by the board to the state and to all taxing jurisdictions in which it operated for any of the applicable tax years.

(c) The provisions of paragraph (e) of subsection (3) of this section shall apply to all payments required under this subsection.

(d) This subsection shall not be applicable for the first tax year specified in paragraph (a) of this subsection or for any tax year thereafter, except however, that tax year 1977 shall not be deemed as the “first tax year” as specified in paragraph (a) and this subsection shall continue to apply in such cases.

Opinions of Attorney General. Revenue received by school districts from electric plant boards is not ad valorem tax revenue for purposes of KRS 160.470 and a plant board does
not have net assessment growth that can be included in the department of revenue’s certification of net assessment growth as required in subsec. (3)(b) of KRS 160.470. OAG 66-441.

96.895. Proration and distribution of payments of sums equivalent to taxes based on book value among the state, counties, cities, and school districts.

(1) Except for payments made directly by the Tennessee Valley Authority to counties, the total fiscal year payment received by the Commonwealth of Kentucky from the Tennessee Valley Authority, as authorized by section 13 of the Tennessee Valley Authority Act, as amended, shall be prorated thirty percent (30%) to the general fund of the Commonwealth and seventy percent (70%) among counties, cities, and school districts, as provided in subsection (2) of this section.

(2) The payment to each county, city, and school district shall be determined by the proportion that the book value of Tennessee Valley Authority property in such taxing district, multiplied by the current tax rate, bears to the total of the book values of Tennessee Valley Authority property in all such taxing districts in the Commonwealth, multiplied by their respective tax rates, provided, however, each public school district for the purposes of this calculation shall have their tax rate increased by thirty cents ($0.30).

(3) As soon as practicable after the amount of payment to be made to the Commonwealth of Kentucky is finally determined by the Tennessee Valley Authority, the Kentucky Revenue Cabinet shall determine the book value of Tennessee Valley Authority property in each county, city, and school district and shall prorate the total payments received from the Tennessee Valley Authority, except payments received directly from the Tennessee Valley Authority, among the distributaries as provided in subsection (2) of this section. The Revenue Cabinet shall certify the payment due each taxing district to the Finance and Administration Cabinet which shall make the payment to such district.

(4) As used in subsections (2) and (3) of this section, “Tennessee Valley Authority Property” means land owned by the United States and in the custody of the Tennessee Valley Authority, together with such improvements (including work in progress but excluding temporary construction facilities) as have a fixed situs thereon if and to the extent that such improvements either:
(a) Were in existence when title to the land on which they are situated was acquired by the United States; or
(b) Are allocated by the Tennessee Valley Authority or determined by it to be allocable to power provided, however, that manufacturing machinery as interpreted by the Revenue Cabinet for franchise tax determination shall be excluded along with ash disposal systems and, coal handling facilities, including railroads, cranes and hoists, crushing and conveying equipment. As used in said subsections “book value” means original cost unadjusted for depreciation as reflected in Tennessee Valley Authority’s books of account. “Book value” shall be determined, for purposes of applying said subsections, as of the June 30 used by the Tennessee Valley Authority in computing the annual payment to the Commonwealth which is subject to redistribution by the Commonwealth.

(5) This section shall be applicable to all payments received after September 30, 1985, from the Tennessee Valley Authority under Section 13 of the Tennessee Valley Authority Act as amended.

Compiler’s Notes. Section 13 of the Tennessee Valley Authority Act, referred to in subsections (1) and (5) of this section, is compiled as 16 U.S.C. § 831l.

CHAPTER 97
PARKS, PLAYGROUNDS, AND RECREATION

SECTION.
97.010. City and county recreation facilities.

97.020. Establishment of local recreational facilities.

97.010. City and county recreation facilities.

(1) The acquisition, development, maintenance and operation of parks, playgrounds and recreation centers, which may include but is not limited to zoos and museums, is a proper municipal purpose for all cities and counties. The legislative body of any city or the fiscal court of any county may dedicate for use as parks, playgrounds and recreation centers any lands or buildings owned or leased by the city or county and not devoted to an inconsistent public use and may acquire real property for such purpose by purchase, lease, condemnation or otherwise, at any place reasonably accessible to the inhabitants of the city or county and either within or without the boundaries of the city or the county.

(2) Any two (2) or more cities, or any city and county, may jointly establish, maintain and conduct a park and recreation system. Any school district may join with any city or county in providing and conducting public parks, playgrounds and recreation centers.

(3909a-1, 3909a-4: amend. Acts 1958, ch. 124, § 1; 1978, ch. 382, § 1, effective June 17, 1978.)

Cross-References. Acquisition and development of public projects by governmental units and agencies through revenue bonds, KRS ch. 58.

Housing projects, cities may cooperate in furnishing park facilities for, KRS 80.290.

Interlocal cooperation act, KRS 65.210 to 65.300.

Issuance of bonds and control of funds, KRS ch. 66.

State and national parks, KRS ch. 148.

State planning board, functions with respect to parks, KRS 147.070, 147.100.
Opinions of Attorney General. In view of Const., § 179, a city cannot legally appropriate funds to assist a women’s civic club to construct an amphitheater on land owned by the board of education, a separate public entity. The city could, however, build the amphitheater as a public project, or jointly establish a recreational system with the school district pursuant to this section which could include the amphitheater or, pursuant to the same statute, the city could lease land from the school board to establish a recreational center. OAG 70-514.

A proposed community center to be constructed with funds partly supplied by the federal government, the school board and to be operated when complete by the board of education and superintendent of schools as agent of the fiscal court does not meet the criterion of a multi-educational program, and, in view of the projects and activities to be conducted and the mix of school and nonschool purposes projected for the proposed community center, goes far beyond the limitations established by the case law and this section and the school board cannot spend money for such purposes. OAG 71-184.

While a school board may furnish property and cooperate in many ways to provide recreational facilities and programs as an official function of the governmental unit and, while a school board has authority to sell school property for its fair market value, it would be a violation of Const., § 3 for a school board to sell school property to any person or organization for a nominal sum simply because the purchaser proposed to use the property for laudable public purposes and although KRS 45.360 does not apply to school boards, such a board and its members would be well advised to follow the procedure prescribed therein for their own protection. OAG 72-30.

A school board may not make a contribution to a park commission which is seeking to accumulate a fund in order to secure matching federal funds for development of a community recreation park as the school board would have no ownership or control over the property, this would not be the kind of cooperative enterprise envisioned in subsection (2) of this section and such action is unconstitutional under §§ 180 and 186 of the Kentucky constitution. OAG 72-95.

The joint use of school-owned property as a mini-park by both school pupils and city residents is permissible as long as title to property stays in the school board. OAG 72-376.

Where the board of education desires to lease to the city council six-tenths (6%) of an acre of school property for the construction of tennis courts for a minimum of ten (10) years so that a federal grant may be secured but the state department of education has refused to grant approval for a lease of more than one (1) year, a board of education may lease surplus property for any duration if it receives a fair rental for said property and it may do so even if the state board of education disapproves as there is no statutory authority which requires that the state board of education give its approval to the sale or leasing of property by a school board. OAG 73-177.

A city may lease land from a school board over a long term, and may install recreational facilities thereon, when those facilities will be beneficial to the school district. OAG 78-472.

An expenditure of common school funds or a donation of school property for a public purpose other than for the benefit of public education is not permissible under Const., §§ 180, 184 and 186; therefore, under Const., §§ 180, 184, and 186, any transfer of surplus school buildings to community service organizations must be based on the fair market value of the property. OAG 91-85.

NOTES TO DECISIONS

2. Use of school funds.

3. Lease of school facilities.

CHAPTER 107

MUNICIPAL IMPROVEMENTS — ALTERNATE METHODS

SECTION.

(1) (a) In the case of improvements of public ways, the benefited property shall consist of all real property abutting upon both sides of the improvement project, and the cost of improving intersections shall be included in the total costs to be assessed and apportioned, unless and to the extent the city shall appropriate, within constitutional limitations, from available funds, a definite and specified sum as a contribution therefor, or a portion of the aggregate cost, or the cost of specified portions of the
The governing body may, either in the proceedings initiating an improvement project, or in subsequent proceedings, recognize the necessity or desirability in the interest of the public health, safety and general welfare that residential properties within one thousand feet (1000'), measured along paved roads, of a fire hydrant in cities of the third through sixth classes may be assessed on the same basis as property abutting upon a street where a fire hydrant is to be installed.

(2) (a) Benefited property owned by the state, except property the title to which is vested in the Commonwealth for the benefit of a district board of education pursuant to KRS 162.010, shall be assessed as follows: Before assessing the state, the governing body shall serve written notice on the secretary of the Finance and Administration Cabinet setting forth specific details including the estimated total amount of any improvement assessment proposed to be levied against any state property relative to any proposed improvement project. Said written notice shall be served prior to the next even-numbered-year regular session of the General Assembly so that the amount of any specific improvement assessment may be included in the biennial executive branch budget recommendation to be submitted to the General Assembly. Payment of any assessment shall be made only from funds specifically appropriated for that assessment. If an amount sufficient to pay the total amount of any assessment has been appropriated, then the total amount shall be paid; if an amount sufficient only to pay annual assessments has been appropriated, then only the amount of the annual assessment shall be paid. The amount of the assessment shall be certified by the administration Cabinet, which shall thereupon draw a warrant upon the State Treasurer, payable to the city treasurer, and the State Treasurer shall pay the same.

(c) In the case of property the title to which is vested in the Commonwealth for the benefit of a district board of education, the amount of the annual assessment shall be paid by the city or county, or United States government, as the case may be. The same right of action shall lie against the county as against a private owner.

(3) No benefited property shall be exempt from assessment.

(Enact. Acts 1956, ch. 239, § 14; 1960, ch. 226, § 5; 1964, ch. 161, § 3; 1964, ch. 175, § 1; 1976 (Ex. Sess.),
TITLE X
ELECTIONS

CHAPTER 116
VOTER REGISTRATION

SECTION.
116.046. Voter registration forms for high school students — Public education program.

116.200. Roster of voters eligible to vote in city and school board elections.

116.046. Voter registration forms for high school students — Public education program.

(1) The county clerk shall provide voter registration forms to each principal or assistant principal of every public high school, each area vocational school, and upon request, private schools, who shall designate a person in each school who shall be responsible for informing students and school personnel of the availability of the registration forms and assist them in properly registering. The completed forms shall be returned to the county clerk for official registration by the county clerk.

(2) Any person designated to assist in registration in subsection (1) of this section shall fulfill this responsibility in an impartial and fair manner and shall not recruit a registrant for any particular party.

(3) The State Board of Education shall implement programs of public education regarding elections, voting procedures, and election fraud, which shall include an audio-visual presentation for high school juniors and seniors. The State Board of Education, after consultation with the State Board of Elections, shall update the public education programs required by this section as relevant statutory changes occur, as different types of voting machines are used, or as more effective methods of presentation shall be developed.

116.200. Roster of voters eligible to vote in city and school board elections.

(1) Each city and school district board shall provide the clerk of the county in which the city or school district is located with whatever information the county clerk requires to maintain a roster of voters who are eligible to vote in city and school board elections. This information shall be provided to the county clerk not later than sixty (60) days preceding the date of a primary election in which an election for city officers or school board members shall be held in that county.

(2) Each county clerk shall code all registered voters in that county in such a manner that precinct election officers may determine their eligibility to vote in city and school board elections.

(Enact. Acts 1994, ch. 394, § 1, effective July 15, 1994.)

CHAPTER 117
REGULATION OF ELECTIONS

SECTION.

MISCELLANEOUS PROVISIONS

117.315. Appointment of challengers and inspectors.

PENALTIES

117.995. Penalties.

MISCELLANEOUS PROVISIONS

117.315. Appointment of challengers and inspectors.

(1) Each political party is entitled to have not exceeding two (2) challengers at each precinct during the holding of the primary election. Any group of bona fide candidates, as defined in KRS 118.176, of the same political party equal to twenty-five percent (25%) of all the candidates for that party to be voted for in a county in any primary, including state, district, and all other candidates, may recommend to the county committee or governing authority of the party for the county a list of persons whom they desire to have appointed as challengers in each precinct in the county. If more than two (2) such lists are furnished, the committee or governing authority, in making appointments of challengers, shall alternate between the several lists so furnished so as to give to each list an equal amount or proportion of the appointments, but in no event shall there be appointed more than one (1) challenger for any precinct from any one (1) list. The list of challengers shall be presented to the chairman or secretary of the party committee of the county not less than thirty (30) days before the date on which the primary is to be
held, and the committee or the chairman thereof shall make the appointments, certify to same, and present a list of certified challengers to the county clerk at least twenty (20) days before the date on which the primary is held. The appointment of challengers shall be certified in all respects as challengers at regular elections, except as otherwise provided in this section. The challengers shall be registered voters of the county in which the primary is held and shall be subject to the same penalties and possess the same rights and privileges as challengers at regular elections, except that the challengers of one political party shall not be entitled to challenge persons who offer to vote for candidates of any other party in the primary. The provisions of this section shall be enforceable against the chairman of the political party committees by a mandatory summary proceeding instituted in the Circuit Court. The order of the court may be reviewed by the Court of Appeals as provided for the granting or dissolving of temporary injunctions.

(2) Any school board candidate, any independent ticket or candidate for city office, any nonpartisan city candidate, or candidate for an office of the Court of Justice at the primary or regular election may designate not more than one (1) challenger to be present at and witness the holding of primaries or elections in each precinct in the county. A candidate who designates a challenger shall present the county clerk with the name of the challenger at least twenty (20) days preceding the primary or regular election. The challenger shall be entitled to stay in the room or at the door. The challenger shall be a registered voter of the county in which the primary or election is held, shall be appointed in writing by the chairman of the committee, independent candidate, or candidates representing a ticket, and shall produce written appointment on demand of any election officer.

(3) The county executive committee of any political party having a ticket to elect at any regular election may designate not more than two (2) challengers to be present at and witness the holding of the election in each precinct in the county. The challengers shall be entitled to stay in the room or at the door. The challengers shall be registered voters of the county in which the election is held, shall be appointed in writing signed by the chairman of the committee, and shall produce written appointments on demand of any election officer. The committee or chairman shall present the county clerk with a list of designated challengers at least twenty (20) days preceding a regular election.

(4) Except as provided in KRS Chapter 242, not later than the fourth Tuesday preceding an election at which constitutional amendments or other public questions are to be submitted to the vote of the people, any committee that in good faith advocates or opposes an amendment or public question may file a petition with the clerk of the county asking that the petitioners be recognized as the committee entitled to nominate inspectors and challengers to serve at the election at which the constitutional amendment or public question is to be voted on. If more than one (1) committee alleging itself to advocate or oppose the same amendment file such a petition, the county board of elections shall decide, and announce by certified mail, return receipt requested, to each committee not less than the third Tuesday preceding the election, which committee is entitled to nominate the challengers and inspectors. The decision shall not be final, but any aggrieved party may institute proceedings with the county judge/executive and upon hearing the county judge/executive shall determine which of the committees shall be recognized as the one to select inspectors and challengers at the election.

(5) The committee shall file the names of the persons nominated by it with the clerk of the county at least twenty (20) days before the election. The county board of elections shall, not later than the Thursday preceding the election, certify the nominees of the committee for the respective precincts to serve as challengers and inspectors at the election where any constitutional amendment or public question is to be voted upon. If more than one (1) amendment or question is to be voted upon, the county board of elections may designate, on the petition of the committee, one (1) person for each amendment and question to serve as inspector at the election and one (1) person for each amendment and question to serve as challenger at the election.

(6) The challengers and inspectors shall perform their duties in the same manner and be subject to the same privileges as other inspectors and challengers at an election.

Penalties

117.995. Penalties.

(1) Any person appointed to serve as an election officer but who shall knowingly and willfully fail to serve and who is not excused by the county board of elections for the reasons specified in this chapter shall be guilty of a violation and shall be ineligible to serve as an election officer for a period of five (5) years.

(2) Any county clerk or member of the county board of elections who knowingly and willfully violates any of the provisions of this chapter, including furnishing applications for absentee ballots to persons other than those specified by the provisions of this chapter and failure to type the name of the voter on the application form as required by the provisions of this chapter, shall be guilty of a Class D felony.

(3) Any officer who willfully fails to prepare or furnish ballot labels or absentee ballots or fails to allow a qualified voter to cast his vote on the machine as required of him by this chapter shall be guilty of a Class A misdemeanor.

(4) Any election officer who knowingly and willfully violates any of the provisions of this chapter, in-
conducting failure to enforce the prohibition against electioneering established by KRS 117.235, shall be guilty of a Class A misdemeanor for the first offense and a Class D felony for each subsequent offense.

(5) Any person who signs a name other than his own on an application for an absentee ballot or on the verification form for the ballot or on an emergency absentee ballot affidavit, or any person who votes an absentee ballot other than the one issued in his name, or any person who applies for the ballot for the use of anyone other than himself or the person designated by the provisions of this chapter, or any person who makes a false statement on an application for an absentee ballot or on an emergency absentee ballot affidavit shall be guilty of a Class D felony.

(6) Any person who violates any provision of KRS 117.235 related to prohibited activities on election day, after he has been duly notified of the provisions by any precinct election officer, county clerk, deputy county clerk, or other law enforcement official, shall, for each offense, be guilty of a Class A misdemeanor.

(7) Any person who knowingly and willfully prepares or assists in the preparation of an inaccurate or incomplete voter assistance form or fails to complete a voter assistance form when required shall be guilty of a Class A misdemeanor for the first offense and a Class D felony for each subsequent offense; however, if a voter has been permanently certified as requiring voting assistance, there shall be no offense for the failure of the voter to complete the form.

(8) The members of a county board of elections that fails to provide the training to precinct election officers required by KRS 117.187(2) shall be subject to removal by the State Board of Elections.

Legislative Research Commission Note. (7/13/90) The Act amending this section prevails over the repeal and reenactment in House Bill 940, Acts ch. 476, pursuant to Section 653(1) of Acts ch. 476.

CHAPTER 118
CONDUCT OF ELECTIONS

SECTION.
118.025. Voting to be by secret ballot on voting machines — General laws applicable — Time for holding elections.

REGULAR ELECTIONS

118.315. Nomination for regular election by petition — Form of petition — Examination of petition.
School elections are exempted from the general requirement of a secret ballot by Const., § 155. Moss v. Riley, 102 Ky. 1, 19 Ky. L. Rptr. 1829, 49 S.W. 421 (1897).

In school subdistrict tax elections, secret ballot should be used. Gill v. Board of Educ., 288 Ky. 790, 156 S.W.2d 844 (1941).

**Regular Elections**

118.315. Nomination for regular election by petition — Form of petition — Examination of petition.
(1) A candidate for any office to be voted for at any regular election may be nominated by a petition of electors qualified to vote for him, complying with the provisions of subsection (2) of this section. No person whose registration status is as a registered member of a political party shall be eligible to election as an independent candidate, nor shall any person be eligible to election as an independent candidate whose registration status was as a registered member of a political party on January 1 immediately preceding the regular election for which the person seeks to be a candidate. This restriction shall not apply to candidates to those offices specified in KRS 118.105(7), for supervisor of a soil and water conservation district, for candidates for mayor or legislative body in cities of the second to sixth class, or to candidates participating in nonpartisan elections.

(2) The form of the petition shall be prescribed by the State Board of Elections. It shall be signed by the candidate and by registered voters from the district or jurisdiction from which the candidate seeks nomination. The petition shall include a declaration, sworn to by the candidate, that he or she possesses all the constitutional and statutory requirements of the office for which the candidate has filed. Signatures for a petition of nomination for a candidate seeking any office shall not be solicited prior to the first Wednesday after the first Monday in November of the year preceding the year in which the office will appear on the ballot. A petition of nomination for a state officer, or any officer for whom all the electors of the state are entitled to vote, shall contain five thousand (5,000) petitioners; for a representative in Congress from any congressional district, or for any officer from any other district except as herein provided, four hundred (400) petitioners; for a county officer, member of the General Assembly, or Commonwealth's attorney, one hundred (100) petitioners; for a soil and water conservation district supervisor, twenty-five (25) petitioners; for a city officer, two (2) petitioners; and for an officer of a division less than a county, except as herein provided, twenty (20) petitioners. It shall not be necessary that the signatures of the petition be appended to one (1) paper. Each petitioner shall include his residence, Social Security number or date of birth, and post-office address. Failure of a voter to include his Social Security number or date of birth and address shall result in his signature not being counted. If any person joins in nominating, by petition, more than one (1) nominee for any office to be filled, he shall be counted as a petitioner for the candidate whose petition is filed first, except a petitioner for the nomination of candidates for soil and water conservation district supervisors may be counted for every petition to which his signature is affixed.

(3) Titles, ranks, or spurious phrases shall not be accepted on the filing papers and shall not be printed on the ballots as part of the candidate's name; however, nicknames, initials, and contractions of given names may be accepted as the candidate's name.

(4) The Secretary of State and county clerks shall examine the petitions of all candidates who file with them to determine whether each petition is regular on its face. If there is an error, the Secretary of State or the county clerk shall notify the candidate by certified mail within twenty-four (24) hours of filing.

(Legislative Research Commission Note. (10/23/90) Pursuant to KRS 7.136(1), the prior reference in subsection (1) of this statute to KRS 118.105(4) has been changed to KRS 118.105(5) because of the renumbering of that subsection in 1990 Ky. Acts 49, § 1, which inserted new material at subsection (4) and renumbered the existing text as subsection (5). (7/12/90) The two Acts amending this section prevail over the repeal and reenactment in House Bill 940, Acts ch. 476, pursuant to Section 653(1) of acts ch. 476. The two amending Acts do not appear to be in conflict and have been compiled together.

Opinions of Attorney General. The nominating petitions filed by candidates for the board of education of an independent school district, parts of which lie in two counties, must be filed with the county clerks of each of the two counties, the original copy with one county clerk and a duplicate copy with the other county clerk, not less than 55 days prior to the November election. OAG 74-647.

School board candidates, as well as other candidates for nomination, should use the filing form prescribed by the state board pursuant to this section, copies of which are in the clerk's office. OAG 74-676.

A petition which fails to indicate the residence of the signers or that they are qualified voters of the school district is insufficient to entitle the nominee's name to be placed on the ballot. OAG 74-677.

The only candidates who may file for office as independents after the May primary under KRS 118.365 would be those candidates seeking a city or school board office and any other
118.365. Time for filing certificates and petitions of nomination — Statement-of-candidacy forms — Petitions for recall elections or elections on public questions.

(1) Certificates of nomination issued by the State Board of Elections shall be filed by that board with the Secretary of State immediately. The certificates issued by the county board of elections shall be filed by that board with the county clerk immediately.

(2) Petitions of nomination for candidates for city offices except as provided in KRS 83A.047, for candidates for members of boards of education, and for candidates for supervisors of soil and water conservation districts shall be filed with the county clerk not earlier than the first Wednesday after the first Monday in November of the year preceding the year in which the office will appear on the ballot and not later than the second Tuesday in August preceding the day fixed by law for the holding of regular elections for the offices sought.

(3) Candidates for an office, the nomination to which is to be made by a convention pursuant to KRS 118.325(1) and (2), except for the office of electors of President and Vice President of the United States, shall file the statements required by KRS 118.325(3), with the official designated in KRS 118.165 with whom notification and declaration are filed for the office, not earlier than the first Wednesday after the first Monday in November of the year preceding the year in which the office will appear on the ballot and not later than the second Tuesday in August preceding the day fixed by law for the holding of regular elections for the office sought.

(4) Certificates of nomination made by the governing authority of a political party within the meaning of KRS 118.015 or a political organization not constituting a political party within the meaning of KRS 118.015 but whose candidate received two percent (2%) of the vote of the state at the last preceding election for presidential electors to fill vacancies in office, as provided in KRS 118.115 and 118.325, shall be filed as required with the Secretary of State or county clerk not earlier than the first Wednesday after the first Monday in November of the year preceding the year in which the offices will appear on the ballot and not later than the second Tuesday in August preceding the day fixed by law for the election of the person in nomination.

(5) Except as otherwise provided in this section, petitions of nomination shall be filed as required with the Secretary of State or county clerk not earlier than the first Wednesday after the first Monday in November of the year preceding the year in which the offices will appear on the ballot and not later than the second Tuesday in August preceding the day fixed by law for the holding of general elections for the offices sought. The filing of petitions of nomination for independent candidates shall not be accepted by the Secretary of State or the county clerk if the candidate has not filed a statement-of-candidacy form as required by KRS 118.367.

(6) Petitions and certificates of nomination for electors of President and Vice President of the United States shall be filed with the Secretary of State not earlier than the first Wednesday after the first Monday in November of the year preceding the year in which there is an election for President and Vice President of the United States and not later than the first Tuesday in September preceding the date fixed by law for the election of the electors.

(7) Petitions for recall elections or elections on public questions shall be filed as required with the county clerk not later than the second Tuesday in August preceding the day fixed by law for holding a general election.

(8) Petitions of any kind named in this section, statements, and certificates of nomination shall be filed no later than 4 p.m. local time at the place of filing when filed on the last date on which such papers are permitted to be filed.

Opinions of Attorney General. The nominating petitions filed by candidates for the board of education of an independent school district, parts of which lie in two counties, must be filed with the county clerks of each of the two counties, the original copy with one county clerk and a duplicate copy with the other county clerk, not less than 55 days prior to the November election. OAG 74-647.

The only candidates who may file for office as an independent after the May primary would be those candidates seeking a city or school board office and any other independent candidates must file their petition pursuant to the requirements of KRS 118.315. OAG 75-441.

Where a school board member’s resignation is not tendered in writing to and accepted by the board prior to 55 days before
the general election, there is no vacancy and the office need not be placed on the ballot until the following election. OAG 75-635.

TITLE XI
REVENUE AND TAXATION

CHAPTER 131
REVENUE CABINET

GENERAL PROVISIONS

NOTES TO DECISIONS

ANALYSIS

When KRS 131.081(8) is read in conjunction with KRS 131.110(1) and KRS 139.620(1), the Court of Appeals of Kentucky is persuaded that KRS 131.081(8) requires the

Under KRS 134.580, an “overpayment” or “payment where no tax was due” must occur before a refund is authorized under KRS 139.770, and, thus, a taxpayer is only entitled to a refund if he has overpaid his tax liability; therefore, although the court had held that a timely notice of assessment issued by the Commonwealth of Kentucky, Revenue Cabinet was deficient under KRS 131.081(8) and KRS 131.110(1) and that its subsequent notice was barred by the statute of limitations under KRS 139.620(1), it accepted the Cabinet’s alternative argument that the taxpayer was not entitled to a refund concerning the sales and use taxes it paid during a certain period because it did not “overpay” its taxes for that period, and it held that the Cabinet had the right to retain prior excess payments for that time period to the extent that they did not exceed the amount which might have been properly assessed and demanded. GTE South, Inc. v. Commonwealth, — S.W.3d —, 2004 Ky. App. LEXIS 86 (Ky. Ct. App. Apr. 2, 2004).

132.010. Definitions for chapter.
As used in this chapter, unless the context otherwise requires:
(1) “Cabinet” means the Revenue Cabinet.
(2) “Taxpayer” means any person made liable by law to file a return or pay a tax.

(3) “Real property” includes all lands within this state and improvements thereon.

(4) “Personal property” includes every species and character of property, tangible and intangible, other than real property.

(5) “Resident” means any person who has taken up a place of abode within this state with the intention of continuing to abide in this state; any person who has had his actual or habitual place of abode in this state for the larger portion of the twelve (12) months next preceding the date as of which an assessment is due to be made shall be deemed to have intended to become a resident of this state.

(6) “Compensating tax rate” means that rate which, rounded to the next higher one-tenth of one cent ($0.001) per one hundred dollars ($100) of assessed value and applied to the current year’s assessment of the property subject to taxation by a taxing district, excluding new property and personal property, produces an amount of revenue approximately equal to that produced in the preceding year from real property. However, in no event shall the compensating tax rate be a rate which, when applied to the total current year assessment of all classes of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. For purposes of this subsection, “property subject to taxation” means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.

(7) “Net assessment growth” means the difference between:

(a) The total valuation of property subject to taxation by the county, city, school district, or special district in the preceding year, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year, and

(b) The total valuation of property subject to taxation by the county, city, school district, or special district for the current year.

(8) “New property” means the net difference in taxable value between real property additions and deletions to the property tax roll for the current year. “Real property additions” shall mean:

(a) Property annexed or incorporated by a municipal corporation, or any other taxing jurisdiction; however, this definition shall not apply to property acquired through the merger or consolidation of school districts, or the transfer of property from one (1) school district to another;

(b) Property, the ownership of which has been transferred from a tax-exempt entity to a non-tax-exempt entity;

(c) The value of improvements to existing nonresidential property;

(d) The value of new residential improvements to property;

(e) The value of improvements to existing residential property when the improvement increases the assessed value of the property by fifty percent (50%) or more;

(f) Property created by the subdivision of unimproved property, provided, that when such property is reclassified from farm to subdivision by the property valuation administrator, the value of such property as a farm shall be a deletion from that category;

(g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

(h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered “real property additions” only in proportion to the additional urban services to be provided to the property over the urban services previously provided; and

(i) The value of improvements to real property previously under assessment moratorium.

“Real property deletions” shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) “Agricultural land” means:

(a) Any tract of land, including all income-producing improvements, of at least ten (10) contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber;

(11) “Agricultural or horticultural value” means the use value of “agricultural or horticultural land” based upon income-producing capability and comparable sales of farmland purchased for farm purposes where the price is indicative of farm use value, excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

(a) Relative percentages of tillable land, pasture land, and woodland;
Deferred tax means the difference in the tax based on agricultural or horticultural value and the tax based on fair cash value.

Homestead means real property maintained as the permanent residence of the owner with all land and improvements adjoining and contiguous thereto including, but not limited to, lawns, drives, flower or vegetable gardens, outbuildings, and all other land connected thereto.

Residential unit means all or that part of real property occupied as the permanent residence of the owner.

Special benefits are those which are provided by public works not financed through the general tax levy but through special assessments against the benefited property.

DECISIONS UNDER PRIOR LAW

ANALYSIS

2. Construction.
11. Compensating tax rate.
12. Roll back.

2. Construction.

In enacting subsection (1) of KRS 160.477 and subsection (6) of this section in the same special session, the legislature was expressing its intention that the authorization for a levy of 50¢ should yet prevail notwithstanding the "roll-back" provisions also enacted. Mullen v. Board of Educ., 440 S.W.2d 261 (Ky. 1969).

11. Compensating Tax Rate.

Where the legislation established a maximum of 50¢ and the district had obtained a 50¢ authorization by a 1953 election, the effect of the 1965 "roll back" legislation was to reduce that authorization from 50¢ to 13.8¢ leaving the school board with an unused statutory authorization for the special tax where 13.8¢ already being levied and the 15¢ to be levied still fell short of the 50¢ statutory maximum. Mullen v. Board of Educ., 440 S.W.2d 261 (Ky. 1969).

12. Roll Back.

Although the "roll back" prevented the governmental body from levying a greatly increased tax by application of an old voted rate to greatly increased assessments, the voters possessed power to impose upon themselves an additional tax, levied pursuant to current assessments so long as the rate of the combined voted taxes did not exceed the statutorily permitted limit of 50¢ per $100. Mullen v. Board of Educ., 440 S.W.2d 261 (Ky. 1969).

A tax voted in 1968 after enactment of the "roll back" provision, was not subject to being "rolled back." Mullen v. Board of Educ., 440 S.W.2d 261 (Ky. 1969).

(1)(a) That portion of a tax rate levied by an ordinance, order, resolution, or motion of a county fiscal court, district board of education, or legislative body of a city, urban-county government, consolidated local government, or other taxing district subject to recall as provided for in KRS 68.245, 132.023, 132.027, and 160.470, shall go into effect forty-five (45) days after its passage. If during the forty-five (45) days next following the passage of the order, resolution, or motion, a petition signed by a number of registered and qualified voters equal to ten percent (10%) of the voters voting in the last presidential election is presented to the county clerk or his authorized deputy protesting against passage of the ordinance, order, resolution, or motion, the ordinance, order, resolution, or motion shall be suspended from going into effect until after the election referred to in subsection (2) of this section. When the petition is presented to the county clerk or his authorized deputy, the officer shall immediately notify the presiding officer of the appropriate fiscal court, district board of education, legislative body of a city, consolidated local government, urban-county government, or other taxing district, as the case may be. Each sheet of the petition shall contain the names, residence addresses, and Social Security numbers or dates of birth of voters in but one (1) voting precinct, and each sheet shall state the name, number, or designation of the precinct and, where applicable, the name, designation, or number of the district or ward wherein the precinct is situated. The county clerk shall make the conclusive determination of whether the petition contains enough signatures of qualified voters to suspend the effect of the order or resolution.

(b) The county fiscal court, district board of education, or legislative body of a city, urban-county government, consolidated local government, or other taxing district may cause the cancellation of the election by reconsidering the ordinance, order, resolution, or motion and amending the ordinance, order, resolution, or motion to levy a tax rate which will produce no more revenue from real property, exclusive of revenue from new property as defined in KRS 132.010, than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property. The action by the county fiscal court, district board of education, legislative body of a city, urban-county government, consolidated local government, or other taxing district shall be valid only if taken within fifteen (15) days following the date of the presentation of the petition.

If an election is necessary under the provisions of subsection (1) of this section, the county fiscal court, legislative body of a city, urban-county government, consolidated local government, or other taxing district shall cause to be submitted to the voters of the county, district, consolidated local government, or urban-
county at the next regular election, the question as to whether the property tax rate shall be levied. The question shall be submitted to the county clerk not later than the second Tuesday in August preceding the regular election. The question shall be so framed that the voter may by his vote answer "for" or "against." If a majority of the votes cast upon the question oppose its passage, the order, resolution, or motion shall not go into effect. If a majority of the votes cast upon the question favor its passage, the order, resolution, or motion shall go into effect.

(b) If an election is necessary for a school district under the provisions of subsection (1) of this section, the district board of education may cause to be submitted to the voters of the district in a called common school election not less than twenty (20) days nor more than thirty (30) days from the date the signatures on the petition are validated by the county clerk, or at the next regular election, at the option of the district board of education, the question as to whether the property tax rate shall be levied. If the election is held in conjunction with a regular election, the question shall be submitted to the county clerk not later than the second Tuesday in August preceding the regular election. The question shall be so framed that the voter may by his vote answer "for" or "against." If a majority of the votes cast upon the question oppose its passage, the order, resolution, or motion shall not go into effect, and the property tax rate which will produce four percent (4%) more revenues from real property, exclusive of revenue from new property as defined in KRS 132.010, than the amount of revenue produced by the compensating tax rate defined in KRS 132.010, shall be levied without further approval by the county fiscal court, district board of education, or legislative body of a city, consolidated local government, urban-county government, or other taxing district, as the case may be. If a majority of the votes cast upon the question favor its passage, the order, resolution, or motion shall go into effect. The cost of a called common school election shall be borne by the school district causing the election to be held.

(3) Notwithstanding any statutory provision to the contrary, if a city, county, school district, or other taxing district has not established a final tax rate as of September 15, due to the recall provisions of this section, KRS 68.245, 132.027, or 160.470, regular tax bills shall be prepared as required in KRS 133.220 for all districts having a tax rate established by that date; and a second set of bills shall be prepared and collected in the regular manner, according to the provisions of KRS Chapter 132, upon establishment of final tax rates by the remaining districts.

(4) If a second billing is necessary, the collection period shall be extended to conform with the second billing date.

(5) All costs associated with the second billing shall be paid by the taxing district or districts requiring the second billing.

**Legislative Research Commission Note.** (7/13/90) The Act amending this section prevails over the repeal and reenactment in House Bill 940, Acts Ch. 476, pursuant to Section 653(1) of Acts Ch. 476.

**Opinions of Attorney General.** Even though, due to a delay in certifying the county assessment, the advertising and hearing requirements necessary to levying a school district’s tax rate would not be completed 45 days before the date of the next regular election, the school district, of its own volition, could waive the petition and place the question on the ballot. OAG 82-485.

If a Board of Education desires to increase the rate of tax levied pursuant to KRS 160.477, it must comply with the terms of KRS 160.470. This provides for hearings and in certain cases makes the setting of the rate subject to a recall vote or reconsideration as provided for in this section. OAG 85-201.

**132.018. Reduction of tax rate on personal property.**

(1) If the tax rate applicable to real property levied by a county fiscal court, district board of education, or legislative body of a city, consolidated local government, urban-county government, or other taxing district is reduced, under the provisions of KRS 132.017(1)(b), the tax rate applicable to personal property levied under the provisions of KRS 68.248(1), 132.024(1), 132.029(1), and 160.473(1) shall be reduced by the respective county fiscal court, district board of education, or legislative body of a city, consolidated local government, urban-county government, or other taxing district to an amount which will produce the same percentage increase in revenue from personal property as the percentage increase in revenue from real property resulting from the reduced tax rate applicable to real property.

(2) If the tax rate applicable to real property levied by a county fiscal court, district board of education, or legislative body of a city, consolidated local government, urban-county government, or other taxing district is reduced, under the provisions of KRS 132.017(2)(b), as a result of a majority of votes cast in an election being opposed to such a rate, the tax rate applicable to personal property levied by the respective county fiscal court, district board of education, or legislative body of a city, consolidated local government, urban-county government, or other taxing district shall be reduced, without further action by the levying body, to an amount
which will produce the same percentage increase in revenue from personal property as the percentage increase in revenue from real property resulting from the reduced tax rate applicable to real property.

132.020. State ad valorem taxes.

(1) An annual ad valorem tax for state purposes of thirty-one and one-half cents ($0.315) upon each one hundred dollars ($100) of value of all real property directed to be assessed for taxation, and one and one-half cents ($0.015) upon each one hundred dollars ($100) of value of all privately-owned leasehold interests in industrial buildings, as defined under KRS 103.200, owned and financed by a tax-exempt governmental unit, or tax-exempt statutory authority under the provisions of KRS Chapter 103, upon the prior approval of the Kentucky Economic Development Finance Authority, except that the rate shall not apply to the proportion of value of the leasehold interest created through any private financing, and one and one-half cents ($0.015) upon each one hundred dollars ($100) of value of all tobacco directed to be assessed for taxation, and twenty-five cents ($0.25) upon each one hundred dollars ($100) of value of all money in hand, notes, bonds, accounts, and other credits, whether secured by mortgage, pledge, or otherwise, or unsecured, except as otherwise provided in subsection (2) of this section, one and one-half cents ($0.015) upon each one hundred dollars ($100) of value of unmanufactured agricultural products, one-tenth of one cent ($0.001) upon each one hundred dollars ($100) of value of all farm implements and farm machinery owned by or leased to a person actually engaged in farming and used in his farm operations, one-tenth of one cent ($0.001) upon each one hundred dollars ($100) of value of all livestock and domestic fowl, one-tenth of one cent ($0.001) upon each one hundred dollars ($100) of value of all other personal property taxed pursuant to subsection (2) of this section, and one and one-half cents ($0.015) upon one hundred dollars ($100) of value of all farm machinery actually engaged in manufacturing, fifteen cents ($0.15) upon commercial radio, television, and telephonic equipment directly used or associated with electronic equipment which broadcasts electronic signals to an antenna, fifteen cents ($0.15) upon property which has been certified as a pollution control facility as defined in KRS 224.01-300, one-tenth of one cent ($0.001) upon property which has been certified as an alcohol production facility as defined in KRS 247.910, or as a fluidized bed energy production facility as defined in KRS 211.390, twenty-five cents ($0.25) upon each one hundred dollars ($100) of value of motor vehicles qualifying for temporary registration as historic motor vehicles under the provisions of KRS 186.043, and forty-five cents ($0.45) upon each one hundred dollars ($100) of value of all other property directed to be assessed for taxation shall be paid by the owner or person assessed, except as provided in subsection (2) of this section and KRS 132.030, 132.050, 132.200, 136.300, 136.320, and other sections providing a different tax rate for particular property.

(2) (a) An annual ad valorem tax for state purposes of one and one-half cents ($0.015) upon each one hundred dollars ($100) of value shall be paid upon the following classes of intangible personal properties, when the intangible personal properties have not acquired a taxable situs within this state:

1. Accounts receivable, notes, bonds, credits, and any other intangible property rights arising out of or created in the course of regular and continuing business transactions substantially performed outside this state;

2. Patents, trademarks, copyrights, and licensing or royalty agreements relating to these;

3. Notes, bonds, accounts receivable, and all other intercompany intangible personal property due from any affiliated company; and

4. Tobacco base allotments.

The provisions of subsection (1) of this section notwithstanding, the state tax rate on real property shall be reduced to compensate for any increase in the aggregate assessed value of real property to the extent that the increase exceeds the preceding year’s assessment by more than four percent (4%), excluding the assessment from property which is subject to tax increment financing pursuant to KRS Chapter 65 and the assessment from leasehold property which is owned and financed by a tax-exempt governmental unit, or tax-exempt statutory authority under the provisions of KRS Chapter 103 and entitled to the reduced rate of one and one-half cents ($0.015) pursuant to subsection (1) of this section. In any year in which the aggregate assessed value of real property is less than the preceding year, the state rate shall be increased to the extent necessary to produce the approximate amount of revenue that was produced in the preceding year from real property.

By July 1 each year, the cabinet shall compute the state tax rate applicable to real property for the current year in accordance with the provisions of subsection (5) of this section and certify the rate to the county clerks for their use in preparing the tax bills. The provisions of subsection (6) of this section notwithstanding, the assessed value of unmined coal certified by the cabinet after July 1, 1994, shall not be included with the assessed value of other real property in determining the state real property tax rate. All omitted unmined coal assessments made after July 1, 1994, shall also be excluded from the provisions of subsection (6) of this section. The calculated rate shall, however, be applied to unmined coal property, and the state revenue shall be devoted to the program described in KRS 146.550 to 146.570, except that four hundred thousand dollars ($400,000) of the state revenue shall be paid annually to the State Treasury and credited to the Kentucky Coal Council for the purpose of public education of coal-related issues.

NOTES TO DECISIONS
8. Exemption.
The property exempted from local taxation by this section is exempt from school taxes, although school taxes are ordinarily considered to be state taxes. Kentucky & W. Va. Power Co. v. Holliday, 216 Ky. 78, 287 S.W. 212 (1926).

Every fraternal benefit society organized or licensed under Subtitle 29 of KRS Chapter 304 is a charitable and benevolent institution, and its funds shall be exempt from all state, county, district, city, and school taxes, other than taxes on real property and office equipment.

132.215. Right to receive income — Basis of assessment — Rate of tax.

(1) To the extent that the present right to receive income for the period of a life or lives, or other indeterminate period, may be held to be subject to assessment and taxation, the basis of the assessment value shall be the fair cash value.

(2) To the extent that a present right to receive income from any source for a life or lives or other indeterminate period, including the right to receive installment payments, even though for a determinate period, under the terms of a life insurance policy, payable by reason of the death of the insured, but not including future lump-sum payments, may hold to be subject to assessment for ad valorem taxes, the owner or person enjoying such right on January 1 of each year shall pay a tax to the state of one-tenth of one cent ($0.001) upon each one hundred dollars ($100) of the fair cash value of his right on the assessment date. No other tax shall be assessed by the state or by any county, city, school district, or other taxing district on any such right, or against the holder of any such right on account thereof.

(1) Deposits belonging to a resident of Kentucky in any financial institution, as defined in KRS 136.500, and unmanufactured tobacco insofar as it is subject to taxation by KRS 132.190 and 132.200, shall be listed, assessed, and valued as of January 1 of each year. Money in hand shall be listed, assessed, and valued as of January 1 of each year. Notes, bonds, accounts, and other credits, whether secured by mortgage, pledge, or otherwise, or unsecured, and all interest in the property, unless otherwise provided by law, shall be listed, assessed, and valued as of the beginning of business on January 1 of each year. All other taxable property and all interest in other taxable property, unless otherwise specifically provided by law, shall be listed, assessed, and valued as of January 1 of each year. It shall be the duty of all persons owning or having any interest in any real property taxable in this state to list or have listed the property with the property valuation administrator of the county where it is located between January 1 and March 1 in each year, except as otherwise provided by law. It shall be the duty of all persons owning or having any interest in any intangible personal property or tangible personal property taxable in this state to list or have listed the property with the property valuation administrator of the county of taxable situs or with the cabinet between January 1 and May 15 in each year, except as otherwise prescribed by law. The filing date for an individual’s intangible property tax return may be extended to the extended federal income filing date approved by the Internal Revenue Service for that individual. If an individual extends the filing date for the intangible return, no discount shall be allowed upon the payment of the intangible tax. All persons in whose name property is properly assessed shall remain bound for the tax, notwithstanding they may have sold or parted with it.

(2) Any taxpayer may list his property in person before the property valuation administrator or his deputy, or may file a property tax return by first class mail. Any real property correctly and completely described in the assessment record for the previous year, or purchased during the preceding year and for which a value was stated in the deed according to the provisions of KRS 382.135, may be considered by the owner to be listed for the current year if no changes that could potentially affect the assessed value have been made to the property. However, if requested in writing by the property valuation administrator or by the cabinet, any real property owner shall submit a property tax return to verify existing information or to provide additional information for assessment purposes. Any real property which has been underassessed as a result of the owner intentionally failing to provide information, or intentionally providing erroneous information, shall be subject to revaluation, and the difference in value shall be assessed as omitted property under the provisions of KRS 132.290.

(3) If the owner fails to list the property, the property valuation administrator shall nevertheless assess it. The property valuation administrator may swear witnesses in order to ascertain the person in whose name to make the list. The property valuation administrator, his employee, or employees of the cabinet may physically inspect and revalue land and buildings in the absence of the property owner or resident. The exterior dimensions of buildings may be measured and building photographs may be taken; however, with the exception of buildings under construction or not yet occupied, an interior inspection of residential and farm buildings, and of the nonpublic portions of commercial buildings shall not be conducted in the absence or without the permission of the owner or resident.

(4) Real property shall be assessed in the name of the owner, if ascertainable by the property valuation administrator, otherwise in the name of the occupant, if ascertainable, and otherwise to “unknown owner.” The undivided real estate of any deceased person may be assessed to the heirs or devisees of the person without designating them by name.

(5) Real property tax roll entries for which tax bills have not been collected at the expiration of the one (1) year tolling period provided for in KRS 134.470, and for which the property valuation administrator cannot physically locate and identify the real property, shall be deleted from the tax roll and the
assessments shall be exonerated. The property valuation administrator shall keep a record of these exonerations, which shall be open under the provisions of KRS 61.870 to 61.884. If, at any time, one of these entries is determined to represent a valid parcel of property it shall be assessed as exempt property under the provisions of KRS 132.290. Notwithstanding other provisions of the Kentucky Revised Statutes to the contrary, any loss of ad valorem tax revenue suffered by a taxing district due to the exoneration of these uncollectable tax bills may be recovered through an adjustment in the tax rate for the following year.

(6) All real property exempt from taxation by Section 170 of the Constitution shall be listed with the property valuation administrator in the same manner and at the same time as taxable real property. The property valuation administrator shall maintain an inventory record of the tax-exempt property, but the property shall not be placed on the tax rolls. A copy of this tax-exempt inventory shall be filed annually with the cabinet within thirty (30) days of the close of the listing period. This inventory shall be in the form prescribed by the cabinet. The cabinet shall make an annual report itemizing all exempt properties to the Governor and the Legislative Research Commission within sixty (60) days of the close of the listing period.

(7) Each property valuation administrator, under the direction of the cabinet, shall review annually all real property listed with him under subsection (6) of this section and claimed to be exempt from taxation by Section 170 of the Constitution. The property valuation administrator shall place on the tax rolls all property that is not exempt. Any property valuation administrator who fails to comply with this subsection shall be subject to the penalties prescribed in KRS 132.990(2).

132.280. County tax levy to be based on state assessment — Exception for special taxing district.

The assessment made for state purposes, when supervised as required by law, shall be the basis for the levy of the ad valorem tax for county, school district and all special taxing district purposes; except that any special taxing district established within an incorporated city under existing statutory or any independent school district whose January 1, 1975, assessment per pupil in average daily attendance would have been reduced because of the use of the assessment made for state purposes as of January 1, 1975, shall continue to use the assessment made for city purposes.

Opinions of Attorney General. Where a board of education has had its taxes collected by a second class city that is using its city assessments, the base upon which the school tax rate will be collected for the tax year 1976 is calculated on the January 1, 1975, city assessment, and the first time the county property valuation administrator’s assessment can be used as the tax base is the assessment made as of January 1, 1977 for the 1977-78 school year. OAG 76-274.
132.486. Assessment system for tangible and intangible personal property — Administrative regulations — Appeals — Effect of appeal on payment of taxes.

(1) The Revenue Cabinet shall develop and administer a centralized ad valorem assessment system for intangible personal property and tangible personal property. This system shall be designed to provide on-line computer terminals and accessory equipment in every property valuation administrator's office in the state in order to create and maintain a centralized personal property tax roll database.

(2) State income tax returns and return preparation instructions shall be revised to facilitate the preparation of the personal property tax return; however, the personal property tax return shall be a separate document and shall be listed with the property valuation administrator in the county of taxable situs according to the provisions of KRS 132.220(1) or with the Revenue Cabinet. The Revenue Cabinet shall promulgate administrative regulations and develop forms for the listing and assessment of personal property.

(3) Appeals of personal property assessments shall not be made to the county board of assessment appeals. Personal property taxpayers shall be served notice under the provisions of KRS 132.450(4) and shall have the protest and appeal rights granted under the provisions of KRS 131.110.

(4) No appeal shall delay the collection or payment of taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which the taxpayer claims as the true value as stated in a protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6), from the date the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to the tax bill.

(1) The cabinet shall develop and administer a centralized ad valorem tax system for all motor vehicles as defined in KRS 186.010. This system shall be designed to allow the collection of state, county, city, urban-county government, school, and special taxing district ad valorem taxes due on each motor vehicle at the time of registration of the motor vehicle by the party charged with issuing the registration. The cabinet shall supervise and instruct the property valuation administrators and other officials with respect to their duties in relation to this system.

(2) Except as otherwise provided by law, the tax rate levied by the state, counties, schools, cities, and special tax districts on motor vehicles shall not exceed the rate that could have been levied on motor vehicles by the district on the January 1, 1983 assessments. All counties, schools, cities, and special taxing districts proposing to levy an ad valorem tax on motor vehicles shall submit to the cabinet on or before October 1 of the year preceding the assessment date, the tax rate to be levied against valuations as of that assessment date. Any district that fails to timely submit the tax rate shall receive the rate in effect for the prior year.

(3) The compensating tax rate and maximum possible tax rate allowable for counties, schools, cities, and special taxing districts on property other than motor vehicles for the 1984 and subsequent tax periods shall be calculated excluding all valuations of and tax revenues from motor vehicles from the base amounts used in arriving at these general rates.

(4) The Transportation Cabinet shall provide access to all records of motor vehicle registrations to the cabinet and the property valuation administrators as necessary to prepare and maintain a complete tax roll of motor vehicles throughout each year.

(5) The property valuation administrator shall, subject to the direction, instruction, and supervision of the cabinet, have responsibility for assessing all motor vehicles other than those assessed under KRS Chapter 136 as part of public service companies. The cabinet may provide standard valuation guidelines for use in valuation of motor vehicles.

(6) The property valuation administrator shall provide to the cabinet by December 1 of each year a recapitulation of motor vehicles to be assessed as of January 1 of the next year.

(7) Procedures for protest, appeal, and correction of erroneous assessments shall be the same for motor vehicles as for other properties subject to ad valorem taxes.

Legislative Research Commission Note. (7/15/94). The 1994 changes to this statute are "effective for property assessed on or after January 1, 1995." See 1994 Ky. Acts ch. 9, sec. 4.

NOTES TO DECISIONS

3. State Tax Rate.

KRS 133.185, which relates to the imposition of a tax rate for a taxing district, such as a city, county or school, has no relationship to Const., § 171 which requires that the General Assembly shall provide an annual tax sufficient to defray the estimated expenses of the Commonwealth; the state tax rate on all personal property, including motor vehicles, is not fixed by the processes outlined in KRS 133.185, or in subsections (2) or (6) of this section which provide for submission of a proposal, recapitulation of motor vehicles by the property valuation administrator, and certification by the Department
of Revenue (now Revenue Cabinet), but rather, the state tax rate is fixed by the General Assembly and is currently embodied in KRS 132.020. There is no conflict between subsections (2) and (6) of this section with the constitutional provision that the taxes shall be sufficient to defray the expenses of the state. Kling v. Geary, 667 S.W.2d 379 (Ky. 1984).

132.550. County clerk to compute amount due from each taxpayer — Compensation of clerk.

(1) After the county clerk has completed the services required of him upon delivery of the tax rolls and schedules to him by the property valuation administrator, he shall then calculate the taxes due the state, county, school, county polls, and school polls, for each individual taxpayer, opposite their name in the tax rolls, upon the form prescribed by the Revenue Cabinet. The rolls and forms shall be a permanent record of the county clerk's office.

(2) For performing the services required by this section the county clerk shall be paid the sum of fifteen cents ($0.15) for each tax list on the tax rolls, one-half (\(\frac{1}{2}\)) of this sum to be paid by the state, and the other one-half (\(\frac{1}{2}\)) to be paid by the county.

(1) The Revenue Cabinet shall prepare detailed maps identifying every parcel of real property within each county of the state. Each county shall furnish to the cabinet adequate facilities in the county courthouse in which to work. The Revenue Cabinet shall prescribe methods and specifications for the mapping of property. Personnel authorized to assist in making property identification maps under this section may be given the same authority as a deputy property valuation administrator. Locally employed mapping project personnel shall be compensated in the same manner as deputies or assistants in the property valuation administrator's office.

(2) The Revenue Cabinet shall conduct a biennial review of the quality of maps and ownership records in each county. If, in the first review conducted under these provisions, the maps and records in any county fail to meet the minimum standards established by the cabinet, the cabinet shall assume responsibility for remapping, revision, and updating under the provisions of subsection (1) of this section. Minimum maintenance standards to be followed by each property valuation administrator shall be established by the cabinet.

(3) If the property valuation administrator fails to revalue property as required by this section, the Revenue Cabinet shall have the authority to order an emergency revaluation in the same manner as provided for emergency assessments by KRS 132.660. Any property valuation administrator willfully violating the provisions of subsection (1) of this section or who refuses to comply with the directions of the Revenue Cabinet to correct the assessment shall have his compensation suspended by the cabinet and shall be subject to removal from office as provided by KRS 132.370(4) and shall be subject to the provisions of KRS 132.620 and 61.120.

(4) Nothing in this section shall prohibit action by the Revenue Cabinet under the provisions of KRS 133.150 or 132.660 in any year in which the cabinet determines such action to be necessary.

132.690. Annual revaluation of real property — Quadrennial physical examination of real property.

(1) Each parcel of taxable real property or interest therein subject to assessment by the property valuation administrator shall be revalued during each year of each term of office by the property valuation administrator at its fair cash value in accordance with standards prescribed by the Revenue Cabinet and shall be physically examined no less than once every four (4) years by the property valuation administrator or his assessing personnel. In accordance with procedures prescribed by the Revenue Cabinet, the property valuation administrator shall submit an assessment schedule to the cabinet and shall maintain a record of physical examination and revaluation for each parcel of real property which includes, in addition to other relevant information, the inspection dates.

(2) The right of any individual to appeal the assessment on his property in any year as provided in KRS 133.120 shall in no way be affected by this section.

As used in KRS 132.260 and 132.751, unless the context otherwise requires:

132.730. Mobile homes and recreational vehicles subject to ad valorem taxation — Exception.
All mobile homes and recreational vehicles which are within this state on January 1 each year shall be subject to all ad valorem tax levies applicable to other property subject to full state and local rates, except that any mobile home and recreational vehicle not licensed in this state and not remaining within this state for a period of more than ninety (90) days in any twelve (12) month period shall not have a taxable situs in this state unless an occupant is employed in this state.

Cross-References. Trailer park operators to keep register and furnish reports on house trailers, KRS 132.260.

132.751. Classification of certain mobile homes or manufactured homes and certain recreational vehicles as real property.
1. Mobile homes or manufactured homes not held for resale by a dealer shall be classified as real property for the purpose of the levy and assessment of ad valorem taxes, regardless of whether or not the wheels or mobile parts have been removed and whether or not the unit rests on a permanent, fixed foundation.

2. Recreational vehicles shall be classified as real property if the wheels or mobile parts have been removed and the unit rests on a permanent, fixed foundation.

(1) To qualify under the homestead exemption provision of the Constitution, each person claiming the exemption shall file an application with the property valuation administrator of the county in which the applicant resides, on forms prescribed by the Revenue Cabinet. The assessed value of property on which homestead exemption is claimed shall not be increased because of valuation expressed on the application form filed with the property valuation administrator, and whenever it becomes known that the valuation of property subject to the homestead tax exemption has been increased because of valuation expressed on the application form, adjustment shall be made the following year so that the total tax paid by the taxpayer is the same as if the increase had not been made.

(2) (a) Every person filing an application for exemption under the homestead exemption provision must be sixty-five (65) years of age or older during the year for which application is made or must have been classified as totally disabled under a program authorized or administered by an agency of the United States government or by any retirement system either within or without the Commonwealth of Kentucky on January 1 of the year in which application is made.

(c) Every person filing an application for exemption under the disability provision of the homestead exemption must have received disability payments pursuant to the disability and must maintain the disability classification for the entirety of the particular taxation period.
(d) Every person filing for the homestead exemption who is totally disabled and is less than sixty-five (65) years of age must apply for the homestead exemption on an annual basis.
(e) Only one (1) exemption per residential unit shall be allowed even though the resident may be sixty-five (65) years of age and also totally disabled, and regardless of the number of residents sixty-five (65) years of age or older occupying the unit, but the sixty-five hundred dollars ($6,500) exemption shall be construed to mean sixty-five hundred dollars ($6,500) in terms of the purchasing power of the dollar in 1972. Every two (2) years thereafter, if the cost of living index of the United States Department of Labor has changed as much as one percent (1%), the maximum exemption shall be adjusted accordingly.
(f) The real property may be held by legal or equitable title, by the entities, jointly, in common, as a condominium, or indirectly by the stock ownership or membership represent-
(3) Notwithstanding any statutory provisions to the contrary, the provisions of this section shall apply to the assessment and taxation of property under the homestead exemption provision for state, county, city, or special district purposes.

(4) The provisions of this section shall become effective with the 1982 taxable year and persons eligible for a homestead exemption under this section, who have not previously filed under the age provision of the homestead exemption, shall file applications by December 31 of the taxation period.

(a) The homestead exemption for disabled persons shall terminate whenever those persons no longer meet the total disability classification at the end of the taxation period for which the homestead exemption has been granted. In no case shall the exemption be prorated for persons who maintained the total disability classification at the end of the taxation period.

(b) Any totally disabled person granted the homestead exemption under the disability provision shall report any change in disability classification to the property valuation administrator in the county in which the homestead exemption is authorized.

(c) Any person making application and qualifying for the homestead exemption before payment of his property tax bills for the year in question shall be entitled to a full or partial exoneration, as the case may be, of the property tax due to reflect the taxable assessment after allowance for the homestead exemption.

(d) Any person making application and qualifying for the homestead exemption after property tax bills have been paid shall be entitled to a refund of the property taxes applicable to the value of the homestead exemption.

(5) In this section, “taxation period” means the period from January 1 through December 31 of the year in which application is made, unless the person maintaining the classification dies before December 31, in which case “taxation period” means the period from January 1 to the date of death.

Section 2 of Acts 2000, ch. 149, effective July 14, 2000, read: “This Act shall apply for tax assessments made on or after January 1, 2001.”

(2) Each owner or lessee of property assessed under subsection (1) of this section shall annually, between January 1 and April 15, file a return with the cabinet in a form as the cabinet may prescribe. Other individuals or corporations having knowledge of the property defined in subsection (1) of this section gained through contracting, extracting, or similar means may also be required by the cabinet to file a return.

(3) Any property subject to assessment by the cabinet under subsection (1) of this section which has not been listed for taxation, for any year in which it is taxable, by April 15 of that year shall be omitted property.

(4) After the valuation of unmined minerals or other energy sources has been finally fixed by the cabinet, the cabinet shall certify to the county clerk of each county the amount liable for county, city, or district taxation. The report shall be filed by the county clerk in his office, and shall be certified by the county clerk to the proper collecting officer of the county, city, or taxing district for collection.

(5) The notification, protest, and appeal of assessments under subsection (1) of this section shall be made pursuant to the provisions of KRS Chapter 131.

(6) No appeal shall delay the collection or payment of taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which the taxpayer claims as the true value as stated in the protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6), from the date the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to the tax bill.

(7) The collection of tax bills generated from the assessments made under subsection (1) of this section shall be made pursuant to the provisions of KRS Chapter 134.

PENALTIES

132.990. Penalties.

Any person receiving compensation to represent a property owner at a conference with the property valuation administrator for a real property assessment shall be an attorney, a certified public accountant, a certified real estate broker, an employee of the property owner, or any other individual possessing a professional appraisal designation recognized by the cabinet. NOTES TO DECISIONS

2. State Tax Rate.

This section, which relates to the imposition of a tax rate for a taxing district, such as a city, county or school, has no relationship to Const., § 171 which requires that the General Assembly shall provide an annual tax sufficient to defray the estimated expenses of the commonwealth; the state tax rate on all personal property, including motor vehicles, is not fixed by the processes outlined in this section, KRS 132.487(2), or 132.487(6) which provide for submission of a proposal, reca-

Opinions of Attorney General. Under the literal language of this section, when read together with KRS 132.017(3), (4) and (5), a county clerk was not required to wait until the library board established a final tax rate in order to get out the tax bills in the regular way envisioned by this section but should make up the tax bills, based upon the already established tax rates relating to the state, county, school and other taxing districts, and place the bills with the sheriff; in connection with the library district tax levy, which had not been established because of the recall provisions of KRS 132.017, a second set of bills must be prepared in the regular manner upon the establishment of the final tax rate by any remaining districts and all costs associated with the second billing must be paid by the taxing district or districts requiring the second billing: OAG 80-503.

(2) Any taxpayer who pays his state, county, or district taxes by November 1 after they become due in any year shall be entitled to two percent (2%) discount thereon, and the sheriff shall allow the discount and give a receipt in full to the taxpayer. The sheriff may, at any time after the taxes mentioned in this section become due, receive less than the face amount of the tax bill as a credit on the amount due, including the amount of any penalties then due; and every payment shall be credited upon the tax bill or upon sheets annexed thereto for that purpose, and acknowledged in writing or by a rubber stamp, indicating the amount so paid to the sheriff. In the performance of any tax collection duties undertaken by the cabinet, the cabinet shall have all the powers, rights, and authority for the collection of taxes established in Chapters 131, 132, 133, and 134 of the Kentucky Revised Statutes. If the cabinet assumes collection duties, all fees and commissions which the sheriff would have been entitled to receive from the taxing districts after the expiration of the five percent (5%) penalty period shall be paid to the cabinet for deposit in the delinquent tax fund as provided in KRS 134.400.

Field agents, accountants, attorneys, and all other employees of the cabinet engaged in the prosecution of the actions shall not be hired by personal service contract. The secretary shall prosecute diligently, or cause to be prosecuted by field agents, accountants, and attorneys employed by him, the collection of all delinquent taxes due the state.

(3) Nothing contained in this chapter shall prevent the secretary of revenue from assessing any property in accordance with the provisions of KRS 136.020, 136.030, 136.050, or 136.120 to 136.180.

(4) The cabinet may require the use of any reports, forms, or databases necessary to administer the law in connection with the collection of delinquent taxes. The cabinet shall require an index to be kept of all certificates of delinquency.

134.420. Lien for taxes.

(1) The state and each county, city, or other taxing district shall have a lien on the property assessed for taxes due them respectively for ten (10) years following the date when the taxes become delinquent, and also on any real property owned by a delinquent taxpayer at the time when the sheriff offers the tax claims for sale as provided in KRS 134.430 and 134.440. This lien shall not be defeated by gift, devise, sale, alienation, or any means except by sale to a bona fide purchaser, but no purchase of property made before final settlement for taxes for a particular assessment date has
been made by the sheriff shall preclude the lien covering the taxes. The lien shall include all interest, penalties, fees, commissions, charges, costs, reasonable attorney fees, and other expenses incurred by reason of delinquency in payment of the tax bill or certificate of delinquency or in the process of collecting either, and shall have priority over any other obligation or liability for which the property is liable. The lien of any city, county, or other taxing district shall be of equal rank with that of the state. When any proceeding is instituted to enforce the lien provided in this subsection, it shall continue in force until the matter is judicially terminated. Every city of the third, fourth, fifth, and sixth class shall file notice of the delinquent tax liens with the county clerk of any county or counties in which the taxpayer’s business or residence is located, or in any county in which the taxpayer has an interest in property. The notice shall be recorded in the same manner as notices of lis pendens are filed, and the file shall be designated miscellaneous state and city delinquent and unpaid tax liens.

(2) If any person liable to pay any tax administered by the Revenue Cabinet, other than a tax subject to the provisions of subsection (1) of this section, neglects or refuses to pay the tax after demand, the tax due together with all penalties, interest, and other costs applicable provided by law shall be a lien in favor of the Commonwealth of Kentucky. The lien shall attach to all property and rights to property owned or subsequently acquired by the person neglecting or refusing to pay the tax.

(3) The lien imposed by subsection (2) of this section shall remain in force for ten (10) years from the date the notice of tax lien has been filed by the secretary of the Revenue Cabinet, or his delegate with the county clerk of any county or counties in which the taxpayer’s business or residence is located, or any county in which the taxpayer has an interest in property.

(4) The tax lien imposed by subsection (2) of this section shall not be valid as against any purchaser, judgment lien creditor, or holder of a security interest or mechanic’s lien until notice of the tax lien has been filed by the secretary of the Revenue Cabinet or his delegate with the county clerk of any county or counties in which the taxpayer’s business or residence is located, or in any county in which the taxpayer has an interest in property. The recording of the tax lien shall constitute notice of both the original assessment and all subsequent assessments of liability against the same taxpayer. Upon request, the Revenue Cabinet shall disclose the specific amount of liability at a given date to any interested party legally entitled to the information.

(5) Even though notice of a tax lien has been filed as provided by subsection (4) of this section, and notwithstanding the provisions of KRS 382.520, the tax lien imposed by subsection (2) of this section shall not be valid with respect to a security interest which came into existence after tax lien filing by reason of disbursements made within forty-five (45) days after the date of tax lien filing or the date the person making the disbursements had actual notice or knowledge of tax lien filing, whichever is earlier, provided the security interest:
(a) is in property which:
   1. At the time of tax lien filing is subject to the tax lien imposed by subsection (2) of this section; and
   2. Is covered by the terms of a written agreement entered into before tax lien filing; and
(b) is protected under local law against a judgment lien arising, as of the time of tax lien filing, out of an unsecured obligation.

NOTES TO DECISIONS

15. School Taxes.
A board of education has authority to maintain an action in its own name, against delinquent taxpayers, to recover judgment for delinquent school taxes and to enforce the tax lien, and is not required to await the ordinary process of distraint and sale by the tax collector as the statutes make the tax a debt of the delinquent taxpayer in favor of the particular taxing authority. Board of Educ. v. Ballard, 299 Ky. 370, 165 S.W.2d 538 (1945).

134.430. Sale of personal property and delinquent tax claims against real property — Compensation for services.

(1) All personal property owned by a delinquent taxpayer shall be subject to distraint, and all property owned by him shall be subject to levy and sale by the proper collecting officer at any time from February 1 after the tax claim becomes delinquent until the tax claim is barred by limitations, unless otherwise provided by law.

(2) When any taxpayer becomes delinquent in the payment of a tax bill covering any property assessed by the property valuation administrator, the county board of assessment appeals, the cabinet, or any omitted property irrespective of by whom assessed, the sheriff may distrain a sufficient quantity of the delinquent's personal prop-
property in the county to pay the tax claim, and a necessary part of this property shall be sold as under execution for cash. Neglect on the part of the sheriff to distrain and sell personal property shall not affect the validity of the sale of the tax claim, or the lien or the rights of any purchaser. If personal property sufficient to satisfy the tax claim cannot be found in the county, the sheriff may sell so much of the personal property as is found and enter proper credit on the tax bill.

(3) As compensation for services, the sheriff shall be entitled to an additional ten percent (10%) of that part of the tax claim represented by the total taxes plus ten percent (10%) penalty, for all delinquent taxes collected from the time the ten percent (10%) penalty becomes applicable through the sale of the tax claims. This fee shall be added to the total amount due and paid by the person paying the delinquent tax bill.

(4) If no personal property is found, or the amount found is insufficient, the sheriff shall, no later than the first full week in April, advertise for sale the tax claims of the state, county, and other taxing districts, if there is any real property subject to the lien provided in subsection (1) of KRS 134.420. The sheriff shall receive offers for the purchase of tax claims up to fifteen (15) business days following the date of the initial advertisement or no later than April 30, or the last business day prior to April 30, if April 30 falls on a weekend or holiday.

Compiler's Notes. Section 21 of Acts 1998, ch. 209, provided that the 1998 amendments to this section "shall apply for assessments made on or after January 1, 1998."

(1) The sheriff shall sell all tax claims for which payment by the delinquent taxpayer has not been made by the closing date for the acceptance by the sheriff of offers to purchase delinquent tax claims. If there is more than one (1) willing purchaser who has made an offer, the one having made the most recent purchase of a tax claim against the same delinquent or the same property shall have preference; if there is no such person, the person being the first, in the judgment of the sheriff, to offer to pay cash in the full amount of the tax claim shall receive priority for the purchase of the tax claim. If the total of all offers to purchase exceeds ten percent (10%) of the total dollar amount of the delinquent bills offered for sale, or the sum of two hundred thousand dollars ($200,000), whichever is less, the sheriff shall notify the Finance and Administration Cabinet of the offers of purchase within five (5) business days of the closing date when the offers were received. Upon receipt of the notice, the Finance and Administration Cabinet shall purchase the delinquent tax bills upon which the sheriff has received an offer of purchase and shall tender payment to the sheriff within fifteen (15) business days of the receipt of the sheriff's notice. Upon purchase of the tax claims, the state shall be the owner of the tax bills and may contract with the county attorney to collect all amounts due on its behalf under the terms and conditions of the county attorney's contract with the Revenue Cabinet to collect delinquent taxes. If the county attorney has not contracted with the Revenue Cabinet to collect delinquent taxes, the Revenue Cabinet shall collect all amounts due on behalf of the Finance and Administration Cabinet. If the Finance and Administration Cabinet does not pur-
134.470. Liability of taxpayer on uncollectible tax bill or certificate of delinquency — Action to enforce — Operation of statute of limitations.

An uncollectible tax bill or a certificate of delinquency shall embrace the entire tax claim, including the lien provided in subsection (1) of KRS 134.420, and shall continue to be a personal obligation of the delinquent taxpayer. Any property while owned by him shall be subject to foreclosure or execution in satisfaction of a judgment pursuant to an action in rem or an action in personam, or both, to enforce the obligation, and shall also be subject to distraint or levy as provided in subsection (1) of KRS 134.430, but no action may be brought to enforce a certificate of delinquency until one (1) year after the issuance thereof, and the action shall be instituted within ten (10) years after the expiration of that one (1) year period. During the one (1) year period the statute of limitations shall be suspended in all respects and shall be continued in all respects for ten (10) years thereafter. If the owner of a certificate of delinquency proceeds to enforce satisfaction of the certificate, he may include all other certificates held by him against the same delinquent taxpayer; but insofar as the proceedings may undertake to effect a lien foreclosure, they shall be governed by the time applicable to the particular property subject to the lien, if that property is no longer owned by the delinquent.

Compiler’s Notes. Section 21 of Acts 1998, ch. 209, provided that the 1998 amendments to this section “shall apply for assessments made on or after January 1, 1998.”

NOTES TO DECISIONS

2. Action by Taxing District.

A board of education has authority to maintain an action in its own name, against delinquent taxpayers, to recover judgment for delinquent school taxes and to enforce the tax lien, and is not required to await the ordinary process of distraint and sale by the tax collector as the statutes make the tax debt of the delinquent taxpayer in favor of the particular taxing and sale by the tax collector as the statutes make the tax debt of the delinquent taxpayer in favor of the particular taxing authority. The clerk may deduct the sum of fifty cents ($0.50) as a fee for such service. The name of the bank in which the money is deposited shall be noted on the certificate.

(4) If any clerk fails to pay to the person entitled thereto, upon demand, the money received in payment of a certificate of delinquency, he and his sureties shall be liable for the same and twenty percent (20%) interest thereon annually from the time he received it until paid.

(5) Copies of the records provided for in KRS 134.450 and this section, certified by the county clerk, shall be evidence of the facts stated in them in all the courts of this state.

Compiler's Notes. Section 21 of Acts 1998, ch. 209, provided that the 1998 amendments to this section "shall apply for assessments made on or after January 1, 1998."

134.490. Actions by owner of certificate of delinquency to collect or foreclose certificate — Sale and deed on foreclosure — No redemption — Additional rights if owner is a taxing unit.

(1) Within fifty (50) days after the issuance of a certificate of delinquency to a private purchaser, the private purchaser shall give the same notice as required of a county attorney in KRS 134.500(2). The notice shall advise the owner that the certificate is a lien of record against all property of the owner, and bears interest at the rate of twelve percent (12%) per annum, and if the certificate is not paid, it will be subject to collection as provided by law.

(2) If a private person is the owner of a certificate of delinquency, he may, after the expiration of the one (1) year period provided in KRS 134.470:

(c) Institute one (1) action including both types of actions mentioned in paragraphs (a) and (b) of this subsection, and the joinder of actions shall not be defeated if the delinquent taxpayer has disposed of any property covered by the lien, but the purchaser of the property shall be
made a defendant if the judgment is to affect his interest in the property, and as between them the delinquent taxpayer shall be responsible.

(3) If the state, county, or a taxing district is the owner of a certificate of delinquency, it shall have, after the expiration of the one (1) year period provided in KRS 134.470, in addition to the remedies mentioned in subsection (2) of this section, the right to distrain and sell any property owned by the delinquent, including that on which the lien provided in subsection (1) of KRS 134.420 has attached. Any property sold under distraint proceedings shall be sold in the same manner as provided in KRS 134.430 and 134.440, except that the exercise of the power shall be vested in the county attorney.

(4) If property is sold pursuant to a judgment of foreclosure, it shall be appraised pursuant to the provisions of KRS 426.520 and there shall be a right of redemption as provided in KRS 426.530. If there is no purchaser at a foreclosure sale, the master commissioner shall make a deed to the person or persons shown by record to be the owner of the certificate or certificates of delinquency, and they shall have a pro rata interest in accordance with the amount of their respective certificates.

Compiler's Notes. Section 21 of Acts 1998, ch. 209, provided that the 1998 amendments to subsection (1) of this section "shall apply for assessments made on or after March 1, 1998" and that the remainder of the 1998 amendments to this section "shall apply for assessments made on or after January 1, 1998."

134.500. Interest on certificates of delinquency — Collection of amount due on certificate of delinquency and delinquent personal property tax bills — Technical resources from cabinet.

A fraction of a month is counted as an entire month. The five dollar ($5) sheriff's fee, the advertising costs provided in KRS 134.420, the clerk's add-on fee provided in KRS 134.480, and the county attorney's add-on fee provided in this section shall be included in the interest calculation in counties containing cities of the first class or consolidated local government and shall be excluded in other counties, except upon adoption of an ordinance by a county to include in the interest calculation the fees provided for in KRS 134.420, the clerk's add-on fee provided in KRS 134.480, and the county attorney's add-on fee provided in this section. All tax bills on omitted property that were not turned over to the sheriff in time to be collected or to make the sale provided for in KRS 134.430 and 134.440 shall also be submitted to the fiscal court but shall be carried over as a charge against the sheriff at the time he or she makes the next regular settlement.

All tax bills on omitted property that were turned over to the sheriff in time to be collected or to make the sale provided for in KRS 134.430 and 134.440 shall also be submitted to the fiscal court but shall be carried over as a charge against the sheriff at the time he makes his next regular settlement.

(2) The cabinet shall be responsible for the collection of certificates of delinquency and delinquent personal property tax bills; however, the cabinet shall first offer the collection duties to the county attorney, unless the cabinet determines that the county attorney has previously failed to perform collection duties in a reasonable and acceptable manner. Any county attorney desiring to perform the duties associated with the collection of delinquent tax claims shall enter into a contract with the cabinet on an annual basis. The terms of the contract shall specify the duties to be undertaken by the county attorney. These duties shall include but are not limited to the following actions:

(b) The county attorney shall file in the office of the county clerk a list of the names and addresses to which the notice was mailed along with a certificate that the notice was mailed in accordance with the requirements of this section.

(c) All notices returned as undeliverable shall be submitted to the property valuation administrator. The cabinet shall advise the county attorney in all actions, and may send him or her special assistance when the secretary deems assistance necessary. A copy of the judgment shall also be sent to the cabinet. If the cabinet sends assistance to a county attorney who contracts to prosecute the suits or proceedings, the county attorney shall be entitled to his or her full fee. On the same day that suit is filed, the county clerk shall be given notice of its filing. Costs incident to the suit shall become a part of the tax claim.

The county attorney seeking assistance shall enter into any agreements required by the cabinet to protect taxpayer confidentiality, to ensure database integrity, or to address other concerns of the cabinet.

(8) The county attorney may, at any time after assuming collection duties, enter into an agreement with the delinquent taxpayer to accept installment payments on the delinquent tax bill. Because these conflicting amendments were passed within the same act, the provisions of KRS 446.250 setting out rules of codification of conflicting amendments do not apply. The Reviser of Statutes has set forth both provisions in their entirety, in paragraphs (a) and (b) of section (1).

Compiler’s Notes. Section 21 of Acts 1998, ch. 209, provided that the 1998 amendments to subsection (4) of this section “shall apply for sales of delinquent tax bills made on or after March 1, 1998” and that the remainder of the 1998 amendments to this section “shall apply for assessments made on or after January 1, 1998.”

134.590. Refund of ad valorem taxes or taxes held unconstitutional.

(1) When it appears to the appropriate agency of state government that money has been paid into the State Treasury for ad valorem taxes when no taxes were in fact due or for taxes of any kind paid under a statute held unconstitutional, the agency of state government which administers the tax shall refund the money, or cause it to be refunded, to the person who paid the tax. No refund or credit shall be authorized to a person who has made payment of the tax due on any tract of land unless the entire tax due on the land has been paid.

(2) No refund shall be made unless an application for refund is made within two (2) years from the time payment was made. No refund for ad valorem taxes, except those held unconstitutional, shall be made unless the taxpayer has properly followed the administrative remedy procedures established through the protest provisions of KRS 131.110, the appeal provisions of KRS 133.120, the correction provisions of KRS 133.110 and 133.130, or other administrative remedy procedures.

(3) When it has been determined that city, urban-county, county, school district, consolidated local government, or special district ad valorem taxes have been paid to a city, urban-county, county, school district, consolidated local government, or special district when no taxes were due or the amount paid was in excess of the amount finally determined to be due, the taxes shall be refunded to the person who paid the tax.

(4) Refunds of ad valorem taxes shall be authorized by the mayor or chief finance officer of any city, consolidated local government, or urban-county government for the city, consolidated local government, or urban-county government or for any special district for which the city, consolidated local government, or urban-county government is the levying authority, by the county judge/executive of any county for the county or special district for which the fiscal court is the levying authority, or by the chairman or finance officer of any district board of education.

(5) Upon proper authorization, the sheriff or collector shall refund the taxes from current tax collections held by the sheriff or collector. If there are no such funds, refunds shall be made by the finance officer of the district. The sheriff or collector shall receive credit for any refunds made by the sheriff or collector on the next collection report to the district.

(6) No refund shall be made unless an application is made within two (2) years from the date payment was made. If the amount of taxes due is in litigation, the application for refund shall be made within two (2) years from the date the amount due is finally determined. No refund for ad valorem taxes, except those held unconstitutional, shall be made unless the taxpayer has properly followed the administrative remedy procedures established through the protest provisions of KRS 131.110, the appeal provisions of KRS 133.120, the correction provisions of KRS 133.110 and 133.130, or other administrative remedy procedures.

(7) Notwithstanding other statutory provisions, for property subject to a tax rate that is set each year based on the certified assessment, any loss of ad valorem tax revenue suffered by a taxing district due to the issuance of refunds may be recovered by making an adjustment in the tax rate for the following tax year.

The state, county, city, school, and other taxes found to be due on any protested assessment or portion thereof shall begin to bear legal interest on the sixty-first day after the Kentucky Board of Tax Appeals acknowledges receipt of a protest of any assessment or enters an order to certify the unprotested portion of any assessment until paid, except that in no event shall interest begin to accrue prior to January 1 following April 30 of the year in which the report is due. Every corporation so assessed that fails to pay its taxes when due shall be deemed delinquent, a penalty of ten percent (10%) on the amount of the tax shall attach, and thereafter the tax shall bear interest at the tax interest rate as defined in KRS 131.010(6).

Legislative Research Commission Note. (7/13/90) The Act amending this section prevails over the repeal and reenactment in House Bill 940, Acts Ch. 476, pursuant to Section 653(1) of Acts Ch. 476.

136.120. Public service corporation property tax — Classification — Assessment — Certification.

(1) Every railway company, sleeping car company, chair car company, dining car company, gas company, water company, ferry company, bridge company, street railway company, interurban electric railroad company, express company, electric light company, electric power company, telephone company, telegraph company, commercial air carrier, air freight carrier, pipeline company, common carrier water transportation company, privately owned regulated sewer company, cable television company, municipal solid waste disposal facility, as defined by KRS 224.01-010(15), where solid waste is disposed by landfilling, railroad car line company, which means any company, other than a railroad company, which owns, uses, furnishes, leases, rents, or operates to, from, through, in, or across this state or any part thereof, any kind of railroad car including, but not limited to, flat, tank, refrigerator, passenger, or similar type car, and every other like company or business performing any public service, except bus line companies, regular and irregular route common carrier trucking companies, and taxicab companies, shall annually pay a tax on its operating property to the state and to the extent the property is liable to taxation shall pay a local tax thereon to the county, incorporated city, and taxing district in which its operating property is located.

(2) The property of the taxpayers shall be classified as operating property, nonoperating tangible property, and intangible property. Nonoperating intangible property within the taxing jurisdiction of the Commonwealth shall be taxable for state purposes only at the same rate as the intangible property of other taxpayers not performing public services, and operating property and nonoperating tangible property shall be subject to state and local taxes at the same rate as the tangible property of other taxpayers not performing public services.

(3) The Revenue Cabinet shall have sole power to value and assess all of the property of every corporation, company, association, partnership, or person performing any public service, including those enumerated above and all others to whom this section may apply, whether or not the operating property, nonoperating tangible property, or nonoperating intangible property has heretofore been assessed by the cabinet, and shall allocate the assessment as provided by KRS 136.170, and shall certify operating property liable to local taxation and nonoperating tangible property to the counties, cities, and taxing districts as provided in KRS 136.180. All of the property assessed by the cabinet pursuant to this section shall be assessed as of December 31 each year for the following year’s taxes, and the lien therefor shall attach as of the assessment date. In the case of a taxpayer whose business is predominantly nonpublic service and the public service business in which he is engaged is merely incidental to his principal business, the cabinet shall in the exercise of its judgment and discretion determine, from evidence which it may have or obtain, what portion of the operating property is devoted to the public service business subject to assessment by the cabinet under this section and shall require the remainder of the property not so engaged to be assessed by the local taxing authorities.

Legislative Research Commission Note. (7/14/2000). 2000 Ky. Acts ch. 446 (Senate Bill 329), sec. 2, purports to amend this statute, and the General Assembly version of that bill was signed by both presiding officers and by the Governor. The Journals of the House of Representatives and Senate will reflect, however, that House Floor Amendment 1 was adopted by the House on March 27, 2000, but was not transmitted to the Senate for its concurrence when the bill was returned to that body. Thus, the bill signed did not pass both chambers of the General Assembly in the same form and did not become law. Ky. Const. secs. 46 and 88; see also Mason’s Manual of Legislative Procedure sec. 737, at 508-509 (1989 ed.). Because the General Assembly’s own official records establish this constitutional deficiency, the provisions of 2000 Ky. Acts ch. 446 have not been codified into the Kentucky Revised Statutes. See KRS 7.131(2).

(7/13/90). The Act amending this section prevails over the repeal and reenactment in House Bill 940, Acts Ch. 476, pursuant to Section 653(1) of Acts Ch. 476.

Cross-References. Expenses of public service commission, assessment of public utilities for, KRS 278.130.

136.180. Notice and certification of valuation — Payment of fee by any district which has value certified by cabinet — Effect of appeal on payment of taxes.

(1) The Revenue Cabinet shall, immediately after fixing the assessed value of the operating property and other property of a public service corporation for taxation, notify the corporation of the valuation and the amount of assessment for state and local purposes. When the valuation has been finally determined, the cabinet shall immediately certify, unless otherwise specified, to the county clerk of each county in which any of the operating property or nonoperating tangible property assessment of the corporation is liable to local taxation, the amount of property liable for county, city, or district tax.

(2) No appeal shall delay the collection or payment of taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which the taxpayer claims as the true value as stated in the protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6), from the date the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to the tax bill.

(3) The Revenue Cabinet shall compute annually a multiplier for use in establishing the local tax rate for the operating property of railroads or railway companies that operate solely within the Commonwealth. The applicable local tax rates on the operating property shall be adjusted by the multiplier. The multiplier shall be calculated by dividing the statewide locally taxable business tangible personal property by the total statewide business tangible personal property.

(4) The Revenue Cabinet shall annually calculate an aggregate local rate for each local taxing district to be used in determining local taxes to be collected for railroad carlines. The rate shall be the statewide tangible tax rate for each type of local taxing district multiplied by a fraction, the numerator of which is the commercial and industrial tangible property assessment subject to full local rates and the denominator of which is the total commercial and industrial tangible personal property assessment. Effective January 1, 1994, state and local taxes on railroad carline property shall become due forty-five (45) days from the date of notice and shall be collected directly by the Revenue Cabinet. The local taxes collected by the Revenue Cabinet shall be distributed to each local taxing district levying a tax on railroad carlines based on the statewide average rate for each type of local taxing district. However, prior to distribution any fees owed to the Revenue Cabinet by any local taxing district under the provisions of subsection (4) of this section shall be deducted.

(5) The certification of valuation shall be filed by each county clerk in his office, and shall be certified by the county clerk to the proper collecting officer of the county, city, or taxing district for collection. Any district which has the value certified by the cabinet shall pay an annual fee to the cabinet which represents an allocation of cabinet operating and overhead expenses incurred in generating the valuations. This fee shall be determined by the cabinet and shall apply to valuations for tax periods beginning on or after December 31, 1981.

Legislative Research Commission Note. (11/1/90). The two Acts amending this section prevail over the repeal and reenactment in House Bill 940, Acts Ch. 476, pursuant to Section 653(1) of Acts Ch. 476. The two amending Acts do not appear to be in conflict and have been compiled together. Under the authority of KRS 7.136(a), the Reviser of Statutes has divided the text of this section into the indicated subdivisions. The original 1990 codification of KRS 136.180 and its accompanying note dated July 13, 1990, are superseded and without effect.

DEPARTMENT GENERALLY

156.005. Chief state school officer defined for KRS Chapters 156 to 168.

For purposes of KRS Chapters 156 through 168, “chief state school officer” shall mean the Superintendent of Public Instruction until the close of business on December 31, 1990, and after that date it shall mean the commissioner of education.

156.007. Local Superintendents Advisory Council.

(1) There is hereby established the Local Superintendents Advisory Council, which shall consist of eleven (11) local school district superintendents appointed by the Legislative Research Commission. Seven (7) members shall represent each of the Supreme Court districts as established by KRS 21A.010 and four (4) members shall represent the state at large. The members shall be appointed for a four (4) year term, except the initial appointments shall be as follows: four (4) members shall serve four (4) year terms; three (3) members shall serve two (2) year terms; and four (4) members
shall serve one (1) year terms. A vacancy in the membership shall be filled by the commission for the unexpired term.

(2) The council shall advise the chief state school officer and the Kentucky Board of Education concerning the development of administrative regulations and education policy. The council shall be composed of not more than fifteen members, of whom eight shall be representatives of school boards, one shall be a representative of the Kentucky Education Association, one shall be a representative of the Kentucky Board of Education and the Education Professional Standards Board, one shall be a representative of the Kentucky Association of School Administrators, one shall be a representative of the Kentucky Association of School Boards, one shall be a representative of the Kentucky Association of School Superintendents, one shall be a representative of the Kentucky Department of Education, one shall be a representative of the Kentucky School for the Blind, and one shall be a representative of the Kentucky School for the Deaf. The council shall hold quarterly meetings at the call of the Governor or of the chief state school officer.

(3) All employees of the Department of Education shall be reimbursed for necessary traveling expenses incurred in the performance of their duties, and no part of the reimbursement shall be included in or accounted as a part of their salaries.

(4) The State Department of Education, in the operation and management of its schools and the programs at these schools, shall meet all required federal and state standards relating to facilities and personnel qualifications; however, no license or license fee shall be required for any school or program operated by the State Department of Education.

(5) The Department of Education shall be the sole state agency for the purpose of developing and approving state plans required by state or federal laws and regulations as prerequisites to receiving federal funds for elementary and secondary education.

156.010. Commissioner’s authority to organize Department of Education — Composition — Functions.

(1) The commissioner of education shall be the chief executive of the Department of Education. The commissioner shall be responsible for administering, structuring, and organizing the department and its services including, but not limited to, the following:

(a) Technical assistance with curriculum design, school administration and finance, computer and technology services, media services, community education, secondary vocational education, education for exceptional children, and professional development;

(b) Compensatory education;

(c) Research and planning, which shall include, but not be limited to, a statewide research and development effort to identify or develop the best educational practices to be used in the public schools of the Commonwealth. Appropriations for this purpose may be used within the department or for contracting with other individuals, agencies, universities, laboratories, or organizations;

(d) Kentucky School for the Blind and the Kentucky School for the Deaf;

(e) Performance and outcome assessments;

(f) Monitoring the management of school districts, including administration and finance, implementation of state laws and regulations, and student performance; and

(g) Implementing state laws and the policies promulgated thereunder by the Kentucky Board of Education and the Education Professional Standards Board.

(2) The commissioner of education may delegate to his assistants any authority to act for him in the supervision, inspection, and administration of the schools to the extent he has supervisory and administrative control.

(3) All employees of the Department of Education shall be reimbursed for necessary traveling expenses incurred in the performance of their official duties, and no part of the reimbursement shall be included in or accounted as a part of their salaries.

(4) The State Department of Education, in the operation and management of its schools and the programs at these schools, shall meet all required federal and state standards relating to facilities

Opinions of Attorney General. To the extent that KRS 156.016, which gives the power of reorganization of the Department of Education to the Commissioner of Education, is considered to conflict with KRS 12.028, which indicates that only the Governor or another elected state executive officer may file executive orders for reorganization, clearly, this section and KRS 156.016 supersede KRS 12.028 in that this section and KRS 156.016 were enacted into law more recently than KRS 12.028 and more specifically address the reorganization of the Department of Education. OAG 91-66.

156.015. Schools to meet federal and state standards. [Repealed.]

Compiler’s Notes. This section (Enact. 1968, ch. 172, § 2) was repealed by Acts 1978, ch. 155, § 165, effective June 17, 1978.

156.016. Abolition of employment positions — Reorganization.

(1) Effective at the close of business on June 30, 1991, all employment positions in the Department of Education shall be abolished and the employment of all employees in the positions shall be terminated. Employees whose employment has been terminated under the provisions of this section shall have the same reemployment rights granted career employees by KRS Chapter 18A, except these employees shall not have priority status on the register for reemployment in the Department
of Education. This shall not be construed as prohibiting the Department of Education from rehiring an employee whose employment has been terminated.

(2) After a comprehensive study of the Department of Education and the goals and duties of the commissioner of education and the department as established under the Kentucky Education Reform Act of 1990, 1990 Ky. Acts Ch. 476, the commissioner shall reorganize the department, effective July 1, 1991. The reorganization of the department shall incorporate a strong orientation toward providing technical assistance to school districts. After the comprehensive study, which shall include consultations with current department employees, the commissioner shall establish all positions in the department and set the qualifications for the positions, effective no earlier than July 1, 1991. The commissioner may rehire any department employees whose employment is terminated at the close of business on June 30, 1991, under this section.

(3) This section is in response to a specific court decision demanding specific actions of the General Assembly. The actions authorized by this section are designed for a single time use only in response to the education situation. The actions authorized by this section shall not extend to any other situation or circumstance.

Opinions of Attorney General. Although the Commissioner of Education is an appointed chief executive officer of the Department of Education, as commissioner he has the executive authority, unilaterally, to reorganize the department, one time, under the mandate of subsection (3) of this section. OAG 91-66.

A statutorily, not a constitutionally, created property right exists for state merit employees who hold status in their positions. That right entails protection from dismissal, demotion, suspension or penalization except for cause, but does not entail protection from legislative abolishment of their positions and termination. OAG 91-66.

It is not unconstitutional for the Legislature to require reorganization of the Department of Education, in the course of developing an efficient system of common schools in compliance with Const., § 183. OAG 91-66.

Merit employees of the Department of Education may not appeal legislative terminations by Commissioner of Education under this section since in this section the General Assembly abolished all employment positions in the Department of Education and terminated the employment of all employees in those positions, effective at the close of business on June 30, 1991; the personnel board has no jurisdiction over these actions of the General Assembly; the Personnel Board is authorized neither to recreate the positions abolished by the General Assembly nor to reinstate employees whose employment has been terminated by the General Assembly. OAG 91-66.

To the extent that this section, which gives the power of reorganization of the Department of Education to the Commissioner of Education, is considered to conflict with KRS 12.028, which indicates that only the Governor or another elected state executive officer may file executive orders for reorganization, clearly, KRS 156.010 and this section supersede KRS 12.028 in that KRS 156.010 and this section were enacted into law more recently than KRS 12.028 and more specifically address the reorganization of the Department of Education. OAG 91-66.

While state merit employees hold a property right in their employment with the state to the extent that they may not be dismissed, demoted, suspended or otherwise penalized except for cause, there is no statutorily created property right that prevents legislative terminations from a particular agency because there is no statutory provision that provides that legislative terminations cannot take place absent cause. OAG 91-66.

While this section does not provide for seniority for purposes of termination or rehiring in the Department of Education, seniority applies in all other agencies under the provisions of KRS 18A.135(2) in that all employees of the Department of Education are to be treated as career employees when placed on reemployment lists. OAG 91-66.

Whether or not an individual who is rehired in the Department of Education will be rehired as a merit or nonmerit employee will depend upon whether the Commissioner of Education hires that individual for a merit or a nonmerit position. OAG 91-87.

Employees of the Department of Education who are terminated have no priority status for reemployment in the Department of Education; nevertheless, those employees have the rights of career employees which gives them priority on reemployment registers in other agencies. OAG 91-87.

In view of the fact that any employee rehired by the Department of Education would be a new employee, that employee, so long as he is hired into a classified position, would be required to serve a probationary period following the completion of which the individual would have status in the position that he occupies. OAG 91-87.

NOTES TO DECISIONS

Analysis

1. Appeal of termination.

2. — Time.

1. Appeal of Termination.

Because their jobs were abolished under this section, a part of the Kentucky Education Reform Act, employees of the Kentucky Department of Education, dismissed from their jobs, rehired, and subsequently terminated, were not “reinested” or “reemployed” and were therefore under “initial probation” and not “promotional probation” when they were discharged and did not have the right to an appeal before the Personnel Board. Hart v. Personnel Bd., 905 S.W.2d 507 (Ky. Ct. App. 1995).

2. — Time.

Employees of Kentucky Department of Education, dismissed from their jobs and rehired pursuant to the Kentucky Education Reform Act and subsequently terminated during their “initial probation” period, did timely appeal their terminations to the Personnel Board for the 30-day limit to file an appeal ran from the time of their discharge on not upon their placement on “initial probation.” Hart v. Personnel Bd., 905 S.W.2d 507 (Ky. Ct. App. 1995).

156.017 Regional service centers.

Effective January 1, 1992, the commissioner of education shall establish regional service centers in the Commonwealth that primarily focus on the professional development of employees of school districts. The regional service centers shall be staffed by employees of the Department of Education employed by the commissioner in accordance with KRS 156.016. The regional service centers may include, but are not limited to, specially trained technical assistance teams and may
facilitate the work of school district cooperatives or consortia. A school district cooperative or consortia formed under the Interlocal Cooperation Act, KRS 65.210 to 65.300, may contract with the Department of Education to serve the role and function of the regional service center for the area in which the cooperative is based. The department may contract directly with a school district cooperative or consortia for services or assistance to accomplish goals and duties of the commissioner of education and the department as established under the Kentucky Education Reform Act of 1990, 1990 Ky. Acts Ch. 476. (Enact. Acts 1990, ch. 476, Pt. II, § 44, effective July 13, 1990.)

156.018. Role of department with respect to program created by KRS 158.798.
The Department of Education in Kentucky shall promote, support, and assist in the program created in KRS 158.798 by:

(1) Identifying middle and high school students who have a high interest, aptitude, or achievement in math, science, and technology related courses, events, and activities;

(2) Cooperating with the Kentucky Science and Technology Council, Inc., in providing opportunities for middle school students to be recognized and encouraged in pursuit of math and science course work, related activities outside of the classroom, and careers in related fields;

(3) Participating with others in the administration of summer institutes, business and industry internships, career opportunities, and other related experiences directed toward middle and high school students; and

(4) Encouraging representatives from business and industry to participate in the mentorship, internship, scholarship, and career awareness components of the program.

156.020. Appointment of assistant superintendent. [Repealed.]

156.022. Division of surplus property. [Repealed.]

156.024. Department's budget requests to be submitted to state board.

Prior to submission of the formal budgetary requests of the Department of Education, established in KRS 156.010, to the Governor and executive branch, complete copies of the budget areas in the board's jurisdiction shall be forwarded to the Kentucky Board of Education to enable it to fully investigate and review said requests and make recommendations to the Governor.

Legislative Research Commission Note. (7/13/90) This section was amended by two 1990 Acts which are in conflict. Pursuant to KRS 446.250, the Act which was last enacted by the General Assembly prevails.

156.026. Credits allowed transferred district employee.

(1) For purposes of this section, full-time service in a local school for not less than one hundred forty (140) days during the school year entitles an employee who transfers to the Department of Education to a full year of experience credit on the Personnel Cabinet pay schedule and a full year for the purpose of accumulation of annual leave and sick leave in the Department of Education.

(2) An employee of a local school district who transfers to become an employee of the Department of Education after June 30, 1983, shall be allowed to transfer accrued sick leave up to the maximum allowed for transfers for teachers between school districts as provided by KRS 161.155(3). The employee shall be allowed credit for each year of experience in the local school system for the purposes of determining salary in accordance with the current Personnel Cabinet pay schedule, and the rate of accumulation of annual and sick leave in the Department of Education.

(3) For purposes of determining eligibility for additional leave or other benefits based on longevity of service, an employee transferring from a school district to the Department of Education after June 30, 1983, shall be given credit for each year of service in the school district, as determined under subsection (1) of this section.

Legislative Research Commission Note. (7/13/90) The Act amending this section prevails over the repeal and reenactment in House Bill 940, Acts Ch. 476, pursuant to Section 653(1) of Acts Ch. 476.

156.027. Preferential procurement status for publishers who supply materials in alternative formats for students with disabilities — Electronic versions of text that are compatible with Braille translation and speech synthesis software — Digital files.

(1) The following definitions shall apply to this section:
(a) "Alternative format" means any medium or format for the presentation of instructional materials that is needed by a student with an individualized education program or Section 504 Plan for a reading accommodation other than standard print, including but not limited to Braille, large print, audio recordings, digital text, and digital talking books;
(b) "Braille," "individualized education program," and "blind students" have the same meaning as defined under KRS 158.281;
(c) "Comparable version" denotes that all elements of the print version are present in the electronic version, including graphics with ALT tags though not necessarily in the same order or format;
(d) "Legacy materials" means images and graphics requiring release and permission from another source other than the publisher; and
(e) "Section 504 Plan" means a written statement developed for a student with a disability that includes the provision of regular or special education and related aids and services designed to meet individual educational needs in accordance with the federal regulations issued under 34 C.F.R. sec. 104.33.

(2) The purpose of this section shall be to assure, to the extent feasible, that all students with disabilities in the public schools kindergarten through grade twelve (12) who require reading accommodations in accordance with an individualized education program or Section 504 Plan, including but not limited to students who are blind, visually impaired, or who have a specific learning disability as defined in KRS 157.200 or other disability affecting reading, shall have access to textbooks and instructional materials as defined by administrative regulations of the Kentucky Board of Education in alternative formats that are appropriate to their disability and educational needs.

(3) Notwithstanding any other statute to the contrary, the Department of Education shall give preferential procurement status to textbook and instructional materials from publishers who make their materials available in alternative formats for use by students with disabilities, or who can verify that an accessible format textbook or instructional material is currently available from or is in the process of being created by the American Printing House for the Blind, Recording for the Blind and Dyslexic, or another authorized entity, as defined under 17 U.S.C. sec. 121, for production of accessible Braille and other materials and to Recording for the Blind and Dyslexic or another authorized entity, as defined under 17 U.S.C. sec. 121, for production of accessible audio media, digital text, and digital talking books, which produce accessible format materials based on selection and scheduling needs.

(4) Effective July 1, 2003, the Department of Education shall require to the extent feasible any publisher of a textbook or program adopted for use in the public schools in kindergarten through grade twelve (12) to furnish computer files or electronic versions of the printed textbooks and instructional materials in formats comparable to the printed version that are compatible with commonly used Braille translation and speech synthesis software and include corrections and revisions as may be necessary to assure clarity in presentation and use. Navigation within and between files should be reasonably efficient so that the disabled learner is able to fully utilize the material in a manner that yields the same result as the print version affords a nondisabled learner. File format shall be limited to those formats that allow for a comparable version that is readable with text and screen readers such as HTML, XML, or other formats that meet the criteria stated in this subsection. For extreme cases where ALT tags are not feasible, a tag may read, "This item is too complicated to render with current technology." Legacy materials shall be exempt from the criteria for this preference. These files shall be provided to the Division of Exceptional Children Services and shall be provided at the same time and in composition and form comparable with the printed version and include corrections and revisions as may be necessary to assure clarity in presentation and use. The Department of Education may define further requirements regarding additional characteristics of digital files submitted in compliance with this section as needed to provide appropriate alternative formats to meet the needs of students with disabilities.

(5) The Department of Education shall require publishers to make digital files, together with two (2) copies of the print version, available at no charge upon request to the American Printing House for the Blind for production of accessible Braille and other materials and to Recording for the Blind and Dyslexic or another authorized entity, as defined under 17 U.S.C. sec. 121, for production of accessible audio media, digital text, and digital talking books, which produce accessible format materials based on selection and scheduling needs.

(6) Nothing in this section shall in any way lessen the obligation of the public schools to provide for the instruction of blind students in the use of Braille in accordance with KRS 158.282 nor lessen the provision of Braille textbooks for blind students under KRS 156.476.

Kentucky Board of Education

156.029. Kentucky Board of Education — Membership — Functions.

(1) There is hereby established a Kentucky Board of Education, which shall consist of eleven (11) members appointed by the Governor and confirmed by the Senate and the House of Representatives of the General Assembly, with the president of the Council on Postsecondary Education serving as an ex officio nonvoting member. Seven (7) members shall represent each of the Supreme Court districts as established by KRS 21A.010, and four (4) members shall represent the state at large. Each of the appointed members shall serve for a four (4) year
term, except the initial appointments shall be as follows: the seven (7) members representing Supreme Court districts shall serve a term which shall expire on April 14, 1992; and the four (4) at-large members shall serve a term which shall expire on April 14, 1992. Subsequent appointments shall be submitted to the Senate and to the House of Representatives for confirmation in accordance with KRS 11.160. Each appointment by the Governor shall be upon agreement by both chambers in order for the person to be confirmed. Each confirmed appointee shall take office on April 15.

(2) Appointments shall be made without reference to occupation, political affiliation, or similar consideration. No member at the time of his appointment or during the term of his service shall be engaged as a professional educator. Pursuant to KRS 63.080, a member shall not be removed except for cause.

(3) A vacancy in the membership of the board shall be filled by the Governor for the unexpired term with the consent of the Senate and the House of Representatives. In the event that the General Assembly is not in session at the time of the appointment, the consent of the Senate and the House of Representatives shall be obtained during the time the General Assembly next convenes.

(4) At the first regular meeting of the board in each fiscal year, a chairperson shall be elected from its voting membership.

(5) The members shall be reimbursed for actual and necessary expenses incurred in the performance of their duties.

(6) The commissioner of education shall serve as the executive secretary to the board.

(7) The primary function of the board shall be to develop and adopt policies and administrative regulations, with the advice of the Local Superintendents Advisory Council, by which the Department of Education shall be governed in planning, coordinating, administering, supervising, operating, and evaluating the educational programs, services, and activities within the Department of Education which are within the jurisdiction of the board.

Compiler's Notes. This section (4377-2, 4377-4, 4384-5, 4527-63) was amended, if necessary, and resubmitted to the administrative review process as provided for in KRS Chapter 13A. It was repealed by Acts 1990, 1990 Ky. Acts ch. 476, and that have not been objected to in the administrative review process as provided for in KRS Chapter 13A shall remain in effect until amended or repealed. Regulations promulgated under newly created or amended statutes in the Kentucky Education Reform Act of 1990, 1990 Ky. Acts ch. 476, shall be promulgated, reviewed, or amended, if necessary, and resubmitted to the
Legislative Research Commission, prior to December 30, 1990, except for regulations that are to be promulgated at another date in accordance with other provisions of the Kentucky Education Reform Act of 1990, 1990 Ky. Acts ch. 476.

**Legislative Research Commission Note.** (7/15/96). Under 1990 Ky. Acts ch. 362, sec. 6, references to the “State Board for Elementary and Secondary Education” in this statute have been left unchanged although the name of that board has been changed by that Act to the “Kentucky Board of Education.”

As enacted, subsection (1) of this section states that the State Board of Education consists of fourteen members. However, it provides for the appointment of only thirteen members. The Reviser of Statutes, pursuant to KRS 7.136, has made a technical correction in subsection (1) by inserting thirteen in lieu of fourteen.

Pursuant to Executive Order 80-624, the terms of those members appointed on July 30, 1980 shall expire on June 30, as follows: three in 1981; three in 1982; four in 1983; and three in 1984.

Opinions of Attorney General. This section and KRS 164.010 (now repealed) contain clearly irreconcilable, repugnant provisions, since this section directs the state Board of Education to elect one of its own members to serve as an ex officio member of the council on higher education and KRS 164.010 (now repealed), as amended, has not only deleted the reference to the state Board member on the council but also provides that the council is to be composed of the state superintendent of public instruction and 17 lay members appointed by the Governor, thus leaving no seat on the council to be occupied by a state Board of Education member. As Acts 1982, ch. 379, amending KRS 164.010 (now repealed), became operative on April 9, 1982, and Acts 1982, ch. 381, creating this section, did not become effective until July 15, 1982, the language in KRS 164.010 (now repealed) prevails, so that no member of the state Board of Education will be entitled to sit on the council of higher education. OAG 82-357.

Under this section the executive director of the council on higher education continues as an ex officio, nonvoting member of the state Board as the section clearly provides that the state Board is to consist of 14 members and, without the executive director of the council, there would only be 13 members. The General Assembly intended that the fourteenth member was to be identified by referring to Executive Order 80-624. OAG 82-357.

**156.032. State board for vocational-technical, adult education and vocational rehabilitation services — Membership — Function. [Repealed.]**

Legislative Research Commission Note. (7/13/90) This section was amended by one Act [Acts 1990, ch. 476, § 48] and repealed by another Act of the 1990 General Assembly. Pursuant to KRS 446.260, the Act [Acts 1990, ch. 470, § 72] repealing the section prevails.

**Compiler’s Notes.** This section (Enact. Acts 1988, ch. 361, § 4, effective July 15, 1988) was repealed by Acts 1990, ch. 470, § 72, effective July 1, 1990.

**156.033. Duties and powers of State Board for Adult, Vocational Education and Vocational Rehabilitation. [Repealed.]**

**156.035. Legal status of board — Administration of fund.**

(1) The Kentucky Board of Education is recognized to be a public body corporate and politic, and an agency and instrumentality of the Commonwealth in the performance of essential governmental functions.

(2) For the benefit of programs under its control and supervision, the board is authorized to implement
the provisions of any Act of Congress appropriating and apportioning funds to the state, to receive funds appropriated by the Kentucky General Assembly, to provide for the proper apportionment and disbursement of such funds in accordance with state or federal laws, and to accept and provide for the administration of any gifts, donations, or devises.

(3) (a) The board is authorized to expend funds necessary for errors and omissions insurance premiums for insurance to cover the defense of, and any damages and costs awarded in, any civil action brought against individual board members on account of an act made in the scope and course of their performance of legal duties as board members.

(b) The authorization of the expenditure of public funds for insurance is deemed critical to continuing to attract qualified individuals to become members of state boards, and is deemed to authorize the expenditure of public funds for a public purpose.

(c) Nothing in this subsection shall be construed as a waiver of the sovereign immunity of the Commonwealth with respect to claims against the Kentucky Board of Education, the Department of Education, or any of their respective officers, agents, or employees.

**Legislative Research Commission Note.** (7/13/90) This section was amended by two 1990 Acts. Where those Acts are not in conflict, they have been compiled together. Where a conflict exists, the Act which was last enacted by the General Assembly prevails pursuant to KRS 446.250.

**Opinions of Attorney General.** When this section, KRS 156.070 and 156.114 (repealed) are viewed cumulatively, there is strong support for the power of the State Board of Education to withhold state funds from any school district failing to file reports required by statute or regulation of the state board. OAG 79-464.

156.040. Qualification of board members.

(1) As used in this section, “relative” means father, mother, brother, sister, husband, wife, son, daughter, aunt, uncle, son-in-law, and daughter-in-law.

(2) A member of the Kentucky Board of Education shall:

(a) Be at least thirty (30) years of age;

(c) Have been a resident of Kentucky for at least three (3) years preceding the member’s appointment;

(d) Not hold a state office requiring the constitutional oath;

(e) Not be a member of the General Assembly;

(i) Not have been removed from the board for cause; and

(j) Not be engaged as an elementary or secondary education professional educator.

(3) Appointments to the board shall be made without reference to occupation, political affiliation, or similar considerations.

**Legislative Research Commission Note.** (7/13/90) This section was amended by two 1990 Acts. Where those Acts are not in conflict, they have been compiled together. Where a conflict exists, the Act which was last enacted by the General Assembly prevails pursuant to KRS 446.250.

156.050. Rules — Secretary. [Repealed.]
**156.060. Quorum — Meetings — Location of office — Compensation.**  
For meetings of the Kentucky Board of Education, a majority of the voting members shall constitute a quorum for the transaction of business. The board shall meet not less than every three (3) months and at other times it may be called as provided in this section. Special meetings of the board may be called by the chairperson, and upon written request of two (2) members, the chairperson shall call a special meeting of the board to be held not later than twenty (20) days following receipt of the written request. The chairperson shall give notice through the secretary by registered or certified mail, return receipt requested, to each member of the board at least ten (10) days prior to the time of any meeting unless all members of the board waive notice in writing. The offices of the board shall be at the seat of government in the Department of Education and shall be provided by the state. Members of the board may receive a per diem of one hundred dollars ($100) for each regular or special meeting attended and actual expenses for attending meetings, and may be reimbursed for other actual and necessary expenditures incurred in the performance of their duties authorized by the board. The per diem and expenses shall be paid out of the appropriation for the board.

**Opinions of Attorney General.** The literal language of this section provides a per diem and actual expenses for members of the State Board for Elementary and Secondary Education for attending regular or special meetings of the State Board for Elementary and Secondary Education and in other situations where matters relating to duties as a board member are performed, the board member is entitled to “actual and necessary expenditures” but not a per diem. OAG 79-466.

**156.070. General powers and duties of state board.**

(1) The Kentucky Board of Education shall have the management and control of the common schools and all programs operated in these schools, including interscholastic athletics, the Kentucky School for the Deaf, the Kentucky School for the Blind, and community education programs and services.

(2) The Kentucky Board of Education may designate an organization or agency to manage interscholastic athletics in the common schools, provided that the rules, regulations, and bylaws of any organization or agency so designated shall be approved by the board, and provided further that any administrative hearing conducted by the designated managing organization or agency shall be conducted in accordance with KRS Chapter 13B.

(a) The state board or its designated agency shall assure through promulgation of administrative regulations that if a secondary school sponsors or intends to sponsor an athletic activity or sport that is similar to a sport for which National Collegiate Athletic Association members offer an athletic scholarship, the school shall sponsor the athletic activity or sport for which a scholarship is offered. The administrative regulations shall specify which athletic activities are similar to sports for which National Collegiate Athletic Association members offer scholarships.

(b) Beginning with the 2003-2004 school year, the state board shall require any agency or organization designated by the state board to manage interscholastic athletics to adopt bylaws that establish as members of the agency's or organization's board of control one (1) representative of nonpublic member schools who is elected by the nonpublic school members of the agency or organization from regions one (1) through eight (8) and one (1) representative of nonpublic member schools who is elected by the nonpublic member schools of the agency or organization from regions nine (9) through sixteen (16). The nonpublic school representatives on the board of control shall not be from classification A1 or D1 schools. Following initial election of these nonpublic school representatives to the agency's or organization's board of control, terms of the nonpublic school representatives shall be staggered so that only one (1) nonpublic school member is elected in each even-numbered year.

(c) The state board or any agency designated by the state board to manage interscholastic athletics shall not promulgate rules, administrative regulations, or bylaws that prohibit pupils in grades seven (7) to eight (8) from participating in any high school sports except for high school varsity soccer and football, or from participating on more than one (1) school-sponsored team at the same time in the same sport. The Kentucky Board of Education, or an agency designated by the board to manage interscholastic athletics, may promulgate administrative regulations restricting, limiting, or prohibiting participation in high school varsity soccer and football for students who have not successfully completed the eighth grade.

(d) Every local board of education shall require an annual medical examination performed and signed by a physician, physician assistant, advanced registered nurse practitioner, or chiropractor, if performed within the professional's scope of practice, for each student seeking eligibility to participate in any high school athletic activity or sport. The Kentucky Board of Education or any organization or agency designated by the state board to manage interscholastic athletics shall not promulgate administrative regulations or adopt any policies or bylaws that are contrary to the provisions of this paragraph.

(e) Any student who turns nineteen (19) years of age prior to August 1 shall not be eligible for...
high school athletics in Kentucky. Any student who turns nineteen (19) years of age on or after August 1 shall remain eligible for that school year only.

(f) If the state board or any agency designated by the state board to manage interscholastic athletics promulgates administrative regulations that permit a school district to employ or assign nonteaching personnel to serve in a coaching position, those administrative regulations shall apply to all sports and sports activities, including basketball and football. The administrative regulations shall give preference to the hiring or assignment of certified personnel over nonteaching personnel in coaching positions.

(3) (a) The Kentucky Board of Education is hereby authorized to lease from the State Property and Buildings Commission, or others, whether public or private, any lands, buildings, structures, installations, and facilities suitable for use in establishing and furthering television and related facilities as an aid or supplement to classroom instruction, throughout the Commonwealth, and for incidental use in any other proper public functions. The lease may be for any initial term commencing with the date of the lease and ending with the next ensuing June 30, which is the close of the then-current fiscal biennium of the Commonwealth, with exclusive options in favor of the board to renew the same for successive ensuing bienniums, July 1 in each even year to June 30 in the next ensuing even year; and the rentals may be fixed at the sums in each biennium, if renewed, sufficient to enable the State Property and Buildings Commission to pay therefrom the maturing principal of and interest on, and provide reserves for, any revenue bonds which the State Property and Buildings Commission may determine to be necessary and sufficient, in agreement with the board, to provide the cost of acquiring the television and related facilities, with appurtenances, and costs as may be incident to the issuance of the bonds.

(b) Each option of the Kentucky Board of Education to renew the lease for a succeeding biennial term may be exercised at any time after the adjournment of the session of the General Assembly at which appropriations shall have been made for the operation of the state government for such succeeding biennial term, by notifying the State Property and Buildings Commission in writing, signed by the chief state school officer, and delivered to the secretary of the Finance and Administration Cabinet as a member of the commission. The option shall be deemed automatically exercised, and the lease automatically renewed for the succeeding biennium, effective on the first day thereof, unless a written notice of the board’s election not to renew shall have been delivered in the office of the secretary of the Finance and Administration Cabinet before the close of business on the last working day in April immediately preceding the beginning of the succeeding biennium.

(c) The Kentucky Board of Education shall not itself operate leased television facilities, or undertake the preparation of the educational presentations or films to be transmitted thereby, but may enter into one (1) or more contracts to provide therefor, with any public agency and instrumentality of the Commonwealth having, or able to provide, a staff with proper technical qualifications, upon which agency and instrumentality the board, through the chief state school officer and the Department of Education, is represented in such manner as to coordinate matters of curriculum with the curricula of the public schools of the Commonwealth. Any contract for the operation of the leased television or related facilities may permit limited and special uses of the television or related facilities for other programs in the public interest, subject to the reasonable terms and conditions as the board and the operating agency and instrumentality may agree upon; but any contract shall affirmatively forbid the use of the television or related facilities, at any time or in any manner, in the dissemination of political propaganda or in furtherance of the interest of any political party or candidate for public office, or for commercial advertising: No lease between the board and the State Property and Buildings Commission shall bind the board to pay rentals for more than one (1) fiscal biennium at a time, subject to the aforesaid renewal options. The board may receive and may apply to rental payments under any lease and to the cost of providing for the operation of the television or related facilities not only appropriations which may be made to it from state funds, from time to time, but also contributions, gifts, matching funds, devises, and bequests from any source, whether federal or state, and whether public or private, so long as the same are not conditioned upon any improper use of the television or related facilities in a manner inconsistent with the provisions of this subsection.

(4) The state board may, on the recommendation and with the advice of the chief state school officer, prescribe, print, publish, and distribute at public expense such administrative regulations, courses of study, curriculums, bulletins, programs, outlines, reports, and placards as each deems necessary for the efficient management, control, and operation of the schools and programs under its jurisdiction. All administrative regulations published or distributed by the board shall be enclosed in a booklet or binder on which the words "informational copy" shall be clearly stamped or printed.

(5) Upon the recommendation of the chief state school officer or his designee, the state board shall establish policy or act on all matters relating to programs, services, publications, capital construction
and facility renovation, equipment, litigation, contracts, budgets, and all other matters which are the administrative responsibility of the Department of Education.

Legislative Research Commission Note. (7/13/90) This section was amended by three 1990 Acts. Where those Acts are not in conflict, they have been compiled together. Where a conflict exists, the Act which was last enacted by the General Assembly prevails pursuant to KRS 446.250.

Opinions of Attorney General. The Kentucky High School Athletic Association may purchase property from an entity in which the Governor is a general partner, without violating KRS 45A.340. OAG 90-27.

If the board determines that it is not in the best interest of the general health and welfare of pupils of a particular weight and height to participate in high-contact sports, the board may, without violating this section, limit participation in such sports activities by students who fail to meet the weight and height requirements. OAG 90-87.

Nothing in this section prohibits the state board, the Kentucky High School Athletic Association, or local school boards from making rules that limit a student’s participation in
sports activities based on student's health, safety and academic standing. OAG 90-87.

This section, KRS 156.160, and the accompanying regulation, 704 KAR 7:055 set the standards to be followed by employees of the common schools with regard to the imposition of corporal punishment. OAG 92-20.

Effective July 14, 1992, under subsection (2) of this section the State Board for Elementary and Secondary Education and the Kentucky High School Athletic Association may, by rule, administrative regulation, or bylaw, restrict or prohibit 7th and 8th grade students from participating in high school varsity wrestling, soccer, and football. Regulation of participation of 7th or 8th grade students in high school varsity wrestling, soccer, and football is not mandatory, but within the discretion of the state board and the athletic association. OAG 92-98.

NOTES TO DECISIONS

ANALYSIS

1. Board subject to title ix.
2. Athletics.

1. Board Subject to Title IX.

2. Athletics.

In creating the Kentucky Board of Education, the General Assembly recognized that its functions included the management of interscholastic athletics, and it authorized the Kentucky Board of Education to designate an agent for the purpose of performing that function, the Kentucky High School Athletic Association; interscholastic athletics have been recognized as an integral part of secondary education, and thus, have been considered a governmental function. Yanero v. Davis, 65 S.W.3d 510 (Ky. 2001).

156.071. Delegation of taking evidence and writing recommendation of disposition to hearing officer or panel — Compensatory time for staff conducting school facility public hearings.

The Kentucky Board of Education may, any statute to the contrary notwithstanding, delegate the taking of evidence, and the rendition of a written recommendation of disposition to the full board, to a panel of the board, to a single member of the board acting as a hearing officer, or to a hearing officer appointed by the board relative to any hearing, appeal, or decision, judicial or quasi-judicial in nature, which the board is empowered or directed, by this or any other chapter, to conduct, hear, or make; provided, the full board, as provided by statute, makes the final decision or determination, based upon the evidence submitted. For the purpose of serving as a hearing officer for the board, the board and the Department of Education shall not enter into a personal service contract; employ additional staff; or provide additional compensation to existing staff, except for compensatory time for staff who conduct school facility public hearings outside of their regular working hours.

156.072. Waiver of reporting requirement.

1. At the request of a local board of education or a school council, a local school district superintendent shall submit a request to the Kentucky Board of Education for a waiver from a reporting requirement established by a Kentucky Revised Statute that requires the paperwork to be submitted to the Kentucky Board of Education or the Department of Education.

2. Upon a finding of good cause for the waiver, the Kentucky Board of Education may grant the waiver.

3. The Kentucky Board of Education shall not waive statutory paperwork or reporting requirements necessary under federal law or relating to health, safety, or civil rights.

(Enact. Acts 2000, ch. 277, § 1, effective July 14, 2000.)

156.074. Purchase contract for supplies, equipment — Specifications — Terms.

The Kentucky Board of Education, upon requisition to the Finance and Administration Cabinet, may secure price contract agreements for the purchase of supplies and equipment by district boards of education. The board by regulation shall specify the particular types of supplies and equipment for which contracts shall be secured and may revise such lists from time to time. The board, in consultation with the Finance and Administration Cabinet, shall fix standards of quality and quantity and shall develop standard specifications for supplies and equipment. The Finance and Administration Cabinet shall enter into price contract agreements under the law relating to state purchasing. Such contracts shall establish sources of supply, maximum prices to be paid, and shall set forth the length of time for which such contracts shall be valid, not to exceed one (1) year.

156.076. Price contracts information to be furnished district boards — Purchase conditions.

The chief state school officer shall furnish full information on established price contracts to each district board of education. Any board of education may purchase supplies and equipment from the vendor to whom the contract has been awarded, under the terms of the contract. Any board of education may advertise for its own bids on supplies and equipment which meet the specifications of the contracts awarded by the Division
of Material and Procurement Services. Any board of education, after advertising for bids, may award contracts if the chief state school officer certifies that the bid offers supplies and equipment which meet the standards and specifications fixed by the Kentucky Board of Education and that the bid price is lower than that established by the price contract agreement. If supplies and equipment that meet the specifications of the contracts awarded by the Division of Material and Procurement Services or a federal, local, or cooperative agency are available for purchase elsewhere, a board of education may purchase those supplies and equipment without advertising for bids. However, prior to making the purchases, the board of education shall obtain certification from:

(1) The Department of Education for technology components defined in the master plan for education technology for which standards have been established by the Kentucky Board of Education. The department shall certify that the items to be purchased meet or exceed, at a lower cost, the specifications of the components of the original equipment of manufacturers currently holding Kentucky education technology system price contracts; and

(2) The district’s finance officer for supplies and equipment other than that described in subsection (1) of this section. He shall certify that the items to be purchased meet the standards and specifications fixed by state price contract, federal (GSA) price contract, the local school district’s bid, or the bid of another school district whose bid specifications allow other districts to utilize their bids, and that the sales price is lower than that established by the price contract agreement or available through the bidding process and the price does not exceed two thousand five hundred dollars ($2,500).

performance data from the Commonwealth Accountability Testing System; engage educators in effective learning processes and foster collegiality and collaboration; and provide support for staff to incorporate newly acquired skills into their work through practicing the skills, gathering information about the results, and reflecting on their efforts. (j) Educational leadership; and
(k) Strategies to incorporate character education throughout the curriculum.

The department shall utilize its regional service centers, in addition to collaboration with postsecondary education institutions, education cooperative and consortia, and professional education organizations, to provide local district personnel with access to high quality programming. The department shall assist school personnel in assessing the impact of professional development on their instructional practices and student learning.

The department shall assist districts and school councils with the development of long-term school and district improvement plans that include multiple strategies for professional development based on the assessment of needs at the school level.

(a) Professional development strategies may include, but are not limited to, participation in subject matter academies, teacher networks, training institutes, workshops, seminars, and study groups; collegial planning; action research; mentoring programs; appropriate university courses; and other forms of professional development.

(b) In planning the use of the four (4) days for professional development under KRS 158.070, school councils and districts shall give priority to programs that increase teachers' understanding of curriculum content and methods of instruction appropriate for each content area based on individual school plans. The district may use up to one (1) day to provide districtwide training and training that is mandated by state or federal law. Only those employees identified in the mandate or affected by the mandate shall be required to attend the training.

(c) State funds allocated for professional development shall be used to support professional development initiatives that are consistent with local school improvement and professional development plans and teachers' individual growth plans. The funds may be used throughout the year for all staff, including classified and certified staff and parents on school councils or committees. A portion of the funds allocated to each school council under KRS 160.345 may be used to prepare or enhance the teachers' knowledge and teaching practices related to the content and subject matter that are required for their specific classroom assignments.

(6) The Department of Education shall establish an electronic consumer bulletin board that posts information regarding professional development providers and programs as a service to school district central office personnel, school councils, teachers, and administrators. The training shall be developed to meet the specific needs of all certified and classified personnel depending on their relationship with these students. Legislative Research Commission Note. (7/14/2000). This section was amended by 2000 Ky. Acts chs. 162, 452, and 527. Where these Acts are not in conflict, they have been codified together. As to subsection (7) of this section, a conflict exists, in part, between Acts chs. 452 and 527. Under KRS 446.250, Acts ch. 527, which was last enacted by the General Assembly, prevails in this conflict.

(2) Teacher institutes shall be held during the summer months at various college campuses selected by the Kentucky Board of Education. Each institute shall be of one (1) week duration.

(3) The Kentucky Board of Education shall develop specific criteria relating to the selection of eligible teachers for institute participation, with an emphasis on selecting teachers with a demonstrated record of effective teaching.

(4) Any teacher selected and agreeing to participate in a particular teacher institute session shall be reimbursed for expenses incurred in attendance, and shall be awarded a stipend in an amount to be determined by the Kentucky Board of Education.

Compiler’s Notes. This section (4363-10: amend. Acts 1942, ch. 26, §§ 1, 2) was repealed by Acts 1978, ch. 155, § 165, effective June 17, 1978.

156.101. Purpose of section — Definition of “instructional leader” — Instructional leader improvement program.

(1) The purpose of this section is to encourage and require the maintenance and development of effective instructional leadership in the public schools of the Commonwealth to establish that principals, with the assistance of assistant principals, supervisors of instruction, guidance counselors, and directors of special education, have the primary responsibility for instructional leadership in the schools to which they are assigned.

(2) For the purpose of this section, “instructional leader” shall be defined as an employee of the public schools of the Commonwealth employed as a principal, assistant principal, supervisor of instruction, guidance counselor, director of special education, or other administrative position deemed by the Education Professional Standards Board to require an administrative certificate.

(3) In order to carry out the purpose of this section, the Kentucky Board of Education shall establish a state-scope program to improve and maintain the quality and effectiveness of instructional leadership in the public schools of the Commonwealth.

(4) The instructional leader improvement program shall contain the following provisions:

(a) Each instructional leader employed by the public schools of the Commonwealth shall participate in a continuing intensive training program designed especially for instructional leaders;

(b) Every two (2) years each instructional leader shall complete an intensive training program approved by the Kentucky Board of Education to include no fewer than forty-two (42) participant hours of instruction;

(c) The Kentucky Board of Education shall prescribe specific criteria for the training program. The Kentucky Department of Education may not contract for specific training with qualified agencies or institutions or approve programs offered by training providers, including local district training programs, except that the department shall ensure the requirements of paragraph (d) of this subsection are met;

(d) Completion of the required forty-two (42) participant hours shall be reported to the department and to the Education Professional Stan-
standards Board by the local school district. If an instructional leader fails to complete the required hours of training, the instructional leader shall be placed on probation for one (1) year and, if the training is not completed during the probationary period, the instructional leader’s certificate shall be revoked by the Education Professional Standards Board.

(5) The Kentucky Department of Education shall ensure that training options in human resource management and conflict resolution techniques are available to education leaders throughout the state.

(6) This section shall be known as the “Effective Instructional Leadership Act.”

Effective Instructional Leadership Act, 704 KAR 3:325.
Evaluation guidelines, 704 KAR 3:345.

Opinions of Attorney General. Notwithstanding the apparent legislative intent of KRS 161.020 to make the revocation of any instructional leader’s certificate contingent upon laws then in force, this section clearly controls revocation of an instructional leader’s certificate; therefore, a certificate of an instructional leader may be revoked for failure to obtain the hours of intensive training required by this section. All instructional leaders, including those who received a certificate prior to the effective date of this section, are required to comply with this section. OAG 88-37.

The legislative purpose of the instructional leadership program, set forth in subsection (1) of this section, was to develop a program which would result in improvement in the quality of performance of principals, assistant principals, supervisors of instruction, guidance counselors, or directors of special education. Practically, this prescribed program of improvement could not be effective if it did not supersede the general certificate renewal statute, subsection (3) of KRS 161.020. OAG 88-37.

The requirement of subsection (3) of KRS 161.020, that certificates be considered pursuant to the application of the laws which were in effect at the time of the granting of the certificate, is not in harmony with the instructional leadership program. Therefore, subsection (3) of KRS 161.020 is controlling except when an instructional leader fails to comply with the instructional leader improvement program. At such time, the state board may exercise its power of revocation granted by subsection (4) of this section. OAG 88-37.

The retrospective application of a law is not to be given unless the intent is clearly expressed or necessarily implied; it is necessarily implied that this section must be applied to those persons who received their certificates prior to 1984 to benefit the schools and is, therefore, retroactive. OAG 88-37.

156.106. Critical shortage areas — Appointment of retired teachers and administrators — Administrative regulations.

(1) For purposes of this section and KRS 161.605, “critical shortage area” means a lack of certified teachers in particular subject areas, in grade levels, or in geographic locations at the elementary and secondary level, as determined annually by the commissioner of education. The commissioner may use any source considered reliable including, but not limited to, data provided by the Education Professional Standards Board and local education agencies to identify the critical shortage areas.

(2) The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to be used to appoint retired teachers and administrators to positions in critical shortage areas under this section and KRS 161.605. The administrative regulations shall assure that:

(a) A retired teacher or administrator shall not be hired until the superintendent assures that he or she has made every reasonable effort to recruit an active teacher or administrator for the position on an annual basis; and

(b) A retired teacher or administrator shall be paid, at a minimum, a salary at Rank II with ten (10) years of experience based on a single salary schedule adopted by the district.

The commissioner of education shall report members reemployed under this section to the Kentucky Teachers’ Retirement System.

(3) The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to be used to appoint retired teachers and administrators to positions in critical shortage areas under this section and KRS 161.605. The
administrative regulations shall assure that a retired teacher or administrator shall not be hired until the superintendent assures the commissioner of education that the superintendent has made every reasonable effort to recruit an active teacher or administrator for the position on an annual basis. The commissioner of education shall report members reemployed under this section to the Kentucky Teachers' Retirement System.

(4) If a local school district needs a person to fill a critical shortage position after reaching its quota established under KRS 161.605, the commissioner of education with the approval of the executive director of the Kentucky Teachers' Retirement System may allow the district to exceed its quota if the statewide quota has not been met.

 Legislative Research Commission Note. (7/14/2000). Subsections (1) and (4) of this statute were enacted identically in 2000 Ky. Acts ch. 477, sec. 1, subs. (1) and (3), and ch. 498, sec. 3, subs. (1) and (3). Subsections (2) and (3) were enacted by the same two Acts but with nonidentical, but very similar, text, subsection (2) coming from Acts ch. 477, sec. 1, subsec. (2), and subsection (3) coming from Acts ch. 498, sec. 3, subsec. (2). Because the two Acts differ in the texts of their second subsections in newly created statutes, both versions have been codified. Cf. KRS 446.250. Acts ch. 477 (House Bill 519) was signed by the President of the Senate on April 11, 2000, at 10:28 a.m.; Acts ch. 498 (House Bill 739) was signed by the President of the Senate on April 11, 2000, at 1:15 p.m. The tables for the 2000 Kentucky Acts show Acts ch. 498 as being codified at KRS 156.497, but, because of the near identity of the sections, it was subsequently decided to merge them into a single KRS section for codification.

156.111. Superintendents Training Program and Assessment Center — Assessment of superintendents required — Examination.

(1) Prior to July 1, 1992, the Department of Education shall establish a Superintendents Training Program and Assessment Center. The assessment center shall be modeled after the American Association of School Administrators assessment process or a similar validated process. The department may provide assessment centers regionally and shall provide for assessor training. The center shall include, but not be limited to, training for superintendents in the following subjects:

(a) Core concepts of management;
(b) School-based decision making;
(c) Kentucky school law;
(d) Kentucky school finance; and
(e) School curriculum and assessment.

(2) At the conclusion of the training, each participant shall complete a written comprehensive examination based on the content of the training.

(3) In addition to any applicable certification and experience requirements, to be qualified and eligible for continued employment as a school superintendent, effective July 1, 1994, the school superintendent shall have successfully completed the assessment center process. A person hired for the first time as superintendent in Kentucky after June 30, 1994, shall successfully complete the assessment center process within one (1) year of assuming his duties as superintendent.

(4) The Kentucky Board of Education shall adopt administrative regulations to govern the training content, number of hours, written examination, and criteria for successful completion of the training and assessment center process. The board shall also establish the continuing professional development requirements for school superintendents, to be effective July 1, 1994.

REMOVAL OR SUSPENSION OF SCHOOL OFFICERS

156.132. Removal or suspension of public school officers — Procedure, grounds, conditions.
As used in this section, except subsection (1), “public school officer” means a person who previously served as a superintendent of schools or board member during which time charges were brought against him under this section.

(1) The chief state school officer shall recommend, by written charges to the proper school authorities having immediate jurisdiction, the removal of any superintendent of schools, principal, teacher, member of a school council, or other public school officer as to whom he has reason to believe is guilty of immorality, misconduct in office, incompetency, willful neglect of duty, or nonfeasance. In the case of a member of a school council, the written charges shall be provided to the local board of education.

(2) The chief state school officer shall recommend by written charges the suspension by the Kentucky Board of Education of any district board member, superintendent of schools, or other public school officer whom he has reason to believe is guilty of immorality, misconduct in office, incompetency, willful neglect of duty, or nonfeasance. If the charges brought under this subsection represent an immediate threat to the public health, safety, or welfare, the Kentucky Board of Education shall summarily suspend the person against whom the charges are made. The action by the Kentucky Board of Education may be taken upon a recommendation of the chief state school officer, or the action may be taken by a majority vote of the Kentucky Board of Education without recommendation from the chief state school officer.

(3) The Kentucky Board of Education may suspend a district superintendent of schools or other public school officer under subsection (2) of this section or remove him pursuant to subsection (5) of this section only if, after thirty (30) days of receipt of the written charges specified in subsection (1) of this section, the proper school authorities having immediate jurisdiction, either the superintendent or the district board of education, have refused to act, have acted in bad faith, arbitrarily, or capriciously, or if a recommendation to the district board would have been futile.

(4) Any officer suspended by the Kentucky Board of Education under subsection (2) of this section shall be furnished with an emergency order specifying in detail the reasons for suspension and notifying the officer of his right to appeal the action and have an emergency hearing pursuant to KRS 13B.125.

(5) As an alternative to first seeking suspension, the chief state school officer may recommend by written charges the removal by the Kentucky Board of Education of any district board member, superintendent of schools, or other public school officer whom he has reason to believe is guilty of immorality, misconduct in office, incompetency, willful neglect of duty, or nonfeasance. The officer against whom the written charges are issued by the chief state school officer shall be furnished with the written charges and notice of procedural rights conferred under KRS Chapter 13B. Within twenty (20) days after receipt of the charges, the officer may notify the Kentucky Board of Education of his intention to appear and answer the charges. Upon appeal, an administrative hearing shall be conducted in accordance with KRS Chapter 13B. If the officer fails to notify the board of his intention to appear and answer the charges, the Kentucky Board of Education may remove the officer by a majority vote, and the dismissal shall be final.

(6) The hearing shall be public or private at the discretion of the accused former or current superintendent and shall be public when testimony is taken for board members.
The Kentucky Board of Education may meet in closed session to consider the evidence and may by a majority vote remove the officer. If the board votes to remove the officer, the board shall prepare final order specifying which charge or charges it found to be the basis for removal. If within ninety (90) days from the date of suspension if applicable, the state board has not removed the officer, or has dismissed the charges, the suspended officer shall be reinstated and shall be paid his full salary for the period of suspension.

The officer shall have a right to appeal on the record to the Circuit Court located in the county of the school district in accordance with KRS Chapter 13B. If the decision of the court is against removal, the officer shall be paid his full salary from the date of suspension. The payment shall be made from funds appropriated to the State Department of Education.

If a superintendent of schools is removed from office or resigns while charges are pending pursuant to this section after July 15, 1994, any continuing contract pursuant to KRS 161.720 to 161.810 shall be terminated. If the removal is reversed upon appeal, the continuing contract shall be restored and he shall be paid his full salary for the period of suspension.

Cross-References. Removal hearing procedures, 701 KAR 5:055.
Opinions of Attorney General. The State Board of Education has enacted regulations for bidding on the purchase of school equipment and any bidding not conforming to these regulations can be reported to the Superintendent of Public Instruction who is empowered to make written charges against any superintendent or board member who is guilty of misconduct or unlawful acts. OAG 73-740.

Although KRS 156.132 through 156.146 (KRS 156.140, 156.144 and 156.146, now repealed) gives the State Board of Education the right to suspend and remove county board members for misconduct in office or for wilful neglect of duty, the right to recall a school board member does not exist in this state. OAG 75-118.

Before the state board may send back to a local board of education the written charges, a majority of the state board must be of the opinion that a local superintendent is guilty of "immorality, misconduct in office, incompetency or wilful neglect of duty," after which the district board may commence consideration to remove its superintendent under KRS 160.350; refuse to act; or act in bad faith, arbitrarily or capriciously; but if the local board does anything other than take action to remove the local superintendent, after 30 days from receipt of the charges by the local board, the state board would regain "jurisdiction" and could then go forward to suspend the local superintendent. OAG 79-394.

If the information presented to the state board or state Superintendent is such as to serve an adequate basis to formulate an opinion of guilt without investigation, there is no reason why one would need be held. OAG 79-394.

In the case of the state board, "their opinion [that a school officer] is guilty," within subsection (1) of this section must be formulated by at least four of the seven voting members of the board. OAG 79-394.

Subsection (2) of this section is limited to consideration of a local board member or a local superintendent, but is not in any way applicable to a teacher or a principal as is the situation in subsection (1) of this section. OAG 79-394.

The provisions of this section make very clear that the actions of the state board are not dependent upon those of the state Superintendent. OAG 79-394.

The purpose of the summary hearing, provided for in subsection (2) of this section, is for the state board to consider the evidence and take a vote to see if a majority of the state board share the opinion that the local superintendent is guilty of "gross immorality, misconduct in office, incompetency or wilful neglect of duty." OAG 79-394.

"The proper school authorities," within subsection (1) of this section, is the local district board of education. OAG 79-394.

The regulations called for by subsection (2) of this section would be for the benefit of the state board members, not the local superintendent. OAG 79-394.

There exists no state board regulations relating to the summary hearing process called for in subsection (2) of this section. OAG 79-394.

When subsection (1) of this section refers to reporting a public school officer "who in [the superintendent's] opinion is guilty," a conclusive opinion of guilt is not required, but only a satisfaction in the superintendent's mind that the charges may be substantiated by evidence justifying and warranting consideration of removal and action by the local board of education. OAG 79-394.

Where the State Board of Education receives information alleging wrongdoing by a local school officer, it could ask the state Superintendent to investigate, and, if he declined, the state board could investigate on its own. OAG 79-394.

KRS 158.115 was the authorizing statute for a contract requiring a fiscal court to reimburse a school district on a straight per capita basis for nonpublic school students who rode public school buses and, absent full reimbursement by the fiscal court to the school board, the expenditure of public school moneys for transporting nonpublic school children would create a constitutional violation under Const., § 180 as well as other provisions. Therefore, failure by the school board to enforce the contract with the fiscal court would be tantamount to willful neglect of duty and could lead to removal from office. OAG 82-405.

In both KRS 160.345 hearings and KRS 156.132 hearings, the role of the Commissioner of Education in the hearings is authorized not by those statutes, but by the grant of authority vested in the commissioner as the executive and administrative officer of the Board of Education by KRS 156.148(3). OAG 02-4.

NOTES TO DECISIONS

Analysis
1. Grounds.
2. Authority to remove.
3. Time restrictions.
4. — Failure to comply.

1. Grounds.

Bad faith, misconduct or neglect of duty to justify removal of county board members by state board is not shown where
county board takes no affirmative action contrary to state board surveys but only submits counter proposals. Kentucky State Bd. of Educ. v. Isenberg, 421 S.W.2d 81 (Ky. 1967).

Unquestionably the state board has the right to suspend and remove county board members for misconduct in office or for willful neglect of duty and "misconduct in office" means to conduct amiss; bad behavior. Kentucky State Bd. of Educ. v. Isenberg, 421 S.W.2d 81 (Ky. 1967).

Where members of county board disagree with and refuse to follow state board recommendations for consolidation and construction of school buildings the members of the county board were not suspended from office for neglect of duty or misconduct. Kentucky State Bd. of Educ. v. Isenberg, 421 S.W.2d 81 (Ky. 1967).

2. Authority to remove.

The State Board of Elementary and Secondary Education, under the Kentucky Education Reform Act, has the authority to remove members from a county board of education for misconduct in office; there is no language in either this section or KRS 160.180 which suggests, let alone mandates, that the Attorney General has the exclusive power to remove district board members for violations of KRS 160.180. State Bd. for Elementary & Secondary Educ. v. Ball, 847 S.W.2d 743 (Ky. 1993).

3. Time Restrictions.

4. — Failure to Comply.

Although the Kentucky State Board for Elementary and Secondary Education, which found county board of education member guilty of attempting to influence the hiring or appointment of district employees, failed to comply with the time restrictions contained in this section, because the board member was not suspended and continued to serve until his removal after the hearing, member failed to articulate any prejudice suffered and decision was affirmed. Craig v. Kentucky State Bd. for Elementary & Secondary Educ., 902 S.W.2d 264 (Ky. Ct. App. 1995).

Mandamus would not lie to compel state board to conduct hearing of charges filed against county superintendent and members of county board of education where superintendent had not recommended removal. Combs v. State Bd. of Educ., 249 Ky. 320, 60 S.W.2d 957 (1933).

Where board and county superintendent entered into a compromise agreement to settle differences between two factions the facts revealed a situation such as justified Superintendent of Public Instruction in making investigation to determine whether to recommend removal of board members or county superintendent. Board of Educ. v. Rose, 285 Ky. 217, 467 S.W.2d 757 (1971).

A recommendation by the Superintendent of Public Instruction was a prerequisite to many kinds of action by the State Board of Education. Hogan v. Kentucky State Bd. of Educ., 329 S.W.2d 563 (Ky. 1959).

The Superintendent of Public Instruction had a fair discretion as to whether to make a recommendation for removal of the county board of education and that discretion could not have been controlled by mandamus. Hogan v. Kentucky State Bd. of Educ., 329 S.W.2d 563 (Ky. 1959).

Affidavit and supporting data submitted to the lower court by the superintendent showed a fair exercise of discretion in refusing to recommend action on the charges against individual board members and the opposing affidavit on behalf of the petitioners did not overcome this showing in mandamus proceedings. Hogan v. Kentucky State Bd. of Educ., 329 S.W.2d 563 (Ky. 1959).

3. — Grounds.

Evidence that lame duck members of school board, by agreement with other members and one newly-elected member, employed close relatives of newly-elected member, shortly before expiration of their terms, was insufficient to justify removal of newly-elected member as usurper. Richardson v. Commonwealth ex rel. Meridith, 275 Ky. 486, 122 S.W.2d 156 (1938).

Arbitrary action of school board members in rejecting nominations of teachers by superintendent would be grounds for removal, and would perhaps subject them to liability for loss to school fund by payments to teachers wrongfully employed. Cottongim v. Stewart, 277 Ky. 706, 127 S.W.2d 149 (1939).

It does not follow from the fact that a board as a body had acted arbitrarily and in excess of its power, that any particular member or members of the board had individually been guilty of immorality, misconduct of office, incompetency or willful neglect of duty. Hogan v. Kentucky State Bd. of Educ., 329 S.W.2d 563 (Ky. 1959).

156.134. Notice of suspension — Answer — Hearing — Appeal. [Repealed.]

156.136. Vacancies caused by suspension — Appointment — Term — Payment.

The Kentucky Board of Education, upon suspension of any officer or district board of education member under KRS 156.132, shall name a person to fill the vacancy caused by such suspension. Persons appointed by the Kentucky Board of Education to fill vacancies under KRS 156.132 and this section shall hold office only during the time an officer is suspended, not to exceed ninety (90) days from the date of suspension. At the expiration of such period, vacancies shall be filled in the manner provided by law for the office. Persons appointed by the Kentucky Board of Education to fill vacancies caused by suspension shall be paid from funds of the district board of education. Any person employed to fill the position of a superintendent who has been removed by the Kentucky Board of Education under KRS 156.132 shall be employed by the district board of education for periods not to exceed one (1) year if the superintendent has appealed to the courts and if the courts have not taken final action. (Enact. Acts 1962, ch. 244, Art. I, § 3; 1978, ch. 155, § 82, effective June 17, 1978; 1980, ch. 188, § 117,

The Attorney General, upon the written recommendation of either the Governor, the Auditor of Public Accounts, the chief state school officer, or the Kentucky Board of Education, shall institute the necessary actions to recover school funds, from any source, which he believes have been erroneously or improperly allowed or paid to any person.

Opinions of Attorney General. Under KRS 160.160, a board of education has the authority to bring an action in its own name for the recovery of funds improperly paid and the fact that the Attorney General also has this authority does not delimit the authority of the board of education but provides another means of bringing such an action when a local board for some reason has violated this provision and nothing in this section indicates that an action by the Attorney General shall be the exclusive recourse. OAG 73-867.

**NOTES TO DECISIONS**

1. Antitrust Matters.

KRS 156.142 is not a limiting statute on the general powers of the Attorney General, and when he is empowered by statute to commence all action in all cases or hearings in all courts, in or out of the state, as set out in KRS 15.020, he is within his authority to commence a civil antitrust action in federal court. Commonwealth ex rel. Cowan v. Southern Belle Dairy Co., 801 S.W.2d 60 (Ky. 1990).

156.140. Superintendent to control and appoint division heads and employees. [Repealed.]

156.142. Jurisdiction.

In all actions brought under the provisions of KRS 156.132 to 156.138, jurisdiction shall be vested in the Circuit Court of the county in which the school district is located.

156.147. Education Management Selection Commission — Selection of first commissioner of education.

(1) There is hereby created an Education Management Selection Commission. The commission shall consist of six (6) members to be appointed as follows: Three (3) by the Governor, one (1) by the President Pro Tempore of the Senate, one (1) by the Speaker of the House of Representatives, and one (1) jointly by the President Pro Tempore and the Speaker. The members shall serve without compensation, but shall be reimbursed for their reasonable and necessary actual expenses.

(2) The commission shall conduct a national search to identify the best qualified individual for the State Board for Elementary and Secondary Education to appoint as the first commissioner of education to carry out the duties of the chief state school officer. The individual shall be agreed upon by a unanimous vote of all of the members of the commission.

(3) The commission shall meet as soon as practicable after it is constituted. The members shall elect a chairperson, who shall be responsible for convening future meetings. The Governor’s office and the Legislative Commission shall provide staff support to the commission.

**Legislative Research Commission Note.** Notwithstanding 1996 Ky. Acts ch. 362, sec. 6, the reference to the State Board for Elementary and Secondary Education in subsections (1) and (2) of this statute has been left unchanged because that reference is historical in nature.
156.1475. Date of appointment of first commissioner of education.

156.148. Commissioner of education — Selection — Duties.
(1) Effective January 1, 1991, the commissioner of education shall be the chief state school officer. He shall possess the professional qualifications determined by the Kentucky Board of Education as appropriate for the office.
(2) The commissioner shall be appointed by the Kentucky Board of Education, serve at the pleasure of the board, and receive compensation as set by the board, the provisions of KRS 64.640 notwithstanding.
(3) The commissioner of education shall be the executive and administrative officer of the Kentucky Board of Education in its administration of all educational matters and functions placed under its management and control. (4) The commissioner of education shall be reimbursed for all actual and necessary traveling expenses incurred by him in the performance of his duties.

Opinions of Attorney General. In both KRS 160.345 hearings and KRS 156.132 hearings, the role of the Commissioner of Education in the hearings is authorized not by those statutes, but by the grant of authority vested in the commissioner as the executive and administrative officer of the Board of Education by KRS 156.148(3). OAG 02-4.

156.150. Bonds of division heads and assistants. [Repealed.]

156.152. Price contract agreements for purchase of school buses.
The chief state school officer, as executive officer of the Kentucky Board of Education, upon application and requisition to the Finance and Administration Cabinet, is hereby authorized and directed to secure price contract agreements for the purchase of school buses by all district boards of education. The Finance and Administration Cabinet shall enter into price contract agreements under established purchasing procedure in keeping with the law relating to state purchasing. The price contract agreement shall establish sources of supply, maximum prices to be paid, and shall set forth the length of time for which contracts shall be valid.

156.153. School bus standards — “School bus” defined.
(1) All school buses for which bids are made or bid contracts awarded shall meet the standards and specifications of the Kentucky Department of Education. The term “school bus,” as used in this section, shall mean any motor vehicle which meets the standards and specifications for school buses as provided by law or by the standards or specifications of the Kentucky Department of Education authorized by law and used solely in transporting school children and school employees to and from school under the supervision and control and at the direction of school authorities, and shall further include school bus accessory equipment and supplies and replacement equipment considered to be reasonably adaptable for purchase from price contract agreements.
(2) Except in cases of emergencies or for the transportation of students with disabilities, only school buses as defined in subsection (1) of this section shall be used for transporting students to and from school along regular bus routes. Districts may use district-owned vehicles that were designed and built by the manufacturer for passenger transportation when transporting nine (9) or fewer passengers, including the driver, for approved school activities. Vehicles used under this subsection shall be clearly marked as transporting students and shall be safety inspected no less than once every thirty (30) days.

Legislative Research Commission Note. (7/15/96). Notwithstanding 1996 Ky. Acts ch. 362, sec. 6, the reference to State Board for Elementary and Secondary Education in subsection (2) of this statute has been left unchanged because that reference is historical in nature.

156.154. Information respecting established price contract agreements — Purchase conditions of district boards.

The chief state school officer shall make available to all districts boards of education full information respecting established price contract agreements, and any or all districts may procure buses from sources and at prices, terms, and conditions incorporated in the price contract agreements. Any district board of education may take its own bids on school buses which meet the specifications of the Kentucky Board of Education for school buses for which price contracts have been established, provided the chief state school officer approves the bids and purchase contract as meeting specifications of the Kentucky Board of Education. However, no district board of education shall purchase school buses under the terms of this section unless the chief state school officer shall certify that the purchase price is lower than prices set forth in established price contract agreements for similar equipment.

156.160. Promulgation of administrative regulations by Kentucky Board of Education.

(1) With the advice of the Local Superintendents Advisory Council, the Kentucky Board of Education shall promulgate administrative regulations establishing standards which school districts shall meet in student, program, service, and operational performance. These regulations shall comply with the expected outcomes for students and schools set forth in KRS 158.6451. Administrative regulations shall be promulgated for the following:

(a) Courses of study for the different grades and kinds of common schools identifying the common curriculum content directly tied to the goals, outcomes, and assessment strategies developed under KRS 158.645, 158.6451, and 158.6453 and distributed to local school districts and schools. The administrative regulations shall provide that:

1. If a school offers American sign language, the course shall be accepted as meeting the physical education requirement for high school graduation notwithstanding other provisions of law; and
2. If a school offers the Reserve Officers Training Corps program, the course shall be accepted as meeting the physical education requirement for high school graduation notwithstanding other provisions of law;

(b) The acquisition and use of educational equipment for the schools as recommended by the Council for Education Technology;

(c) The minimum requirements for high school graduation in light of the expected outcomes for students and schools set forth in KRS 158.6451. Student scores from any assessment administered under KRS 158.6453 that are determined by the National Technical Advisory Panel to be valid and reliable at the individual level shall be included on the student transcript. The National Technical Advisory Panel shall submit its determination to the commissioner of education and the Legislative Research Commission;

(d) Taking and keeping a school census, and the forms, blanks, and software to be used in taking and keeping the census and in compiling the required reports. The board shall create a statewide student identification numbering system based on students’ Social Security numbers. The system shall provide a student identification number similar to, but distinct from, the Social Security number, for each student who does not have a Social Security number or whose parents or guardians choose not to disclose the Social Security number for the student;

(e) Sanitary and protective construction of public school buildings, toilets, physical equipment of school grounds, school buildings, and classrooms. With respect to physical standards of sanitary and protective construction for school buildings, the Kentucky Board of Education shall adopt the Uniform State Building Code;

(f) Medical inspection, physical and health education and recreation, and other regulations necessary or advisable for the protection of the physical welfare and safety of the public school children. The administrative regulations shall set requirements for student health standards to be met by all students in grades four (4), eight (8), and twelve (12) pursuant to the outcomes described in KRS 158.6451. The administrative regulations shall permit a student who received a physical examination no more than six (6) months prior to his initial admission to Head Start to substitute that examination for the physical examination required by the Kentucky Board of Education for the schools as recommended by the Council for Education Technology;

(g) A vision examination by an optometrist or ophthalmologist that shall be required by the Kentucky Board of Education. The administrative regulations shall require evidence that
a vision examination that meets the criteria prescribed by the Kentucky Board of Education has been performed. This evidence shall be submitted to the school no later than January 1 of the first year that a three (3), four (4), five (5), or six (6) year-old child is enrolled in a public school, public preschool, or Head Start program.

(h) The transportation of children to and from school;

(i) The fixing of holidays on which schools may be closed and special days to be observed, and the pay of teachers during absence because of sickness or quarantine when the schools are closed because of quarantine;

(j) The preparation of budgets and salary schedules for the several school districts under the management and control of the Kentucky Board of Education;

(k) A uniform series of forms and blanks, educational and financial, including forms of contracts, for use in the several school districts;

(l) The disposal of real and personal property owned by local boards of education.

(2) (a) At the request of a local board of education or a school council, a local school district superintendent shall request that the Kentucky Board of Education waive any administrative regulation promulgated by that board. Beginning in the 1996-97 school year, a request for waiver of any administrative regulation shall be submitted to the Kentucky Board of Education in writing with appropriate justification for the waiver. The Kentucky Board of Education may approve the request when the school district or school has demonstrated circumstances that may include but are not limited to the following:

1. An alternative approach will achieve the same result required by the administrative regulation;

2. Implementation of the administrative regulation will cause a hardship on the school district or school or jeopardize the continuation or development of programs; or

3. There is a finding of good cause for the waiver.

(b) The following shall not be subject to waiver:

1. Administrative regulations relating to health and safety;

2. Administrative regulations relating to civil rights;

3. Administrative regulations required by federal law; and

4. Administrative regulations promulgated in accordance with KRS 158.6451, 158.6453, 158.6455, 158.685, and this section, relating to measurement of performance outcomes and determination of successful districts or schools, except upon issues relating to the grade configuration of schools.

(c) Any waiver granted under this subsection shall be subject to revocation upon a determination by the Kentucky Board of Education that the school district or school holding the waiver has subsequently failed to meet the intent of the waiver.

(3) Any private, parochial, or church school may voluntarily comply with curriculum, certification, and textbook standards established by the Kentucky Board of Education and be certified upon application to the board by such schools.

Opinions of Attorney General. The provision of this section requiring the Superintendent of Public Instruction to prepare rules and regulations to accredit commercial schools is mandatory. OAG 60-886.

The term “commercial schools” as used in this section, includes only business schools principally engaged in the instruction of typing, shorthand, bookkeeping and related subjects. OAG 60-886.

Under regulations enacted pursuant to subsection (9) (now subdivision (1)(g)) of this section, a county board of education may designate election day as a holiday and dismiss schools on that day. OAG 60-995.

A county board of education is not bound to allow private teachers to teach music in the public school building. OAG 73-255.

The requirement of the State Department of Education that a child participate in a health and physical education course does not impose a significant constitutional burden upon the freedom to exercise religious beliefs and, therefore, the state’s interest in establishing a sound curriculum format for graduation must prevail over patchwork exceptions to course requirements. OAG 76-225; OAG 78-312.

Once approval to sell school property as surplus is given by the Superintendent of Public Instruction, there is no legal requirement that a board of education must dispose of the property by public auction or advertisement of sealed bids and the board may establish a price for the land and sell to any purchaser willing and able to meet that price if the figure represents at least the appraised fair market value of the property. OAG 76-291.

Although the State Board of Education is required to receive recommendation and advice from the Superintendent of Public Instruction as a condition precedent to the adoption of regulations, the board may exercise reasonable discretion in modifying the recommendation or advice. OAG 77-82.

A county school board may enter into a quitclaim deed relative to its future interest in a certain parcel of real property. OAG 77-541.

A local school board may, but is not required to, pay from school funds costs of contracting with local physicians for the performing of physical examinations required by school law or regulation. OAG 78-365.

The health, general welfare and safety of the school children in a school district constitutes a sufficient educational purpose to authorize the expenditure of school tax dollars to pay doctors for physical examinations for students and school employees. OAG 78-365.

Subsection (2) of this section is not a diploma statute. OAG 79-253.

A local board of education, pursuant to its broad authority under KRS 160.290, may require additional credit requirements over those minimally established by regulation of the State Board of Education, pursuant to subsection (2) of this section. OAG 80-118.

A medical examination required by a regulation promulgated pursuant to subsection (5) of this section in order to determine a high school student's eligibility for interscholastic athletics, cannot be performed by a chiropractor, since another regulation requires a medical physician's examination and a chiropractor is not a "physician" under the terms of subdivision (10) of KRS 311.550. OAG 81-335.

Kentucky Revised Statutes 156.070, this section, and the accompanying regulation, 704 KAR 7:055 set the standards to be followed by employees of the common schools with regard to the imposition of corporal punishment. OAG 92-20.

The existence of principles of justification in KRS 503.110 under which use of physical force will not be considered a crime does not change the fact that the State Board for Elementary and Secondary Education retains authority and supervision for management and control of common schools; that authority includes prescribing regulations for management of the schools. OAG 92-20.

The Kentucky Board of Education has preempted the issue of granting high school credit for 8th grade algebra courses and thus removed the decision from the local district. OAG 93-31.

If a school district or school which exceeds its threshold applies for a waiver from certain regulations, then under this section the Kentucky Board of Education has discretion to grant or deny the waiver request; however, the Board must first determine that the regulation is subject to waiver or if the regulation may not be waived under any circumstance since it relates to health and safety, civil rights, required by federal law, etc., next the the Board must decide if a school or school district which exceeds its threshold should be granted a waiver from a particular regulation. OAG 95-25.

Exceeding its threshold is the only statutory requirement that a school or school district must meet in order to petition the State Board for a waiver under subsection (2) of this section. OAG 95-25.

NOTES TO DECISIONS

1. Rule requiring minimum number of pupils.
2. Teacher's contract.
4. Rights of conscience.
5. Teacher certification.
6. Standardized achievement testing.
7. Additional graduation requirements.
8. Regulation of school bus operation.

1. Rule Requiring Minimum Number of Pupils.

A rule of the State Superintendent of Public Instruction, approved by the State Board of Education, to the effect that a minimum of 60 students is required for maintenance of a high school, is a valid administrative regulation carrying out the legislature's intent in its enactment of the school code, and is not an invalid exercise of a legislative function. Dicken v. Kentucky State Bd. of Educ., 304 Ky. 945, 199 S.W.2d 977 (1947).

Where high school has never had an attendance of 60 or more pupils as required by a rule of the State Superintendent of Public Education approved by the State Board of Education and passed in accordance with statutory authority until after order of discontinuance was made and where sudden increase in attendance was for purpose of obtaining a rescission of the order discontinuing the school, a mandatory injunction requiring revocation of the order discontinuing the high school cannot be granted. Pulliam v. Williams, 304 Ky. 351, 200 S.W.2d 731 (1947).

2. Teacher's Contract.

Teacher's employment contract must be in writing; an oral contract is unenforceable. Leslie County Bd. of Educ. v. Melton, 277 Ky. 772, 127 S.W.2d 846 (1939).

In order to determine tax levy for school purposes for the ensuing school year the Board of Education should include in its sources statement in the budget a reasonable anticipated amount of collections of taxes delinquent in previous years, based on past years' experience but the board may deduct the amount of anticipated delinquencies in the collection of taxes under current levy. City of Middlesboro v. Board of Educ., 302 Ky. 683, 195 S.W.2d 288 (1946).

While the state has an interest in the education of its citizens which could be furthered through compulsory education, the rights of conscience of those who desire education of their children in private and parochial schools should be protected from regulations violative of such rights. Kentucky State Bd. for Elementary & Secondary Educ. v. Rudasill, 589 S.W.2d 877 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792 (1980).

5. Teacher Certification.

It cannot be said as an absolute that a teacher in a nonpublic school who is not certified under KRS 161.030(2) will be unable to instruct children to become intelligent citizens; certainly, the receipt of "a bachelor's degree from a standard college or university'' is an indicator of the level of achievement, but it is not a sine qua non the absence of which establishes that private and parochial school teachers are unable to teach their students to intelligently exercise the elective franchise. Kentucky State Bd. for Elementary & Secondary Educ. v. Rudasill, 589 S.W.2d 877 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792 (1980).

If the Legislature wishes to monitor the work of private and parochial schools in accomplishing the constitutional purpose of compulsory education, it may do so by an appropriate standardized achievement testing program, and if the results show that one or more private or parochial schools have failed to reasonably accomplish the constitutional purpose, the Commonwealth may then withdraw approval and seek to close them for they no longer fulfill the purpose of "schools.” Kentucky State Bd. for Elementary & Secondary Educ. v. Rudasill, 589 S.W.2d 877 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792 (1980).

7. Additional Graduation Requirements.

Regulations promulgated under the authority of this section authorize local school boards to establish additional graduation requirements above the minimum requirements established by the Kentucky Board of Education; such requirements may include a requirement that students take the Kentucky Instructional Results Information System (KIRIS) examination, established by the Board under KRS 158.645 et seq. Triplett v. Livingston County Bd. of Educ., 967 S.W.2d 25 (Ky. Ct. App. 1997), cert. denied, 525 U.S. 1104, 119 S. Ct. 870, 142 L. Ed. 2d 771 (1999).
8. Regulation of School Bus Operation.
Where language of this section and KRS 189.540 was clear and unambiguous and authorized the Department of Transportation to regulate the operation of school buses, which necessarily included those persons operating the buses, there was no room for construction of the statutes and they must be accepted as they were written. Cornette v. Commonwealth, 899 S.W.2d 502 (Ky. Ct. App. 1995).

Statutory grant of authority under KRS 156.160 and KRS 189.540 to Department of Transportation to adopt regulations to govern the design and operation of school buses was not unconstitutional special legislation because it applied only to public and not to private or parochial school bus drivers; the statutes apply equally to a class and further a legitimate state interest in safe transportation of public school children. Cornette v. Commonwealth, 899 S.W.2d 502 (Ky. Ct. App. 1995).

156.165. Superintendent to inform local boards of availability of federal funds for exceptional children. [Repealed.]

156.170. Superintendent may take special school census. [Repealed.]

Compiler's Notes. This section (4384-22) was repealed by Acts 1990, ch. 476, Pt. VI, § 616, effective July 13, 1990. For present law see KRS 159.250.

156.180. Superintendent may attend educational conferences. [Repealed.]

Compiler's Notes. This section (4384-10: amend. Acts 1976, ch. 327, § 3) was repealed by Acts 1990, ch. 476, Pt. VI, § 616, effective July 13, 1990.

156.190. Call and conduct of school conferences. The chief state school officer may call and conduct conferences of boards of education, superintendents, supervisors, principals, teachers, attendance officers, and other regular public school employees, on matters relating to the condition, need, and improvement of the schools. Personal traveling expenses incurred by those attending conferences called by the chief state school officer shall be a legitimate public expense and may be paid by boards of education.

Opinions of Attorney General. When attending a meeting or conference called by the Superintendent of Public Instruction pursuant to the provisions of this section, a member of a local board of education may be reimbursed pursuant to KRS 160.280 for expenses incurred outside his district. OAG 61-1052.

It is within the legal prerogative of the local board to fairly establish the nature of professional activities for which it will be willing to incur expenses. OAG 83-228.

While there is a legal basis for the expenditure of school moneys for professional activities, a school board is not mandated to approve the incurring of these expenses and costs for reimbursement from school funds. OAG 83-228.

Within reason, school boards are permitted to bear the direct and indirect expenses incurred by teachers and administrators who attend, after prior approval by the board, professional activities and functions; however, school boards are not wholly unfettered in exercising their discretion in approving attendance at sundry professional activities since Const., §§ 180 and 184 require that school funds may be used only for school purposes, the test being whether the expenditure is for an educational purpose rather than whether an activity might be beneficial to education. OAG 83-228.

Collateral References. 78 C.J.S., Schools and School Districts, §§ 85-88.

156.200. Examination and supervision of reports and accounts of boards of education and educational institutions.
The chief state school officer shall receive and examine all reports required by law or by the Kentucky Board of Education and, in person or through his assistants, shall examine and advise on the expenditures, business methods and accounts of all boards of education and all institutions placed under the management and control of the Department of Education as established in KRS 156.010. He shall see that all financial and educational accounts are accurately and neatly kept and that all reports are made according to the forms adopted by the Kentucky Board of Education.

Opinions of Attorney General. Regulations for bidding promulgated under the authority of this section and KRS 156.070 by county Board of Education has the force of law. OAG 73-247.

NOTES TO DECISIONS

Analysis

1. Audits.

2. Presentment of accounts on appeal.

1. Audits.

This section does not require audits by the Superintendent of Public Instruction although the power to audit all of the records of the board necessarily rests in him and in his supervisory capacity he may require reports, advise on expenditures and provide a standard of record keeping and reporting which the several boards must follow. Lewis v. Morgan, 252 S.W.2d 691 (Ky. 1952).

2. Presentment of Accounts on Appeal.

In order for Court of Appeals to ascertain whether floating
indebtedness is of type which may be funded by issuance of bonds by Board of Education, a school budget prepared by the board and financial and educational accounts of Superintendent of Public Instruction showing complete account of financial expenditures during the previous fiscal year by board must be presented to the Court of Appeals. Ebert v. Board of Educ., 277 Ky. 633, 126 S.W.2d 1111 (1939).

If prosecution is not warrantable, the Kentucky Board of Education may rectify and regulate all such matters.

156.220. Superintendent to render advice on any controversy or dispute involving proper administration of public schools. [Repealed.]

156.230. Chief state school officer to prepare publications.

(2) He shall, from time to time, prepare or cause to be prepared, and submit for approval and publication by the Kentucky Board of Education, such bulletins, programs, outlines of courses, placards, and courses of study as he deems useful in the promotion of the interests of the public schools.

(3) He shall also prepare for publication the administrative regulations, minimum standards for schools, and educational policies or programs adopted by the board for the operation, regulation, and government of the schools under its supervision.

Legislative Research Commission Note. (7/13/90) This section was amended by two 1990 Acts. Where those Acts are not in conflict, they have been compiled together. Where a conflict exists, the Act which was last enacted by the General Assembly prevails, pursuant to KRS 446.250.

Cross-References. Administrative regulations adoption and effective dates, KRS 13A.330.

Opinions of Attorney General. The statement of the State Superintendent of Education in an official publication that a pupil boycott gained nothing and lost money for the school system was a statement of policy and the publication of such statement was not an improper use of taxpayers' money. OAG 69-529.

156.240. Chief state school officer to publish school laws.

He shall explain the true intent and meaning of the school laws and the published administrative regulations of the Kentucky Board of Education, and in doing so he shall freely consult the Attorney General.

Legislative Research Commission Note. (7/13/90) This section was amended by two 1990 Acts. Where those Acts are

156.253. Agreements for training workers for new and expanding industries — Reimbursement of industry for specified services. [Repealed, reenacted, and amended.]

156.255. Definitions for KRS 156.255 to 156.295. As used in KRS 156.255 to 156.295:

(1) “Accountant” means a certified public accountant or a public accountant registered with the State Board of Accountancy.

(2) “Board” means the board of education of a school district.

(3) “Committee” means the State Committee for School District Audits.

(4) “State board” means the Kentucky Board of Education.

Legislative Research Commission Note. (9/2/94) By letter of September 2, 1994, the Secretary of the Finance and Administration Cabinet, acting under KRS 48.500, advised the Reviser of Statutes of his determination “that no funds appropriated by the Executive Branch Appropriations Act for the 1995-96 biennium can be identified as having been appropriated for the purpose of implementing Sections 1 to 7 of House Bill No. 616, Chapter [296], Acts of the 1994 Regular Session of the General Assembly.” Accordingly, the amendment to this statute contained in 1994 Ky. Acts ch. 296 is void under sec. 3(8) of that Act and has not been codified into the statute.

156.260. State Textbook Commission — Organization. [Repealed.]

Compiler’s Notes. This section (4421a-36) was repealed by Acts 1952, ch. 184, § 17.

156.265. State Committee for School District Audits. (1) There shall be a State Committee for School District Audits comprised of the Governor, or a person designated by him, the Attorney General, the Auditor of Public Accounts, a person designated by the Legislative Research Commission to represent the Office of Education Accountability, and the commissioner of education. The Auditor of Public Accounts shall be the chair of the committee.

(2) The committee shall have the accounts of each board audited not less than once every fiscal year. The committee also may, at any time, cause to be made a comprehensive and complete audit of any board. Upon the written request of the state board, the commissioner of education, the Attorney General, the Auditor of Public Accounts, the Governor, or the Office of Education Accountability, the committee may cause the accounts of a board to be audited. Each audit shall cover such period of time, and shall include such auditing procedures and standards, as the committee may designate.

(3) Audits authorized under this section are in addition to any audits contemplated under KRS 11.090 or 156.200 or KRS Chapter 43.

(4) The actual expense of any audit authorized under this section shall be borne equally by the district board of education and by the committee from funds allocated to it.

(5) The committee shall meet at least quarterly. Additional or special meetings may be called by the chair.

156.270. Conditions to be complied with before textbooks adopted or purchased. [Repealed.]

Compiler’s Notes. This section (4421a-37) was repealed by Acts 1952, ch. 184, § 17.

156.275. Accountant — Selection — Reports.

(1) The committee shall select, to make the audit authorized under KRS 156.265, accountants who are qualified under KRS Chapter 325 and the administrative regulations promulgated by the Kentucky State Board of Accountancy.

(2) Immediately upon completion of each audit, the accountant shall prepare a report of his findings and recommendations in such form and in such detail as the committee may prescribe. The report shall be to the committee and in such number of copies as specified by the committee. The committee shall furnish one (1) copy to the Kentucky Board of Education, one (1) copy to the district board of education to which the report pertains, one (1) copy to the chief state school officer and one (1) copy to the Auditor of Public Accounts. The district board of education shall keep a copy of the report on file in the office of the superintendent of schools of the district and the report shall be open to inspection by any interested person, subject to reasonable rules as to time and place of inspection.

Legislative Research Commission Note. (9/2/94). By letter of September 2, 1994, the Secretary of the Finance and Administration Cabinet, acting under KRS 48.500, advised the Reviser of Statutes of his determination “that no funds appropriated by the Executive Branch Appropriations Act for the 1995-96 biennium can be identified as having been appropriated for the purpose of implementing Sections 1 to 7 of House Bill No. 616, Chapter [296], Acts of the 1994 Regular Session of the General Assembly.” Accordingly, the amendment to this statute contained in 1994 Ky. Acts ch. 296 is void under sec. 3(8) of that Act and has not been codified into the statute.

Cross-References. Audit exceptions and corrections, 702 KAR 3:150.

Opinions of Attorney General. Since the State Committee for School District Audits possesses its supervisory authority under this section to audit school boards, and since a school board under the express holding in Bell County Bd. of Educ. v. Lee, 239 Ky. 317, 39 S.W.2d 492 (1931), has authority to audit the sheriffs’ school tax accounts, the state committee also has that authority. OAG 72-76.

This section gives the Committee for School District Audits the authority to include in its procedures an audit of the sheriffs’ records concerning the disposition of collected school taxes. OAG 72-76.

It is entirely within the discretion of the committee whether a requested audit shall be made and who shall make it. OAG 73-451.

The Auditor of Public Accounts has no authority to undertake an audit of any school district unless directed to do so by the State Committee for School District Audits. OAG 73-451.

The State Committee for School District Audits could authorize an audit made by the Auditor of Public Accounts in lieu of an audit by an accountant in private practice. OAG 73-451.

This section and KRS 7.330 should be interpreted to allow both the state committee and the commission to authorize local school district audits consistent with their statutory authority and that such interpretation is both logical, reasonable and consistent with the apparent intent of the Legislature as evidenced by the words of the statute. OAG 89-29.

This section does not appear to be couched in terms of exclusivity; that is, it does not prohibit the statutory authority of another agency to conduct school district audits. OAG 89-29.

156.280. Conditions of bond of person offering textbooks. [Repealed.]

Compiler’s Notes. This section (4421a-37) was repealed by Acts 1952, ch. 184, § 17.

Textbook Commission

156.395. Definition of “instructional materials” for KRS 156.400 to 156.476.
For purposes of KRS 156.400 to 156.476, unless the context requires otherwise, “instructional materials” means tools used to assist in student learning, as defined in administrative regulations promulgated by the Kentucky Board of Education.

156.400. School subjects’ adoption groups — Textbook contracts and purchases.
(1) The chief state school officer shall arrange the elementary, middle, and high school subjects included in the state courses of study as prescribed by the Kentucky Board of Education into six (6) adoption groups.

(2) Contracts for each of the six (6) adoption groups shall be for a period of six (6) years and shall be executed on a staggered basis, with one (1) group being up for adoption each year. The six (6) adoption groups shall be arranged by similarity of content to the extent possible, while being arranged as nearly equal in number and purchase cost as possible. Subjects with rapidly changing or highly technical content may be considered more frequently than once during a six (6) year cycle.

(3) The chief state school officer may delay the purchase of books due to insufficient funds, but any purchases of books shall be in accordance with this chapter.

Cross-References. Instructional material and textbook adoption process, 704 KAR 3:455.
Opinions of Attorney General. Where a school district purchases textbooks and materials under the provisions of KRS 156.400 to 156.476, the statutory bidding procedure required by KRS 424.260 is not applicable. OAG 75-27.

(1) The purpose of the State Textbook Commission is to provide a recommended list of current and high quality textbooks and instructional materials to local school districts that supplement the educational program in Kentucky schools; to provide a consumer guide to schools to aid with the selection of materials; and to provide for public participation in the evaluation process.

(2) The State Textbook Commission shall consist of the chief state school officer and ten (10) appointive members. The ten (10) members shall be appointed by the Kentucky Board of Education upon the recommendation of the chief state school officer for terms of four (4) years with two (2) appointments each year, except that every fourth year there shall be four (4) appointments. No member shall be eligible to serve more than two (2) full terms consecutively. All vacancies that occur on the State Textbook Commission shall be filled in like manner for the remainder of the unexpired terms. The Department of Education and the State Textbook Commission shall receive assistance in the textbook evaluation process from professionals and lay citizens who will be referred to in this chapter as the “textbook reviewers.”

(3) The State Textbook Commission shall:
(a) Select and direct the activities of the textbook reviewers who develop selection criteria and review textbooks and programs;
(b) Develop selection criteria and evaluation forms with the help of the textbook reviewers and Kentucky Department of Education staff to be used in the state level review process;
(c) Approve the evaluative criteria and forms used by the commission and textbook reviewers;
(d) Review the textbook reviewers’ evaluations, and textbooks or programs as it deems necessary, in order to select from them a recommended list of high quality materials;
(e) Provide notice of and the opportunity for public inspection of textbooks and programs offered for adoption and use in the public schools;
(f) Conduct a public hearing for the purpose of receiving public comment concerning textbooks and programs under consideration;
(g) Select, recommend, and publish a list of high quality textbooks and programs; and
(h) Publish a consumer guide and distribute it to Kentucky public schools.

(4) The textbook reviewers shall be comprised of twelve (12) individuals for the area or areas being considered for adoption. The textbook reviewers
shall be approved by the State Textbook Commission based on the recommendation of the chief state school officer.

(5) The textbook reviewers shall:
(a) Develop and submit to the commission subject specific evaluative criteria to be used in reviewing textbooks and programs;
(b) Review textbooks and programs to determine those of high quality, using evaluative criteria and forms approved by the commission;
(c) Submit to the commission reviews and evaluative forms regarding reviewed textbooks and programs;

Opinions of Attorney General. In determining the meaning of the words "shall file" as used in subsection (4), the word "shall" when used in statutes is mandatory and "mailing" cannot be considered "filing" so that in order for material to be considered filed, it must be received in the office of the Superintendent of Public Instruction not later than midnight, August 20. OAG 73-640.

156.415. Conditions to be complied with before textbooks and programs adopted or purchased.

Before textbooks and programs offered for adoption and use in public schools of Kentucky may be lawfully recommended and listed by the State Textbook Commission or purchased by any board of education, the person, firm, or corporation offering the materials for adoption and use shall file with the chief state school officer:

(1) Copies of all textbooks and programs that the person, firm, or corporation desires to offer for
adoption and use, with a sworn statement of the list price and the lowest wholesale price at which each of the titles is sold in any adopting unit;

(4) A fee of five dollars ($5) for each book filed except when a series of books is filed, in which case the fee shall be five dollars ($5) for the first book and one dollar ($1) for each additional book in the series. The fee provided by this subsection shall be paid at each and every adoption period;

(5) A bond running to the Commonwealth of Kentucky, executed by a surety company authorized to do business in this state, in a sum not less than two thousand dollars ($2,000) nor more than ten thousand dollars ($10,000), to be determined by the chief state school officer; and

(6) An affidavit certifying any textbook the publisher or manufacturer offers in the state to be free of factual error at the time the publisher or manufacturer executes a contract.

The bond required by the person, firm, or corporation offering textbooks.

The fee provided by this subsection shall be paid at the lowest wholesale price at which the revision or special edition is sold anywhere in the United States; the list price and the lowest wholesale price at which the revision or special edition is sold anywhere in the United States;

(4) If the person, firm, or corporation prepared an abridged or special edition of any book that has been listed and sells it elsewhere at a lower wholesale price than the wholesale price set out in the filed statement, the person will file a copy of the special edition with the price of the special edition in a supplemental statement with the chief state school officer;

(5) All books sold in Kentucky will be identical with the specimen books filed with the chief state school officer as regards size, paper, binding, print, illustrations, subject matter, and other particulars which may affect the value of the books;

The person, firm, or corporation may at any time while the bond is in force file a supplemental statement covering additional books or special editions of books previously filed. The supplemental statement shall expire at the date of expiration of the original statement and bond. Prior to the expiration of any statement and bond the person may file a new statement and bond for a further period of adoption, and if he fails to file a new statement and bond his right to offer textbooks for adoption and use in the public schools of Kentucky shall expire on the date of expiration of the former bond.

156.430. Violation of bond — Suit on bond.

The superintendent of schools of each school district shall notify the chief state school officer of any violation of any of the conditions in any bond which has been filed. If the chief state school officer finds that a violation has occurred, he shall instruct the Attorney General to bring suit on the bond. (2) The State Textbook Commission shall have the
authority to reject any book which:
(a) Contains subversive material or information
that is offered for listing or adoption. If the
commission finds on the multiple list any book
which contains subversive material or informa-

Opinions of Attorney General. The term “book,” as used in this section, is not limited to a mere physical object and is no legal obstacle to the adoption of a multivolume paperback edition of a textbook. OAG 71-169.

The term “books or programs,” as used in this section, restricts the list to be compiled by the State Textbook Commission to print materials. OAG 76-207.

(1) The Kentucky Board of Education shall promulgate by administrative regulations the method for calculating and distributing a district’s textbook and instructional materials allocation. The district’s allocation shall be used by schools to purchase:
(a) Textbooks and programs from the state recommended list;
(b) Textbooks and programs not on the state’s recommended list, if notification is submitted to the Department of Education that the material meets the selection criteria of the State Textbook Commission in KRS 156.405(3)(b), the subject specific criteria of the textbook reviewers pursuant to KRS 156.407(5), and compliance with the required publisher specifications;
(c) Instructional materials, with an approved plan pursuant to subsection (2) of this section; or
(d) Any combination of the above.

(2) The district shall identify all purchases made with the textbook and instructional materials allocation and shall keep on file a plan developed by each school, in accordance with administrative regulations promulgated by the Kentucky Board of Education, for providing the necessary textbooks and instructional materials for all grades, and subject areas, including the replacement of books and materials during the six (6) year adoption period. A school may carry forward to the next school year any part of its textbook and instructional materials allocation which has been distributed to the district. 156.445. Only recommended textbook or program to be used as basal title — Exceptions — When changes to be effective — Approval of materials for private and parochial schools.

(1) No textbook or program shall be used in any public school in Kentucky as a basal title unless it has been recommended and listed on the state multiple list by the State Textbook Commission or unless a school and district has met the notification requirements under subsection (2) of this section. Any changes of textbooks made by the State Textbook Commission shall not become effective until grades and classes of the respective county and independent school districts have completed work for which the adopted book then in use was originally intended. Nothing in this section shall apply to the supplementary books that are needed from time to time.

(2) A school council, or if none exists, the principal, may notify, through the superintendent, the State Textbook Commission that it plans to adopt a basal textbook or program that is not on the recommended list by submitting evidence that the title it has chosen meets the selection criteria of the State Textbook Commission in KRS 156.405(3)(b) and the subject specific criteria of the textbook reviewers pursuant to KRS 156.407(5) and complies with the required publisher specifications.

(3) In approving text materials for private and parochial schools for the purpose of KRS 156.160(3) the text materials shall be approved if they are comprehensive and appropriate to the grade level in question notwithstanding the fact that they may contain elements of religious philosophy.

MISCELLANEOUS

156.480. Employees of department or school districts with decision-making authority prohibited from supplying goods or services for which school funds are expended — Penalties. (1) No commissioner, associate commissioner, deputy commissioner, director, manager, purchasing agent, or other employee of the Department of Education with decision-making authority over the financial position of a school, school district, or school system shall have any pecuniary interest in the school, school district, or school system, either directly or indirectly, in an amount exceeding twenty-five dollars ($25) per year, either at the time of or after his appointment to office, in supplying any goods, services, property, merchandise, or services, except personal services that are in addition to those required by contract for employment, of any nature whatsoever for which school funds are expended. If any person specified in this subsection receives, directly or indirectly, any gift, reward, or promise of reward for his influence in recommending or procuring the use of any goods, services, property, or merchandise of any kind whatsoever for which school funds are expended, he shall upon conviction be fined not less than fifty dollars ($50) nor more than five hundred dollars ($500), and his office or appointment shall without further action be vacant.

(2) No employee of any county or independent school district with decision-making authority over the financial position of the school district shall have any pecuniary interest, either directly or indirectly, in an amount exceeding twenty-five dollars ($25) per year, either at the time of or after his appointment to office, in supplying any goods, services, property, merchandise, or services, except personal services that are in addition to those required by contract for employment, of any nature whatsoever for which school funds are expended. If any person specified in this subsection receives, directly or indirectly, any gift, reward, or promise of reward for his influence in recommending or procuring the use of any goods, services, property, or merchandise of any kind whatsoever for which school funds are expended, he shall upon conviction be fined not less than fifty dollars ($50) nor more than five hundred dollars ($500), and his office or appointment shall without further action be vacant.

Opinions of Attorney General. Although generally a school board member may not be removed for acts committed in a prior term of office, he may be removed for such acts in a case involving gross fraud in the management of his office, or in a case of a continuing duty to act imposed upon him by virtue of the public trust implicit in his office. OAG 61-145.

The treasurer of a local board of education, who received a salary of $10.00 per month and who had a pecuniary interest in an agency that sold insurance to the board of education, would be disqualified as treasurer if the pecuniary interest in the sale, direct or indirect, was in excess of $25.00. OAG 61-211.

Absent a showing that a superintendent did not attend to the regular duties of the office, there is no statutory authority or other legal basis for the view that any or all of a superintendent's salary could be recovered. OAG 69-515.

Any consideration as to the potential prosecution based upon actual evidence which would indicate a violation of KRS 156.480 should in the normal course of events be made by the county attorney or the Commonwealth's attorney in the district where the violation occurred, following receipt of formal notification and presentation of competent evidence. OAG 69-515.

A superintendent is a teacher within the application of the statute and may receive extra pay from the board for extra personal services in addition to his regular full-time duties as superintendent. OAG 69-515.

Where a school superintendent does rent property or supply general services to the school district by which he is employed, and where the amount involved exceeds $25.00, this section is violated. OAG 69-515.

Where the board of education rented office space in a building in which the superintendent had a financial interest and the lease was one in which the superintendent realized a...

direct or indirect financial interest, a violation occurred. OAG 69-515.

A teacher who is also an insurance agent may not properly submit a bid on school property insurance to the district which employs him as a schoolteacher. OAG 70-527.

The purpose of this section is to prevent a supplier from receiving an undue advantage over other suppliers to a school system either by being employed by the school system directly or by having a close connection with one so employed. OAG 71-474.

Where a husband sold instructional aids and his wife was employed as a teacher, he would be prohibited from selling supplies to the system by which she was employed. OAG 71-474.

Under KRS 161.770, a leave of absence from the school system can only be granted for illness, maternity or other disability, and educational or professional purposes and as operating a garbage service is not one of these statutory reasons, the school board should not have granted a leave of absence but should have required the teacher to resign or continue working and, if the teacher is on a bona fide leave of absence, he would be violating this section by selling the services of his garbage service to the school system. OAG 73-651.

Since the school board does not have the authority to oust an officer or employee on the grounds of conflict of interest, it may accept a low competitive bid from a retail sporting goods supplier although the wholesaler or the retailer is an employee of the school board even though the board knows that the wholesaler will be in violation of this statute. OAG 73-671.

Regardless of whether the treasurer receives an honorarium or salary, he is an employee of the school board, and as such, he is subject to this section and thus would be prohibited from selling insurance to the board. OAG 75-461.

A county school board is not legally precluded from accepting the low bid of and contracting with an employee of the school district; however, if the school district employee enters into a contract with the school board to furnish five freezers for five schools in the county since such bid does not come within the statutory exception of personal services which are in addition to those required by contract for employment, he has violated the provisions of this section but whether he has forfeited his office by such violation is a matter for the courts to determine. OAG 77-228.

A violation under this section is to be prosecuted within one (1) year after it is committed. OAG 79-155.

The wrong committed by a violation of this section is an "offense" which is a "violation" since only a fine and not incarceration may be imposed. OAG 79-155.

The Model Procurement Code would not prohibit an assistant school principal from submitting a competitive bid to the school board for services as a professional auctioneer. OAG 80-605.

Where the wife of an assistant superintendent of county schools owned one half (½) of a flower shop which occasionally entered into contracts with various schools in the system, such contracts would violate this section. OAG 81-311 (OAG 78-315 withdrawn).

KRS 156.275(1) prohibits the State Committee for School District Audits from selecting a certified public accountant (CPA) firm to perform a school board audit if the CPA has a spouse or dependent employed by the school district. Additionally, this section prohibits a CPA with a spouse employed by the school district from entering into a contract with the school system. OAG 93-16.

An "employee with decision-making authority over the financial position of the school district" includes, first of all, certain school officials with broad authority over the financial position of the school district including the superintendent, the assistant superintendents, principals and school council members. Other school employees with power to make financial and budgetary decisions with regard to the allocation of funds and the purchase of goods, services, property, or merchandise, also have "decision-making authority." The authority to recommend expenditure items also represents such authority. OAG 94-61.

In order to conclude whether an employee is covered under subsection (2) of this section it may be necessary to review the employee's job description and determine the extent of influence extended over purchases by the school system. OAG 94-61.

NOTES TO DECISIONS

1. Determination of forfeiture.
2. Vacancy and penalty.

1. Determination of Forfeiture.

If misconduct of school superintendent is proven it automatically works a forfeiture of the incumbent's right to the office and the provision is self-executing but the fact of the existence of the grounds of forfeiture must be determined by a judicial tribunal and not by county board of education. Arnett v. DeWeese, 304 S.W.2d 784 (Ky. 1957).

An individual who had been nominated by county board of education as superintendent of schools upon board's declaration that incumbent had forfeited his office by entering into a contract to rent certain property to the board, employing his wife as finance officer of the board, contracting with the board to serve as secretary, being a partner in a firm operating a school bus line under contract with the board and receiving travel expenses from the board could bring declaratory judgment action for determination of whether forfeiture had taken place and whether he was entitled to the office. Arnett v. DeWeese, 304 S.W.2d 784 (Ky. 1957).

2. Vacancy and Penalty.

This section is a positive and imperative declaration that if any school official or employee shall commit any of the acts enumerated in this section, his office "shall without further action be vacant, and he shall, upon conviction, be deemed guilty of a misdemeanor and fined not less than fifty dollars nor more than five hundred dollars." Arnett v. DeWeese, 304 S.W.2d 784 (Ky. 1957).

COMPACT FOR EDUCATION

156.710. Interstate Compact for Education.
The compact for education is hereby entered into law
with all jurisdictions legally joining therein, in the form
substantially as follows:

ARTICLE I. PURPOSE AND POLICY

A. It is the purpose of this compact to:
1. Establish and maintain close cooperation and under-
standing among executive, legislative, profes-
sional educational and lay leadership on a nationwide
basis at the state and local levels.
2. Provide a forum for the discussion, development,
crystallization and recommendation of public policy alter-
atives in the field of education.
3. Provide a clearing house of information on mat-
ters relating to educational problems and how they are
being met in different places throughout the nation, so
that the executive and legislative branches of state
government and of local communities may have ready
access to the experience and record of the entire coun-
try, and so that both lay and professional groups in the
field of education may have additional avenues for the
sharing of experience and the interchange of ideas in
the formation of public policy in education.
4. Facilitate the improvement of state and local
educational systems so that all of them will be able to
meet adequate and desirable goals in a society which
requires continuous qualitative and quantitative ad-
vance in educational opportunities, methods and facili-
ties.

B. It is the policy of this compact to encourage and
promote local and state initiative in the development,
maintenance, improvement and administration of edu-
cational systems and institutions in a manner which
will accord with the needs and advantages of diversity
among localities and states.

C. The party states recognize that each of them has
an interest in the quality and quantity of education
furnished in each of the other states, as well as in the
excellence of its own educational systems and institu-
tions, because of the highly mobile character of individ-
uals within the nation, and because the products and
services contributing to the health, welfare and eco-
nomic advancement of each state are supplied in sig-
ificant part by persons educated in other states.

ARTICLE II. STATE DEFINED

As used in this compact, "state" means a state,
territory or possession of the United States, the District
of Columbia, or the Commonwealth of Puerto Rico.

ARTICLE III. THE COMMISSION

A. The Education Commission of the States, hereina-
fter called "the commission," is hereby established.
The commission shall consist of seven members repre-
senting each party state. One of such members shall be
the Governor; two shall be members of the state legis-
lature selected by its respective houses and serving in
such manner as the legislature may determine; and
four shall be appointed by and serve at the pleasure of
the Governor, unless the laws of the state otherwise
provide. If the laws of a state prevent legislators from
serving on the commission, six members shall be ap-
pointed and serve at the pleasure of the Governor,
unless the laws of the state otherwise provide. In
addition to any other principles or requirements which
a state may establish for the appointment and service
of its members of the commission, the guiding principle
for the composition of the membership on the commis-
sion from each party state shall be that the members
representing such state shall, by virtue of their train-
ing, experience, knowledge or affiliations be in a posi-
tion collectively to reflect broadly the interests of the
state government, higher education, the state educa-
tion system, local education, lay and professional, pub-
lic and non-public educational leadership. Of those
appointees, one shall be the head of a state agency or
institution, designated by the Governor, having respon-
sibility for one or more programs of public education.
In addition to the members of the commission represent-
ing the party states, there may be not to exceed ten (10)
non-voting commissioners selected by the steering com-
mittee for terms of one (1) year. Such commissioners
shall represent leading national organizations of pro-
fessional educators or persons concerned with educa-
tional administration.

B. The members of the commission shall be entitled
to one vote each on the commission. No action of the
commission shall be binding unless taken at a meeting
at which a majority of the total number of votes on the
commission are cast in favor thereof. Action of the
commission shall be only at a meeting at which a ma-
ajority of the commission are present. The com-
mision shall meet at least once a year. In its bylaws,
and subject to such directions and limitations as may
be contained therein, the commission may delegate the
exercise of any of its powers to the steering commit-
tee or the executive director, except for the power to
approve budgets or requests for appropriations, the power
to make policy recommendations pursuant to Article IV
and adoption of the annual report pursuant to Article
III J.

C. The commission shall have a seal.

D. The commission shall elect annually, from among
its members, a chairman, who shall be a governor, a
vice chairman and a treasurer. The commission shall
provide for the appointment of an executive director.
Such executive director shall serve at the pleasure of
the commission, and together with the treasurer and
such other personnel as the commission may deem
appropriate shall be bonded in such amount as the
commission shall determine. The executive director
shall be secretary.

E. Irrespective of the civil service, personnel or other
merit system laws of any of the party states, the
executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

F. The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

G. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph F of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

H. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

I. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

J. The commission annually shall make to the Governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

ARTICLE IV. POWERS

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto, available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE V. COOPERATION WITH FEDERAL GOVERNMENT

A. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed ten (10) representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

B. The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE VI. COMMITTEES

A. To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of thirty-two (32) members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth (¼) of the voting membership of the steering committee shall consist of Governors, one-fourth (¼) shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two (2) years, except that members elected to the first steering committee of the commission shall be elected as follows: sixteen (16) for one (1) year and sixteen (16) for two (2) years. The chairman, vice chairman, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regular ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two (2) terms as a member of the steering committee; provided that service for a partial term of one (1) year or less shall not be counted toward the two (2) term limitation.

B. The commission may establish advisory and technical committees composed of state, local, and federal
Article VII. Finance

A. The commission shall advise the Governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission’s budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

B. The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

C. The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III G of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to Article III G thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

D. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

E. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

F. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

Article VIII. Eligible Parties — Entry into and Withdrawal

A. This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a Governor, the term “Governor,” as used in this compact, shall mean the closest equivalent official of such jurisdiction.

B. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: Provided that in order to enter into initial effect, adoption by at least ten (10) eligible party jurisdictions shall be required.

C. Adoption of the compact may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his state a party only until December 31, 1967. During any period when a state is participating in this compact through gubernatorial action, the Governor shall appoint those persons who, in addition to himself, shall serve as the members of the commission from his state, and shall provide to the commission an equitable share of the financial support of the commission from any source available to him.

D. Except for a withdrawal effective on December 31, 1967 in accordance with paragraph C of this article, any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one (1) year after the Governor of the withdrawing state has given notice in writing of the withdrawal to the Governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article IX. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstances is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. GENERAL PROVISIONS

157.010. Elements of the school fund.
The school fund shall consist of the fund dedicated by the Constitution and laws of this Commonwealth for the purpose of sustaining a system of common schools therein. The annual resources of the fund shall consist of:

Cross-References. Compulsory attendance, KRS ch. 159. Conduct of schools; pre-school child care centers, KRS ch. 158.

Department of Education, KRS ch. 156.

Fund set apart for common schools, Const., §§ 184, 188.

General Assembly to provide for schools, Const., § 183.

Investment and distribution of school fund, Const., §§ 185, 186.

Race or color not to affect distribution of school fund, Const., § 187.

Sectarian schools, appropriation for forbidden, Const., § 189.

School districts, KRS ch. 160.

School employees; teachers retirement and tenure, KRS ch. 161.

School property and buildings, KRS ch. 162.

Vocational education and rehabilitation, KRS ch. 163.

Opinions of Attorney General. Inasmuch as common school funds may only be paid to common school districts, a county school board may not expend public common school funds to transport students attending a nonpublic model school. OAG 76-261.

The present school laws, in light of the Kentucky Constitution, do not authorize or permit any state funded extended employment days to be used for vacation or holidays. OAG 82-356.

A local school district may contract to allow funds held for the local district by the Kentucky Department of Education to be transferred as directed, assuming all statutory and constitutional requirements relative to the use of those funds, if any, have been met. OAG 87-22.

NOTES TO DECISIONS

1. Use of Fund.

School fund must be used exclusively in aid of common schools, and an act appropriating a part of the school fund to purchase "Collins' History of Kentucky" is unconstitutional. Collins v. Henderson, 74 Ky. (11 Bush) 74 (1875).

Common school fund is distinct from district school funds in that common school fund is distributed by the state to the various school districts on a per capita basis. Commonwealth ex rel. Commonwealth ex rel. Meredith v. Reeves, 289 Ky. 73, 157 S.W.2d 751 (1941).

This section defines "state school funds" and is not an exclusive reference for definition of "school funds." Commonwealth ex rel. Breckinridge v. Collins, 379 S.W.2d 436 (Ky. 1964).

2. School Funds.

3. — Use.

Funds appropriated by the Legislature out of general funds in aid of common schools become a part of the common school fund, and are subject to Kentucky Const., § 186 (distribution and use of school funds). Board of Educ. v. Talbott, 261 Ky. 66, 86 S.W.2d 1059 (1935).

4. — Payment.

Common school fund can be paid only to school districts and not to another department of state government or to a private institution. Hodgkin v. Board for Louisville & Jefferson County Children's Home, 242 S.W.2d 1008 (Ky. 1951).

In order for there to be a common school there must be a common school district. Hodgkin v. Board for Louisville & Jefferson County Children's Home, 242 S.W.2d 1008 (Ky. 1951).

The commissioners of the Kentucky Department of Education and the Department for Technical Education shall formally agree upon programs to be assigned to categories based on the descriptions found in paragraphs (a) to (c) of this subsection. Programs in Categories III and II shall be eligible for funding.

(a) Work in a district or school on a full-time or part-time basis for a designated period of time to assist the staff with creating and implementing its special education improvement plan as required in KRS 157.224. The mentor shall have the authority to review and amend decisions previously made by the district or school staff. If a highly skilled educator under KRS 158.782 is assigned to the same site as the mentor, they shall share responsibilities under policy of the Department of Education;

(b) Help to increase the effectiveness of the staff, parents, the civic and business community, and government and private agencies in improving the school's performance with exceptional students and other students at risk of school failure;

(c) Evaluate and make recommendations on the retention, dismissal, or transfer of certified staff in a noncompliant district or school;

(d) Recommend up to ten (10) additional work days annually to be paid for by the Department of Education for personnel in affected schools who work with exceptional students for planning, working with parents and guardians, curriculum development, or other activities that will help the district or school meet the goals of its improvement plan; and

(e) Complete an intensive training program, provided by the Department of Education and approved by the Kentucky Board of Education, prior to being assigned to assist a district's or school's staff with creating and implementing its district or school improvement plan. The training program shall include but not be limited to instruction in the methods of personnel evaluation, district or school organization, curriculum, and assessment. The training shall be made available to local district personnel on a cost recovery basis.

(2) The Kentucky Special Education Mentor Program criteria shall include:

(a) A selection process that shall allow for self nomination, provide for a broad spectrum of instructional positions, and generate statewide representation. Nominations of qualified
special educators who have retired since July 1, 1994, shall be considered. Special education professionals and representatives of various advocacy and constituent groups shall be included in the development of the selection process and the review of applicants;

(b) Each recipient shall receive a monetary award of two hundred fifty dollars ($250) when selected and shall also be paid in accordance with his or her current salary for other program requirements requiring additional days of employment under subsection (1) of this section. The Department of Education shall be responsible for all expenses incurred as a result of the Kentucky Special Education Mentor Program, except those expenses associated with the funding of the position of the person who replaces the Kentucky Special Education Mentor when that person is assigned to a noncompliant school or district;

(c) The Kentucky Special Education Mentor assigned to a noncompliant district or school shall receive a salary supplement of thirty-five percent (35%) of their base annual salary for each year of service in that capacity. Retired mentors shall be paid for their rank and experience on the district’s salary schedule plus the salary supplement. The state board shall determine if reimbursement for vehicle mileage shall be allowed. If the assigned school achieves the threshold level in the next biennial review, the mentor shall receive his or her portion of the reward due to the entire staff calculated on his or her base salary regardless of decisions made by the school staff under KRS 158.6455;

(d) The Kentucky Special Education Mentor shall be granted professional leave under KRS 161.770 for up to two (2) years if determined by the state board to be necessary. Kentucky Special Education Mentors shall not lose any employee benefits as a result of their special assignments to a school or district; and

(e) A Kentucky Special Education Mentor shall not be assigned to a school or to a district assignment in the district in which the educator is employed.

Special Educational Programs

(1) “Exceptional children and youth” means persons under twenty-one (21) years of age who differ in one (1) or more respects from same-age peers in physical, mental, learning, emotional, or social characteristics and abilities to such a degree that they need special educational programs or services for them to benefit from the regular or usual facilities or educational programs of the public schools in the districts in which they reside. The Department of Education, through administrative regulations promulgated by the Kentucky Board of Education, shall interpret the statutory definitions of exceptionality. An exceptionality is any trait so defined in this section or by administrative regulations promulgated by the Kentucky Board of Education. Requirements of average daily attendance for exceptional classes shall be regulated by statute, or in the absence of direction by administrative regulations promulgated by the Kentucky Board of Education. Categories of exceptionalities included within, but not limited by, this definition are as follows:

(a) “Orthopedic impairment” means a severe physical impairment of bone or muscle which adversely affects educational performance to the extent that specially designed instruction is required for the pupil to benefit from education. The term includes physical impairments caused by congenital anomaly, disease, and from other causes;

(b) “Other health impaired” means limited strength, vitality, or alertness, including a heightened alertness to environmental stimuli, due to a chronic or acute health problem which adversely affects educational performance to the extent that specially designed instruction is required for the pupil to benefit from education. Chronic health problems may include, but are not be limited to, a heart condition, tuberculosis, sickle cell anemia, hemophilia, epilepsy, rheumatic fever, nephritis, asthma, lead poisoning, leukemia, diabetes, attention deficit disorder, attention deficit hyperactive disorder, or acquired immune deficiency syndrome;

(c) “Speech or language impairment” means a communication disorder such as stuttering, impaired articulation, impaired language, impaired voice, delayed acquisition of language, or absence of language that adversely affects educational performance to the extent that specially designed instruction is required for the pupil to benefit from education;

(d) “Hearing impairment” means a physiological hearing loss:
1. Ranging from mild to profound, which is either permanent or fluctuating, and of such a degree that the pupil is impaired in the processing of linguistic information via the auditory channel either with or without amplification; or
2. That adversely affects educational performance so that specially designed instruction is required for the pupil to benefit from education.

The term shall include both deaf and hard of hearing children;
157.200 EDUCATION 346

(e) “Mental disability” means a deficit or delay in intellectual and adaptive behavior functioning, which adversely affects educational performance to the extent that specially designed instruction is required for the pupil to benefit from education, and which is typically manifested during the developmental period;

(f) “Specific learning disability” means a disorder in one (1) or more of the psychological processes primarily involved in understanding or using spoken or written language which selectively and significantly interferes with the acquisition, integration, or application of listening, speaking, reading, writing, reasoning, or mathematical abilities. The disorder is life-long, intrinsic to the individual, and adversely affects educational performance to the extent that specially designed instruction is required in order for the pupil to benefit from education. The term does not include a learning problem which is the direct result of:
1. A hearing impairment;
2. Visual, physical, mental, or emotional-behavioral disabilities; or
3. Environmental, cultural, or economic differences;

(g) “Emotional-behavioral disability” means a condition characterized by behavioral excess or deficit which significantly interferes with a pupil’s interpersonal relationships or learning process to the extent that it adversely affects educational performance so that specially designed instruction is required in order for the pupil to benefit from education;

(h) “Multiple disability” means a combination of two (2) or more disabilities resulting in significant learning, developmental, or behavioral and emotional problems, which adversely affects educational performance and, therefore, requires specially designed instruction in order for the pupil to benefit from education. A pupil is not considered to have a multiple disability if the adverse effect on educational performance is solely the result of deaf-blindness or the result of speech or language disability and one (1) other disabling condition;

(i) “Deaf-blind” means auditory and visual impairments, the combination of which creates such severe communication and other developmental and learning needs that the pupil cannot be appropriately educated in special education programs designed solely for pupils with hearing impairments, visual impairments, or severe disabilities, unless supplementary assistance is provided to address educational needs resulting from the two (2) disabilities;

(j) “Visually disabled” means a visual impairment, which, even with correction, adversely affects educational performance to the extent that specially designed instruction is required for the pupil to benefit from education. The term includes both partially seeing and blind pupils;

(k) “Developmental delay” means a significant discrepancy between a child’s current level of performance in basic skills such as cognition, language or communication, self-help, social-emotional, or fine or gross motor, and the expected level of performance for that age. The term shall be used only with children ages three (3) through eight (8);

(l) “Traumatic brain injury” means an acquired impairment to the neurological system resulting from an insult to the brain which adversely affects educational performance and causes temporary or permanent and partial or complete loss of:
1. Cognitive functioning;
2. Physical ability; or
3. Communication or social-behavioral interaction.

The term does not include a brain injury that is congenital or degenerative, or a brain injury induced by birth trauma;

(m) “Autism” means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age three (3), that adversely affects educational performance. Characteristics of autism include:
1. Engagement in repetitive activity and stereotyped movement;
2. Resistance to environmental change or change in daily routine; and
3. Unusual responses to sensory experience.

The term does not include children with characteristics of an emotional-behavioral disability;

(n) “Gifted and talented student” means a pupil identified as possessing demonstrated or potential ability to perform at an exceptionally high level in general intellectual aptitude, specific academic aptitude, creative or divergent thinking, psychosocial or leadership skills, or in the visual or performing arts;

(2) “Special education” means specially designed instruction to meet the unique needs of an exceptional child or youth.

(3) “Special educational facilities” means physical facilities designed or adapted to meet the needs of exceptional children and youth, and approved according to regulations promulgated by the Kentucky Board of Education.

(4) “Related services” means transportation and the developmental, corrective, and other supportive services required to assist an exceptional child or youth to benefit from special education, and may include, but are not limited to, speech-language pathology and audiology services; psychological services; physical and occupational therapy; recreation, including therapeutic recreation; early identification and assessment of disabilities; counseling services, including rehabilitation counseling; orientation and mobility services; medical services for diagnostic or evaluation purposes; school health services; social work services in schools; and parent counseling and training.
“Transition services” means a coordinated set of activities for a pupil designed within an outcome-oriented process, that promotes movement from school to postschool activities. The term includes:
(a) Postsecondary education;
(b) Vocational training; and
(c) Integrated employment, including supported employment, continuing and adult education, adult services, independent living, or community participation.

The coordinated set of activities shall be based on the individual pupil’s needs, taking into account the pupil’s preferences and interests, and shall include instruction, community experience, the development of employment, and other postschool adult living objectives and, if appropriate, acquisition of daily living skills and functional vocational evaluation.

157.220. Functions of Department of Education in special education programs.

(1) The Department of Education is hereby designated as the agency for cooperation with the state and federal government agencies, the nonpublic school programs and local schools of Kentucky in carrying out the provisions of KRS 157.200 to 157.280. The Kentucky Board of Education shall make necessary rules and regulations in keeping with the provisions of KRS 157.200 to 157.280 for their proper administration, including but not limited to establishment of classes, eligibility and admission of pupils, the curriculum, class size limitations, housing, special equipment, and instructional supplies.

(2) The Department of Education is authorized to receive contributions and donations that may be made to carry out the provisions and requirements of KRS 157.200 to 157.280.

(3) Local supervision of special educational facilities for exceptional children shall be approved by the Department of Education according to rules and regulations approved by the Kentucky Board of Education.

157.224. Statewide plan for exceptional education programs — Annual applications and reports — Improvement plan — Special education trust fund — Administrative hearings.

(1) The Commonwealth of Kentucky is committed to providing a comprehensive educational program for its exceptional children and youth. The Department of Education coordinates, directs, and monitors that program. State direction and implementation of a statewide special education program is manifested in the biennial appropriation of funds to assure a quality educational opportunity for exceptional children and youth in existing, locally operated, classrooms.

(2) All county and independent boards of education shall operate special education programs pursuant to an annual application which has been approved by the Kentucky Department of Education pursuant to standards set out in administrative regulations promulgated by the Kentucky Board of Education. If any county or independent board of education fails to operate and implement special education programs in accordance with the standards, the application of the county or independent board of education for funding pursuant to KRS 157.360 may be considered insufficient and the add-on funds generated under that statute may be withheld by the Kentucky Board of Education until the program is in compliance with all substantive requirements designed to ensure that students with disabilities receive an appropriate education under the Federal Individuals with Disabilities Education Act, as amended. The add-on funds shall not lapse, but shall be returned to the district when it is in compliance with all substantive requirements designed to ensure that students with disabilities receive an appropriate education under the Federal Individuals with Disabilities Education Act, as amended.

(3) The Kentucky Board of Education administrative regulations shall set forth the data local school districts shall submit in their annual applications and reports. The data shall be reported in the same format as data submitted to the Department of Education for all other students and shall include, but not be limited to:

(a) The number of students who are suspended, expelled, and quit school annually;

(b) The success of students placed in various classroom settings including, but not limited to, regular classrooms, resource rooms, self-contained classrooms, and vocational programs as measured by the state assessment programs; and

(c) Information about students’ successful transition to adult life.

(4) Local school districts and schools found to be noncompliant with state board administrative regulations shall develop an improvement plan that shall be submitted to the Department of Education for approval. Local school districts shall use specialized resources in the development of the plan which may include universities, regional resource centers, professional organizations, and constituent advocacy groups.

(5) There is hereby created a special education trust fund to receive the funds withheld under subsection (2) of this section and interest accrued from the funds invested. The funds and interest shall not lapse, but shall be returned to the district when it is in compliance with all substantive requirements designed to ensure that students with disabilities receive an appropriate education under the Federal Individuals with Disabilities Education Act, as amended.

(6) All administrative hearings conducted under authority of this section shall be conducted in accordance with KRS Chapter 13B. The provisions of KRS Chapter 13B notwithstanding, the decision of the hearing officer in hearings under this section shall be the final order and shall be rendered pursuant to 34 C.F.R. 300.511. A parent, public agency, or eligible student may only request the administrative hearing within three (3) years of the date the parent, public agency, or eligible student knew about the alleged action that forms the basis for the complaint, unless a longer period is reasonable because the violation is continuing. This three (3) year limit shall not limit the introduction of evidence older than three (3) years if the evidence is relevant to the complaint and shall not apply to the parent or the eligible student if the parent or eligible student was prevented from requesting the hearing due to:

(a) Failure of the local educational agency to provide prior written or procedural safeguards notices;

(b) False representations that the local educational agency was attempting to resolve the problem forming the basis of the complaint; or
(c) The local educational agency's withholding of information relevant to the hearing issues from the parent.

Opinions of Attorney General. Where the parents of an exceptional school age child were opposed to the child's attendance in a county T.M.R. unit, the dispute over the child's placement was a proper subject for a due process hearing authorized by State Board of Education regulations. OAG 76-507.

Although, for the year 1987-1988, the General Assembly funded 4360 classroom units for special education students, which was approximately 683 units less than the number requested or anticipated by the local school district, this level of funding by the General Assembly did not violate this section or KRS 157.310. OAG 88-17.

(1) Effective with the 1991-92 school year, any child who has been identified as disabled in accordance with the Individuals with Disabilities Education Act, Public Law 101-476, or as exceptional by KRS 157.200(1)(a) to (m) and corresponding administrative regulations, and who is three (3) or four (4) years of age, or who may become five (5) years of age after October 1 of the current year, shall be eligible for a free and appropriate preschool education and related services.

(2) The General Assembly shall provide funds to be used for preschool education programs and related services for children with disabilities. Appropriations shall be separate from all other state funds appropriated to the Department of Education and shall be administered in accordance with applicable state statutes and administrative regulations and the Individuals with Disabilities Education Act, Public Law 101-476.

(3) Eligible local school districts shall receive funds based on the number of appropriately identified preschool children with disabilities being served on December 1 of the prior year. Program funding shall be adjusted proportionately when enrollment data in any district for the first two (2) months of the current school year is more than five percent (5%) above or below the number of children being served in the previous year. A supplemental enrollment count shall be taken after December 1 to allow partial funding for children with disabilities who become three (3) years of age after December 1 and consequently begin to receive services after that date. Local school districts may develop cooperative arrangements with other school districts or organizations in accordance with KRS 157.280.

(4) The Kentucky Board of Education shall adopt administrative regulations related to the administration and supervision of programs, eligibility criteria, personnel requirements, and the allocation and use of funds.

157.230. Special educational programs of school districts.

School boards of any school district subject to the provisions of KRS 157.200 to 157.280, shall establish and maintain special educational programs for exceptional children who are residents of their school district, or contract for programs as may be authorized by KRS 157.280.

Opinions of Attorney General. If a factual determination were to be made that a proposed United Cerebral Palsy school would furnish an approved program for the instruction of exceptional children and that such a program was needed by the local school board, the board could execute a lease of property for such a school for the nominal sum of $1.00 per year. OAG 70-805.

Exceptional children who are residents of a private nonsalaried institution may be instructed in the institution, either in a leased or donated room, by a public school teacher. OAG 74-681.

Pursuant to KRS 157.270, a local board of education is required to provide home training for exceptional children, but an institutional home, standing in loco parentis for exceptional children, cannot under this section legally require a school district to establish and maintain special education classes for its inmates. OAG 74-681.

A school district is not required to pay any part of a private placement of a handicapped child so long as the public school district is and remains committed to providing a free appropriate education for that handicapped child within the public school; thus, if the parents of a handicapped child unilaterally place their child in an out-of-state residential school without first pursuing their statutory and regulatory remedies in their local school district, the school district would not be required to pick up any of the cost of the private education selected by the parents. OAG 83-184.

157.240. Determination of status of child as physically or mentally handicapped. [Repealed.]

No person shall be employed to teach or serve as special education coordinator, director, supervisor, or other special education administrator in any special education program authorized by KRS 157.200 to 157.290 unless he holds certification as required by the Education Professional Standards Board. However, any teacher or administrator serving on July 14, 1992, in the affected position who has had satisfactory evaluations of his performance in that position during his time of service shall be excluded from the requirement of this section. (Repealed and reenact. Acts 1990, ch. 476, Pt. V, § 379, effective July 13, 1990; 1992, ch. 377, § 4, effective July 14, 1992.)

If in any district there are exceptional children not able even with the help of transportation to be assembled in a school, instruction shall be provided in the child's home or in hospitals or sanitoria. Exceptional children so instructed may be counted under the provisions of KRS 157.360, counting, however, a minimum of two (2) visits a week with a minimum of one (1) hour of instruction per visit, by a teacher provided by the board of education as equivalent to the attendance of one (1) child five (5) days in school. Opinions of Attorney General. Inasmuch as local school tax revenues are involved in the kind of training provided for by KRS 157.270 and 159.030, the statutes are open to constitutional challenge since this type of training could possibly be considered not part of the common schools but a welfare program. OAG 74-681.

Pursuant to this section, a local board of education is required to provide home training for exceptional children but an institutional home for exceptional children cannot under KRS 157.230 legally require a school district to establish and maintain special educational classes for its inmates. OAG 74-681.

157.280. Special education program furnished by district other than that of child's residence, or privately — Sharing costs — Transportation —

(1) If the number of children of school age in one classification of exceptionality in a district is not sufficient to justify a special education program for that exceptionality in that district, or if a school district does not provide a special education program for that exceptionality, the board shall provide a program by contract with another county or independent district or private organization that maintains a special education program approved by the Kentucky Board of Education for that exceptionality. When a district or private organization undertakes, under operation of a tuition contract or of law, to provide in its classes for these pupils residing in another district, the district of residence of these pupils shall share the total cost of the special education program in proportion to the number of pupils or in accordance with contract agreement between the two districts or district and private organization.

(2) If a local school district's admissions and release committee determines that a child requires placement in a special education program operated by another county or independent district or private organization, the resident local school district shall assume responsibility for the payment of the costs incurred in educating the child. The school board of the school district in which any child resides shall pay for his transportation to and from the program in the other school district or to the private organization. However, if the school board of the other district or the private organization providing the program also provides transportation, the cost of transportation shall be included in the total cost.

(3) If a local school district's admission and release committee determines that the local school district has an appropriate educational program for a child and a parent chooses to place the child in a program or facility in another county or independent district or private organization, the parent shall assume responsibility for payment of the costs incurred in educating the child.

(4) If a child of school age is admitted for resident instruction at the Kentucky School for the Deaf or the Kentucky School for the Blind, under regulation of the Kentucky Board of Education and under provisions of KRS 167.015 to 167.170, the district in which the child resides shall provide transportation to and from the school on a regularly scheduled basis, at weekly intervals while the child is enrolled, either by individual district or in cooperation with other school districts on a regional basis, as approved by the Kentucky Board of Education upon recommendation of the chief state school officer. Students who live more than two hundred (200) miles from either school shall not be required to go home more than twice each month. The Kentucky Board of Education shall promulgate administrative regulations to set forth the transportation schedule and the weekend activities for students who remain at school.

(5) If a child of school age is admitted as a day school pupil for instruction at the Kentucky School for the Deaf or the Kentucky School for the Blind, under regulation of the Kentucky Board of Education and under provisions of KRS 167.015 to 167.150, the district in which the child resides may provide transportation to and from the school on a daily basis, either by individual district or in cooperation with other school districts on a regional basis, as approved by the Kentucky Board of Education upon recommendation of the chief state school officer. School districts providing this transportation shall be reimbursed from the transportation fund of the foundation program at the same rate per trip as that which is calculated under subsection (4) of this section.

Opinions of Attorney General. While general tax dollars provided by the state may be used to pay a portion of the costs incurred in operating special education classes for exceptional children, a local board of education is precluded from spending school funds or such purposes as such an operation is a most laudable and commendable one. OAG 72-86.
The $300 per year limitation on transportation costs is applicable only in a case where one (1) school district contracts with another school district to provide instruction for an exceptional child. OAG 72-693.
Since nothing in the statutes requires that the parents of a deaf child must consent to the child attending the Kentucky School for the Deaf or lose the benefits provided by other statutes, a local school district is required to pay the educational tuition of one (1) of its students who attends special classes in another system although the child in question is a deaf child whose parents will not consent to his attendance at the Kentucky School for the Deaf. OAG 74-531.
Where a board of education contracts for special education services with a private school it would not be entitled to ADA or bonus unit foundation program funds for the pupils involved. OAG 74-742.
A public school district may receive ADA or bonus unit foundation funds for special education program pupils who for a part of the day receive contracted services at a regional state university. OAG 74-742.
A public school may not pay the tuition of a deaf student who attends a Catholic school at the parents' election after rejection of the public school's arrangement for the child to be admitted to the Kentucky School for the Deaf. OAG 74-660; 74-914.
It was not the legislative intent of this section that districts without sufficient educational facilities pay the expense of exceptional children at boarding schools or schools not accessible by daily commuting, and thus the school district is not authorized under this section to send a child who needs special education to a school in another state more than 100 miles away. OAG 74-914.
This section contains no minimum or maximum amounts which may be spent and therefore authorizes the spending of whatever is necessary for education and transportation. OAG 74-914.
A licensed day care center is a private organization within the meaning of this section but whether it qualifies as a contractor to provide special education programs must be decided by the State Board of Education under its regulations and guidelines. OAG 75-56.
It was not the legislative intent of this section to require local school districts to pay the transportation costs of exceptional children at boarding or other schools not accessible by daily commuting, and, therefore, this section does not authorize the reimbursement, from funds provided by the state from the minimum foundation program, of local school funds expended for school bus transportation of deaf students from a school for the deaf to their homes for weekend visits with their parents. OAG 75-609.
A local school system must continue to provide an appropriate educational program for an exceptional child even beyond the age of compulsory attendance, and if a school does not have such program for a child past the compulsory attendance age in any one classification of EXCEPTIONALITY, the school must contract with another county or independent school district or private organization that maintains a special education program approved by the State Department of Education for that exceptionality. OAG 77-116.
A local public school may not interpret this section as authorization to provide special education programs for only compulsory school age children, for special education children are entitled to a twelve-grade school service or until a child reaches 21 years of age. OAG 77-116.
The language of this section requires a local school district only to provide transportation to and from either the Kentucky School for the Blind or the Kentucky School for the Deaf on a regularly scheduled basis, at intervals of no less than one each month; however, a school may, in the reasonable discretion of the local board of education, pay daily commuting costs out of local school money when a child is attending either school as a day student and the distance is reasonable between the home school district and the appropriate state residential school. OAG 77-137.
A school district is not required to pay any part of a private placement of a handicapped child so long as the public school district is and remains committed to providing a free appropriate education for that handicapped child within the public schools; thus, if the parents of a handicapped child unilaterally place their child in an out-of-state residential school without first pursuing their statutory and regulatory remedies in their local school district, the school district would not be required to pick up any of the cost of the private education selected by the parents. OAG 83-184.

157.285. Related services provided by local boards of education.
Local boards of education may contract to provide "related services" to exceptional children when the appropriate services are not available through a public or private agency.

Opinions of Attorney General. There is nothing in this section which raises a question as to its constitutionality. OAG 72-343.
Under this section the tuition rate must be set by bargaining and negotiation between the school district and the agency. OAG 72-343.

157.290. Tentative preapproval of plans for special education programs.

FUND TO SUPPORT EDUCATION EXCELLENCE IN KENTUCKY

157.310. Declaration of legislative intent.
It is the intention of the General Assembly to assure substantially equal public school educational opportunities for those in attendance in the public schools of the Commonwealth, but not to limit nor to prevent any school district from providing educational services and facilities beyond those assured by the state supported program. The program shall provide for an efficient system of public schools throughout the Commonwealth, as prescribed by Section 183 of the Constitution of Kentucky, and for the manner of distribution of the public school fund among the districts and its use for public school purposes, as prescribed by Section 186 of the Constitution.

Cross-References. Data form, professional staff, 702 KAR 3:100.

Opinions of Attorney General. A student teacher may not legally take charge of a classroom in the absence of the regular teacher, for if such was done the local school district would forfeit its right to receive average daily attendance allotments, for in computing this apportionment there shall be included only the attendance of pupils engaged in educational activities under the immediate control and supervision of a school employee who possesses a valid certificate. OAG 63-269.

Local school boards have a legal right to spend foundation program funds or revenue raised by local taxation for adults over 21 years of age. OAG 65-410.

It is proper to afford ADA credit to a public school district for the public school portion of dual enrollment situations involving public and nonpublic schools. OAG 68-150.

A public school district may receive ADA or bonus unit foundation funds for special education program pupils who for a part of the day receive contracted services at a regional state university. OAG 74-742.

Where a board of education contracts for special education services with a private school it would not be entitled to ADA or bonus unit foundation funds for the pupils involved. OAG 74-742.

The State Board of Education is not authorized by statute to withhold funds from a local school board because the schools in its district are not of a certain rating. OAG 75-552.

School bus transportation may be provided from local school funds for trips of deaf students from a school for the deaf to their homes for weekend visits with their families, but there is no provision in the minimum foundation law permitting reimbursement from the minimum foundation program. OAG 75-609.

The present school laws, in light of the Kentucky Constitution, do not authorize or permit any state funded extended employment days to be used for vacation or holidays. OAG 82-356.

Although, for the year 1987-1988, the General Assembly funded 4360 classroom units for special education students, which was approximately 683 units less than the number requested or anticipated by the local school district, this level of funding by the General Assembly did not violate KRS 157.224 or this section. OAG 88-17.

NOTES TO DECISIONS

1. Construction.
The minimum foundations law (KRS 157.310 to 157.440) does not affect the policy of KRS 161.760 that a teacher in continuing service status, once promoted in salary, cannot be demoted in salary without such cause as would justify termination of his contract, and elimination of duties or responsibilities cannot be used as a device for demotion in salary. Board of Educ. v. Lawrence, 375 S.W.2d 830 (Ky. 1964) (decision prior to 1964 amendment of KRS 161.760).

The procedure for preparation and approval of the school budget and the levying of school taxes is complicated by the fact the statutes relating to the foundation program (KRS 157.310 to 157.370) are not adequately correlated with the school district financing program dealt with in KRS 160.460 and 160.470. Holmes v. Walden, 394 S.W.2d 458 (Ky. 1965).

**Legislative Research Commission Note.** (7/14/2000).

### 157.3175  Preschool education program — Grant allocation — Program components — Exemption.

(1) Beginning with the 1990-91 school year, it shall be the responsibility of each local school district to assure that a developmentally appropriate half-day preschool education program is provided for each child who is four (4) years of age by October 1 of each year and at risk of educational failure. Any school district which can show a lack of facilities to comply with this section may apply for an exemption to delay implementation until 1991-92. All other four (4) year old children shall be served to the extent placements are available. The Kentucky Board of Education, upon the recommendation of the chief state school officer, shall adopt administrative regulations establishing the guidelines for the program. Administrative regulations shall establish eligibility criteria, program guidelines, and standards for personnel.

(2) “Developmentally appropriate preschool program” means a program which focuses on the physical, intellectual, social, and emotional development of young children. The preschool program shall help children with their interpersonal and socialization skills.

(3) Funds appropriated by the General Assembly for the preschool education programs shall be granted to local school districts according to a grant allotment system approved by the Kentucky Board of Education. Children who are at risk shall be identified based on the Federal School Lunch Program eligibility criteria for free lunch. Appropriations shall be separate from all other funds appropriated to the Department of Education.

(4) The chief state school officer shall receive and review proposals from local school districts for grants to operate or oversee the operation of developmentally appropriate preschool education programs. Districts may submit proposals for implementing new services, enhancing existing preschool education services, or contracting for services. In designing a local early childhood education program, each district shall work with existing preschool programs to avoid duplication of programs and services, to avoid supplanting federal funds, and to maximize Head Start funds in order to serve as many four (4) year old children as possible.

(5) Each program proposal shall include, at a minimum:

(a) A description of the process conducted by the district to assure that the parents or guardians of all eligible participants have been made aware of the program and of their right to participate;

(b) A description of the planned educational programming and related services;

(c) The estimated number of children participating in the program;

(d) Strategies for involving children with disabilities;

(e) Estimated ratio of staff to children with the maximum being one (1) adult for each ten (10) children;

(f) The estimated percentage of children participating in the program who are at risk of educational failure;

(g) Information on the training and qualifications of program staff and documentation that the staff meet required standards;

(h) A budget and per-child expenditure estimate;

(i) A plan to facilitate active parental involvement in the preschool program, including provisions for complementary parent education when appropriate;

(j) Facilities and equipment which are appropriate for young children;

(k) The days of the week and hours of a day during which the program shall operate;

(l) A plan for coordinating the program with existing medical and social services, including a child development and health screening component;

(m) Assurances that participants shall receive breakfast or lunch;

(n) Program sites which meet state and local licensure requirements;

(o) A plan for coordinating program philosophy and activities with the local district's primary school program;

(p) An evaluation component; and

(q) Certification from the Head Start director that the Head Start program is fully utilized pursuant to subsection (4) of this section.
(6) Programs shall reflect an equitable geographic distribution representative of all areas of the Commonwealth.

(1) There is hereby established a network of regional training centers for preschool and early childhood education as specified in the 1987 state preschool grant application for Public Law 99-457. The purpose of the regional training centers shall be to provide peer to peer training, consultation, technical assistance, and materials to personnel from local school districts and other agencies operating programs for disabled and at-risk preschool children.

(2) The regional training centers shall receive federal funds from Public Law 99-457, Education of the Handicapped Act, Part B, and may receive state appropriations, gifts, and grants. No additional centers shall be established unless the existing centers receive at least the same level of funding as in the 1988 fiscal year.

(3) The Kentucky Board of Education shall promulgate such regulations as may be needed in the administration of the regional training centers. In administering this section, the chief state school officer shall consult with the regional training centers and the districts and agencies served by this program.

Compiler’s Notes. The Education of the Handicapped Act and the amendments thereto under Public Law 99-457, referred to in subsections (1) and (2), are compiled as 20 U.S.C. § 1400 et seq.

As used in KRS 157.310 to 157.440, unless the context otherwise requires:

(1) “Average daily attendance” means the aggregate days attended by pupils in a public school, adjusted for weather-related low attendance days if applicable, divided by the actual number of days the school is in session, after the five (5) days with the lowest attendance have been deducted.

(a) Aggregate days shall include, in addition to the aggregate number of days attended by a pupil who was suspended during a school year, the number of days the pupil was suspended, not to exceed ten (10) days in total for the school year; and

(b) Aggregate days shall include, in addition to the aggregate number of days attended by a pupil who was expelled for behavioral problems, the number of days the pupil was expelled up to a total of one hundred seventy-five (175) days. This total may extend into the next school year and shall be counted in the average daily attendance for the next year;

(2) “Base funding level” means a guaranteed amount of revenue per pupil to be provided for each school district, to be used for regular operating and capital expenditures;

(3) “Board” means the board of education of any county or independent school district;

(4) “District” means any school district as defined by law;

(5) “Elementary school” means a school consisting of the primary school program through grade eight (8) as defined in KRS 158.030, or any appropriate combination of grades within this range, as determined by the plan of organization for schools authorized by the district board;

(6) “Support Education Excellence in Kentucky” means the level of educational services and facilities which is to be provided in each district from the public school fund;

(7) “Kindergarten full-time equivalent pupil in average daily attendance” means each kindergarten pupil counted no more than one-half (½) day in the aggregate days attended by kindergarten pupils in a public school divided by the actual number of days school is in session after the five (5) days with the lowest attendance have been deducted. Kindergarten is the entry level of the primary program and shall be provided no less than the equivalent of one-half (½) day, five (5) days a week for a full school year for each kindergarten pupil;

(8) “Public school fund” means the fund created by KRS 157.330 for use in financing education in public elementary and secondary schools;

(9) “Administrative regulations of the Kentucky Board of Education” means those regulations which the Kentucky Board of Education may adopt upon the recommendation and with the advice of the commissioner of education. The commissioner of education shall recommend administrative regulations necessary for carrying out the purposes of KRS 157.310 to 157.440;

(10) “Experience” means employment as a teacher, other than as a substitute or nursery school teacher, for a minimum of one hundred forty (140) days during a school year in a public or nonpublic elementary or secondary school or college or university that is approved by the public accrediting authority in the state in which the teaching duties were performed. A teacher who is employed by a board for at least one hundred forty (140) days of a school year and who performs teaching duties for the equivalent of at least seventy (70) full school days during that school year, regardless of the schedule on which those duties were performed,
shall be credited with one (1) year of experience. A teacher who is employed by a board for at least one hundred forty (140) days during each of two (2) school years and who performs teaching duties for the equivalent of at least seventy (70) full school days during those years shall be credited with one (1) year of experience. No more than one (1) year of experience shall be credited for the performance of teaching duties during a single school year;

(11) “Secondary school” means a school consisting of grades seven (7) through twelve (12), or any appropriate combination of grades within this range as determined by the plan of organization for schools authorized by the district board. When grades seven (7) through nine (9) or ten (10) are organized separately as a junior high school, or grades ten (10) through twelve (12) are organized separately as a senior high school and are conducted in separate school plant facilities, each shall be considered a separate secondary school for the purposes of KRS 157.310 to 157.440;

(12) “Single salary schedule” means a schedule adopted by a local board from which all teachers are paid for one hundred eighty-five (185) days and is based on training, experience, and such other factors as the Kentucky Board of Education may approve and which does not discriminate between salaries paid elementary and secondary teachers. If the budget bill contains a minimum statewide salary schedule, no teacher shall be paid less than the amount specified in the biennial budget salary schedule for the individual teacher’s educational qualifications and experience;

(13) “Teacher” means any regular or special teacher, principal, supervisor, superintendent, assistant superintendent, librarian, director of pupil personnel, or other member of the teaching or professional staff engaged in the service of the public elementary and secondary school for whom certification is required as a condition of employment;

(17) “Weather-related low attendance day” means a school day on which the district’s attendance falls below the average daily attendance for the prior year due to inclement weather. The district shall submit a request to substitute the prior year’s average daily attendance for its attendance on up to ten (10) designated days, along with documentation that the low attendance was due to inclement weather, for approval by the commissioner of education in accordance with Kentucky Board of Education administrative regulations.

Opinions of Attorney General. Teaching experience with a Head Start program does not qualify as “teaching experience” for the purposes of determining a teacher’s salary unless the teacher was under contract with an accredited public or nonprofit school at the time of participation in the program. OAG 76-152.

A county school board could prepare a salary schedule so as to increase the salaries of teachers assigned to schools within the jurisdiction of a city which has levied an occupational tax. OAG 77-427.

Even though the contracts entered into between local boards and their teachers fail to reference the minimum 185 school days, these contracts would not be construed to cover any period less than the 185 school days established by statute since all full-time teachers in the public common schools have, by operation of law, a contract that entitles them to a minimum school term of 185 days. OAG 82-106.

A reduction in state appropriations to the Minimum Foundation Fund for teachers’ salaries, legal or illegal, could not be said to have reduced the number of days required for a minimum school term in the Commonwealth’s public common schools; the law still requires 185 days and that four (4) of these days be devoted to in-service training for public common school teachers and the elimination of state money for two (2) in-service days did not take the requirement for the two (2) days away. OAG 82-106.
While KRS 157.330(2) requires that foundation program funds are to be drawn out or appropriated only "as provided by statute," it is entirely proper for the State Board of Education to adopt a regulation intending to implement the statutory law. OAG 84-314.

Language in budget memorandum recommending and directing that 705 KAR 2:030 Section 8 be amended to change the local district transfer provision from 20% to the established value of the capital outlay component of a foundation unit, with difference in the transfer to be used to fund the operational costs of the New Rowan County State Vocational-Technical School and the expanded facilities in Ashland and Elizabethtown, is precatory in nature and in light of Const., §§ 184 and 186 cannot be carried out, for the funds involved are foundation program funds and not just general funds appropriated for education, and using the difference in the transfer amount of funds to support the operational cost of the New Rowan County State Vocational-Technical School and expanded facilities in Ashland and Elizabethtown would be using foundation program funds for nonfoundation purposes. OAG 84-314.

Salary schedules may properly be prepared so as to increase the salaries of particular county teachers, teaching within the city, in an amount equal to the occupational tax imposed upon those teachers. OAG 86-33.

The provision that kindergarten shall be provided at a minimum for one-half (1/2) day, five (5) days a week, for a full school year, for each kindergarten pupil, went into effect on July 13, 1990. OAG 90-73.

NOTES TO DECISIONS

1. Salary Schedule.

Where teachers in one (1) school district earned credits toward salary increases on different basis from teachers in second district, salary plan established pursuant to KRS 157.310 to 157.440 after merging of two (2) districts, which granted teachers from each district the credits under former salary plans, was reasonable and was not discriminatory. (1) There is hereby established the fund to support education excellence in Kentucky consisting of appropriations for distribution to districts in accordance with the provisions of KRS 157.310 to 157.440.

(2) The resources of the public school fund shall be paid into the State Treasury, and shall be drawn out or appropriated only in aid of public schools as provided by statute.

Opinions of Attorney General. The present school laws, in light of the Kentucky Constitution, do not authorize or permit any state funded extended employment days to be used for vacation or holidays. OAG 82-356.

While subsection (2) of this section requires that foundation program funds are to be drawn out or appropriated only "as provided by statute," it is entirely proper for the State Board of Education to adopt a regulation intending to implement the statutory law. OAG 84-314.

157.350. Eligibility of districts for participation in fund to support education excellence in Kentucky.

Each district which meets the following requirements shall be eligible to share in the distribution of funds from the fund to support education excellence in Kentucky:

(1) Employs and compensates all teachers for not less than one hundred eighty-five (185) days. The Kentucky Board of Education, upon recommendation of the chief state school officer, shall prescribe procedures by which this requirement may be reduced during any year for any district which employs teachers for less than one hundred and eighty-five (185) days, in which case the eligibility of a district for participation in the public school fund shall be in proportion to the length of time teachers actually are employed;

(2) Operates all schools for a term as provided in KRS 158.070 and administrative regulations of the Kentucky Board of Education. If the school term is less than one hundred eighty-five (185) days for any reason not approved by the Kentucky Board of Education on recommendation of the chief state school officer, the eligibility of a district for participation in the public school fund shall be in proportion to the length of term the schools actually operate;

(3) Compensates all teachers on the basis of a single salary schedule and in conformity with the provisions of KRS 157.310 to 157.440;

(4) Includes no nonresident pupils in its average daily attendance, except as follows:

(a) Pupils listed under a written agreement with the district of the pupils' legal residence. If an agreement cannot be reached, either board may appeal to the chief state school officer for settlement of the agreement. The chief state
school officer shall have thirty (30) days to establish the terms of agreement. Either board may appeal the chief state school officer’s decision to the Kentucky Board of Education. The Kentucky Board of Education shall have sixty (60) days to approve or amend the agreement of the chief state school officer. In consideration of these appeals, the chief state school officer and the Kentucky Board of Education shall give preference to the best interest of the individual student. This subsection does not apply to those pupils enrolled in an approved class conducted in a hospital; and

(b) Pupils who have been expelled for behavioral reasons who shall be counted in average daily attendance under KRS 157.320;

(5) Any secondary school which maintains a basketball team for boys for other than intramural purposes, shall maintain the same program for girls;

(6) Any school district which fails to comply with subsection (5) shall be prohibited from participating in varsity competition in any sport for one (1) year. Determination of failure to comply shall be made by the Department of Education after a hearing requested by any person within the school district. The hearing shall be conducted in accordance with KRS Chapter 13B. A district under this subsection shall, at the hearing, have an opportunity to show inability to comply.

Opinions of Attorney General. The Fort Knox schools are not public common schools and, therefore, a county school system cannot enter into a written agreement with the Fort Knox system concerning special education children so as to receive minimum foundation program funds for its children’s instruction. OAG 76-670.

It is truly in the discretion of the local board of education to establish a reasonable tuition fee for nonresident students; however, the better practice would be for a local board to attempt to establish a tuition fee sufficient to defray any reasonably calculated per capita costs not funded through the state foundation program funds for educating a nonresident child. OAG 78-265.

Even though the contracts entered into between local boards and their teachers fail to reference the minimum 185 day school term, these contracts could not be construed to cover any period less than the 185 school days established by statute since all full-time teachers in the public common schools have, by operation of law, a contract that entitles them to be paid for 185 school days, four (4) of which are to be utilized as in-service and professional development and planning activities; accordingly, the teachers employed by the local school boards for the 1981-82 school year had a vested right to employment and salary for at least 185 school days and the possible reduction in state funds for teachers’ salaries for two (2) mandated in-service days in no way could be used to divorce the local school districts from their preexisting obligation of contracts for a minimum school term of 185 days. OAG 80-130.2.

A reduction in state appropriations to the Minimum Foundation Fund for teachers’ salaries, legal or illegal, could not be said to have reduced the number of days required for a minimum school term in the commonwealth’s public common schools, the law still requires 185 days and that four of these days be devoted to in-service training for public common school teachers and the elimination of state money for two (2) in-service days did not take the requirement for the two (2) days away. OAG 82-106.

Should local boards of education fail to enter into a written agreement to allow nonresident pupils to attend school in a certain district, then the local board of education that educates the nonresident pupil is not eligible to receive attendance credit and funding for those pupils. OAG 91-75.

So long as two (2) districts enter into a written agreement that a particular district will allow nonresident pupils to attend, then that district which is educating the nonresident pupils may receive the pupils’ share of funds from the Fund to Support Education Excellence in Kentucky. By administrative regulation, the local boards of education that execute written agreements for average daily attendance of nonresident pupils are required to submit a copy of any agreement to the State Department of Education by November 15 of each year. OAG 91-75.

Supplemental agreements in which a district requires that the district taking the greater number of nonresident children must give back to the home district a certain percentage of state funds attributable to the excess nonresident students are impermissible and may be unconstitutional. OAG 91-75.

There appears to be no legal authority for sending money to a district where a child is not being educated, and such a practice may lead to inequitable funding levels in violation of Const., § 183, which requires that the General Assembly provide for an efficient system of schools, and has resulted in a complete revision of the system of school finance, which has set forth careful procedures to ensure that local districts receive the necessary funding per average daily attendance to carry out the mandated education. OAG 91-75.

There is no statutory authorization for any district which enters into an agreement concerning the education of nonresident pupils to require that the districts taking the greater number of nonresident children agree to give back to the home district a percentage of the state funds attributable to the excess nonresident students. OAG 91-75.

DECISSIONS UNDER PRIOR LAW

ANALYSIS

1. Tenure law.
2. Single salary schedule.
3. Local tax levy.

1. Tenure Law.

The minimum foundation law requiring a school district to pay all teachers on the basis of a single salary schedule does not affect the tenure law which provides that a teacher with a continuing service status, once promoted in salary, cannot be demoted in salary without such cause as would justify termination of her contract, and elimination of duties or responsibilities cannot be used as a device for demotion in salary. Board of Educ. v. Lawrence, 375 S.W.2d 830 (Ky. 1963). (Decision prior to amendment of KRS 161.760).

2. Single Salary Schedule

Continuation of extra pay after extra duties have been
The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year.

(a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number of pupils enrolled in a class shall be as follows:
1. Twenty-four (24) in primary grades (kindergarten through third grade);
2. Twenty-eight (28) in grade four (4);
3. Twenty-nine (29) in grades five (5) and six (6);
4. Thirty-one (31) in grades seven (7) to twelve (12).

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private
school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11) (a) Instructional salaries for vocational agriculture classes shall be for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Division of Career and Technical Education in the Department of Education. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture’s summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher. Twenty percent (20%) of the approved vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(12) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding, excluding the capital outlay, shall be allotted for each child in average daily attendance in the prior school year who has been properly identified according to Kentucky Board of Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and

(b) Pursuant to administrative regulations of the Kentucky Board of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported annually on forms provided by the Department of Education.

(13) Except for those schools which have implemented school-based decision making and the school council has voted to waive this subsection, kindergarten aides shall be provided for each twenty-four (24) full-time equivalent kindergarten students enrolled.
Effective July 1, 2001, there shall be no deduction applied against the base funding level for any pupil in average daily attendance who spends a portion of his or her school day in a program at a state-operated career and technical education or vocational facility.

Opinions of Attorney General. Students who have been excused from school to attend religious instruction, in accordance with the provisions of KRS 158.210 to 158.260, may be considered in attendance at the public schools for purposes of the Minimum Foundation Program. OAG 66-116.
It is proper to afford ADA credit to a public school district for the public school portion of dual enrollment situations involving public and nonpublic schools. OAG 68-150.
The interlocal cooperative board may receive foundation program funds in supervision based on a consolidation of the average generated by the individual participating school districts. OAG 74-351.
A public school district may receive ADA or bonus unit foundation funds for special education program pupils who for a part of the day receive contracted services at a regional state university. OAG 74-742.
Where a board of education contracts for special education services with a private school it would not be entitled to ADA or bonus unit foundation program funds for the pupils involved. OAG 74-742.
The Superintendent of Public Education has adopted 704 KAR 3:175 which defines the criteria which a person filling the position of school psychologist must meet if the position is to be funded from money from the foundation program which criteria do not include the requirement that the "school psychologist" be licensed by the Board of Psychological Examiners; rather this regulation does not permit any person who is not licensed by the board to hold himself out as a psychologist or to practice psychology in violation of KRS 319.005 and 319.010, but merely establishes the criteria which an otherwise qualified psychologist must meet if his position is to be funded with money from the foundation program, and any person holding himself out as a "school psychologist" or engaging in the practice of psychology without a license issued by the board violates KRS Chapter 319 and is subject to the penalties contained in KRS 319.990. OAG 79-108.
The Superintendent of Public Education has authority to define the personnel to whom or for whom classroom units are adopted. OAG 79-108.
Where an entire classroom unit (under subsection (9) of this section) is involved, the director of pupil personnel must devote his or her entire time to the duties of that office and would not be able to also serve as the director of transportation; however where a proportionate fraction of a unit is involved, the requirement of KRS 159.140(1) would be met by the director of pupil personnel by spending an amount of time in the same proportion to the normal school day that the fraction bears to the unit which will constitute devoting the entire time to the duties of the office. OAG 80-389.
If the General Assembly desires to change the average daily attendance (ADA) formula used for allotment of classroom units for Foundation Program Fund purposes from the previous school year figure as required by this section, it would have to amend this section and not attempt to reach that result with language in an appropriations bill; even if such language did appear in the biennial budget bill, the language would have to be disregarded as not being a constitutional part of the appropriations act, since the budget bill to the extent that it relates to a subject other than the budget must be deemed in violation of § 51 of the Constitution. OAG 83-383. (Refers to 1982 Budget.)
The General Assembly may not constitutionally revise, restrict or modify the provisions of existing substantive statutory law or create new substantive law by language contained in the appropriations act; thus, even if the biennial budget bill had not inadvertently omitted the desired change in the average daily attendance (ADA) formula, the Department of Education could not have legally implemented it. OAG 83-383. (Refers to 1982 Budget.)
Language in budget memorandum recommending and directing that 706 KAR 2:030 Section 8 be amended to change the local district transfer provision from 20% to the established value of the capital outlay component of a foundation unit, with difference in the transfer to be used to fund the operational costs of the New Rowan County State Vocational-Technical School and the expanded facilities in Ashland and Elizabethtown, is precatory in nature and in light of Const., §§ 184 and 186 cannot be carried out, for the funds involved are foundation program funds and not just general funds appropriated for education, and using the difference in the transfer amount of funds to support the operational cost of the New Rowan County State Vocational-Technical School and expanded facilities in Ashland and Elizabethtown would be using foundation program funds for nonfoundation purposes. OAG 84-314. (Refers to 1984 Budget.)
Where the General Assembly failed to include a delayed effective date for the provisions regarding the teachers’ duty-free lunch period and class-size limitations in grades 1-8 contained in the education package enacted in the 1985 extraordinary session, the effective date of these provisions was October 18, 1985. However, given the restrictions of KRS 160.530 and 160.550(1), as well as the impracticalities of implementation on October 18, it was doubtful that any local school district could be expected to implement these programs on October 18. Therefore, except where otherwise expressly indicated in a particular provision, the education improvement programs which the local school districts have a duty to implement would have to be implemented by the local school districts beginning with the 1986-87 school year. OAG 85-132.

The language, “districts which contract to furnish transportation for students attending nonpublic schools to adopt any payment formula so long as no public school funds are used,” permits school districts to use formulas other than the per capita formula. OAG 90-81.

Fourth grade students are not allowed to be in ungraded classrooms with students from the primary school (K-3) as joint classes with ungraded students are prohibited. OAG 92-42.

NOTES TO DECISIONS

1. **Average Daily Attendance.**

   School board could order school closed when the student population of the school fell below minimum required for state aid. Earle v. Harrison County Bd. of Educ., 404 S.W.2d 455 (Ky. 1966).

157.370. **Allotment of transportation units.**

(1) In determining the cost of transportation for each district, the chief state school officer shall determine the average cost per pupil per day of transporting pupils in districts having a similar density of transported pupils per square mile of area served by not less than nine (9) different density groups.

(2) The annual cost of transportation shall include all current costs for each district plus annual depreciation of pupil transportation vehicles calculated in accordance with the administrative regulations of the Kentucky Board of Education for such districts that operate district-owned vehicles.

(3) The aggregate and average daily attendance of transported pupils shall include all public school pupils transported at public expense who live one (1) mile or more from school. Children with disabilities may be included who live less than this distance from school. The aggregate and average daily attendance referred to in this subsection shall be the aggregate and average daily attendance of transported pupils the prior year adjusted for current year increases in accordance with Kentucky Board of Education administrative regulations.

(4) The square miles of area served by transportation shall be determined by subtracting from the total area in square miles of the district the area not served by transportation in accordance with administrative regulations of the Kentucky Board of Education. However, if one (1) district authorizes another district to provide transportation services for a part of its area, this area shall be deducted from the area served by the authorizing district and added to the area served by the district actually providing the transportation.

(5) The density of transported pupils per square mile of area served for each district shall be determined by dividing the average daily attendance of transported pupils by the number of square miles of area served by transportation.

(6) The chief state school officer shall determine the average cost per pupil per day of transporting pupils in districts having a similar density by constructing a smoothed graph of cost for the density groups required by subsection (1). This graph shall be used to construct a scale showing the average costs of transportation for districts having a similar density of transported pupils. Costs shall be determined separately for county school districts and independent school districts.

(7) The scale of transportation costs included in the fund to support education excellence in Kentucky for county and independent districts is determined in accordance with the provisions of KRS 157.310 to 157.440 for the biennium beginning July 1, 1990.

(8) The cost of transporting a district’s pupils from the parent school to a state vocational-technical school or to a vocational educational center shall be calculated separately from the calculation required by subsections (1) through (7) of this section. The amount calculated shall be paid separately to each district from program funds budgeted for vocational pupil transportation, as a reimbursement based on the district’s cost for providing this service. The amount of reimbursement shall be calculated in accordance with Kentucky Board of Education administrative regulations. In the event that the appropriation for vocational pupil transportation in the biennial budget is insufficient to meet the total calculated cost of this service for all districts, the amount paid to each district shall be ratably reduced. For the purpose of this subsection, the parent school shall be interpreted to mean that school in which the pupil is officially enrolled in a district’s public common school system.

(9) The Kentucky Board of Education shall determine the type of pupil with a disability that qualifies for special type transportation to and from school. Those qualified pupils for which the district provides special type transportation shall have their aggregate days’ attendance multiplied by five (5.0) and added to that part of the district’s aggregate days’ attendance that is multiplied by the district’s adjusted cost per pupil per day in determining the district’s pupil transportation program cost for allotment purposes.

The total amount of money distributable to each
district from the public school fund shall include
the amounts set forth in the biennial budget.

2. Four (4) to nine (9) years;
3. Ten (10) to fourteen (14) years;
4. Fifteen (15) to nineteen (19) years; and
5. Twenty (20) or more years.

(2) The rank and experience of the teacher shall be
determined on September 15 of each year.

(3) The amount to be included in the base funding
level for capital outlay shall be determined by
multiplying the average daily attendance by the
amounts set forth in the biennial budget.

(4) The amount to be included in the public school
fund of each district for transportation shall be
determined in accordance with the provisions of
KRS 157.370.

(5) The total amount of money distributable to each
district from the public school fund shall include
the base funding per pupil in average daily atten-
dance, an amount for at-risk students, an amount
for the types and numbers of students with disabil-
ities, an amount for students served in home and
hospital settings, and the allotments in subsec-
tions (3) and (4) of this section, less the amount of
local tax revenues generated for school purposes,
up to a maximum equivalent local rate of thirty
cents ($0.30) as defined by KRS 157.615(6).

(6) A classroom teacher or administrator may be pro-
vided additional compensation, funds for instruc-
tional and program materials, and other related
costs for serving as a classroom mentor, teaching
partner, or professional development leader in core
discipline areas including reading, and other sub-
ject areas as appropriate to other education profes-
sionals in a state approved program or state
approved activities. The Kentucky Department
of Education shall administer the funds appropri-
ated for these purposes. The Kentucky Board of
Education shall promulgate administrative regula-
tions to define the guidelines for programs and activities
that qualify for funds including the application and
approval process, the individual participant re-
quirements, the amount of compensation, the
timelines, and reporting requirements. The board
shall solicit recommendations from the Education
Professional Standards Board and staff of the
Kentucky Department of Education in developing
its administrative regulations.

2002, ch. 135, § 5, effective April 2, 2002.)
Opinions of Attorney General. Under this section the second experience level is attained with the completion of four years of experience, so that a teacher who has completed three years of teaching and is in his fourth year is only entitled to the salary permitted for “0-3” years of experience. OAG 68-102.

Under this section experience credit can only be given for actual teaching experience and a teacher who was wrongfully excluded from teaching could not receive experience credit for the period of wrongful exclusion. OAG 68-564.

Under subsection (2) of this section and SBE 21.070(3) teachers’ salary schedules are required to have only three separate increments for experience, namely 0 to 3 years, 4-9 years, and 10 years and over. There is no requirement that the salary schedules contain ten separate annual increments for experience. OAG 68-395.

In order to rank a teacher, it is incumbent upon the State Board of Education, with its power to make regulations, to specify what criteria may be considered as equivalent to a college degree for those teachers who have completed the required number of college hours but who do not have a bachelor’s degree. OAG 75-495.

No authority exists for anyone during the present biennium to increase the value of the “other current expenses” category of a classroom unit above the established levels appropriated by the 1976 General Assembly. OAG 77-358.

Where a school teacher was ill and missed most of one month and part of the next, during which time the schools were closed 17 days due to severe weather and permission was granted by the department of education to cut short the school year by five (5) days, as calamity days, the teacher was entitled to be paid for the calamity days; however, since she would have been unable to teach on these days, she must take these days as sick leave days under KRS 161.155. OAG 78-311.

The present school laws, in light of the Kentucky Constitution, do not authorize or permit any state funded extended employment days to be used for vacation or holidays. OAG 82-356.

There is nothing in the school laws to preclude a school district from establishing a cafeteria insurance plan for its teachers, pursuant to the conditions and criteria set out in Section 125 of the Internal Revenue Code. However the money available to the teacher to be applied, if desired, to a cafeteria plan is still a part of that teacher’s salary even though nontaxable; the teacher can elect to take a part of the money provided for by the school district in this regard as cash and, of course, this amount would be taxable. Moreover, the school districts must include the amount of money established for such a plan in all computations required for single salary schedule determinations, including the procedure required for determining the amount of money to be received by a school district for teachers’ salaries from the Minimum Foundation Fund. OAG 83-151.

NOTES TO DECISIONS

1. Certificate of professional standing.
2. Tenure.

A certificate of professional standing may be abolished or limited by the Legislature. Gullett v. Sparks, 444 S.W.2d 901 (Ky. 1969).

2. Tenure.
Teacher tenure is statutory and not contractual, and the Legislature may abridge or destroy it. Gullett v. Sparks, 444 S.W.2d 901. (Ky. 1969).

The General Assembly has the power to provide that teachers with less qualification than a four-year degree shall receive only a minimum salary and the fact that the motive of such a provision might be to make teaching so economically unattractive as to discourage the less-qualified teachers from continuing in service does not make the provision unfair. Gullett v. Sparks, 444 S.W.2d 901 (Ky. 1969).

Where teachers in one (1) school district earned credits toward salary increases on different basis from teachers in second district, salary plan established pursuant to KRS 157.310 to 157.440 after merging of two (2) districts, which granted teachers from each district the credits under former salary plans, was reasonable and was not discriminatory. Ambs v. Board of Educ., 570 S.W.2d 638 (Ky. Ct. App. 1978).

Notwithstanding any other statute to the contrary, a local board of education shall provide a public school teacher who has attained certification from the National Board for Professional Teaching Standards as of July 1, 2000, or thereafter with an annual national board certification salary supplement of two thousand dollars ($2,000) for the life of the certificate. The supplement shall be added to the teacher’s base salary on the local board’s single salary schedule and shall be considered in the calculation for contributions to the Kentucky Teachers’ Retirement System. If a nationally certified teacher becomes no longer employed as a classroom teacher or a teacher mentor in the field of his or her national certification, the supplement shall cease. A local board of education shall request reimbursement for these purposes from the fund to support education excellence described in KRS 157.330. (Enact. Acts 2000, ch. 257, § 5, effective July 14, 2000.)

157.400. Procedure for determining amount distributable to each district from foundation program fund. [Repealed.]

Compiler’s Notes. This section (Acts 1976, ch. 93, § 29; 1976, ch. 93, § 15) was repealed by Acts 1978, ch. 133, § 9, effective June 17, 1978.

157.410. Payments of funds to districts.
For each school year the Finance and Administration Cabinet, on the certification of the chief state school officer, shall draw warrants on the State Treasurer for the amount of the public school fund due each district. Checks shall be issued by the State Treasurer and transmitted to the Department of Education or electronically transferred for distribution to the proper officials of the school districts when the districts have fully complied with the school laws and administrative regulations of the Kentucky Board of Education. The chief state school officer shall determine on or before August 15 of each year the tentative allotment of school funds to which each district is entitled under the provisions of KRS 157.310 to 157.440. On July 1, August 1, and September 1, of each fiscal year, one-
twelfth ($\frac{1}{12}$) of the prior year’s allotment minus the capital outlay shall be paid each school district. On the first of each month thereafter until the final calculation is completed, one-twelfth ($\frac{1}{12}$) of each district’s share of the tentative calculation minus capital outlay shall be distributed. On or before May 1 of each year the chief state school officer shall determine the exact amount of the public common school fund to which each district is entitled and the remainder of the amount due each district for the year shall be distributed in equal installments beginning the first month after completion of final calculation and for each successive month thereafter.

Withholding funds, 702 KAR 3:045.

Public school funds made available to the credit of each district during any year shall be received, held, and expended by the district board, subject to the provisions of law and administrative regulations of the Kentucky Board of Education. The following restrictions shall govern the expenditure of funds from the public school fund:

(1) The salary paid any rank of teachers shall be at least equivalent to the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days for full-time service during the regular school year.

(2) Beginning with the 2004-2006 biennium, the Kentucky Board of Education shall not approve any working budget or salary schedule for local boards of education for any school year unless the one hundred eighty-five (185) day salary schedule for certified staff has been adjusted over the previous year’s salary schedule by a percentage increase at least equal to the cost-of-living adjustment that is provided state government workers under the biennial budget. The base funding level in the program for support education excellence in Kentucky as defined in KRS 157.320 shall be increased by the statewide dollar value of the annual required cost-of-living percentage adjustment that shall be estimated on the sum of the previous year’s state-wide teachers’ salaries.

(3) A district that compensates its teachers or employees for unused sick leave at the time of retirement, pursuant to KRS 161.155, may create an escrow account to maintain the amount of funds necessary to pay teachers or employees who qualify for receipt of the benefit. The fund is limited to not more than fifty percent (50%) of the maximum liability for the current year to be determined according to the number of staff employed by the district on September 15. Interest generated by the account shall be calculated as part of the total amount. The funds shall not be used for any purpose other than compensation for unused sick leave at the time of retirement and shall not be considered as part of the general fund balance in determining available local revenue for purposes of KRS 157.620.

(4) The per pupil capital outlay allotment for each district from the public school fund and from local sources shall be kept in a separate account and may be used by the district only for capital outlay projects approved by the chief state school officer in accordance with requirements of law, and based on a survey made in accordance with administrative regulations of the Kentucky Board of Education. These funds shall be used for the following capital outlay purposes:

(a) For direct payment of construction costs;
(b) For debt service on voted and funding bonds;
(c) For payment or lease-rental agreements under which the board eventually will acquire ownership of a school plant;
(d) For the retirement of any deficit resulting from overexpenditure for capital construction, if such deficit resulted from an emergency declared by the Kentucky Board of Education under KRS 160.550; and
(e) As a reserve fund for the above-named purposes, to be carried forward in ensuing budgets.

(5) The district may contribute capital outlay funds for energy conservation measures under guaranteed energy savings contracts pursuant to KRS 45A.345, 45A.352, and 45A.353. Use of these funds, provided in KRS 45A.353, 56.774, and 58.600, shall be based on the following:

(a) The energy conservation measures shall include facility alteration;
(b) The energy conservation measures shall be identified in the district’s approved facility plan;
(c) The current facility systems are consuming excess maintenance and operating costs;
(d) The savings generated by the energy conservation measures are guaranteed;
(e) The capital outlay funds contributed to the energy conservation measures shall be defined as capital cost avoidance as provided in KRS 45A.345(2) and shall be subject to the restrictions on usage as specified in KRS 45A.352(9); and
(f) The equipment that is replaced shall have exceeded its useful life as determined by a life-cycle cost analysis.

(6) If any district has a special levy for capital outlay or debt service that is equal to the capital outlay allotment or a proportionate fraction thereof, and spends the proceeds of that levy for the above-named purposes, the chief state school officer under administrative regulations of the Kentucky
Board of Education, may authorize the district to use all or a proportionate fraction of its capital outlay allotment for current expenses. However, a district which uses capital outlay funds for current expenses shall not be eligible to participate in the School Facilities Construction Commission funds.

(7) If a survey shows that a school district has no capital outlay needs as shown in paragraphs (a), (b), (c), and (d) of subsection (4) of this section, upon approval of the chief state school officer, these funds may be used for school plant maintenance, repair, insurance on buildings, replacement of equipment, purchase of school buses, and the purchase of modern technological equipment, including telecommunications hardware, televisions, computers, and other technological hardware to be utilized for educational purposes only.

(8) In surveying the schools, the Department of Education shall designate each school facility as a permanent, functional, or transitional center.

(a) “Permanent center” means a center which meets the program standards approved by the Kentucky Board of Education, is located so that students are not subjected to an excessive amount of time being transported to the site, and has established an attendance area which will maintain enrollment at capacity but will also avoid overcrowding.

(b) “Functional center” means a center which does not meet all the criteria established for a permanent facility, but is adequate to meet accreditation program standards to insure no substantial academic or building deficiency. The facility plan shall include additions and renovations necessary to meet current accreditation standards for which federal, state, and local funds may be used.

(c) “Transitional center” means a center which the local board of education has determined shall no longer be designated permanent or functional. The center shall be destined to be closed and shall not be eligible for new construction, additions, or major renovation. However, the board of education shall maintain any operating transitional center to provide a safe and healthy environment for students.

(9) If a local school board authorized elementary, middle, or secondary education classes in a facility of a historical settlement school on January 1, 1994, the board shall continue to use the facilities provided by the settlement school if the facilities meet health and safety standards for education facilities as required by administrative regulations. The local school board and the governing body of the settlement school shall enter into a cooperative agreement that delineates the role, responsibilities, and financial obligations for each party.

Although school board did not specifically refer to school as a possible “functional center”, it clearly considered all ramifications, under this section, of keeping school open; thus, decision to close school was not arbitrary. (1) (a) Notwithstanding any statutory provisions to the contrary, effective for school years beginning after July 1, 1990, the board of education of each school district may levy an equivalent tax rate as defined in subsection (9)(a) of KRS 160.470 which will produce up to fifteen percent (15%) of those revenues guaranteed by the program to support education excellence in Kentucky. The levy for the 1990-91 school year shall be made no later than October 1, 1989, and no later than October 1, 1990, for the 1991-92 school year, and by October 1 of each odd-numbered year thereafter. Effective with the 1990-91 school year, revenue generated by this levy shall be equalized at one hundred fifty percent (150%) of the statewide average per pupil assessment.

(b) To participate in the Facilities Support Program of Kentucky, the board of education of each school district shall commit at least an equivalent tax rate of five cents ($0.05) to debt service, new facilities, or major renovations of existing school facilities. The five cents ($0.05) shall be in addition to the thirty cents ($0.30) required by KRS 160.470(9) and any levy pursuant to paragraph (a) of this subsection. The levy shall be made no later than October 1 of each odd-numbered year. Eligibility for equalization funds for the biennium shall be based on the district funds committed to debt service on that date. The five cents ($0.05) shall be equalized at one hundred fifty percent (150%) of the statewide average per pupil assessment. The equalization funds shall be committed to debt service to the greatest extent possible, but any excess equalization funds not needed for debt service shall be deposited to a restricted building fund account. The funds may be escrowed for future debt service or used to address categorical priorities listed in the approved facilities plan pursuant to KRS 157.420.

(c) The board of education of each school district may contribute the levy equivalent tax rate of five cents ($0.05) and equalization funds for energy conservation measures under guaranteed energy savings contracts pursuant to KRS 45A.345, 45A.352, and 45A.353. Use of these funds, as provided under KRS 45A.353, 56.774, and 58.600 shall be based on the following guidelines:

1. Energy conservation measures shall include facility alteration;
2. Energy conservation measures shall be identified in the district's approved facility plan pursuant to KRS 157.420;
3. The current facility systems are consuming excess maintenance and operating costs;
4. The savings generated by the energy conservation measures are guaranteed;
5. The levy equivalent tax rate of five cents ($0.05) and equalization funds contributed to the energy conservation measures shall be defined as capital cost avoidance as provided in KRS 45A.345(2) and shall be subject to the restrictions on usage as specified in KRS 45A.352(9); and
6. The equipment that is replaced has exceeded its useful life as determined by a life cycle cost analysis.

(d) The rate levied by a district board of education under the provisions of this subsection shall not be subject to the public hearing provisions of KRS 160.470(7) or to the recall provisions of KRS 160.470(8).

(e) A school district which is at or above the equivalent tax rates permitted under the provisions of the Kentucky Education Reform Act of 1990, 1990 Ky. Acts ch. 476, shall not be required to levy an equivalent tax rate which is lower than the rate levied during the 1989-90 school year.

(2) (a) A district may exceed the maximum provided by subsection (1) of KRS 160.470 provided that, upon request of the board of education of the district, the county board of elections shall submit to the qualified voters of the district, in the manner of submitting and voting as prescribed in paragraph (b) of this subsection, the question whether a rate which would produce revenues in excess of the maximum provided by subsection (1) of KRS 160.470 shall be levied. The rate that may be levied under this section may produce revenue up to no more than thirty percent (30%) of the revenue guaranteed by the program to support education excellence in Kentucky plus the revenue produced by the tax authorized by this section. Revenue produced by this levy shall not be equalized with state funds. If a majority of those voting on the question favor the increased rate, the tax levying authority shall, when the next tax rate for the district is fixed, levy a rate not to exceed the rate authorized by the voters.

(b) The election shall be held not less than fifteen (15) or more than thirty (30) days from the time the request of the board is filed with the county clerk, and reasonable notice of the election shall be given. The election shall be conducted and carried out in the school district in all respects as required by the general election laws and shall be held by the same officers as required by the general election laws. The expense of the election shall be borne by the school district.

(3) For the 1966 tax year and for all subsequent years for levies which were approved prior to December 8, 1965, no district board of education shall levy a tax at a rate under the provisions of this section which exceeds the compensating tax rate as defined in KRS 132.010, except as provided in subsection (4) of this section and except that a rate which has been approved by the voters under this
section but which was not levied by the district board of education in 1965 may be levied after it has been reduced to the compensating tax rate as defined in KRS 132.010, and except that in any school district where the rate levied in 1965 was less than the maximum rate which had been approved by the voters, the compensating tax rate shall be computed and may be levied as though the maximum approved rate had been levied in 1965 and the amount of revenue which would have been produced from such maximum levy had been derived therefrom.

(4) Notwithstanding the limitations contained in subsection (3) of this section, no tax rate shall be set lower than that necessary to provide such funds as are required to meet principal and interest payments on outstanding bonded indebtedness and payments of rentals in connection with any outstanding school revenue bonds issued under the provisions of KRS Chapter 162.

Opinions of Attorney General. A fiscal court may legally levy a tax at a figure above the $1.50 maximum set by KRS 160.475 when the figure is the amount necessary to provide the required local tax effort for participation in the Minimum Foundation Program by the local school district. OAG 65-600.

Former subsections (2) and (4) of KRS 160.470 relate to the basic general fund levy while former subsection (6) of KRS 160.477 (now repealed) and subsection (2) of this section limit special voted levies to the compensating tax rate. Accordingly, these statutes do not authorize an independent school district to apply a 10 percent increase to the special voted tax in effect in the district. OAG 67-300.

The maximum property tax levies for a merged school district for 1968-1969 are calculated as follows: (a) To the revenue that would be produced by applying the old city districts basic general fund levy for 1967-1968 to the assessment for that year add the revenue that would be produced by applying the old county (as it existed before the merger) district’s basic general fund levy for 1967-1968 to the assessment for that year. The sum of these figures is the total amount of ad valorem tax revenue in the computation of the maximum permissible ad valorem tax revenue under subsection (3) of KRS 160.470. The proper basic fund levy can be calculated from the combined revenue and combined assessment figures (with net growth treated separately as indicated by former subdivision (3)(b) of KRS 160.470); (b) The special voted general fund rate (KRS 157.440) should be calculated at the proper compensating tax rate under the formula establish in subdivision (6) of KRS 132.010 based on the 1965 revenue from this source and the 1966 assessment; (c) The special voted building fund rate (KRS 160.477 (now repealed)) should be calculated at the proper “compensating tax rate,” again using the formula appearing in subdivision (6) of KRS 132.010; (d) The overall tax rate can then be determined by adding the rates in (a), (b), and (c) above. OAG 68-343.

A county board of education cannot, under the authority of subsection (3) of this section, levy a tax sufficient to meet the principal and interest payments on an outstanding bond issue authorized by the voters under this section and incurred to finance the construction of a high school, if the bond and rental requirements can be met by the use of total school district tax revenue. OAG 70-302.

Inasmuch as the state is only liable for its share of the expense of a special school tax election if the election is paid for by the county, the state would not be authorized to pay any portion of the election cost where the expense is paid by a citizens’ educational advisory committee. OAG 76-214.

Even though the 1990 amendment to KRS 160.470 by Ch. 476, § 105 set a new maximum equivalent tax rate, since in subdivision (1)(c) of this section the 1990 amendment by Ch. 476, § 107 to that section provided that any school district, which is at or above the equivalent tax rate permitted, shall not be required to levy an equivalent tax rate which is lower than the rate levied during the 1989-90 school year, Jefferson County may keep its equivalent tax rate at 75.9 cents for the 1990-91 school year. OAG 90-45.

When levying a utilities gross receipts license tax for the purpose of complying with the minimum equivalent tax rate requirement set forth in KRS 160.470(12)(a) or for the purpose of participating in the “Tier 1” program set forth in this section, a school board must follow the notice and hearing requirements of KRS 160.593 and KRS 160.603, but the recall provisions of KRS 160.597 do not apply. OAG 90-88.

NOTES TO DECISIONS

Analysis

1. Submission to voters.
2. —Unrelated objective.
4. Listing of existing taxes.
5. Referendum not required.
6. Increase in building fund levy.
7. Voter recall election.
8. School funding.

1. Submission to Voters.

The Legislature in this section has taken recognition of the two (2) entirely separate and distinct tax rate limitations of KRS 157.380 (now repealed) and 160.475 and provided that the maximum levy under either statute may be exceeded only by a vote of the people. Holmes v. Walden, 394 S.W.2d 458 (Ky. 1965).

2. —Unrelated Objective.

Combining unrelated objectives in a single question is not necessarily improper or invalid and proposition presenting an essentially unified scheme, all parts of which were reasonably related afforded voter a free and fair choice in determining the merits of the proposal and two (2) separate questions as to whether taxpayer was for or against a combined tax authorization for public school purposes were proper as to form and substance. Hubert v. Board of Educ., 382 S.W.2d 389 (Ky. 1964).

With respect to the matter of fixing a specific rate this section makes it clear that only a maximum rate need be

4. Listing of Existing Taxes.
No law requires the listing on the ballot of existing taxes in the proposal for a new tax. Hubert v. Board of Educ., 382 S.W.2d 389 (Ky. 1964).

5. Referendum Not Required.
Although county voted tax rate was higher, referendum in former city school district was not necessary condition precedent to imposition of uniform tax rate throughout county-school merged school district since the situation of the residents of the former city school district is analogous to that of property owners who automatically become liable for a voted indebtedness of a city upon annexation of their property. Board of Educ. v. Harville, 416 S.W.2d 730 (Ky. 1967).

6. Increase in Building Fund Levy.
Where voted building fund levy of school district had always been insufficient to meet rental payments required for the payment of revenue bonds so that part thereof had been paid from the general fund levy, the addition of subsection (7) to KRS 160.477 (now repealed) in a 1965 "rollback" act did not authorize an increase in building fund levy over the compensating rate as defined in KRS 132.010 to pay all of such rentals since subsection (3) of this section and 160.477(7) simply restate and reaffirm the proposition that bond and rental payments must come out of the building fund levy, or out of the extra voted general fund levy or out of the basic general fund levy. Fayette County Bd. of Educ. v. White, 410 S.W.2d 612 (Ky. 1966).

7. Voter Recall Election.
County board of education's levy of a utility gross receipts licenses tax, designed to produce additional revenue up to 15% of the base funding level, was subject to statutory recall election provisions. Board of Educ. v. Brooks, 824 S.W.2d 431 (Ky. Ct. App. 1992). The 1990 change in KRS 160.470(10) and (11) prevents voter recall of a property tax levy if the tax revenue is intended to provide mandatory minimum base funding or permissive Tier One funding, but under the previous funding scheme, the "notwithstanding" language of KRS 160.470 had no abrogative effect on voter recall of permissive utility taxes and the General Assembly preserved this right in the funding scheme. Board of Educ. v. Brooks, 824 S.W.2d 431 (Ky. Ct. App. 1992).

8. School Funding.
The present school funding statutes permit local boards of education to raise funds through property taxes and permissive taxes such as the utilities tax; base funding and Tier One funding can be produced by a property tax not subject to voter recall and this nonrecallable option enables boards of education to fund schools without relying on permissive taxes; the General Assembly has supplied a mechanism to satisfy base funding, as well as Tier One funding according to the mandate of Section 183 of the Kentucky Constitution; and that is all that Rose v. Council for Better Educ., Inc., 790 S.W.2d 186 (Ky. 1989) requires. Board of Educ. v. Brooks, 824 S.W.2d 431 (Ky. Ct. App. 1992).

SCHOOL FACILITIES CONSTRUCTION COMMISSION

157.611. School Facilities Construction Commission — Legislative intent.

(1) By establishing the School Facilities Construction Commission, the General Assembly expresses its commitment to help local districts meet the school construction needs and the education technology needs of the state in a manner which will insure an equitable distribution of funds based on unmet facilities need and the total implementation of the Kentucky Education Technology System.

(2) The commission is empowered to act on behalf of school districts to issue bonds in the name of the commission and to enter into lease agreements with local boards of education to finance construction of new facilities, major renovation of existing school facilities. The commission is also empowered to enter into agreements which may provide for a percentage discount, on a biennially renewable basis, of annual lease agreements due the commission for those districts which participate. The commission is also empowered to enter into lease agreements with the Department of Education to build state-owned facilities operated by the Department of Education or to purchase or lease education technology equipment and related software identified in the technology master plan for those facilities or the Department of Education.
The commission shall assist local school boards meet their education technology needs by distributing state funds appropriated for this purpose and by assisting school boards to design efficient finance plans for the bonding, purchase or lease of education technology equipment and related software identified in the technology master plan.

The commission shall administer two (2) separate programs: the school construction funding program and the education technology funding program. Funds appropriated for each program shall be maintained, administered, and audited separately.

Nothing in KRS 157.611 to 157.640 shall prohibit a school district from issuing bonds in accordance with KRS Chapter 162.

Opinions of Attorney General. The Kentucky School Facilities Construction Commission Act, KRS 157.611 to 157.640, does not give the Commission unilateral power to choose whether that Act or KRS 162.120 to 162.300 will be used to finance school building construction. OAG 86-50.

The Kentucky School Facilities Construction Commission can enter into participation agreements with local school districts providing for the payment of debt service on bonds issued by local issuing agencies without the necessity of taking title and leasing school projects to local districts. OAG 86-50.

Construction projects for which the School Facilities Construction Commission may provide assistance are those listed on the school facilities plans of eligible school districts approved as of June 30 of the year preceding the session of the General Assembly at which funding for the projects is provided through the appropriation of funds for the payment of debt service on the Commission's bonds. As a result, offers of assistance made by the Commission under the applicable statutes are, by statutory necessity, specific as to projects, and the Commission does not have the authority to allow a school district to expend funds available to the district under the original offer of assistance for a project which was not on the approved facility plan as of June 30 of the year preceding the biennium in which funding is approved, but which has since been added to a duly approved facility plan. OAG 87-46.

As used in KRS 157.611 to 157.640, unless the context requires otherwise:

(1) “Available local revenue” means the sum of the school building fund account balance; the bonding potential of the capital outlay and building funds; and the capital outlay fund account balance on June 30 of odd-numbered years. (3) “Bonds” or “bonds of the commission” means bonds issued by the commission, or issued by a city, county, or other agency or instrumentality of the Board of Education, in accordance with KRS Chapter 162, payable as to principal and interest from rentals received from a board of education or from the department pursuant to a lease or from contributions from the commission, and constitute municipal bonds exempt from taxation under the Constitution of the Commonwealth;

(4) “Department” means the State Department of Education;

(5) “District technology plan” means the plan developed by the local district and the Department of Education and approved by the Kentucky Board of Education upon the recommendation of the Council for Education Technology;

(11) “Project” means a defined item of need to construct new facilities or to provide major renovation of existing facilities which is identified on the priority schedule of the approved school facilities plan;

(12) “School facilities plan” means the plan developed pursuant to the survey specified by KRS 157.420 and by administrative regulations of the Kentucky Board of Education;

(13) “Technology master plan” means the long-range plan for the implementation of the Kentucky Education Technology System as developed by the Council for Education Technology and approved by the Kentucky Board of Education and the Legislative Research Commission;

(14) “Unmet facilities need” means the total cost of new construction and major renovation needs as shown by the approved school facilities plan less any available local revenue;

(15) “Unmet technology need” means the total cost of technology need as shown by the approved technology plan of the local district; and

(16) “Eligible district” means any local school district having an unmet facilities need, as defined in this section, in excess of one hundred thousand dollars.

(1) An independent corporate agency and instrumentality of the Commonwealth is hereby created and established with all the general corporate powers incidental thereto. The corporation shall be known as “The School Facilities Construction Commission” and shall be endowed with perpetual succession and with the power to contract and to be contracted with, to sue and be sued, to have and to use a corporate seal, to adopt bylaws and regulations, subject to the provisions of KRS Chapter 13A, for the orderly conduct of its affairs.

(2) The commission shall consist of the secretary of the Finance and Administration Cabinet and eight (8) members appointed by the Governor. The members shall possess a knowledge of long-term debt financing or school facility planning and construction. Appointment shall become effective on January 1 and end on December 31, except the initial appointments shall become effective when made by the Governor. Members shall serve staggered six (6) year terms, except when making the initial appointments three (3) members shall be appointed for six (6) year terms, three (3) members shall be appointed for four (4) year terms, and two (2) members shall be appointed for two (2) year terms. The Governor shall appoint a chairman and vice chairman for the first year; thereafter a chairman and vice chairman shall be elected annually by the membership. The commission may elect other officers it considers necessary and shall employ a director and staff necessary to manage the program.

(3) If any of the officers of the commission whose signatures or facsimiles thereof appear on any bonds of the commission, or on any other instruments or documents pertaining to the functions of the commission, shall cease to be such officers before delivery of the bonds, or before the effective date or occasion of such instruments or documents, the signatures, and facsimiles thereof, shall nevertheless be valid for all purposes the same as if the officers had remained in office until such delivery or effective date or occasion.

(4) Officers, employees, and agents of the commission having custody of money shall at all times be bonded to the maximum amount reasonably anticipated to be held at any one (1) time; and each bond shall have good corporate surety, provided by a surety company authorized to do business in the Commonwealth, to be approved in each instance by the commission. Premiums for such surety shall be paid from the budgeted funds of the commission.

(5) The commission shall at all times keep and maintain books of record and account reflecting accurately all its financial transactions. The commission shall be audited annually and shall submit a written report of its activities to the Governor. A copy of each report shall be filed with the Legislative Research Commission.

(6) Moneys received by the commission as rentals under any lease, and from the sale of bonds are declared not to be funds of the Commonwealth, but shall be corporate funds of the commission to be held, administered, invested, and disbursed as trust funds under the terms, provisions, pledges, covenants, and agreements set forth in its leases and bond resolutions and bonds.

(7) The commission and all of its transactions, activities, and proceedings in the authorization and issuance of its bonds, execution of leases, acceptance of conveyances of property, transaction of conveyances of property, and otherwise, shall be exempt from all provisions relating to custodianship by the Secretary of State of title documents, leases, abstracts of title, maps, and other records as provided in KRS 56.020 and 56.320. Conveyances of property to or by the commission shall not be deemed to be conveyances to or by the Commonwealth, and title to any property acquired by the commission shall be held by the commission in its own name.

(8) The Finance and Administration Cabinet shall provide technical assistance to the commission in the issuance of bonds.

157.620. School district participation requirements.

(1) To participate in the school construction funding program, the district must have unmet needs as defined by KRS 157.615 and must meet the following eligibility criteria:

(a) Commit at least an equivalent tax rate of five cents ($0.05) to debt service, new facilities, or major renovations of existing school facilities as defined by KRS 157.440. A district that levies the five cents ($0.05) and has not ac-
cepted an official offer of assistance from the School Facilities Construction Commission, made pursuant to KRS 157.611, may use receipts from the levy for other purposes as determined by the district board of education.

(b) On July 1 of odd-numbered years, the district board of education shall restrict all available local revenue, as defined by KRS 157.615, for school building construction, to be utilized in accordance with the priorities determined by the most current school facilities plan approved by the Kentucky Board of Education.

(2) Interest earned on restricted funds required by this section shall become a part of the restricted funds.

(3) Funds restricted by the requirements of this section may be used by the district for projects or a portion thereof as listed in priority order on the approved school facilities plan prior to receiving state funds. Any local school district which is not an eligible district may be permitted, upon written application to the Department of Education, to transfer funds restricted by KRS 157.611 to 157.640 for other school purposes.

(4) Not later than October 15 of the year immediately preceding an even-numbered year regular session of the General Assembly, the Kentucky Board of Education shall submit a statement to the School Facilities Construction Commission certifying the following in each district:

(a) The amount of school facility construction needs in each district; 
(b) The amount of available local revenue in each district; and 
(c) That the district has or has not met the eligibility criteria established by subsection (1) of this section.

(5) Construction needs shall be those needs specified in the school facilities plan approved by the Kentucky Board of Education as of June 30 of the year preceding an even-numbered year regular session of the General Assembly.

Legislative Research Commission Note. (6/21/2001). This section was amended by 2001 Ky. Acts chs. 58 and 165, which do not appear to be in conflict and have been codified together.

Compiler’s Notes. Section 43 of Acts 1985 (Ex. Sess.), ch. 10 read: "Whereas, there are critical school building needs in the state and the fiscal year end school district revenue of 1985-86 is necessary to expedite the implementation of the school facilities construction commission, an emergency is declared to exist and Section 29 of the Senate Committee Substitute of House Bill 6 shall become effective upon its passage and approval by the Governor."

Opinions of Attorney General. Construction projects for which the School Facilities Construction Commission may provide assistance are those listed on the school facilities plans of eligible school districts approved as of June 30 of the year preceding the session of the General Assembly at which funding for the projects is provided through the appropriation of funds for the payment of debt service on the Commission’s bonds. As a result, offers of assistance made by the Commission under the applicable statutes are, by statutory necessity, specific as to projects, and the Commission does not have the authority to allow a school district to expend funds available to the district under the original offer of assistance for a project which was not on the approved facility plan as of June 30 of the year preceding the biennium in which funding is approved, but which has since been added to a duly approved facility plan. OAG 87-46.

The plain language of this section permits the county prospectively to commit 5¢ of the 36.2¢ equivalent tax rate now in effect for debt service, new facilities or major renovations of existing school facilities in order to qualify to participate in the school construction funding program, regardless of the fact that in the past the district may not have had a duly approved building tax. OAG 90-80.

This section permits any district which has a current levy exceeding both the required 30¢ and the 5¢ tax, not to levy an additional tax. OAG 90-80.

157.621. Additional tax levy for debt service and new facilities in school districts with student population growth — Criteria — Expiration of section.

(1) Local school districts that have experienced student population growth during a five (5) year period may levy a five cents ($0.05) tax for debt service and new facilities in addition to the five cents ($0.05) levied under the school construction funding program provided in KRS 157.620. The tax rate levied by the district under this provision shall not be subject to a recall vote as provided in KRS 160.470(8) and shall not be equalized by state funding.

(2) A local school district shall meet the following criteria in order to levy the tax provided in subsection (1) of this section:

(a) Growth of at least one hundred fifty (150) students in average daily attendance and three percent (3%) overall growth for the five (5) preceding years;

(b) Bonded debt to the maximum capability of at least eighty percent (80%) of capital outlay from the Support Education Excellence in Kentucky funding program, all revenue from the local facility tax, and all receipts from state equalization on the local facility tax;

(c) Current student enrollment in excess of available classroom space; and

(d) A local school facility plan that has been approved by the Kentucky Board of Education and certified to the School Facilities Construction Commission.
(3) When the state appropriations amount to the total cost of equalizing the five cents ($0.05) at the rate prescribed in KRS 157.620, as evidenced in the biennial budget and the budget memorandum, the provisions of this section shall expire.

Cross-References. School district tax rate formulas, 702 KAR 3:275.

157.622. Assistance to school districts — Priority order of needs — Exception — Reallocation of funds — Disposition of bond savings and refinancing savings.

The School Facilities Construction Commission shall be governed by the following procedures in providing assistance to school districts for construction purposes:

(1) Upon receipt of the certified statements from the Kentucky Board of Education as required by KRS 157.620, the commission shall compute the unmet needs of all eligible districts as defined by KRS 157.615;

(2) Assistance to each eligible district shall be determined by computing the ratio of the available state funding to total unmet need statewide. Based on the computed ratio, an equivalent percentage of each eligible district’s unmet need will be funded;

(3) Each eligible district which has otherwise complied with the provisions of KRS 157.615 and 157.620 shall be offered sufficient funding to finance construction of the portion of its unmet need computed by applying the ratio determined in subsection (2) of this section to the total unmet need of the district. The funds shall be applied to the projects listed on the most current facility plan approved by the Kentucky Board of Education, and the funds shall be applied to projects in the priority order listed on the plan. Exceptions to the priority order of projects may be approved by the School Facilities Construction Commission when it is documented by the local board of education and approved by the Kentucky Board of Education upon the recommendation of the chief state school officer that the school district’s priority order of needs has changed. The exceptions shall not alter the amount of the offer of assistance;

(4) The commission shall promulgate administrative regulations whereby an eligible district which fails in any budget period to receive an allocation of state funds that is sufficient to fund the district’s priority project or portions thereof may accumulate credit, subject to the availability of funds, for its unused state allocation for a period not to exceed four (4) years. Accumulation and retention of credit is contingent upon the transfer of available local revenue to the restricted construction account by June 30 of each year;

(5) Except as provided in subsection (6) of this section, all unused state allocations accumulated according to the provisions of subsection (3) of this section shall be reallocated by the commission. The reallocation shall follow the process and intent as set forth in this section with eligible districts being those districts which contribute unused state allocations to the reallocation account. Any district which has an unused state allocation after funding its first priority project in a biennium is not eligible for consideration for additional funds from the reallocation account. Any funding received and utilized from the reallocation account by a district shall equally reduce the credit as set forth in this section; and

(6) Refinancing savings that have occurred since July 1, 1997, and subsequent savings to the commission generated over the life of a bond by the local district’s refinancing of the bond shall be dedicated to the district’s account by the commission. Any funds accumulated in this account shall be used toward the district’s next priority, but shall not be deducted from the district’s share of commission funds under subsection (3) of this section.

Legislative Research Commission Note. (6/21/2001). A reference to “subsection (7)” in subsection (5) of this statute has been changed in codification to “subsection (6)” under KRS 7.136(1)(e) and (h). In 2001 Ky. Acts ch. 165, sec. 3, the existing subsection (6) was renumbered as subsection (5), but an internal reference to that subsection in the existing language of this statute was overlooked.

Cross-References. Commission procedures, 750 KAR 1:010.

Opinions of Attorney General. The Kentucky School Facilities Construction Commission can enter into participation agreements with local school districts providing for the payment of debt service on bonds issued by local issuing agencies without the necessity of taking title and leasing school projects to local districts. OAG 86-50.

Construction projects for which the School Facilities Construction Commission may provide assistance are those listed on the school facilities plans of eligible school districts approved as of June 30 of the year preceding the session of the General Assembly at which funding for the projects is provided through the appropriation of funds for the payment of debt service on the Commission’s bonds. As a result, offers of assistance made by the Commission under the applicable statutes are, by statutory necessity, specific as to projects, and the Commission does not have the authority to allow a school district to expend funds available to the district under the original offer of assistance for a project which was not on the approved facility plan as of June 30 of the year preceding the biennium in which funding is approved, but which has since been added to a duly approved facility plan. OAG 87-46.

157.625. Issuance of bonds.

(1) Bonds of the commission shall be issued in the name of the commission, shall be designated “school building revenue bonds” or, if appropriate, “school building revenue refunding bonds,” and shall additionally be identified by the name of the board of education executing the lease. If the
commission shall issue more than one (1) series of bonds for the same lessee from time to time, each series, including the first or subsequent to the first, shall additionally be identified distinctly by alphabetical or chronological designation, by date of the bonds, or otherwise as the commission may determine.

(2) For the purpose of determining any limit prescribed by any law for investment of any public funds, or funds of banks, trust companies, insurance companies, building and loan associations, credit unions, pension and retirement funds, and fiduciaries, in obligations of a single obligor, bonds issued by the commission pursuant to KRS 157.615 to 157.640 shall not be deemed to be bonds or obligations of the same obligor except to the aggregate of all series of bonds involving leases of a single board of education.

(3) Bonds issued by the commission under the provisions of KRS 157.615 to 157.640 are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, trustees, and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of a similar nature may properly and legally invest funds, including capital in their control or belonging to them. The bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or other obligations of the Commonwealth is now or may hereafter be authorized by law.

(4) Nothing contained herein shall be construed to prohibit a board of education from electing to issue bonds on the local level through a city, county, or other agency and instrumentality of the board of education, and in such event the commission may enter into a participation agreement with the board of education implementing the commission's participation in the financing plan represented by the bonds. In the event of the issuance of bonds on the local level, the board of education may pledge and assign the commission's participation to the issuer to secure the bonds, and may contract with the issuer to permit the collection by the commission or the issuer of rentals due from the board of education under the lease in the event of a failure by the board of education to make the payments in a timely manner.

(5) To receive from the board of education, satisfactory evidence that sufficient funds have been transmitted to the commission or its agent, or will be so transmitted, in the event of the board's failure to pay debt service and administrative costs when due, as provided in the lease, to notify and request that the department withhold from the board of education a sufficient portion of any undisbursed funds then held or set aside or allocated to it, and to request that the department transfer the required amount thereof to the commission for the account of the board of education.

Opinions of Attorney General. The Kentucky School Facilities Construction Commission Act, KRS 157.611 to 157.640, does not give the Commission unilateral power to choose whether that Act or KRS 162.120 to 162.300 will be used to finance school building construction. OAG 86-50.

The Kentucky School Facilities Construction Commission can use a composite bond issue to provide funding for multiple school districts in one bond issue, but each district should be identified separately in the issue. OAG 86-50.

157.627. Requirements for issuance — Accounting procedure.
In connection with each bond issue of the commission as defined in KRS 157.615(3), it shall be the duty of the commission:
(1) To require the district board of education to insure the project to its full insurable value, or to the amount of the bonds outstanding from time to time, whichever is the less, against the hazards covered by the standard fire insurance policy with standard endorsement of "extended coverage," and to require that a copy of each policy be delivered to the commission for inspection and for its records;
(2) To require periodic accounting from all depositaries of funds, the same to be submitted on forms prepared and supplied by the commission;
(3) To furnish to the certified public accountant auditing the district, summary identification and description of each issue, and to request that the financial records of the board of education relating thereto be audited as a part of the annual audit of the board of education, and that a separate statement or report thereof be filed with the commission;
(4) To send to each board of education at least thirty (30) days before the due date of any rental payment a notice of the amount of rental to become due and the date thereof, and to require acknowledgment thereof; and
(5) To receive from the board of education, satisfactory evidence that sufficient funds have been transmitted to the commission or its agent, or will be so transmitted, in the event of the board's failure to pay debt service and administrative costs when due, as provided in the lease, to notify and request that the department withhold from the board of education a sufficient portion of any undisbursed funds then held or set aside or allocated to it, and to request that the department transfer the required amount thereof to the commission for the account of the board of education.

Opinions of Attorney General. A local school district may contract to allow funds held for the local district by the Kentucky Department of Education to be transferred as directed, assuming all statutory and constitutional requirements relative to the use of those funds, if any, have been met. OAG 87-22.

157.628. Reimbursement for bonds previously issued.
(1) A school district which has issued revenue bonds according to the provisions of KRS Chapter 162 shall be eligible to participate in a reimbursement schedule if all of the following conditions are met:
(a) The district met all criteria for first round financing except that the district had no unmet needs on its facility survey in effect at that time;
An amended facility survey, approved prior to June 30, 1986, is on file with the Department of Education; and

Revenue bonds were issued after January 1, 1986, and prior to January 1, 1987.

Annual reimbursement shall be provided for bond debt service equal to the amount to which the district would have been entitled if the facility survey had been updated prior to first round funding.

Of Education shall be the “publication area” of the board of education, and each subsequent annual accountant’s next ensuing annual audit of such bond issue of the district to audit the financial records relating to any identified and described bond issue of the Commission has made a commitment on a negotiated basis at a publicly advertised, competitive sale pursuant to this section. OAG 86-50.

Opinions of Attorney General. The Kentucky School Facilities Construction Commission must sell its bonds or the bonds of local issuing agencies issued on behalf of eligible school districts to which the Commission has made a commitment on a negotiated basis at a publicly advertised, competitive sale pursuant to this section.

Department to require audit. It shall be the duty of the department, upon written request of the commission:

(1) To cause the certified public accountant auditing the district to audit the financial records relating to any identified and described bond issue of the commission, as an incident to the certified public accountant’s next ensuing annual audit of such board of education, and each subsequent annual audit; and to provide a statement or report to the commission.

(2) Upon receiving a notification and request from the commission to ascertain whether the lease of the board of education has been renewed and is in force in accordance with its terms, and if the same is ascertained to be in force; to withhold from the board of education a sufficient portion of any undisbursed funds then held or set aside or allocated by the department for the board of education, and to comply with the terms of the notification and request of the commission for the account of said board of education.

Sale of bonds — Publication area. Bonds of the commission shall be sold in such form and in such manner as the commission deems appropriate in accordance with prevailing market conditions. If the bonds are sold on the basis of sealed bids or proposals, the “publication area,” as that term is used in KRS Chapter 424, shall not be deemed to be the area within which the office of the commission is situated, but shall be deemed to be the “publication area” of the board of education executing the lease. If the bonds are sold on the basis of sealed bids or proposals, the sale shall be publicly advertised by means of a notice conforming to the provisions of KRS 424.140, and the same shall be published at least one (1) time, at least seven (7) days in advance of the date set forth for opening bids, in a daily newspaper having bona fide general circulation throughout the Commonwealth. If such publication is made, it shall be sufficient for publication in the “publication area” to be made only one (1) time, at least seven (7) days in advance of the date set forth for the opening of bids. If a copy of the sale notice be delivered or transmitted in good faith to the qualified newspaper of the “publication area” in time for publication in an issue thereof published seven (7) days or more in advance of the date set forth for the opening of bids, and with direction for publication therein, any failure of such newspaper to make publication as directed shall not invalidate the sale of the bonds by the commission on the designated date, nor require postponement or cancellation thereof.

(1) The School Facilities Construction Commission is hereby authorized to issue revenue bonds for the purpose of financing projects authorized by the General Assembly based upon lease rental agreements with the Kentucky Department of Education for the purpose of:

(a) Acquiring sites and building vocational schools which are to be owned by the state and operated by the Department of Education;

(b) Constructing additions and extensions to the School for the Deaf and the School for the Blind which are owned by the state and operated by the Department of Education; and

(c) Building projects for vocational rehabilitation programs which are owned by the state and operated by the Department of Education.

(2) In exercising the authority in subsection (1) of this section, the commission will act under the applicable provisions of KRS Chapter 56.

Successor agency of Kentucky School Building Authority. The School Facilities Construction Commission is the successor agency of the Kentucky School Building Authority created by the 1978 Acts of the General Assembly Chapter 153. All powers, duties, obligations, and assets of the Kentucky School Building Authority, including an obligation for only those projects which have been approved for funding or partial funding as of July 1, 1985, and for which funds have been appropriated by the General Assembly as of June 30, 1986, are hereby transferred to the School Facilities Construction Commission. The commission is hereby empowered with all rights of successorship necessary to assure continuance of all legal and contractual functions and liabilities associated with the outstanding bonds issued in the name of the Kentucky School Building Authority and may refund such bonds previously issued in the name of the Kentucky School Building Authority.

Construction of certain sections relating to educational technology — Power of School Facilities Construction Commission. (1) By establishing the education technology funding program in the School Facilities Construction Commission.
(1) To participate in the education technology funding program, a local public school district shall have an unmet technology need described in its local district technology plan and approved by the Kentucky Board of Education pursuant to its technology master plan, and shall match equally the amount of funds offered by the School Facilities Construction Commission for this purpose each biennium, except as provided in subsection (2) of this section. Technology approved for the Kentucky Education Technology System and included in the local district technology plan, which was acquired prior to April 3, 1992, and for which the district has an outstanding financial obligation, shall qualify for commission funding. This provision shall not apply to any purchases or contracts made between April 3, 1992, and the first offers of assistance applied to projects in the priority order listed on this section with eligible districts being those districts which have the available local matching funds and have not completely implemented the Kentucky Education Technology System.

(2) For fiscal year 1992-93, funding shall be allotted to districts without an approved plan upon the recommendation of the Council for Education Technology to the State Board for Elementary and Secondary Education.

(3) If a local board of education determines that for any reason the district's approved technology plan is grossly inconsistent with the administrative regulations governing the development of the plan, the local board may certify, by official action, the reason for the inconsistency and may request that the Department of Education reevaluate the technology plan of the district. After review of the data, the chief state school officer may require a reevaluation and the approval of a new technology plan certified prior to an official offer from the School Facilities Construction Commission. If the chief state school officer elects to recommend the new technology plan to the Kentucky Board of Education, the board shall notify the School Facilities Construction Commission of any change required in the offer of assistance for the district.

Legislative Research Commission Note. (7/15/96). Notwithstanding 1996 Ky. Acts ch. 362, sec. 6, references to the State Board for Elementary and Secondary Education in subsections (1) and (2) of this statute have been left unchanged because those references are historical in nature.

157.660. Procedures for providing assistance for education technology.

The School Facilities Construction Commission shall be governed by the following procedures in making an offer of assistance to local public school districts for providing education technology:

(1) The base level of assistance to each eligible district shall be determined by dividing the total amount available for education technology by the total of the prior year's statewide average daily attendance of the eligible districts times the district's prior year's average daily attendance.

(2) The funds shall be applied to the projects listed in the district's technology plan, and the funds shall be reallocated by the commission. The reallocation provisions of subsection (1) of this section shall be reallocated by the commission. The reallocation shall follow the process and intent as set forth in this section with eligible districts being those districts which have the available local matching funds and have not completely implemented the Kentucky Education Technology System.

(3) The funds shall be applied to the projects listed in the district's technology plan, and the funds shall be reallocated by the commission. The reallocation provisions of subsection (1) of this section shall be reallocated by the commission. The reallocation shall follow the process and intent as set forth in this section with eligible districts being those districts which have the available local matching funds and have not completely implemented the Kentucky Education Technology System.

(1) To carry out the purpose of providing educational technology for the public system of education pursuant to KRS Chapter 156, the Kentucky edu-
tion technology trust fund is hereby established in the Finance and Administration Cabinet. Funds appropriated by the General Assembly in each biennial budget for the purchase or lease of education technology for the public system of education shall be credited to the fund and invested until needed. All interest earned on money in the fund shall be retained in the fund for reinvestment.

(2) All funds appropriated for these purposes by the 1990 and 1992 Regular Sessions of the General Assembly and thereafter, and any interest generated by these funds, shall be transferred to the account on April 3, 1992. All money credited to the fund, including interest, shall be used only for education technology purposes as defined by the Kentucky Board of Education’s technology master plan and shall not lapse, but shall be carried forward in the next biennial budget. The purposes expressed in this section shall be deemed to be the purposes for which any budgetary appropriation for educational technology shall have been made.

(3) Funds shall be transferred to the local school districts upon certification of the School Facilities Construction Commission that the district has met the criteria for assistance. All other expenditures shall require the approval of the Kentucky Board of Education.

ENVIRONMENTAL EDUCATION

157.900. Statement of legislative purpose. The General Assembly hereby declares that maintaining a clean and healthy environment is a state priority and is the individual and collective responsibility of all citizens of Kentucky. It is therefore in the public interest that a comprehensive environmental education initiative be undertaken to promote an informed and knowledgeable citizenry with the skills and attributes necessary to effectively and constructively solve existing environmental problems, prevent new ones, and maintain a balanced and economically healthy environment for future generations. (Enact. Acts 1990, ch. 408, § 1, effective July 13, 1990.)

157.905. Definitions. As used in KRS 157.900 to 157.915:

(1) “Environmental education” means an education process dealing with the interrelationships among the natural world and its man-made surroundings; is experience-based; interdisciplinary in its approach; and is a continuous life-long process that provides the citizenry with the basic knowledge and skills necessary to individually and collectively encourage positive actions for achieving and maintaining a sustainable balance between man and the environment.

(1) There is hereby established the Kentucky Environmental Education Council, referred to hereafter
as the council, to provide leadership and planning for environmental education for the population of Kentucky through the cooperative efforts of educators, government agencies, businesses, and public interests. The council shall be an independent agency and be attached to the Education, Arts, and Humanities Cabinet for administrative purposes.

(2) The nine (9) member council shall be appointed to four (4) year terms by the Governor and be composed of a balance of education, government, industry, and environmental interests. Members appointed by the Governor shall have the authority to carry out the provisions of KRS 157.900 to 157.915.

(1) The Kentucky Geographic Education Board is established to provide leadership and planning for geography education for the population of Kentucky through the efforts of elementary, secondary, and postsecondary educators, government agencies, and public interests. The board shall be an independent agency and be attached to the Education, Arts, and Humanities Cabinet for administrative purposes.

All money credited to the fund, including interest earned on money in the fund, shall be retained in the fund for reinvestment and used for geography education purposes as defined by the Kentucky Geographic Education Board.

2. Reflect the values of parents, teachers, and local communities; and

158.007. Definitions for chapter.

158.010. Uniform school system to be maintained — Variations.

1. A uniform system of common schools shall be maintained in Kentucky.
2. Local school districts may, with approval of local boards of education, provide special programs and services to one (1) or more areas of the district in contrast to other areas where the variation is a reasonable one based on an attempt to equalize the education progress of the students within the district.

Legislative Research Commission Note. 1988 Acts, chapter 172, § 1, provides that each public elementary and secondary school classroom in the Commonwealth of Kentucky prominently display a copy of the Bill of Rights, embodying the individual liberties safeguarded by the Constitution of the United States.

1. Control over common schools.

2. Equal and uniform educational opportunities.

1. Control over Common Schools.

Though the funds are raised by both general taxation by the Commonwealth and special taxation by local boards their expenditure is under the control of the State Board of Education and all public schools of the state, even in cities having unusual powers over their schools, are state institutions and members of the Board of Education are state officers and title to school property is in the Commonwealth and is held by the board in trust for the state. Board of Educ. v. Talbott, 286 Ky. 543, 151 S.W.2d 42 (1941).

Maintenance, management and control of public school system is strictly a governmental function provided by the Constitution or statutes enacted pursuant thereto and the Legislature in making such provisions may provide exclusive remedies for the infringement of any rights that may be perpetrated by any officer or officers in the maintenance of the project. Marshall v. White, 287 Ky. 290, 152 S.W.2d 945 (1941).

It is clear that the General Assembly intended that the state board should have control over the common schools with the power of removal of such board members who might be found guilty of specified charges as a means of maintaining a uniform school system. Gearhart v. Kentucky State Bd. of Educ., 355 S.W.2d 667 (Ky. 1962).

2. Equal and Uniform Educational Opportunities.

Operation of two (2) high schools in western part of county and none in eastern part without providing equal and uniform educational opportunities for those in the eastern half is clearly arbitrary, discriminatory, and in violation of this section and Const., § 183. Wooley v. Spalding, 293 S.W.2d 563 (Ky. 1956), aff’d, 365 S.W.2d 323 (Ky. 1962).

The fundamental mandate of the Constitution and the statutes of Kentucky is that there shall be equality and that all public schools shall be nonpartisan and nonsectarian. Wooley v. Spalding, 293 S.W.2d 563 (Ky. 1956), aff’d, 365 S.W.2d 323 (Ky. 1962).

158.030. “Common school” defined — Attendance at public school and primary school program.

“Common school” means an elementary or secondary school of the state supported in whole or in part by public taxation. No school shall be deemed a “common school” or receive support from public taxation unless the school is taught by a certified teacher for a minimum school term as defined by KRS 158.070 and every child residing in the district who satisfies the age requirements of this section has had the privilege of attending it. Provided, however, that any child who is six (6) years of age, or who may become six (6) years of age by October 1, shall attend public school or qualify for an exemption as provided by KRS 159.030. Any child who is five (5) years of age, or who may become five (5) years of age by October 1, may enter a primary school program, as defined in KRS 158.031.

Opinions of Attorney General. A board of education may enter into a tuition contract only with another common school as defined in this section. OAG 61-423.

Breckinridge Training School, state operated vocational schools, and Lincoln Institute are not “common schools” which term is synonymous with the phrase “approved public school” as used in KRS 158.130 (now repealed). OAG 61-423.

The phrase “approved public school” as used in KRS 158.130 (now repealed) is synonymous with the term “common school” as defined in this section. OAG 61-423.

It was the intent of the Legislature to make the last day of December the cutoff date for school admissions so that all children who are or who will become six (6) years of age by December 31 following the opening day of school, may enter school provided they do so within 30 calendar days of the beginning of the school year. OAG 61-507.

No ADA payments could be made to a school district where a child was allowed to enroll in the first grade who did not meet the age requirements. OAG 63-22.

Unless he met the statutory age requirements of Kentucky a child could not be enrolled in the first grade of the common schools of Kentucky even though he had previously been attending first grade in another state. OAG 63-22.
In order for a local school board to have a legal right to spend foundation program funds or revenue raised by local taxation for adults over 21 years of age the program would have to be part of the common school program. OAG 65-410. Local school boards have a legal right to spend foundation program funds or revenue raised by local taxation for adults over 21 years of age. OAG 65-410.

A child living with its guardian within the county school district would be “residing” in the district within the meaning of the statutes and would be eligible to attend the county schools without the payment of tuition. OAG 66-550.

A county board of education has legal authority to refuse the admission of nonresident children to its schools, but the board would be prohibited from arbitrarily extending school attendance privileges to some nonresident children while denying the same privilege to others. OAG 66-550.

While this section extends the right of school attendance to children six (6) years of age, that right must be exercised within 30 calendar days of the opening of school, and a child who was six (6) years of age in October and who applied for admission to a Kentucky school more than 30 days after the opening of school was not eligible for enrollment since his attendance at kindergarten in Indiana did not constitute an enrollment in regular school classes. OAG 67-102.

So long as a child remains in bona fide residence in the Bellewood Presbyterian Home the child has the privilege of attending schools in the school district in which the home is situated. OAG 68-126.

A child who resides within the geographical boundaries of the school district is not removed therefrom by the mere fact that control over the property in which the child resides has been ceded to the federal government by the Commonwealth, and, under this section, the child may attend the school of the district without payment of tuition. OAG 68-582.

A vocational school does not come within the statutory definition of a “common school” and a pupil attending a vocational school would not be attending a public common school and the district in which he resides cannot receive ADA credit. OAG 73-639.

If a properly accredited school of the state of Florida certifies the enrollment of a child as a first grade pupil, the public school in the district to which she moves in Kentucky should accept her as a first grade pupil. OAG 74-626.

Children who attend tuition-free school must attend the school in the district where they physically live. OAG 76-116. Inasmuch as common school funds may only be paid to common school districts, a county school board may not expend public common school funds to transport students attending a nonpublic model school. OAG 76-261.

A child placed by the Department for Human Resources in a foster home has a right to attend school in the district where the foster home is located, regardless of where the parents of the child reside. OAG 77-311.

A child is entitled to go to school, tuition free, in the school district in which the guardian is a resident. OAG 78-64.

A child who has reached his eighteenth birthday is entitled to attend school without payment of tuition in the school district in which he actually resides. OAG 78-64.

If a child who is not residing with his legal custodian is not residing in a particular school district primarily for school purposes, tuition generally would not be chargeable but the matter of free tuition must be decided by the school board on a case by case basis. OAG 78-64.

A school district is required to admit for enrollment, tuition free, a child living with the child's custodian declared by court order or other legal process who resides in the school district, irrespective of whether the court order is one for temporary custody or one for permanent custody. OAG 78-64.

Since KRS 157.200 et seq. and 20 U.S.C. § 1401 et seq. mandate equal educational opportunities for exceptional and nonexceptional children; a child with cerebral palsy who will be five (5) after September 1, but before December 31, must be given readiness testing for early kindergarten enrollment, which must be geared to the particular category of exceptionality and comparably equivalent for exceptional and nonexceptional children alike. OAG 79-254.

Since a child who is five (5) years of age by October 1 "may enter a public school kindergarten" under this section, there is no legal authority to support an argument that a six-year-old child can be required to complete kindergarten, irrespective of whether the child has participated in kindergarten before, or that the child can be required to repeat the year of kindergarten. In the opinion of the Kentucky kindergarten test, the child has not successfully completed the kindergarten program, accordingly, a child reaching the age of six (6) by October 1 is entitled to commence his or her school career in the first grade. OAG 81-287.

Although this section prohibits a school district from “promoting” a child in a kindergarten program into the first grade who has not met the statutory prescribed age of first grade entrance, the district would not be precluded from developing a program of instruction in the kindergarten class that would challenge the child's academic skills and abilities even if the program was equivalent to a first grade program. OAG 82-44.

KRS 158.090 (now repealed) authorizes a local school district to establish a kindergarten program to include children under five (5) but at least four (4) years of age; however, the cost of educating those four-year-old students would have to be totally borne by local school district because only those children meeting the kindergarten requirements set out in this section and the state board regulations can be counted for Minimum Foundation money purposes. OAG 82-44.

Where a child, who had been enrolled in the public school kindergarten program of another state, became five (5) years of age on November 30th, she would legally transfer into Kentucky public school kindergarten program, even though she did not meet the requirement of this section that she reach five (5) years of age by October 1st of that year, since the full faith and credit provisions of the United States Constitution, Art. 4, § 1, requires that the child's prior enrollment be recognized by Kentucky. OAG 82-44.

A child who is not old enough to attend a public school as a first grader may nevertheless enroll the following year in a public school as a second grader if the child has completed first grade in a nonpublic school. OAG 82-408.

A child who will not be six (6) years old by October 1, but who has attended a private kindergarten program may not be permitted to enroll in the first grade in a public common school. OAG 82-408.

Strict adherence to the age qualification provisions of this section is called for, absent a transfer-from-out-of-state situation. OAG 82-408.

The last sentence of this section is no longer subject to application; such sentence served only as a transition provision relative to what the law had been prior to 1980 amendment. That is, only for purposes of the 1980-1981 school year could a child who was not yet six (6) years old by October 1, but who would become six (6) years of age by December 31, 1980, and who had successfully completed kindergarten, public or private, still be permitted to enroll in the first grade. OAG 82-408.

Since there is no statute that regulates the entrance age for a child to attend a nonpublic school and one could not constitutionally be enacted due to the Kentucky Supreme Court’s view of Const., § 5 and the proscription against state regulation of nonpublic schools. OAG 82-408.

A kindergarten student may be retained in kindergarten if the parents and school officials feel such retention would be in the best interest of the child; absent parental consent, a child who is six (6) years old by October 1, is entitled to commence his school career in the first grade. OAG 83-106.
Since Kentucky school law lacks a requirement that a child must attend kindergarten, a school district could not require a child old enough to enroll in first grade to enroll in kindergarten; however, parents could hold their child back a year and initially enroll their child in the kindergarten program even though the child would qualify under this section to enter first grade. OAG 83-106.

The lead-in phrase of this section, which reads “Notwithstanding any statute to the contrary,” cannot be construed, by implication, to have lowered the compulsory attendance age range to five (5). OAG 85-55.

Both this section and KRS 158.100 must be considered as addressing and affecting only public common school districts. OAG 85-55.

Existing legislation does not require nonpublic schools in Kentucky to have kindergartens. OAG 85-55.

Where a child attends a nonpublic school kindergarten, so long as the child will be six (6) years old by October 1, the child would be eligible and entitled to enroll in the first grade in a public common school district. If the child would not be six (6) years old until after October 1, the child would be eligible to enroll only in a public school's kindergarten program rather than first grade, even though he has already been in kindergarten in a nonpublic school. OAG 85-55.

A child who is six (6) years old before October 1, but who has not attended any kindergarten, would have to be enrolled, as far as the public common schools are concerned, in a kindergarten program rather than a public school first grade. OAG 85-55.

Where a child attends no kindergarten program, either public or nonpublic, before July 1, 1986, but upon attaining six (6) years of age he enrolls in a nonpublic school first grade, and such child subsequently is presented for enrollment in a public common school for the second or a subsequent grade, the child would be entitled to so enroll subject to the usual application of the provisions of KRS 158.140. OAG 85-55.

The day of birth should no longer be counted when computing age for purposes of this section, and thus, a child whose birthday is October 2 does not actually become a year older until October 2, and as a result, he or she is not required to attend school in the year of becoming six (6), but instead is required to attend school the following year (withdrawing OAG 62-411). OAG 86-40.

The term “school” as used in KRS 218A.990 (now repealed), prohibiting trafficking in controlled substances near such a building, is not restricted to the definition of “common public school” in this section; therefore, it could include vocational/technical schools which have classroom instruction. OAG 88-73.

NOTES TO DECISIONS

ANALYSIS

1. Educational units not included.
2. Recreational training.
3. Residence of child.
4. Public school.

1. Educational Units Not Included.

“Common school” does not include a college. Pollitt v. Lewis, 269 Ky. 680, 108 S.W.2d 671 (1937).

Common schools as used in the Constitution mean “public” or “free” schools maintained by the state at public expense, as distinguished from any private, parochial or sectarian school. Sherrard v. Jefferson County Bd. of Educ., 294 Ky. 469, 171 S.W.2d 963 (1942).

2. Recreational Training.

The solution of the question of residence of a child for purpose of attending school is not to be found always in the site of the property for taxation, either generally or for school purposes, and where house in which child lived was more than half within the city, child resided in the city and could attend city schools without payment of tuition. Turner v. City Bd. of Educ., 313 Ky. 383, 231 S.W.2d 27 (1950).

4. Public School.

The term a “common school” is synonymous with “public” school. Fannin v. Williams, 655 S.W.2d 480 (Ky. 1983).

DECISIONS UNDER PRIOR LAW

ANALYSIS

1. Teachers.
2. Curriculum.

1. Teachers.

Common schools were schools actually taught by teachers legally qualified to teach in districts legally established and under the control of the trustees elected under those laws. Collins v. Henderson, 74 Ky. (11 Bush) 74 (1875).

2. Curriculum.

Teaching of higher branches of learning in a common school was not a violation of common school law. Newman v. Thompson, 9 Ky. L. Rptr. 199, 4 S.W. 341 (1887).

Common or public school, what is, within contemplation of constitutional or statutory provisions as to matriculation and tuition. 113 A.L.R. 721.

158.031. Primary school program — Authority for administrative regulations — Attributes — Part time attendance — Grouping — Reporting requirements.

(1) In this section, “primary school program” means that part of the elementary school program in which children are enrolled from the time they begin school until they are ready to enter the fourth grade. Notwithstanding any statute to the contrary, successful completion of the primary school program shall be a prerequisite for a child’s entrance into fourth grade.

(2) The Kentucky Board of Education shall establish, by administrative regulation, methods of verifying successful completion of the primary school program in carrying out the goals of education as described in KRS 158.6451.

(3) The primary program shall include the following critical attributes: developmentally appropriate educational practices; multiage and multiability classrooms; continuous progress; authentic assessment; qualitative reporting methods; professional teamwork; and positive parent involvement.

(4) Each school council or, if none exists, the school shall determine the organization of its ungraded primary program including the extent to which multiage groups are necessary to implement the critical attributes based on the critical attributes and meeting individual student needs.

(5) The implementation of the primary program may take into consideration the necessary arrangements required for students attending part-time
and will allow for grouping of students attending their first year of school when determined to be developmentally appropriate.

(6) Data shall be collected by each school district on the number of students, in each school having a primary program, who take five (5) years to complete the primary program. The data shall be reported in the annual performance report described in KRS 158.6453.

158.032. Flagging record of missing child — Procedure upon recovery — Documents required upon enrollment or transfer.

(1) Upon notification by the commissioner of education of a child's disappearance, any school in which the child is currently or was previously enrolled shall flag the record of the child so that when a copy of or information regarding the child's record is requested, the school shall be alerted that the record is that of a missing child. The school shall immediately report to local law enforcement or the Kentucky State Police any request concerning flagged records or any knowledge as to the whereabouts of any missing child.

(2) Upon notification by the commissioner of education of any missing child who has been recovered, the school shall remove the flag from the child's record.

(3) Upon enrollment of a student for the first time in any elementary or secondary school, the school shall notify in writing the person enrolling the student that within thirty (30) days the person shall provide either:

(a) A certified copy of the student’s birth certificate; or

(b) Other reliable proof of the student’s identity and age, and an affidavit of the inability to produce a copy of the birth certificate.

(4) Upon the failure of a person enrolling the student to comply with this section, the school shall notify the person in writing that unless he complies within ten (10) days the case shall be referred to the Kentucky State Police or local law enforcement officials for investigation. If compliance is not obtained within the ten (10) day period, the school shall so refer the case.

(5) Within fourteen (14) days after enrolling a transfer student, each elementary or secondary school shall request directly from the student’s previous school a certified copy of the student’s record. Any school receiving a request of a student's record which has been flagged as the record of a missing child shall not forward the student's record but shall instead notify local law enforcement or the Kentucky State Police.

158.035. Certificate of immunization. Except as provided in KRS 214.036, no child shall be eligible to enroll as a student in any public or private elementary or secondary school without first presenting a certificate from a medical or osteopathic physician licensed in any state. The certificate shall state that the child has been immunized against diphtheria, tetanus, poliomyelitis, rubella, and rubella in accordance with the provisions of this section and KRS 214.010, 214.020, 214.032 to 214.036, and 214.990 and the regulations of the secretary for health services. The governing body of private and public schools shall enforce the provisions of this section.

Cross-References. Penalty for violation of this section. KRS 214.990.

Opinions of Attorney General. This section requires local school authorities to refuse enrollment in school, whether initial enrollment in the school system or transfer into the school system, if a child has not been tested or immunized as required by law. OAG 76-256.

The county board of health is authorized to enforce the immunization requirements of this section and KRS 214.034 by entering an order under KRS 212.245 or proceeding directly against the parent, guardian or custodian of the child who fails to have him immunized by having a criminal complaint sworn out against the offender. OAG 78-24.

The July 18, 1979 amendment of 902 KAR 2:060 allowing pupils who have begun, but not completed, immunization to attend school for the limited period of time necessary for completion of the immunization schedule is not in conflict with this section, since the requirement is a certificate that the child has been immunized, not that the immunization schedule has been completed. OAG 79-420.

NOTES TO DECISIONS

1. Constitutionality.
Since the primary effect of the state immunization program was to improve and protect the health and well being of citizens, the exemption for members of a religious denomination, the teachings of which are opposed to medical immunization against disease, did not make this statute unconstitutional as being in violation of the establishment clause of the first amendment. Kleid v. Board of Educ., 406 F. Supp. 902 (W.D. Ky. 1976).

Power of municipal or school authorities to prescribe health measures as a condition of school attendance. 93 A.L.R. 1413.

158.036. Tuberculosis test requirements — Exception. [Repealed.]

158.037. Report of immunization results.
Each public or private elementary or secondary school shall report immunization results to its local health
department in accordance with regulations promulgated by the Cabinet for Health Services.

Legislative Research Commission Note. (7/15/98). This section was amended by 1998 Ky. Acts chs. 302 and 426 which do not appear to be in conflict and have been codified together.

158.040. Entering age. [Repealed.]

Compiler's Notes. This section (4363-4) was repealed by Acts 1946, ch. 155, § 2.

158.050. School year.
The school year shall begin on July 1 and end on June 30.

Cross-References. Fiscal year for school districts, KRS 160.450.

NOTES TO DECISIONS

Analysis

1. Nomination of employees.
2. Approval of employees.

1. Nomination of Employees.

This section contemplates that the superintendent of schools shall nominate teachers for the next school year at some time between April 1 and the beginning of the next school year on July 1, though the particular school may not open until a later date. (See KRS 160.380.) Beckham v. Kimbell, 282 Ky. 648, 139 S.W.2d 747 (1940).

Although the school year shall begin on July 1, the superintendent does not forfeit his right to make nominations of school employees by failing to make them by July 1 of each year and the county board of education has no right or authority to make appointments in the absence of nominations by the superintendent. (See KRS 160.380.) Smith v. Beverly, 314 Ky. 651, 236 S.W.2d 914 (1951).

2. Approval of Employees.

Since the school year begins on July 1, teachers must be chosen by that date, and the school board cannot refuse to act on recommendations submitted before that date, or postpone action until after that date. Cotton v. Stewart, 277 Ky. 706, 127 S.W.2d 149 (1939).

The board of education cannot divest a nominated teacher of his rights by postponing its approval of his nomination until after July 1 without legal cause. (See KRS 160.380.) Beckham v. Kimbell, 282 Ky. 648, 139 S.W.2d 747 (1940).

158.060. School month and school day — Duty-free lunch period — Nonteaching time for teachers.

(1) Twenty (20) school days, or days in which teachers are actually employed in the schoolroom, shall constitute a school month in the common schools.

(2) Each full-time teacher shall be provided with a duty-free lunch period each day during the regularly scheduled student lunch period. The duty-free lunch period shall be not less than the length of the lunch period specified in the school calendar approved by the chief state school officer. A full-time teacher may be assigned to lunch room duty during the regularly scheduled student lunch period only for an amount of time equal to the noninstructional time in excess of fifty-five (55) minutes included in the teacher's daily schedule. The calculation of noninstructional time shall not include the teacher's duty-free lunch period, the time teachers are required to be at school prior to the start of the student's instructional day, or the time teachers are required to remain at school after the students are dismissed.

(3) Except for children with disabilities and children attending the primary school program who may attend a program of less than six (6) hours per day under policy adopted by the local school district board of education and approved by the commissioner of education and children attending a school district where the local board has approved a schedule that provides at least the equivalent of six (6) hours of daily instruction during the school year, a minimum of six (6) hours of actual school work shall constitute a school day. Kindergarten programs may be operated for less than six (6) hours without state board approval. The Kentucky Board of Education, upon recommendation of the chief state school officer, shall develop and approve regulations governing make up by school districts of whole days missed due to emergencies, or partial days missed as a result of shortening regularly scheduled school days due to emergencies.

(4) Teachers shall be provided additional time for nonteaching activities. The nonteaching time shall be used to provide teachers opportunities for professional development activities as provided in KRS 156.095, instructional planning, school-based decision making as provided in KRS 160.345, curriculum development, and outreach activities involving their students' families and the community.

(5) Character education programs and activities shall be considered valuable and legitimate components of the actual school work constituting a school day under subsection (3) of this section.

Legislative Research Commission Note. (7/14/2000). This section was amended by 2000 Ky. Acts chs. 162 and 261,
158.065. Year-round school program — Legislative intent. [Repealed.]

158.070. School term — Professional development — Holidays and days closed — Continuing education for certain students — Breakfast program — Missed school days due to emergencies and service credit.

(1) The minimum school term shall be one hundred eighty-five (185) days, including no less than the equivalent of one hundred seventy-five (175) six (6) hour instructional days. A board of education may extend its term beyond the minimum term.

(2) The local board of education, upon recommendation of the local school district superintendent, shall adopt a school calendar for the upcoming school year that establishes the opening and closing dates of the school term, beginning and ending dates of each school month, instructional days, and days on which schools shall be dismissed. The local board may schedule days for breaks in the school calendar that shall not be counted as a part of the minimum school term.

(3) Any local board of education operating its schools on a year-round school program basis shall conform with administrative regulations promulgated and adopted by the Kentucky Board of Education upon the recommendation of the commissioner of education, which regulations must be in conformity with the following criteria:

(a) The year-round school program shall be operated on a fiscal year beginning July 1 and ending June 30;

(b) A pupil's required attendance in school shall be for at least the minimum instructional term; and

(c) No teacher shall be required to teach more than the minimum term during the school year.

(4) (a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of pupils pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.

(b) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.

1. A flexible schedule option shall be reflected in the school’s professional development

which do not appear to be in conflict and have been codified together.

Cross-References. Holidays, KRS ch. 2.

Pupil attendance, 702 KAR 7:125.

Opinions of Attorney General. Lunch periods could not be used to conduct religious classes if the district is utilizing portions of the lunch period to meet the six-hour school work requirement of this section. OAG 64-111.

The term “actual school work” as used in this section means instructional hours, either of purely academic classroom instruction or reasonably calculated to achieve general educational objectives within such standards for school instructional programs as have been approved by the State Board of Education pursuant to its power to prescribe curricula under KRS 156.070. OAG 70-222; OAG 78-344.

A proposed plan of a county school district to institute a pilot program of in-service training of teachers which would require the dismissing of pupils for one-half day each week would be in violation of KRS 158.070(2)(b) which requires a pupil’s attendance in school for a minimum term and this section which provides that six hours of actual classroom work shall constitute a school day. OAG 73-98.

Rural teachers who are required by the board to work a reasonably longer day than city teachers in the same district are not entitled to extra compensation solely on the basis of a longer working day. OAG 75-297.

Within the statutory limits of from six to nine hours, each school district may adopt its own schedule of classes and professional duties of its teachers and it is not required that the working day of all teachers in a district be the same length. OAG 75-297.

Neither a teacher who has taught three hours per day for 185 school days nor a teacher who has taught full time for 94 school days may be considered to have a year of actual service for tenure purposes. OAG 76-278.

School administrators may permit a study hall or activity period to be used by a student outside the school for a program of off-school-premises work since participation in such program would not be shortening of the school day but merely shortening the portion of the full regular school day which the child is in attendance in the school classroom. OAG 76-545.

While KRS 158.107 (repealed) did not prohibit the charging of a student to attend sports events, these sports events may not properly be held during any part of the regular school day.

Where the General Assembly failed to include a delayed effective date for the provisions regarding the teachers’ duty-free lunch period and class-size limitations in grades 1-8 contained in the education package enacted in the 1985 extraordinary session, the effective date of these provisions was October 18, 1985. However, given the restrictions of KRS 156.095 and 156.550(1), as well as the impracticalities of implementing on October 18, it was doubtful that any local school district could be expected to implement these programs on October 18. Therefore, except where otherwise expressly indicated in a particular provision, the education improvement programs which the local school districts have a duty to implement would have to be implemented by the local school districts beginning with the 1986-87 school year. OAG 85-132.

158.065. Year-round school program — Legislative intent. [Repealed.]
component within the school improvement plan or consolidated plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.

2. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher’s classroom assignment and content area, or the administrator’s job requirements, or is required by the school improvement or consolidated plan, or is tied to the teacher’s or the administrator’s individual growth plan. The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph. In the case of teachers, a professional development committee or the school council by council policy may be responsible for reviewing requests for approval.

(c) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.

(d) Each local board may use two (2) days for planning activities without the presence of pupils.

(e) Each local board may use the number of days deemed necessary for:
   1. National or state disaster or mourning when proclaimed by the President of the United States or the Governor of the Commonwealth of Kentucky;
   2. Local disaster which would endanger the health or safety of children; and
   3. Mourning when so designated by the local board of education and approved by the Kentucky Board of Education upon recommendation of the commissioner of education.

(5) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt administrative regulations governing the use of school days, including days missed from the regular school day as a result of local disaster, as defined in subsection (4)(e)2. of this section, and regulations setting forth the guidelines and procedures to be observed for the approval of the days utilized for the opening and closing of school and the days utilized for professional development and planning activities for the professional staff.

(6) (a) In setting the school calendar, school may be closed for two (2) consecutive days for the purpose of permitting professional school employees to attend statewide professional meetings. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or upon request of the statewide professional education association having the largest paid membership, the commissioner of education may designate alternate dates. If schools are scheduled to operate during days designated for the statewide professional meeting, the school district shall permit teachers who are delegates to attend as compensated professional leave time and shall employ substitute teachers in their absence. The commissioner of education shall designate one (1) additional day during the school year when schools shall be closed to permit professional school employees to participate in regional or district professional meetings. These three (3) days so designated for attendance at professional meetings shall not be counted as a part of the minimum school term. School shall be closed on the day of a regular election, and may be closed on the day of a primary election, and those days may be used for professional development activities, professional meetings, or parent-teacher conferences.

(b) All schools shall be closed on the third Monday of January in observance of the birthday of Martin Luther King, Jr. Districts may:
   1. Designate the day as one (1) of the four (4) holidays permitted under subsection (4)(c) of this section; or
   2. Not include the day in the minimum school term specified in subsection (1) of this section.

(7) Students applying for excused absence for attendance at the Kentucky State Fair shall be granted one (1) day of excused absence.

(8) Schools shall provide continuing education for those students who are determined to need additional time to achieve the outcomes defined in KRS 158.6451, and schools shall not be limited to the minimum school term in providing this education. Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The Kentucky Board of Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts and shall include criteria by which the commissioner of education may approve a district’s request for a waiver to use an alternative service delivery option, including providing services during the school day on a limited basis. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional time to achieve the outcomes defined in KRS 158.6451. A school district that has a school operating a model early reading program under KRS 158.792 may use a portion of its grant money as
part of the matching funds to provide individualized or small group reading instruction to qualified students outside of the regular classroom during the school day.

(9) Notwithstanding any other statute, each school term shall include no less than the equivalent of the minimum number of instructional days required by this section.

(10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection (1) of this section, a school district shall arrange bus schedules so that all buses arrive in sufficient time to provide breakfast prior to the instructional day. In the event of an unforeseen bus delay, the administrator of a school that participates in the Federal School Breakfast Program may authorize up to fifteen (15) minutes of the six (6) hour instructional day if necessary to provide the opportunity for children to eat breakfast not to exceed eight (8) times during the school year within a school building.

(11) Notwithstanding any other statute to the contrary, the following provisions shall apply to a school district that misses school days due to emergencies, including weather-related emergencies:

(a) A certified school employee shall be considered to have fulfilled the minimum one hundred eighty-five (185) day contract with a school district under KRS 157.350 and shall be given credit for the purpose of calculating service credit for retirement under KRS 161.500 for certified school personnel if:

1. State and local requirements under this section are met regarding the equivalent of the number and length of instructional days, professional development days, holidays, and days for planning activities without the presence of pupils; and

2. The provisions of the district's school calendar to make up school days missed due to any emergency, as approved by the Kentucky Department of Education, including but not limited to a provision for additional instructional time per day, are met.

(b) Additional time worked by a classified school employee shall be considered as equivalent time to be applied toward the employee's contract and calculation of service credit for classified employees under KRS 78.615 if:

1. The employee works for a school district with a school calendar approved by the Kentucky Department of Education that contains a provision that additional instructional time per day shall be used to make up full days missed due to an emergency;

2. The employee's contract requires a minimum six (6) hour work day; and

3. The employee's job responsibilities and work day are extended when the instructional time is extended for the purposes of making up time.

(c) Classified employees who are regularly scheduled to work less than six (6) hours per day and who do not have additional work responsibilities as a result of lengthened instructional days shall be excluded from the provisions of this subsection. These employees may be assigned additional work responsibilities to make up service credit under KRS 78.615 that would be lost due to lengthened instructional days.

Legislative Research Commission Note. (1/29/2002)
The words "upon request of the statewide professional education association having the" were inadvertently omitted from subsection (6)(a) of this section when it was amended by 2001 Ky. Acts ch. 134, sec. 1. These words have been restored to the section by the reviser of statutes under KRS 7.136 and 446.280.

Opinions of Attorney General. Under this section the school board must provide some form of alternative service to be performed by a teacher who does not wish to attend KEA meetings. OAG 60-374.

The approval of the State Department of Education is required in order to conduct a school on a continuous basis. OAG 67-277.

Since regulations provide days when schools are closed for mourning and disaster shall be counted as school days, a teacher who would have taught had school been conducted was entitled to compensation for those days. OAG 67-289.

If in a specific factual situation the only reasonably available access roads which may be utilized to provide transportation to a particular school or schools of the district are so impassable as to create a substantial risk of injury to the pupils who must use these roads, or if in a specific factual situation the only reasonably available access roads are being
used by overweight or oversized vehicles in such a manner as to create a hazard under the circumstances to the transportation of schoolchildren, the superintendent does have the power to declare an emergency day or days. OAG 70-568. The fact that a superintendent may declare an emergency day in a given factual situation carries with it the power to delay the opening of school, if transportation to the school would create a risk, until the hazardous condition can be rectified. OAG 70-568. 

The superintendent of the district is imposed with a positive responsibility to exercise the discretion vested by subsection (2) of this section in the best interests of the health and safety of the children attending the district schools. OAG 70-568.

The superintendent of the district school is vested with the discretion of making a factual determination as to whether conditions beyond the control of the superintendent are such as to endanger the safety of children attending the schools of the district. OAG 70-568.

A proposed plan of a county school district to institute a pilot program of in-service training of teachers which would require the dismissing of pupils for one-half (½) day each week would be in violation of subdivision (2)(b) of this section which requires a pupil's attendance in school for a minimum term and KRS 158.060 which provides that six (6) hours of actual classroom work shall constitute a school day. OAG 73-98.

This section leaves the matter of professional days to the discretion of the local board of education and if the superintendent and the board wish to grant a professional day privilege to a professional educators' organization, there is no reason why they may not do so. OAG 73-668.

A reduction in state appropriations to the minimum foundation fund for teachers' salaries, legal or illegal, could not be said to have reduced the number of days required for a minimum school term in the commonwealth's public common schools; the law still requires 185 days and that four (4) of these days be devoted to in-service training for public common school teachers and the elimination of state money for two (2) in-service days did not take the requirement for the two (2) days away. OAG 82-106.

Even though the contracts entered into between local boards and their teachers fail to reference the minimum 185 day school term, these contracts could not be construed to cover any period less than the 185 school days established by statute since all full-time teachers in the public common schools have, by operation of law, a contract that entitles them to be paid for 185 school days, four (4) of which are to be utilized as in-service and professional development and planning activities; accordingly, the teachers employed by the local school boards for the 1981-82 school year had a vested right to employment and salary for at least 185 school days and the possible reduction in state funds for teachers' salaries for two (2) mandated in-service days in no way could be used to divorce the local school districts from their preexisting obligation of contracts for a minimum school term of 185 days. OAG 82-106. (Refers to 1982 Budget.)

The present school laws, in light of the Kentucky Constitution, do not authorize or permit any state funded extended employment days to be used for vacation or holidays. OAG 82-356.

It is within the local prerogative of the local board to fairly establish the nature of professional activities for which it will be willing to incur expenses. OAG 83-228.

While there is a legal basis for the expenditure of school monies for professional activities, a school board is not mandated to approve the incurring of these expenses and costs for reimbursement from school funds. OAG 83-228.

Within reason, school boards are permitted to bear the direct and indirect expenses incurred by teachers and administrators who attend, after prior approval by the board, professional activities and functions; however, school boards are not legally permitted in exercising their discretion in approving attendance at sundry professional activities since Const., §§ 180 and 184 require that school funds may be used only for school purposes, the test being whether the expenditure is for an educational purpose rather than whether an activity might be beneficial to education. OAG 83-228.

It is legal for a board of education to pay salaries and/or expenses, including travel, lodging, and meals for school administrators to attend business sessions of their respective professional organizations, training and professional improvement meetings conducted by their professional organization and accreditation associations to which their schools or districts belong and/or lobbying activities conducted by their professional associations. OAG 83-228.

It is legal for a board of education to pay salaries and/or expenses, including travel, lodging, meals, and substitute teachers, for teachers to attend business sessions of their respective professional organizations, training and professional improvement meetings conducted by their professional organization, and/or lobbying activities conducted by their organization. OAG 83-228.

A teacher may take his or her sick leave days on any day of the school year upon compliance with the statutorily required presentation of a personal affidavit or certificate of a physician or as provided for by an appropriately adopted regulation of policy of a local board of education, and a teacher who uses accumulated sick leave to cover a period of absence is not required to use a sick leave day when the schools are already closed for a paid holiday, since the teacher is authorized by this section to be paid for such holidays without the payment being charged to accumulated sick leave. OAG 83-457.

Schools may offer, but not compel, students who have excessive unexcused absences, attendance in a summer program when attendance in a summer program will enable the students to achieve the appropriate goals. OAG 92-95.

There is no specific statute authorizing a board of education to require a student who has excessive absences to attend a summer program. OAG 92-95.

NOTES TO DECISIONS

1. **Snow Days.**

   Teachers were not entitled to unemployment benefits for days they missed due to snow, while the days were made up at a later date within the contract year and their incomes remained intact. Tackett v. Kentucky Unemployment Ins. Comm’n, 630 S.W.2d 76 (Ky. Ct. App. 1982).

2. **Veterans Day observance in public high schools.**

   All public high schools shall observe Veterans Day under this section.

   (1) On Veterans Day, or one (1) of the five (5) school days preceding Veterans Day, one (1) class period shall be devoted to the observance of Veterans Day.

   (2) Students shall assemble in one (1) or more groups, as decided by the school principal, to attend the Veterans Day program.

   (3) The program shall be approved by the principal and, at a minimum, shall consist of a teacher and a veteran speaking on the meaning of Veterans Day.

   (4) To develop a Veterans Day program, Kentucky public high schools are encouraged to seek advice from the Kentucky Department of Military Affairs and veterans' service organizations, including but not limited to the American Legion and the Veterans of Foreign Wars.

(Enact. Acts 2003, ch. 162 § 1, effective June 24, 2003.)
158.080. Private and parochial schools — Courses — Term.

Private and parochial schools shall be taught in the English language and shall offer instruction in the several branches of study required to be taught in the public schools of the state, consistent with KRS 156.445(3). Except in those school districts operating a year-round school program, the term of the school shall not be for a shorter period in each year than the term of the public school provided in the district in which the child attending the school resides. In those school districts which are operating a year-round school program, the minimum term of private and parochial schools shall be one hundred eighty-five (185) days.

NOTES TO DECISIONS

1. Constitutionality.
2. Rights of conscience.
3. Teachers.
4. —Certification.
5. Standardized achievement testing.

1. Constitutionality.

This section does not offend the Bill of Rights provided that the "several branches of study" are rationally related to the education of children to exercise their right of suffrage and to participate in the democratic system. Kentucky State Bd. for Elementary & Secondary Educ. v. Rudasill, 589 S.W.2d 877 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792 (1980).

2. Rights of Conscience.

While the state has an interest in the education of its citizens which could be furthered through compulsory education, the rights of conscience of those who desire education of their children in private and parochial schools should be protected. Kentucky State Bd. for Elementary & Secondary Educ. v. Rudasill, 589 S.W.2d 877 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792 (1980).

3. Teachers.

4. —Certification.

It cannot be said as an absolute that a teacher in a nonpublic school who is not certified under KRS 161.030(2) will be unable to instruct children to become intelligent citizens; certainly, the receipt of "a bachelor's degree from a standard college or university" is an indicator of the level of achievement, but it is not a sine qua non the absence of which establishes that private and parochial school teachers are unable to teach their students to intelligently exercise the elective franchise. Kentucky State Bd. for Elementary & Secondary Educ. v. Rudasill, 589 S.W.2d 877 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792 (1980).

5. Standardized Achievement Testing.

If the Legislature wishes to monitor the work of private and parochial schools in accomplishing the constitutional purposes of compulsory education, it may do so by an appropriate standardized achievement testing program, and if the results show that one or more private or parochial schools have failed to reasonably accomplish the constitutional purpose, the Commonwealth may then withdraw approval and seek to close them for they no longer fulfill the purpose of "schools." Kentucky State Bd. for Elementary & Secondary Educ. v. Rudasill, 589 S.W.2d 877 (Ky. 1979), cert. denied, 446 U.S. 938, 100 S. Ct. 2158, 64 L. Ed. 2d 792 (1980).

158.090. Kindergartens — Night schools. [Repealed.]

Compiler's Notes. This section (4399-50) was repealed by Acts 1990, ch. 476, Pt. VI, § 616, effective July 13, 1990.

158.100. Program required to be provided by school district — Additional programs permitted.

Notwithstanding any statute to the contrary, each school district shall provide an approved preschool school program through twelve (12) grade school service. An approved preschool school program through eight (8) grade school service shall be provided for the children residing in the district by maintaining schools. An approved high school service for all children of high school grade under twenty-one (21) years of age residing in the district shall be provided either by maintaining the schools within the district or by contract with another district. The board of education of any school district, subject to the approval of the chief state school officer, may establish night schools, industrial schools, and other schools for the residents of the district as it deems advisable.

Opinions of Attorney General. Local school boards have a legal right to spend foundation program funds or revenue raised by local taxation for adults over 21 years of age. OAG 66-410.

A child living with its guardian within the county school district would be "residing" in the district within the meaning of the statutes and would be eligible to attend the county schools without the payment of tuition. OAG 66-550.

A county board of education has legal authority to refuse the admission of nonresident children to its schools, but the board would be prohibited from arbitrarily extending school atten-
dance privileges to some nonresident children while denying the same privilege to others. OAG 66-550.

Where children residing on federal property attend schools operated and financed by the federal government, if the property in the federally-owned areas were subject to local ad valorem taxation by the school districts, and if the responsibility for educating children residing in these areas was transferred to the local school districts, then those resident children could properly and lawfully be included in the computation of state minimum foundation program fund allocations. OAG 68-50.

The duty of the school district to provide transportation under KRS 158.110 extends only to children of elementary grades who reside within its district. OAG 69-140.

A school district which grants nonresident pupils the privilege of attending its school for which tuition is charged, is not compelled to furnish transportation to such nonresident students. OAG 69-140.

The obligation of a local school district to provide an education to those children residing in the school district is not affected by the compulsory attendance laws since said laws affect those children wanting to get away from education in the schools, not those desiring to stay in school. OAG 77-116.

An unmarried girl under the age of 16, who has given birth to a child and is mothering that child, is not required to attend school, even though there is no delineated exemption under KRS 158.030; however, if the girl finds it necessary to remain out of school for several years, she is entitled to attend school later, up until she has received 12 years education or reached the age of 21. OAG 81-73.

Both KRS 158.030 and this section must be considered as addressing and affecting only public common school districts. OAG 85-55.

Existing legislation does not require nonpublic schools in Kentucky to have kindergartens. OAG 85-55.

Where a child attends a nonpublic school kindergarten, so long as the child will be six (6) years old by October 1, the child would be eligible and entitled to enroll in the first grade in a public common school district. If the child would not be six (6) years old until after October 1, the child would be eligible to enroll only in a public school's kindergarten program rather than first grade, even though he has already been in kindergarten in a nonpublic school. OAG 85-55.

A child who is six (6) years old before October 1, but who has not attended any kindergarten, would have to be enrolled, as far as the public common schools are concerned, in a kindergarten program rather than a public school first grade. OAG 85-55.

Where a child attends no kindergarten program, either public or nonpublic, before July 1, 1986, but upon attaining six (6) years of age he enrolls in a nonpublic school first grade, and such child subsequently is presented for enrollment in a public common school for the second or a subsequent grade, the child would be entitled to so enroll subject to the usual application of the provisions of KRS 158.140. OAG 85-55.

NOTES TO DECISIONS

Analysis

1. School grades.
2. Education facilities for all residents under twenty-one.
3. High school.
4. —Minimum students for maintaining.
5. —Contracts with another district.
6. —Attendance.
7. Uniform or equal facilities.
8. School taken over by city.

1. School Grades.

The county school board is not required to provide for the teaching of twelve (12) grades in each school in the district. Wilson v. Alspi, 256 Ky. 466, 76 S.W.2d 288 (1934).

A school board may maintain schools (1) in which only the elementary grades are taught, (2) in which only the four kindergarten grades are taught, (3) in which all twelve (12) grades are taught, (4) in which the first six (6) grades are taught, (5) junior high schools (seventh, eighth and ninth grades), (6) senior high schools (tenth, eleventh and twelfth grades), (7) or any combination of same, provided it does not act arbitrarily or abuse its discretion. Wilson v. Alspi, 256 Ky. 466, 76 S.W.2d 288 (1934).

2. Education Facilities for All Residents under Twenty-one.

This section mandatorily directs that each board of education shall provide public education facilities for residents of its district who are under twenty-one. Board of Educ. v. Bentley, 383 S.W.2d 677 (Ky. 1964).

3. High School.

4. —Minimum Students for Maintaining.

A rule of the state Superintendent of Public Instruction, approved by the State Board of Education to the effect that a minimum of 60 students is required for maintenance of a high school, was a valid administrative regulation carrying out the Legislature's intent in its enactment of the school code, and was not an invalid exercise of a legislative function. Dicken v. Kentucky State Bd. of Educ., 304 Ky. 343, 199 S.W.2d 977 (1947).

5. —Contracts with Another District.

The right to contract with another district to teach certain grades is conferred upon the county board of education and an independent school district is not authorized to make such contract. Board of Trustees v. State Bd. of Educ., 269 Ky. 253, 106 S.W.2d 985 (1937).

6. —Attendance.

Law repealing sections dealing with pupil attending the most convenient high school does not violate Const., § 51, and there is now no law requiring the county board of education to give a high school pupil the privilege of attending the most convenient high school. Stallins v. Caldwell County Bd. of Educ., 274 Ky. 824, 120 S.W.2d 656 (1938).

Even though it would be more economical and for the best interests of the high school pupils to attend high schools other than those maintained by the county board, whether they attend high schools other than those maintained by the county board and whether some of the high schools should be discontinued is a matter within the discretion of the board. Stallins v. Caldwell County Bd. of Educ., 274 Ky. 824, 120 S.W.2d 656 (1938).

7. Uniform or Equal Facilities.

The fact that a board of education provided only an eight-month school term for the colored school, while a nine-month term was provided for the white school, did not constitute a violation of Const., § 187, there being no allegation that the faculty, facilities or equipment of the colored school were unequal to that of the white school. Board of Educ. v. Ballard, 299 Ky. 370, 185 S.W.2d 538 (1945) (decision prior to 1966 amendment).

8. School Taken Over by City.

Where school building and grounds located in city of fifth class had been operated by county board of education as a school for colored children, prior to law requiring independent districts in such cities to provide school service for colored children, the county board of education was not entitled to any payment for the property upon its being taken over by the city under the 1936 act. Board of Educ. v. Board of Educ., 292 Ky. 281, 166 S.W.2d 295 (1942) (decision prior to 1966 amendment).
158.102. Requirements for library media center — Employment of librarian.

(1) The board of education for each local school district shall establish and maintain a library media center in every elementary and secondary school to promote information literacy and technology in the curriculum, and to facilitate teaching, student achievement, and lifelong learning.

(2) (a) Schools shall employ a school media librarian to organize, equip, and manage the operations of the school media library. The school media librarian shall hold the appropriate certificate of legal qualifications in accordance with KRS 161.020 and 161.030. A certified school media librarian may be employed to serve two (2) or more schools in a school district with the consent of the school councils.

(b) If a vacancy occurs, the school council may fill the vacancy on a temporary basis by employing:

1. A person who is pursuing certification as a school media librarian in accordance with administrative regulations promulgated by the Education Professional Standards Board; or

2. A temporary employee for a period not to exceed sixty (60) days.

158.105. War veterans may complete high school course without tuition.

Each school district in this state shall admit to its twelve (12) grade school course, without tuition, any veteran of the Armed Forces whose attendance was interrupted, before completing the approved twelve (12) grade school course, because of induction or enlistment in the Armed Forces. The veteran shall apply for reenrollment in the public school system of the district of his residence not later than four (4) years after his honorable discharge from the Armed Forces. However, this is not intended to apply to enrollment by veterans in special courses for which tuition is paid under the provisions of federal laws, or otherwise.

158.107. Fee, rental or purchase of instructional materials prohibited — Exceptions — Annual report on funds expended by public school district. [Repealed.]

158.108. Effect of failure to pay for or rent school supplies.

No child shall be denied full participation in any educational program due to an inability to pay for, or rent, necessary school supplies, including textbooks.

Opinions of Attorney General. KRS 159.140(7) and 160.330 may be read in complete harmony with this section. OAG 82-359.

There is no federal prohibition against charging a fee to the parents of a handicapped child that will be charged to the parents of a nonhandicapped student as a part of the regular education program; but if the object or reason for a fee will solely relate to the fulfillment of a handicapped child’s individual educational program, a charge may not be made to the parents of the handicapped child. Nevertheless, a very close scrutiny of the charges to be made by a school district will be required regarding each handicapped child. OAG 82-359.

A school district cannot use parents’ inability to pay or refusal to pay against a student. OAG 82-464.

No child is to be denied the opportunity to participate in an educational program due to the parents’ inability to pay; how such “inability to pay” is determined is up to the reasonable discretion of each local school board. OAG 82-464.

No school district can use “debt” collection as an obstacle to prevent a child from receiving an education in one of the public common schools. OAG 82-464.

The 1982 General Assembly in repealing KRS 158.107 and enacting this section has again authorized local school districts to charge parents incidental fees associated with the instruction of their children; thus, the school districts may charge parents for materials and supplies for courses and projects that related to any educational program, remembering the special considerations applicable to handicapped chil- dren. Parents are entitled to be informed what the fee they are being charged will be used for, that is, what is going to be received by the child in return for the payment of this money by the parent. OAG 82-464.

This section is not to be used for general fund raising, but only to reimburse the school district for materials and supplies provided to a child as a part of a child’s educational program. OAG 82-464.

158.110. Transportation of pupils.

(1) Boards of education may provide transportation from their general funds or otherwise for any pupil of any grade to the nearest school to the pupil’s residence within the district if the pupil does not live within a reasonable walking distance to such nearest school of appropriate grade level. The local board may provide transportation by means of a board-operated transportation system, transit authorities organized and operating pursuant to KRS Chapter 96A, local governmental mass transit systems, and individual contracted buses and vehicles.

(2) When space is not available at the nearest school, boards of education may provide transportation from their general funds or otherwise for any pupil of any grade who does not live within a reasonable walking distance to the nearest school of appropri-
ate grade level where space is available. Transportation may be provided by means pursuant to subsection (1) of this section.

(3) Public elementary and secondary schools shall not change their present grade level structure without written permission from the Kentucky Board of Education.

(4) The boards of education shall adopt such rules and regulations as will insure the comfort, health, and safety of the children who are transported, consistent with the rules and regulations of the Kentucky Board of Education dealing with the transportation of pupils.

Cross-References. Insurance of school buses, KRS 160.310. Transportation of pupils, regulations concerning, KRS 156.160.

Opinions of Attorney General. A school district which grants nonresident pupils the privilege of attending its school for which tuition is charged, is not compelled to furnish transportation to such nonresident students. OAG 69-140.

The duty of the school board to provide transportation extends only to children of elementary grade schools who reside within its district. OAG 69-140.

Common school funds may be used for transporting pupils from private or parochial schools to public vocational schools where the private school students attend vocational schools on a split day basis and where regular school bus transportation is used. OAG 75-300.

A school bus may be used to transport children to a child care center or scout meeting after school if the delivery point is along the usual bus route, the distance is greater than a reasonable walking distance, and the driver has permission from the principal who in turn has secured permission from the parents. OAG 75-645.

A board of education is not under an obligation to provide transportation where the students or parents have refused the school provided for the children and instead the parents take their children to another public school. OAG 76-55.

If school district money in any respect and in any amount is used to transport nonpublic school children, the Kentucky Constitution will be violated. OAG 82-392.

It was not constitutionally permissible for the board of education to provide transportation for parochial school pupils from their homes to the nearest public schools, so long as they do not live within a reasonable walking distance to such school, where transportation from public schools to parochial schools would then be provided either by the fiscal court or the local parochial school system. OAG 82-392.

To the extent nonpublic school children are transported on public school buses, irrespective of their point of departure, the local school district must be reimbursed on a per capita basis to avoid constitutional violation. Accordingly, it would not be appropriate for the board of education to provide transportation for parochial pupils from their homes to the nearest public school, so long as they do not live within a reasonable walking distance to such school, and for the board of education to be reimbursed by either the fiscal court and/or the local parochial school system for the additional cost (if any) to the school system, since reimbursement is required to be on a "per capita" basis. OAG 82-392.

1. In General.

County board of education is an arm of the state and in operating common schools it is engaged in a governmental capacity. Wallace v. Laurel County Bd. of Educ., 267 Ky. 454, 153 S.W.2d 915 (1941).

2. Constitutionality.

This section is not unconstitutional as being a delegation of legislative power. County Bd. of Educ. v. Goodpaster, 260 Ky. 198, 84 S.W.2d 55 (1935).

So much of this section as provides for free transportation for pupils attending private schools is unconstitutional. Sherrard v. Jefferson County Bd. of Educ., 294 Ky. 469, 171 S.W.2d 963 (1942) (decision prior to 1944 amendment).

Paragraphs 1 and 2 of Acts 1976, ch. 78, § 3, which amended subsections (1) and (2) of this section, in effect allowed local school boards to refuse to expend funds for cross district busing, thereby circumventing the state's responsibility to comply with court desegregation orders, and were unconstitutional. Carroll v. Board of Educ., 561 F.2d 1 (6th Cir. 1977), cert. denied, 435 U.S. 904, 98 S. Ct. 1449, 55 L. Ed. 2d 494 (1978).

Paragraph 3 of Acts 1976, ch. 78, § 3, which amended subsection (3) of this section relating to change of grade level structures, violated the provision of Ky. Const., § 51 against more than one (1) subject in legislation. Carroll v. Board of Educ., 561 F.2d 1 (6th Cir. 1977), cert. denied, 435 U.S. 904, 98 S. Ct. 1449, 55 L. Ed. 2d 494 (1978).

3. Purpose.

The statute was enacted to protect children from traffic hazards they would encounter in walking to school, not to protect the children from seeing evidence that the roads are being used for drinking or immoral purposes. Hoefer v. Hardin County Bd. of Educ., 441 S.W.2d 418 (Ky. 1969).

4. Application.

This section applies to independent school districts as well as to county school districts. Schmidt v. Payne, 304 Ky. 58, 199 S.W.2d 990 (1947).

5. Elementary Pupils.

This section is mandatory with respect to elementary pupils, and discretionary as to pupils in higher grades. Ex parte County Bd. of Educ., 260 Ky. 246, 84 S.W.2d 59 (1935).

This section is mandatory as to elementary grades. The school board must either enroll the pupil in a school within reasonable walking distance of his home, or, if facilities are not available for the pupil at such a school, the board must furnish
transportation to some other school selected by it. Hines v. Pulaski County Bd. of Educ., 292 Ky. 100, 166 S.W.2d 37 (1942).

6. Costs.
The transportation of pupils does not require the levy of a special tax. The cost is payable from general funds or otherwise. Ex parte County Bd. of Educ., 260 Ky. 246, 84 S.W.2d 59 (1935).

Given the state's constitutional duty to make public education available and to fund the school system thus created, the burden of additional costs of transporting students resulting from a federal desegregation order fell on the state if local school district was unable to fund such transportation. Carroll v. Department of HEW, 410 F. Supp. 234 (W.D. Ky. 1976), aff'd, Carroll v. Board of Educ., 561 F.2d 1 (6th Cir. 1977).

7. Definition of "or otherwise."
The words "or otherwise" have reference to funds that may come to the hands of the board of education other than through the exercise of a coercive revenue producing power. Japs v. Board of Educ., 291 S.W.2d 825 (Ky. 1956).

8. Reasonable Walking Distance.
It is the mandatory duty of a board of education to furnish transportation to children who do not live within reasonable walking distance of the school attended. Madison County Bd. of Educ. v. Skinner, 299 Ky. 707, 187 S.W.2d 268 (1945).

Where young children were required to walk two (2) or three (3) miles to school, over a tortuous and dangerous road crossing narrow bridge, railroad, and federal highway carrying fast moving traffic, independent school board's determination that children were within "reasonable walking distance" was abuse of discretion, and therefore writ of mandamus would be granted to compel board to furnish pupils transportation as soon as possible. Schmidt v. Payne, 304 Ky. 58, 199 S.W.2d 990 (1947).

Walking distances for elementary pupils which do not exceed two (2) miles, where no particularly hazardous road conditions are involved, are not unreasonable and travel for about two (2) miles on a gravel road without shoulders or walkways over which approximately 50 cars passed each day was within reasonable walking distance. Board of Educ. v. Bowling, 312 Ky. 749, 229 S.W.2d 769 (1950).

Where distance children had to walk to school was at the most two and one-quarter (2 1/4) miles along streets which did not present any particular hazards and they had school safety patrol and traffic patrolwoman to assist them in crossing the streets it was not mandatory upon the board to furnish transportation. Bowen v. Meyer, 255 S.W.2d 490 (Ky. 1953).

The distance alone, which at the most was two and one-quarter (2 1/4) miles, was not an unreasonable walking distance for pupils in an elementary school. Bowen v. Meyer, 255 S.W.2d 490 (Ky. 1953).

The board of education necessarily must be allowed some discretion in determining what is a reasonable walking distance in any particular situation, and the courts should not interfere unless the board has acted in an arbitrary and unreasonable manner in refusing to furnish transportation. Bowen v. Meyer, 255 S.W.2d 490 (Ky. 1953).

Where the plaintiff's children had to walk one-half (1/2) to seven-tenths (7/10) of a mile to reach a school bus, there was not sufficient substantial evidence to compel a finding by the trial court that the board of education acted arbitrarily or unreasonably in refusing to take a bus to the plaintiff's home. Hoefer v. Hardin County Bd. of Educ., 441 S.W.2d 418 (Ky. 1969).

The fact that road may be insufficiently patrolled by the law enforcement officers is not sufficient reason to require the school board to send a school bus one-half (1/2) mile down narrow one-lane gravel road over unsafe bridge to the plaintiff's residence where there was no turnaround to pick up elementary school pupils and board of education did not act arbitrarily and unreasonably in requiring children to walk up the road to the bus line. Hoefer v. Hardin County Bd. of Educ., 441 S.W.2d 418 (Ky. 1969).

9. Reasonable Mode of Transportation.
Where school bus was operated over main highway, but certain pupils lived on dirt side roads, over which it was impossible to operate a school bus of regular size, and in bad weather such roads became in such condition as to make it unsafe for children to travel on foot, order of court requiring school board to furnish "such reasonable mode of transportation as the condition of the roads permit" was affirmed, it being contemplated that school board would pay for transportation of pupils by private automobiles. Madison County Bd. of Educ. v. Skinner, 299 Ky. 707, 187 S.W.2d 268 (1945).

10. Charging Fees or Fares.
The whole tenor of the statutes is that the transportation shall be furnished for grade school pupils at public expense. Japs v. Board of Educ., 291 S.W.2d 825 (Ky. 1956).

Free transportation may be furnished indigent high school pupils under appropriate and reasonable regulations although high school pupils are charged fees for transportation. Japs v. Board of Educ., 291 S.W.2d 825 (Ky. 1956).

Where distances exceeding two (2) miles, where no particularly hazardous road or travel for pupils to school district was unable to fund such transportation. Japs v. Board of Educ., 291 S.W.2d 825 (Ky. 1956).

Charging of fares to high school pupils will not have the effect of reducing the per pupil minimum state aid under KRS 157.400 (repealed). Japs v. Board of Educ., 291 S.W.2d 825 (Ky. 1956).

Charging fees to high school pupils does not give a pupil residing within reasonable walking distance of the school a right to tender the fare and ride the bus. Japs v. Board of Educ., 291 S.W.2d 825 (Ky. 1956).

11. Purchase of Buses.
The board may either purchase buses and hire drivers, or contract with persons who own their own vehicles. Smith v. Rose, 293 Ky. 583, 169 S.W.2d 699 (1943).

12. Liability.
13. — County Board.

Act of furnishing transportation is not removed from governmental function, even if provision requiring board to furnish such transportation should be deemed mandatory and not merely permissive. Wallace v. Laurel County Bd. of Educ., 287 Ky. 454, 153 S.W.2d 915 (1941).

County board of education was not liable for personal injuries, allegedly due to negligence of school bus driver, to pupil who alighted from bus and was struck by passing car, since board was engaged in governmental function in furnishing transportation. Wallace v. Laurel County Bd. of Educ., 287 Ky. 454, 153 S.W.2d 915 (1941).

When a board of education has secured an insurance policy, under KRS 160.310, insuring against liability (rather than loss) arising from the operation of its school buses, the board may not interpose the defense, in an action for damages arising from negligent operation of a school bus, that the operation of school buses is a governmental function. Taylor v. Knox County Bd. of Educ., 292 Ky. 767, 167 S.W.2d 700, 145 A.L.R. 1333 (1942).

In suit against county board of education where board carried liability insurance under KRS 160.310 it was within the province of the jury to find bus driver was negligent and that nine-year-old boy was not contributorily negligent in collision of his bicycle with a school bus. Pike County Bd. of Educ. v. Varney, 253 S.W.2d 253 (Ky. 1952).

No liability may be imposed upon the individual board members when they fail to perform or perform negligently
some duty owing the public but the transportation of pupils is a necessary part of the school program and the carrying of liability insurance under KRS 160.310 is an expense incident thereto and failing of school board to require bus operators to carry liability insurance renders the members of the board individually liable. Bronaugh v. Murray, 294 Ky. 715, 172 S.W.2d 591 (1943).

Boards of education are liable for tax on gasoline purchased by them. Board of Educ. v. Talbott, 286 Ky. 543, 151 S.W.2d 42 (1941).

Payment of gasoline tax by boards of education does not violate Const., § 184. Board of Educ. v. Talbott, 286 Ky. 543, 151 S.W.2d 42 (1941).

15. Hauling Voters to Polls.

Use of school buses to haul voters to polls at subdistrict tax levy election is not inherently vicious, but is subject to criticism if passengers are limited to adherents of one (1) side. Gill v. Board of Educ., 285 Ky. 790, 156 S.W.2d 844 (1941).

158.115. Supplementation of school bus transportation system by county out of general funds.

(1) Each county may furnish transportation from its general funds, and not out of any funds or taxes raised or levied for educational purposes or appropriated in aid of the common schools, to supplement the present school bus transportation system for the aid and benefit of all pupils of elementary grade attending school in compliance with the compulsory school attendance laws of the Commonwealth of Kentucky who do not reside within reasonable walking distance of the school they attend and where there are no sidewalks along the highway they are compelled to travel; and any county may provide transportation from its general funds to supplement the present school bus transportation system for the aid of any pupil of any grade who does not live within reasonable walking distance of the school attended by him in compliance with the compulsory school attendance laws and where there are no sidewalks along the highway he is compelled to travel.

(2) Each county may provide transportation by means of local board of education operated transportation systems, transit authorities organized and operating pursuant to KRS Chapter 96A, local governmental mass transit systems, and individual contracted buses and vehicles.

Opinions of Attorney General. Under this section the fiscal court may appropriate moneys out of its general fund to pay the transportation expenses of retarded children who are attending nonpublic schools. OAG 61-547.

A fiscal court may appropriate funds to aid a local board of education in the transportation of students attending nonpublic schools. OAG 61-668.

A county can expend money from its properly budgeted general fund to the county board of education for the specific transportation purposes outlined in the statute, provided that such expenditure is actually supplemental to the present school bus transportation system for such affected class of students, and provided the formula for such expenditure is observed. OAG 67-241.

This section is permissive and the fiscal court is not required to supplement school bus transportation in any given year even though it may have done so in prior years. OAG 67-433.

It seems clear that in enacting this section the Legislature intended that when the fiscal court of a county decided to furnish transportation to pupils in parochial schools, the school board in the county which was then furnishing transportation to the public schools would have to enlarge its operation to include the parochial schools and be compensated from the general funds of the county on a pro rata basis. OAG 72-795.

Common school funds may be used for transporting pupils from private or parochial schools to public vocational schools where the private school students attend vocational schools on a split day basis and where regular school bus transportation is used. OAG 75-300.

Under this section, a fiscal court may fund the cost of transporting students to parochial schools within its district. OAG 76-529.

While this section authorizes a county to supplement the transportation of school children under certain conditions out of its general funds, it does not apply to the rocking and maintenance of a school bus turnaround on private property. OAG 79-200.

A county fiscal court may provide snow removal service to the county schools in exchange for the transporting of nonpublic school students, provided that the value of such service is fairly and accurately determined, provisions are made for the payment to the county school system of any balance due, and appropriate procurement laws are followed where applicable; the best method for handling any legitimate exchange of services as outlined would be for the county school system to pay for the service and for the county fiscal court to pay that amount back to the county school system for the transporting of nonpublic school students. OAG 80-390.

It is not constitutionally permissible for the board of education to provide transportation for parochial school pupils from their homes to the nearest public school so long as they do not live within a reasonable walking distance to such school, where transportation from public schools to parochial schools would then be provided either by the fiscal court or the local parochial school system. OAG 82-392.

To the extent nonpublic school children are transported on public school buses, irrespective of their point of departure, the local school district must be reimbursed on a per capita basis to avoid constitutional violation. Accordingly, it would not be appropriate for the board of education to provide transportation for parochial pupils from their homes to the nearest public school, so long as they do not live within a reasonable walking distance to such school, and for the board of education to be reimbursed by either the fiscal court and/or the local parochial school system for the additional cost (if any) to the school system, since reimbursement is required to be on a “per capita” basis. OAG 82-392.

A member of the board of education of a particular county would not be personally liable if the school board failed to collect from the fiscal court the amount due under its contract with the fiscal court for the transportation of students to and from parochial schools, when the fiscal court contracted and agreed to pay such transportation expense. NOTES TO DECISIONS

1. **Constitutionality.**
   - This section does not violate Const., § 5 notwithstanding that it would authorize transportation of children to parochial schools as well as public schools for it is simply an exercise of police power for the protection of children against the inclemency of the weather and the hazards of highway traffic. Nichols v. Henry, 301 Ky. 434, 191 S.W.2d 930 (1945).
   - This section does not violate § 26, of the Constitution. Nichols v. Henry, 301 Ky. 434, 191 S.W.2d 930 (1945).
   - This section does not violate Const., § 180 as authorizing a diversion of tax proceeds. Nichols v. Henry, 301 Ky. 434, 191 S.W.2d 930 (1945).
   - This section does not violate either the provisions of Const., § 171 requiring that tax levies be only for public purposes or the provision of Const., § 3 forbidding a special privilege. Nichols v. Henry, 301 Ky. 434, 191 S.W.2d 930 (1945).
   - This section is valid as legislation intended for public purpose of protecting children from dangers of highways and is not invalid as intended for private purpose of aiding private, parochial or sectarian schools notwithstanding that such schools would indirectly benefit by virtue of transportation of their pupils. Nichols v. Henry, 301 Ky. 434, 191 S.W.2d 930 (1945).

2. **Nonpublic School Pupils.**
   - Children attending private, parochial or sectarian schools under the provisions of KRS 159.030 are “attending school in compliance with the compulsory school attendance laws” within the meaning of this section. Nichols v. Henry, 301 Ky. 434, 191 S.W.2d 930 (1945).
   - Fiscal court may, under this section, bear the expense of transporting children attending parochial or private schools. Rawlings v. Butler, 290 S.W.2d 801 (Ky. 1956).
   - This section contemplates transportation furnished by the fiscal court to “all pupils” equally, but contemplates neither furnishing transportation selectively to some pupils and not others nor direct payment to the general fund of private institutions. Fiscal Court v. Brady, 885 S.W.2d 681 (Ky. 1994).

3. **Expenditure from General Fund.**
   - Fiscal court should make general fund unit in county budget large enough to cover amount to be expended under this section, rather than attempt to levy a special tax for the purpose. Nichols v. Henry, 301 Ky. 434, 191 S.W.2d 930 (1945).

4. **—Use of School Funds.**
   - The school district cannot constitutionally expend any of its funds to transport nonpublic school pupils and expenditures under this section must be by county out of general funds. Board of Educ. v. Jefferson County, 333 S.W.2d 746 (Ky. 1960).

5. **Limitation on Transportation.**
   - Transportation may be furnished only to those who did not live within reasonable walking distance of the school, and where there are no sidewalks at or within a reasonable distance of their homes, but having once boarded the bus they will not be required to leave it until they have been transported to within a reasonable distance of their school. Nichols v. Henry, 301 Ky. 434, 191 S.W.2d 930 (1945).

6. **Transportation Subsidies.**
   - Taxpayer challenge to expenditures for transportation of nonpublic school students in Acts 1994 (1st Ex. Sess.), ch. 5, Part XI, E. and administrative regulation setting up procedure for distribution of funds provided by the Act (600 KAR 5:010) was not moot for although payment had already been made for the 1994-95 school year at the time of the appeal of the Circuit Court’s dismissal of the action the payments for the 1995-96 school year were still pending and since the legislature has historically approved various expenditures pursuant to KRS 158.115 it is a matter likely to come again before the legislature. Price v. Commonwealth, 945 S.W.2d 429 (Ky. Ct. App. 1996).

7. **—Constitutionality.**
   - Grants made by fiscal court from county tax revenues by direct payment to certain specified privately-owned schools designated as transportation subsidies violated Const., § 171, which provides that taxes shall be levied for public purposes only, and subsection (1) of KRS 61.080, which provides that county funds may be appropriated only for lawful purposes. Fiscal Court v. Brady, 885 S.W.2d 681 (Ky. 1994).
   - Award of 99 percent of fiscal court’s transportation subsidy to educational institutions that promote religious teachings and beliefs, while equivalent support for the public school optional program was withheld violated Const., §§ 5, 189. Fiscal Court v. Brady, 885 S.W.2d 681 (Ky. 1994).
   - Grants made by fiscal court from county tax revenue by direct payment to certain specified privately-owned schools which were designated as a transportation subsidies violated Const., § 184 when such payments were made directly to the nonpublic school, for Const., § 184 provides that money cannot be expended for education other than in common schools without a vote of the public, because public money is being expended for the benefit of the private institution rather than providing specifically for the health and safety of all the children. Fiscal Court v. Brady, 885 S.W.2d 681 (Ky. 1994).

8. **Permissibility.**
   - This section’s use of the word “may” denotes that the section permits county fiscal courts to supplement the present bus school transportation system, but does not require it to do so. Fiscal Court v. Brady, 885 S.W.2d 681 (Ky. 1994).

158.120. **Nonresident pupils — Tuition.**
   - Any board of education may charge a reasonable tuition fee per month for each child attending its
schools whose parent, guardian, or other legal custodian is not a bona fide resident of the district. Any controversy as to the fee shall be submitted to the Kentucky Board of Education for final settlement. The fee shall be paid by the board of education of the school district in which the pupil resides, except in cases where the board makes provision for the child's education within his district. If a board of education is required to pay a pupil's tuition fee, the pupil shall be admitted to a school only upon proper certificate of the board of education of the district in which he resides.

(2) When it appears to the board of education of any school district that it is convenient for a pupil of any grade residing in that district to attend an approved public school in another district, the board of education may enter into a tuition contract with the public school authorities of the other school district for that purpose, but before a contract is entered into with public school authorities in another state the school shall have been approved by the state school authorities of that state through the grades in which the pupil belongs. When a district undertakes, under operation of a tuition contract or of law, to provide in its school for pupils residing in another district, the district of their residence shall share the total cost of the school, including transportation when furnished at public expense, in proportion to the number of pupils or in accordance with contract agreement between the two (2) boards.

Opinions of Attorney General. A child living with its guardian within the county school district would be "residing" in the district within the meaning of the statute and would be eligible to attend the county schools without the payment of tuition. OAG 66-550.

A county board of education has legal authority to refuse the admission of nonresident children to its schools, but the board would be prohibited from arbitrarily extending school attendance privileges to some nonresident children while denying the same privilege to others. OAG 66-550.

Without a showing that the circumstances differ, the exemption of certain nonresidents without the exemption of all would be arbitrary and illegal. OAG 67-48.

Where the construction of a lake separates a portion of a school district from the remainder of the district and would require high school students in the separated portion to travel 65 miles to attend the district high school, the school is not reasonably accessible to the students and, under this section, it is the obligation of the board of education of the divided district to pay the tuition of those students at the high school of a more readily accessible district. OAG 67-276.

Where children residing on federal property attend schools operated and financed by the federal government, if the property in the federally-owned areas was subject to local ad valorem taxation by the school districts, and if the responsibility for educating children residing in these areas was transferred to the local school districts, then those resident children could properly and lawfully be included in the computation of state minimum foundation program fund allocations. OAG 68-50.

A school district which grants nonresident pupils the privilege of attending its school for which tuition is charged, is not compelled to furnish transportation to such nonresident students. OAG 69-140.

The duty of the school district to provide transportation under KRS 158.110 extends only to children of elementary grades who reside within its district. OAG 69-140.

Under this section and KRS 158.130 (now repealed), the school district in which a parent resides is not required to pay tuition for the children of such parent to attend school in another district where the school district of the parent's residence has provided educational facilities and the children would be sent to another school district merely because of the personal preference of the parent. OAG 72-271.

A school district is required to admit for enrollment, tuition free, a child living with the child's custodian declared by court order or other legal process who resides in the school district, irrespective of whether the court order is one for temporary custody or one for permanent custody. OAG 78-64.

If a child who is not residing with his legal custodian is not residing in a particular school district primarily for school purposes, tuition generally would not be chargeable but the matter of free tuition must be decided by the school board on a case by case basis. OAG 78-64.

A child is entitled to go to school, tuition free, in the school district in which the guardian is a resident. OAG 78-64.

A child who has reached his eighteenth birthday is entitled to attend school without payment of tuition in the school district in which he actually resides. OAG 78-64.

It is truly in the discretion of the local board of education to establish a reasonable tuition fee for nonresident students; however, the better practice would be for a local board to attempt to establish a tuition fee sufficient to defray any reasonably calculated per capita costs not funded through the state foundation program funds for educating a nonresident child. OAG 78-265.

Although a county school district and an independent school district can establish a policy concerning the times when a student could transfer from one school district to another, they could not prevent a student from returning to attend the schools in the district in which he resides. OAG 80-47.

1. Residence in District.

When an inmate of a children's home is placed in a "boarding home" in another school district, he is entitled to attend school in the latter district without payment of tuition. Wirth v. Board of Educ., 262 Ky. 291, 90 S.W.2d 62 (1935).

2. Tuition.

The fact that the receiving board did not secure as high a tuition from nonresidents as it might have does not, in the absence of corruption or bad faith, make its acts illegal. White v. Board of Educ., 263 Ky. 91, 91 S.W.2d 539 (1936).

3. — Payment.

Where city boundaries extended beyond those of independent school district said school district could enroll resident of city living beyond the boundaries of the district from sending his children to said school until he paid the tuition charged under this section. Decisions Under Prior Law

Analysis

1. Discretion of board.
2. Pleadings.

1. Discretion of Board.
The matter of whether to pay tuition for a child’s attendance at a school of another district is a matter within the board’s discretion, and the refusal of the board of such a request, made merely on the ground of convenience, cannot be classed as arbitrary or unreasonable. Wheat v. Adair County Bd. of Educ., 460 S.W.2d 806 (Ky. 1970). (Decision under former KRS 158.130, now repealed).

2. Pleadings.
Where petitioners were closer to a neighboring county school than to a school in their own county, allegations of inconvenience did not state a claim on which relief could be granted against the board of education. Wheat v. Adair County Bd. of Educ., 460 S.W.2d 806 (Ky. 1970). (Decision under former KRS 158.130, now repealed).

158.135. Reimbursement for school services for state agency children in state institution or day treatment center or in custody of Department of Juvenile Justice.

(a) “State agency children” means:

1. a. Those children of school age committed to or in custody of the Cabinet for Families and Children and placed, or financed by the cabinet, in a Cabinet for Families and Children operated or contracted institution, treatment center, facility, including those for therapeutic foster care and excluding those for nontherapeutic foster care; or
   b. Those children placed or financed by the cabinet, in a private facility pursuant to child care agreements including those for therapeutic foster care and excluding those for nontherapeutic foster care;
2. Those children of school age in home and community-based services provided as an alternative to intermediate intermediate care facility services for the mentally retarded; and
3. Those children committed to or in custody of the Department of Juvenile Justice and placed in a department operated or contracted facility or program.

(b) “Current costs and expenses” means all expenditures, other than for capital outlay and debt service, which are in excess of the amount generated by state agency children under the Support Education Excellence in Kentucky funding formula pursuant to KRS 157.360.

(c) “Therapeutic foster care” means a remedial care program for troubled children and youth that is in the least restrictive environment where the foster parent is trained to implement planned, remedial supervision and care leading to positive changes in the child’s behavior. Children served in this placement have serious emotional problems and meet one (1) or more of the following criteria:

1. Imminent release from a treatment facility;
2. Aggressive or destructive behavior;
